

Accounting, BS

Chairperson: Kevin T. Rich, Ph.D.

Department of Accounting website (<http://business.marquette.edu/departments/accounting/>)

The curriculum in accounting is designed to accomplish many specific objectives, the most important of which are: critical thinking, oral communication, business writing proficiency, technical knowledge and skills needed for an entry level accounting position and technical knowledge needed for the Certified Public Accounting Examination.

The individual course descriptions focus primarily on content, as opposed to process. The accounting curriculum reflects the faculty's commitment to excellence and breadth. Faculty use a wide variety of methods to enhance the learning process, with a focus on experiential learning. Accounting courses employ applied projects, technical assignments, group work, class presentations and written reports, and cover ethical and international issues. Accounting courses include technology assignments, team projects, oral reports and term papers and they cover ethical and international accounting issues. The department offers a group of electives in accounting analytics, tax research, international accounting, financial statement analysis, and government accounting. Several courses call for use-of-software tools used in industry as well as class presentations by students.

Credit Transfer Policy for Accounting Majors (To Reach the 150 Cr. Hr. Requirement)

To be eligible for the CPA exam in most states, students must complete 150 credit hours. One way to reach 150 credit hours could be completing credits at another university. Credits taken at another university after the start of students' final 30 credits do not transfer back to Marquette University, nor do they count towards credit earned towards the 150 hours at Marquette. The current university transfer policy states that all transfer credits must be approved in advance and the last 30 credits must be taken at Marquette University.

1. Transfer credits completed prior to the final 30 credits needed for graduation:

- Students who plan to study at another institution must obtain written approval for each course before the term begins. If prior approval is not obtained, there is no guarantee that credits earned will be accepted by Marquette University. Course approval forms are obtained on the Marquette Central website (<https://www.marquette.edu/central/registrar/transfer-central-undergraduate-students.php>).
- Grades are not accepted in the transfer approval process, only credits transfer. Transferred credit where the grade earned is less than C only apply toward degree requirements or prerequisites that do not require a grade of C or better. Repeated courses are only reviewed and accepted for credit once, even if taken at different institutions. The most recent grade received is used in the evaluation process.
- Once students graduate from Marquette, the university does not transfer any credits, even if completed prior to the last 30 hours; therefore, they are not reflected on a student's transcript.

2. Any credits completed at another university after fulfilling graduation requirements do not transfer back to be recorded on a Marquette University transcript.

- Students completing credits after graduation need to check with their respective state's CPA Board in advance of taking these credits, to ensure that the credits are accepted toward the 150-credit requirement.
- It is the responsibility of students to check with their respective states' CPA Board.

Total Credit Hours:**54**

- ¹ Or Waiver Exam of BUAD 1060 Business Applications: Basic Business Analytic Tools
- ² A waiver exam is available for students to test out of the BUAD 1060 Business Applications: Basic Business Analytic Tools 1-credit course. This exam is only available at the start of a student's career in the College of Business Administration.
- ³ Introductory course to major, need to check course prerequisites.
- ⁴ ACCO 4050 Accounting Information Systems required for ACCO majors
- ⁵ If a course is taken to complete the Business Ethics, Core Enhancement and Analytics structured electives, it can fulfill both the business core and a major requirement/elective if eligible (not upper division business elective). Additional credits may be required to meet credit requirements for graduation if a structured elective is used to fulfill two academic areas.

DSCV Natural Science and Mathematics ^{1,2}		3
DSCV elective ^{1,2}		3

Non-Business electives (NBE) ³	9-15
Open Elective ⁴	3

- ¹ The four courses in the Discovery Tier (DSCV) of the MCC must be completed in the same theme and include the following content areas: Humanities(HUM), Social Science (SSC), Natural Science and Mathematics (NSM) and one elective (ELE), which is an additional course from any of the three content areas. Courses in the Discovery Tier can apply towards the business core, major requirements and upper division business electives, as well as non-business minor or major requirements. Students can apply a maximum of two business courses for both Discovery Tier requirements and business core, major, upper division business electives to reduce overall credits a student needs to graduate; a maximum reduction of 6 credits in total. A "Business Course/Discovery Tier Theme - Reduction of Credits Request" form must be submitted for each course a student intends to use to reduce overall credits.
- ² Students must also complete the Writing Intensive (WRIT) and Engaging Social System and Values 2 (ESSV2) requirements of the MCC. These requirements can be fulfilled through designated courses in the Discovery Tier or other degree requirements.
- ³ 9 credits of non-business electives are required for Accounting majors. All other majors require 15 credits of non-business electives.
- ⁴ The open elective can be used for: a non-business elective or a business elective outside of a declared major; internship for credit in any business discipline, even declared major(s); or a study abroad business elective. If a student is electing to use a business course as an open elective in the non-business elective area, a "Business Course as Non-Business Elective Request" form must be submitted to the college.

Amount and Quality of Work

- A minimum total credit hours of 129. However, a student may graduate with total credit hours of 122-129 if completion of the following occurs:
 - Dual application of up to two business courses (6 credits) within the Marquette Core Curriculum Discovery Tier Themes for business core and major requirements. *For reference:* The university allows a maximum of two business courses in the Discovery Tier Theme to apply towards business major requirements. The College of Business Administration allows up to two business courses in a student's declared Discovery Tier Theme to dual apply towards business core, major course work and/or upper division business electives to reduce the overall number of credits a student needs to graduate by a maximum of 6 credits. Submit appropriate forms for credit reduction.
 - Waiving the one-credit BUAD 1060 Business Applications: Basic Business Analytic Tools course through passing a waiver exam provided by the college.

Both of these options can reduce overall credit totals, so long as these reduction requests are submitted in advance to the college's Dean's Office. These are the only pathways for a student to graduate with less than 129 credits and earn a B.S. in Business Administration degree.

- A minimum GPA of 2.000 must be earned in all courses taken at Marquette University.
 - A minimum GPA of 2.000 must be earned in all College of Business Administration courses taken at Marquette University (2.500 for accounting majors). A grade of C or higher must be earned in each of a student's major requirements and electives, including the core courses introducing the major. If a student is a single business major, any course used for upper division business electives will also count towards the single major's GPA.
- At least one International Business elective must be completed.
- The College of Business Administration follows the university's residency requirement policy (<https://bulletin.marquette.edu/policies/residency-requirements-undergraduate/>) to define credits that must be completed at Marquette University.
- On occasion, seniors are required to take a comprehensive examination testing their grasp of the concepts, principles and relations covered in the core business courses. A similar test might be given in any one of the majors.
- If students have 122-129 or more credits; an overall GPA of 2.000 or higher; a Business GPA of 2.000 or higher (2.500 for accounting majors); have satisfied all degree requirements; however, do not achieve a C or better in each of their major courses including the core course introducing the major, students are conferred a B.S. in Business Administration degree with a major in business administration (if the business administration major GPA is 2.000 or higher). If students meet the overall and college minimum GPA and complete enough credits, but while attempting two or more majors, achieve a C or better in all courses for one major but not in another major, students are conferred a B.S. in Business Administration degree with a major in the former but not the latter.
- It is the candidate's responsibility to meet all university academic, financial and administrative requirements and procedures as outlined elsewhere in this bulletin, including the University Commencement Policy (<https://bulletin.marquette.edu/policies/commencement/>).

University Graduation Requirement

Undergraduate Graduation Policy

Students are required to graduate at the end of the term in which all degree requirements are completed. Degree requirements are those requirements, including university, college and all other requirements necessary to earn a minimum of one undergraduate degree and any declared degrees/majors/minors/concentrations. That is, additional degrees/majors/minors/concentrations may be earned; however, they must be completed in the same term as the first degree/primary major is completed. Except in the case of readmission, undergraduate students must meet the graduation requirements which are stated in the Undergraduate Bulletin issued for the year in which they entered Marquette. Substitutions or waivers for specific courses required for degree completion may occur, as determined by the college and/or the Marquette Core Curriculum committee.

Students who have interrupted their enrollment from the university, are normally obliged to follow the degree/major/minor/concentration requirements in effect at the time of readmission. Policies that are in effect at the time of the return, apply to all students, regardless of the term of initial enrollment. Students are responsible for keeping themselves informed of the requirements which apply in their particular cases. Students have faculty advisers available who assist in planning and implementing their plan of studies; however, it is ultimately each student's responsibility to know and fulfill the requirements for graduation specified for the selected plan. This should be done not only by utilization of specific advisers, but also with Academic Advisement, the university's online degree audit tool on CheckMarq provided to all undergraduates. With Academic Advisement, students track their degree progress until graduation. It is the responsibility of students to immediately bring any discrepancies found in Academic Advisement to the attention of their college.

A candidate for a baccalaureate degree must meet the following graduation requirements:

1. In all undergraduate colleges and programs, a minimum of 120 credits earned and a cumulative grade point average of 2.000 is required for a Marquette undergraduate degree.
2. Credits required to be completed in residence at Marquette:
 - a. A minimum of 45 total credits must be completed at Marquette. Up to 15 of the 45 credits may be completed through an approved study abroad program.
 - b. A minimum of 24 upper-division credits must be completed at Marquette. This may include upper-division credits from an approved study abroad program.
 - c. At least 30 of the final 36 credits needed to complete a Marquette undergraduate degree must be completed at Marquette, unless those credits are earned in an approved study abroad program, or are earned as part of a written/contractual agreement with another institution, in which Marquette students participate during the final year of their degree program.
 - d. A minimum of one-half of credits in the major, minor, and concentration not attached to a major must be completed at Marquette.
3. Students must attend all courses, lectures, or any other exercises that are required, even though, in some cases such activities receive no recognition in terms of credit hours.
4. Students' records must be cleared of all grades that are not permanent, i.e., grades of I, IC, IE and NG.
5. Students must file the online application for a degree by the deadline published in the Academic Calendar (<https://www.marquette.edu/central/registrar/calendars-exams-schedules.php>); however, because students are required to graduate at the end of the term in which all university, degree requirements are complete, the university reserves the right to graduate a student without a graduation application on file. If the university exercises this option, there is no guarantee students will be able to participate in Commencement.
6. Commencement is held in May, after the spring term. Participation in Commencement does not mean students are graduated. See the Commencement Policy (<https://bulletin.marquette.edu/policies/commencement/>) in this section for further details.
7. Exceptions to this Graduation Requirements policy must be approved by the Office of the Provost, except:
 - the course and bulletin year exceptions listed in the 'Graduation Requirements' section above (as approved by the college)
 - number 3 above (as approved by the college)

For additional college requirements, consult the Degree Requirements listed for each undergraduate program in this bulletin.

Graduation Latin Honors

The grade point average is used to compute graduation Latin honors. The computation is made by dividing the total number of grade points earned at Marquette University by the total number of grade point hours earned. The official Marquette GPA of all students is calculated by the student information system and this GPA is not rounded up or down for any reason. To graduate with Latin honors, candidates must be pursuing their first bachelor's degree, earned at least 60 grade point hours and 60 degree hours at Marquette University, normally as a junior and senior. First bachelor's degree is defined as the first bachelor's degree earned from any institution. When students earn a concurrent additional bachelor's degree (i.e., finish in the same term as the first bachelor's degree), the additional degree is also eligible for Graduation Latin Honors, if the first bachelor's degree qualifies.

Graduates whose grade point average is 3.500, graduate with cum laude (Latin for 'with honor'); graduates whose grade point average is 3.700, graduate with magna cum laude (Latin for 'with great honor'); and graduates whose grade point average is 3.900, graduate with summa cum laude (Latin for 'with highest honor'). Graduation Latin honors are recorded on diplomas, noted in the published lists of graduates at Commencement and recorded on students' transcript.

Graduation Record

The academic record of students is frozen once the degree is posted and may not be altered thereafter, unless required to do so by law and/or a documented university error is discovered after the degree is posted. This includes, but is not limited to: all relevant grade point averages, grades, additional information relating to the degree(s), major(s), minor(s), concentration(s), Latin Honors and academic censure.

Discovery Tier - 12 Credits

Students must complete **four** Discovery Tier courses, all from the **same** Discovery Theme. These four courses must include one course from each of the three content areas (Humanities, Natural Science and Mathematics, and Social Science), and one elective (an additional course from any of the three content areas). A maximum of two courses in the Discovery Tier can be applied toward a primary major. Additional dual counting may be allowed towards college-level requirements.

Students declare their Discovery Theme using the Discovery Tier Declaration Form (<https://www.marquette.edu/central/registrar/how-do-i-declare-change-mcc-discovery-tier-theme.php>) in CheckMarq.

For students who participate in a full-time (12 credits or more) Marquette-approved study abroad program, one study abroad course (minimum 2.5 transfer credits awarded) may fulfill the elective requirement of the Discovery Tier. Any additional MCC requirements may be fulfilled only when the approved transfer equivalent is an exact match to a specific MCC course.

Discovery Themes

The five discovery theme options are listed below. See additional information and course listings (<https://bulletin.marquette.edu/resources-opportunities/marquette-core-curriculum/#discoverythemestext>).

- Basic Needs and Justice
- Cognition, Memory and Intelligence
- Crossing Boundaries: The Movement of People, Goods and Ideas

Accounting Major

Specific Accounting Course Requirements:

Code	Title	Hours
ACCO 3001	Intermediate Accounting I	3
ACCO 4000	Accounting Communications	3
ACCO 4010	Individual Income Taxation	3
ACCO 4020	Intermediate Accounting II	3
ACCO 4030	Cost Accounting	3
BULA 4001	Business Law for Accounting	3
Three of the following electives:		9
ACCO 4040 or ACCO 5040	International Accounting	
ACCO 4045 or ACCO 5045	International Taxation	
ACCO 4060 or ACCO 5060	Accounting Analytics	
ACCO 4080 or ACCO 5080	Analysis of Financial Statements	
ACCO 4119 or ACCO 5119	Tax Research	
ACCO 4170	Auditing	
ACCO 4931	Topics in Accounting	
FINA 4075	FinTech Foundations and Applications	
And select graduate ACCO courses, if approved.		
Two Business electives (excluding ACCO 4975)		6
Total Credit Hours:		33

As part of the Business Core requirements, Accounting majors are required to complete ACCO 4050 or ACCO 5050 instead of INSY 3001, and BULA 3001 as the Business Ethics structured elective. Accounting majors must earn a C or better in all Accounting major requirements including ACCO 1030 and ACCO 1031.

Students need approval to register for a 5000- or 6000-level Accounting course. Undergraduate juniors and seniors may be eligible to take graduate level courses. Approvals are based on junior or senior standing, undergraduate grade point average, qualifications to take the course and space availability in the class.

Wisconsin and Illinois, as well as most states, require students to complete 150 semester hours, including a bachelor's degree in accounting, to qualify for the CPA exam. Many students may prefer to meet this requirement by earning a graduate degree in addition to their undergraduate degree. Marquette's accounting program offers a master of science in accounting degree which meets the 150-hour requirement. For information, consult the Graduate School of Management section of the Graduate Bulletin or contact the Department of Accounting at (414) 288-7340.
