Degree Offered
Master of Science, Plan B only

Program Description
(The Healthcare Technologies Management program is not currently accepting new students.)

The healthcare technologies management program (https://www.marquette.edu/grad/programs-healthcare-technologies-management.php) is a collaborative effort between Marquette University and the Medical College of Wisconsin that combines management, technology and health care. The objective of the program is to educate professionals capable of managing the design, development, commercialization and regulatory compliance of diagnostic and therapeutic medical devices, and the implementation, utilization and assessment of hospital-based healthcare technologies.

General Information
All admitted students are required to obtain and follow the department's Graduate Student Handbook, which contains complete details about the program and degree requirements. This handbook is available through the Biomedical Engineering Office (414) 288-3375 and website (https://mcw.marquette.edu/biomedical-engineering/).

Healthcare Technologies Management Master of Science

MORATORIUM ON ADMISSIONS FOR NEW STUDENTS

The healthcare technologies management master's degree program consists of 37 credit hours. All students are required to take 32 credit hours at Marquette University and 5 credit hours at Medical College of Wisconsin. When taking courses at Medical College of Wisconsin, students must register for HCTM 6946 Medical College of Wisconsin/HCTM-Joint Degree through MU and for the matching MCW course through MCW.
