

# Biological Sciences, BS

---

The major in Biological Sciences (BSCI) provides a comprehensive education in biology, including courses in cell biology, genetics, evolutionary biology, physiology, neurobiology, biochemistry, molecular biology, immunobiology, ecology, microbiology and plant biology. Students majoring in Biological Sciences can apply for the **Disciplinary Honors Program** in Biological Sciences which provides experiential learning opportunities such as independent research, internships, research-based laboratory courses and accompanying seminars.

The Biological Sciences major has modified requirements for pre-dental scholars entering the Marquette University Dental School after only three years or Marquette University students accepted into the early assurance PharmD program at the Medical College of Wisconsin to grant a B.S. after year 1 in the professional programs.

## Degree Requirements

The College of Arts and Sciences curricular requirements are organized around these essential components:

- The development of fundamental skills of critical inquiry, analysis and expression.
- The development of appreciation for the spiritual and creative dimensions of human life and culture.
- The development of a responsible commitment to the broader social and political communities in which we live.

The college challenges students to embrace, seek to understand and engage actively in the complexities of the world in which we live. Courses in the Marquette Core Curriculum (MCC), drawn from the different disciplines within the humanities, natural sciences and social sciences, provide multiple perspectives and methods of inquiry. The MCC serves as the foundation for the intellectual growth of our students as they pursue their majors and professional disciplines, and as they develop into men and women who dedicate their lives to the service of others.

Courses in the majors provide in depth knowledge and skills concerning a particular area of study. The college offers a wide variety of discipline-based majors in the Humanities (English, History, Philosophy, Theology and Languages, Literatures and Cultures); in the Social Sciences (Anthropology, Criminology and Law, Economics, Political Science, Psychology, Sociology and Social Welfare and Justice); and in the Sciences (Biology, Chemistry, Physics, Math, Statistics and Computer Science). In addition, a wide range of majors and minors are offered in interdisciplinary areas of study including Africana Studies, Bioinformatics, Cognitive Science and Gender and Sexualities Studies, among others.

The combination of courses required by the Marquette Core Curriculum and individual majors in the College of Arts and Sciences ensures that students are educated both broadly and deeply, in keeping with long-standing Jesuit educational ideals and principles.

## First-Year Seminar

Students are required to complete ARSC 1953 Exploring Arts and Sciences during the fall term of their first year at Marquette. Students in the Honors Program are exempt from this requirement. Advanced standing transfer students who have completed a similar course at another institution may ask the college to waive the requirement.

## Bulletin Year and Degree Audit

Undergraduate students must meet the graduation requirements that are outlined in the Undergraduate Bulletin in effect the year in which they enter Marquette. Substitutions or waivers for specific courses that are required for degree completion may occur, as determined by the Klingler College of Arts and Sciences.

Students who interrupt their enrollment from the university follow the degree requirements from the bulletin in effect during the academic year of their readmission. In rare cases, the college may determine that readmitted students fall under a different set of degree requirements than the academic year in which they are readmitted. Policies and regulations in effect at the time of return apply to all students, regardless of the term of initial enrollment.

It is the responsibility of students to know and fulfill the requirements for graduation specified for the selected plan. Students are encouraged to use the Academic Advisement degree audit system, which is accessed via their Student Center and tracks courses that have been completed, as well as the Marquette Core Curriculum, college curricular requirements and major/minor requirements toward degree completion.

## Grade Point

- Earn a minimum grade point average of 2.000 for graduation.
- Achieve a 2.000 grade point average in all courses in the major or minor.

## Credit Hours

Complete a minimum of 32 credit hours in upper-division Marquette courses (lower-division courses are numbered 1000 to 2999; upper-division courses are numbered 3000 and above).

## Other Requirements for Graduation

- Complete the formal online application for graduation available in the CheckMarq Student Center (<https://checkmarq.mu.edu/>), by the specific term deadlines for application, as published in the Academic Calendar (<https://bulletin.marquette.edu/undergrad/academiccalendar/>).
- The college adheres to the University Commencement Policy (<https://bulletin.marquette.edu/policies/commencement/>).

Although most students can fulfill the Marquette Core Curriculum requirements, the college curricular requirements, their major requirements and elective courses without exceeding 120 credits, certain combinations of major and minor fields may require more than the minimum. Students are urged, therefore, to consult an adviser before selecting a major and any additional majors or minors.

*It is the responsibility of students to know and to fulfill all university, Klingler College of Arts and Sciences and major department requirements (See the corresponding sections of this bulletin for additional information regarding the Marquette Core Curriculum, university graduation and residency requirements, college curricular requirements and department major and minor requirements).*

## University Graduation Requirement

### Undergraduate Graduation Policy

Students are required to graduate at the end of the term in which all degree requirements are completed. Degree requirements are those requirements, including university, college and all other requirements necessary to earn a minimum of one undergraduate degree and any declared degrees/majors/minors/concentrations. That is, additional degrees/majors/minors/concentrations may be earned; however, they must be completed in the same term as the first degree/primary major is completed. Except in the case of readmission, undergraduate students must meet the graduation requirements which are stated in the Undergraduate Bulletin issued for the year in which they entered Marquette. Substitutions or waivers for specific courses required for degree completion may occur, as determined by the college and/or the Marquette Core Curriculum committee.

Students who have interrupted their enrollment from the university, are normally obliged to follow the degree/major/minor/concentration requirements in effect at the time of readmission. Policies that are in effect at the time of the return, apply to all students, regardless of the term of initial enrollment. Students are responsible for keeping themselves informed of the requirements which apply in their particular cases. Students have faculty advisers available who assist in planning and implementing their plan of studies; however, it is ultimately each student's responsibility to know and fulfill the requirements for graduation specified for the selected plan. This should be done not only by utilization of specific advisers, but also with Academic Advisement, the university's online degree audit tool on CheckMarq provided to all undergraduates. With Academic Advisement, students track their degree progress until graduation. It is the responsibility of students to immediately bring any discrepancies found in Academic Advisement to the attention of their college.

A candidate for a baccalaureate degree must meet the following graduation requirements:

1. In all undergraduate colleges and programs, a minimum of 120 credits earned and a cumulative grade point average of 2.000 is required for a Marquette undergraduate degree.
2. Credits required to be completed in residence at Marquette:
  - a. A minimum of 45 total credits must be completed at Marquette. Up to 15 of the 45 credits may be completed through an approved study abroad program.
  - b. A minimum of 32 upper-division credits must be completed at Marquette. This may include upper-division credits from an approved study abroad program.
  - c. The final 30 credits needed to complete a Marquette undergraduate degree must be completed at Marquette, unless those credits are earned in an approved study abroad program, or are earned as part of a written/contractual agreement with another institution, in which Marquette students participate during the final year of their degree program.
  - d. A minimum of one-half of credits in the major, minor, and concentration not attached to a major must be completed at Marquette.
3. Students must attend all courses, lectures, or any other exercises that are required, even though, in some cases such activities receive no recognition in terms of credit hours.
4. Students' records must be cleared of all grades that are not permanent, i.e., grades of I, IC, IE and NG.
5. Students must file the online application for a degree by the deadline published in the Academic Calendar (<https://www.marquette.edu/central/registrar/calendars-exams-schedules.php>); however, because students are required to graduate at the end of the term in which all university, degree requirements are complete, the university reserves the right to graduate a student without a graduation application on file. If the university exercises this option, there is no guarantee students will be able to participate in Commencement.
6. Commencement is held in May, after the spring term. Participation in Commencement does not mean students are graduated. See the Commencement Policy (<https://bulletin.marquette.edu/policies/commencement/>) in this section for further details.
7. Exceptions to this Graduation Requirements policy must be approved by the Office of the Provost, except:
  - the course and bulletin year exceptions listed in the 'Graduation Requirements' section above (as approved by the college)
  - number 3 above (as approved by the college)
  - the dean's office in the college where the student's program resides may exempt up to 6 of the final 30 credits from being completed in residence (number 2c above)

For additional college requirements, consult the Degree Requirements listed for each undergraduate program in this bulletin.

**Special Note for 2023-2024:** Students who attended Cardinal Stritch University in a bachelor's degree program during the 2022-2023 year and directly transfer to a bachelor's degree program at Marquette University in Fall 2023 or Spring 2024 with fewer than 45 credits remaining in their Marquette program are exempted from the standard Marquette residency requirement (items 2-6 listed above). In lieu of the standard residency requirement, exempted students must complete all remaining credits for their undergraduate degree at Marquette. Exempted students are expected to remain continuously enrolled (fall and spring terms) at Marquette until the completion of their bachelor's degree.

## Graduation Latin Honors

The grade point average is used to compute graduation Latin honors. The computation is made by dividing the total number of grade points earned at Marquette University by the total number of grade point hours earned. The official Marquette GPA of all students is calculated by the student information system and this GPA is not rounded up or down for any reason. To graduate with Latin honors, candidates must be pursuing their first bachelor's degree, earned at least 60 grade point hours and 60 degree hours at Marquette University, normally as a junior and senior. First bachelor's degree is defined as the first bachelor's degree earned from any institution. When students earn a concurrent additional bachelor's degree (i.e., finish in the same term as the first bachelor's degree), the additional degree is also eligible for Graduation Latin Honors, if the first bachelor's degree qualifies.

Graduates whose grade point average is 3.500, graduate with cum laude (Latin for 'with honor'); graduates whose grade point average is 3.700, graduate with magna cum laude (Latin for 'with great honor'); and graduates whose grade point average is 3.900, graduate with summa cum laude (Latin for 'with highest honor'). Graduation Latin honors are recorded on diplomas, noted in the published lists of graduates at Commencement and recorded on students' transcript.

## Graduation Record

The academic record of students is frozen once the degree is posted and may not be altered thereafter, unless required to do so by law and/or a documented university error is discovered after the degree is posted. This includes, but is not limited to: all relevant grade point averages, grades, additional information relating to the degree(s), major(s), minor(s), concentration(s), Latin Honors and academic censure.

## Marquette Core Curriculum (MCC) - 30 Credits

### Foundation Tier - 15 Credits

Code	Title	Hours
ENGL 1001 or HOPR 1955H	Foundations in Rhetoric Core Honors First-Year Seminar	
PHIL 1001 or PHIL 1001H	Foundations in Philosophy Honors Foundations in Philosophy	
THEO 1001 or THEO 1001H	Foundations in Theology: Finding God in all Things Honors Foundations in Theology: Finding God in all Things	
CORE 1929 or CORE 1929H	Foundations in Methods of Inquiry Honors Foundations in Methods of Inquiry	
	Engaging Social Systems and Values 1 (ESSV1)	

### Engaging Social Systems and Values 1 (ESSV 1) Course Options

Some faculty-led study abroad courses have also been approved for ESSV1, consult the MCC website (<https://www.marquette.edu/core-curriculum/mcc-study-abroad.php>) for a complete list.

Code	Title	Hours
ANTH 1001	Being Human	3
EDUC 1001	Child and Adolescent Development and Learning	3
ENGL 2020	Texts, Social Systems and Values	3
ENGL 2030	Global Literatures	3
HEAL 1025	Culture and Health <sup>1</sup>	3
HIST 1101	Introduction to American History	3
HIST 1601	Difference and Democracy	3
HIST 1701	Engaging the World	3
HOPR 2956H	Honors Engaging Social Systems and Values 1: Engaging the City	3
INGS 1001	Introduction to Gender and Sexualities Studies	3
SOCI 1001	Principles of Sociology	3
SOWJ 1001	Introduction to Social Welfare and Justice	3

SPAN 3300	Peoples and Cultures of Spain	3
SPAN 3310	Peoples and Cultures of Latin America	3

<sup>1</sup> Honors (H) designation of same course number also fulfills MCC requirement.

## Discovery Tier - 12 Credits

Students must complete **four** Discovery Tier courses, all from the **same** Discovery Theme. These four courses must include one course from each of the three content areas (Humanities, Natural Science and Mathematics, and Social Science), and one elective (an additional course from any of the three content areas). A maximum of two courses in the Discovery Tier can be applied toward a primary major. Additional dual counting may be allowed towards college-level requirements.

Students declare their Discovery Theme using the Discovery Tier Declaration Form (<https://www.marquette.edu/central/registrar/how-do-i-declare-change-mcc-discovery-tier-theme.php>) in CheckMarq.

For students who participate in a full-time (12 credits or more) Marquette-approved study abroad program, one study abroad course (minimum 2.5 transfer credits awarded) may fulfill the elective requirement of the Discovery Tier. Any additional MCC requirements may be fulfilled only when the approved transfer equivalent is an exact match to a specific MCC course.

## Discovery Themes

The five discovery theme options are listed below. See additional information and course listings (<https://bulletin.marquette.edu/resources-opportunities/marquette-core-curriculum/#discoverythemestext>).

- Basic Needs and Justice
- Cognition, Memory and Intelligence
- Crossing Boundaries: The Movement of People, Goods and Ideas
- Expanding Our Horizons
- Individuals and Communities

## Culminating Course - 3 Credits

Code	Title	Hours
CORE 4929	The Service of Faith and Promotion of Justice	
or CORE 4929H	Honors Service of Faith and Promotion of Justice	

## ENGAGING SOCIAL SYSTEMS AND VALUES 2 (ESSV2) - ONE COURSE or Experience Required

Students must complete a course or approved experience that is designated "ESSV2." This requirement can be completed via one of the four Discovery Tier courses or through other degree requirements.

Some faculty-led study abroad courses have also been approved for ESSV2, consult the MCC website (<https://www.marquette.edu/core-curriculum/mcc-study-abroad.php>) for a complete list.

- 2 With PPTH 7974 Clinical Education Experience 1
- 3 With PPTH 7505 Patient/Client Management 3

## Grade Minimums & Additional Information

- A grade of C or better is required in Honors MCC courses. A passing grade is required in non-Honors MCC courses.
- Review the Marquette Core Curriculum (<https://bulletin.marquette.edu/resources-opportunities/marquette-core-curriculum/>) section of the bulletin for additional information, including transfer student requirements and Discovery Theme details.

## Major in Biological Sciences

The major in Biological Sciences consists of two required courses (6 credits), four reinforcing level courses (12 credits), three lab courses (8-9 credits) and three elective courses at the mastery level (9-10 credits) for a total of 35-37 credit hours as well as the cognate course requirements (30-32 credits) in chemistry, physics and mathematics or computer science chosen from the lists below.

### Note:

- Majors are encouraged to take upper-division lab courses, although one lower-division lab course may be used to satisfy this requirement.

### Elective courses:

- A maximum of one course from the Department of Biomedical Sciences in a subject that is not offered by the Department of Biological Sciences.
- By consent of instructor and departmental chairperson, any biological sciences graduate course.

Code	Title	Hours
Required Courses:		
BIOL 1001	General Biology 1	3
BIOL 1002	General Biology 2	3
BIOL 2001 or BIOL 1101	Principles of Biological Investigation Foundations in Biological Inquiry	3
Reinforcing Level - Choose four of the following:		12
BIOL 3101	Biochemistry and the Molecular Basis of Biology <sup>1</sup>	
BIOL 3201	Genetics	
BIOL 3301	Cell Biology	
BIOL 3400	Ecology	
BIOL 3404	Evolutionary Biology	
Mastery Level - Choose three of the following: <sup>2, 3</sup>		9-10
BIOL 4201	Genomics and Bioinformatics	
BIOL 4401	Advanced Ecology	
BIOL 4404	Molecular Evolution	
BIOL 4406	Plant Biology	
BIOL 4410	Conservation Biology	
BIOL 4501	Cellular Neurobiology	
BIOL 4532	Biochemistry 2: Bioenergetics and Metabolism	
BIOL 4601	Animal Development	
BIOL 4701	Human Physiology	
BIOL 4703	Exercise Physiology	
BIOL 4801	Microbiology	
BIOL 4806	Immunobiology	
BIOL 4995	Independent Study in Biology	
CHEM 4530	Biochemistry 1: Macromolecular Structure and Function	
PHYS 4046	The Physical Basis of Biological Structure and Function	
PHYS 4065	Experimental Methods in Molecular Biophysics	
Lab Courses - Choose two of the following:		6
BIOL 4102	Experimental Molecular Biology	
BIOL 4202	Experimental Genetics	

BIOL 4302	Experimental Cell Biology
BIOL 4402	Experimental Ecology and Field Biology
BIOL 4403	Tropical Ecology in Panama
BIOL 4502	Experimental Neurobiology
BIOL 4602	Experimental Vertebrate Anatomy and Development
BIOL 4702	Experimental Physiology
BIOL 4802	Experimental Microbiology
BIOL 4956 or BIOL 4987	Laboratory Research Project in Biological Sciences Applying the Internship Experience

**Total Credit Hours:** **36-37**

Code	Title	Hours
Cognate Course Requirements:		
Chemistry courses:		
CHEM 1001 or CHEM 1013	General Chemistry 1 General Chemistry 1 for Majors	4
CHEM 1002 or CHEM 1014	General Chemistry 2 General Chemistry 2 for Majors	4
CHEM 2111 or CHEM 2113	Organic Chemistry 1 Organic Chemistry for Majors 1	4
CHEM 2112 or CHEM 2114	Organic Chemistry 2 Organic Chemistry for Majors 2	4
Physics courses:		
PHYS 1001 or PHYS 1003	General Physics 1 General Physics with Introductory Calculus 1	4
PHYS 1002 or PHYS 1004	General Physics 2 General Physics with Introductory Calculus 2	4
Mathematics and Computer Science:		
MATH 1410 or MATH 1450	Calculus for the Biological Sciences Calculus 1	3-4
MATH 4730	Introduction to R for Statistics and Data Science	1
MATH 4740	Biostatistical Methods and Models <sup>4</sup>	3
<b>Total Credit Hours:</b>		<b>31-32</b>

<sup>1</sup> For students applying to medical school, BIOL 3101 Biochemistry and the Molecular Basis of Biology is recommended as a Biological Sciences elective, PSYC 1001 General Psychology is recommended as a general elective, and SOCI 1001 Principles of Sociology is recommended as a MCC ESSV1 course.

<sup>2</sup> The fifth reinforcing 3000 level course that was not taken to satisfy the four reinforcing level courses may be used as one of the three mastery electives.

<sup>3</sup> Any upper division laboratory course not previously taken, including BIOL 4987 Applying the Internship Experience or a second BIOL 4956 Laboratory Research Project in Biological Sciences can also satisfy a mastery level requirement.

<sup>4</sup> MATH 4720 Statistical Methods may also fulfill this requirement. Students are strongly encouraged to take MATH 4730 Introduction to R for Statistics and Data Science concurrently with MATH 4740.

## Major in Biological Sciences: Early Assurance PharmD Program

The major in biological sciences is open to students who are admitted to, and maintain good standing in, the Early Assurance PharmD program (<https://bulletin.marquette.edu/undergrad/academicprograms/pharmdprogram/>). Students in this program complete three years of course work at Marquette with a minimum of 90 total credit hours and 18 upper-division credit hours. After the third year, students matriculate in the three-year PharmD program at the Medical College of Wisconsin School of Pharmacy. Upon successful completion of the first year of the PharmD program, students are awarded a bachelor's degree from Marquette.

The major consists of six required biology courses (17-18 credit hours), one additional laboratory course (3 credit hours), and one biology elective (3 credit hours), as well as twelve cognate course requirements (40-43 credit hours). Students must also complete all requirements of the Marquette Core Curriculum (MCC) in the first three years.

Code	Title	Hours
Required:		17-18
BIOL 1001 or BIOL 1001H	General Biology 1 Honors General Biology 1	
BIOL 1002 or BIOL 1002H	General Biology 2 Honors General Biology 2	
BIOL 2001 or BIOL 1101	Principles of Biological Investigation Foundations in Biological Inquiry	
BIOL 3101	Biochemistry and the Molecular Basis of Biology	
BIOL 3201	Genetics	
BIOL 3301	Cell Biology	
Lab Courses - Choose one of the following:		3
BIOL 4102	Experimental Molecular Biology	
BIOL 4202	Experimental Genetics	
BIOL 4302	Experimental Cell Biology	
BIOL 4402	Experimental Ecology and Field Biology	
BIOL 4403	Tropical Ecology in Panama	
BIOL 4502	Experimental Neurobiology	
BIOL 4702	Experimental Physiology	
BIOL 4802	Experimental Microbiology	
BIOL 4956 or BIOL 4987	Laboratory Research Project in Biological Sciences Applying the Internship Experience	
Elective - Choose one of the following:		3
BIOL 3400	Ecology	
BIOL 3404	Evolutionary Biology	
BIOL 4201	Genomics and Bioinformatics	
BIOL 4401	Advanced Ecology	
BIOL 4406	Plant Biology	
BIOL 4410	Conservation Biology	
BIOL 4501	Cellular Neurobiology	
BIOL 4601	Animal Development

BIOL 4801	Microbiology	
BIOL 4806	Immunobiology	
PHYS 4046	The Physical Basis of Biological Structure and Function	
PHYS 4065	Experimental Methods in Molecular Biophysics	

**Total Credit Hours:** 23-24

Code	Title	Hours
Cognate Course Requirements:		16
Chemistry Courses:		
CHEM 1001 or CHEM 1013	General Chemistry 1 General Chemistry 1 for Majors	
CHEM 1002 or CHEM 1014	General Chemistry 2 General Chemistry 2 for Majors	
CHEM 2111 or CHEM 2113	Organic Chemistry 1 Organic Chemistry for Majors 1	
CHEM 2112 or CHEM 2114	Organic Chemistry 2 Organic Chemistry for Majors 2	
Physics Courses:		8
PHYS 1001 or PHYS 1003	General Physics 1 General Physics with Introductory Calculus 1	

PHYS 1002 or PHYS 1004	General Physics 2 General Physics with Introductory Calculus 2	
Calculus Course:		3
MATH 1410 or MATH 1450	Calculus for the Biological Sciences Calculus 1	
Statistics Courses:		4
MATH 4730	Introduction to R for Statistics and Data Science	1
MATH 4740 or MATH 4720	Biostatistical Methods and Models Statistical Methods	3
Public Speaking Course - Choose one of the following:		3
CMST 2000	Group and Team Communication	
COMM 1100	Professional Communication	
English Composition Course:		3
ENGL 1001	Foundations in Rhetoric	
Two Additional Electives in Calculus, Economics, Ethics, Humanities, Religion or Social Sciences <sup>1</sup>		4-6
<b>Total Credit Hours:</b>		<b>45-47</b>

<sup>1</sup> Students can fulfill these elective requirements by completing MCC courses in corresponding areas of study.

## Major in Biological Sciences: Pre-dental Scholars

This major in biological sciences is open to students who were directly admitted to the Pre-dental Scholars Program or students who were accepted into the program after their freshman year. In this program, students complete three years of courses in the College of Arts and Sciences for a minimum of 96-97 credits (depending on courses) by the end of the third year. The fourth year of the program consists of Dental School course requirements, which typically consist of approximately 44 credit hours.

The major consists of six required biology courses (17-18 credit hours), one laboratory course (3 credit hours) and the first year Dental School course requirements, as well as eight cognate course requirements (30-31 credit hours) in chemistry, mathematics and physics chosen from the lists below. Certain courses in the first year dental curriculum are counted toward completion of the major in Biological Sciences (BISC 7410 Microbiology, BISC 7514 Human Microanatomy, BISC 7515 Biomedical Systems 1, BISC 7516 Biomedical Systems 2 and DEIN 7121 Oral Biology 2); in addition, other courses (i.e. DEIN 7114 Introduction to Clinical Practice 1, DEIN 7118 Dental Rounds 1, DEIN 7124 Introduction to Clinical Practice 2, DEIN 7128 Dental Rounds 2, DEGD 7113 Dental Anatomy and Occlusion 1, DEGD 7123 Dental Anatomy and Occlusion 2) count toward the total credit hour requirement for the Bachelor of Science degree as well as for dental school requirements. After successful completion of these dental courses a B.S. degree is conferred.

### Note:

- Dental curriculum for all dental students is determined by the Dental School and is subject to change.
- Students must achieve a grade of C or better in those courses in order to count them toward the B.S. completion.

Code	Title	Hours
Required Courses:		
BIOL 1001	General Biology 1	3
BIOL 1002	General Biology 2	3
BIOL 2001 or BIOL 1101	Principles of Biological Investigation Foundations in Biological Inquiry	3
BIOL 3101	Biochemistry and the Molecular Basis of Biology	3
BIOL 3201	Genetics	3
BIOL 3301	Cell Biology	3
Laboratory Courses - Choose one of the following:		3
BIOL 4102	Experimental Molecular Biology	
BIOL 4202	Experimental Genetics	
BIOL 4302	Experimental Cell Biology	
BIOL 4402	Experimental Ecology and Field Biology	
BIOL 4403	Tropical Ecology in Panama	
BIOL 4502	Experimental Neurobiology	

BIOL 4602	Experimental Vertebrate Anatomy and Development
BIOL 4702	Experimental Physiology
BIOL 4802	Experimental Microbiology
BIOL 4956	Laboratory Research Project in Biological Sciences

**Total Credit Hours:** 21

Code	Title	Hours
Cognate Course Requirements:		
Chemistry Courses:		
CHEM 1001 or CHEM 1013	General Chemistry 1 General Chemistry 1 for Majors	4
CHEM 1002 or CHEM 1014	General Chemistry 2 General Chemistry 2 for Majors	4
CHEM 2111 or CHEM 2113	Organic Chemistry 1 Organic Chemistry for Majors 1	4
CHEM 2112 or CHEM 2114	Organic Chemistry 2 Organic Chemistry for Majors 2	4
Mathematics Courses:		
MATH 1410 or MATH 1450	Calculus for the Biological Sciences Calculus 1	3-4
MATH 4730	Introduction to R for Statistics and Data Science	1
MATH 4740 or MATH 4720	Biostatistical Methods and Models <sup>1</sup> Statistical Methods	3
Physics Courses:		
PHYS 1001 or PHYS 1003	General Physics 1 General Physics with Introductory Calculus 1	4
PHYS 1002 or PHYS 1004	General Physics 2 General Physics with Introductory Calculus 2	4

**Total Credit Hours:** 31-32

<sup>1</sup> MATH 4740 Biostatistical Methods and Models is strongly recommended. MATH 4720 Statistical Methods may also fulfill the requirement. Students are strongly encouraged to take MATH 4730 Introduction to R for Statistics and Data Science concurrently with MATH 4740.

## Biological Sciences B.S. / M.B.A. Accelerated Degree Programs

The Department of Biological Sciences together with the Graduate School of Management offers an accelerated degree program which allow students to earn their B.S. in Biological Sciences, and a master of business administration (M.B.A.), all within a five-year time period.

During the first four years of the program, students complete both their course work requirements for their B.S. degree and the necessary prerequisite courses for the M.B.A. degree in the College of Business Administration. In addition, undergraduate students begin their M.B.A. graduate work in their senior year by taking two graduate level courses.

To be considered for admission to the B.S./M.B.A. five-year program, applicants must formally apply to the Graduate School of Management during their junior year at Marquette University. For more detailed information and details of a typical five-year course work plan, please refer to the Graduate School of Management Bulletin and contact the Department of Biological Sciences or the Graduate School of Management.

## Typical Program for Biological Science Majors

Elective		3	
	<b>15</b>		<b>12</b>

**Total Credit Hours: 122**

**Note:** A minimum of 120 credits is required for the degree.

- <sup>1</sup> SOCI 1001 (<https://bulletin.marquette.edu/search/?P=SOCI%201001>) Principles of Sociology satisfies the MCC ESSV1 requirement and is recommended for students considering medical school.
- <sup>2</sup> Students who take BIOL 1101 (<https://bulletin.marquette.edu/search/?P=BIOL%201101>) Foundations in Biological Inquiry cannot take BIOL 2001 Principles of Biological Investigation.
- <sup>3</sup> Students wishing to take MATH 1450 (<https://bulletin.marquette.edu/search/?P=MATH%201450>) instead of MATH 1410 (<https://bulletin.marquette.edu/search/?P=MATH%201410>) are recommended to take Math in the fall term and THEO 1001 (<https://bulletin.marquette.edu/search/?P=THEO%201001>) in the spring term.
- <sup>4</sup> MATH 4720 Statistical Methods may also fulfill this requirement. Students are strongly encouraged to take MATH 4730 Introduction to R for Statistics and Data Science concurrently with MATH 4740.
- <sup>5</sup> The four courses in the Discovery Tier (DSCV) of the MCC must be completed in the same theme and include the following content areas: Humanities (HUM), Social Science (SSC), Natural Science and Mathematics (NSM) and one elective (ELE), which is an additional course from any of the three content areas. A maximum of two courses in the Discovery Tier can apply towards a primary major.
- <sup>6</sup> Students must also complete the Writing Intensive (WRIT) and Engaging Social System and Values 2 (ESSV2) requirements of the MCC. These requirements can be fulfilled through designated courses in the Discovery Tier or other degree requirements.

<sup>7</sup> PSYC 1001 (<https://bulletin.marquette.edu/search/?P=PSYC%201001>) General Psychology is recommended for students considering medical school.

<sup>8</sup> For students intending to apply to medical school, BIOL 3101 (<https://bulletin.marquette.edu/search/?P=BIOL%203101>) Biochemistry and the Molecular Basis of Biology is recommended as a Biological Sciences Elective.

## TYPICAL PROGRAM FOR BIOLOGICAL SCIENCES MAJOR - EARLY ASSURANCE PHARMD PROGRAM

### Freshman

First Term	Hours	Second Term	Hours
ARSC 1953		1 BIOL 1002	3
BIOL 1001		3 CHEM 1002 or 1014	4

DSCV (MCC) or elective <sup>4,5</sup>		3 DSCV (MCC) <sup>4,5</sup>	3
Elective		3 Elective	3
		<b>16</b>	<b>16</b>

**Total Credit Hours: 99**

**Note:** Must complete a minimum 97 credits.

- <sup>1</sup> Students wishing to take MATH 1450 instead of MATH 1410 are recommended to take Math in the fall term and THEO 1001 in the spring term.
- <sup>2</sup> Students who take BIOL 1101 Foundations in Biological Inquiry cannot also take BIOL 2001 Principles of Biological Investigation.
- <sup>3</sup> MATH 4740 Biostatistical Methods and Models is strongly recommended, however MATH 4720 Statistical Methods may also fulfill the requirement. Students are strongly encouraged to take MATH 4730 Introduction to R for Statistics and Data Science concurrently with MATH 4740.
- <sup>4</sup> The four courses in the Discovery Tier (DSCV) of the MCC must be completed in the same theme and include the following content areas: Humanities (HUM), Social Science (SSC), Natural Science and Mathematics (NSM) and one elective (ELE), which is an additional course from any of the three content areas. A maximum of two courses in the Discovery Tier can apply towards a primary major.
- <sup>5</sup> Students must also complete the Writing Intensive (WRIT) and Engaging Social System and Values 2 (ESSV2) requirements of the MCC. These requirements can be fulfilled through designated courses in the Discovery Tier or other degree requirements.

## Year One - Dental Curriculum

### First Year

First Term	Hours	Second Term	Hours
BISC 7410		4 BISC 7516	4
BISC 7514		4 BISC 7517	4
BISC 7515		3 BISC 7518	4
DEGD 7110		1 DEGD 7122	3
DEGD 7113		2 DEGD 7123	2
DEIN 7110		3 DEIN 7120	3
DEIN 7111		2 DEIN 7121	2
DEIN 7114		3 DEIN 7124	2
DEIN 7118		1 DEIN 7128	1
	<b>23</b>		<b>25</b>

**Total Credit Hours: 48**

**Note:** Dental curriculum for all dental students is determined by the Dental School. This represents a sample year one schedule and is subject to change. The curriculum for years two through four are also the same as other dental students. Certain courses in the first year dental curriculum are counted toward completion of the bachelor of science degree as well as for dental school requirements. Students must achieve a grade of C or better in those courses in order to count them toward the B.S. completion

**Program Director: Deanna Arble, Ph.D.**

The Disciplinary Honors Program in Biological Sciences focuses on experiential learning, either as independent laboratory research or an internship, and science communication. The program is open to students majoring in any of the majors offered by the Department of Biological Sciences. Students majoring in Biochemistry and Molecular Biology may choose to follow either the Biological Sciences or Chemistry Disciplinary Honors Program in consultation with their advisors.

## Curriculum Requirements

### Recommended Prerequisite Course Work

Code	Title	Hours
BIOL 1001H or BIOL 1001	Honors General Biology 1 General Biology 1	3
BIOL 1002H or BIOL 1002	Honors General Biology 2 General Biology 2	3
BIOL 1101	Foundations in Biological Inquiry	3
<b>Total Credit Hours:</b>		<b>9</b>

### Requirements for Biological Sciences Disciplinary Honors

Students must complete two research experiences from the four options listed below and one of the listed seminars or graduate-level courses. Students may only do one honors internship for the disciplinary honors major, but the research requirement could be fulfilled by two terms of laboratory research in BIOL or another approved department.

Code	Title	Hours
Select at least one of the following three courses:		
BIOL 4956H	Honors Laboratory Research Project in Biological Sciences	0-3
BIOL 3986H or BIOL 3987H	Honors Internship in Biological Sciences - Part-time/Summer Honors Internship in Biological Sciences - Full-time	
BIOL 9002H		
An additional research experience should be taken from the following:		
BIOL 4102	Experimental Molecular Biology	3
BIOL 4403	Tropical Ecology in Panama	
BIOL 4802	Experimental Microbiology	
BIOL 4956H	Honors Laboratory Research Project in Biological Sciences	
BIOL 4995	Independent Study in Biology	
Select one of the following seminar courses: (Similar seminar courses in MSCS, Physics, or other Arts and Sciences departments with prior approval)		
BIOL 4931	Topics in Biology	1
BIOL 4953	Seminar in Undergraduate Research	
BISC 4146H	Honors Physiology In Depth: Contemporary Issues	
BISC 4151H	Honors Advanced Pathology	
BISC 4214H	Honors Advanced Biochemistry	
BISC 4341H	Honors Advanced Cellular Genetics and Cancer	
BISC 4851H	Honors Advanced Systems Neuroscience	

## Additional Requirements

- Public presentation (talk/poster) describing results/outcomes of research/internship. Can be fulfilled by giving a public presentation based on work done in BIOL 4956H Honors Laboratory Research Project in Biological Sciences, BIOL 4987 Applying the Internship Experience, BIOL 9002H , BIOL 4102 Experimental Molecular Biology, BIOL 4403 Tropical Ecology in Panama, BIOL 4802 Experimental Microbiology, BIOL 4995 Independent Study in Biology. The program director will inform students of presentation opportunities and determine which presentations fulfill the requirements of the program.
- A minimum 3.200 cumulative GPA in the major at graduation is required to graduate with disciplinary honors.

## Eligibility

- Overall cumulative GPA of 3.200 or higher.
- Identified faculty mentor/intern sponsor for disciplinary honors work.
- Written proposal: A written proposal is required for students applying for the BSCI disciplinary honors program. The proposal should identify the honors courses for which the student is planning to enroll and explain how these courses correspond to and will benefit them in their anticipated career. The program director evaluates applications and makes decisions regarding admission to the program. Information is available on the department website to facilitate the application process in the spring of the sophomore year or fall of the junior year.

## Application

Students are encouraged to apply in the spring term of the sophomore year, but applications are also be accepted in the fall term of the junior year. Applications ([https://marquette.az1.qualtrics.com/jfe/form/SV\\_cU4uEHgDr9jmlw6/](https://marquette.az1.qualtrics.com/jfe/form/SV_cU4uEHgDr9jmlw6/)) can be made directly to the Biological Sciences department. Questions can be directed to the program director.
