

Disability Services

Disability Services

Marquette University strives to ensure equal access to qualified students with disabilities across all aspects of university life. The Office of Disability Services has been designated to coordinate this process in accordance with the university's compliance responsibilities under the law. Accommodation determinations for all students with identified and documented disabilities are made on a case-by-case basis. Any student is welcome to contact this office for more information; through an interactive process, accommodations may be approved for individuals with a diagnosed medical, physical or mental health condition that is substantially affecting at least one major life activity.

More detailed information about accessibility for all students at Marquette can be found at the Disability Services website (<http://www.marquette.edu/disability-services/>). The Office of Disability Services is located in the 707 building, Room 524; P.O. Box 1881, Milwaukee, WI 53201-1881; Phone (414) 288-1645; Fax (414) 288-5799.
