Admission Requirements

Freshman Admission

Freshman applicants to the Opus College of Engineering are expected to fulfill the admission requirements listed in the university section of this bulletin.

Transfer Student (Advanced Standing) Admission

Applicants who have been enrolled or registered in an institution of higher learning since high school graduation, including Marquette University, need a minimum grade average of 2.750 (based on a four-point system) in previous college work as well as grades of B- or higher in MATH 1450 Calculus 1 and PHYS 1003 General Physics with Introductory Calculus 1 or equivalent courses. An applicant's entire academic performance is evaluated in making an admission decision.
