

Accreditation

An educational institution is only as strong as the level of excellence that it demands of itself as well as of its faculty and students. Marquette University is accredited by the Higher Learning Commission, a commission of the North Central Association of Colleges and Schools. Marquette University has set consistently high standards for itself that have resulted in accreditation and/or certification of its academic programs from these additional organizations and associations.

These accreditations assure a student that Marquette is recognized and approved by select national and regional educational associations, societies and councils. In addition, a student has the security of knowing that credits earned at Marquette have transfer value to comparable institutions of learning, just as an incoming transfer student learns by checking this list that Marquette can be expected to honor most credits earned at a similarly accredited college or university.

ACCREDITING AGENCIES

College/School	Name of Agency	Academic Programs	Website
Klingler College of Arts and Sciences	American Psychological Association	Graduate Psychology – PhD in Clinical Psychology	https://www.apa.org/
Klingler College of Arts and Sciences	Computing Accreditation Commission of ABET	BS in Computer Science	http://www.abet.org
