

# Speech Pathology and Audiology, BS

---

**Chairperson: Emily Patterson, Au.D., CCC-A**

Department of Speech Pathology and Audiology website (<http://www.marquette.edu/chs/speech/>)

The Department of Speech Pathology and Audiology at Marquette University offers a bachelor of science degree in speech pathology and audiology and a master of science degree in speech-language pathology. The undergraduate program is considered pre-professional, meaning that a graduate degree is necessary before a person is qualified for professional employment.

The primary purpose of the undergraduate program is to provide introductory level knowledge in the field of Speech Pathology and Audiology, within the context of a traditional liberal Arts and Sciences education, which prepares an individual for study in a professional graduate degree program. This liberal education is based on the philosophy that the individual with an educational foundation in the Arts and Sciences has a broad appreciation for society and its values. Such a traditional undergraduate emphasis provides the needed foundation for the more narrowly focused professional education at the graduate level and is suitable for careers in other communication, education and health-related professions besides speech-language pathology and audiology.

The undergraduate major in speech pathology and audiology includes courses in the areas of normal speech production and development, disorders of speech, language and hearing and methods of evaluation and therapy. Clinical practicum involves actual work with children and adults having speech/language/hearing problems under the direct supervision of certified speech-language pathologists and audiologists. This work is accomplished at the Marquette University Speech and Hearing Clinic. Professional preparation occurs at the graduate level and is a prerequisite for certification/licensure as a professional speech-language pathologist or audiologist.

## Degree Offered

The undergraduate curriculum in Speech Pathology and Audiology is a four-year program leading to a bachelor of science degree.

## Admission Requirements

Students may enter the Department of Speech Pathology and Audiology as a freshman, or may transfer into the program from another university division or another institution later in their academic program. Marquette students interested in transferring to the major are required to have a minimum 3.000 cumulative GPA and are accepted on a competitive basis. Transfer applicants should understand that admission into most graduate programs is very competitive and requires a minimum cumulative GPA of 3.000 to apply, and higher to be competitive. Admission into the undergraduate major in speech pathology and audiology qualifies students for the bachelor of science program; it does not extend to the graduate (master's degree) level. Students may apply for conditional admission to the graduate program as an incoming freshman through the direct admit program or in their junior year of the program as outlined below. For students planning to apply to graduate programs at other institutions, admission requirements vary from one university to another and applicants are responsible for meeting the requirements of the institution they desire to enter.

## Direct Admit Speech-Language Pathology Program (DRSP)

The Direct Admit Speech-Language Pathology Program (DRSP) allows incoming freshmen to apply for conditional acceptance to the Master of Science in Speech-Language Pathology with the undergraduate application to Marquette University. Applicants to this program must meet the admission requirements listed in the university section of this bulletin and complete an additional essay. Applications are reviewed on a competitive basis. Students accepted to the DRSP program must meet the following requirements to maintain the conditional admission to the master's program after the senior year:

1. Minimum overall cumulative GPA of 3.000 at time of application to the graduation program in junior year.
2. SPPA major course requirements:
  - a. Cumulative SPPA major GPA of 3.500 or higher at the end of each academic year. One probationary period is allowed if the SPPA major GPA does not meet this requirement.
  - b. All SPPA major courses must be completed at MU with grades of B- or higher.
3. SPPA foundational course requirements (biological science, physical science, general psychology, development psychology/education, statistics and medical ethics):
  - a. No more than two SPPA foundational courses may be transferred from another institution or through AP/IB/dual enrollment credits completed in high school. SPPA foundational courses completed through Marquette-approved study abroad do not count towards this course limit.
  - b. SPPA foundational courses must be completed with a grade of C or higher, with no more than two courses with C grades. Grades of C- or lower do not fulfill foundational course requirements for the DRSP program.
  - c. A maximum of one SPPA foundational course may be repeated for a higher grade.
4. All SPPA foundational courses and all but one SPPA major course must be completed by the end of the Fall term in the senior year. Any exception requires preapproval of the department chair.
5. Earn a grade of 'S' in SPPA 3964 Practicum in Speech-Language Pathology 1: Campus Clinic with no areas of remediation.

DRSP students who meet the above requirements formally apply to the master's program via the Graduate School's application process by early January of the junior year (defined as the year prior to B.S. degree completion). In lieu of recommendation letters, students need endorsement from three faculty supporting advancement into the graduate program. Students are notified of admission to the graduate program in late February of the junior year. The deadline to formally accept the offer of admission to the graduate program is December 31 of the senior year.

## Junior Year Transfer Applicants

This transfer window allows current juniors in the SPPA major, who are not in the DRSP program, to be admitted to the DRSP program and gain early acceptance to the Master of Science in Speech-Language Pathology program, based on space availability. Students who meet the DRSP program requirements listed are eligible to submit an application to the master's program via the Graduate School's application system via the timeline outlined for the DRSP program.

## Professional Standards

All papers produced by students in all classes under department jurisdiction are expected to conform to professional standards of lucidity, coherence, grammar, spelling and punctuation. All oral presentations produced by students in all classes under department jurisdiction are expected to conform to professional standards of lucidity, coherence and grammar. All instructors in all classes under department jurisdiction consider the factors listed above, as well as substance, in grading written and oral presentations.

## Undergraduate CLINICAL Practicum in Speech Pathology and Audiology

Students majoring in Speech Pathology and Audiology may complete up to 50 clock hours of direct work with individuals with speech/language/hearing problems. This practicum experience is closely supervised by university personnel who hold the Certificate of Clinical Competence in Speech-Language Pathology or Audiology awarded by the American Speech-Language-Hearing Association. This practicum typically begins second term of the junior year and is generally completed in two terms.

## HANDS-ON EXPERIENCE IN SPECIALIZED FACILITIES

The Marquette University Speech and Hearing Clinic serves as a working laboratory for students in the speech pathology and audiology program to gain clinical practicum experience. The clinic has individual therapy rooms for adults and children, three diagnostic suites, a hearing testing suite and rooms designed for specialized speech/language therapy: developmental treatment room, adult language room, augmentative/alternate communication room and sensory integration room. Speech pathology and audiology research laboratories include communication, movement and learning lab; child language and literacy lab; speech and swallowing lab; neurodevelopmental feeding and swallowing lab; and neurogenic communication lab.

## Degree Requirements

### Amount and Quality of Work

Candidates for the bachelor of science degree with a major in Speech Pathology and Audiology must meet the following requirements:

- A minimum 128 total credit hours that includes completion of the degree requirement areas listed below. Certain combinations of majors/minors and early/direct admission curricula may exceed the minimum 128 total credits hours. It is the responsibility of students to utilize their Graduation Checklist in CheckMarq to understand and fulfill all degree requirements.

Area	Credit Hours
Marquette Core Curriculum (MCC)	30
SPPA Foundational Courses	16
SPPA Major Courses	38
General Electives	to achieve at least 128 total degree credits

- A minimum cumulative (overall) grade point average of 2.000. However, in order for students in the major to be competitive for graduate programs, a GPA of at least 3.000 at the conclusion of their sophomore year is required to continue in the program.
- A minimum SPPA major GPA of 2.000 with a C grade or above in all SPPA major courses. Major courses completed with grades below a C will not satisfy major requirements, but credit earned will count towards the 128 total credits required for the B.S. degree.

## University Graduation Requirement

### Undergraduate Graduation Policy

Students are required to graduate at the end of the term in which all degree requirements are completed. Degree requirements are university, college and all other requirements necessary to earn a minimum of one undergraduate degree, including any degrees/majors/minors/concentrations that are formally declared in advance of the term in which a student is eligible to graduate. Except in the case of readmission, undergraduate students must meet the graduation requirements which are stated in the Undergraduate Bulletin issued for the year in which they entered Marquette. Substitutions or waivers for specific courses required for degree completion may occur, as determined by the college and/or the Marquette Core Curriculum committee.

Students who have interrupted their enrollment from the university, are normally obliged to follow the degree/major/minor/concentration requirements in effect at the time of readmission. Policies that are in effect at the time of the return, apply to all students, regardless of the term of initial enrollment. Students are responsible for keeping themselves informed of the requirements which apply in their particular cases. Students have faculty advisers available who assist in planning and implementing their plan of studies; however, it is ultimately each student's responsibility to know and fulfill the requirements for graduation specified for the selected plan. This should be done not only by utilization of specific advisers, but also with Academic Advisement, the university's online degree audit tool on CheckMarq provided to all undergraduates. With Academic Advisement, students track their degree progress until graduation. It is the responsibility of students to immediately bring any discrepancies found in Academic Advisement to the attention of their college.

A candidate for a baccalaureate degree must meet the following graduation requirements:

1. In all undergraduate colleges and programs, a minimum of 120 credits earned and a cumulative grade point average of 2.000 is required for a Marquette undergraduate degree.
2. Credits required to be completed in residence at Marquette:
  - a. A minimum of 45 total credits must be completed at Marquette. Up to 15 of the 45 credits may be completed through an approved study abroad program.
  - b. A minimum of 24 upper-division credits must be completed at Marquette. This may include upper-division credits from an approved study abroad program.
  - c. At least 30 of the final 36 credits needed to complete a Marquette undergraduate degree must be completed at Marquette, unless those credits are earned in an approved study abroad program, or are earned as part of a written/contractual agreement with another institution, in which Marquette students participate during the final year of their degree program.
  - d. A minimum of one-half of credits in the major, minor, and concentration not attached to a major must be completed at Marquette.
3. Students must attend all courses, lectures, or any other exercises that are required, even though, in some cases such activities receive no recognition in terms of credit hours.
4. Students' records must be cleared of all grades that are not permanent, i.e., grades of I, IC, IE and NG.
5. Students must file the online application for a degree by the deadline published in the Academic Calendar (<https://www.marquette.edu/central/registrar/calendars-exams-schedules.php>); however, because students are required to graduate at the end of the term in which all university, degree requirements are complete, the university reserves the right to graduate a student without a graduation application on file. If the university exercises this option, there is no guarantee students will be able to participate in Commencement.
6. Commencement is held in May, after the spring term. Participation in Commencement does not mean students are graduated. See the Commencement Policy (<https://bulletin.marquette.edu/policies/commencement/>) in this section for further details.
7. Exceptions to this Graduation Requirements policy must be approved by the Office of the Provost, except:
  - the course and bulletin year exceptions listed in the 'Graduation Requirements' section above (as approved by the college)
  - number 3 above (as approved by the college)

For additional college requirements, consult the Degree Requirements listed for each undergraduate program in this bulletin.

## Graduation Latin Honors

The grade point average is used to compute graduation Latin honors. The computation is made by dividing the total number of grade points earned at Marquette University by the total number of grade point hours earned. The official Marquette GPA of all students is calculated by the student information system and this GPA is not rounded up or down for any reason. To graduate with Latin honors, candidates must be pursuing their first bachelor's degree, earned at least 60 grade point hours and 60 degree hours at Marquette University, normally as a junior and senior. First bachelor's degree is defined as the first bachelor's degree earned from any institution. When students earn a concurrent additional bachelor's degree (i.e., finish in the same term as the first bachelor's degree), the additional degree is also eligible for Graduation Latin Honors, if the first bachelor's degree qualifies.

Graduates whose grade point average is 3.500, graduate with cum laude (Latin for 'with honor'); graduates whose grade point average is 3.700, graduate with magna cum laude (Latin for 'with great honor'); and graduates whose grade point average is 3.900, graduate with summa cum laude (Latin for 'with highest honor'). Graduation Latin honors are recorded on diplomas, noted in the published lists of graduates at Commencement and recorded on students' transcript.

## Graduation Record

The academic record of students is frozen once the degree is posted and may not be altered thereafter, unless required to do so by law and/or a documented university error is discovered after the degree is posted. This includes, but is not limited to: all relevant grade point averages, grades, additional information relating to the degree(s), major(s), minor(s), concentration(s), Latin Honors and academic censure.

<sup>1</sup> Honors (H) designation of same course number also fulfills MCC requirement.

### Discovery Tier - 12 Credits

Students must complete **four** Discovery Tier courses, all from the **same** Discovery Theme. These four courses must include one course from each of the three content areas (Humanities, Natural Science and Mathematics, and Social Science), and one elective (an additional course from any of the three content areas). A maximum of two courses in the Discovery Tier can be applied toward a primary major. Additional dual counting may be allowed towards college-level requirements.

Students declare their Discovery Theme using the Discovery Tier Declaration Form (<https://www.marquette.edu/central/registrar/how-do-i-declare-change-mcc-discovery-tier-theme.php>) in CheckMarq.

For students who participate in a full-time (12 credits or more) Marquette-approved study abroad program, one study abroad course (minimum 2.5 transfer credits awarded) may fulfill the elective requirement of the Discovery Tier. Any additional MCC requirements may be fulfilled only when the approved transfer equivalent is an exact match to a specific MCC course.

## Discovery Themes

The five discovery theme options are listed below. See additional information and course listings (<https://bulletin.marquette.edu/resources-opportunities/marquette-core-curriculum/#discoverythemestext>).

- Basic Needs and Justice
- Cognition, Memory and Intelligence
- Crossing Boundaries: The Movement of People, Goods and Ideas
- Expanding Our Horizons

## Supplemental Course work

The selection of elective courses will be determined by the professional goals of students. An academic adviser should be consulted for recommendations concerning the appropriate program to follow.

Students planning to continue graduate work in Speech-Language Pathology are advised to prepare for meeting requirements for licensure as a public school speech and language pathologist. This significantly broadens the scope of professional employment opportunities upon completion of training. Undergraduate courses recommended are:

- EDUC 4217 Educating Exceptional Learners
- SPPA 4610 Culturally Responsive Practices in Speech Language Pathology and Audiology

A minor is not required of students majoring in speech pathology and audiology. If students choose to select a minor, an interdisciplinary minor of their choice may be formulated, or a minor may be selected in any department of the university. In the latter instance, the minor requirements are subject to the regulations of the department involved. Minors in psychology, languages (particularly Spanish) or family studies have been found to be particularly useful to students seeking a career in speech-language pathology or audiology. Students should consult with their academic adviser about pursuing a minor.

## Related Fields

Students wishing to pursue graduate studies in Deaf Education, Learning Disabilities, Special Education, and other related areas may need to supplement their programs of study with additional course work. Students interested in these areas should consult institutions conferring such degrees for prerequisites and requirements.

## Speech Pathology and Audiology Major

The Speech Pathology and Audiology major consists of a minimum of 40 credit hours. The following courses are required:

Code	Title	Hours
SPPA 1001	Introduction to Speech-Language Pathology and Audiology	3
SPPA 1002	Introduction to Speech Pathology and Augiology Lab	1
SPPA 1100	Anatomy and Physiology of the Speech Mechanism	3

<sup>1</sup> SPPA Cognates: See the Requirements tab for course options that fulfill the statistics, biological science and physical science foundational courses in the SPPA major.

<sup>2</sup> The four courses in the Discovery Tier (DSCV) of the MCC must be completed in the same theme and include the following content areas: Humanities (HUM), Social Science (SSC), Natural Science and Mathematics (NSM) and one elective (ELE), which is an additional course from any of the three content areas. A maximum of two courses in the Discovery Tier can apply towards a primary major.

<sup>3</sup> Students must also complete the Writing Intensive (WRIT) and Engaging Social System and Values 2 (ESSV2) requirements of the MCC. These requirements can be fulfilled through designated courses in the Discovery Tier or other degree requirements.
