German, Minor

Studying German at Marquette develops your ability to use German to immerse yourself in the dramatic story of German literature and history, culture and contemporary society. The popular minor in German program provides a strong base in German language and culture through three foundation courses for all students. Minors then select four content courses that continue to develop German language skills while deepening understanding of literature, culture, history and society. As a minor, German offers a unique way of enlarging pre-professional or scientific studies, especially for those who plan careers in law, medicine, business, government, engineering and education.

Minor in German

The minor in German consists of six courses (19 credit hours): three required Foundational courses (10 credit hours) and three Elective courses (9 credit hours), which must be a GRMN course, as listed below.
