About Marquette University

From the President

At Marquette University, the entire university community is dedicated to the academic success and personal growth of our students. The university’s commitment to academic excellence is complemented by a grounding in the centuries-old Jesuit concept, cura personalis, which calls us to appreciate and respect the individual hopes, desires, aspirations and concerns of all members of the Marquette community.

In this spirit, this bulletin has been created to guide you in planning your academic career and professional development. With its descriptions of academic majors and required courses, study abroad opportunities, services for students and policies, it is here to help you choose the path at Marquette that best suits you, fosters your growth and prepares you for the challenges, rewards, leadership and service that await you when you complete your work here. Use it in the spirit of Father Jacques Marquette, the 17th century Jesuit explorer for whom our university is named. Let his embrace of the unfamiliar, his openness to new opportunities and his strong sense of purpose inspire you as you explore the offerings of this outstanding university.

Rev. Scott R. Pilarz, S.J.
President

From the Provost

Having chosen to invest a significant portion of your time and energy to pursue a degree at Marquette University, you are likely already beginning to understand what makes this university community special – what sets this 90-acre area in the heart of Milwaukee apart from any other place in the world.

This bulletin can serve as a roadmap for your time here at Marquette. It describes the range of majors and courses Marquette offers, graduation requirements, academic policies and procedures, and experiential learning opportunities that exist both inside and outside of the classroom. I hope you will find it a helpful resource as you register for classes and plan ahead for future semesters.

But a Marquette education goes beyond the educational foundation your courses provide. Through the guidance of faculty who are experts in their field and who truly believe in the teacher-scholar model, as well as leadership opportunities in service learning and student organizations, your time at Marquette will be more than an education. It will be an experience that we hope transforms you into men and women who seek answers to life’s deepest questions and contribute to solving the world’s most pressing problems.

Our faculty and staff are here to help guide your growth intellectually, emotionally and spiritually during your time at Marquette. They are a valuable resource, and I encourage you to seek their advice, listen to their perspectives gleaned from years in their respective fields, engage in meaningful dialogue and learn from their engagement with the Ignatian spirit that flows throughout campus.

During my six years on campus, I’ve come to realize that the Marquette community is truly a family – one that extends beyond our campus community to the 100,000 alumni who lead and serve in the fields of law, engineering, business, medicine, education, dentistry, the humanities, social sciences and communication in all corners of the world. We hope that your time here prepares you to leave Marquette better than you found it, to contribute your unique gifts to enriching the diversity of our campus community, and to be ready to go out into the world and be men and women for others.

Dr. Margaret Faut Callahan, C.R.N.A., F.N.A.P., F.A.A.N.
Interim Provost
Dean of the College of Nursing

History

Marquette University was founded in 1881 by members of the Society of Jesus, a Catholic religious order established in 1540 by St. Ignatius Loyola. The university is named after Father Jacques Marquette (1637-1675), a French, Jesuit missionary and explorer in North America.

The origins of Marquette University date from 1848 when the Most Rev. John Martin Henni, first bishop of Milwaukee, obtained $16,000 from Guillaume DeBoye, a Belgian, Catholic businessman, to establish a Jesuit college. Bishop Henni petitioned the Jesuits to open a school, Marquette College, in Milwaukee. Because the Jesuits lacked personnel to undertake the project for decades, Marquette College did not open until 1881.

Marquette remained a small liberal arts college for men at North 10th and West State streets until 1907. That year its leaders obtained a university charter from the state of Wisconsin and moved operations to a building just east of the Church of the Gesu, at North 12th Street and West Wisconsin Avenue. That building, Johnston Hall, is the oldest building on the Marquette campus.

Between 1907 and 1913, Marquette expanded to include divisions of medicine, dentistry, nursing, pharmacy, law, business, engineering, music and journalism. In 1909, Marquette became the first Catholic university in the world to offer coeducation as part of its regular undergraduate program.

Following World War II, enrollment at Marquette increased dramatically, as at other American colleges and universities. Demand for graduate and professional education grew. In 1957-58, Marquette became for a short time the largest Catholic university in the nation.
In the 1960s and '70s, Marquette introduced doctoral programs in various fields, including religious studies, biology, history and chemistry.

Since 1990, Marquette has added numerous programs, including degree programs for working adults, which offer courses on campus as well as at satellite locations in southeastern Wisconsin; a part-time law program; an executive master of business administration program; programs in physician assistant studies and exercise science; and a Graduate School of Management.

Today Marquette University has a campus of approximately 90 acres and 60 buildings located near downtown Milwaukee. It consists of 12 colleges and schools:

- Arts and Sciences
- Business Administration
- Communication
- Dentistry
- Education
- Engineering
- Graduate
- Health Sciences
- Law
- Management (Graduate)
- Nursing
- Professional Studies

**Mission Statement**

Marquette University is a Catholic, Jesuit university dedicated to serving God by serving our students and contributing to the advancement of knowledge. Our mission, therefore, is the search for truth, the discovery and sharing of knowledge, the fostering of personal and professional excellence, the promotion of a life of faith, and the development of leadership expressed in service to others.

**Excellence**

Our students, whether traditional or non-traditional, undergraduate, graduate or professional, come to Marquette University to share our commitment to the pursuit of excellence in all things as a lifelong endeavor. They come to join a community whose members — faculty, staff, students, trustees, alumni and friends alike — believe that education must encompass the whole person: spiritual and moral as well as intellectual, the heart as well as the mind. And they come seeking the educational, professional and cultural advantages of a university located in the heart of the city. We, in turn, take seriously our responsibility to foster and support excellence in teaching and research, to keep a Marquette education accessible to a diverse population of students, and to offer personal attention and care to each member of the Marquette community.

**Faith**

As a Catholic university, we are committed to the unfettered pursuit of truth under the mutually illuminating powers of human intelligence and Christian faith. Our Catholic identity is expressed in our choices of curricula, our sponsorship of programs and activities devoted to the cultivation of our religious character, our ecumenical outlook, and our support of Catholic beliefs and values. Precisely because Catholicism at its best seeks to be inclusive, we are open to all who share our mission and seek the truth about God and the world, and we are firmly committed to academic freedom as the necessary precondition for that search. We welcome and benefit enormously from the diversity of seekers within our ranks, even as we freely choose and celebrate our own Catholic identity.

**Leadership**

As a Jesuit university, Marquette embodies the intellectual and religious traditions of the Society of Jesus. Through an academically rigorous, values-centered curriculum, our students receive a firm grounding in the liberal arts, preparation for work in a world of increasing complexity and diversity, and formation for life as ethical and informed leaders in their religious, cultural, professional and civic communities. They work with and learn from faculty who are true teacher-scholars, whose research not only advances the sum of human knowledge, but also informs their teaching, and whose commitment to students is fundamental to their intellectual and professional lives.

**Service**

Through both our academic and co-curricular programs, Marquette strives to develop men and women who will dedicate their lives to the service of others, actively entering into the struggle for a more just society. We expect all members of the Marquette community, whatever their faith traditions, to give concrete expression to their beliefs by giving of themselves in service to those in need.

All this we pursue for the greater glory of God and the common benefit of the human community.
Vision Statement

Our vision is to provide a Catholic, Jesuit education that is genuinely transformational, so that our students graduate not simply better educated but better people, and to do so with such excellence that when asked to name the three or four best Catholic universities in America, people will include Marquette as a matter of course.

Statement on Human Dignity and Diversity

As a Catholic, Jesuit university, Marquette recognizes and cherishes the dignity of each individual regardless of age, culture, faith, ethnicity, race, gender, sexual orientation, language, disability or social class. Precisely because Catholicism at its best seeks to be inclusive, we are open to all who share our mission and seek the truth about God and the world. Through our admissions and employment policies and practices, our curricular and co-curricular offerings, and our welcoming and caring campus environment, Marquette seeks to become a more diverse and inclusive academic community dedicated to the promotion of justice.

Our commitment to a diverse university community helps us to achieve excellence by promoting a culture of learning, appreciation and understanding. Each member of the Marquette community is charged to treat everyone with care and respect, and to value and treasure our differences. This call to action is integral to the tradition that we share.

Accreditation

An educational institution is only as strong as the level of excellence that it demands of itself as well as of its faculty and students. Marquette University is accredited by the Higher Learning Commission, a commission of the North Central Association of Colleges and Schools. Marquette University has set consistently high standards for itself that have resulted in accreditation and/or certification of its academic programs from these additional organizations and associations.

These accreditations assure a student that Marquette is recognized and approved by select national and regional educational associations, societies and councils. In addition, a student has the security of knowing that credits earned at Marquette have transfer value to comparable institutions of learning, just as an incoming transfer student learns by checking this list that Marquette can be expected to honor most credits earned at a similarly accredited college or university.

Legal Disclosure

Marquette University does not discriminate in any manner contrary to law or justice on the basis of race, color, gender, age, sexual orientation, religion, disability, veteran’s status or national origin in its educational programs or activities, including employment and admissions. At the same time, Marquette cherishes its right and duty to seek and retain personnel who will make a positive contribution to its religious character, goals, and mission in order to enhance the Jesuit, Catholic tradition. Federal laws (Titles VI, VII and IX; the Age Discrimination Act in Employment of 1967 as amended, the Rehabilitation Act of 1973 as amended, the Veteran’s Readjustment Assistance Act of 1974, and the Americans With Disabilities Act of 1990) prohibit such discrimination.

Employee inquiries concerning the application of Section 503 of the Rehabilitation Act of 1973, Section 402 of the Vietnam Era Veteran’s Readjustment Assistance Act of 1974 and Title I of the Americans with Disabilities Act of 1990 may be referred to the Office of Human Resources; Straz Tower; P.O. Box 1881; Milwaukee, WI 53201-1881; (414) 288-7305.

Student inquiries concerning Section 504 of the Rehabilitation Act of 1973 and Title III of the Americans with Disabilities Act of 1990 may be referred to the Office of Student Educational Services; Alumni Memorial Union; P.O. Box 1881; Milwaukee, WI 53201-1881; (414) 288-1645, V/T.

Student and employee inquiries concerning the application of Titles VI, VII, IX the Age Discrimination Acts of 1967 as amended, as well as Executive Order 11246 as amended may be referred to the Affirmative Action Officer; Straz Tower; P.O. Box 1881; Milwaukee, WI 53201-1881; (414) 288-3430.

The Marquette University Board of Trustees approved the Affirmative Action Program, formalizing the university’s position toward human rights. This program reaffirms and specifies action programs to continue the pledge of promotion and equal opportunity for all qualified persons.

Written Agreements

As per Federal Financial Aid regulations, the following is a list of the entities with which Marquette University has a written agreement that enables Marquette students to broaden their educational experience.

Domestic Programs

Graduate School

From the Vice Provost for Research and Dean of the Graduate School

Welcome!

Marquette University offers a broad array of outstanding graduate educational opportunities, including doctoral degrees, master’s degrees and certificate programs. Graduate-level programs are found in every college/school in the university, contributing to the vibrant intellectual community found at Marquette. Each of the programs described in this section of the bulletin has been designed to provide you with the educational experience in classroom, laboratory and clinical settings that will help you meet your professional and personal goals.

Marquette’s graduate programs provide you with the opportunity to study with superb faculty who are strongly committed to their roles as teachers and as scholars. A spirit of exploration, discovery and innovation unites the work of our faculty and graduate students, whether they are probing the fundamental questions in their specific disciplines or applying new knowledge, often through novel interdisciplinary approaches, to solve some of the most challenging problems of our time. This vibrant community of scholars is informed by the mission of Marquette University. Graduate programs, while unique in emphasis and based on discipline-specific information and methods, are conducted in such a manner that students understand and appreciate the Jesuit/Catholic linking of faith, justice and search for truth. Further, Marquette’s graduate programs emphasize a worldview informed by multicultural and global perspectives. Finally, students are encouraged to engage in service to their communities and to commit to the ethical practice of their profession.

In addition to the individual graduate programs, the Graduate School offers a wide range of academic support and professional development services. Among these are the Graduate Student Organization and the student-led Preparing Future Faculty program. These organizations provide graduate students with the opportunity to interact with colleagues from across campus and offer extracurricular social and professional development opportunities. More information about Graduate School programs and services is available at marquette.edu/grad/.

I invite you to explore the details of our graduate programs through the links found here. The staff of the Graduate School and the faculty in the individual programs welcome your interest in Marquette University!

Jeanne M. Hossenlopp, Ph.D.
Vice Provost for Research and Dean of the Graduate School

Mission Statement

The mission of the Marquette University Graduate School is to contribute to the discovery of knowledge through scholarly activities, to provide leadership in defining the graduate experience and to advocate for an environment that nurtures exploring and learning. To accomplish its mission, the Graduate School ensures quality, consistency and continuity in graduate programs; establishes and monitors institutional commitment to standards; and stimulates improvement and change in the research and pedagogical settings. The Graduate School communicates with stakeholders in a continuing effort to maintain the centrality of graduate education to the mission of Marquette University and to excite the graduate environment.

How to Use

The Graduate Bulletin contains information regarding the academic calendar, admissions, degree requirements, fees, regulations and course offerings. Prospective and current graduate students are responsible for all information contained in this bulletin that is pertinent to graduate study and their specific field. Academic policy and course changes will apply to all students as of the date they become effective, regardless of whether they were in effect at the time the student initially enrolled at Marquette. A graduate student may follow the program requirements of the bulletin that are in effect at the time he/she submits an application, or any other bulletin used during their enrollment as long as the student’s program has not been discontinued in the bulletin year the student decides to follow. That is, students may not continue in programs that have been discontinued, unless they maintain continuous enrollment from the time of admission and follow the degree requirements in effect during one of the bulletin years in which the program was active. Students must abide by only one bulletin’s rules. If any exceptions to this policy are required due to length of time between submitting an application and beginning the program, the student will be notified in writing of the applicable bulletin to follow. In order to properly audit a student’s academic record for graduation, the student must notify the Graduate School in writing if any bulletin other than the one in effect at the time of application is to be used.

Graduate School students must assume full responsibility for knowledge of the rules and regulations of the Graduate School and the specific requirements of their individual degree programs. It is the responsibility of each graduate student to verify and meet the deadlines listed in the Academic Calendar (e.g., for submitting forms, submitting theses or dissertations). The Academic Calendar is located online at mu.edu/mucentral (http://www.mu.edu/mucentral/registrar/cal_acadcal1112grad.shtml).

Changes to the Graduate Bulletin

Marquette University reserves the right to make changes of any nature in its programs, calendar, or academic schedule whenever in its sole judgement it is deemed necessary or desirable. Certain provisions in the bulletin may be in the process of amendment or change. Accordingly, the bulletin is not
intended to be relied upon as a statement of the university’s contractual undertakings. The decision of Marquette University as to the interpretation and method of implementation of its rules, regulations, program requirements, schedules and calendars shall be conclusive and final.

The information in this bulletin and other university bulletins, publications, or announcements may change without notice. Current information is available from the Graduate School.

Location

The Graduate School office is located in Holthusen Hall, 305, 1324 W. Wisconsin Avenue, Milwaukee, WI 53233. Office hours are 8 a.m. to 4:30 p.m. with the exception of national or university holidays when the office is closed. Mail should be sent to Marquette University Graduate School, P.O. Box 1881, Milwaukee, WI 53201-1881. The Graduate School’s telephone number is (414) 288-7137, the fax number is (414) 288-1902, the email address is mugs@marquette.edu, and the website is marquette.edu/grad.

Definitions

Degree Program - An academic program of study leading to a master’s, Ph.D. or professional degree. All degree programs require that a minimum number of semester credit hours be earned, as referenced in the official bulletins of the University that are produced each academic year.

Certificate - A post-baccalaureate or post-master program of study offered at the graduate level, in which a specific skill set is demonstrated at the end of the program, usually culminating in a capstone course. The courses in a certificate program may be applied toward a graduate degree program. A minimum of 12 semester credit hours must be earned in a certificate program.

Specialization - An integrated, coherent set of courses that define a limited topic or field of study at the graduate level that is taken within the degree program. A minimum of 12 semester credit hours must be earned in the specialization.

Accelerated Bachelor’s-Master’s Degree Program - Designed to provide a more efficient means to obtain a master’s degree. Allows students to begin accumulating credits toward completion of a master’s degree while still enrolled as an undergraduate.

Joint Programs Offered

Specializations for the joint degree programs are the same as the specializations listed in the DEGREES OFFERED section, above.

Admission and Readmission

Admission Status
Marquette University admits graduate students under four different categories: degree, non-degree, temporary and visiting scholar status.

Degree Status
When applicants are admitted to a program leading to a certificate, master’s or doctoral degree, they are said to be in “degree status.” This designation is made after the department and the Graduate School have accepted an application. Students are eligible for tuition scholarships, graduate assistantships and fellowships, as available.

In order to be considered for admission to degree status, all applicants are required to submit an application, the application fee, certified copies of transcripts, and other information as requested by the department.

Non-Degree Status
This status designates any student taking graduate-level classes who is not seeking a certificate, a master’s degree, or a doctoral degree. Non-degree students are not eligible to receive financial aid from the Graduate School except for Catholic Schools Personnel Scholarships and the Milwaukee Area Teachers Scholarships. Non-degree students are typically not eligible to receive federally subsidized loans unless enrolled in an approved graduate certificate program. Non-degree students should contact the Office of Student Financial Aid for exceptions.

All non-degree applicants are required to submit an application, the application fee, and certified copies of transcripts. Non-degree applicants seeking admission to degree status must meet the same admission standards as other applicants to a degree program.

Completion of any number of non-degree credits does not guarantee acceptance into a degree program, and, if a non-degree student is subsequently admitted to a degree program, there is no guarantee that credits earned while in non-degree status will count toward the degree. Most degree programs accept between 9 and 15 transfer credits, depending on the number of credits needed for the degree (see Transfer of Credit). Non-degree students will not be permitted to take more than 9 credits until they certify in writing that they are aware of the policies and limits regarding the transfer of credits into the degree program.

Credits earned as a non-degree student may be considered as graduate credits and certified as such to school boards or other authorities. Non-degree students may register for any course (with the exception of courses in dentistry) if they have met the prerequisites and have department permission. Non-degree students interested in taking courses in dentistry must have special permission from the Graduate School and the School of Dentistry.

Temporary Admission Status
Applicants who have applied to a degree or a non-degree program, and meet the minimum admission requirements but have not submitted all the necessary documents may be admitted under temporary status. This admission is valid for only one term. Students must apply for and be admitted as a degree or non-degree student before being allowed to register for additional terms.

Visiting Scholar Status
This status designates a student, seeking a degree at another institution, who takes one or more classes at Marquette University with the intention of transferring the earned credits. Evidence of the student’s status and academic performance at the other institution will be required, although submission of official transcripts may not be necessary.

Visiting scholars may apply for federal financial aid through the student’s home school or through Marquette. Students applying for aid through Marquette must request a Consortium Agreement from the Office of Student Financial Aid. When the completed form is returned to Marquette, the student will become eligible for federal financial aid and the Office of Student Financial Aid will process the student’s FAFSA. Students applying for federal aid through their home institutions should consult their home institutions for their application policies and procedures.

General Admission Requirements
Only applicants whose total record indicates that they can make independent, original and high quality contributions to knowledge will be admitted. Departments reserve the right to limit the number of students accepted within a given time period.

All applicants should have:

- A bachelor’s degree from a recognized college or university, or the equivalent foreign degree.
- At least a B average (3.000 grade point average on a 4.000 scale).
- Course work suitable for the desired graduate program (applicants with a bachelor’s degree but not the necessary course work should consult the Office of Undergraduate Admissions, [414] 288-7302 or [800] 222-6544, or the Undergraduate Bulletin, for information about Special Student Status).
Some programs require professional experience in addition to a bachelor’s degree. See the Graduate School Programs section of this bulletin for more information.

In addition, no application for admission will be considered for any applicant with an outstanding balance of $3,000 or more owed to the university.

**Submitting an Application**

All applications for admission must be submitted online. A link to our online application can be found at marquette.edu/grad.

**Program Information**

An applicant’s program may have special requirements of background, tests, personal statements, other materials, and application deadlines. Check the Graduate School Programs section of this bulletin for information and requirements specific to each program or see requirements on the Web at marquette.edu/grad/programs_apps.shtml. Applicants are responsible for meeting and submitting all of their program’s application requirements.

**Application and Financial Aid Deadlines**

Applicants are admitted to the Graduate School on the recommendation of the intended department and the approval of the vice provost for research and dean of the Graduate School.

Applications for admission to programs that have no deadlines listed in the Graduate School Programs section of this bulletin must be received in the Graduate School by Aug. 1 for fall admission (June 1 for international applicants), by Dec. 15 for spring admission (Nov. 1 for international applicants), and by May 1 for summer admission. If the program has a listed application deadline, all application materials must arrive before that date. Admission to the program is valid only for the term specified on the application, unless a deferral is requested from the Graduate School before the start of that term. Deferral of admission may be requested by completing and submitting the Request for Deferral of Admission form available at marquette.edu/grad/forms_index.shtml. Note that deferral is for admission only, and not for financial aid. Applicants should check the Graduate School Programs section for more information.

Students applying to more than one program must submit a separate application and application fee for each program. The first-choice program of interest must be indicated on at least one of the applications.

The deadline for applying for merit-based Graduate School financial aid (assistantships and scholarships) is Feb. 15 for the following fall term, Nov. 15 for the following spring term and April 15 for the summer sessions. Deadlines falling on weekends or holidays will be extended to the close of the following business day. Some programs may have deadlines for fall admission that are earlier than the financial aid application deadlines. New applicants for financial aid in those programs must adhere to the earlier department deadlines that are listed in the Graduate School Programs section of this bulletin.

**Inactive Files**

Incomplete and inactive admission files are discarded after one year.

**International Student Requirements**

**Definition of an International Student**

An international student is defined as an applicant who is not a U.S. citizen or permanent resident.

**Application Instructions**

As described in the Application Instructions section later in this bulletin, international applicants are required to submit an application form, a non-refundable application fee, official transcripts with certified English translations, three letters of recommendation, test data, evidence of English proficiency (such as TOEFL), and other materials as required by the program to which they are applying.

**English Language Assistance**

All non-native English speaking teaching assistants will be required to take a language placement examination upon their arrival on campus. Based on the results of the exam, students may be required to enroll in one or more English as a Second Language (ESL) courses in addition to their required course work. ESL courses in writing, reading, listening comprehension, and speaking/pronunciation are offered during the fall and spring terms. (This requirement is in addition to the TOEFL requirement described in the Application Instructions section.) All international students with teaching assistantships (TAs) are also required to attend a one-week orientation program, where they are evaluated individually in language and communication skills before beginning course work.

**Financial Verification and Visa Regulations**

Upon acceptance to the Graduate School, F-1 students must adequately document their financial resources for the duration of the academic program before a visa will be issued. Financial verification, in the form of an appropriate sponsorship statement and an advance deposit (in U.S. currency), must be sent to Marquette before the certificate of eligibility for a visa will be issued. Students wishing to have their I-20 express mailed to them must put their request in writing and submit it along with the required advance deposits and financial verification paperwork. The added cost for express mail requests will be subtracted from the advance deposit. The express mail charge is non-refundable. The premium for the first term of health and repatriation
insurance, required of all F-1 and J-1 students, will be deducted from the advance deposit. Students must be prepared to pay any remaining balance of the first term's tuition when they arrive on campus. The advance deposit will be waived if the student receives a scholarship or other academic award that covers the cost of the first term's tuition. If a student chooses not to attend Marquette University after the I-20 has been issued, all but $10 (U.S. currency) will be refunded. A written request for a refund must be sent back to the Graduate School with the original I-20.

International students must abide by the regulations of their legal status in the United States regarding their defined educational objectives, academic load, and employment. Most international applicants are eligible only for regular degree status. Those seeking admission for non-degree status must obtain a statement of their legal eligibility from Marquette’s Office of International Education.

Application Procedures

It is the applicant’s responsibility to obtain information about all admission prerequisites and application requirements from the Programs section of this bulletin, from the Graduate School or department websites, or from the director of graduate studies in the proposed program. If the academic program has a deadline, it is to the applicant’s advantage to make sure that the application package is complete well in advance of the deadline.

The Graduate School requires all applicants to submit a complete application, a $50 application fee, and transcripts from all post-secondary institutions attended. Additional requirements are required for admission to most programs. Supplemental documents may be submitted to grad.admissions@marquette.edu.

Applications will not be reviewed for admission until all materials, including those requested by the proposed graduate program, have been received. Submit all application materials online, or if needed by mail to: Marquette University Graduate School, P.O. Box 1881, Milwaukee, WI 53201-1881; or by courier to: Marquette University Graduate School, 1324 W. Wisconsin Ave., Room 305, Milwaukee, WI 53233.

Official transcripts must come directly from all universities or colleges attended, including junior/community colleges, or delivered electronically directly to the Graduate School via a secured third party method that has been verified by the sending institution. Official test scores must also come directly from the applicable testing service.

Students are strongly advised to submit the application for admission before having other application materials sent. Receipt of the application in the Graduate School before other application materials ensures that all documents will be matched to the application quickly and accurately. If supporting documents are submitted to the Graduate School before the application has been received, processing of the documents and review of the application file can be delayed. It is to the applicants’ advantage to ensure that the application is submitted before any additional documents.

All applicants must submit the following:

- A completed online application form.
- A non-refundable application processing fee (U.S. currency only) of $50.00. Note: The application fee is waived only for alumni of the Marquette University Graduate School, including graduates or students who have taken courses in the past without graduating. In order to receive the waiver, applicants must have previously taken courses while classified as a graduate student in one of the programs under the umbrella of the Graduate School, and does not include the Graduate School of Management, Law School, College of Health Sciences, or School of Dentistry.
- A letter notifying the Graduate School if the last name (family name) on the transcripts or test scores is different from the name on the Graduate School application.
- Official Transcripts: The Graduate School requires official transcripts detailing previous academic study from all universities or colleges attended. Transcripts are not considered official unless they are sent directly to the Graduate School from the institution attended, or delivered electronically directly to the Graduate School via a secured third party method that has been verified by the sending institution. Transcripts will be considered unofficial if routed through the applicant. Applicants with course work in progress toward the fulfillment of a degree are required to submit an official final transcript verifying receipt of their degree after completing the course work. All applicants who have transcripts in a language other than English must provide official transcripts in addition to certified English translations.
- Applicants who previously attended Marquette University need not request Marquette transcripts but are required to furnish transcripts from other schools they attended.
- Letters of Recommendation: Applicants should check the Programs section of this bulletin for information about the number of letters of recommendation needed, if any. Letters of recommendation from former professors are preferred and should comment on the applicant’s past academic record and potential for future success. Most programs do not require special forms or format. However, the nursing, counseling, and counseling psychology programs require special forms for recommendation submission. Letters of recommendation should be submitted online as part of the online application system. Letters of recommendation, if not submitted online, may be sent as an email attachment to grad.admissions@marquette.edu.
- Applicants applying for financial aid through the Graduate School must submit three letters of recommendation and check the financial aid box on the application (see the Financial Aid section of this bulletin).
- Permission to discuss the applicant’s file with a third party (optional): Applicants who are unable to speak directly with an admissions counselor (due to distance, expense, etc.) may give the Graduate School permission to communicate with a third party. Marquette University requires that this request be made in writing, be signed by the applicant, and specify the name(s) of the third party.
- Additional application materials as requested by the program: It is the applicant’s responsibility to obtain information about any additional requirements from the Programs section of this bulletin, from the Graduate School or department websites, or from the director of graduate studies in the proposed program.
• Test Data: One or more tests may be required as part of the admission process. Consult the Programs section of this bulletin or the program requirements at marquette.edu/grad/programs_apps.shtml for information specific to the applicant’s proposed program. Regardless of the test, all scores will be considered unofficial until the Graduate School receives the official scores from the testing agency. Copies of test scores issued to the applicant are considered unofficial.

The Graduate School urges applicants to take higher education assessment tests well in advance of the date the scores are needed. It usually takes at least six weeks for scores to reach the Graduate School office after the exam. Assessment test scores should be relatively recent; scores more than five years old (two years for English proficiency exams) may not be accepted.

Graduate Record Examination (GRE)

Most graduate programs request a GRE (General Test) score. Departments may require applicants to take a “Subject” (advanced) GRE Test. Consult the Programs section of this bulletin for specific information.

Test takers applying to the Graduate School must enter the code 1448 in the Score Report Recipient section of the GRE registration form. It is not sufficient to list Marquette as the institution. Failure to enter the correct code will delay the admission decision.

Proof of English Proficiency—International Students Only

International students whose language of instruction for their bachelor’s degree education (or master’s, if applicable) was not English must provide proof of English proficiency, displaying an adequate command of both written and spoken English. Programs through TOEFL, WESLI, ELS, and IELTS satisfy this requirement. Applicants should consult the Graduate School Programs section of this bulletin for any specific information. Test scores may not be more than two years old.

Students already holding a Marquette master’s degree may earn a second Marquette master’s degree in another discipline by applying for and receiving admission, and by completing all of the requirements necessary for the second master’s degree.

During the first term of study of the second master’s degree, students must complete a Master’s Program Plan Form, have it approved, and submit it to the Graduate School. Additionally, if students intend to request and transfer credits from their first master’s degree, they must complete the Master’s Degree Transfer of Credit Request form, available online at marquette.edu/grad/forms_index.shtml. Between 9 and 15 credits may be transferred from the first master’s degree, depending on the total number of credits required to complete the second master’s degree. Normal transfer credit policy will apply. Credits to be transferred in must normally have been earned within six years prior to admission into the second master’s degree. For more information, see Transfer of Credit under Academic Regulations.

Readmission

Students who have been discontinued due to failure to enroll for one or more semesters and who otherwise were performing in a satisfactory manner may apply for readmission by email to the Graduate School via the department. The director of graduate studies or chair of the department will endorse the request either positively or negatively, and will forward the request to the Graduate School for processing. To be readmitted, students must receive departmental endorsement, pay all fees in arrears, and be in good financial standing with the Bursar.

Students who have withdrawn from the university, were dismissed from their program, or who were suspended for any reason must be formally readmitted to the Graduate School before resuming their studies. To be readmitted, students must receive departmental endorsement, pay all fees in arrears, and be in good financial standing with the Bursar. Furthermore, no application for readmission will be considered for any former Marquette student with an outstanding balance of $3,000 or more owed to the university. The vice provost for research and dean of the Graduate School and the major department jointly decide if a student will be readmitted.

The request for readmission from students who have been Required to Withdraw for Academic Reasons (academically dismissed) must include the Appeal Academic Dismissal/Satisfactory Academic Progress form. (http://www.marquette.edu/mucentral/registrar/documents/Form-GSAppealAcademicDismissalSatisfactoryAcademicProgress.pdf)

Students who are dismissed for failure to register must request readmission in writing to the Graduate School via their home departments. The request must include an explanation as to why they failed to register.

The request for readmission from students who have been dismissed or suspended for reasons other than academic dismissal must include a statement by the student addressing previous weaknesses, steps taken to correct the weaknesses, and an explanation of why the student feels he or she has the ability to succeed in graduate studies. No student may be readmitted to a program that is no longer active at the time of readmission.

In being readmitted, students face the possibility that previously completed work might not be accepted with the readmission decision, even if taken within the same program. The major department and vice provost for research and dean of the Graduate School may also set readmission conditions on the student’s resumption of work toward a degree, such as registering for additional course work, retaking examinations, completing the degree within a specified time period, or other appropriate terms.
Academic Regulations

Academic Honesty Policy

Preamble

Marquette University is committed to developing the whole person, spiritually, mentally, physically, socially, and ethically. As an institution of higher education, love of truth is at the center of the university’s enterprise, and academic honesty, in all its forms, is an explicit value of the university. The development and practice of academic honesty and integrity, both inside and outside the classroom, are expectations for all members of the university community. In order to cultivate academic honesty in its students, instructors take every opportunity to help students appreciate both the process and the principles of academic integrity.

Academic honesty can be best understood by academic ethical standards guiding faculty in their work. That is to say, an individual’s contributions, in terms of words and scholarly findings, belong to him or her alone. Furthermore, the integrity of that which one claims to be scholarly knowledge rests on the accurate demonstration of the assumptions and reasoning that produced it. These standards are used as the implicit basis for teaching and learning in the university.

In order for instructors to fairly assess the quality and quantity of a student’s learning as determined by work that students represent as their own, a relationship of trust between instructor and student is essential. Because violations of academic integrity most often involve, but are not limited to, efforts to deceive instructors, they represent a breach of the trust relationship between instructor and student, and undermine the core values of the university.

Responsibility for Academic Honesty

This policy applies to all undergraduate programs and to students and faculty in programs under the auspices of the Graduate School. Graduate School generically refers to all graduate and professional schools and students, and terms such as associate vice provost or associate/assistant dean will refer to the appropriate official in the other colleges/schools. Graduate School students should appeal to the Graduate School while professional students should appeal to the appropriate person in their college or school, i.e., Graduate School of Management or College of Health Sciences. School of Dentistry and Law School students must follow the appeal processes put forth by their respective schools.

ACADEMIC HONESTY consists of truth telling and truthful representations in all academic contexts. All members of the academic community have a responsibility to ensure that academic honesty is maintained. In what follows the wording “chair” refers to either a department chair or an equivalent official, “associate dean” refers to either an associate dean or an equivalent official, or in the case of the Graduate School it will refer to the assistant vice provost for graduate programs, the word “college” refers to a college, school, or other academic unit, and the words “assigned college” refers to the degree granting college or school (i.e. for graduate students the assigned college is the Graduate School).

Faculty have primary responsibility for:

1. Upholding and enforcing university-wide principles of academic honesty and integrity and informing students of these principles including any qualifications that may be operative in the classes they are teaching.
2. Reporting all instances of academic dishonesty to the associate dean of the college offering the course to help determine the appropriate process for the review and action to be taken.
3. Minimizing opportunities for academic dishonesty in their courses.
4. Confronting students suspected of academic dishonesty in a way that respects student privacy.
5. Affording students accused of academic dishonesty the right to appeal any resulting disputes to disinterested parties for hearing and resolution.
6. Assigning an appropriate grade to a student who engages in academic dishonesty.
7. Protecting the anonymity of any student reporting an incident of academic dishonesty to the extent permitted by due process required for the accused and other legal requirements.
8. Maintaining careful documentation of the incident.

Students have responsibility for:

1. Refraining from cheating and plagiarism.
2. Refusing to aid or abet any form of academic dishonesty.
3. Notifying professors and/or their adviser about observed incidents of academic misconduct. The anonymity of a student reporting an incident of academic dishonesty will be protected to the extent permitted by law.

Definitions of Academic Dishonesty

ACADEMIC DISHONESTY applies equally to electronic media and print, and involves text, images, and ideas. It includes but is not limited to the following examples:
Cheating
1. Copying from others during an examination.
2. Communicating exam answers with other students during an examination.
3. Offering another person’s work as one’s own.
4. Taking an examination for another student or having someone take an examination for oneself.
5. Sharing answers for a take home examination or assignment unless specifically authorized by the instructor.
6. Tampering with an examination after it has been corrected, and then returning it for more credit.
7. Using unauthorized materials during an examination.
8. Allowing others to do the research and writing of an assigned paper (including use of the services of a commercial term paper company).

Dishonest Conduct
1. Stealing or attempting to steal an examination or answer key from the instructor.
2. Changing or attempting to change academic records without proper sanction.
3. Submitting substantial portions of the same work for credit in more than one course without consulting all instructors involved.
4. Intentionally disrupting the educational process in any manner.
5. Allowing another student to copy off one’s own work during a test.

Plagiarism
Plagiarism is intellectual theft. It means use of the intellectual creations of another without proper attribution. Plagiarism may take two main forms, which are clearly related: 1. To steal or pass off as one’s own the ideas or words, images, or other creative works of another and 2. To use a creative production without crediting the source, even if only minimal information is available to identify it for citation.

Credit must be given for every direct quotation, for paraphrasing or summarizing a work (in whole, or in part, in one’s own words), and for information that is not common knowledge.

Collusion
Any student who knowingly or intentionally helps another student perform any of the above acts of cheating, dishonest conduct, or plagiarism is subject to discipline for academic dishonesty.

Research Misconduct
Marquette University has a duty to ensure the integrity of research and will respond to any allegation of research misconduct in a thorough, competent, timely, objective, and fair manner. Research misconduct is defined as fabrication, falsification, or plagiarism in proposing, performing, or reviewing research, or in reporting research results. The research misconduct policy applies to faculty, students, and others who are employed by or affiliated with Marquette University. Students who are accused of misconduct related to grant-funded research shall be governed by the procedures of the research misconduct policy (http://www.marquette.edu/orsp/documents/ResearchMisconductPolicy1_09.pdf). Students who are accused of misconduct related to research that is not grant-funded and is a part of a student’s academic program will be governed by the University Policy on Academic Honesty, found at marquette.edu/mucentral/registrar/policy_honesty.shtml. Any uncertainty related to which policy will govern a given situation will be decided by the research integrity officer.

Consequences of Academic Dishonesty
Regardless of how alleged acts of academic dishonesty are brought to light, faculty and instructors retain the responsibility and the authority to investigate all allegations, although, as outlined below, university administrators may lead these investigations. Because the consequences for academic dishonesty can be severe, the decision to penalize a student for such infractions must be the result of a thorough review. The procedures to be used for adjudicating suspected acts of academic dishonesty are determined by the nature of the misconduct and the seriousness of the offense.

Procedures for Incidents of Academic Dishonesty
Students found committing acts of academic dishonesty will be subject to the Marquette University procedures for incidents of academic dishonesty. In what follows the wording “chair” refers to either a department chair or an equivalent official, “associate dean” refers to either an associate dean or an equivalent official, or in the case of the Graduate School it shall refer to the assistant vice provost, the word “college” refers to a college, school, or other academic unit, and the words “assigned college” refers to the college granting the degree (i.e. for graduate students the assigned college is the Graduate School).

Incident Overview
Many, perhaps most, incidents of academic dishonesty involve accusations which are based on clear evidence and which are not contested by the accused student. In such cases, if the infraction is relatively minor, it is most appropriate that the matter be resolved between the student, the faculty member, and the chair of the department offering the course.
When a faculty member has evidence of a student’s academic dishonesty, the first step is for the faculty member to consult with the associate dean of the college that offers the course to determine the process to follow in making a determination. The faculty member must then initiate communication with the student within 15 calendar days of discovering evidence of academic dishonesty. The faculty member must then present the evidence to the student in a private meeting, always with a facilitator present (e.g., department chair or designee). This meeting should take place within 15 calendar days of the student being notified of the allegation or as soon thereafter as possible. If, after this meeting, it is decided that the student did participate in academic dishonesty the faculty member may follow up with one or more of the following actions:

1. Issue a reprimand to the student
2. Require repetition of the questionable work or examination
3. Reduce the grade on the questionable work or examination (faculty can reduce the grade down to and including an F or zero)
4. Recommend that the student be administratively withdrawn from the course
5. Recommend that the student be given a final grade of F for the course

The faculty must maintain careful documentation of the incident.

It is essential that any disciplinary action be reported in writing to the student in a letter from the faculty member. The faculty member should also have previously consulted with his or her associate dean for questions about appropriate discipline and the form and content of the letter before it is sent to the student. Reference to the “Marquette University Policies on Academic Honesty” should be included in the letter. The letter to the student must be sent out within 15 calendar days of the meeting and may be sent by e-mail with settings for “notify sender of receipt and of opening”. At the same time the letter is sent to the student, a copy must be sent to the department chair and associate dean of the college offering the course. In turn, within 5 working days, the associate dean of the college offering the course will communicate in writing details of the incident to the associate dean of the student’s assigned college, to ensure that penalties assessed are commensurate with the offense and that repeated infractions can be detected and dealt with appropriately. The associate dean of each college is responsible for maintaining confidential records concerning academic dishonesty of students enrolled in that college. All letters reporting faculty imposed academic penalties for academic misconduct will be included in these files.

In most incidents the disciplinary response and procedure for incidents of academic dishonesty concludes at this step.

**Student’s Appeal**

Students have the right of appeal of the allegations of academic dishonesty and the disciplinary actions of the instructor if the student believes the alleged incident of academic dishonesty and/or resultant academic discipline to be unfounded, biased, or capricious. In this case the student should submit a formal written appeal stating the grounds for appeal and available documentation to the associate dean of the college offering the course within 15 calendar days of the notification of the instructor’s decision. Upon receipt of the appeal the associate dean may convene a review of the student’s actions by a college panel. The associate dean and/or panel reviews the details of the student’s actions and may ask to speak to the student, the instructor, the chair of the department offering the course, associate deans, and others. The associate dean of the college offering the course will determine the appropriate disciplinary action and, within 15 calendar days of receipt of the appeal, will provide a written statement to all parties concerned.

**Disciplinary Recommendations by Faculty of ADW or F**

If the faculty member recommends that the student be administratively withdrawn from the course and assigned a final grade of ADW or that a final grade of F be assigned, the associate dean of the student’s assigned college (the assistant vice provost for graduate programs) will review the details of the incident and make the final decision within 5 working days of receipt of the request, and provide a written statement to all parties concerned.

Students have the right to appeal the decision of the associate dean to issue grades of ADW or F to the dean of the student’s assigned college (the dean of the Graduate School in the case of graduate students). This appeal must be made within 15 calendar days of the notification of the grade change. The final decision to uphold or modify the action of the associate dean will be provided to the student and associate dean within 15 calendar days of receipt of the appeal. The decision of the dean is final.

**Repeat or More Serious Offenses**

When the associate dean (in the case of graduate students to the assistant vice provost for graduate programs) of the student’s assigned college is aware of or determines that the student has engaged in multiple incidents of academic dishonesty or the incident in question is of a more serious nature he/she will convene a review of the student’s actions by a college panel within 15 calendar days of learning of the most recent incident. In the case of graduate students, such a panel will be composed of a sub-committee of the University Board of Graduate Studies. More serious incidents may involve repeat offenses, cause injury or harm to others outside the academic community, or other actions deemed to warrant additional consideration. These incidents of academic dishonesty call for more serious disciplinary action up to and including campus wide sanctions of suspension or expulsion. Where incidents involve possible violations of the University Code of Conduct, in addition to the alleged academic dishonesty, consultation with the Office of Student Development is recommended.

Each college will have guidelines for the composition and selection of the college panel to assure a review by experienced faculty and/or administrators not directly involved in the incident(s). The panel reviews all aspects of the student’s record, the details of the student’s behavior and may ask the student, instructor(s), and others to speak with the panel. Within 15 calendar days of being given the charge, the panel will forward its recommendations for appropriate and just disciplinary action to the associate dean (in the case of graduate students to the assistant vice provost for graduate programs) of
the student’s assigned college with a copy to the dean. All disciplinary decisions that involve a campus wide sanction, such as suspension or expulsion, will be made by the dean of the student’s assigned college with all other actions being taken by the associate dean.

Within 15 calendar days of receiving the panel’s recommendation, the associate dean or dean, as appropriate, makes the decision known to the student via written documentation that includes a description of the academic dishonesty, the process the decision went through, the resulting decision and appeal procedures. A copy of the decision is placed in the student’s academic file with a copy provided to the Office of the Provost.

Students have the right of appeal of the allegation of academic dishonesty and the disciplinary actions of the associate dean or the dean of the student’s assigned college. Such appeals must be made within 15 calendar days of receipt of the letter. Actions taken by the associate dean should be appealed to the dean of the student’s assigned college. The final decision to uphold or modify the action of the associate dean will be provided to the student and associate dean within 15 calendar days of receipt of the appeal. The decision of the dean is final.

For actions of the dean involving campuswide sanctions, such as suspension or expulsion, students have the right of appeal to the Office of the Provost. A formal written appeal stating the grounds for appeal and available documentation is to be submitted to the Office of the Provost within 15 calendar days of the notification of the decision of the dean. The provost or designee will conduct a review of the appeal materials, may seek additional information, and may consult with the student, faculty, chair(s), associate dean(s), deans, and others. The final decision to uphold or modify the action of the dean will be provided to the student and to the dean and associate dean of the student’s assigned college within 15 calendar days of receipt of the appeal. A copy of the provost’s decision will be placed in the student academic file. The decision of the provost is final.

Other Considerations

The associate dean may exclude students who have on file recorded acts of academic dishonesty, as defined by this policy, from consideration for academic honors at graduation. Exclusion from consideration for honors is not for the purposes of this policy to be considered a campuswide sanction.

Maintenance of Disciplinary Records

Records relating to academic dishonesty will be maintained by the Office of the Registrar to promote consistency of penalties for academic dishonesty and to ensure appropriate action against repeat offenders. The university will not release a student’s disciplinary records to any other person and/or entity, unless authorized to do so by the student in question or when compelled by law.

Professional Ethics and Standards

These procedures do not supersed or take the place of procedures established for students who violate professional standards applicable to a particular program or college. Separate procedures and/or outcomes may be invoked when students are found in violation of professional standards or codes of ethics related to special programs, licensure, or certification as determined by the program’s external or internal professional requirements. It is the student’s responsibility to know and follow these standards/codes of ethics, which are part of the student’s academic program. These special expectations and procedures, including the appeals process, will be provided to the student upon enrollment in the program, and are available in published form in the administrative offices overseeing these programs.

This policy evolved from a collaborative effort that included members of the Marquette University Committee on Academic Procedures, Marquette University Board of Undergraduate Studies, and the Marquette University Board of Graduate Studies. These groups would like to express their gratitude to the University of California–Irvine whose UCI Academic Senate Policy on Academic Honesty provided the framework for the resulting document.

Academic Performance

The Graduate School, as well as each academic unit, regularly evaluates the academic performance of its graduate students, adhering to the standards of Marquette University, the Graduate School, and the standards and requirements established by each academic unit and program. Students must earn acceptable grades and adhere to the requirements of academic honesty, professional integrity, and professional performance as well as continue to make satisfactory progress toward their degrees and meet the expectations of the Marquette University Student Conduct Code. The specific expectations related to each of these requirements are described at various points earlier in the Graduate School Bulletin and in the next section below.

Clinical Courses

By virtue of the special nature of clinical courses in health care and other human service fields, students will be held to clinical and professional standards in addition to academic standards. If, in the opinion of the supervising faculty member, the student is falling short of expected levels of performance or professional behavior, the student may be removed immediately from the class. In many cases, the student will be counseled regarding the deficiency and will be given an opportunity to retake the class. However, depending on the type and severity of the deficiency, the student may be dismissed from the program and the Graduate School.

Satisfactory Progress Toward the Degree

Satisfactory academic work is not determined exclusively by course grades. All graduate degree students must also make substantial and visible progress toward their degrees. This includes successful completion of any required language examination that may be required, research or clinical training requirements, comprehensive or qualifying examination, thesis or dissertation. Failure to make continual and satisfactory progress toward one’s degree may result in a warning, probation, or dismissal.
Academic Censure

There are five categories of student performance problems that can lead to some form of censure. These problems may be identified at any point during the academic year, though a systematic review of all students’ course grades is also conducted at the end of each academic term. The review of other, non-course grade problems is typically conducted on an individual basis as issues arise. A finding of significant problems in any of these areas can result in a warning, probation, suspension, dismissal, or expulsion, depending on the nature and severity of the problems identified. All of these statuses are maintained permanently on the student’s academic record; only dismissal and expulsion, however, appear permanently on Marquette University’s official transcript. If a student is reinstated following a dismissal, that notation will also permanently appear on the student’s official transcript. The statuses that will appear permanently on a student’s official transcript include those listed (in bold type) below. Also listed are examples of applicable requirements.

- **Required to Withdraw for Academic Reasons** (e.g., failing to maintain a minimum GPA of 3.000; see the section below)
- **Required to Withdraw for Academic Misconduct** (e.g., academic dishonesty; see http://bulletin.marquette.edu/grad/theschool/policies/)](http://bulletin.marquette.edu/grad/theschool/policies/)
- **Required to Withdraw for Non-Academic Reasons** (e.g., violations of the Student Conduct Code; see http://www.marquette.edu/osd/policies/activities/conduct/index.shtml)
- **Required to Withdraw for Unsatisfactory Degree Progress** (e.g., failing to meet the 8-year time limit for completing a doctoral degree, a second failure on a comprehensive or qualifying exam; see the Satisfactory Progress Toward the Degree section above)
- **Required to Withdraw for Professional Performance Reasons** (e.g., unsatisfactory performance in clinical programs; see http://bulletin.marquette.edu/grad/theschool/policies/)
- **Required to Withdraw for Professional Integrity Reasons** (e.g., violations of professional integrity or an applicable ethics code; see http://bulletin.marquette.edu/grad/theschool/policies/)
- **Reinstated on Probation** (following a successful appeal of a dismissal)

Academic Grade Requirements

All students in the Graduate School are expected to maintain a minimum cumulative grade point average (GPA) of 3.000 in all Marquette course work. These are minimum standards for grades; individual programs may specify higher standards to which students will be held by the programs. Any higher standards specified by individual programs are noted in program handbooks.

Academic Probation and Dismissal

Students who do not meet the GPA requirements listed below will be academically dismissed (i.e., *Required to Withdraw for Academic Reasons*) and they will also be found to have failed to meet the financial aid requirements for making *Satisfactory Academic Progress*. These students will be dropped from any future terms in which they may be registered, will not be eligible to receive financial aid, and will be required to return any financial aid that may have been distributed since the grades were received.

- Students who have attempted 9 or fewer credit hours must maintain a cumulative GPA of at least 2.500.
- Students who have attempted more than 9 credit hours must maintain a cumulative GPA of at least 3.000.

Students who obtain a cumulative GPA of at least 2.500 but less than 3.000 in their first 9 attempted credits of course work will be placed on *Academic Probation* and will be notified that they will subsequently be dismissed if they fail to raise their cumulative GPA to 3.000 by the time they attempt more than 9 credits of course work. Attempted course work includes courses in which grades of W (Withdrawal), I (Incomplete), IX (Incomplete course work and final exam not taken), or X (final exam not taken) are obtained.

Students who receive an F or U in any course, whether for credit or not, will either be placed on probation or be dismissed even when their cumulative GPA is 3.000 or above. Depending on the nature and seriousness of the reasons for receiving the F or U, a student may be dismissed for failing to meet expectations for professional performance, professional integrity, academic honesty, or the other categories of withdrawal reasons noted above. If the student is not dismissed, he or she will be placed on *Academic Probation* which will often include specific conditions that must be met to avoid additional academic censure after the next fall, spring, or summer term.

Students whose grades fall below 3.000 in any individual term, even though their cumulative GPA remains above 3.000, will receive notice alerting them of the potential for dismissal if their grades fall further. This notice does not affect a student’s ability to register for courses for the next term, but is given to encourage students to avoid academic censure in the future.

In addition to the above requirements, students must complete at least 75% of their cumulative credit hours attempted to retain eligibility for financial aid. The Office of Student Financial Aid conducts a review at the end of each spring term to identify students who fail to meet this requirement for *Satisfactory Academic Progress*. Students failing this requirement are allowed to continue at Marquette University, but they will not be eligible to receive any federal financial aid unless their case is appealed and overturned (see appeals process below). Failing to meet this requirement is not an academic censure (unless it is also found to comprise unsatisfactory degree progress), but it is noted here because it can affect students’ ability to continue in their program. Refer to the complete Financial Aid Satisfactory Academic Progress policy (http://www.marquette.edu/mucentral/financialaid/resources_elig_standards.shtml) on the Office of Student Financial Aid website, which provides additional information on SAP.
Appeals

Students have the right to appeal the imposition of any sanctions due to unsatisfactory academic performance, findings of academic dishonesty, unsatisfactory professional integrity or performance, or student misconduct. The point of appeal is dependent upon who has the responsibility for imposing the sanction. For example, cases of academic dishonesty are governed by Marquette University’s Academic Honesty Policy.

Appeal of Dismissal for Required to Withdraw for Academic Reasons

A student who has been dismissed for failing to meet the cumulative grade point requirements stated in the previous section may appeal the dismissal by completing and submitting one form which addresses both the Required to Withdraw for Academic Reasons (RWAR) and the Satisfactory Academic Progress (SAP) issues.

The RWAR/SAP appeal forms are posted on the Marquette Central website, at http://www.marquette.edu/mucentral/registrar/policy_forms.shtml, and include all of the required information the student must submit in order to have his or her appeal reviewed. The appeal form must include an academic plan that addresses how the student’s academic deficiencies will be addressed and how the student will regain satisfactory academic standing. The plan must be measurable and ensure that the student is able to meet Marquette’s academic standards by a specific point in time. The plan should include courses to be taken, expected grades, and a time frame to complete the outlined objectives. This plan requires the approval of the student’s director of graduate study (DGS), signed by the DGS’s signature on the form, before it can be submitted to the Graduate School.

The completed appeal form is submitted to the associate dean of the Graduate School, the person who makes the final decisions on all RWAR/SAP appeals. If the appeal is approved, the student will be Reinstated on Probation and the DGS and the Graduate School will monitor the plan that was specified on the appeal form. The student will also become eligible for financial aid at this time. During the subsequent academic term, however, should the student not fulfill all of his or her obligations as outlined in the plan, the student will be evaluated by the Graduate School and a determination will be made regarding whether the student will be allowed to continue in his or her program or placed on another term of probation.

Appeal of Dismissal for Other (Non-GPA) Reasons

Students dismissed for reasons other than cumulative grade point average or academic dishonesty may appeal their dismissal using the procedures described below. (Students dismissed due to unsatisfactory cumulative grade point average may appeal their dismissals using the procedure described in the section above, and students who are dismissed due to academic dishonesty may appeal their dismissals according to the policy found above or via http://bulletin.marquette.edu/grad/thegraduateschool/policiesofthegraduateschool/#academichonestypolicy.)

Within 10 days after the date of the dismissal for reasons other than cumulative grade point average or academic dishonesty, a student may appeal the decision by submitting a letter of appeal to the dean of the Graduate School. The dean of the Graduate School will decide whether to hear the appeal alone or to convene a meeting of a subcommittee of the University Board of Graduate Studies to weigh the appeal materials and to obtain testimony delivered live to the subcommittee by the student and academic unit representatives. Situations dealing only with substandard academic performance will typically be considered by the dean, whereas issues dealing with an alleged violation of rights or procedures may be referred to a subcommittee of the UBGS. If referred to a subcommittee of the UBGS, the recommendation of the subcommittee as well as all materials provided to the subcommittee by the student and the academic unit will be considered by the dean of the Graduate School, whose decision on the appeal is final.

Dismissed students may apply for readmission by following the procedures found in the Admission and Readmission section of this bulletin.

Academic Programs Defined

An academic program is a combination of courses and related activities organized for the achievement of specific learning outcomes as defined by the university. This includes programming at both the undergraduate, graduate and professional level and consists of degrees, majors, minors, concentrations, specializations and certificates.

Degree Program: An academic program of study leading to a bachelor’s, master’s, Ph.D. or professional degree. All degree programs require a minimum number of semester credit hours, as referenced in the official bulletins of the university that are produced each academic year.

Major: A comprehensive course of study in a given discipline at the undergraduate level. A minimum of 30 semester credit hours must be earned in the major.

Minor: A course of study in a discipline or interdisciplinary cluster at the undergraduate level that is other than the student’s major area of study. A minimum of 18 semester credit hours must be earned in the minor.

Concentration: A sub-set of a discipline organized in clusters of focused courses taken within an undergraduate major. A minimum of 9 semester credit hours must be earned in the concentration.

Specialization: An integrated, coherent set of courses that define a limited topic or field of study at the graduate level that is taken within the degree program. A minimum of 12 semester credit hours must be earned in the specialization.

Certificate: A post-baccalaureate or post-master program of study offered at the graduate level, in which a specific skill set is demonstrated at the end of the program, usually culminating in a capstone course. In order to earn a certificate, the program of study must be offered apart from a degree; however,
the courses in a certificate program may be applied toward a graduate degree program. A minimum of 12 semester credit hours must be earned in a certificate program.

Advising

In the admission letter, the Graduate School notifies each student to contact his/her department for identification of the assigned adviser and for advising prior to registration. All students should meet or talk with the adviser before registering for classes. The Graduate School strongly recommends that students meet regularly with their advisers; an adviser plays an important role in the graduate student’s course of study. An adviser’s signature is required on most forms submitted to the Graduate School and a student’s program of study is not valid until it has been approved by both the adviser and the Graduate School. Students who want to change advisers should check with their department for additional information and instructions. Non-degree and temporary graduate students are normally not assigned academic advisers. Students in these categories who need assistance should contact the department in which they will focus their course of study.

Assistantships and Fellowships

All graduate students that receive merit-based graduate assistantships and fellowships must be full-time students in the term in which they receive the aid. All graduate students that receive merit-based scholarships from the Graduate School are not required to be registered full time. For assistantships, full-time status can be achieved by taking six credits of course work plus Graduate Assistant Teaching, Graduate Assistant Research or Graduate Fellowship, depending on the award received. The following course numbers will be used in conjunction with the department acronym:

- Graduate Fellowship (full-time, FT) = 9974
- Graduate Assistant Teaching (full-time, FT) = 9975
- Graduate Assistant Research (full-time, FT) = 9976

Students may use their assistanship funding to pay for Graduate Assistant Teaching, Graduate Assistant Research or Graduate Fellowship course fees. It is not required that all TAs and RAs be registered for one of these continuation courses; if a student already meets full-time status based on course work, then these continuation courses need not be used to obtain full-time status.

Registration Procedures

Teaching and research assistants, and recipients of scholarships or fellowships, must register for the appropriate course, which will be graded on an SNC/UNC basis. Registration will require the consent of the student’s adviser and department, which must be secured prior to registering.

Registration requires the following procedures:

1. The student and his/her adviser meet and complete the registration form.
2. The student will be given a permission number to be used during the registration process.
3. The student registers via CheckMarq for the appropriate course, using the permission number received.
4. The completed and approved form shall be delivered to the Graduate School.

Background Checks, Drug Testing

Some degrees, majors and/or courses may require a student to submit to a criminal background check and/or drug testing. The results of those checks and/or tests may affect the student’s eligibility to continue in that degree and/or course.

Commencement

Commencement at Marquette is a symbolic ceremony provided for students, faculty and families in celebration of our students’ accomplishments. Following is the policy on when a student may participate in the spring or winter Commencement.

1. Students may participate in only one university Commencement per degree, and their names will only be published in the Commencement program in which they participated.
2. Spring Commencement:
   - Students who are in good academic standing, have met the appropriate graduation application deadline and will complete their degree requirements, including the official recording of any transfer work, by the end of the spring term will participate in spring Commencement.
   - Master’s students, who are in good academic standing, have met the appropriate graduation application deadline and will complete their degree requirements, including the official recording of any transfer work, by the end of the summer term and are pre-registered for those final requirements may participate in spring Commencement. This paragraph does not apply to doctoral candidates since they are not eligible to participate in Commencement until they have completed all degree requirements.
3. Winter Commencement:
• Students who are in good academic standing, have met the appropriate graduation application deadline and will complete their degree requirements, including the official recording of any transfer work by the end of the fall term will participate in winter Commencement.
• Students who completed their degree requirements in August and did not participate in spring Commencement will participate in winter Commencement.

4. Ph.D. Candidates:
To participate in spring or winter Commencement, doctoral candidates must have met the appropriate graduation application deadline, successfully defended their dissertation, received approval by their dissertation committee for any required revisions, submitted their dissertation to the Graduate School, and received approval of the dissertation format by the Graduate School before the published Academic Calendar deadline for the respective Commencement.

5. Students who participate in Commencement without completion of their degree requirements will have their names published in the Commencement program with a notation indicating the expected term of completion; however, these students will not have any graduation honors noted. This paragraph does not generally apply to doctoral candidates since they are not eligible to participate in Commencement until they have completed all degree requirements.

6. Degree conferral is certified by the official Marquette transcript noting the degree completion. Receipt of a diploma or the participation in Commencement does not constitute certification of degree conferral.

7. Any exceptions to this policy must be approved by the provost.

Conduct

Professional Integrity
To function properly and maintain high standards, academic and professional disciplines expect members to adhere to standards of conduct and professionalism. Marquette expects its graduate students, from the beginning of their work at Marquette, to demonstrate the utmost personal integrity and the highest standards of professionalism, including adherence to any commonly recognized codes of conduct or professional standards in the graduate student’s discipline. In dealing with the public or campus community, in clinics, practica, internships, classrooms or elsewhere, graduate students must adhere to these standards. Violations of these standards may be grounds for dismissal or other penalties.

Professional Performance
All students in professional, laboratory, or clinical settings must maintain fully professional behavior at all times. If, in the judgment of the academic unit, a student is not living up to the non-academic standards, and that deficiency is a first offense or an offense deemed to be less serious in nature, a warning letter may be issued by the department to the student. If, however, the unsatisfactory behavior is a repeat offense or is more serious in nature, a recommendation may be made to the dean of the Graduate School that the student be dismissed from the graduate program.

Student Conduct Code and Procedures
Graduate students are responsible for complying with the regulations and/or procedures of the Graduate School or the Graduate School of Management, as applicable, as well as those set forth in the At Marquette student handbook. Violations of regulations found in the student handbook will be administered by the Office of Student Development. Copies of At Marquette are available at the Office of Student Development or online at mu.edu/osd/policies/doc/Student_Handbook.pdf. If there is a conflict between the two applicable regulations or procedures, the Graduate School’s will govern. If there are multiple components to the case, they may be separated and reviewed independently by the appropriate authorities.

Confidentiality of Proprietary Information
The university recognizes that the primary purpose of research and scholarship is to train future scholars and disseminate new knowledge for the benefit of humankind. However, commercially valuable inventions and discoveries also may result. Graduate students, during the course of their studies and work at the university, may receive access to confidential or proprietary information from the university, its faculty and employees, and/or private companies. A student, both while a student and thereafter, is expected to respect and maintain the confidentiality of such information. In certain unusual cases, a student may be asked to sign an additional confidentiality agreement. Unauthorized use or dissemination of another’s confidential or proprietary information is subject to appropriate legal recourse and/or academic discipline, including termination from the program.

Intellectual Property
Students will acquaint themselves with the university’s Intellectual Property Policy, found at marquette.edu/orsp/documents/IntellectualPropertyPolicy.pdf. Marquette University students are subject to the policy when, working for pay or for academic credit, they participate in faculty research programs.

Continuous Enrollment
All graduate students in degree status must enroll in either: adviser-approved course work; thesis, professional project, or dissertation credits; one of the continuation courses; or a combination of these every fall and spring term until graduation to maintain their graduate student status. Graduate students who intend to graduate in August must enroll in one of the above courses during the summer term prior to their graduation. Students who fail to register for one of these terms will automatically be discontinued and must apply for readmission. Readmission requires departmental consent and the payment
of all fees in arrears. Continuation courses allow those graduate students who have completed their degree requirements but are still working on their thesis, project or dissertation to be considered full-, half-, or less than half-time students.

Every graduate student, except those with non-degree status, must be enrolled as a full-time, half-time, or less than half-time student each fall and spring term to maintain his or her status. Registration in the summer is only required if the student intends to graduate in August. A full-time load consists of 7 or more academic credits; half-time consists of 4-6.99 academic credits; and less than half-time consists of less than 4 academic credits. All degree graduate students must enroll in adviser-approved academic course work; independent study; field placement; graduate assistant teaching or research; thesis, professional project, or dissertation credits; comprehensive exam preparation; or graduate standing continuation credits. Degree students who fail to enroll for a fall or spring term will be discontinued and must request, by email, readmission to the Graduate School with the endorsement of the department.

**Thesis, Dissertation, or Professional Project Continuation**

Students who have completed all credit requirements for their degree but need to continue work on their thesis, dissertation or professional project may retain graduate status by enrolling in Master’s Thesis Continuation (9994/9995/9996), Doctoral Dissertation Continuation (9997/9998/9999), or Professional Project Continuation (9991/9992/9993). Each of these non-credit courses will allow students to be considered full-time, half-time, or less than half-time depending on the amount of work being completed on their project each term. Registration for Master’s Thesis Continuation, Doctoral Dissertation Continuation, or Professional Project Continuation requires completion of a registration form, identification of the type and amount of work to be done, and the approval of the student’s adviser or thesis/dissertation director (and director of graduate studies or chair if required by departmental policy).

**Field Placement Continuation**

Students who have completed all credit requirements for their degree but still must participate in a practicum or internship experience may retain graduate status by enrolling in Field Placement Continuation (9977/9978/9979). This non-credit offering will allow students to be considered full-time, half-time, or less than half-time depending on the amount of work being devoted to their placement each term. Registration for Field Placement Continuation will require the consent of the student’s adviser or thesis/dissertation director (and director of graduate studies or chair if required by departmental policy) and completion of a registration form outlining the number of hours a student will devote to the Field Placement Continuation.

**Graduate Assistantships**

Graduate assistants who enroll in six academic credits in a term may earn full-time status by enrolling in a non-credit Graduate Assistant Teaching (9975) or Graduate Assistant Research (9976) course. Graduate fellows may enroll in six academic credit hours plus a non-credit Graduate Fellowship course (9974) to maintain full-time status.

**Comprehensive Exam Preparation**

Students who are preparing for comprehensive exams may retain graduate status by enrolling in the appropriate Master’s Comprehensive Exam Preparation course (9984/9985/9986) or Doctoral Comprehensive Exam Preparation course (9987/9988/9989). These zero-credit courses are graded on an SNC/UNC basis, and they may be taken alone or in conjunction with for-credit courses.

The Comprehensive Exam Preparation course will normally be taken during the term in which the student anticipates taking the exam, and it may be taken only once. If the student either fails the exam or for some reason does not take the exam, the student should register for Graduate Standing Continuation (9970) for less than half-time status for the following term to retake or complete the exam.

**Graduate Standing Continuation**

Students who are not able to take academic courses in a particular session, but need to maintain active academic status, may take a non-credit course entitled Graduate Standing Continuation (9970). This offering is designed to allow graduate students to engage in such activities as completing preparation for comprehensive examinations or participating in other projects. This option is designated as less than half-time, cannot be used in conjunction with other courses, and will not qualify an individual for financial aid.

**Continuation Course Registration Procedures**

All continuation courses shall be graded Satisfactory (SNC) or Unsatisfactory (UNC) and charged at the stated fee by the Office of the Bursar as listed in the Tuition, Fees and Housing section of this bulletin. Any needed registration forms can be found on the Graduate School’s forms website at marquette.edu/grad/forms_index.shtml. Registration is as follows:

The appropriate registration form must be approved by the student’s adviser and director of graduate studies/chairperson, and the student must have registered for the course on or before the last day of registration.

Enrollment information may not be accurate for students who are not registered by the close of registration and may affect requests for information provided through the Office of the Registrar (such as enrollment verification requests from lending institutions, insurance companies, etc.).

Students enrolling in one of these courses must register to activate their desired status. Registration will require the consent of the student’s adviser and department, which must be secured prior to registering.
Registration requires the following procedures:

1. The student and his/her adviser meet and complete the registration form. An explanation of the student’s involvement in non-credit academic work is required.
2. The student will be given a permission number to be used during the registration process.
3. The student registers via CheckMarq for the appropriate course, using the permission number received.
4. The completed and approved form shall be delivered to the Graduate School.

Courses and Prerequisites

1. The prerequisites for any graduate program include an undergraduate major which has qualified the student for either research or academic work at advanced levels.
2. The courses described for each program are graduate offerings. These are numbered 6000-9999. Courses numbered 5000-5999 are courses that are taken for graduate credit, cross-listed with 4000-level undergraduate courses. The last three digits and titles of the 4000-level and the 5000-level cross-listed courses are identical. Prerequisites for undergraduate 4000-level courses, found in the Undergraduate Bulletin, may also be required for the 5000-level cross-listed courses. Undergraduates who anticipate eventual graduate academic work are eligible to take 5000-level courses.
3. All 5000-level courses are based on upper-division undergraduate courses that have been approved for graduate credit. With the approval of their department and the Graduate School, students may take a limited number of 5000-level courses and count them toward their degree requirements.
4. Some courses are listed with a variable number of credits (e.g., 1-3 credit hours). Usually the department or college determines the specific number of credits for these courses each term. This information is published on CheckMarq at marquette.edu/mucentral/registrar/snapshot prior to each registration. For a few variable credit courses, (e.g., master’s thesis, doctoral dissertation) the bulletin indicates the possible number of credits which might be taken during a given term. Students should consult with their adviser before registering for these types of classes to determine the appropriate number of credits for which to enroll.
5. The specific courses offered during any given term will be listed on CheckMarq for that term.

Course Load

The maximum academic course load for a graduate student is 13 semester hours of course work for fall or spring term. Residents in the graduate dental programs have higher limits. Seven hours are the maximum permitted for each of the summer sessions but no more than 13 credits for the entire summer term. Teaching or research assistants may register for a maximum of ten semester hours each fall or spring term and seven hours for each of the summer sessions. Overloads must have the approval of the Graduate School on the Credit Overload Request form, available on the Office of the Registrar’s website at marquette.edu/mucentral/registrar/reg_maximum.shtml.

Credit

The semester hour is the unit of academic credit used by Marquette University. Following is the minimally required contact hours for classes and is based on a 15-week semester:

1. Classroom Based Courses: must meet a minimum of 50 minutes per credit, per week, and an additional workload assigned to equal a minimum of 2 hours of course work/activity outside the classroom for each 50 minutes of meeting time (e.g., a minimum total of 170 minutes per credit, per week).
2. Blended and Non-Classroom Based Courses: must include some form of instruction, and/or homework, and/or activity that equals a minimum of 170 minutes per credit, per week.
3. Those courses that meet in a compressed format (i.e., fewer than 15 weeks), must make up the minimum of 170 minutes per credit, per week within the time frame of the course offering.

Semester hour credit is given only in accordance with descriptions for individual courses, as published in the Graduate Bulletin. No credit is given for a course in which a student has never registered.

Deadlines

All graduate students are responsible for ascertaining and meeting all deadlines listed in the Academic Calendar. This includes, but is not limited to: deadlines for registration, withdrawing from courses, graduation applications, comprehensive exams, theses, essays, projects and dissertations.

Diplomas

Diplomas are typically distributed at the May Commencement ceremonies. Any special arrangements for the mailing of May diplomas, etc., must be made directly with the Office of the Registrar. August and December diplomas are available for pick up or can be requested by mail from the Office of the Registrar. The Office of the President sends announcements to the names indicated on the Graduation Application that each graduating student submits online to the Graduate School. However, there is no limit to the number of family members and friends who may attend the university-wide
Commencement exercises; tickets are not needed. Department Commencement exercises, if occurring, may require tickets. For further information contact University Special Events at (414) 288-7431 or visit the Commencement website at marquette.edu/graduation/index.shtml.

Enrollment Changes

A student is responsible to ensure that his/her course schedule for each term accurately reflects the courses he/she plans to attend. A student may not attend courses in which he/she has not officially registered in CheckMarq. Changes in a graduate student’s enrollment are under the jurisdiction of the Graduate School. Most enrollment changes, i.e., adding and withdrawing from courses, can be done using the online registration system (CheckMarq) prior to the close of registration (typically the second Tuesday of the term). Instructions for adding or withdrawing from courses are available at marquette.edu/mucentral/registrar/reg_index.shtml. Instructions for using CheckMarq are available at marquette.edu/mucentral/registrar/reg_studentselfservice.shtml.

After the close of registration each term, the student must notify the Graduate School office directly and must complete appropriate forms before any enrollment change will become effective.

Students must be registered by the deadline to register for each session in which a class is offered, as outlined in the Academic Calendar (http://bulletin.marquette.edu/grad/academiccalendar). The university does not retroactively register students for courses after the deadline to register for a session or after a term is completed, and reserves the right to deny credit to any student who fails to officially register in any course within these time limitations. All courses for which the student is registered are subject to tuition and in some cases, additional fees. The student is responsible for any payment due on all officially registered courses, regardless of attendance.

Adding Courses

Students who must add one or more courses after the close of registration must submit a Request to Add a Course form, available online at marquette.edu/grad/forms_index.shtml. New courses will not be added to a student’s enrollment unless a completed Request to Add a Course form, with the signature of the course instructor, is returned to the Graduate School office by the student’s department. Late registration is not guaranteed. Because the deadline to register was missed, the Graduate School reserves the right to deny the registration, based on the circumstance that resulted in the student’s late registration request.

Dropping Courses

Students who, after the close of registration, decide to withdraw from one or more, but not all courses in a particular term or summer session must notify the Graduate School office by obtaining a Request to Drop a Course(s) form online at marquette.edu/grad/forms_index.shtml. Failure to officially withdraw from classes, according to established procedures and the withdrawal timelines, as published by the Bursar’s Office, will not relieve the student of responsibility to pay for any tuition/fees owed for such classes (http://www.marquette.edu/mucentral/bursar/withdrawal_index.shtml). Failure to officially withdraw from classes, according to established procedures and the withdrawal timelines, as published by the Bursar’s Office, will not relieve the student of responsibility to pay for any tuition/fees owed for such classes (http://www.marquette.edu/mucentral/bursar/withdrawal_index.shtml). In addition, the student’s withdrawal will be reported to the National Student Clearinghouse for purposes of canceling any loan deferments the student may be receiving at the time of withdrawal. It is extremely important that the student contact the Graduate School office as soon as the decision to withdraw is made. Changes will not be processed or be considered official until the appropriate forms, with all required signatures, are returned to the Graduate School office. Forms may be mailed, dropped off in person, or faxed to (414) 288-1902. Tuition refunds and W (Withdrawal) grades will be based on the date that the form is submitted to the Graduate School office, not on the date that the student last attended classes or signed the form.

A student who must withdraw from a course with a W (Withdrawal) grade must do so before the deadline date listed in the Academic Calendar. Due to excessive absences or other reasons, including failure to formally withdraw before the deadline, a student may be administratively withdrawn from a course and incur a grade of either ADW (Administrative Withdrawal), UW (Unexcused Withdrawal), WA (Withdrawn-Excessive Absences) or F (Failure). If a ADW, UW or WA grade has already been assigned, it will not be replaced with the W grade.

When withdrawing from any portion of a course load, students must carefully consider the ability of their remaining enrollment to satisfy any enrollment requirements to which they might be subject due to applications for student loans, loan repayment deferments, visas, etc. In the case of a UW grade, the fact that a student did not attend class does not relieve that student of the obligation to pay any tuition and/or fees that are due. Students assume responsibility for all consequences as a result of receiving any withdrawal grade. The consequences may include, but are not limited to: a delay in graduation, dismissal from the degree program, external institutions/entities viewing these grades as failing grades, loss of eligibility for certain scholarships and/or financial aid, loss of full-time status and/or loss of any refunds.

Withdrawing From All Courses for a Term

Students enrolled for one or more classes who, after the close of registration, decide to discontinue study for the term must notify the Graduate School office and complete a Request to Drop a Course(s) form. The same rules, procedures, and cautions for partial withdrawals also apply to complete withdrawals. (Refer to Dropping Courses, above.) Withdrawing from all courses will not automatically withdraw a student from a graduate program, but it might affect the student’s eligibility to register in subsequent terms.
Enrollment Status

Every graduate student, except those with non-degree status, must be enrolled as a full-time, half-time, or less than half-time student each fall and spring term to maintain his or her status. Registration in the summer is only required if the student intends to graduate in August. A full-time load consists of 7 or more academic credits; half-time consists of 4-6.99 academic credits; and less than half-time consists of less than 4 academic credits.

Family Education Rights and Privacy Act (FERPA)

In compliance with the Family Educational Rights and Privacy Act, Marquette University notifies its students each term of their rights to inspect, amend and prevent disclosure of their education records. In addition, Marquette’s policy regarding education records is printed in the At Marquette student handbook and copies may be obtained from the Office of Student Development in the Alumni Memorial Union, 329, or online at marquette.edu/mucentral/registrar/policy_ferpa.shtml.

Grade Appeals

All grade appeals shall be heard for the Graduate School by the school or college that teaches the course, following the rules of that school or college. Their decision is final, and no further appeal is available. In schools or colleges with a departmental structure, the appeal procedure usually begins with the department chairperson.

Grading System

The following letter grades and their achievement equivalents are used by instructors in the Graduate School to evaluate a student’s performance in a course. Grade points corresponding to each letter grade determine a student’s academic average and eligibility to graduate. Each grade, A through F, has a specific grade point value. The grade points earned in any course equal the grade point value of the grade multiplied by the number of semester hours credited. The grade point average (GPA) is found by dividing the total grade points earned by the total number of semester hours credited in those courses for which grade points have been assigned. Determination of the cumulative GPA will be based on all courses taken during the student’s graduate career, including prerequisite and repeated courses, if any. Note: Credits that are accepted for a Marquette degree, if transferred from another university, will not be included when calculating the student’s grade point average.

All graduate students must maintain a grade point average of at least 3.000 to graduate. (For the effect of F and U grades, refer to Academic Review.) Graduate students may not be assigned a CD or a D grade in any course whatsoever, including undergraduate courses.

Letter grades, with or without grade points, are used by marquette faculty to evaluate a student’s performance in a course. All grades described below, with the exception of the I, IC, IE, IX, and X grades are permanent grades and no additional work may be submitted once these grades are assigned.

Grade points are not affected by the following grades:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Defined</th>
</tr>
</thead>
<tbody>
<tr>
<td>ADW</td>
<td>Administrative Withdrawal; student was withdrawn from the course for administrative reasons, as determined by approved personnel of the university, including but not limited to the dean, or personnel of a committee involved in formal hearing and/or appeal process.</td>
</tr>
<tr>
<td>AU*</td>
<td>Audit, excluded from attempted units.</td>
</tr>
<tr>
<td>AUA*</td>
<td>Audit, included in attempted credits.</td>
</tr>
<tr>
<td>CR</td>
<td>Credit; equivalent of C work or better.</td>
</tr>
<tr>
<td>I</td>
<td>Incomplete; assigned on a pre-arranged basis, to allow completion of course assignments other than the final examination; the student’s performance in the course must merit this exception otherwise, the instructor will assign either a grade of F, or a passing grade that reflects both the quality of the work completed and the significance of the work which has not been completed.</td>
</tr>
<tr>
<td>IC</td>
<td>Course Incomplete; assigned to all students enrolled in a course, clinical, independent study/research, capstone, etc. that will not be completed by the grading deadline for the term in which the course is scheduled; changed to a letter grade by the faculty at the time of completion (no initiation needed by the student).</td>
</tr>
</tbody>
</table>
IE  Incomplete Extension; assigned by the college office to those students who are granted an extension to the deadline for removal of an I, IX or X grade.

IX  Incomplete course work and final exam not taken; assigned to a student who has incomplete course work and is absent from the final examination; must meet the criteria for both the I grade and the X grade; a student not qualifying for the IX will be assigned the grade of F.

NC  No Credit; equivalent of less than C work.

PI  A permanent grade assigned to those graduate students who do not have the temporary grades of I, IX, or X removed by the published deadline, or the IC and IE by the deadlines indicated below.

SNC  Satisfactory completion in a course bearing no credit; mandatory grade for all zero credit bearing courses.

UNC  Unsatisfactory completion in a course bearing no credit; mandatory grade for all zero credit bearing courses.

S  Satisfactory completion in a credit bearing competency-based course; equivalent of C work or better.

SY  A permanent grade indicating satisfactory work completed in the first term of a series of year-long courses, where grades are assigned only in the final course in the series.

U  Unsatisfactory completion of a credit bearing, competency-based course; equivalent of less than C work.

UY  A permanent grade indicating unsatisfactory work completed in the first term of a series of year-long courses, where grades are assigned only in the final course in the series.

W**  Official withdrawal; withdrawal initiated by the student, with approval of the vice provost for research and dean of the Graduate School.

WA  Withdrawn-Excessive Absences; withdrawal initiated by the faculty or college office due to excessive absences in the course.

X  Completed course work and final exam not taken; assigned to a student who is absent from the final examination and who might earn a passing grade in the course were he/she to take a delayed examination; both conditions must exist, or the student is assigned the grade of F; student receiving the grade of X must file a written explanation for the absence with his/her college office.

*  Refer to Audit, below.

**  Signifies an official withdrawal with the approval of the vice provost for research and dean of the Graduate School.

Note: Grades of CD and D are not approved for graduate students, including those in undergraduate courses.

ADW Grade

Any student who is administratively withdrawn from the university will receive this grade in all classes for the term/session. Likewise, any student who is administratively withdrawn from a single class will receive this grade in the class. Administrative withdrawal is an action normally taken by the university for disciplinary, conduct, lack of professional competence, or academic reasons other than low grades or lack of degree progress. This grade is assigned by the Graduate School or the Office of the Registrar, depending on the reason and the office requesting the administrative withdrawal. This grade will take precedence over any other grade assigned to the student. Students assume responsibility for all consequences that ensue as a result of receiving any withdrawal grade. These consequences may include, but are not limited to: a delay in graduation, external institutions/agencies viewing these grades as failing grades, loss of eligibility for certain scholarships and/or financial aid, loss of full-time status and/or loss of a refund.

Audit

Students must first register for a course via CheckMarq, then request the audit option from the Graduate School. The Audit Request Form on the Graduate School’s website marquette.edu/grad/forms_index.shtml is used for this request. The deadline to request the audit option for each session is listed on the University Academic Calendar. Students who have requested this option prior to the deadline to request this option for the session in which the class is offered are assigned the AU grade; students who have requested this option after the deadline to request this option for the session in which the class is offered are assigned the AUA grade. The AUA grade may affect the ability to repeat a class and satisfactory academic progress. Classes being audited are not charged at the normal tuition rate. Refer to the Tuition, Fees and Housing section of this bulletin for information on tuition rates.

CR/NC Grading

Under no circumstances may the undergraduate CR/NC option be exercised by a graduate student taking an undergraduate course for graduate credit.

S/U Grading

Graduate students required to take undergraduate courses as prerequisites or to remedy deficiencies may not take those courses for S/U grades, as this option is not available.

However, a few select graduate courses are offered for S/U grades only. Courses of this type usually are limited to practica, department colloquia, or special seminar courses. Students should check the individual course descriptions in this bulletin and the grading basis when conducting a class search in CheckMarq to determine whether a course is offered on this basis.
For the effect of U grades, refer to Academic Review.

Grade Changes
There are two types of grade adjustments: changing a temporary grade (I, IC, IE, IX or X) to a permanent grade, and correcting a permanent grade.

Temporary Grades — I, IC, IE, IX or X
Graduate students who do not complete course requirements during the term in which the class is offered may be given one of the following temporary grades after consultation with their instructor: X, when the final examination is missed; I, when the course work has not been completed; IE, when an I grade extension has been approved via student request (Request for Extension of I Grade Deadline form, found at marquette.edu/grad/forms_index.shtml; or IX, a combination of missed final examination and incomplete course work. The temporary grade of IC is issued when the course extends beyond the grading period.

The faculty member must submit a grade change form, found in CheckMarq, to change an I, IC, IE, IX or X to a permanent grade. The grade change deadline listed in the Academic Calendar pertains to I, IX, and X grades. For these grades, the student is obligated to submit all missing work to the instructor by the deadline, or to issue an extension request to the Graduate School by the deadline. The IE grade must be removed by the deadline, as outlined to the student at the time the IE grade was approved. Once this deadline has passed without a grade change, the IE becomes a permanent PI grade.

It is the responsibility of the faculty member to initiate the grade change procedure for the I, IX, and X grades by the deadline listed in the Academic Calendar. Grades of I, IE, or IX or X that are not resolved by the deadline will become permanent grades of PI on the student's record. Change of the IC grade is faculty initiated, once the class is completed. In all cases, the IC grade must be changed within one year of the assigned IC grade, or the permanent grade of PI will be assigned.

Correcting a Permanent Grade
Changing a permanent grade, because of miscalculation on the part of the instructor or a misunderstanding between the instructor and the student, may be initiated by either the student or the instructor. Changing a permanent grade should be done within six months of the end of the term.

Graduate Credit
A graduate student who has been officially accepted into the Graduate School can earn graduate credit for a course if the course is a 5000-level course or higher. Graduate students taking courses while in a non-degree status may request subsequent transfer of credits to their degree program, once formally admitted to a degree program, by submitting a Master's Degree Transfer of Credit Request Form, available online at marquette.edu/grad/forms_index.shtml.

Graduation
All students must apply for graduation in CheckMarq by the deadline specified in the Academic Calendar. Graduation deadlines are scheduled well in advance of the date of Commencement to allow time for student academic audits and for printing diplomas, graduation invitations and program booklets.

The awarding of a degree or certificate is contingent upon the student’s successful completion of all program requirements prior to the date of graduation. A cumulative grade point average of 3.000 or above is also required to graduate. Any exceptions to the total credits and minimum grade point average requirements for any degree and/or certificate must be approved by the provost. If a student fails to graduate at the time originally anticipated, he or she must reapply online for the next graduation before the appropriate deadline stated in the Academic Calendar.

Students who have completed all of their degree or certificate requirements prior to a specific graduation date, but who have missed the graduation application deadline, may request a letter from the Graduate School certifying the completion of their program; however, when needed, the university reserves the right to graduate a student without an application on file, once all requirements are complete. The student must still apply for graduation and the diploma will reflect the next graduation date.

Policy Governing Graduation Dates
Marquette University offers graduation on a weekly basis during the summer months and on a monthly basis during the academic year. However, each college may develop a policy that will guide the implementation of this process for students in that college. This statement addresses the policy as implemented by the Graduate School.

It is the policy of the Graduate School that only specific additional graduation dates will be implemented, and then only for students in specific academic disciplines. The additional graduation dates will be used to accommodate students who will be or have earned a professional certificate issued by an agency other than Marquette University. This will include Wisconsin teaching licensure, the licensure in clinical psychology, and the specialty certificates in orthodontics, endodontics, and prosthodontics issued by the American Dental Association.
All graduate students other than those listed in the paragraph above will be restricted to graduating in May, August, or December of each year according to the Academic Calendar. In addition to these three regular graduations, the following additional graduation cycles will be implemented for the groups of students specified:

- Last working day of June – This will be utilized specifically for students in educational policy and leadership who are completing their student teaching, where the student teaching requirement is the final requirement necessary for graduation. This applies to master’s degree and certificate students. Additionally, graduate dental students earning their master’s degree and specialty certificate in orthodontics, endodontics, or prosthodontics may be eligible for this graduation date on an exception basis if they fail to meet the May graduation deadline for approval of the thesis.  
  - In the case of both education and graduate dental students, applications for June graduation must be submitted by the deadline for May graduation.
  - Graduate dental students must submit an approved thesis and all other graduation requirements no later than June 1.

- Last working day of September – This option will be available for clinical psychology doctoral students who complete their pre-doctoral internship and/or their dissertation defense and dissertation submission after the deadlines established for the August graduation, but before the September graduation deadline. Students shall be responsible for applying for September graduation, and for completing all graduation requirements, no later than the last working day of August.

- Last working day of October - This option will be available for clinical psychology doctoral students who complete their pre-doctoral internship and/or their dissertation defense and dissertation submission after the deadlines established for the September graduation, but before the October graduation deadline. Students shall be responsible for applying for October graduation, and for completing all graduation requirements, no later than the last working day of September.

- Last working day of January – This option will be available for clinical psychology doctoral students who complete their pre-doctoral internship and/or their dissertation defense and dissertation submission after the deadlines established for the December graduation, but before the January graduation deadline. In addition, this deadline will be available for students in educational policy and leadership who are completing their student teaching, where the student teaching requirement is the final requirement necessary for graduation. This will apply to master’s degree and certificate students.
  - Students in clinical psychology shall be responsible for applying for January graduation and for completing all graduation requirements no later than the last working day of December.

  - Students in educational policy and leadership shall be responsible for applying for January graduation no later than the last working day of December.

- Last working day of February - This option will be available for clinical psychology doctoral students who complete their pre-doctoral internship and/or their dissertation defense and dissertation submission after the deadlines established for the January graduation, but before the February graduation deadline. Students shall be responsible for applying for February graduation, and for completing all graduation requirements, no later than the last working day of January.

Students who miss the deadlines for October or February graduation must wait until the following December or May to graduate, and in such cases will be responsible for meeting the established deadlines for those graduation cycles.

In exceptional cases, students enrolled in other graduate programs not explicitly covered in the above policy may also be permitted to graduate during the additional graduation cycles providing that the student applies to graduate, has the support of their department, and the Graduate School approves of their inclusion in the alternate cycle.

**Immunization and Tuberculosis Screening Requirements**

All newly admitted and readmitted undergraduate, graduate, and professional students are required to provide proof of certain immunizations and complete a TB Screening questionnaire for tuberculosis. Prior to arrival on campus all new and readmitted students will supply this information to the Marquette Health Clinic (formerly Student Health Service). Proof of immunization and/or prior disease for Measles, Mumps, Rubella (MMR), Varicella (chicken pox), Tetanus/Diphtheria and completion of a tuberculosis screening questionnaire is required. Immunization and tuberculosis screening forms must be completed electronically. The forms and directions can be found on the Marquette Health Clinic (formerly Student Health Service) website at marquette.edu/shs/forms/. Failure to submit the required immunization documentation and TB screening questionnaire within 30 days of the start of the student’s first term or the readmitted term at Marquette will result in the placement of a registration “hold” on future registrations. The hold will be removed once the immunization and screening requirements have been met. Health Sciences, Nursing and Dental students may be required by their departments or colleges to receive additional immunizations. Contact your department or college for specific requirements.

**Independent Study**

Independent Study (6995 and 8995) courses provide students the opportunity to study and investigate areas of interest not available through normal course offerings. A 6995/8995 course is taken on the recommendation of the student’s adviser and with the approval of the department chairperson. An approval form, which must be completed for each 6995/8995 course, is available on the Office of the Registrar’s website at marquette.edu/mucentral/registrar/policy_forms.shtml. Normally, no more than six credits of 6995/8995 course work can be included in a master’s degree program, no more than nine credits in a doctoral program.
Official Transcripts

A transcript is a complete and unabridged copy of all academic work attempted at Marquette and includes only those courses attempted at Marquette. Transfer and test credits accepted toward a Marquette degree are recorded, but the grades earned are not on the Marquette transcript. Course and grade information contained on the transcript is released only with written consent from the student, as required by the federal Family Educational Rights and Privacy Act of 1974, or as required by law. See Marquette’s FERPA policy (http://www.marquette.edu/mucentral/registrar/policy_ferpa.shtml).

The university accepts only official transcripts for the purposes of posting transfer credit or courses to the Marquette record and/or verification of a degree, diploma or certificate completion at another institution. Official transcripts are those that are printed on security paper and come directly via U.S. Mail from another institution’s record/registrar office to the Office of the Registrar (OTR), the Graduate School or are delivered electronically directly to these offices via a secured third party method that has been verified by the sending institution. All other transcripts are considered unofficial and will not be accepted or processed. Once an official transcript is received, the transcript will be used to determine credits accepted toward the graduate degree.

The following notations will appear on the permanent academic record of the student, including the official transcripts of the university:

1. **Required to Withdraw for Academic Misconduct:** Student was dismissed due to academic dishonesty. “Required to Withdraw for Academic Misconduct” appears on both unofficial and official transcripts. If the student is allowed to return after this dismissal, “Reinstated to University” will also permanently appear on transcript.

2. **Required to Withdraw for Academic Reasons:** Student was dismissed due to academic performance. “Required to Withdraw for Academic Reasons” appears on both unofficial and official transcripts. If the student is allowed to return after this dismissal, “Reinstated on Probation” will also permanently appear on transcript.

3. **Required to Withdraw for Non-Academic Reasons-Expulsion:** Student was dismissed due to student conduct violation. “Required to Withdraw for Non-Academic Reasons:Expulsion” appears on both unofficial and official transcripts. If the student is allowed to return after this dismissal, “Reinstated to University” will also permanently appear on transcript.

4. **Required to Withdraw for Non-Academic Reasons-Suspension:** Student was dismissed due to student conduct violation. “Required to Withdraw for Non-Academic Reasons:Suspension” appears on both unofficial and official transcripts. If the student is allowed to return after this dismissal, “Reinstated to University” will also permanently appear on transcript.

5. **Required to Withdraw for Professional Integrity Reasons:** Student was dismissed due to lack of integrity in a professional setting, such as a clinical or field placement. “Required to Withdraw for Professional Integrity” appears on both unofficial and official transcripts. If the student is allowed to return after this dismissal, “Reinstated to University” will also permanently appear on transcript.

6. **Required to Withdraw for Professional Performance Reasons:** Student was dismissed due to poor performance in a professional setting, such as a clinical or field placement. “Required to Withdraw for Professional Performance” appears on both unofficial and official transcripts. If the student is allowed to return after this dismissal, “Reinstated to University” will also permanently appear on transcript.

7. **Required to Withdraw for Unsatisfactory Degree Progress:** Student was dismissed due to lack of degree progress. “Required to Withdraw for Unsatisfactory Degree Progress” appears on both unofficial and official transcripts. If the student is allowed to return after this dismissal, “Reinstated to University” will also permanently appear on transcript.

Repeated Courses

Graduate students who repeat a course may do so under certain conditions:

1. The repeated course is taken at Marquette.
2. The repeated course is identical to the original course in subject, catalog number, title, subtitle and credits.
3. The repeated course is graded with the same grading options as the original, i.e., students may not exercise a different grading option for a repeated course, unless it is now a required grading scheme.
4. A course in which a failing grade is earned may be repeated only once.
   A failing grade is defined as any grade that is unacceptable to be counted toward degree completion. Thus, while the Graduate School’s definition of a minimally acceptable grade is C, some departments will not accept a grade below a B or BC. In those cases, the department-defined minimally acceptable grade will be used to define a passing grade for students in those programs.
5. Once a passing grade is earned in a course, the course may not be repeated.
6. There are certain courses that are exempt from this policy and may be repeated. Examples are thesis and dissertation courses, independent study courses, topics courses, internship and clinical courses, UWM and MCW exchange courses, and most continuation courses.
7. If a student repeats a course that was transferred to Marquette, only the Marquette course/grade will be reflected in the total credits earned.

Should a student need to take a course more than once, other than those referenced in item #6 above, a request to repeat must be filed using the ‘Request Permission to Repeat a Course’ form found online at mu.edu/mucentral/registrar/policy_forms.shtml (http://www.mu.edu/mucentral/registrar/policy_forms.shtml). This request will only be approved if the student has not earned a passing grade in the course per Graduate School standards.

Additionally, the following policy defines the calculation of cumulative GPA and credit totals:

1. All courses taken while a student is in a graduate career and pursuing a specific degree/program combination will be included in the calculation of a student’s cumulative GPA.
2. When a course is repeated in an effort to earn a passing grade, both grades will be included in the calculation of the student’s cumulative GPA.
3. An F grade will have a strong negative effect on a student’s term and cumulative GPAs. Nothing in this policy will alter the normal end-of-term academic review process, which may result in the student being placed on probation or being considered for disenrollment.

Research Involving Humans, Animals, Radioisotopes or Recombinant DNA/Transgenic Organisms

If human subjects, animals, radioisotopes, or recombinant DNA/transgenic organisms are involved in a student’s research, the student must also satisfy other federally- and state-mandated requirements prior to initiating the research. These requirements are administered by the Marquette University Office of Research Compliance.

- For human subjects, the student must submit a protocol for review and approval by the Marquette University Institutional Review Board prior to initiating the project. **Note:** IRB approval may take up to a month or more.
- For animal research, the student must be properly trained and listed as personnel on a faculty member’s active Institutional Animal Care and Use Committee-approved animal protocol. Students are not allowed to serve as principal investigators on Marquette University animal protocols.
- For radioactive material use, only authorized users are allowed to obtain this material. Students must complete the training to become a radiation worker; radiation workers can work with radioactive materials only under the supervision of an authorized user.
- For recombinant DNA or transgenic organism research, students are only allowed to work with these materials while under the direct supervision of a faculty member who has received Institutional Biosafety Committee approval.

For more information about these four areas of compliance, including forms and submission procedures, refer to the ORC website at marquette.edu/researchcompliance/. Students may contact the Office of Research Compliance for more information by phone at (414) 288-7570 (human subjects and radiation safety) or (414) 288-6271 (animals and biosafety). Approval of the outline by the Graduate School does not constitute approval by ORC. **Note:** Non-compliance may affect acceptance of the student’s project as part of his or her degree.

Temporary Withdrawal from Graduate Program

Marquette University supports a temporary withdrawal from graduate program policy to assist graduate students who are temporarily unable to continue their programs. The temporary withdrawal may extend for up to one academic year. Under unusual circumstances, a second year of absence may be requested. Reasons for requiring a temporary withdrawal may include: bereavement, illness, injury, care giving, military service, maternity, and paternity. Students requesting a temporary withdrawal from their graduate program must submit a formal request to the Graduate School via their department/unit chairperson or director. Students granted a temporary withdrawal will not have the right to use university facilities during the time of their temporary withdrawal. This includes the library, the recreation center, and any other resources normally granted to enrolled students. The temporary withdrawal must be requested prior to the start of a term and will not be approved retroactively.

Preparing the Application for Temporary Withdrawal from Graduate Program

In consultation with the supervising faculty member, the Request for Temporary Withdrawal from Graduate Program form found at marquette.edu/grad/forms_index.shtml is to be completed by the student, and signed by both the student and the adviser or supervising faculty member. The application is to be submitted to the chairperson/director for review and signature before being forwarded to the dean of the Graduate School for consideration on a case-by-case basis. The application should be made in advance of the anticipated temporary withdrawal, and the termination of the withdrawal should coincide with the end of a semester or session. In situations where it is necessary for a student to leave during a term, the student should seek a late withdrawal for that term rather than a temporary withdrawal from their graduate program. Temporary withdrawals will not be granted retroactively, i.e., for previous terms, unless the Temporary Withdrawal from Graduate Program approval process was initiated at the beginning of a term and the decision of the university was delayed.

It is the student’s responsibility to ensure that the proposed temporary withdrawal is compatible with the regulations of any granting agency from which funding would normally be received during the temporary withdrawal period, and that such agencies are informed of the proposed temporary withdrawal. Students on student loan programs are responsible for determining the consequences that such a temporary withdrawal may have on their repayment status prior to applying for a temporary withdrawal from their graduate program. International students are advised to consult with the Office of International Education regarding their immigration status prior to applying for a temporary withdrawal from their graduate program.

Students granted a temporary withdrawal from their graduate program will have their time-to-completion of degree extended by the amount of time granted by their temporary withdrawal. The continuous enrollment policy will also be held in abeyance during this time. Students granted a temporary withdrawal are not held to the readmission process unless they do not enroll in the term indicated on the Request for Temporary Withdrawal from Graduate Program form.

Students should make every effort to resolve any grades of incomplete prior to beginning a temporary withdrawal. However, students who begin a temporary withdrawal with one or more unresolved grades of incomplete must negotiate with the course instructor(s) a time line for completion of the academic work leading to the incomplete, and must submit the time line to the Graduate School.

Graduate student assistants who are granted a temporary withdrawal from their graduate program will have their salary and stipend suspended during the period of their withdrawal.
Time Limitations

Students are expected to complete all requirements for their degrees in the time allowed: six years for master's degrees and eight years for doctoral (Ph.D. and D.N.P.) degrees. The time period begins with the date of admission to degree status, or with the date of admission to non-degree or temporary status in the same or closely-related program. The start of the time period is not affected by transfer credit that may have been taken prior to admission to Marquette.

Students who are unable to complete their degrees within the allowable time may petition the Graduate School for an extension; Request for Extension of Time forms are available online at marquette.edu/grad/forms_index.shtml. To ensure timely consideration, the Request for Extension of Time form should be filed early in the term in which the time limit expires. If the extension is approved, the student is notified of the expectations for progress toward completion of the degree. If the extension is denied, the student is terminated from the graduate program at the end of the term during which the time limit will expire.

Failure to complete the program or to obtain an approved extension of time may result in the student being administratively withdrawn from the program. In such cases, students must follow the guidelines for readmission in order to be considered for readmission to their program of study.

Transfer of Credit

In order to protect the academic integrity and rigor of a Marquette graduate degree, limits are placed on the number of credit hours that may be transferred from other institutions, from Marquette in a different program, or from Marquette in the same program but in a different status (temporary or non-degree). Only credits directly applicable to a student's Marquette degree program will be considered for transfer, and there is no guarantee that a transfer request will be approved. Credits to be considered for transfer must be graduate-level credits or upper-level undergraduate credits that are acceptable for graduate credit at the institution offering the course.

Credits that are accepted for a Marquette degree, if transferred from another university, will not be included when calculating the student’s GPA. However, credits taken at Marquette in another program or in the same program but in a different status (temporary or non-degree), if accepted for transfer into a degree program, will be included in the student’s GPA. Only courses in which a grade of B or above has been earned may be transferred for credit into a master’s program or used on a Doctoral Program Planning Form.

Credits approved for transfer from a school using a quarter-system will transfer as two-thirds credit each when converted to Marquette’s term system. Transfers from schools using a trimester system will vary by school and must be evaluated individually.

Students are strongly urged to consult their advisers before submitting a transfer request and before taking any course for which they intend to request transfer credit.

Courses should not be taken at another university during a student’s final term if those credits will be necessary to meet graduation requirements. If a course or courses are taken at another university during a student’s final term at Marquette, his/her graduation will be delayed until the following graduation cycle due to the time necessary to receive an official transcript and process the transfer credit.

Master’s Programs

Upon recommendation of the department and concurrence by the vice provost for research and dean of the Graduate School, 9-15 credit hours of the program’s requirement for course work (exclusive of thesis) may be accepted for transfer depending on the total number of credits needed for the degree. The following limits apply:

9 credits into a degree program requiring 36 or fewer course credits

12 credits into a degree program requiring 37-48 course credits

15 credits into a degree program requiring 49 or more course credits

Credits approved for transfer will normally have been earned within the six year period prior to admission to the Graduate School at Marquette. If the credits to be transferred are older than six years at the time of admission, the academic department to which the student is being admitted is expected to require evidence of proficiency with the material in the course(s) being considered for transfer. The six-year period that a master’s student has to complete his/her degree will begin with admission to the Graduate School at Marquette and is not affected by prior transfer credit. There is no Graduate School requirement that a student must have completed a certain number of credits at Marquette prior to requesting transfer, but individual departments may have such a requirement. Students should consult their department adviser, director of graduate studies, or department graduate student handbook.

Only credit for courses directly comparable in content to the requirements of the current degree program, or comparable to elective courses available at Marquette, will be considered for transfer. No credits will be officially transferred into a degree program until the student has completed and submitted the Master’s Degree Transfer of Credit Request form, found online at marquette.edu/grad/forms_index.shtml, and it has been approved by the Graduate School. Students must be sure that a final, official transcript is on file at the Graduate School in order for the form to be processed.
Graduate-level credits earned at Marquette, whether as a degree student in a different graduate program or as a non-degree or temporary student, may transfer following the same request and approval procedures outlined above. Students are responsible for initiating this process. Credits transferred between Marquette programs or statuses are included as part of the 9-15 credit transfer limit.

Master’s thesis credits taken at another institution are not transferable to Marquette. The six thesis credits required for a thesis-option master’s degree must be taken at Marquette.

Doctoral Programs

Graduate credits both from other institutions and from Marquette are accepted for a doctoral program when a Doctoral Program Planning Form is approved. Credits taken as part of an earned master’s degree at another institution or at Marquette will normally be accepted and applied to the Marquette doctoral program up to a maximum of 30 credits. These credits must be specified on the Doctoral Program Planning Form. There is not normally an age limit for accepting credits from an earned master’s degree.

Prior graduate-level credits taken, whether at another institution or at Marquette, that are not part of an earned master’s degree are considered on a case-by-case basis in consultation with the student’s adviser, the department, and the Graduate School. These credits must be specified on the Doctoral Program Planning Form. The number of credits that may be applied toward the doctorate are limited. Students should consult the Academic Programs Overview-Doctoral Degree Credit Requirements section of this bulletin. There is not normally an age limit for accepting credits from an earned master’s degree.

Doctoral dissertation credits taken at another university are not transferable to Marquette. All twelve dissertation credits required for completion of a doctoral (Ph.D.) degree must be taken at Marquette.

Undergraduate Students in Graduate Courses

An undergraduate student may, with the permission of his or her home college and the department offering the course, register for a 5000-level or higher graduate course if the student has a B (3.000) or above grade point average. To register for a graduate credit bearing course, the undergraduate student must complete the Permission to Enroll in a Graduate Course form, available online at marquette.edu/grad/forms_index.shtml. Once all signatures of approval have been obtained and the student has received the permission number from the department offering the course, the student must then register for the course online through CheckMarq. The course cannot be taken under the CR/NC option.

Withdrawals

See Enrollment Changes, above.

Working With Minors

Effective July 1, 2009, University Policy and Procedure 4-26 was established to provide a safe environment to those under the age of 18 years old participating in programs and activities at Marquette University. Unless an exception applies, programs that involve adults working with minors in university-sponsored programs and other programs held on campus must register with the Department of Risk Management. In addition, adults, before directly participating with minors in such programs and activities, must complete a criminal history background check; observe specific behavioral requirements; report all allegations of inappropriate conduct; and participate in mandatory training on protecting minors and on the behavioral and reporting requirements of the policy. The Department of Risk Management’s website on this topic, found at marquette.edu/riskunit/riskmanagement/working_with_minors.shtml, provides additional information and all required forms.
Academic Programs Overview

Master’s Degree Overview

The master’s degree is awarded in recognition of academic accomplishment as demonstrated by a program of course work, passing of the required examinations, and the preparation of a thesis, project, or essay.

Master’s Program Planning Form

Master’s degree students must complete the Master’s Program Planning Form with their adviser, have it approved by their adviser and the director of graduate studies or chair, and submit it to the Graduate School before the end of their first term of study. The form is available online at marquette.edu/grad/documents/MastersProgramPlan.pdf. This form constitutes a formal agreement between the student and the university, and outlines what must be done to complete the master’s degree. It may be changed by submitting a revised and approved Master’s Program Planning Form.

Foreign Language Requirements

Some programs require reading comprehension in one or more foreign languages. This requirement is used as an important tool to advance the scholarly and research efforts of the student. To determine foreign language requirements for a specific doctoral program, consult the Programs section of this bulletin. If required, students must select one (or more) language(s) in which there is significant scholarly literature in their program field.

There are a number of ways by which a student can complete the language requirement(s), including: taking a foreign language proficiency examination administered by the Department of Foreign Languages and Literatures; taking a three-credit, semester-long foreign language reading knowledge course (course number xxxx-6204) offered by the Department of Foreign Languages and Literatures; proving to the student’s departmental faculty that he/she has the necessary foreign language proficiency as evidenced by prior language study; or by taking an exam prepared and graded by the student’s academic department. The 6204 reading knowledge courses may only be taken for credit and may not be audited.

If the student chooses to take a foreign language reading knowledge course, the tuition for the course will be charged at the normal Graduate School tuition rate in effect at the time the course is being taken, and the language credits will be in addition to regular course credits required for that academic program and degree. The grades earned in the foreign language reading knowledge course will be included in the student’s term and cumulative credits and grade point average.

Students also have the option of taking a two-hour exam to fulfill a graduate degree program’s language requirement. The exam, graded SNC/UNC, assesses a student’s reading proficiency in a particular language through translation and comprehension questions about a foreign language passage. The student must register for the exam just like a regular course, and a $100 fee is assessed. If a student receives an unsatisfactory grade assessment, it is recommended that he/she complete the corresponding 6204 reading knowledge course. If the student decides to retake the exam outside of the course, the student would have to re-register for the exam and pay the $100 exam fee.

Whatever method is chosen, it shall be the responsibility of the student’s home department to determine what level of language proficiency is sufficient. It shall also be the department’s responsibility to notify the Graduate School of each student’s completion of foreign language requirements.

Specializations

A specialization (or sub-plan), normally consisting of twelve credits of course work in a specific field, may be required for some master’s programs. When a specialization is required, it must be selected from those currently active within approved Marquette University programs. The specialization must be outlined on the Master’s Program Planning Form, found at marquette.edu/grad/documents/MastersProgramPlan.pdf. For additional information, consult the Programs section of this bulletin.

Comprehensive Examinations

Candidates for a master’s degree in many departments must successfully pass a comprehensive examination on their total graduate program of studies. If a student fails, a second and final examination may be given at the discretion of the department, as each department administers its own comprehensive exams.

Students are encouraged to contact their program for specific information including deadlines and procedures. A department may require students to complete a specific course instead of passing a comprehensive exam. Generally speaking, this course may be taken only after the student has completed all of the other core course requirements.

Plan A and Plan B

The Graduate School offers the master’s degree under two plans: Plan A, which requires that the student write a thesis, and Plan B, which substitutes additional course work, a professional project or essay instead of the thesis. Some master’s programs allow students to choose either Plan A or Plan B. For plans offered in each program, consult the Programs section of this bulletin.
Students may submit a petition to the Graduate School requesting a change from Plan A to Plan B (or vice versa) providing they have permission from their program. A new Master’s Program Planning Form, available at marquette.edu/grad/forms_index.shtml, must be completed and submitted to the Graduate School.

If a student changes plans after completing some or all of the required thesis or project courses, these credits will not automatically apply toward the revised degree requirements.

Plan A — Master’s Degree with Thesis

Minimum Credit Requirements

A minimum of 30 credit hours is required, including six hours of thesis credits and a minimum of 18 credit hours of course work in the major field. Some departments may require additional semester hours; students should consult the Programs section of this bulletin for more information. At least one-half of the minimum total course program credits (twelve credit hours in most programs, exclusive of thesis credits) must be taken at the 6000-level or above. In the major field, at least one-half (nine credit hours) of the minimum course program must be taken at the 6000-level or above. The remaining courses may be selected from among those undergraduate courses that are eligible for graduate credit.

Upper-division 5000-level courses are approved for graduate credit. With the approval of their department, students may take a limited number of 5000-level courses and count them toward their graduate degree requirements. Any exceptions to the total credits and minimum grade point average requirements for any degree and/or certificate must be approved by the provost.

Thesis Credits

Students must take six hours of thesis credit. Students who enroll in and pay for thesis credits will not be entitled to a refund of tuition for these credits if they should subsequently drop out, withdraw from their program, or transfer to a Plan B option.

Thesis Outline Form

Students must submit an outline for the proposed thesis or professional project. (No outline is required by the Graduate School for writing a master’s essay, although some departments may choose to require the form.) The outline will list the committee members which, for a master’s thesis, must contain a minimum of three voting members. Master’s thesis outline forms are available online at marquette.edu/grad/forms_index.shtml.

Master’s Thesis

Although there is no Graduate School requirement that the student hold a formal, public defense, it is expected that some type of defense of one’s thesis be held. The format of this defense will be required by the department. Whatever format is used, the results of the defense must be reported on the Master’s Thesis/Essay/Professional Project/Publication Approval Form, available at marquette.edu/grad/forms_index.shtml. The defense will be considered successful, and the student passed, if a majority of the voting members of the thesis committee vote to approve the defense and the department chair signs to accept any nonunanimous vote.

In a master’s thesis, students demonstrate familiarity with the tools of research and scholarship in their major field, show thorough knowledge of the subject covered, and reflect independence of thought, critical insight and originality. The thesis must also be acceptable in style and composition. Students are required to follow the instructions on the Thesis Directives and thesis submission checklist, available online at marquette.edu/grad/forms_index.shtml. A thesis that does not conform to the directives, including format specifications, will not be accepted by the Graduate School.

An electronic copy of the completed master’s thesis must be submitted online, on or before the deadline listed in the Academic Calendar. Although the student retains ownership and copyright privileges, a copy of the approved thesis will be considered a public document by Marquette University. The thesis may be placed in the Marquette University library, used by students and faculty, or otherwise released to the public unless restricted by the author. See the electronic theses and dissertations website at marquette.edu/grad/etd.shtml for details.

Recording Thesis Defenses

In order to facilitate an open and honest dialogue, thesis defenses are not normally recorded. However, it is the policy of the Marquette University Graduate School to allow, with prior permission, the audio and/or video recording of a student’s thesis defense.

Common courtesy requires that the thesis committee chair and all committee members must be made aware, in advance of the defense, of the student’s desire to record the proceedings. Additionally, the chair and all committee members must assent to such a recording. Such written approval must include the signatures of the chair and all committee members, and the signed approval must be submitted to the assistant director for student records in the Graduate School prior to the recording being made.

If a thesis defense is recorded, all questions, statements, or other comments, whether verbal or written, remain the property of the person who spoke or wrote them, and any future use of the recording is subject to applicable copyright laws.

Plan B — Master’s Degree Without Thesis

Minimum Credit Requirements

A minimum of 30 credit hours is required and a minimum of 18 credit hours of the course work must be taken in the major field. Some departments require more semester hours; students should consult the Programs section of this bulletin. At least one-half of the minimum total course program credits (twelve credit hours in most programs, exclusive of thesis credits) must be taken at the 6000-level or above. In the major field, at least one-half (nine credit hours) of the minimum course program must be taken at the 6000-level or above. The remaining courses may be selected from among those undergraduate courses that are eligible for graduate credit.
(fifteen credit hours in most programs, exclusive of professional project credits) must be taken at the 6000-level or above. The remaining courses may be selected from among those undergraduate courses that are eligible for graduate credit. Consult individual program listings and department advisers to determine the specific requirements for Plan B programs.

Upper-division 5000-level courses are approved for graduate credit. With the approval of their department, students may take a limited number of 5000-level courses and count them toward their graduate degree requirements. Any exceptions to the total credits and minimum grade point average requirements for any degree and/or certificate must be approved by the provost.

Professional Project Credits
Academic units may require students to register for project credits or similar course work. Students who enroll in and pay for project credits will not be entitled to a refund of tuition of these credits if they should subsequently drop out of or be withdrawn from their programs.

Professional Project
In a project, students demonstrate familiarity with the tools of research and scholarship in the major field, show thorough knowledge of the subject covered, and reflect independence of thought, critical insight and originality. The project must be acceptable to the department in style and composition. Formatting of professional projects is at the discretion of the department. Thesis Directives, found at marquette.edu/grad/forms_index.shtml, may be used as a guide.

An original copy and a Master’s Thesis/Essay/Professional Project/Publication Approval Form with appropriate signatures must be submitted to the Graduate School office on or before the deadline listed in the Academic Calendar.

Essay
In many graduate programs, a master’s essay may be required even though no formal credit is given for it and no outline is required by the Graduate School. Students should confer with their advisers about topics and guidelines for producing an acceptable paper, including requirements for length and references. An original copy of the essay and a Master’s Thesis/Essay/Professional Project/Publication Approval Form with appropriate signatures must be submitted to the Graduate School office on or before the date listed in the Academic Calendar. Essays must be acceptable to the department in style and composition. Formatting of essays is at the discretion of the department. Thesis Directives, found at marquette.edu/grad/forms_index.shtml, may be used as a guide.

Doctoral Degree Overview
The doctor of philosophy (Ph.D.) degree is awarded in recognition of high attainment and ability in a special subject field. Candidates are required to pass examinations that cover general and specific knowledge in their area of expertise, and prepare and successfully defend a dissertation based on independent, original and high-quality research that makes a significant contribution of knowledge to the field.

Interdisciplinary Ph.D. Program
Faculty from both doctoral and non-doctoral departments may propose interdisciplinary Ph.D. programs for individual students to the University Board of Graduate Studies. This provides students and faculty with opportunities for creative academic programming and research opportunities that cross traditional disciplinary boundaries. Since there is no departmental structure to support these programs, certain understandings, commitments, and restrictions, beyond those required in regular doctoral programs, are necessary. Additional information appears in the Programs section of this bulletin.

Direct specific questions to the Graduate School.

Application Procedures
Applicants must follow the instructions in the Admission and Readmission section of this bulletin. It is the applicant’s responsibility to obtain information about any additional requirements from the Programs section of this bulletin, from the Graduate School or department websites, or from the director of graduate studies in the proposed program. Students with master’s degrees from Marquette are required to submit a new application to the Graduate School if they wish to be considered for doctoral admission.

Doctoral Program Planning Form
Students must prepare a program of study with their advisers that lists the steps and classes needed to complete their doctoral degree. The Doctoral Program Planning Form, available online at marquette.edu/grad/forms_index.shtml, is used for this purpose. The approved Doctoral Program Planning Form constitutes a formal agreement between the student and Marquette University and, once established, may be changed only by formal amendment using the Doctoral Program Planning Form Amendment, available online at marquette.edu/grad/forms_index.shtml. The Doctoral Program Planning Form should be submitted to the Graduate School no later than the end of the student’s first year. Course work, foreign language and residency requirements are accepted as part of a student’s doctoral program only after approval of the Doctoral Program Planning Form. If credits for a master’s degree from another institution are to be recognized, students must be sure that a final, official transcript is on file at the Graduate School.

Credit Requirements
Depending on previous preparation and the nature of the research undertaken, the number of credits required for individual students, even within the same program, may vary considerably. Minimum credit requirements have, however, been established by the university and the Graduate School.
Upper-division 5000-level courses are approved for graduate credit. With the approval of their department, students may take a limited number of 5000-level courses and count them toward their graduate degree requirements.

The doctoral degree is the highest degree conferred by Marquette University. There are significant differences in degree requirements between the physical/natural sciences and other fields, and these are addressed below. However, in all cases, students must complete 12 dissertation credits and must satisfy the university’s residency requirements. The credit requirements listed below are the minimum established by the Graduate School. Individual departments may set their own requirements that meet or exceed these minimums.

**Biological Sciences and Chemistry**

A minimum of 24 credits of course work beyond the bachelor's degree is required, plus 12 dissertations credits. In cases in which the student enters the program with a master's degree in the same or closely related field, the student may request the department and the Graduate School to allow the master's degree to satisfy up to 25% of the 24 required credits. In all cases, a minimum of 18 credits of course work exclusive of the dissertation must be taken at Marquette while in the doctoral program.

Any exceptions to the total credits and minimum grade point average requirements for any degree and/or certificate must be approved by the provost.

**All Other Programs**

A minimum of 45 credits of course work beyond the bachelor’s degree is required, plus 12 dissertation credits. In cases in which the student enters the program with a master’s degree in the same or closely-related field, the student may request the department and the Graduate School to allow the master’s degree to satisfy up to 50% of the required credits. In all cases, a minimum of 21 credits of course work exclusive of the dissertation must be taken at Marquette while in a Ph.D. or D.N.P. program.

Any exceptions to the total credits and minimum grade point average requirements for any degree and/or certificate must be approved by the provost.

**Foreign Language Requirements**

Some programs require reading comprehension in one or more foreign languages. This requirement is used as an important tool to advance the scholarly and research efforts of the student. To determine foreign language requirements for a specific doctoral program, consult the Programs section of this bulletin. If required, students must select one (or more) language(s) in which there is significant scholarly literature in their program field.

There are a number of ways by which a student can complete the language requirement(s), including: taking a foreign language proficiency examination administered by the Department of Foreign Languages and Literatures; taking a three-credit, semester-long foreign language reading knowledge course (course number xxxx-6204) offered by the Department of Foreign Languages and Literatures; proving to the student’s departmental faculty that he/she has the necessary foreign language proficiency as evidenced by prior language study; or by taking an exam prepared and graded by the student’s academic department. The 6204 reading knowledge courses may only be taken for credit and may not be audited.

If the student chooses to take a foreign language reading knowledge course, the tuition for the course will be charged at the normal Graduate School tuition rate in effect at the time the course is being taken, and the language credits will be in addition to regular course credits required for that academic program and degree. The grades earned in the foreign language reading knowledge course will be included in the student’s term and cumulative credits and grade point average.

Students also have the option of taking a two-hour exam to fulfill a graduate degree program’s language requirement. The exam, graded SNC/UNC, assesses a student’s reading proficiency in a particular language through translation and comprehension questions about a foreign language passage. The student must register for the exam just like a regular course, and a $100 fee is assessed. If a student receives an unsatisfactory grade assessment, it is recommended that he/she complete the corresponding 6204 reading knowledge course. If the student decides to retake the exam outside of the course, the student would have to re-register for the exam and pay the $100 exam fee.

Whatever method is chosen, it shall be the responsibility of the student’s home department to determine what level of language proficiency is sufficient. It shall also be the department’s responsibility to notify the Graduate School of each student’s completion of foreign language requirements.

**Specializations**

A specialization (or sub-plan), normally consisting of twelve credits of course work in a specific field, may be required for some doctoral programs. When a specialization is required, it must be selected from those currently active within approved Marquette University programs. The specialization must be outlined on the Doctoral Program Planning Form. For additional information, consult the Programs section of this bulletin.

**Residency Requirement**

The residency requirement is designed to immerse doctoral students in the campus community of scholars. It must be satisfied in the department in which the student is seeking a doctoral degree. The residency requirement is met when a student completes nine credits of course work, or its equivalent per term, for two terms within an 18-month period, or alternatively, completes at least 6 credits of course work, or its equivalent per term, for three terms within an 18-month period. Plans for the residency must be included on the Doctoral Program Planning Form. The credit load necessary to meet the six- or nine-credit requirement may be met by course work alone or course work in conjunction with dissertation credits.
Doctoral Qualifying Examination

The DQE is an exploration of the student's understanding in the program field and may be written, oral, or both. It may also include an explanation of the proposed dissertation. Some departments require students to pass cumulative examinations. Required elements for the DQE are defined by the student's program department. The DQE is typically scheduled after all course work, language and residency requirements have been completed. Taking the DQE before all requirements have been satisfied requires written permission from the student's department.

The exam is conducted by a committee made up of at least three faculty members from the student's program. If the committee includes a non-Marquette member, the department must note this exception in writing and submit a request and a curriculum vitae for that person to the Graduate School.

Students who fail the examination may, with the consent of the academic department, be eligible to take a second examination after fulfilling all conditions stipulated by the doctoral examining committee. If the second examination is unsatisfactory, no further examination is permitted.

Official Doctoral Candidacy

Students advance to doctoral candidacy upon recommendation of their department, having completed all course work, language, and residency requirements, and passing the DQE. The departments shall notify the Graduate School in writing, using the Advancement to Doctoral Candidacy form found online at marquette.edu/grad/forms_index.shtml, for all students recommended for candidacy.

Dissertation Process

Assembling a Dissertation Committee

Candidates select their dissertation committee with the assistance of their adviser. The committee must be comprised of a minimum of three voting members. The names of the members, including the chairperson, must be on the Outline for Dissertation, Thesis, Professional Project or Essay form, available online at marquette.edu/grad/forms_index.shtml. If the committee includes a non-Marquette member, the department must submit a recent curriculum vitae for that member to the Graduate School with their Outline for Dissertation, Thesis, Professional Project or Essay form. The vice provost for research and dean of the Graduate School appoints the dissertation committee by approving the outline form.

Doctoral Dissertation Outline Form

Students must submit an outline for the proposed dissertation on the Outline for Dissertation, Thesis, Professional Project or Essay form, typically within the first term that dissertation credits are taken, but no later than the deadline listed in this bulletin. Outlines must be approved by the student's adviser, the department chairperson, and the Graduate School. If the proposed research involves a real or apparent conflict of interest on the part of the student, the dissertation director, or the committee members, it must be declared at the time the outline is submitted.

Dissertation Credits

Students must register for 12 hours of dissertation credits and may enroll for these while working on their doctoral dissertation outline or dissertation. Each department determines the number of credit hours that a candidate may take during any one term. Students who enroll in, and pay for, dissertation credits before actually beginning work on their project will not be entitled to a refund of tuition of these credits even if they should subsequently drop out of or are withdrawn from their program.

Dissertation Directives

Directions for writing the dissertation and the dissertation submission checklist are available online at marquette.edu/grad/forms_index.shtml. Students are strongly encouraged to consult both and to check with their departments for additional guidelines, if any, before starting. The Graduate School updates the directives periodically and students are responsible for using the most recent version. Dissertations that do not conform exactly to the most recent directives will not be accepted by the Graduate School.

Writing the Dissertation

A dissertation demonstrates a student’s familiarity with the tools of research and scholarship in the field, shows thorough knowledge of the subject covered, and reflects independence of thought, critical insight and originality. The dissertation must exhibit the student’s mastery of the literature of the subject and familiarity with the sources, and be presented with a satisfactory degree of literary skill. Students are required to follow the instructions in the Dissertation Directives. Dissertations not conforming to the directives, including format specifications, are not accepted by the Graduate School.

An electronic copy of the completed dissertation must be submitted online through ProQuest, and the original, completed Dissertation Approval Form must be turned into the Graduate School office by the date listed in the online Academic Calendar. Students must consult the dissertation submission checklist prior to submitting the dissertation and must consult the Dissertation Directives for a complete list of forms and other requirements that must be turned in to the Graduate School at the time of submission of the dissertation. Although the student retains ownership and copyright privileges, a copy of the approved dissertation will be considered the property of Marquette University. Bound or microfilm copies may be made available to the public at the Marquette University library unless restricted by the author. See the electronic theses and dissertations website at marquette.edu/grad/etd.shtml for details.
Public Defense of the Dissertation

A public defense of the dissertation is conducted after the candidate has completed all other formal requirements for the doctoral degree. The examination is primarily a defense of the dissertation. It will also include material relevant to the general field in which the dissertation is written, with particular attention to the more recent and significant developments.

The candidate and adviser select a date, during weekday working hours and avoiding public or religious holidays, for the public defense of the dissertation. If the student wants to graduate the same term the defense is made, the defense must be held before the deadline listed in the Academic Calendar. At least two weeks prior to the scheduled date for the dissertation defense, the student must submit a signed Announcement for Public Defense of the Dissertation form, available online at marquette.edu/grad/forms_index.shtml. The form must be accompanied by an electronic version of the abstract in MS Word, emailed to grad.records@marquette.edu. All committee members must sign this form indicating their agreement to the date of the public defense.

The defense will be considered successful, and the candidate will be passed, if a majority of the voting members of the dissertation committee vote to approve the defense and if the department chair signs to accept any nonunanimous vote.

Recording Dissertation Defenses

In order to facilitate an open and honest dialogue, dissertation defenses are not normally recorded. However, it is the policy of the Marquette University Graduate School to allow, with prior permission, the audio and/or video recording of a student’s dissertation defense.

Common courtesy requires that the dissertation committee chair and all committee members must be made aware, in advance of the defense, of the student's desire to record the proceedings. Additionally, the chair and all committee members must assent to such a recording. Such written approval must include the signatures of the chair and all committee members, and the signed approval must be submitted to the assistant director for student records in the Graduate School prior to the recording being made.

If a dissertation defense is recorded, all questions, statements, or other comments, whether verbal or written, remain the property of the person who spoke or wrote them, and any future use of the recording is subject to applicable copyright laws.
Special Academic Programs

Accelerated Degree Program

The Accelerated Degree Policy (ADP) is designed to provide Marquette University undergraduates a more efficient means to obtain a master’s degree. The program benefits the university by retaining our best students for master’s study. Minimum academic criteria are established by each participating unit for students who have a high academic potential (typically 3.000 or above) and want to start taking graduate-level courses during their undergraduate careers, some of which will count toward both their undergraduate and graduate degrees.

Undergraduates participating in this program are granted early admission to the Graduate School and are allowed to take specified graduate-level courses during their junior year or senior year.

Admission Process

Academic programs that offer an accelerated program may approve a maximum of 12 graduate credit hours for master’s programs requiring 36 or fewer credit hours. These hours can be applied by individual students toward both the undergraduate and graduate degree.

Undergraduate students in an accelerated program apply for formal admission to the Graduate School using regular procedures.

An accelerated degree student will officially be considered an undergraduate student until the baccalaureate degree is awarded. While an undergraduate, the student may enroll for graduate credit but will pay the appropriate undergraduate tuition for graduate courses.

Academic units will define satisfactory academic progress for undergraduates in the accelerated degree program. Contingent on students maintaining satisfactory academic progress, acceptance in the accelerated degree program is a promise of formal admission to the Graduate School and the academic unit after completion of the bachelor’s degree. Students who fail to make such progress may be dropped from the program.

Undergraduate students who complete the undergraduate degree may claim their status as graduate students in the next semester or session after receiving the bachelor’s degree. At that time, the student must notify the Graduate School that the baccalaureate degree has been received, and the student will be formally admitted into the Graduate School.

Following admission to the Graduate School, credit for pre-approved courses completed successfully while an undergraduate will be effected by the transfer of credit form.

Academic Advising and Records

Academic units that want to participate in the ADP will develop a clear admissions and advising process for their accelerated degree program.

Students taking graduate courses at the 5000-level and above are still required to follow the appropriate procedures. (See the Permission to Enroll in a Graduate Course form, available at marquette.edu/grad/forms_index.shtml.)

Additionally, students admitted to an accelerated program will be required to complete and submit an approved Master’s Program Planning Form (MPPF) to the Graduate School, which includes an addendum identifying the graduate courses that will be taken while the student is still an undergraduate.

Admission Procedure

Each academic unit with an accelerated program will develop admission criteria based on the following guidelines:

1. Minimal criteria for admission and continuation in the program will be established by each participating program.
2. Each academic unit will establish the point in an undergraduate career when a student may apply for admission to the accelerated degree program, but in no case may it be earlier than the completion of the sophomore year.
3. The student must apply for admission to the accelerated degree program through the Graduate School. This admission, if approved, will include admission to the graduate degree granting academic unit.
4. International students who are admitted into the accelerated degree program will work with the Graduate School and the Office of International Education in order to apply for the appropriate visa.

Dual Counting of Undergraduate and Graduate Credits

With the approval of the applicable academic unit and the Graduate School, up to 12 graduate credits taken during their undergraduate career may be applied toward completion of their graduate degrees.

The grades earned in Marquette courses applied toward both the baccalaureate and graduate programs will be computed into the grade point averages of both degrees.

None of the graduate courses taken in this program may be applied to the undergraduate Core of Common Studies.
Graduate courses taken outside of an accelerated degree program as an undergraduate student may be considered for transfer into a graduate program if they have not also been counted toward the undergraduate degree.

**English as a Second Language Program (ESLP)**

The Office of International Education (OIE) provides advanced English language courses for students of other language backgrounds whose academic success at Marquette requires additional formal instruction in spoken or written English. Departments that wish to have the English competency of their graduate students evaluated should contact OIE for information about the English Placement Test. The results of this test are used to recommend any appropriate English language (ESLP) courses. ESLP courses are offered in the fall and spring terms. Descriptions for the courses in Composition, Reading, and Listening Comprehension are described in the Undergraduate Bulletin. Additionally, all incoming international teaching assistants (TAs) are required to attend a special one-week International Teaching Assistant Program (ITAP) prior to the start of the fall semester. This training program includes evaluations of each TA’s English language and classroom skills for possible placement into ESLP 6021 American Language and Communication Skills for Teaching Assistants.

Marquette University currently does not offer a graduate degree program in English as a Second Language. For information on degrees or certificates in education, see the sections of this Graduate Bulletin relevant to the intended major academic field of study.

**Inter-University Visitation**

Marquette University participates in two programs, detailed below, by which its students may take courses at another university or college in order to expand the breadth of their education.

Students should not take an off-campus course during their final term. In order to satisfy all graduation requirements, an official transcript reflecting all final grades is required. Taking a course through the Inter-University Visitation Program at UW-Milwaukee, the Medical College of Wisconsin, or via the Midwest Catholic Graduate Schools Consortium will delay a student’s graduation until the following graduation cycle.

**Marquette–UWM and Marquette–Medical College of Wisconsin**

Marquette University has agreements with both the University of Wisconsin–Milwaukee and with the Medical College of Wisconsin. The course being taken at the host institution must not be available at Marquette. Normally, no more than six credits taken at UWM or MCW can be counted toward degree completion at Marquette, unless the courses are taken as part of a joint program. The students must apply for admission to the host institution as a special student; the application fee is waived. A Marquette student must complete the appropriate registration form, found online at marquette.edu/grad/forms_index.shtml, then get their adviser’s approval, and finally submit the completed form to the Graduate School. This will register the student for the course GRAD 6933 (UWM course) or GRAD 6945 (MCW course), both of which are variable title and variable credit courses that reflect the title and number of credits of the course at the host institution. The student must also register for the course at the host institution. Tuition is paid at the home institution for the GRAD 6933 or GRAD 6945 course. The course at the host institution is tuition-free. Only degree-seeking graduate students in good standing are eligible to participate. This program is not intended for students in joint programs such as bioinformatics, biomedical engineering, and healthcare technologies management, where the courses between Marquette and MCW are cross-listed. Interested students should contact the Graduate School office for additional information and enrollment forms.

**Midwest Catholic Graduate Schools Consortium**

The consortium of Midwest Catholic Graduate Schools (MCGS) includes Loyola University, Chicago, Ill.; Marquette University, Milwaukee, Wis.; University of Notre Dame, South Bend, Ind.; and St. Louis University, St. Louis, Mo. MCGS has established the protocol whereby a degree-seeking student at one university may take course work at any of the other three universities to apply toward degree requirements at the home institution.

With prior approvals, the student enrolls at the home institution and makes financial arrangements there, but attends classes, on a short-term basis, as a visiting student at the host university. Final grades are forwarded from the host to the home university for listing on the student’s permanent record. The following restrictions apply: 1) Participation is restricted to those fields of study which are under the academic jurisdiction of the graduate deans at both the home and the host institutions; 2) Non-degree or temporary students may not participate; 3) The degree-seeking student must have completed at least the equivalent of one full term at the home university before visiting one of the other institutions; 4) A student may gain approval for more than one visitation at more than one host institution, but no more than six credit hours of courses from host institutions can become part of a degree program at the home institution.

To participate, a student must complete, for each course to be taken at a host institution, an Inter-University Visitation Enrollment Form and the applicable registration form, found online at marquette.edu/grad/forms_index.shtml, both of which require signatures of approval. Because of the paperwork involved and the number of approvals that must be obtained, the student must begin the inter-university visitation application process no later than June 1 for a fall term visitation, October 1 for the spring term, or March 1 for the summer term. Interested students should contact the Graduate School office for additional information and enrollment forms.

**Preparing Future Faculty Program**

Sponsored by the Graduate School at Marquette University, and in collaboration with the Center for Teaching and Learning, Preparing Future Faculty (PFF) offers a certificate program that prepares graduate students for a career in academia. Students not interested in an academic career are welcome to participate in PFF activities, as PFF workshops cover topics and themes that are applicable and relevant to many other professions and careers.
The certificate program addresses seven specific areas. Requirements for five of the seven areas are met either by attending PFF workshops and/or through equivalent workshops and classes offered through individual departments. The remaining two requirements are completed through a mentoring relationship with a faculty member.

1. Theory and research on effective teaching in higher education
2. Specific teaching skills
3. Obtaining feedback on teaching
4. Assessing student learning
5. Teaching with technology
6. Professional development
7. Obtaining external funding

All participants must also complete a teaching portfolio that documents and demonstrates their teaching abilities and professional development. The portfolio should contain the following: a statement of teaching philosophy; examples of graded assignments; teaching evaluations from students and/or faculty mentor; and a curriculum vita.

PFF organizes a series of free workshops every semester that covers all seven topic areas. The workshops also help students to complete the teaching portfolio.

Successful completion of the requirements for the PFF Program is recognized with a notation on the graduate student's official university transcript. For more information call (414) 288-5957, email mupff@marquette.edu, or visit the website at www.marquette.edu/pff/.
Student Resources and Facilities

Student Resources

Disability Services

Marquette University strives to integrate qualified students with disabilities as fully as possible into all aspects of university life. The Office of Disability Services, located within Student Educational Services, has been designated to coordinate this process in accordance with the university's compliance responsibilities under the law. Accommodations determinations for all students with identified and documented disabilities will be made on a case-by-case basis. Examples of possible accommodations or services provided to students with disabilities include: alternative texts, interpreting, lecture notes, testing arrangements informal counseling, advocacy training, etc.

More detailed information about accessibility for all students at Marquette can be found on at http://www.marquette.edu/disability-services. The Office of Disability Services is located in Marquette Hall, 05; P.O. Box 1881; Milwaukee, WI, 53201-1881; Phone (414)288-1645; Fax (414) 288-5799.

Email Policy

Marquette University utilizes email as one of the official means of communication with students to keep them informed of important information such as financial aid and billing data; college deadlines, events and updates; and important campus news. Each student is issued an official eMarq email account for use while he or she is enrolled.

Email is an appropriate and preferred method for official communication by Marquette with students unless otherwise prohibited by law. The university has the right to send official communication to students by email with the assumption that students will receive, read and, if necessary, act in a timely manner based upon these emails. For more information, visit marquette.edu/its/about/official.shtml.

Financial Aid Information Guide

The publication Award Information Guide provides an overview of the available financial aid, how to accept financial aid, debt management, students rights and responsibilities, and federal loan programs. Information is available online at marquette.edu/mucentral/financialaid/index.shtml. Information about different types of financial aid available to graduate students may be found in this bulletin under Financial Aid.

Graduate Student Organization

The Graduate Student Organization (GSO) serves as a channel for graduate students to voice concerns, resolve difficulties, and provide feedback on issues that directly affect graduate student life at Marquette University.

The GSO will accomplish this goal by:

• Actively representing graduate students to the university
• Advocating changes deemed necessary by graduate students
• Fostering inter-departmental cooperation and exchange
• Encouraging unity among the graduate students as a whole
• Improving the academic environment for graduate students through sponsored events
• Providing social events for graduate students
• Working with University Ministry to provide spiritual support for graduate students who seek it

All part-time and full-time graduate or professional students enrolled at Marquette University are automatic GSO members, and membership is free.

For a listing of events and meeting notices, past meeting minutes, the GSO Constitution, and the Graduate Student Rights and Responsibilities visit the GSO website at marquette.edu/grad/GSO/index.shtml.

Marquette Central

This office is the primary source for student enrollment and financial services information and assistance. Once a student is admitted to the university, this office is available to help students through Marquette processes and serves as a resource for questions about registration, student financial aid and student accounts. For more information, visit marquette.edu/mucentral/.

Public Safety

As the Marquette community is located in downtown Milwaukee, students need to be aware of the realities of city living. Recognizing this, the university strives to educate students about personal safety and crime prevention through a wide variety of safety programs and services.

Marquette maintains its own Department of Public Safety as a security and safety service to the university community. The department is located on the first floor of the 16th Street Parking Structure, 749 N. 16th St. (between Wisconsin Avenue and Wells Street). This location houses Public Safety Administration, Officer Operations, Communications Center, Preventive Services, and Student Safety Programs. Public Safety operates 24 hours a
day, every day. Services can be obtained by calling (414) 288-6800. In cases of emergency, students and employees should contact Public Safety’s emergency line by dialing (414) 288-1911 from any campus extension or (414) 288-1911 from any off-campus phone.

Public Safety officers monitor on- and off-campus areas utilizing squad, foot and bicycle patrols. Public Safety officers are trained to respond to all calls for assistance, including crimes in progress and medical emergencies. University Service officers are responsible for monitoring campus buildings and property. The officers conduct walking patrols, provide authorized after-hours access to buildings, assist public safety officers and are available to provide information and assistance to students, staff and visitors. Security within the university’s residence facilities is provided by Safety Services officers, who are on duty from 11:30 p.m. to 7:30 a.m., daily.

The department maintains an outdoor telephone system, including more than 500 Blue Light Phones. Blue Light Phones are located on campus pedestrian walkways, mall areas and within or near all of the university’s parking lots. Blue Light Phones are located at Valley Fields as well as in the near off-campus residential area. Blue Light Phones provide a direct link to Public Safety’s Communication Center. Upon activation of a Blue Light Phone, the caller’s location is immediately known to the communications officer, who will provide the appropriate assistance.

A wide variety of crime prevention and safety awareness programs are made available to groups that are interested in promoting safety. Popular topics include self defense, personal safety, sexual assault prevention and alcohol awareness. Numerous brochures, the Awareness newsletter and crime statistics are readily available to provide information.

Any member of the Marquette community who becomes involved in a crisis situation can receive the benefits of the Victim/Witness Services program. The program provides resources for those in need of counseling or support services in addition to providing escorts to and from all necessary court-related appearances.

Schedule of Classes (Snapshot)

Snapshot is an online schedule of classes students access to determine what courses to take each term. In addition, Snapshot will provide a list of those classes that meet certain degree requirements or are of special interest, such as online courses. Click here marquette.edu/mucentral/registrar/snapshot/.

Student Information System (CheckMarq)

Marquette students obtain up-to-the moment information, monitor their academic record, view courses, register and update their address/phone numbers online by using the CheckMarq system via the Internet. Students can access CheckMarq from any computer with Internet access. Click here for checkmarq.mu.edu/ (http://checkmarq.mu.edu). CheckMarq requires both a user name and password. Information Technology Services assigns user names and passwords to all new students for the duration of their studies at Marquette.

Transcript of Academic Records

A Marquette University transcript is the complete and unabridged copy of all academic work attempted at Marquette University. Course and grade information contained on the transcript are released pursuant to the Family Educational Rights and Privacy Act of 1974 (as amended).

A student may obtain a transcript of his or her Marquette record by completing a Transcript Request form available on the Marquette Central website and submitting it as indicated on the form, or submitting an online request via the National Student Clearinghouse (http://www.studentclearinghouse.org). Current students may request a transcript online via their CheckMarq account. All transcript requests should be submitted a minimum of one week in advance of the date the transcript is needed.

The fee for this regular service is $7 per transcript. The fee for a rush or immediate transcript service is $10 per transcript. All transcript fees are payable at the time of the request.

Every transcript that is issued directly to a student is clearly marked. Because most institutions will not accept a transcript that has been in the student’s possession, we strongly recommend the student request the Office of the Registrar to mail a transcript directly to the institution involved. Students who fail to follow this recommendation are liable for any further charges when additional transcripts are ordered.

Veterans Benefits

The Office of the Registrar acts as liaison between the student and the Veterans Administration, the Wisconsin Department of Military Affairs and the Wisconsin Department of Veterans Affairs. Any student eligible to receive educational benefits under one of the various federal Veterans Administration programs must, at the beginning of each term for which he or she is registered, complete and/or submit the Marquette Application for Certification of VA Educational Benefits. First-time VA benefit applicants or transfer students may need to furnish additional documentation. For more information regarding how to apply for Veterans’ educational benefits, visit marquette.edu/mucentral/ and select Veterans Benefits. Information or consultation regarding Veterans educational benefits is available at any time during regular Marquette Central office hours.

Marquette participates in the Yellow Ribbon Program, which is a Post-9/11 GI Bill enhancement program for students who qualify for 100% of the Post-9/11 GI Bill. This program allows institutions of higher learning in the United States to voluntarily enter into an agreement with the VA to fund tuition
expenses that may exceed the higher of the actual tuition and fees for a private school. For additional information visit the Veterans Benefits site on the Marquette Central website.

Federal Law requires that educational assistance benefits to Veterans and other eligible persons be discontinued when the student ceases to make satisfactory progress toward their degree objective. Individuals who qualify, and wish to receive veterans’ educational benefits, must meet the published academic standards and requirements of the university in order to be certified for Veterans educational benefits.

Facilities

Haggerty Museum of Art

Opened in 1984, the Haggerty Museum of Art serves as a laboratory for learning focused on the visual arts by collecting, exhibiting and interpreting works of art in the context of Marquette University and Milwaukee. The museum’s exhibitions and educational programs are designed to contribute to transformational lifelong learning and enjoyment of the arts.

The Haggerty features approximately eight to nine exhibitions each year. Representing the diversity of work in the permanent collection of over 4,500 objects, the museum has offered exhibitions celebrating the contributions of the Italian Renaissance “Petite Masters”, American self-taught artists, works addressing social change issues, modern American printmaking and photography, and contemporary art by regional, national and international artists.

The Haggerty seeks to enhance the undergraduate educational experience by engaging students in various disciplines to think about the world and their subject matter through the lenses of the visual arts. The museum also works collaboratively with elementary and middle school teachers, local artists, and College of Education faculty and students to design programs that engage children and youth in educational activities. Additional educational opportunities for the campus and community include free tours, lectures, workshops and performances. For more information, visit the Haggerty Museum of Art website.

Hartman Literacy and Learning Center

The Hartman Literacy and Learning Center is a facility within the College of Education which supports undergraduate and graduate literacy-related programs. The center library houses a children’s literature collection, which is used by College of Education students as well as children and families participating in the Marquette University Family Literacy Project, a collaboration between the university and neighborhood elementary schools. Students enrolled in EDUC 4964 Practicum: Teaching Elementary Level Reading participate in the Family Literacy Project by tutoring small groups of children in reading and writing after school. The Hartman Literacy and Learning Center provides faculty and staff to support and conduct research regarding the project. For more information, visit the Hartman Center website.

Instructional Media Center

The Kenneth Shuler Instructional Media Center (IMC) provides a wide range of multimedia creation and presentation services for the Marquette University community. The IMC’s primary obligation is to support and enhance Marquette’s classroom instruction through technology. The IMC is also responsible for audio-visual equipment distribution and technical support in presentation classrooms throughout the campus. In addition, the IMC produces media that augment the university’s public communication goals. These efforts include the creation of photography, audio, videos, and multimedia for informational, development and student recruiting purposes.

The facilities of the IMC are state-of-the-art and an important component of the J. William and Mary Diederich College of Communication broadcasting curriculum. Our facilities include two digital television studios, eight video editing suites, three audio studios, and computer graphics platforms. These advanced facilities are used as classrooms and laboratories by students pursuing a degree in Broadcast and Electronic Communication. Students also have access to these facilities as they participate in MUTV and/or MUR the student operated campus television and radio stations.

Libraries Overview

The University’s libraries support the teaching, research and service mission of Marquette University by providing access to recorded knowledge through collections, services, cooperative programs and connections to worldwide resources. The libraries combine state-of-the-art technologies with a repository of information in an atmosphere of service and learning. A full description of resources, hours, news and services is found at the Libraries’ marquette.edu/library.

Collections of more than 1.7 million volumes and 3,700 print subscriptions are housed in the John P. Raynor, S.J, Library and the adjoining Memorial Library; the Law Library is separately described below. The libraries’ shared online catalog, MARQCAT, includes all book and periodical holdings, locations and circulation status.

Raynor Memorial Libraries

The Raynor Library, built in 2003, holds a commanding position at the physical and intellectual center of the campus. Raynor Library, seating 1,100, is designed around the needs of its users, preserving the university’s extensive traditional collections, while expanding its capacity for incorporating digital technology into access and delivery of information. The library offers over 300 online databases, thousands of books in digital format, and an ever-growing (over 26,000 titles) collection of full-text online newspapers, journals and magazines. The primary service point in Raynor is the two-level Information Commons (IC), with over 240 networked PCs and Macs, multimedia hardware and software and comfortable small group study spaces.
The Information Desk is open 104 hours weekly and, in addition, offers research consultations by appointment, and phone, IM, email and 24/7 “chat” assistance through its AskUs! services.

Raynor’s first level is open 24/7 when classes are in session, and the second level and bridge are open until 2 a.m. Sunday through Thursday, offering access to workstations and comfortable, safe late-night study space. Library hours during the summer, intercessions and holidays are posted and updated regularly on the 24-hour recorded message at (414) 288-1530.

Additional features of Raynor Library include: reference collections, circulating laptops with wireless connectivity, the Class Reserves and Media Services Desk, Browsing and Spirituality collections and the Funding Information Center. A conference center accommodating large groups and video conferencing, the Writing Center and the Center for Teaching and Learning are also located in the facility. The second-level bridge entrance to Memorial Library features a 4,800 square foot café with casual seating, popular reading materials and wired and wireless network connections.

Memorial Library, renovated top-to-bottom in 2004 and entered via the 2nd level bridge, houses the majority of the book and journal collections. The library is open 104 hours weekly and offers a variety of seating choices for over 1,050 readers. An open stack arrangement presents over six linear miles of compact shelving for bound journals on the lower level, plus book shelving on five floors. The facilities in this library include a circulation desk, a cluster of PCs, and assigned research carrels for faculty and graduate students.

Most library services and online research databases are available to students 24/7 from both on- and off-campus locations. Class reserve readings are digitized for online access whenever possible. Interlibrary Loan provides both books and journal articles from other libraries on request and a variety of other cooperative programs assure library privileges for Marquette students at other libraries in Southeastern Wisconsin. The Milwaukee County Federated Library System, including the Central Library just four blocks from campus, also lends to Marquette students. Above all, service-oriented staff members are committed to guiding and teaching users throughout the research process.

Special Collections and Archives
Raynor Library also houses the Department of Special Collections and Archives and its research/exhibit area on the third floor. Its archival and manuscript collections and over 7,000 rare books include the archives of Marquette University; the papers of faculty, students, staff, and alumni; and major collections relating to Christianity among Native Americans and 20th-century Catholic social action. These include research collections for the following individuals and organizations: the Bureau of Catholic Indian Missions, Dorothy Day and the Catholic Worker movement, the National Catholic Conference for Interracial Justice, and the National Catholic Rural Life Conference. J.R.R. Tolkien’s original manuscripts form a unique and notable research collection.

For more information on Raynor Memorial Libraries:
• Libraries’ website at marquette.edu/library.
• Campus map showing campus libraries at marquette.edu/campus-map/marquette-map.pdf
• AskUs! Phone, email, IM, or text information services marquette.edu/library/research/askus.shtml
• Hours at marquette.edu/library/about/hours.shtml or 24-hour recorded message (414) 288-1530.

Law Library
The primary mission of the Marquette University Law Library is to support, through its information and service resources, the curricular, research and service activities of the Marquette University Law School faculty and students.

The Law Library is located in the Law School in Eckstein Hall. The collection is comprised of 362,586 volumes representing 199,066 print volumes and 3,200 electronic and print subscriptions. Wireless connectivity is available throughout Eckstein Hall.

The Law Library maintains a comprehensive electronic and print collection of primary legal materials from all jurisdictions in the United States as well as a growing collection of international and comparative legal materials. In addition, the Law Library subscribes to BNA, the online CIS Serial Set, Hein Online, Lexis-Nexis, Loislaw, Westlaw and Wisconsin CLE materials, and is a depository of federal government information resources.

Research Centers and Institutes
In order to foster and enhance research and study at Marquette University, a number of units on campus have established thematic research centers and institutes. These centers and institutes offer the opportunity for active collaboration and research in a variety of categorical areas.

The centers generally are designed to bring an interdisciplinary focus to the study of complex problems and involve the participation of several faculty members. Opportunities are available for student participation in the programs of several of the centers and institutes.

The Office of the Provost maintains a list of currently active centers and institutes online at marquette.edu/research/centers.php.
Financial Aid

Both merit-based and need-based financial aid is available to graduate students at Marquette University. The university’s Marquette Central offers and administers need-based financial aid such as loans and federal work-study employment, and non-need based aid such as student work opportunity employment and private employment. The Graduate School offers and administers merit-based aid such as teaching assistantships, research assistantships, tuition scholarships and a variety of fellowships.

Students may opt to pay for their studies in a variety of ways. In addition to merit- and need-based aid, they may use their personal funds, sign up for the monthly payment plan offered by Marquette Central, receive assistantships funded by faculty members’ grants, or apply for outside scholarships and fellowships. Numerous funding options are listed and regularly updated in the financial aid section of marquette.edu/grad/.

Resolution Of The Council of Graduate Schools in the United States

Marquette University is a signatory to the CGS resolution. The resolution states that acceptance of an offer of financial support (such as a graduate scholarship, fellowship, traineeship or assistantship) for the next academic year by a prospective or enrolled graduate student completes an agreement that both student and graduate school expect to honor. When a student accepts an offer before April 15 and subsequently desires to withdraw that acceptance, the student may submit a written resignation of the appointment at any time through April 15. However, an acceptance given or left in force after April 15 commits the student not to accept another offer without first obtaining a written release from the institution to which a commitment has been made. Similarly, an offer by an institution after April 15 is conditional on presentation by the student of written release from any previously accepted offer. It is further agreed that institutions subscribing to the CGS resolution will enclose a copy of the resolution with every scholarship, fellowship, traineeship and assistantship offer it sends prior to April 15.

Merit-Based Competitive Financial Aid

Students applying for merit-based aid must:

• Be admitted to degree or certificate programs (exceptions are made for the Catholic Schools Personnel Scholarships and the Milwaukee Area Teachers Scholarships).
• Not be admitted on probation.
• Maintain 3.000 grade point averages (term and cumulative). Failure to do so may result in the withdrawal or discontinuation of their aid.

Awards are made on the basis of academic record and scholarly promise. Factors used in determining this aid include the applicants’ transcripts, letters of recommendation, test scores, and academic backgrounds. Financial need is not a factor.

Every recipient of financial aid offered by the Graduate School receives a Rules and Guidelines for Graduate School Financial Aid brochure with their award letter. The brochure is also available online at marquette.edu/grad/finaid_forms.shtml. The brochure covers topics such as responding to the offer, reapplying for aid, and handling involuntary termination procedures. Acceptance of the offer of financial aid implies knowledge of the rules and guidelines covering such aid, and aid recipients will be held accountable for complying with those rules and guidelines.

Assistantships*

Assistantships work approximately twenty hours per week in their departments. Outside employment is not allowed without written permission of the student’s adviser and the Graduate School. Assistantships receive stipends and full tuition scholarships.

1. Types of Assistantships

• Graduate Teaching Assistantships
  Graduate teaching assistants may serve as instructors of record, or assist faculty in teaching courses including functioning as discussion/laboratory section leaders or in providing other appropriate professional assistance including grading examinations, problem sets, and/or lab assignments, setting up displays for lectures and laboratory sections, and preparing or maintaining equipment used in laboratory sections.

• Graduate Research Assistantships
  Graduate research assistantships are graduate students conducting academically significant research under the direction of a faculty member. Graduate research assistantships are awarded by departments with faculty members engaged in research projects.

• Graduate Assistantships
  Graduate assistants are appointed for the primary purpose of assisting in classroom or laboratory instruction or in the conduct of research. Graduate assistants are included in this category when differentiating between primarily instruction and primarily research duties is difficult.
• **Graduate Service Assistantships**

Graduate service assistants meet the definition of a graduate assistant except students are not appointed for the primary purpose of assisting in classroom or laboratory instruction or in the conduct of research. Graduate service assistant positions are awarded for the primary purpose of gaining experience, practice, or guidance that is significantly connected to the students’ fields of study and career preparation. Graduate service assistants typically serve the university outside of an academic department and may provide service to off-campus organizations affiliated with the university. Trinity Fellows are included in this classification.

The following graduate programs offer assistantships:

- Biological Sciences
- Biomedical Engineering
- Business Administration
- Chemistry
- Civil Engineering
- Clinical Psychology
- Clinical and Translational Rehabilitation Health Science
- Communication
- Counselor Education and Counseling Psychology (Doctoral students only)
- Economics
- Educational Policy and Leadership
- Electrical and Computer Engineering
- English
- Foreign Languages and Literatures
- History
- Mathematics, Statistics and Computer Science
- Mechanical Engineering
- Nursing
- Philosophy
- Political Science
- Speech-Language Pathology
- Theology/Religious Studies

Refer to the table, found within this section, for more information about assistantships, or view the Rules and Guidelines for Graduate School Assistantships at marquette.edu/grad/finaid_forms.shtml.

* Programs that do not offer graduate assistantships include physical therapy, physician assistant studies, transfusion medicine and all programs offered by the College of Professional Studies. Dental students must contact the associate dean for research and graduate studies at the School of Dentistry for award consideration.

2. **Health Insurance for Eligible Assistants**

Marquette University works with an outside plan administrator to offer graduate students health insurance. Certain Marquette University graduate assistants and fellows, including some recipients of grant funding, will be eligible to have some of the basic premium paid by Marquette University.

If you have any questions about health insurance please visit the website at marquette.edu/riskunit/riskmanagement/student_health_insurance.shtml, or call (414) 288-6806.

**Scholarships**

Many programs offer scholarships to pay for tuition charges. Scholarships do not pay for prerequisites, audited courses, or non-related degree program courses and fees. They will not pay for more than six thesis or twelve dissertation credits. More information about scholarships is in the Rules and Guidelines for Graduate School Scholarships on the Graduate School website at marquette.edu/grad/.

* Programs that do not offer graduate scholarships include physical therapy, physician assistant studies, transfusion medicine, master’s programs in Counselor Education and Counseling Psychology, and all programs offered by the College of Professional Studies. Dental students must contact the associate dean for research and graduate studies at the School of Dentistry for award consideration.

**Fellowships**

A number of foundations, corporations, individual philanthropists, as well as the university, provide fellowships to Marquette graduate students. Fellowships do not have departmental work obligations, but outside employment is not allowed without the written permission of the student’s adviser.
and the Graduate School. Specific requirements of fellowships are included in award offer letters. Most fellowships require departmental nominations. Refer to the table, found within this section, for a listing of fellowships and application and nomination requirements. More information about fellowships can be found on the Graduate School website at marquette.edu/grad/finaid_forms.shtml.

Application Procedures

New applicants for admission should complete the marquette-grad.edu.185r.net/application/login/ (https://marquette-grad.edu.185r.net/application/login), and submit all admission materials by the application deadline (see below). Applicants for the Catholic Schools Personnel Scholarship may obtain a special paper application from the Graduate School, or they may apply online at marquette.edu/grad/finaid_forms.shtml

Admitted or continuing students should complete and submit the Financial Aid Application for Admitted Students by the application deadline (see below). The form may also be completed and submitted marquette.edu/grad/finaid_forms.shtml.

Application Deadlines

For priority consideration, applications are due in the Graduate School by 4:30 p.m. on the following dates. Deadlines falling on weekends or holidays will be extended to the close of the next business day.

<table>
<thead>
<tr>

<td>No application necessary. Awards selected by orthodontics program faculty. Recipients will be notified after July 1.</td>
</tr>
<tr>
<td>Milwaukee-Area Teachers Scholarships</td>
<td>Elementary and secondary school teachers in the Milwaukee area.</td>
<td>One-half of a three credit course, or 1.5 credits.</td>
<td>Apply online by the deadline. Fall deadline February 15; summer deadline April 15; spring deadline November 15.</td>
</tr>
<tr>
<td>Denis J. O’Brien Fellowship</td>
<td>Students involved in summer study and research in the Departments of Biological Sciences (2014) and Chemistry (2015).</td>
<td>Amount varies depending upon fund availability.</td>
<td>Nominations are made to the Graduate School by the department.</td>
</tr>
<tr>
<td>Charles O’Hara Scholarship</td>
<td>Graduate students in biology involved in summer work at Woods Hole, Massachusetts, Cold Spring Harbor Laboratory, or a similar laboratory devoted to the study of biological sciences.</td>
<td>Tuition scholarship.</td>
<td>Nominations are made by the Department of Biological Sciences.</td>
</tr>
<tr>
<td>Orthopaedic Human Motion Analysis Fellowship</td>
<td>Advanced graduate students in bioelectronics and biomechanics. Through clinical collaboration with the Department of Orthopaedic surgery at the Medical College of Wisconsin.</td>
<td>Up to 18 credits of tuition scholarship.</td>
<td>Nominations are made to the Graduate School by the Department of Biomedical Engineering.</td>
</tr>
<tr>
<td>Jeremiah L. O’Sullivan Fellowship in Public Affairs Journalism</td>
<td>Master’s students in journalism with a special emphasis in public affairs journalism.</td>
<td>Stipend and/or tuition scholarship.</td>
<td>Nominations are made to the Graduate School by the Diederich College of Communication.</td>
</tr>
<tr>
<td>Preparing Future Faculty Coordinator</td>
<td>Graduate students in all programs.</td>
<td>Award includes a full stipend and a full tuition scholarship.</td>
<td>Application procedures are announced each spring for the following fall term.</td>
</tr>
<tr>
<td>Reverend John P. Raynor, S.J. Fellowship</td>
<td>Doctoral and second-year master’s students. Recipients are expected to be in residence at Marquette and engaged in full-time study.</td>
<td>$20,000 stipend for doctoral students; a stipend for master’s students to supplement assistantship award.</td>
<td>Students wishing to be nominated for this fellowship should communicate their interest to their departments by November 15. Nominations from the departments are reviewed in the Graduate School and decisions are usually announced by February 15.</td>
</tr>
<tr>
<td>Ann Rehberg End of Life Care Scholarship</td>
<td>Graduate students in the College of Nursing.</td>
<td>Amounts vary depending upon fund availability.</td>
<td>Nominations are made to the Graduate School by the College of Nursing.</td>
</tr>

### Marquette University - Graduate School Bulletin

**Joseph A. and Dorothy C. Rutkauskas Scholarship**  
Graduate students in the College of Engineering.  
$5,000 award, but amount varies depending upon fund availability.  
Nominations are made to the Graduate School by the appropriate department.

**Arthur J. Schmitt Fellowship**  
Students in doctoral programs who intend to pursue a career in college teaching.  
Stipend of $17,500.  
Students wishing to be nominated for this fellowship should communicate their interest to their departments by November 15. Nominations from the departments are reviewed in the Graduate School and decisions are usually announced by February 1.

**Eugene J. Schumack Memorial Journalism Fund**  
Graduate students in journalism.  
Tuition scholarship amount varies depending upon fund availability.  
Nominations are made to the Graduate School by the Diederich College of Communication.

**Smith Family Fellowship**  
Doctoral students in history, English, philosophy, and theology who have dissertation topics that require travel out of state to collect data.  
Stipend of $17,500 plus reasonable travel expenses up to $3,500.  
Students wishing to be nominated for this fellowship should communicate their interest to their departments by November 15. Nominations from the departments are reviewed in the Graduate School and decisions are usually announced by February 1.

**Milo F. Snyder Scholarship in Business**  
Finance majors in the Graduate School of Management’s MBA program.  
Scholarship funds in varying amounts.  
Nominations are made to the Graduate School by the Graduate School of Management.

**Lawrence F. and Margaret C. Stollenwerk Scholarship Fund**  
Students enrolled in an older adults/gerontological nursing program.  
Amount varies depending upon fund availability.  
Nominations are made to the Graduate School by the College of Nursing.

**Larry and Cindy Susienka Family Foundation Scholarship Fund**  
Students in speech pathology and audiology. Preference given to an early acceptance program participant with a focus on geriatrics.  
Amount varies depending upon fund availability.  
Nominations are made to the Graduate School by the Department of Speech Pathology and Audiology.

**Earl W. Swokowski Fellowship in Mathematics**  
Students with teaching or research assistantships in the Department of Mathematics, Statistics and Computer Science.  
Full or partial stipends and/or tuition scholarships for the academic year or the summer term.  
Nominations are made to the Graduate School by the Department of Mathematics, Statistics and Computer Science.

**Teaching Assistantship**  
Full-time students in degree programs.  
Stipend rates depend upon department and level of award. In addition, up to 18 credits of tuition scholarship.  
Submit application to the Graduate School. Fall deadline February 15; spring deadline November 15.

**Trinity Fellowship**  
Graduate students in limited academic programs with prior service in the Peace Corps, Jesuit Volunteer Corps, AmeriCorps, or comparable service. Requires work in a specified social agency.  
Stipend approximates Graduate School’s teaching assistantship stipend in addition to a tuition scholarship of up to 18 credits.  
Contact the Trinity Fellows Program at (414) 288-5473.

**Tuition Scholarship**  
Full-time students in degree programs.  
Scholarships up to 18 credits.  
Submit application to the Graduate School. Fall deadline February 15; spring deadline November 15.

**Wisconsin Province of the Society of Jesus Grant Fund**  
Non-Jesuit members of religious orders from developing countries.  
Tuition scholarship amounts vary depending upon fund availability.  
Contact the Graduate School.

**Dorothy Randles Wood Scholarship**  
Graduate students in speech pathology and audiology.  
Amounts vary depending upon fund availability.  
Nominations are made to the Graduate School by the Department of Speech Pathology and Audiology.

---

### Financial Aid Available From the Office of Student Financial Aid

Financial aid consists of scholarships or assistantships, student loans and part-time employment, and can help meet the costs of a graduate or professional program.
Scholarships and assistantships are awarded by each school or program (dental, law, health sciences or graduate). Questions concerning scholarships and assistantships should be directed to the admissions or dean’s office of the school or program in which you plan to enroll.

The most current and accurate information can be obtained by visiting marquette.edu/mucentral. Marquette Central professional staff is available for assistance Monday through Friday, 8:00 a.m. to 4:30 p.m. at (414) 288-4000. Although care is taken to ensure the accuracy and timeliness of information contained in this bulletin, the information is subject to change and/or deletion without notice due to unintended error and/or ongoing changes in federal and state legislation.

Eligibility Requirements
To be considered for federal financial aid, students must meet the following requirements:

- Be a U.S. citizen or an eligible non-citizen. Students with F1, F2, J1, or J2 visas are not eligible.
- Be registered with Selective Service, if required.
- Complete the Free Application for Federal Student Aid (FAFSA) at www.fafsa.gov.
- Not be in default on any loan or owe a refund on any grant made under Title IV of the Higher Education Act of 1965, as amended, at any institution.
- Demonstrate financial need, if applying for need-based aid.
- Be enrolled at least half-time. Audit, repeat and other non-credit classes do not apply.
- Half-time: 4 credits per semester for Graduate; 6 credits per semester for Dental, Law, and Health Sciences.
- Be working toward a degree or certificate.
- Be making Satisfactory Academic Progress (i.e., to be eligible for aid, a student must have academic standing that is consistent with university requirements for graduation).

Application Procedures
Students may apply for financial aid if they are currently enrolled or are applying for admission to Marquette University. Be advised that no offer of financial assistance will be made until the student is formally admitted to the university. All students applying for financial aid must complete the Free Application for Federal Student Aid (FAFSA). The FAFSA is available online at www.fafsa.gov beginning on January 1 for the upcoming academic year.

During the application process, students may be asked to verify the information reported on the FAFSA. Any aid offer will be contingent upon completion of the verification process.

Satisfactory Academic Progress Policy
Marquette University is required by federal regulation to apply qualitative and quantitative standards in measuring academic progress for financial aid purposes. The complete Standard Academic Progress Policy can be found at the Office of Student Financial Aid website: http://www.marquette.edu/mucentral/financialaid/resources_elig_standards.shtml

Office of Student Financial Aid - Available Programs
Gift Assistance
American Indian Graduate Fellowship Program (AIGC)
Eligibility:

1. Enrolled full-time.
2. Certified as Indian by tribe.
3. Must show financial need.
4. Must be in post-baccalaureate program.

Amounts:
Federal government funds program, AIGC selects eligible students and determines amount of each student’s fellowship.

Application Process:

1. File the Free Application for Federal Student Aid (FAFSA).
2. Contact AIGC at www.aigc.com or (505) 881-4584 to request application directly. Deadline is June 1.
Employment Assistance

Marquette Student Employment (MSE)

Eligibility:
Must show proof of identity and eligibility to work in U.S. (original birth certificate, Social Security card or U.S. passport, visa).

Amounts:
Varies. Determined by each employer.

Terms:
1. Paid every two weeks; rate of pay depends on nature of job, skills and experience.
2. It is Marquette’s position that students work no more than 20 hours per week while classes are in session. Students may work up to 37.5 hours per week when classes are not in session, such as during official breaks and summer.
3. Employer determines rate of pay and frequency of payment.

Application Process:
Use the JobConnection website at jobconnection.mu.edu (https://jobconnection.mu.edu/interfase.htm) to access job listings.

Off-Campus Employment

Eligibility:
Must show proof of identity and eligibility to work in U.S. (original birth certificate, Social Security card or U.S. passport, visa).

Amounts:
Varies. Determined by each employer.

Terms:
Off-campus positions with Milwaukee area businesses have no restrictions on hours worked; however, it is Marquette’s position that students work no more than 20 hours per week while classes are in session.

Application Process:
Use the JobConnection website at jobconnection.mu.edu (https://jobconnection.mu.edu/interfase.htm) to access job listings.

Loan Assistance

William D. Ford Federal Direct Loan - Unsubsidized Stafford Loan

Eligibility:
1. Enrolled at least half-time in a degree program.
2. Not in default on prior federal student loans.
4. Making satisfactory progress toward a degree.
5. Completed the FAFSA.

Amounts:
Annual limit $20,500.

Terms:
1. Interest rate is fixed at 5.41 percent.
2. Interest is charged for the life of the loan.
3. Students may choose to make quarterly interest payments, or have the interest deferred and capitalized once prior to repayment.
4. A 1.051% fee is deducted from the loan proceeds when the funds are disbursed. See loan disclosure statement for details.
5. No prepayment penalty.

Application Process:
1. File the Free Application for Federal Student Aid (FAFSA).
2. Eligible students who have accepted the Stafford Loan on CheckMarq will receive instructions on completing the required electronic Master Promissory Note (eMPN) and Stafford Loan Entrance Counseling.
Federal Direct Grad PLUS Loan

Eligibility:
1. Enrolled at least half-time in a degree program.
2. Not in default on prior federal student loans.
4. Making satisfactory progress toward a degree.
5. Completed the FAFSA.
6. Must be credit worthy.

Amounts:
Students may borrow up to the difference between the Cost of Attendance minus the other financial aid.

Terms:
1. Interest rate is fixed at 6.41 percent.
2. Interest is charged for the life of the loan.
3. Students may choose to make quarterly interest payments, or have the interest deferred and capitalized once prior to repayment.
4. A 4.204% fee is deducted from the loan proceeds when the funds are disbursed. See loan disclosure statement for details.
5. No prepayment penalty.

Application Process:
1. File the Free Application for Federal Student Aid (FAFSA).
2. Complete and submit the Federal Direct Grad PLUS Loan Credit Authorization Form.
3. Once the Grad PLUS Loan is approved by the Federal Processor, instructions will be emailed to a student’s Marquette email address on completing the required electronic Master Promissory note (eMPN) and Grad PLUS Loan Entrance Counseling.
Tuition, Fees and Housing

Marquette University Payment Policy

The staff in Marquette Central is dedicated to providing service to our students and families in a professional and friendly manner while following the policies and procedures set forth by the university. The office provides accurate and timely information about each student’s bursar account while encouraging our students to be active participants in managing their account.

The final step to complete a student’s registration is payment in full of all fees for the term. Marquette University sends a monthly electronic billing statement to each student while the student has an account balance. A student may also view his/her e-bill via CheckMarq. Payment due dates are available at marquette.edu/mucentral. It is the student’s responsibility to pay tuition, fees and housing by the published due date whether he/she receives a bill or not. Students who do not plan to attend the university are responsible for dropping classes through CheckMarq and notifying their respective college office. All courses for which a student is officially registered as of the close of registration are subject to fee assessment and payment, and as such to appear as part of the student’s permanent record even if the student does not attend any sessions of the class. To avoid unnecessary fee charges and unnecessary courses with permanent failing or withdrawal grades on the student’s permanent record, it is the student’s responsibility to review his/her official registration prior to the end of late registration to ensure it accurately reflects the courses in which the student plans to be enrolled. Students assume responsibility for the consequences that ensue as a result of any withdrawal grade. These consequences include, but are not limited to: a delay in graduation, dismissal from the degree program, external institutions/entities viewing these grades as failing grades, loss of eligibility for certain scholarships and/or financial aid, loss of full-time status and/or loss of a refund.

Students who do not pay in full by the due date, enroll in the Marquette Monthly Payment plan or submit a billing authorization from an approved sponsor will have a registration block, transcript block and diploma block placed on their accounts. There will be a $100 fee for the removal of the block. Failure to pay any balance when due may result in the cancellation of a student’s registration for the current academic term, referral of the account to a collection agency, legal action to collect any balance due or any combination thereof. If the university must take legal action to collect any unpaid balance, the student will be responsible for all fees and costs incurred by the university to collect the unpaid balance.

Payment Options

Traditional Semester Payment

Payment of all tuition, housing and other billed charges is due in full prior to the beginning of each term. Cash and checks are acceptable methods of payment. Payment may also be made electronically (direct debit from checking or savings account) by accessing the link on the Marquette Central website at marquette.edu/mucentral. Credit card payment is available through a third party provider. The service fee for using this service is variable depending on the amount of the charge. This service may be accessed through the link on the our website marquette.edu/mucentral or by calling (866) 893-4518.

Marquette Monthly Payment Plan

Marquette offers the Marquette Monthly Payment Plan, which enables students and their families to budget all of their semester tuition, room and board, and student fees in five equal monthly installments. The MMPP is intended to cover the costs of fall (August–December) and spring (January–May) terms. The MMPP is not a loan; there are no interest or finance charges. The only cost is a $35 per semester enrollment fee. The fall term program begins Aug. 5, 2013. All payments are due on the fifth of each month.

Payment by a University Approved Third Party Sponsor

Students whose tuition is paid by a university approved third party sponsor must submit their billing authorization to Marquette Central by the payment due date.

Tuition Discounts

Students interested in taking a course on an audit basis must first register for the course for credit, then request a change in enrollment status to audit by informing the Graduate School. Students must notify the Graduate School by the close of late registration by submitting the Registration Change Request form found at marquette.edu/grad/forms_index.shtml.

Students must have the proper background and prerequisites for the course in question. Auditors are required to attend all classes and are expected to participate, based on the nature of the course, and/or complete assignments, at the discretion of the instructor. Students who register for an audit course will receive a 50 percent discount on the tuition for that course. This discount is not available to individuals who take the senior citizen discount.

A 50 percent senior citizen discount on tuition (only) is available to individuals 62 years of age and older taking graduate courses for credit and/or audit. This opportunity is offered to students who have the proper background and prerequisites for the course(s) in question. Students using the senior citizen discount are not eligible for the audit discount.

All rates in this bulletin are believed accurate and current when printed. However, Marquette University reserves the right to modify any rate to correct a printing mistake or to respond to any unforeseeable change in circumstances, e.g., energy surcharge, governmental action, etc.
**Tuition**

Graduate students are assessed at the per credit hour rate based on their academic plan for all registered courses, graduate or undergraduate.

Housing

The Office of University Apartments and Off-campus Student Services exists to assist current and prospective Marquette students in their search for apartment housing on and around the Marquette campus. Our office provides a comprehensive, searchable website to help you locate appropriate housing around the Marquette campus. This website is the primary resource students use to find housing in the near-Marquette neighborhood. In order to be listed on our site, a property must be located within the Department of Public Safety patrol area. The site not only lists a majority of the properties located in the immediate Marquette neighborhood, but it also offers useful information on safety, budgeting, and campus and community resources. You may access our website at marquette.edu/offcampus. UAOCSS is located at 1500 W. Wells Street and is open Monday through Friday from 8:00 a.m. to 4:30 p.m.

Meal Plans

Meal plans are available for purchase through the Office of Residence Life, and are automatically renewed for the second term unless cancelled through the office. Prices are per term.
<table>

</tbody>
</table>

**Refunds and Adjustments**

Students who have prepaid charges but do not register for classes will be given a full refund, less applicable non-refundable deposits. Students who register for classes and subsequently change their course load through either a partial withdrawal from courses or a complete withdrawal from the university will have adjustments made to their student accounts. The date on which the Withdrawal form is submitted to the university will be the date used for any refund calculation. Students assume responsibility for the consequences that ensue as a result of any withdrawal grade. These consequences include, but are not limited to: a delay in graduation, dismissal from degree program, external/entities viewing these grades as failing grades, loss of eligibility for certain scholarships and/or financial aid, loss of full-time status and/or loss of a refund. See this bulletin for a full description of withdrawal procedures.

After the first class, laboratory and special course fees are non-refundable. Tuition deposits are non-refundable but are applied toward first term tuition charges.

Refunds for tuition and board will be given based on the following schedules:

**Tuition Refund and Adjustment Schedule**

<table>
<thead>
<tr>

</tbody>
</table>

**Note:** Graduate students who enroll in, and pay for, thesis or dissertation credits before actually beginning work on their projects will not be entitled to a refund of tuition for these credits if, for any reason, they do not complete their programs.

Board — Pro-rated; number of full weeks remaining in term as a percent of 16 weeks.
Programs

These web pages describe the graduate degree programs offered at Marquette University and include information on all graduate courses. Prospective students are reminded to also read the other sections of this bulletin for general information on Graduate School admission requirements, academic regulations and academic programs.
Biological Sciences (BSCI)

Chairperson: Dale Noel, Ph.D.
marquette.edu/biology/graduate-studies

Degrees Offered
Master of Science, Plan A only; Doctor of Philosophy

Specializations
Master’s: Biochemistry, Cell Biology, Developmental Biology, Ecology, Genetics, Microbiology, Molecular Biology, Neurophysiology, Physiology
Doctoral: Biochemistry, Cell Biology, Developmental Biology, Ecology, Genetics, Microbiology, Molecular Biology, Neurophysiology, Physiology, Neuroscience

Program Description
The biological sciences graduate program aspires to train experimental scientists capable of teaching and directing independent research by providing a broad theoretical background and an appreciation for the rigor of the scientific method. Students are prepared for employment in faculty positions and research posts in academia and industry.

The department offers two areas of graduate study: biological sciences and neurosciences. Both provide students with research experiences using all areas of modern biological techniques to study molecular, cellular, tissue, organ, systems and organism functioning. The biological sciences area has several specializations including: cell and developmental biology, biochemistry and genetics, microbiology and ecology and physiology. The neuroscience area is offered in collaboration with the neuroscience faculty in the Department of Biomedical Sciences in the College of Health Sciences. In addition to general training in the biological sciences, students receive specialized course work in the neurosciences and choose a neuroscience laboratory from either department for their dissertation research. The main areas of research include: the neurobiology of addiction, stress and mental disorders, mechanisms of feeding behavior, neuronal regeneration, and ion channels.

Both areas of study offer 12-month support (academic and summer stipends), paid tuition credits and provide qualified reimbursement for university provided health insurance.

Prerequisites for Admission
Applicants are expected to have completed a bachelor’s degree in biology or related field. As a general rule, strong preference will be given to applicants to the doctoral program. Only in exceptional circumstances will students be admitted to the master’s program. A master’s degree is not a prerequisite for admittance to the doctoral program.

Application Deadline
No official deadline exists for the master’s or the doctoral programs; however, completed applications will be reviewed starting on Jan. 1st. Applications for admission received after this date will be considered as space permits.

Application Requirements
Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. A statement of professional goals and aspirations.
4. Three letters of recommendation that give evidence of the applicant’s scholarly promise.
5. GRE scores (General Test is required, Subject Test is recommended).
6. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

Biological Sciences Master’s Requirements
The program of course work and research for the master’s degree is determined in consultation with the student’s advisory committee. Each student is advised to take such courses as are properly related to academic background and research interests. All master’s students are required to gain the equivalent of one year of teaching experience during the program.
A master's student must complete 24 credit hours of course work including at least twelve hours at the graduate level, five credits of research taken in the first two years and three credits of seminar courses. In addition, six credit hours of thesis work are required to graduate. Eighteen of the 24 credit hours must be taken in biological sciences. The student must pass a master's qualifying examination and submit an approved thesis.

 Biological Sciences Doctoral Requirements

The program of course work and research for the doctoral degree is determined in consultation with the student’s advisory committee. Each student is advised to take such courses as are properly related to academic background and research interests. All doctoral students are required to gain the equivalent of one year of teaching experience during the program.

A doctoral student must complete a program of study, defined in conjunction with an adviser, on an approved Doctoral Program Planning Form. Advancement to candidacy for the doctoral degree is determined following successful completion of the lecture course work specified in the Doctoral Program Planning Form and after passing the qualifying exam. A typical doctoral student completes a minimum required 24 credit hours of course work, including a minimum of seven 2-3 credit graduate lecture courses (BIOL 8501 Molecular and Cellular Signaling, BIOL 8502 Systems Neuroscience, BIOL 8504 Advanced Survey in Neuroscience and BIOL 8506 Cellular Neurophysiology are mandatory for students in the neuroscience track), 5 credits of research and 5 one credit seminar courses, in addition to 12 credit hours of dissertation work. The student must submit and defend a dissertation after completing all other formal requirements for the doctoral degree.

Courses

BIOL 5101. Biochemistry and the Molecular Basis of Biology. 3 cr. hrs.
Major themes in biochemistry are examined in the context of mammalian physiology. Topics include: Protein structure and enzyme catalysis, carbohydrate and lipid metabolism in relation to energy production, protein and nucleic acid synthesis, and the nature of the genetic code. 3 hrs. lec., disc.

BIOL 5102. Experimental Molecular Biology. 3 cr. hrs.
Purification, characterization and molecular analysis of proteins, nucleic acids, lipids and other biomolecules with emphasis on standard techniques widely used in research laboratories. 1 hr. lec., 4 hrs. lab. Prereq: BIOL 4101 or equiv.

BIOL 5201. Genomics and Bioinformatics. 3 cr. hrs.
The analysis of gene structure and genetic regulation in selected prokaryotes and plant and animal systems, as well as transgenic organisms. Introduction to the principles of bioinformatics and proteomics as applied to genome comparisons and protein structure and function. Models and algorithms for predictions of the biological properties of genetically modified nucleotide sequences and proteins.

BIOL 5703. Exercise Physiology. 3 cr. hrs.
Study of the effects of acute and chronic exercise on selected organ systems. Particular emphasis will be placed on muscle, cardiovascular, respiratory, and environmental physiology.

BIOL 5806. Immunobiology. 3 cr. hrs.
Cellular and molecular mechanisms of the immune response. Nature of antigens and antibodies and their interactions. Special topics include complement, immediate and delayed hypersensitivity, transplantation and tumor immunobiology, immunosuppression, and immunological tolerance. 3 hrs. lec., disc.

BIOL 6001. Radioisotope Safety. 2 cr. hrs.
Ionizing radiation: proper safety procedures in the independent use of radioisotopes and current regulatory guidelines and licensing procedures. Prereq: BIOL 1002 and CHEM 1002; or BIOL 1009 and CHEM 1002; or cons. of dept. ch.

BIOL 6005. Scientific Writing Workshop. 1-3 cr. hrs.
Designed to teach basics of clear and effective scientific writing with emphasis on preparing and evaluating research manuscripts and proposals. Students learn editing techniques through deconstructing and revising others’ work.

BIOL 6096. Laboratory Rotations in Biology. 1-3 cr. hrs.
Informal lab rotation of first-year graduate students based on mutual preferences of the student and faculty member including lab group meetings, literature research, bench work, presentation of findings and/or research plan to lab members. S/U grade assessment. Prereq: Cons. of dept. ch.

BIOL 6097. Laboratory Research in Biology. 1 cr. hr.
Independent research of second year graduate students based on their dissertation/thesis research laboratories, including lab group meetings, literature research, bench work and presentation of findings. S/U grade assessment. Prereq: BIOL 6096 and cons. of dept. ch.

BIOL 6952. Department Colloquium. 0 cr. hrs.
Scholarly reports on selected topics in modern biology by visiting and resident investigators and graduate students. Registration and attendance required of all full-time graduate students in biology. SNC/UNC grade assessment.

BIOL 6999. Master’s Thesis. 1-6 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.
BIOL 8101. Protein Structure and Function. 2 cr. hrs.
Advanced protein biochemistry stressing methodology and primary literature. Topics include: structural and chemical properties of amino acids, peptides and proteins; protein folding and assembly; protein-protein and protein-ligand interactions; enzyme kinetics and regulation; and the determination of protein structure. Uses examples from glycolytic and gluconeogenic metabolic pathways to highlight the structural basis for catalysis and regulation. Prereq: BIOL 4101/5101 or equiv.; or cons. of instr.

BIOL 8102. Biochemistry and Function of Nucleic Acids. 2 cr. hrs.
The biochemistry of RNA and DNA with emphasis on biological function and evolution. Specific topics include: nucleic acid structure, biophysical properties, biosynthesis, and molecular function. Prereq: BIOL 4101/5101 or cons. of instr.

BIOL 8201. Developmental Genetics and Epigenetics. 3 cr. hrs.
Analysis of genetic and epigenetic influences on development, looking at specific examples from yeast, plant and animal model organisms. Topics include: genetics of flower development, yeast mating type switching, DNA methylation, genomic imprinting, chromatin remodeling, permutation and prions. Prereq: BIOL 2201 and 2301 or equiv.

BIOL 8202. Principles of Eukaryotic Genetics. 2 cr. hrs.
Genetics of eukaryotic model organisms with a focus on genetic approaches to the analysis of contemporary biological problems. Eukaryotic chromosome structure and function. Prereq: BIOL 2201 or equiv.

BIOL 8301. Imaging and Cytoskeletons. 2 cr. hrs.
Discusses the principles of cytoskeleton and molecular motors and modern imaging tools developed for the studies of cellular mechanisms. Prereq: BIOL 2301 or equiv.

BIOL 8302. Protein Trafficking and Organelle Identity in Eukaryotic Cells. 2 cr. hrs.
An in-depth analysis of protein trafficking and organelle identity in eukaryotic cells. Discusses, in detail, mechanisms of protein translocation across biological membranes and the genetic and biochemical analysis of protein sorting to diverse organelles. Prereq: BIOL 2301 or equiv.

BIOL 8501. Molecular and Cellular Signaling. 2 cr. hrs.
Comprehensive survey of the major neurotransmitter systems including biochemical synthesis and degradation, receptors and intracellular signaling pathways. Emphasizes modern laboratory techniques and primary literature. Prereq: Cons. of instr.

BIOL 8502. Systems Neuroscience. 2 cr. hrs.
Comprehensive survey of nervous system function at the systems level and includes motor, sensory and regulatory systems. Prereq: Cons. of instr.

BIOL 8504. Advanced Survey in Neuroscience. 1 cr. hr.
An introduction to current neuroscience literature with a focus on research at Marquette. Prereq: Cons. of instr.

BIOL 8506. Cellular Neurophysiology. 2 cr. hrs.
Biophysical properties of membranes and membrane-bound proteins. In-depth study of electrotonic properties of membranes, electrical potentials, voltage-dependent and ligand-dependent ion channels. Emphasizes techniques and data interpretation. Prereq: Cons. of instr.

BIOL 8520. Behavioral Neuroendocrinology. 2 cr. hrs.
Examines neuroendocrine systems as they relate to behavioral processes and their underlying neurobiological mechanisms with emphasis on the contribution of neuroendocrine dysfunction to neuropsychiatric disease. Prereq: Cons. of inst.

BIOL 8530. Glutamate Neurotransmission. 2 cr. hrs.
Reviews critical aspects of glutamatergic signaling including an overview of glutamate receptors, transporter, and release mechanisms. The contribution of abnormal glutamatergic neurotransmission is discussed in light of a number of pathological states including stroke and schizophrenia. Students integrate course material into a novel research proposal. Prereq: Cons. of inst.

BIOL 8601. Stem Cell Biology. 2 cr. hrs.
Examines fundamental principles of developmental biology as they relate to embryonic and adult stem cells. Includes: origin of stem cells, regulation of stem cell niches, pluripotency and differentiation, relationship to cancer and experimental approaches to stem cell research. Also includes discussion of recent advances in stem cell biology. Prereq: BIOL 2301 or equiv.; or BIOL 3601 or equiv.

BIOL 8603. Cell and Molecular Biology of Early Development. 2 cr. hrs.
Study of the cellular and molecular mechanisms underlying the specification of cell fate in a variety of model organisms including fruit flies, nematodes, mice and zebra fish. Emphasizes genetic, biochemical and molecular techniques used in studying these complex systems. Prereq: BIOL 2301 or equiv.; or BIOL 3601 or equiv.

BIOL 8702. Muscle Biology. 2 cr. hrs.
Topics covered include: skeletal, cardiac and smooth muscle relative to their regulation, structure and function. Emphasizes similarities and differences between these three muscle types with regard to structural organizations, composition, mechanics and kinetics. In addition, covers development, regulation and disease states. Emphasizes critical reading or primary scientific literature. Prereq: BIOL 3701 or equiv.

BIOL 8704. Cellular Homeostasis. 2 cr. hrs.
Detailed study of the proteins and pathways involved in the maintenance of cell volume, pH, and ionic balance, including the analysis of the function of plasma membrane transporter and channel proteins. The emphasis will be on eukaryotic cells, but prokaryotic cells will also be converted. Prereq: BIOL 2301 or equiv., or cons. of instr.
BIOL 8801. Prokaryotic Molecular Genetics. 2 cr. hrs.
Basic principles of bacterial genetics and regulation of gene expression. Points of emphasis: 1) how genetics and regulation shape and are shaped by the biology of the organism, 2) principles that are important to all biologists, including the manipulation of bacteria in genetic cloning and protein production, 3) application of genetics to elucidate cell physiology and biochemistry. Prereq: BIOL 3801 or BIOL 4101 or BIOL 8102 or an equiv. of any of these; or cons. of instr.

BIOL 8802. Microbiology in the Environment. 2 cr. hrs.
The detection of microbial diversity, activity, growth and abundance in the environment using molecular methods. Involves examples from literature. Prereq: BIOL 3801 or equiv. or cons. of instr.

BIOL 8931. Topics in Biology. 1-3 cr. hrs.
Subject matter variable as determined by needs of biological sciences graduate students. Students may enroll more than once as subject matter changes. Prereq: Cons. of dept. ch.

BIOL 8953. Seminar in Biochemistry and Genetics. 1-3 cr. hrs.
Topics of current interest in biochemistry and genetics. Prereq: Cons. of instr.

BIOL 8954. Seminar in Plant Molecular Biology. 1-3 cr. hrs.
Topics of current interest in plant molecular biology. Prereq: Cons. of instr.

BIOL 8955. Seminar in Neuroscience. 1-3 cr. hrs.
Topics of current interest in neuroscience. Prereq: Cons. of instr.

BIOL 8956. Seminar in Cell and Developmental Biology. 1-3 cr. hrs.
Topics of current interest in cell and developmental biology. Prereq: BIOL 2301 or equiv.; or cons. of instr.

BIOL 8957. Seminar in Physiology. 1-3 cr. hrs.
Topics of current interest in physiology. Prereq: Cons. of instr.

BIOL 8995. Independent Study in Biological Sciences. 1-3 cr. hrs.
Investigations in selected areas of biology. Prereq: Cons. of instr. and cons. of dept. ch.

BIOL 8999. Doctoral Dissertation. 1-12 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.

BIOL 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIOL 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIOL 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIOL 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIOL 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIOL 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIOL 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIOL 9987. Doctoral Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIOL 9988. Doctoral Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIOL 9989. Doctoral Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIOL 9995. Master’s Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIOL 9996. Master’s Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIOL 9998. Doctoral Dissertation Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIOL 9999. Doctoral Dissertation Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Chemistry (CHEM)

Chairperson: Scott A. Reid, Ph.D.
marquette.edu/chem/

Degrees Offered
Master of Science, Doctor of Philosophy

Specializations

Subspecialty areas of research within the Department of Chemistry include: photochemistry; molecular spectroscopy; medicinal chemistry and drug discovery; materials chemistry and nanotechnology; organometallic, physical organic, bioorganic, polymer, and theoretical chemistry; and chemical dynamics.

Program Description
The Department of Chemistry offers outstanding research and educational opportunities in its graduate programs, leading to the master of science or doctoral degrees. The heart of the graduate degree is research, conducted in concert with a faculty mentor. The program requires 24 hours of course work, and students are advanced to Ph.D. candidacy after successfully completing a literature seminar (4th semester) and research meeting (5th semester). The program emphasizes development of the whole scientist.

Prerequisites for Admission
Applicants should have graduated with, or be about to graduate with, a bachelor’s degree from an accredited institution. The minimum prerequisite for any graduate course is one year of undergraduate physical chemistry. In addition, an undergraduate course in an area of study (e.g., analytical, inorganic, organic) appropriate to the graduate course involved is required. A student’s undergraduate grade point should normally be equivalent to a B (3.000) or above.

Application Requirements
Applicants must submit a paper application (applicants may not apply online), directly to the Department of Chemistry at www.marquette.edu/chem:

1. A completed application form.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation from individuals familiar with the applicant’s academic work.
4. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.
5. GRE scores are optional, but it is to the applicant’s advantage to have taken the Subject Test for chemistry.

General Information
For more detailed and comprehensive information about the master of science and doctoral programs in chemistry, students should consult the most recent edition of the Chemistry Department’s Graduate Student Handbook. This publication defines the current rules and guidelines that govern department and program requirements.

Foreign Language Requirements
Normally, no reading knowledge of a foreign language is required in either the master’s or doctoral programs. However, at the discretion of the student’s thesis or dissertation committee, proficiency in a foreign language may be required if it is necessary in the student’s research.

Proficiency Examinations
Incoming chemistry students must pass three proficiency examinations, which may be selected from among the four traditional areas of chemistry (analytical, inorganic, organic, and physical chemistry). Incoming chemical physics students must pass proficiency examinations in physics, physical chemistry, and one other area of chemistry. These examinations can be repeated up to two times each, and the student must pass three by the end of his/her second term of full-time study or the equivalent.

Chemistry Master’s Requirements
A program for the master’s degree is determined by the student’s research adviser in consultation with the student’s thesis committee.

All students are admitted to the program under Plan A but may transfer to Plan B if a Change of Plan form is submitted and approved. In Plan A (research option), the student must complete 24 credit hours of course work and six credit hours of CHEM 6999 Master’s Thesis for a total of 30
credit hours. Six credit hours of course work may be CHEM 6995 Independent Study in Chemistry. In addition, seminar course work (CHEM 6960 Departmental Seminar) is required for the program but earns no credit. The student must submit a thesis describing a substantial research project completed by the student in a mentor-professor's laboratory. Public defense of the thesis constitutes a comprehensive examination.

In Plan B (essay option), the student must complete 24 credit hours of course work and six credit hours of CHEM 6999 Master's Thesis for a total of 30 credit hours. An essay must also be submitted. Up to six credits of course work may be CHEM 6995 Independent Study in Chemistry. In addition, seminar course work (CHEM 6960 Departmental Seminar) is required for the program but earns no credit. The essay will include a review of the literature of some area of chemistry and a proposal of how knowledge in that area might be extended by research. Public defense of the essay constitutes a comprehensive examination.

Chemistry Doctoral Requirements

A program for the doctoral degree is determined by the student's research adviser in consultation with the student's dissertation committee.

A doctoral student must complete a program of study defined on an approved Doctoral Program Planning Form. Normally, the student will be required to complete 24 credit hours of course work and 12 credit hours of CHEM 8999 Doctoral Dissertation for a total of 36 post-bachelor's degree credit hours. An intense program of laboratory instruction and research to begin no later than the second term of study is also required. Six credit hours of course work may be CHEM 6995 Independent Study in Chemistry. In addition, seminar course work (CHEM 6960 Departmental Seminar) is required for the program but earns no credit. A third year research meeting consisting of a written report and oral presentation constitutes a qualifying examination; in addition, advancement to doctoral candidacy is contingent upon maintaining a 3.000 grade point average at the end of the fourth term of study in at least 15 credit hours of formal (non-CHEM 6995) course work. The student must submit a dissertation describing a significant body of independent research carried out in concert with a faculty mentor. The dissertation must be of a caliber that would be publishable in the leading scientific journals. A public defense of the dissertation is required.

Courses

Fundamental theory of spectral methods used to identify organic compounds. Structure elucidation through application of nuclear magnetic resonance, ultraviolet, infrared, and mass spectroscopy. Hands-on use of spectrometers for structural analysis of synthetic intermediates and products. Two hrs. lec., 4 hrs. lab.

CHEM 5330. Inorganic Chemistry. 3 cr. hrs.
Structure and bonding as related to physical and chemical properties; concepts relating to mechanisms; metal complexes; organometallic chemistry; molecular symmetry; catalysis; and descriptive chemistry to demonstrate applications of principles. Offered annually.

CHEM 5430. Introduction to Quantum Chemistry. 3 cr. hrs.
Elementary quantum theory and applications to atoms, molecules, and chemical bonding.

CHEM 5431. Physical Chemistry: Fundamentals with Applications in Biological Sciences. 3 cr. hrs.
Focuses on basic principles, using examples drawn from applications to biological systems. Covers macroscopic, statistical, and microscopic descriptions of matter. Emphasis on thermodynamics, chemical and physical equilibria, transport properties, and kinetics.

CHEM 5433. Physical Chemistry 1. 3 cr. hrs.
Atomic and molecular structure, states of matter, spectroscopy, laws of thermodynamics, phase and chemical equilibrium, electrochemistry, transport properties, kinetics and macromolecules. Three hrs. lec.

CHEM 5434. Physical Chemistry 2. 3 cr. hrs.
Continuation of CHEM 5433. Three hrs. lec.

CHEM 5530. Introduction to Biochemistry. 3 cr. hrs.
Bioenergetics, glycolysis, oxidative degradation, enzymes, metabolic controls, metabolism of carbohydrates, lipids and amino acids.

CHEM 5630. Introduction to Polymer Science. 3 cr. hrs.

CHEM 5932. Advanced Topics in Chemistry. 1-3 cr. hrs.
Advanced topics of current interest in inorganic, organic, analytical, physical or biochemistry.

CHEM 6101. Modern Concepts of Organic Chemistry. 3 cr. hrs.
Stereochemistry, structure-reactivity, and linear free energy relationships. Chemistry of reaction intermediates and mechanistic approaches to problems. Offered fall term.

CHEM 6102. Organic Reactions. 3 cr. hrs.
Scope and limitations of modern techniques of synthesis utilizing addition, elimination, oxidation, reduction, substitution, rearrangement, and concerted reactions. Attention to mechanisms and stereochemistry. Prereq: CHEM 6101.
Fundamental principles of physical organic chemistry. Mechanisms of common organic reactions with emphasis on polar mechanisms. Introduction to Hückel and extended Hückel molecular orbital calculations. Prereq: CHEM 6101.

CHEM 6201. Physical Methods of Analysis. 3 cr. hrs.
Review of equilibria, principles and practice of spectrophotometry, electroanalysis and separation methods.

CHEM 6202. Spectrochemical Methods of Analysis. 3 cr. hrs.
Discussion of modern instrumentation for spectrochemical analysis including conventional sources, lasers, monochromators and detection systems. Review and comparison of methods and applications of various spectrochemical techniques for the analysis of atomic and molecular species.

CHEM 6203. Electroanalytical Methods. 3 cr. hrs.
Electroanalytical methods for analysis and as a probe of homogeneous and heterogeneous redox processes with major emphasis on voltammetric, coulometric, potentiostatic and potentiometric methods. Also the redox chemistry of important organic, inorganic and organometallic compounds.

CHEM 6204. Analytical Separations. 3 cr. hrs.
Emphasis on gas chromatography and high performance liquid chromatography. Also included: other forms of chromatography, electrophoresis and related techniques, distillation, extraction, dialysis.

CHEM 6301. Advanced Inorganic Chemistry 1. 3 cr. hrs.
Atomic and molecular structure, chemistry of the compounds of metals, transition metals and nonmetals, introduction to symmetry, ligand field theory, mechanisms, acids and bases, non-aqueous solvents, organometallic compounds, and applications of spectroscopy.

CHEM 6302. Advanced Inorganic Chemistry 2. 3 cr. hrs.
Special emphasis on such topics as non-aqueous solvents, mechanisms of inorganic reactions, inorganic polymers, descriptive chemistry, coordination chemistry, organometallic chemistry, point group classification, spectroscopy as applied to inorganic compounds, inorganic biochemistry, and current inorganic literature.

CHEM 6401. Computational Chemistry. 3 cr. hrs.
Survey of the theories, models, and methods of modern computational chemistry. Topics include: molecular mechanics, semiempirical and ab initio molecular orbital theory, and Density Functional theory. Emphasizes applications in vibrational and electronic spectroscopy, thermodynamics, reaction dynamics, and condensed phase phenomena. Prereq: CHEM 5434.

CHEM 6402. Introduction to Spectroscopy. 3 cr. hrs.

CHEM 6403. Statistical Thermodynamics. 3 cr. hrs.
Applications of statistical methods to chemical systems at equilibrium, including the calculations of thermodynamic functions, the properties of gases, and the theories of the liquid state. Introduction to non-equilibrium statistics and quantum statistics.

CHEM 6404. Chemical Kinetics. 3 cr. hrs.
Mathematical and phenomenological description of chemical rate processes and application to the solution of chemical problems.

CHEM 6405. Advanced Physical Chemistry. 3 cr. hrs.
Atomic and molecular structure and chemical bonding from the point of view of quantum mechanics; illustrations from spectroscopy.

CHEM 6406. Infrared and Raman Spectroscopy. 3 cr. hrs.
General theories of molecular vibrations and applications of infrared and Raman spectroscopy to chemical problems.

CHEM 6407. Advanced Quantum Chemistry. 3 cr. hrs.
The application of advanced topics and methods of quantum mechanics to chemistry. Prereq: CHEM 6405.

CHEM 6931. Topics in Chemistry. 1-3 cr. hrs.
Topics of current interest in biochemistry.

CHEM 6960. Departmental Seminar. 0 cr. hrs.
Papers and discussions as a means of interpreting present trends in chemical research. Required of all full-time graduate students in chemistry. SNC/UNC grade assessment.

CHEM 6995. Independent Study in Chemistry. 1-4 cr. hrs.
Prereq: Cons. of dept. ch.

CHEM 6998. Master’s Thesis. 1-6 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.

S/U grade assessment. Prereq: Cons. of dept. ch.

CHEM 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
CHEM 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CHEM 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CHEM 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CHEM 9994. Master’s Thesis Continuation: Less than Half-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CHEM 9995. Master’s Thesis Continuation: Half-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CHEM 9996. Master’s Thesis Continuation: Full-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CHEM 9997. Doctoral Dissertation Continuation: Less than Half-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CHEM 9998. Doctoral Dissertation Continuation: Half-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CHEM 9999. Doctoral Dissertation Continuation: Full-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Clinical Psychology (CLPS)

Chairperson: John H. Grych, Ph.D.
marquette.edu/psyc/

Degree Offered
Doctor of Philosophy

Program Description
The clinical psychology program offers courses and training leading to the degree of doctor of philosophy (Ph.D.) in clinical psychology. Students in the doctoral program acquire a master of science degree as they progress toward their doctoral degree. The doctoral program is accredited by the American Psychological Association (APA). Courses cover scientific areas of psychology, the historical foundations of psychology, research methods and professional practice skills. Supervised clinical experiences are planned throughout the curriculum. Practica are available at the Department of Psychology’s Center for Psychological Services and with collaborating agencies in the Milwaukee urban area.

Multicultural Awareness and Professional Integration Program (MAPIP)
The goal of this program is to assist doctoral psychology graduate students in gaining additional knowledge of multicultural issues. This includes increased awareness of the multicultural psychology research, increased understanding of diverse groups and cultures, and self-reflection of how diversity awareness can be integrated into their professional careers. For more information about this program please visit the Department of Psychology website at marquette.edu/psyc/about_diversity_mapip.shtml.

Prerequisites for Admission
The applicant is expected to show evidence of adequate preparation in psychological and related sciences. The following courses are prerequisites to graduate study in clinical psychology: general psychology, psychological measurements and statistics, experimental psychology (with laboratory), personality theory, abnormal psychology, plus two additional courses chosen from the following: psychology of learning, psychological testing, history and systems of psychology, biopsychology (physiological psychology), social psychology and developmental psychology.

Application Deadline
To be considered for admission, all application requirements must be completed and received in the Graduate School by December 1.

Application Requirements
Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. A personal statement of 1,000 words or fewer that includes discussion of academic and professional experiences and goals.
4. Three letters of reference from individuals familiar with the applicant’s academic work and/or research experience.
5. Graduate Record Examination (GRE) test scores (General Test).
6. For international applicants only: a TOEFL score or other acceptable proof of English proficiency.

The highest ranking applicants will be invited to an interview.

Clinical Psychology Doctoral Requirements
A doctoral student must complete a program of study defined, in conjunction with the director of clinical training, on an approved Doctoral Program Planning Form. Students obtain a master’s degree while in the doctoral program. The program requires a total of 84 credit hours of course work beyond the baccalaureate degree including: semestery enrollment in and attendance at a non-credit colloquium (PSYC 8952 Colloquium in Psychology), 6 credit hours of master’s thesis work, completion of an approved master’s thesis, successful completion of a doctoral qualifying examination (DQE), 12 credit hours of dissertation work, submission of an approved dissertation and an approved internship.

Required courses are:

Total Credit Hours: 84

The student is required to complete a satisfactory master’s thesis and pass an oral defense. The defense is overseen by a committee of three department faculty and the defense constitutes the master’s comprehensive exam. Students who successfully defend their master’s thesis and who have completed at least 36 credit hours of study are awarded the master’s degree. Students must successfully complete the DQE to be advanced to doctoral candidacy.

Requirements to earn the master of science degree on the way to earning the doctoral degree total 42 credit hours:

A completed master’s thesis

Public defense of the thesis

Total Credit Hours: 42

The doctoral student must complete an internship approved by the Psychology Department. Before the student is permitted to apply for internship, personal and professional readiness must be verified. Readiness is evaluated by both a review of the student’s graduate study portfolio and a “clinical exam,” which entails an oral examination of necessary clinical skills. Permission will be granted only to students whose proposal has been approved.

A public defense of the dissertation will be conducted only after the student has completed all other formal requirements for the doctoral degree, with the possible exception of the internship. To conduct research projects, permission from the university Institutional Review Board must be obtained.

Courses

**PSYC 5330. Human Factors Engineering. 3 cr. hrs.**
Person-machine interactions, including sensory and motor phenomena and human limitations, controls and displays for computer-based and conventional machines, human information processing and artificial intelligence, workspace and environmental factors that influence optimal performance, relevant legal issues and human functioning in outer space.

**PSYC 5350. The Psychology of Death and Dying. 3 cr. hrs.**

**PSYC 6998. Professional Project in Psychology. 0 cr. hrs.**
SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

**PSYC 6999. Master’s Thesis. 1-6 cr. hrs.**
S/U grade assessment. Prereq: Cons. of dir. of clinical training.

**PSYC 8101. Advanced Statistics and Design 1. 3 cr. hrs.**
Covers inferential statistics commonly used in psychological research. Topics include: probability and hypothesis testing; t-tests; one-way, two-way, and repeated measures analysis of variance; post-hoc and planned comparisons; correlation; bivariate regression; nonparametric statistics; power and effect size. Emphasizes identifying the appropriate statistical model for a research question, understanding the assumptions underlying the tests, and being able to compute and interpret the test statistics accurately. Use of statistical packages. Prereq: Admission to clinical program or cons. of dept. ch.

**PSYC 8102. Advanced Statistics and Design 2. 3 cr. hrs.**
Statistics covered include: multiple regression, logistic regression, multivariate analysis of variance and covariance, principal components analysis, and exploratory factor analysis. Covers psychometric concepts and procedures related to item selection, scale construction, reliability and validity. Emphasizes identifying the appropriate statistical model for a research question, understanding the assumptions underlying the tests, and being able to compute and interpret the test statistics accurately. Continued use of statistical packages. Prereq: PSYC 8101 and admission to clinical program or cons. of dept. ch.

**PSYC 8125. Advanced Research Methods. 3 cr. hrs.**
Focuses on research design principles relevant to psychology and related disciplines. Emphasizes the development of skills in logic, critical analysis, and scientific writing. Covers basic principles of experimental and non-experimental design; principles of reliability and validity; strategies of data analysis and data collection methods. Students evaluate existing research and generate an original research proposal. Prereq: PSYC 8101 or equiv. and cons. of instr. or admission to clinical program.

**PSYC 8201. Ethics and Professional Issues in Clinical Psychology. 3 cr. hrs.**
A study of professional ethics drawing on APA guidelines, state statutes, research and case studies. Consideration of practice issues relevant to clinical psychology. Active participation in seminar presentations and formulation and resolution of ethical dilemmas. Prereq: Cons. of instr. or admission to clinical program.

**PSYC 8202. Multicultural Issues in Clinical Psychology. 3 cr. hrs.**
Designed to provide training in the culturally informed practice of clinical psychology. Students learn to recognize and understand dimensions of cultural diversity in our communities, including, but not limited to: race, ethnic background and identity, sexual orientation, and religion. Trains students in developing culturally competent psychological interventions with individuals from diverse groups. Prereq: Cons. of instr. or admission to clinical program.

**PSYC 8301. Psychological Assessment 1. 3 cr. hrs.**
Development of skills in the administration, scoring, interpretation, and integration of individual intelligence and achievement tests. Development of basic clinical assessment skills and understanding of the nature, development, etiology, and implications of individual differences in intelligence. Prereq: Admission to clinical program.

**PSYC 8302. Psychological Assessment 2. 3 cr. hrs.**
Extension of the assessment skills developed in PSYC 8301; the administration and interpretation of projective technique with emphasis on the Rorschach and TAT; special emphasis on the MMPI and report writing. Prereq: PSYC 8301 and admission to clinical program.
PSYC 8321. Clinical Interviewing. 3 cr. hrs.
Basic listening skills, interviewing to establish diagnoses and treatment goals and plans, and the development of the therapist-client relationship. Prereq: Admission to graduate program or cons. of instr.

PSYC 8322. Theories of Psychotherapy 1. 3 cr. hrs.
Focuses on interpersonal, client-centered, and psychodynamic models of psychotherapy. Covers conceptual foundations, intervention strategies, and empirical research on effectiveness. Prereq: PSYC 8321; admission to graduate program or cons. of instr.

PSYC 8332. Theories of Psychotherapy 2. 3 cr. hrs.
Focuses on the cognitive, behavioral, and cognitive-behavioral models of psychotherapy. Covers conceptual foundations, intervention strategies, and empirical research on effectiveness. Prereq: PSYC 8321; admission to graduate program or cons. of instr.

PSYC 8340. Theories of Psychotherapy 3. 3 cr. hrs.
Elective course covering complementary, alternative and cross-cultural approaches to psychotherapy. Prereq: PSYC 8321; admission to graduate program or cons. of instr.

PSYC 8341. Family Therapy. 3 cr. hrs.
Focuses on the evaluation and treatment of problems in couple and family functioning. Introduces family systems theory and evaluates different models for assessing and intervening with couples and families. Prereq: Cons. of dept.

PSYC 8360. Consultation and Supervision Strategies. 0-3 cr. hrs.
Students attend weekly seminar on supervision and consultation strategies and models. Students conduct supervision of other clinical students under supervision of instructor or other clinical faculty. Students attend both terms. Prereq: Cons. of dir. of clinical training.

PSYC 8401. Abnormal Psychology. 3 cr. hrs.
Scientific overview of psychopathology. Diagnostic criteria, etiology, and current treatments of important psychological disorders, including anxiety disorders, mood disorders, personality disorders, schizophrenia. Prereq: Cons. of instr. or admission to clinical program.

PSYC 8420. Principles of Child Psychopathology and Intervention. 3 cr. hrs.
Introduces research on the development of psychopathology in childhood, including attention to biological, family, and sociocultural influences on maladjustment. Discusses approaches for intervening clinically with childhood problems such as Attention Deficit Hyperactivity Disorder, conduct disorder, depression, and anxiety. Prereq: Cons. of dept.

PSYC 8511. History and Theoretical Foundations of Psychology. 3 cr. hrs.
The history of psychology as a scientific discipline and of clinical psychology as a profession. Current relevant issues in the philosophy of science. Relationship between different basic theoretical assumptions, personality theories, and perspectives on treatment. Theoretical issues in the study of individual differences and clinical interventions. Prereq: Cons. of instr. or admission to clinical program.

PSYC 8525. Advanced Personality Psychology. 3 cr. hrs.
Covers major theoretical models and empirical approaches to the study of the person. Emphasis is placed on the current science of personology, the study of the whole person in context and over time. Prereq: Cons. of instr. or admission to clinical program.

PSYC 8630. Advanced Developmental Psychology. 3 cr. hrs.
Presents a wide variety of theoretical and empirical approaches to understanding the development of the human being over the entire life course. Class readings and discussions provide the debates, concepts, methods, and findings present in the current scholarly dialogue concerning life-span developmental psychology. Prereq: Cons. of instr. or admission to clinical program.

PSYC 8660. Advanced Social Psychology. 3 cr. hrs.
Analysis of social psychological theory and research, including self processes, attitudes, persuasion, social influence, prejudice, group behavior, interpersonal relationships, aggression, and helping behavior. Prereq: Cons. of instr. or admission to clinical program.

PSYC 8665. Industrial Psychology and Organizational Development. 3 cr. hrs.
An experiential seminar for in-depth study of organizational diagnosis, change and development processes, motivation dynamics, creativity and innovation, leadership and group processes, negotiation, organizational culture and structure. Workshop format features interactive learning. Includes new trends from organizational research. Prereq: Cons. of instr.

PSYC 8666. Personality Selection. 3 cr. hrs.
Theory and contemporary applications concerning job analysis; ability, aptitude, and personality, and other forms of pre-employment testing; racial fairness and bias in testing; performance appraisal; utility analysis for selection techniques; special selection requirements for management, sales, creative people, and other professionals; career choice and planning composition of work groups. Prereq: Cons. of instr.; completion of B.A. or B.S. in management, social sciences, or engineering.

PSYC 8740. Foundations and Processes of Human Cognition. 3 cr. hrs.
Examines the history, current theories and methods of cognitive psychology and cognitive neuroscience with emphasis on perception, attention, memory, language, and executive functions. Discusses the relevance of gender, age, and culture to cognitive process, as well as clinical applications. Prereq: Cons. of instr. or admission to clinical program.

PSYC 8745. Introduction to Neuropsychological Assessment. 3 cr. hrs.
Prereq: PSYC 8740, PSYC 8780 or equiv., PSYC 8301 and PSYC 8302 or equiv., and cons. of instr. or admission to clinical program.
PSYC 8780. Biological Bases of Behavior. 3 cr. hrs.
The nervous system as the mediator of behavior. Physiological and neural factors in sensation, motor response, instinct, emotion, learning, and thinking. Prereq: Cons. of instr. or admission to clinical program.

PSYC 8787. Psychopharmacology. 3 cr. hrs.
Study of the major classes of drugs, their physiological mechanisms of action, and their efficacy in the treatment of mental disorders. Prereq: PSYC 8780 or equiv., PSYC 8401, and cons. of instr. or admission to clinical program.

PSYC 8931. Topics in General Psychology. 3 cr. hrs.
Contemporary theoretical and research trends, particularly in areas of experimental, social, developmental, abnormal, quantitative or physiological psychology. Prereq: Cons. of dir. of clinical training.

PSYC 8932. Advanced Topics in Clinical Psychology. 3 cr. hrs.
Seminar format that examines special topics related to the assessment, etiology, or treatment of psychological problems. A maximum of 3 credit hours can be applied to the degree. Prereq: Cons. of dir. of clinical training.

PSYC 8952. Colloquium in Psychology. 0 cr. hrs.
Research and scholarly reports on selected topics in scientific and professional psychology by visiting investigators, departmental faculty and graduate students. SNC/UNC grade assessment. Attendance required of all full-time regular students.

PSYC 8953. Introduction to Professional Practice. 0 cr. hrs.
Seminar for first-year graduate students. Introduces the clinical program expectations and requirements, including participation in group supervision, assistantship duties, and adjusting to graduate school. Prereq: First year student in CLPS or cons. of dept. ch.

PSYC 8954. Advanced Professional Practice Seminar. 0 cr. hrs.
Seminar for second-year graduate students. Reviews clinical program expectations and requirements, including material related to clinical evaluations and interventions, externships, master’s theses, and assistantship duties. Focuses on professional identity development. Prereq: Second year student in CLPS or cons. of dept. ch.

PSYC 8955. Seminar in Teaching of Psychology. 0 cr. hrs.
Covers some of the theories and strategies of effective teaching, including creating syllabi, course management, lecture styles, student management issues, creating tests, and grading and assessment strategies. Available to third and fourth year students. Meets all year, once or twice per month. Incorporates practice lectures with feedback. For students who plan to teach for the department or who plan on teaching as part of their careers. Students must attend both terms. SNC/UNC grade assessment. Prereq: Cons. of instr. and admission to clinical program.

PSYC 8965. Advanced Practicum in Clinical Psychology. 0-6 cr. hrs.
Supervised experience in psychological assessment, interventions, and consultation. Students enroll in 6 credit hours over the course of study. A maximum of 6 credit hours can be applied to the degree. 0 credit will be SNC/UNC grade assessment; 1-6 credits will be graded. Prereq: Admission to clinical program.

PSYC 8986. Internship in Clinical Psychology. 0 cr. hrs.
All students in the doctoral program in clinical psychology are required to complete a full-year (2000 hours) internship program that meets the requirements for internship training as stipulated by the American Psychological Association. Registration for this full-time non-credit course in each of three terms during the internship year is obligatory. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 8995. Independent Study in Psychology. 1-3 cr. hrs.
Prereq: Cons. of dir. of clinical training.

PSYC 8999. Doctoral Dissertation. 1-12 cr. hrs.
S/U grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PSYC 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.
PSYC 9987. Doctoral Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9988. Doctoral Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9989. Doctoral Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9991. Professional Project Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9992. Professional Project Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9993. Professional Project Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9994. Master's Thesis Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9995. Master's Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9996. Master's Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9997. Doctoral Dissertation Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9998. Doctoral Dissertation Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.

PSYC 9999. Doctoral Dissertation Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dir. of clinical training.
Clinical and Translational Rehabilitation Health Science (CTRH)

Program Director: Paula E. Papanek, Ph.D.
martquette.edu/chs/pt/rehabsciencems.shtml or http://www.marquette.edu/physical-therapy/inprptexsc.shtml

Degrees Offered
Master of Science; Doctor of Philosophy

Learning Outcomes
The clinical and translational rehabilitation health science master’s and doctoral programs build on the knowledge and skills of a licensed post-baccalaureate trained clinician, and demands a progressive demonstration or advanced knowledge and skills related to research, teaching and professional development. The program develops research skills that will translate to clinically relevant questions.

Graduates of the master’s degree in clinical and translational rehabilitation health science will:
1. Communicate clinical and translational research knowledge via strong oral skills.
2. Contribute to an original research project in an area of emphasis.

Graduates of the doctoral degree in clinical and translational rehabilitation health science will:
1. Communicate clinical and translational research knowledge via strong oral skills.
2. Design and execute an original research project.
3. Communicate clinical and translational research findings via strong written skills.

Program Descriptions

Master of Science
The master of science degree in clinical and translational rehabilitation health science is open to those with a related science major interested in strengthening their core undergraduate major with advanced course work in research and rehabilitation science.

A master’s degree may strengthen a pre-professional student’s application for entry into physical therapy, physician assistant studies, occupational therapy or medical school. A student may choose from three areas of emphasis for their degree: community wellness, sports medicine, including biomechanics, or performance enhancement. Both thesis and non-thesis options are available.

Doctor of Philosophy
The doctor of philosophy in clinical and translational rehabilitation health science builds upon the core competencies of clinical degrees (anatomy, physiology, pharmacology, medical ethics and patient care) with course work in rehabilitation systems physiology, applied neurophysiology, statistics, molecular genetics and research methodology. Students gain extensive research experience in the exercise, rehabilitation and movement disorders research cores housed within the exercise science program and the Department of Physical Therapy. Research includes the use of EMG, motion analysis, biomechanics, isokinetic dynamometry, fMRI, body composition, bone mineral density, diagnostic ultrasound and acute and chronic exercise training to explore mechanisms of dysfunction and develop theories for restoring function in people with movement disorders. Movement disorders cross age, gender and all ethnic boundaries and include populations with multiple sclerosis, post-traumatic stress disorder, traumatic brain injury, stroke, cancer survivors, pediatric obesity, cardiovascular diseases and chronic pain syndromes.

The Clinical and Translational Science Institute of Southeastern Wisconsin is a major partner with Marquette’s clinical and translational rehabilitation health science program. Marquette’s participation in this consortium expands opportunities for academic, medical and clinical research within Milwaukee. CTSI partner institutions include the Medical College of Wisconsin, University of Wisconsin-Milwaukee, the Milwaukee School of Engineering, the Zablocki V.A. Medical Center, Children’s Hospital of Wisconsin and Blood Center of Wisconsin.

Prerequisites for Admission

Master of Science Students
All master’s applicants will need greater than a 3.000 GPA in their undergraduate work. Current Marquette exercise physiology and athletic training degree students with a 3.000 GPA or better may apply for the accelerated degree program during their junior year for admission into the master’s program for their senior year.

Doctoral Students
Students must have successfully completed either a master’s degree in a related discipline or a post-baccalaureate degree in a clinical profession (physician assistant studies, physical therapy, doctor of medicine, nursing, speech-language pathology, etc.) with a minimum cumulative GPA of 3.000 (based on a 4.000 scale) and after acceptance into the Graduate School.
Application Deadline

Master’s applications should be submitted by Jan 1 and doctoral applications by Feb 15 of the year students wish to begin study. Students typically begin their studies in the fall of each academic year. To maximize potential for acceptance, admissions is done on a rolling basis until positions are filled.

Application Requirements

Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. A curriculum vitae including work history, formal education, continuing education, licensing and certification, professional organizations, honors and awards, publications, presentations and grants.
4. A personal statement of no more than 500 words addressing your purpose for applying to the program, your ability to successfully complete the program and your goals (short and long term).
5. Three letters of recommendation addressing the applicant’s academic, professional, clinical, personal attributes and potential for meaningful graduate study. At least one academic reference must be included.
6. GRE scores. Required for master’s applicants who are not part of the Marquette ADP program; required for doctoral applicants if their graduate/post-baccalaureate clinical degree was done at a non-U.S. institution or if their graduate/post-baccalaureate clinical degree GPA is less than 3.000. Waived for current Marquette applicants with GPA above 3.000 to the ADP.
7. (For international applicants only) a minimum acceptable score on the iBT TOEFL exam of 90 overall, with minimum section scores of 25 for listening and speaking, and minimum scores of 20 for reading and writing, or other acceptable proof of English proficiency.

Applicants may wish to submit one example of written work, such as a class project, course assignment, first author publication, grant application, etc. (optional).

An interview with the admission committee is mandatory.

General Information

Students applying to the doctoral program must have successfully completed either a master’s degree in a related discipline or a post-baccalaureate clinical degree (D.P.T., M.P.T., M.P.A., M.S.N., M.D., etc.) with a minimum cumulative GPA of 3.000 (based on a 4.00 scale). Applicants to the master’s program will likely need a significantly higher undergraduate GPA than 3.000 in order to be competitive.

The GRE (if applicable) must have been completed within the previous six years, and official scores must be sent to Marquette University directly from Educational Testing Service.

Accelerated Degree Program

The accelerated degree program is designed for undergraduate students in exercise physiology or athletic training at Marquette University who wish to complete both their undergraduate degree as well as the master of science degree in clinical and translational health science in just five years.

Students with a GPA of 3.000 or above may apply for admission to the five-year program during their junior year. Students must submit an application to the Graduate School, indicate their interest in the five-year program, and meet all other admission criteria as stated in the Application Requirements section.

Academic Standards

A cumulative GPA of 3.00 will be required in the clinical and translational rehabilitation health science program. The Academic Regulations section of this bulletin describes the criteria and procedures for academic warnings, probation, removal of probation, and dismissal. The clinical and translational rehabilitation health science program will strictly follow these policies and procedures.

Clinical and Translational Rehabilitation Health Science Master’s Requirements

The master of science in clinical and translational rehabilitation health science requires a total of 39 credit hours. The program of course work and research is determined in consultation with the student’s advisory committee. Each student is advised to take courses that are properly related to academic background and research interests. Students may choose a thesis or non-thesis option.
Clinical and Translational Rehabilitation Health Science Doctoral Requirements

The program of course work and research for the doctoral degree is determined in consultation with the student’s advisory committee. Each student is advised to take such courses as are properly related to academic background and research interests. A doctoral student must complete a program of study defined, in conjunction with an adviser, on an approved Doctoral Program Planning Form.

During the admission process, a total of 24 credits may be recognized and may be from the basic science foundation upon which the doctoral degree is built. Graduate course work will be selected from topics such as advanced anatomy, physiology, microbiology, genetics, and pharmacology. Selected courses will be documented on the Doctoral Program Planning Form which must be submitted by the end of the first semester.

In addition to the course work completed prior to enrollment in the doctoral program, students may choose to complete graduate course work at partnering CTSI institutions. Once the mentor has been selected, advanced graduate electives may be chosen from any of the CTSI partner institutions (MSEOE, MCW, UWM). See the Departmental Graduate Handbook for specific requirements.

Advancement to candidacy for the doctoral degree is considered following successful completion of all requirements specified on the Doctoral Program Planning Form and after passing a doctoral qualifying examination. A typical doctoral student completes a minimum required 23 credit hours of core course work, 11 credit hours in advanced electives (minimum of 3 courses), plus six courses (0 credits) of departmental seminar which would expand the student’s knowledge in research theory, statistical analysis, basic biomechanics, kinesiology principles and ethical decision making as well as exposure to research opportunities within the program. In addition, doctoral candidates will complete 12 credit hours of dissertation work. The student must submit and defend a dissertation after completing all other formal requirements for the doctoral degree.

Courses

CTRH 6001. Applied and Rehabilitative Systems Physiology. 3 cr. hrs.
An advanced and in-depth presentation of the impact of disease and rehabilitation on the major and physiologic systems. Systems may include: skeletal muscle, cardiovascular, pulmonary, endocrine, immune, and intermediary metabolism. Addresses clinical and translational models from a systems and disease perspective. Examples may include: aging, fatigue, immobilization, cancer, multiple sclerosis, mitochondrial and metabolic disorders, chronic stress and pain. Prereq: BISC 5135 and BISC 5145.

CTRH 6020. Measurements, Tests, and Techniques in Rehabilitation Science. 3 cr. hrs.
An overview of the tests, measurements and evaluation used in clinical translational rehabilitation research. Advanced discussion of validity and reliability of measurements tools and devices. Topics include physiological and psychosocial testing. Prereq: Graduate standing in CTRH or Nursing. Graduate course in statistics.

CTRH 6030. Advanced Principles and Instrumentation in Biomechanics. 3 cr. hrs.
Presents biomechanical concepts important to the study of human movement and activity and explores the instrumentation used in this study. Discusses and applies biomechanical principles including Newton’s laws, anthropometrics, statistics, dynamics, material properties, kinetics and kinematics. Instrumentation such as electromyography, accelerometers, force transducers, optical sensor and force plates are discussed and utilized in the study of human movement. Discusses the design, implementation and calibration of these instruments. Prereq: CTRH 6001, which may be taken concurrently.

CTRH 6130. Neuromechanical Control and Regulation of Coordinated Movement. 2 cr. hrs.
In-depth study of the neural, mechanical, and muscular determinants that affect the control and regulation of coordinated movement in healthy and pathological populations. Prereq: CTRH 6030.

CTRH 6201. Neurophysiological Principles in Disease and Rehabilitation. 3 cr. hrs.
Examines system level neurophysiological principles in disease and rehabilitation. Prereq: CTRH 6001 and BISC 5135.

CTRH 6250. Neural Control of Locomotion. 3 cr. hrs.
In-depth study of the neural mechanisms underlying locomotor movements, with emphasis on human locomotion. Prereq: CTRH 6201.

CTRH 6290. Brain Dissection. 1 cr. hr.
An in-depth approach to the anatomy of the human brain. Emphasizes correlations between structure and function. Prereq: Graduate standing in CTRH program.

CTRH 6320. Molecular and Biochemical Techniques in Rehabilitation Health Sciences. 1 cr. hr.
Covers medical and forensic molecular biology, including a review of DNA/RNA structure and function, and biochemical analysis. Relevant laboratory techniques include: isolation of genomic DNA from various tissue samples, PCR, RFLP, molecular diagnosis of cancer, detection of infectious agents and identification of inherited diseases. Discusses proper sample processing, handling and storage. Special topics related to specific clinical populations based upon student interests discussed and techniques reviewed. Prereq: CTRH 6001.

CTRH 6380. Contemporary Rehabilitation in Pain. 2 cr. hrs.
Concepts relating to understanding the basic mechanisms of pain transmission, modulation, including how these influence clinical decision making. Prereq: CTRH 6201.

CTRH 6505. Aging and Physical Activity. 2 cr. hrs.
Explores the aging process using a multi-focal approach. Examines mental, physical and social facets of aging and develops the skills to program fitness and wellness activities for older adults of variable levels of health. Allows hands-on experience in leading and programming exercise with older adults while offering an opportunity to provide a valuable community service in the Milwaukee area. Prereq: CTRH 6001.
CTRH 6510. Obesity - A Comprehensive Approach. 2 cr. hrs.
Explores obesity as a disease process using a multi-focal approach. Examines mental, physical and social facets of obesity, as well as, approaches to treatment and prevention. For EXPH/ATTR students, application of classroom material occurs via service learning at a variety of sites in MPS and other area facilities. Prereq: CTRH 6001.

CTRH 6515. Neuromuscular Plasticity in Health and Disease. 3 cr. hrs.
Examines system level neurophysiological adaptations to activity, disease and rehabilitation with emphasis on sensory and motor systems. Prereq: CTRH 6001 and CTRH 6201.

CTRH 6520. Physiological Adaptations to Environmental Stress. 2 cr. hrs.
Systems based physiological responses and adaptations to acute and chronic environmental stress. Considerations given to rest and exercise conditions. Topics may include: spaceflight and microgravity, hyperbaric environments, hypoxia, high altitude, heat and cold. Prereq: CTRH 6001; BISC 5135; and EXPH 4192 or EXPH 5192.

CTRH 6530. Spinal Mechanisms of Motor Control and Implications of Rehabilitation. 2 cr. hrs.
Primarily journal-based discussion with exposure to various motor control laboratories in the Midwest. Prereq: CTRH 6001 and CTRH 6201.

CTRH 6540. Fatigue in Health and Disease. 3 cr. hrs.
An advanced and in depth presentation of the neuromuscular fatigue in healthy, diseased and disabled populations. Explores neural and muscular mechanisms of neuromuscular fatigue for different task conditions and populations that may include: aging, gender, cognitive demand, environmental temperature, practice and neural and muscular disorders, such as, multiple sclerosis, cancer, chronic and acute stress conditions, Alzheimer's disease and stroke. Prereq: CTRH 6201.

CTRH 6550. Physiology of Aging. 3 cr. hrs.
Provides an understanding of the physiology of normal aging and how that differs at times to the pathophysiology of human disease. Presents the normal aging process and disease processes to determine between normal and pathologic presentation, in order to design and implement appropriate therapeutics. Describes modifications in practical areas that will enhance care of the geriatric patient. Topics may include: cardiovascular, respiratory, neural systems, cognition, renal, endocrine, immunity, bone and special senses. Each class session ends in a discussion of the clinical implications as they relate to common practice or professions of choice. Prereq: CTRH 6001.

CTRH 6590. Performance and Rehabilitation. 2 cr. hrs.
Focuses on providing an advanced level understanding of the physiology of performance enhancement as it relates to rehabilitation. Topics include: advanced training procedures, assessment techniques and elite training theories. Discusses common surgical procedures and rehabilitation techniques associated with elite athletes with opportunities for observation as permitted. Addresses various subsets of the population, when appropriate, regarding specificity of responses to speed, agility and power training (elite, college, women and sport specific programs). Understanding is demonstrated by incorporation of and application of background knowledge obtained in other courses (exercise physiology, strength and conditioning, biomechanics, kinesiology and orthopedic physical therapy) into the development of exercise programs for specific populations with the purpose of performance enhancement. Includes consideration of the rehabilitation of elite athletic populations experiencing conditions commonly requiring physical therapy intervention (upper or lower extremity or core injuries). Prereq: CTRH 6001.

CTRH 6600. Project Design and Development in Clinical and Translational Rehabilitation Health. 1 cr. hr.
Provides mentorship in the design and development of the non-thesis master's project to include selecting the topic, population, community or site for project, design of methods and developing the agreements or contracts for the project. S/U grade assessment. Prereq: Graduate standing in CTRH program.

CTRH 6931. Topics in Clinical and Translational Rehabilitation Health Science. 1-3 cr. hrs.
Topics of current interest to Clinical and Translational Rehabilitation Health Science.

CTRH 6953. Journal Club in Clinical and Translational Rehabilitation Health Science. 0-3 cr. hrs.
Scholarly presentations by visiting faculty and clinicians, resident faculty and graduate and undergraduate students on current topics related to clinical and translational health. 0 credit will be SNC/UNC grade assessment; 1-3 credits will be S/U grade assessment. Prereq: Graduate standing in CTRH program.

CTRH 6958. Readings and Research in Clinical and Translational Rehabilitation Health Science. 0-3 cr. hrs.
Introduces readings and ongoing research in individual laboratories of faculty within the CTSI. The number of hours varies, but the rotation typically consists of two rotations. Involves laboratory work, attending laboratory meetings, individual meetings with laboratory PI and oral presentation of progress made in this rotation. Directs students toward potential laboratories with interest or expertise as identified by the student in areas related to clinical and translational rehabilitation health. Presents various techniques and methods in individual laboratories. Students select their research mentor and collaborators for their project by the end of the course. S/U grade assessment. Prereq: Graduate standing in CTRH program.

CTRH 6960. Seminar in Clinical and Translational Rehabilitation Health Sciences. 0-3 cr. hrs.
Scholarly presentations by visiting faculty and clinicians, resident faculty and graduate students on current topics related to clinical and translational rehabilitation health. 0 credits SNC/UNC grade assessment; 1-3 credits S/U grade assessment. Prereq: Graduate standing in CTRH program.

CTRH 6995. Independent Study in Clinical and Translational Rehabilitation Health Sciences. 1-3 cr. hrs.
Prereq: Cons. of instr. and cons. of prog. dir.

CTRH 6998. Professional Project in Clinical and Translational Rehabilitation Health Sciences. 0-1 cr. hrs.
0 credit will be SNC/UNC grade assessment; 1 credit will be S/U grade assessment. Prereq: Cons. of instr.
CTRH 6999. Master's Thesis. 1-6 cr. hrs.
S/U grade assessment. Prereq: Cons. of instr.

CTRH 8995. Independent Study in Clinical and Translational Rehabilitation Health Science. 1-3 cr. hrs.
In-depth research on a topic or subject matter usually not offered in the established curriculum with faculty and independent of the classroom setting. Prereq: Cons. of instr. and cons. of prog. dir.

CTRH 8999. Doctoral Dissertation. 1-12 cr. hrs.
S/U grade assessment. Prereq: Cons. of instr.

CTRH 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9987. Doctoral Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9988. Doctoral Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9989. Doctoral Comprehensive Exam Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9991. Professional Project Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9992. Professional Project Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9993. Professional Project Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9994. Master’s Thesis Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9995. Master’s Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9996. Master’s Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9997. Doctoral Dissertation Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9998. Doctoral Dissertation Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.

CTRH 9999. Doctoral Dissertation Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of graduate prog. dir.
Communication (COMM)

Associate Dean for Graduate Studies and Research: Steven R. Goldzwig, Ph.D.
http://diederich.marquette.edu/COC/graduate-program.aspx

Degrees Offered
Master of Arts; Certificate

Specializations
Master's: Advertising and Public Relations; Communication Studies; Journalism; Mass Communication; Communication about Health, Environment, Science and Sustainability
Certificate: Digital Storytelling

Program Description
The J. William and Mary Diederich College of Communication graduate program prepares students for intellectual, artistic, professional and ethical leadership in a complex technological and multicultural world. It uses a core of common knowledge, values, and communication skills to improve understanding of communication as a cultural and social process and to develop the skills necessary for success in constantly changing information environments. Graduate students are partners in the production of knowledge and are actively involved in systematic research and professional development, which enables them to develop a mastery of the intellectual and professional content of the discipline. All students complete a core curriculum and develop a specialization in areas such as: advertising and public relations; communication studies; journalism; mass communication; and communication about health, environment, science and sustainability.

The program offers an interdisciplinary bridge between courses in a variety of areas and individual interests and goals. In addition to completing the core and one of the specializations, students are able to tailor their programs to their interests by taking elective courses in other specialization areas or in other graduate programs at Marquette, such as business, marketing, English, psychology, sociology, political science and others.

The program can be tailored for students who have undergraduate training in their field of choice, who are working as practitioners, as well as those who wish to teach or conduct research.

The program prepares students to work in a variety of settings from education to industry. Students study and work in an urban laboratory with a wide array of advertising and public relations agencies, communications consulting firms, broadcast stations, and one of the world’s most respected newspapers. Marquette alumni work in many of these organizations, which routinely seek out Marquette graduate students for internship and employment opportunities.

The core courses broaden knowledge about current communication theory and professional and research practices. Other courses examine social issues, help prepare students for industry leadership, and sharpen the students’ professional skills.

Upon the completion of the master of arts degree program in communication, graduates will be able to:

1. Apply research-based, theory-informed knowledge to the identification and solution of real-life issues in the field.
2. Apply ethical decision-making skills in a variety of communication situations.
3. Integrate knowledge from the discipline of communication with the chosen specialization area.

Prerequisites for Admission
For all master of arts and certificate programs in communication, the applicant must have graduated with, or be about to graduate with, a bachelor’s degree from an accredited institution and must have an undergraduate grade point average equivalent to at least a 3.000 on a 4.000 scale. Master of arts applicants without sufficient academic or professional background will be required to take some undergraduate courses with no graduate credit to satisfy deficiencies.

Application Requirements
Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation, specifically in letter format.
4. A brief statement of academic and professional goals.
5. (For M.A. applicants only) GRE scores (General Test only). Minimum GRE scores are as follows: verbal 150, quantitative 150, total score 300, and analytical writing 4.5.
6. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency. A minimum score of 600 on the paper-based version, 250 on the computer-based version, or 100 on the Internet-based version is required.

Joint Program of Study

M.A. in Communication and in Political Science or International Affairs

The J. William and Mary Diederich College of Communication, in conjunction with the Department of Political Science, offers a program of joint study leading to a master of arts degree in communication and a master of arts degree in political science or international affairs. Joint degree students are able to complete both degree programs in less time than if both degrees were pursued separately.

Students seeking admission into the joint degree program must submit to the Graduate School separate applications for admission to both programs, including two sets of required documentation, and must meet the admission requirements of each program. Acceptance into one program does not guarantee acceptance into the other. If a student is accepted into one program and not the other, the student can still choose to accept the admission offer from the first program but would not be considered a joint degree student. Because students are officially admitted into only one Marquette University graduate program at a time, applicants must indicate which program they intend to pursue and complete first, although once accepted for admission to both programs, students may take courses from both departments. Upon completion of the first program, the student will be officially admitted to the second program for completion of the remainder of the joint program.

Joint degree students count 9 credits of course work in each program toward the required course work credits of the other program. Thus, 9 of the 30 credits required for the thesis program, or 9 of the 36 credits required for the non-thesis program for the master of arts degree in communication will come from POSC courses, and 9 of the 30 credits required for the master of arts degree in political science or international affairs will come from COMM courses.

Communication Master’s Requirements

Thesis Track (Plan A)

Students must complete 24 credit hours of course work and 6 credit hours of thesis work (a total of 30 credit hours), and submit an approved thesis. Students are required to give an oral defense of their thesis.

Non-Thesis Track (Plan B)

All students are admitted to the program in Plan A (thesis) but may transfer to Plan B (non-thesis) with approval of the program.

Non-thesis track students must complete 36 credit hours of course work and pass a comprehensive examination. A professional project of 3 credit hours (COMM 6998 Professional Project in Communication) can fulfill 3 of the 21 non-core credit hours of course work.

Non-thesis track students are required to pass a comprehensive examination which tests their abilities to integrate theory and research methods in subject areas within their specialization. The exam normally is taken during the student’s final term.

Required Core Courses

All Plan A and Plan B students are required to take the following college core courses (15 credit hours total) in addition to those required for their areas of specialization, outlined in Program Details, below.

<table>

Program Details

Upon admission to the graduate program, students are assigned faculty advisers to work with throughout their time at Marquette. Students work with their advisers to select courses that will meet their needs. Students must earn a grade point average of at least 3.000 with no grades below a C.

The specializations are described below along with any required course work.

Advertising and Public Relations

Advertising and public relations is designed for those who wish to learn theory, research and professional skills needed to succeed in the new world of marketing communications. Students are required to take three of the following courses:
ADPR 6400  Advertising and Public Relations Management  3
ADPR 6500  Advertising and Public Relations in Society  3
ADPR 6600  Integrated Marketing Communication Campaigns  3
ADPR 6931  Topics in Advertising and Public Relations  3

ADPR 6931 Topics in Advertising and Public Relations may be counted twice toward this requirement as long as the topics vary.

## Communication Studies

Communication studies is designed for those interested in applying theory and research in the analysis of a variety of messages from diverse sources including organizations, families, media and political leaders, enabling graduates to work in a variety of careers from education to industry. Students must complete at least three of the following:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>COMM 6200</td>
<td>Rhetorical Criticism</td>

<td>Interpersonal Communication</td>
<td>3</td>
</tr>
<tr>
<td>CMST 6200</td>
<td>Organizational Communication</td>
<td>3</td>
</tr>
</tbody>
</table>

## Journalism

The journalism specialization is designed to provide students with the theory, research and professional skills needed for the many varieties and media to succeed in a variety of professional contexts of journalism in the information age. Students with Plan A (thesis) emphasis complete a Plan of Study with the help of their adviser to specify course selections in the specialization. Students with Plan B (non-thesis) emphasis must complete:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>

<td>Media and the Information Society</td>
<td>3</td>
</tr>
</tbody>
</table>

* Preferred

## Mass Communication

This interdisciplinary specialization is designed to provide students with both the theoretical background to understand mass communication phenomena and the specialized knowledge and skills necessary for professional work in a variety of mass communication fields. For students who want to tailor their program to meet their individual needs, the mass communication specialization allows maximum flexibility. Students work with an adviser to design their program, which may include diverse areas such as global studies, visual communication, and media effects.

<table>

</tr>
</tbody>
</table>

## Communication about Health, Environment, Science and Sustainability

This interdisciplinary specialization provides students with the theory, research and fundamental professional knowledge needed to (1) understand the processes, roles and effects of communicating about health, environment, science, and sustainability interpersonally, in organizations and in society, and (2) apply this understanding to the task of communicating technical, specialized information to a variety of audiences, especially non-expert, lay audiences.

Students following the Plan A master’s thesis track must complete the required core courses (15 credits) along with the following courses, for a total of 30 credits:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>COMM 5330</td>
<td>Health, Science, and Environmental Communication</td>
<td>3</td>

</tr>
<tr>
<td>or CMST 5500</td>
<td>Health Communication</td>
<td></td>
</tr>
<tr>
<td>Elective</td>
<td></td>
<td>3</td>
</tr>
</tbody>
</table>
Students following the Plan B non-thesis track must complete the required core courses (15 credits) along with the following courses, for a total of 36 credits:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>COMM 5330</td>
<td>Health, Science, and Environmental Communication</td>
<td>3</td>

</tr>
<tr>
<td>or CMST 5500</td>
<td>Health Communication</td>
<td></td>
</tr>
</tbody>
</table>

Electives (12 credits)

The all-course option (no thesis or professional project) is not available in this specialization.

**Digital Storytelling Certificate**

The J. William and Mary Diederich College of Communication also offers a 15 credit hour, non-degree graduate certificate in digital storytelling. The certificate is for those who want to understand the theoretical foundation of storytelling, apply it to the various disciplines in communication, and learn the applied skills in multimedia technology that enable them to be competitive in the converged job market. Students who complete the certificate learn different types of storytelling, such as informational, persuasive, and historical, and different forms of storytelling, such as public affairs journalism, fundraising, advertising, public relations, entertainment, as well as family stories. Students also learn different means for doing storytelling through documentaries, blogs, websites, print media, etc. The certificate can stand alone or can be applied toward the master’s degree in communication for students admitted to the degree program.

**Certificate Requirements**

The certificate in digital storytelling requires the completion of three required courses (9 credits) and two elective courses (6 credits) for a total of 15 credits. One of the required courses is a capstone. Students should consult their adviser or the associate dean for graduate studies and research when deciding upon electives.

Required Courses:

<table>

</tbody>
</table>

Elective Courses: Students select two additional courses (6 credits) in consultation with their adviser and/or the associate dean for graduate studies and research.

**Advertising Public Relations Courses**

**ADPR 5100. Advertising Media Planning.** 3 cr. hrs.

Provides the skills for evaluating traditional and non-traditional media to strategically reach and influence target audiences and to fulfill specific advertising objectives. Also provides a foundation for understanding the motivations and behavior of consumers, given the various cultural, psychological, and social influences that affect them. Students develop media plans that not only apply the principles of scheduling and buying but also incorporate the findings from primary and secondary research. Additional topics are discussed including ethical forms of targeting, economic trends, etc.

**ADPR 5200. Business to Business Marketing Communication.** 3 cr. hrs.

Study of how businesses promote their goods and services to other businesses. Examines products, markets, objectives, strategies, media techniques and evaluation. Covers advertising, public relations, direct marketing and sales promotion. Includes case studies, outside speakers and field trips.

**ADPR 5300. Emerging and Social Media in a Dynamic Marketplace.** 3 cr. hrs.

Examines the strategic uses, impact and implications of emerging and social media. Addresses the need to adapt to a digital, networked marketplace where change is the rule rather than the exception. Expands student knowledge of emerging and social media and their application to advertising and public relations challenges. Students use this knowledge to find more strategic and effective ways to communicate with clients, publics, target markets and other stakeholders.

**ADPR 5400. Advanced Advertising Copywriting.** 3 cr. hrs.

A continuation of ADPR 3400. Emphasis on formulating strategy and producing executions for coordinated, multi-media campaigns. Each student creates a portfolio which showcases his or her talent and ability to work as a professional copywriter.

**ADPR 5500. Advertising and Public Relations Account Management.** 3 cr. hrs.

The fundamentals of management in both the client and agency environments. Analyzes client and agency structures and functions. Explores project estimating, budgeting and time management. Examines account profitability maintenance and account team productivity. Reviews techniques for agency and supplier selection. Special emphasis on the ethical aspects of account work.
ADPR 5600. Multicultural and International Advertising and Public Relations. 3 cr. hrs.
This course develops knowledge and enhances skills necessary for advertising and public relations professionals for communication with diverse
audiences. Topics include the role of culture, unique characteristics of groups, and effective strategies when communicating with multicultural audiences
within the U.S. Students also learn to navigate the cultural, regulatory, and media environment for effective communication with audiences in countries
outside the U.S.

ADPR 5850. Mobile Communication. 3 cr. hrs.
Examines current usage trends, mobile marketing and the future of digital and mobile communication. Students learn how brands face the challenge of
creatively integrating mobile tactics into their digital brand strategies through examination of case studies and contemporary best practices. Students
learn how to conduct ethnographic research in an effort to understand how consumers engage with mobile devices. They explore the use of agile,
human-centered, EX <user experience> design for prototyping, evaluating mobile websites and testing mobile applications to develop mobile marketing
strategies that creatively integrate mobile-based tactics.

ADPR 5951. MU Led Travel/Study Abroad. 3 cr. hrs.
Designed to bring advertising and culture to life within the context of the global marketplace. Students spend three weeks in both London and Prague,
visit local and multinational advertising agencies and media companies, and experience local culture. Course taught in an international setting by
Marquette professors and where students earn Marquette credit. Study Abroad expenses apply. Prereq: Cons. of instr.

ADPR 5953. Seminar in Advertising and Public Relations. 1-3 cr. hrs.
Specific subjects of seminars to be announced in the Schedule of Classes. Variable topics.

ADPR 6400. Advertising and Public Relations Management. 3 cr. hrs.
Intensive analysis of advertising and public relations theory and the factors affecting their management. Study of issues and situations in advertising and
public relations decision-making, such as defining objectives, planning and strategy, budgeting, media selection, and agency/client relations.

ADPR 6500. Advertising and Public Relations in Society. 3 cr. hrs.
Study of the origin and development of advertising and public relations. Analysis of their social, economic, and political influences. Special attention
given to ethical issues.

ADPR 6600. Integrated Marketing Communication Campaigns. 3 cr. hrs.
Clarifies the fundamentals of integrating advertising and public relations theory and the factors affecting their management. Integrates professional skills with
theory through readings, professional speakers and the completion of an integrated marketing communications plan for a real client.

ADPR 6931. Topics in Advertising and Public Relations. 3 cr. hrs.
Directed individual/group investigation of a selected topic or problem in advertising and/or public relations. May be taken more than once when topics
vary.

Communication Studies Courses

CMST 5110. Family Communication. 3 cr. hrs.
Introduces communication phenomena in the family setting. Examines how communication affects the development, maintenance, and enhancement of
family relations.

CMST 5120. Gender and Communication. 3 cr. hrs.
Examines the relationship between gender and communication. Includes discussion of verbal and nonverbal communication patterns of males and
females, various explanations for these patterns, perceptions of gender differences and the implications these perceptions have for people in several
contexts (public, interpersonal, and organizational).

CMST 5130. Communication and Urban Families. 3 cr. hrs.
Investigates communication about urban families, the communication links between urban families and institutions, and communication practices within
urban families. Emphasizes the diversity among urban families as well as the stressors and strengths found in the urban context. Prereq: CMST 1000.

CMST 5220. Communication Approaches to Training and Development. 3 cr. hrs.
Emphasizes development of training sessions within organizations. Diagnostic methods for assessing needs and determining the utility of specific
training are explored. Roles of consultant, in-house human resource trainer, and liaison with subject matter experts are differentiated. Students develop
training modules for communication skills training.

CMST 5230. Managerial Communication. 3 cr. hrs.
Looks in-depth at the unique and challenging circumstances which affect communication between managers and their employees as well as at a number
of theories and strategies for improving communication in the workplace.

CMST 5250. Leadership and Communication. 3 cr. hrs.
Explores communication variables involved when leaders attempt to influence members to achieve a goal. Topics include: power, credibility, motivation,
research on leader traits, styles and situations, and current models of leadership such as transactional, transformational, charismatic, and functional
approaches. Also explores the different leadership challenges posed by community and institutional settings.
CMST 5260. New Communication Technologies in the Workplace. 3 cr. hrs.
Provides a historical and theoretical review of the impact of new communication technologies on organizations and their membership. Focuses on the organizational, social and communicative implications of new communication technologies across a broad range of contexts in the organizational setting, including interpersonal, groups and teams, management, and technological innovations. Includes some special topics particularly relevant to new communication technologies including anonymity, privacy and surveillance, and technology apprehension.

CMST 5270. Communicating in Multinational Organizations. 3 cr. hrs.
Examines the influence of culture on communication in organizations. Global comparisons in organizational communication including analysis of European, Asian, and Latin American corporate cultures. Explores intercultural communication in U.S. organizations.

CMST 5320. Philosophy of Communication. 3 cr. hrs.
Outlines foundational theories and concepts regarding rhetoric's contribution to our understanding of reality, knowledge, truth, and certainty. Topics include the role of rhetoric in the construction of our knowledge of science, politics, ethics, religion, law, gender, and culture.

CMST 5330. Freedom of Speech. 3 cr. hrs.
Examines definitions, issues, problems, and requirements for protecting or curbing free expression of speech in areas such as defamation and invasion of privacy; religious-moral heresy; provocation to anger; commercial speech; time, place, manner and institutional constraints; and prior restraint. Analysis of landmark cases and contemporary public arguments.

CMST 5360. Rhetoric of Social Movements. 3 cr. hrs.
Examines the rhetoric of social change and methodologies for analysis and appraisal of social movement discourse. Traces rhetorical strategies through contemporary movements including civil rights, feminism, Native American, anti-nuclear, abortion, gun control, Ku Klux Klan, and others.

CMST 5400. Cross-Cultural Communication in the United States. 3 cr. hrs.
Explores the dynamics of cross-cultural communication in the U.S. and obstacles to effective interaction across American co-cultures. Examines the interpersonal patterns of selected ethnic groups, races, religions, and social classes in the U.S. with the aim of improving cross-cultural understanding and communication.

CMST 5500. Health Communication. 3 cr. hrs.
Provides an introduction to the field of health communication. Examines the role of communication in health care with a focus on provider training and the provider-patient relationship. Discusses and applies theoretical models for developing effective health communication programs within a variety of health care settings.

CMST 5600. Communication Consulting. 3 cr. hrs.
Introduces communication consulting and the design implementation of communication audits for corporate and non-profit settings. Surveys various models of consulting. Teaches how to design and implement a communication audit that includes needs assessment, interpretation, and recommendations. Methods of audits include survey design, interviews and focus groups.

CMST 5810. Directing Speech Activities. 3 cr. hrs.
Theory and practice in the organization and management of co-curricular speech activities in high school and college.

CMST 5953. Seminar in Communication Studies. 1-3 cr. hrs.
Special subjects of seminar to be announced in the Schedule of Classes. Variable topics.

CMST 6100. Interpersonal Communication. 3 cr. hrs.
Explores new directions in research in interpersonal communication. Focuses on communication in the following relationships: friendships, dating, and marriage. Emphasizes the theoretical perspectives and the methodological approaches that enable us to understand how communication processes and relationship development inform each other.

CMST 6200. Organizational Communication. 3 cr. hrs.
Explores historical, contemporary and ideological approaches to the study and practice of organizational communication. Topics include: organizational culture, workplace relationships, participation and decision-making, organizational change, organizational justice, and organizational communication consulting.

CMST 6931. Topics in Communication Studies. 3 cr. hrs.
Directed individual/group investigation of a selected topic or problem in communication and rhetorical studies. May be taken more than once when topics vary. Prereq: COMM 6000 and COMM 6050; approval of the associate dean for graduate studies.

CMST 8995. Independent Study in Communication Studies. 1-3 cr. hrs.
In-depth research on a topic or subject matter usually not offered in the established curriculum with faculty and independent of the classroom setting. Prereq: Cons. of dept. ch.; cons. of the associate dean for graduate studies.

Communication Courses

COMM 5100. Mass Media and the American Family. 3 cr. hrs.
The impact of the mass media on family communication patterns, familial value structures, development of children, and orientation to news media. Examination of news, advertising, and entertainment content from educational, cultural and economic perspectives. Emphasis on empirical social science research which examines relationships between media and families.
COMM 5200. International Communication. 3 cr. hrs.
History of the comparison among present structures of national media systems and the role of journalism within them. Principles of international news flow, gatekeeping, impact of technology, and the relationship between developing countries. Exploration of various models of press-government relationships.

COMM 5300. Introduction to Survey Research in the Communications Media. 3 cr. hrs.
How to conduct and understand the results of political polls and other forms of sample surveys in the communications media. Includes a discussion of ethical considerations in survey research, an introduction to principles and techniques of sampling, questionnaire construction and interviewing, practice in data analysis and related reasoning, and the presentation of results for various audiences.

COMM 5330. Health, Science, and Environmental Communication. 3 cr. hrs.
Study of and practice in communication of health, science, environmental, and risk information with the public and other non-experts, especially through mass, specialized and new media. Includes overview of some current issues.

COMM 5330. Health, Science and Environmental Communication. 3 cr. hrs.
Study of and practice in communication of health, science, environmental, and risk information with the public and other non-experts, especially through mass, specialized and new media. Includes overview of some current issues.

COMM 5500. Race and Gender Issues in Mass Media. 3 cr. hrs.
Surveys the past and present relationship between women and racial and ethnic minorities in the United States and the mass media. Specifically, studies the issues of how women and people of color are portrayed in the news and entertainment media, the role of ownership, employment and access to the media institutions.

COMM 5550. Media and the "Other". 3 cr. hrs.
Analysis of media created for and by a wide array of audiences, especially those outside of what is sometimes called "mainstream" media. The ways in which social and cultural ideas of "us" and "other" are formed, reinforced, and sometimes challenged through the media lens are identified and debated. Students consider and identify the power of media to form and honor (or dishonor) identity and whether it is possible or desirable to produce media that are identity-neutral.

COMM 5600. Media Management. 3 cr. hrs.
Staffing, organization, economics, salaries, law, labor negotiations and community relations as involved in the mass media. Theoretical and practical approaches to the problems of management.

COMM 5650. Cultural Identity, Media and World Religions. 3 cr. hrs.
Framed through a media lens, studies the diversity of ethnic and spiritual beliefs that make America multicultural and religiously pluralistic. Examines manifestations of religion in print and electronic news, advertising and public relations, the uses of media by religious groups, bias and prejudice about religion in the secular media, and bias about secularism in religious media. Deconstructs consumer and material culture, and offers a critique of cultural consumption based on philosophies embedded in world religions. Uses a variety of media in instruction.

COMM 5700. Media and Politics. 3 cr. hrs.
How the news media cover politics and how politicians deal with news coverage. Emphasizes recent presidential campaigns, with special attention to ethical issues, the impact of new media, campaign advertising and strategies used by politicians and journalists.

COMM 5750. From Big Brother to the Singularity: Media, Technology and Society. 3 cr. hrs.
Draws on books, films, television shows and other elements of popular culture to consider the historical and conceptual foundations of new media technologies and their impact on contemporary culture.

COMM 5951. Marquette Led Travel and Study Abroad:. 3 cr. hrs.
Course taught in an international setting by Marquette professors and where students earn Marquette credit. Study Abroad expenses apply.

COMM 5953. Seminar in Communication. 1-3 cr. hrs.
Special topics of seminar to be announced in the Schedule of Classes. Variable topics.

COMM 6010. Humanistic Theories and Methods in Communication. 3 cr. hrs.
Introduction to common humanistic theories and research methods relevant to media and communication studies. Students learn a variety of approaches, practical methodologies and tools to help prepare them to conduct research in various professional and academic contexts.

COMM 6020. Social Science Theories and Methods in Communication. 3 cr. hrs.
Introduction to the major social scientific theories about the roles and effects of communication among individuals, in groups, organizations and society, and related quantitative research methods.

COMM 6100. Qualitative Research Methods in Communication. 3 cr. hrs.
Study of theory-based qualitative research applied to professional and scholarly problems and the effective communication of research results. Based on the fundamentals of theory and research methods offered in COMM 6000 and COMM 6050. Prereq: COMM 6000 or equiv. and COMM 6050 or equiv.; or cons. of instr.

COMM 6150. Quantitative Research Methods in Communication. 3 cr. hrs.
Study of theory-based quantitative research applied to professional and scholarly problems and the effective communication of research results. Based on the fundamentals of theory and research methods offered in COMM 6000 and COMM 6050. Prereq: COMM 6000 or equiv. and COMM 6050 or equiv.; or cons. of instr.
COMM 6200. Rhetorical Criticism. 3 cr. hrs.
Explores the nature, function, principles, and methods of contemporary rhetorical criticism. Interrogates a variety of critical approaches useful in describing, analyzing, interpreting and evaluating a variety of persuasive messages and contexts.

COMM 6220. Media and Public Policy. 3 cr. hrs.
Analysis of the public policy process and its impact on the development of media systems. Examination of current policy issues relating to the content, structure, economics, and technology of mass communication.

COMM 6250. Ethics in Communication. 3 cr. hrs.
Explores the role of ethics in professional and scholarly life. Students will learn ethical theories, how to analyze a communication related ethics problem, derive and answer a normative-question related to the problem and learn to critically analyze and evaluate texts from a variety of communicative settings. Prereq: Cons. of instr.

COMM 6300. International Communication. 3 cr. hrs.
Development of international communication systems; flow of information, including news, entertainment and advertising. Influence of media systems upon international relations and national development. Comparison of media systems.

COMM 6350. Communication Analysis and Design. 3 cr. hrs.
Advanced study of human and mass communication content, audience analysis, public opinion formation, effects, message design and related topics. Prereq: Cons. of instr.

COMM 6355. Analysis of Public Communication Campaigns. 3 cr. hrs.
Analysis of communication campaigns aimed at informing, changing or reinforcing people's attitudes and/or behaviors concerning commercial, political or social-action issues.

COMM 6400. Intercultural Communication. 3 cr. hrs.
Examines the influence of culture on communication in international transactions and cross-cultural encounters within the United States. Explains the dynamics of intercultural communication between people from different societies as well as the interpersonal patterns of selected ethnic groups and races within the United States. Provides an analytical framework for analyzing intercultural exchanges.

COMM 6450. Theories of Persuasion. 3 cr. hrs.
Identification and examination of the role and influence of communication variables central to the process of persuasion in human and mass communication.

COMM 6500. Media Law. 3 cr. hrs.
Constitutional and administrative law principles affecting freedom of expression and mass communication. Laws and regulations which pertain to media management and business practices explicitly and exclusively applied to mass communication.

COMM 6550. Communication History. 3 cr. hrs.
Analysis of the origins and development of human and mass communication. Social, technological, political and economic influences of the growth and development of communication.

COMM 6600. Media Economics and Management. 3 cr. hrs.
Examines problems and issues in media economics and management. Emphasis on finance, personnel, advertising, audience promotion and research.

COMM 6650. Sociology of Communication. 3 cr. hrs.
The nature and function of human and mass communication as a function of sociological concepts. The role of social institutions and systems in forming the human response to communication.

COMM 6700. Psychology of Communication. 3 cr. hrs.
The nature and function of human and mass communication as a function of psychological concepts. Perception, cognition, comprehension, dynamics, semantics and symbols as related to human response.

COMM 6750. Media and the Information Society. 3 cr. hrs.
Media as cultural forces associated with the diffusion of technological development and their economic, political and social consequences.

COMM 6850. The Craft of Digital Storytelling. 3 cr. hrs.
Introduces students to the use of technology in storytelling in various forms, including but not limited to persuasion, history, and entertainment. Includes hands-on practice in constructing multimedia messages, and students learn the art of storytelling using print, visual and aural media.

COMM 6900. Storytelling in Public Life. 3 cr. hrs.
Explores the basic narrative structure of storytelling and provides a theoretical basis for ways of gaining effectiveness, given who tells the story, who the intended audience is, the purpose of the story and the means for telling the story.

COMM 6931. Topics in Communication. 3 cr. hrs.
Directed individual/group investigation of a selected topic or problem in communication. May be taken more than once when topics vary. Prereq: COMM 6000 and COMM 6050; cons. of the associate dean for graduate studies.

COMM 6961. Special Institute/Workshop/Project. 1-3 cr. hrs.

COMM 6964. Proseminar and Practicum in Digital Journalism. 3 cr. hrs.
Requires students to read and respond to texts on program recommended reading list and hands on training in all aspects of media editing and production (e.g. print and Web page construction, audio production, video production).
COMM 6995. Independent Study in Communication. 1-3 cr. hrs.
Prereq: Cons. of dept. ch.; cons. of the associate dean for graduate studies.

COMM 6997. Capstone in Digital Storytelling. 3 cr. hrs.
Students integrate what has been learned across previous courses and create a microsite devoted to a subject that is relevant to personal or career goals.

COMM 6998. Professional Project in Communication. 1-3 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch., approved project proposal and cons. of the associate dean for graduate studies.

COMM 6999. Master’s Thesis. 1-6 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.; approved thesis outline and cons. of the associate dean for graduate studies.

COMM 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of associate dean for graduate studies.

COMM 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of associate dean for graduate studies.

COMM 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of associate dean for graduate studies.

COMM 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of associate dean for graduate studies.

COMM 9977. Field Placement Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

COMM 9978. Field Placement Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

COMM 9979. Field Placement Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

COMM 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

COMM 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

COMM 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

COMM 9991. Professional Project Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of associate dean for graduate studies.

COMM 9992. Professional Project Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of associate dean for graduate studies.

COMM 9993. Professional Project Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of associate dean for graduate studies.

COMM 9994. Master’s Thesis Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of associate dean for graduate studies.

COMM 9995. Master’s Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of associate dean for graduate studies.

COMM 9996. Master’s Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of associate dean for graduate studies.

Digital Courses

DGMD 5260. Documentary Production. 3 cr. hrs.
Students create documentary digital media projects that employ non-fiction story structure and advanced techniques of shooting and editing, including hand-held and stationary camera, audio and microphone techniques and field lighting. Students learn documentary theory and history, and also master project research, development, production and editing techniques. By developing individual voice and storytelling techniques, students create original, meaningful non-fiction works.

DGMD 5275. Advanced Television Production and Direction. 3 cr. hrs.
Development of program-length dramatic and non-dramatic productions for television, cable, educational, and corporate distribution. Particular attention to the integration of the various media used in television production and to legal and financial considerations.
DGMD 5280. Narrative Cinematic Production. 3 cr. hrs.
Students create a short film, executing each step from pre-production to production to post-production. Students master project planning, from script development to casting, production and editing techniques. Projects employ advanced digital cinematography and editing skills, audio and lighting techniques and fictional story structure to create polished, professional short film works.

DGMD 5345. Advanced Scriptwriting. 3 cr. hrs.
Development and writing of full-length scripts for entertainment television or feature film. Includes development of concepts for new television series, miniseries, and movies-for-television, and study of their specific writing requirements, as well as writing for current television series. Writing workshop approach.

DGMD 5450. News and Information Gathering. 3 cr. hrs.
Analysis of the community with a view to the problems and opportunities for the broadcast media on the political, public, administrative, financial and commercial, labor, social welfare, and educational affairs of the community.

DGMD 5615. Radio Programming. 3 cr. hrs.
Examination and case study analysis of the contemporary radio industry. Emphasis on music formats, news, talk, sports, syndication, and other sources of program material. Audience demographics, profiles, ratings, and promotions. Practical experience in applying for FCC license.

DGMD 5620. Television Programming. 3 cr. hrs.
Analysis of television programming theories. Includes data-based criticisms of different programming strategies. Primary emphasis on prime-time network entertainment programming; includes consideration of effective programming for other “day parts” and news. Students will program their own network on the basis of theories and data provided.

DGMD 5810. American Television: 1946-Present. 3 cr. hrs.
Historical, cultural and commercial growth of American television, with special emphasis on programming, from pre-commercial beginnings to the present. Key genres, persons, issues and trends in the development of American prime-time television.

DGMD 5830. Early History of Broadcasting. 3 cr. hrs.
History of the American system of broadcasting from its inception to approximately 1950. Examination of the technological, social, cultural, economic and political forces which shaped the industry. Emphasis on the roles of the broadcasters as agents of information and entertainment by an analysis of trends in radio and early television programming.

DGMD 5850. Television Criticism. 3 cr. hrs.
Examination of the major critical approaches which have historically been applied to television programming. Study of major television critics whose work appears in academic publications and the mass media.

DGMD 5855. Communication and Social Issues of the Internet. 3 cr. hrs.
Examines the ways in which online communication impacts the daily lives of our society and its individual members. Focuses on the use of online communication to build community and social life and to the ways in which online communication is similar to or different from other forms of mediated communication. Culminates with the presentation of a major original research project.

DGMD 5910. Technology and Learning. 3 cr. hrs.
Learning theories applied to design, use and evaluation of electronic communication technologies in instructional settings.

DGMD 5920. Multi-Media Authoring. 3 cr. hrs.
Study of electronic media within the context of training/learning systems. Multi-media authoring software used to design, produce and evaluate instructional lessons.

DGMD 5931. Topics in Broadcast and Electronic Communication. 1-3 cr. hrs.
Various topics to be announced in the Schedule of Classes. Includes extensive screening and/or other activities. Lecture/lab format.

Journalism Courses

JOUR 5110. Persuasive Writing. 3 cr. hrs.
An advanced writing course giving directed practice in the work of moving readers to assents and to acts according to the principles of Aristotle’s rhetoric as they apply to the instruments and techniques of journalism.

JOUR 5120. Feature Writing. 3 cr. hrs.
Writing a range of features for newspapers and magazines, from short stories to profiles, using narrative nonfiction and literary journalism techniques.

JOUR 5130. Critical Writing. 3 cr. hrs.
An advanced writing course giving understanding and directed practice in the arts criticism function in the mass media. Reviewing books, plays, films, television, music, restaurants primarily for print media. Development of critical theories for evaluation of the arts.

JOUR 5140. Depth Reporting. 3 cr. hrs.
In-depth research, analysis and reporting on a problem, issue or situation in the political, public, administrative, financial, educational, social or welfare aspects of a community. Use of public records, interviews, and observations. Building a news series, creating a package of news and editorial material.
JOUR 5150. Investigative Reporting. 3 cr. hrs.
Identification and development of a story or series or events exploring a problem in a public institution. Use of computer data bases, printed records and interviews to analyze a current situation. Developing a series which presents the problem and the perspectives of individuals involved and affected.

JOUR 5160. Narrative Nonfiction. 3 cr. hrs.
Emphasizes longform journalism, stresses strong reporting, immersion in a single subject over the entire term, in-depth interviews and detailed observation. Students work individually, turning in portions of their work weekly, and produce a publishable 10,000 to 15,000 word article as the final project. Prereq: Cons. of instr.

JOUR 5200. Publications Editing. 3 cr. hrs.
Editing principles and practices for print and online news publications. Editing copy, photos, charts and graphs; verification of information; writing headlines and captions. News judgment, wire services, backpack journalism, digital newsroom; digital production software.

JOUR 5310. Communication of Urban Issues. 3 cr. hrs.
Study and practice of communicating urban issues with public with an emphasis on reporting in various forms of media. Scope and types of media in the modern metropolis. Media interaction with political and social forces in the urban environment. Audience use of news media and other sources of information about urban issues.

JOUR 5320. Religious Journalism. 3 cr. hrs.
Study of, and practice in, mass media coverage of contemporary religion with an emphasis on the Catholic Church. Purposes and practices of religious publications; religion coverage in the secular media.

JOUR 5340. Business and Economic Journalism. 3 cr. hrs.
Study of, and practice in, mass media coverage of business and economic issues. Survey of business publications and business reporting; economic publications and economic reporting. Corporate reports, forecasting, market information, and other publicized data. Management, labor, and other corporate problem areas.

JOUR 5350. Sports Journalism. 3 cr. hrs.
Study and practice in journalism dedicated to sports and general reporting on sporting events, figures and the industry. Survey of sports publications and online news services; news and feature reporting on sports in general publications. Media interactions with sports owners and figures. Reporting strategies for major sports. Special attention to multimedia formats.

JOUR 5400. Media Entrepreneurship. 3 cr. hrs.
The business side of being a journalist: management, financial, practical and professional issues running an online or print publication, operating as a backpack journalist, working as a freelancer. Management structures, business practices, contracts and marketing.

JOUR 5500. Newspaper Design and Production. 3 cr. hrs.
Fundamentals of design and production for print and online newspapers. Develops skills in working with separate and integrated print and online delivery systems. Introduction to digital forms of news content for online news publications: audio, video, slide shows and podcasts. Digital production software.

JOUR 5510. Magazine Design and Production. 3 cr. hrs.
Fundamentals of magazine design and production. Develops understanding of basic elements of publication design and critical skills through analysis of various design problems. Prereq: Computer workshop or demonstrated proficiency on the Macintosh computer with current design software.

JOUR 5520. Web Design and Production for Journalists. 3 cr. hrs.
Fundamental principles of processing and managing information in verbal and visual forms for Web publication. An emphasis on special editing and design issues created by the online environment and internet technology. Legal and ethical issues on the Internet. Prereq: Computer workshop or demonstrated proficiency on the Macintosh computer with current design software.

The origin and development of journalism in the United States considered in relation to American political, social and economic history. Consideration of newspapers, magazines, the electronic media, and important figures within each field.

JOUR 5700. News Media and Foreign Policy. 3 cr. hrs.
Examines how media affect the design and implementation of foreign policy. Analyzes history of this process and issues of professional responsibility in relation to news coverage and humanitarian emergencies.

JOUR 5800. School Publications. 3 cr. hrs.
The special nature and functions of school publications. Their educational value. Projects in planning publications to fit their nature and functions. The role of the publication adviser. Lecture/lab format.

JOUR 5932. Advanced Topics in Journalism. 3 cr. hrs.
Advanced reporting and producing of news stories on a single topic that varies by semester.

JOUR 5953. Seminar in Journalism. 1-3 cr. hrs.
Specific subjects of seminars to be announced in the Schedule of Classes. Variable topics.

JOUR 6500. Journalism as Literature. 3 cr. hrs.
Study of major British and American literary works which have been produced by journalists. Contribution of journalists to literary developments in U.S. and Britain.
JOUR 6600. Religious Communication. 3 cr. hrs.
Relationship between mass mediated religious content and audience; methods for developing communication within religious institutions and communities and between religious institutions and society; small group, print, electronic, and public information systems; structure of church communication systems at local, regional, and national levels. Communication of religious concepts through media to different audiences and age groups.

JOUR 6700. Political Analysis. 3 cr. hrs.
Principles which enable the observer and commentator to distinguish between public debate and underlying trends and to identify issues moving society as opposed to those that are only being discussed. Analysis of levels of political activity, federal, state, and local; effective patterns of relation between layers of government. Social forces which tend to convert political debate into ritual observances with no apparent connection to the forces moving the electorate.

JOUR 6800. Processes and Strategies in Public Affairs Reporting. 3 cr. hrs.
Processes and strategies for developing public affairs news content for print and multimedia distribution. Students research and produce stories.

JOUR 6850. Specialized Reporting. 3 cr. hrs.
Overview of various reporting areas (health/science/environment, business/economic, religion) with required application in each of the areas. Five weeks are devoted to each area. The end of each section requires a final news project. Students have the ability to work/write across media. Prereq: JOUR 6800.

JOUR 6931. Topics in Journalism. 1-3 cr. hrs.
Directed individual/group investigation of a selected topic or problem in journalism. May be taken more than once when topics vary.

JOUR 6953. Seminar in Media History. 3 cr. hrs.
Historical methods for analyzing the origins and development of the American media. Social, technological, political, and economic influences on the development of the media and the practice of journalism.

JOUR 6959. Seminar on Mass Media in Contemporary Society. 3 cr. hrs.
Advanced study of issues and problems in the major media as social forces. Cultural origins and influence on culture. Responsibility, media organization, influence on social process. Media as a social institution.

JOUR 6995. Independent Study in Journalism. 1-3 cr. hrs.
Provides opportunities to investigate and study areas of interest through readings, research, field experience, projects, and/or other educational activities under the direction of a faculty adviser. Prereq: Cons. of dept. ch.; cons. of the associate dean for graduate studies.

Theatre Arts Courses

THAR 5200. History of Theatre. 3 cr. hrs.
A chronological survey of theatre history from its origins to 1914. Particular emphasis paid to major periods of theatrical achievement, studying conjectural and documented styles in acting, design and production methods.

THAR 5210. Contemporary Theatre. 3 cr. hrs.
A survey of 20th century theatre practice from modern European theories of the late 19th century through Postmodernism. Special attention given to innovative aspects, such as surrealism and expressionism, epic theatre, the absurd movement, multi-media presentations, environmental theatre and multi-media presentations.

THAR 5220. History of Clothing 1. 3 cr. hrs.
The study of clothing from historical perspectives. Clothing examined within sociological, artistic, and economic context. Clothing regarded as essential to Western culture, studied for a better understanding of peoples in different cultures and epochs.

THAR 5230. History of Clothing 2. 3 cr. hrs.
The study of clothing from historical perspectives. Clothing examined within sociological, artistic, and economic context. Clothing regarded as essential to Western culture, studied for a better understanding of peoples in different cultures and epochs.

THAR 5240. Period Styles. 3 cr. hrs.
Period movements as they relate to period clothing, decorative arts, architecture, music, etc., as they relate to different styles of theatrical performance and apply to actors, directors and designers.

THAR 5320. Crafts for the Theatre. 3 cr. hrs.
Studies techniques that encompass traditional and new materials, which may be used in special projects often encountered in the creation of props and costumes. Includes casting and molding, thermoplastics, mask making, foam carving, jewelry, armor, etc.

THAR 5340. Advanced Costume Technique. 3 cr. hrs.
Covers advanced methods of costuming such as beginning pattern drafting, basic tailoring techniques, fabric modification through dyeing and painting, millinery, and costume crafts construction.

THAR 5360. Theatre Management. 3 cr. hrs.
Study and practice of theatre management and publicity. Lab requirement in production and/or stage management.

THAR 5400. Costume Design. 3 cr. hrs.
Study of the aesthetic and practical application of costume design and how it relates to the theatrical production process. Includes research, script analysis and costume renderings for in-class projects.
THAR 5420. Lighting Design. 3 cr. hrs.
The study and practice of theatrical lighting script analysis, research and planning techniques. Culminates in a realized collaboration.

THAR 5440. Scenery Design. 3 cr. hrs.
Study of the principles and practices of designing scenery for the stage.

THAR 5500. Advanced Play Direction. 3 cr. hrs.
Study of interpretative styles of play direction, rehearsal techniques, audience analysis, and contemporary trends. Opportunity to test principles in assigned laboratory productions.

THAR 5600. Playwriting. 3 cr. hrs.
Study of the structure and execution of dramatic scripts for theatre. Assignments to write and analyze scenes and one-act plays.
Counselor Education and Counseling Psychology (CECP)

Chairperson: Alan W. Burkard, Ph.D.
marquette.edu/education/grad/cecp.shtml

Degrees Offered
Master of Arts; Master of Science; Doctor of Philosophy

Program Overview
The Department of Counselor Education and Counseling Psychology offers master of arts degree programs in counseling and in educational psychology (moratorium on admissions for educational psychology), a master of science degree program in clinical mental health counseling and a doctoral degree program in counseling psychology.

Prerequisites for Admission
Applicants to all graduate programs in the Department of Counselor Education and Counseling Psychology should have graduated with, or be about to graduate with, a bachelor’s or a master’s degree from an accredited institution appropriate to their chosen field of graduate study. Students applying to a doctoral program without a master’s degree must complete prerequisite master’s courses as part of their doctoral program requirements.

The following courses are prerequisite courses for graduate study for all programs in the Department of Counselor Education and Counseling Psychology: introduction to psychology, introduction to statistics, research methods in behavioral sciences, abnormal psychology, human development, multicultural/diversity, in addition to experience in human service (field work, or service learning, or volunteer or employment).

Applicants not meeting all prerequisites may still be considered for admission, but should contact the department to discuss alternate plans for meeting the requirements prior to starting the program.

Application Deadlines
Students are admitted to the department in the spring term to begin their programs the following fall. To be considered for admission, all application requirements must be completed and received in the Graduate School by the deadlines listed below:

Dec. 1 - For admission to the doctoral program in counseling psychology.
Feb. 1 - For admission to the master’s programs in clinical mental health counseling and in counseling.

Application Requirements
Applicants, regardless of program, must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation along with recommendation forms.
4. A statement of purpose. (See department website (http://www.marquette.edu/education/grad/cecp.shtml) for instruction.)
5. A resume/vita.
6. GRE scores (General Test only).
7. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

See department website at marquette.edu/education/grad/cecp.shtml for more details.

After all applications are reviewed, the highest ranking applicants will be contacted for an interview with the faculty. This is required for admission. International applicants residing in foreign countries and applicants with extenuating circumstances may conduct their interviews over the phone.

Counseling Psychology Courses
COPS 6010. Professional Ethics and Legal Issues. 3 cr. hrs.
Examines the ethical foundations and current ethical and legal guidelines for professionals in the behavioral health field. Prereq: Cons. of instr.

COPS 6410. Psychopharmacology. 3 cr. hrs.
Introduction to psychopharmacology including central nervous system, basic drug mechanisms, modes of drug action, medication treatment for psychological/psychiatric disorders and efficiency of drugs. Prereq: COUN 6060.
COPS 8000. Introduction to Counseling Psychology. 3 cr. hrs.
Introduction to the specialization of counseling psychology, including the history, philosophical bases and current and emerging directions. Emphasis on critically reviewing literature in the field and examining psychologist roles and functions. Prereq: Cons. of instr.; admission to counseling psychology program.

COPS 8010. Behavior Disorders in Children and Youth. 3 cr. hrs.
Advanced study of emotional, cognitive, behavioral and social problems of childhood and adolescence. Major topics include: (a) nature, etiology and incidence within a developmental/interactionist framework; (b) diagnostic and classification systems; (c) psychological, educational and medical intervention-management approaches and (d) research and program evaluation methods. Prereq: COUN 6020 or equiv.

COPS 8030. Theories of Learning. 3 cr. hrs.
Systematic survey of theories, methods, and research findings in learning. Advanced treatment of selected topics.

COPS 8031. The Development of Memory and Cognition. 3 cr. hrs.
Advanced study of normal development of memory and cognition and instructional strategies useful for importing memory abilities in learning disabled children and young adults. Prereq: COUN 6020 or equiv. and COPS 8030 or equiv.

COPS 8032. Theories of Motivation. 3 cr. hrs.
Classical and contemporary theory and practices. Motivation in complex situations, including set, level of aspiration, frustration and consumer motivation.

COPS 8040. Social Basis of Behavior. 3 cr. hrs.
Advanced study of the problems and paradigms of social psychologists and how they are used by the practitioner. Major topics include: socialization, value and attitudes, social comparison, conformity and group dynamics.

COPS 8100. Neuropsychology. 3 cr. hrs.
Introduction to the discipline of neuropsychology, brain-behavior relationships, neuropsychological mechanisms in neuropathological conditions, neuropsychological assessment and treatment. Prereq: COPS 8210 and cons. of instr.

COPS 8210. Cognitive Assessment. 3 cr. hrs.
Introduction to the theory and practice of cognitive assessment. Development of skills in administration and interpretation of intelligence and achievement tests and writing testing reports; introduction to special topics of testing children and neuropsychological assessment. Prereq: Cons. of instr.

COPS 8220. Personality Assessment. 3 cr. hrs.
Extension of assessment skills developed in COPS 8210. Development of skills in selection and interpretation of objective personality assessments and self-report inventories, integration of results in testing reports and an introduction to projective personality assessment. Prereq: COPS 8210 and cons. of instr.

COPS 8230. Projective Assessment. 3 cr. hrs.
Supervised study in administration, interpretation, and application of projective techniques. Prereq: COPS 8220 and cons. of instr.

COPS 8240. Advanced Assessment. 3 cr. hrs.

COPS 8310. Intermediate Research and Statistics. 3 cr. hrs.
Advanced topics in univariate and bivariate statistical analyses and related methodological issues. Covers analysis of variance, correlation, nonparametric statistics and multiple regression. Includes use of statistical software. Prereq: COUN 6051 or equiv. and EDPS 6050 or equiv.

COPS 8311. Advanced Statistics and Research. 3 cr. hrs.
A comprehensive survey of multivariate data analysis. Reviews multiple regression and proceeds through an introduction to structural equation modeling. Includes use of statistical software. Prereq: COPS 8310 or equiv.

COPS 8320. Measurement and Evaluation. 3 cr. hrs.
Psychometric theory, test construction and evaluation procedures. Includes use of statistical software for investigating the reliability and validity of educational and psychological instruments. Prereq: COPS 8310 or equiv.

COPS 8330. Qualitative Research Methods in Psychology. 3 cr. hrs.
Survey of qualitative research methods used in psychology. Includes discussion of the evolution of qualitative research in counseling psychology, as well as other related fields and the controversies therein. Prereq: COPS 8311.

COPS 8931. Topics in Counseling Psychology. 2-3 cr. hrs.
In-depth study of theories and concepts in counseling psychology which, because of their topicality, are not the subject of a regular course. The special topics will be designated in the Schedule of Classes. Prereq: Cons. of instr.

COPS 8953. Seminar in Counseling Psychology. 1 cr. hr.
Examines trends in the field with emphasis on current practices in professional psychology. Prereq: COPS 8965; and cons. of instr.
COPS 8954. Seminar and Practicum in Supervision. 1-3 cr. hrs.
Examines theory, research and the practice of supervision in counseling psychology. Reviews ethical and professional guidelines for the training and supervision of counselors and psychologists. Includes practicum experiences supervising master's and/or doctoral students. Continues over two consecutive terms for a total of 3 credits, and includes weekly seminar and group supervision meetings. Two credits are taken in the fall term and one credit is taken in the spring term. Prereq: COPS 8965 and cons. of instr.

COPS 8955. Internship Preparation Seminar. 0 cr. hrs.
Assists advanced students in making appropriate plans and developing strong applications for their predoctoral psychology internships. Monthly meetings are required of all students in the year prior to applying for internship. SNC/UNC grade assessment. Prereq: Cons. of dir. of training.

COPS 8956. Counseling Psychology Practicum. 1-4 cr. hrs.
S/U grade assessment. Prereq: COUN 6965 or equiv. and cons. of dir. of training.

COPS 8986. Internship in Counseling Psychology. 1 cr. hr.
Supervised experiences in professional psychology. Internships must be planned in accordance with the departmental Counseling Psychology Internship handbook. A minimum of 2000 hours over one calendar year required. S/U grade assessment. Prereq: Cons. of dept. ch.; cons. of dir. of training.

COPS 9987. Doctoral Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

COPS 9988. Doctoral Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

COPS 9989. Doctoral Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

Counseling Courses
COUN 6000. Introduction to Counseling. 3 cr. hrs.
Introduction to the philosophical bases, history and development of counseling as a profession. Includes an emphasis on ethical and legal issues, as well as a focus on counselor roles and functions in various settings and current issues in professional practice. Addresses active listening and provides training in entry-level counseling skills through a laboratory experience. Prereq: Enrolled in the Clinical Mental Health or School Counseling program or cons. of dept. ch.

COUN 6001. Foundations of School Counseling. 3 cr. hrs.
Focuses on the principles and techniques of school counseling, as outlined by the American School Counselor Association National Model for School Counseling Programs. Covers consultation with parents and school personnel, program planning and curriculum intervention, roles and functions of counselors and other school personnel and contemporary school counseling issues. Prereq: COUN 6000 and COUN 6020.

COUN 6002. Addictions Counseling. 3 cr. hrs.
Introduction to theory and research about the prevention and treatment of substance abuse disorders. Emphasizes research-supported strategies and counseling skills designed to meet individual client needs. Prereq: COUN 6000.

COUN 6003. Foundations of Clinical Mental Health Counseling. 3 cr. hrs.
Introduces the roles and perspectives of clinical mental health counselors. Focuses on the professional knowledge base, skills and practices that are essential for counseling in a wide variety of clinical mental health settings. Introduces mental health delivery models and concepts, prevention strategies, interventions with target populations, crisis intervention, disaster responses and interventions for clients with mental disorders and their families. Prereq: COUN 6000.

COUN 6010. Professional Ethics and Legal Issues. 3 cr. hrs.
Covers the ethical foundations and standards of the counseling profession. Focuses on how to apply ethical standards and legal and professional guidelines to situations faced by counselors in educational and clinical mental health counseling settings. Issues relevant to training, credentialing and professional issues in the field of counseling are discussed. Prereq: COUN 6000.

COUN 6020. Life-Span Human Development. 3 cr. hrs.
An examination of the interaction among biological, psychological, social and cultural factors that influence human development over the life-span. Reviews theoretical frameworks describing optimal human development, as well as the developmental etiology of problematic behaviors. Discusses educational and counseling implications of these issues.

COUN 6030. Theories of Counseling. 3 cr. hrs.
Reviews and critically analyzes the major theoretical systems of counseling, as well as current research about counseling and therapy. Focuses on applying theoretical approaches and techniques to client conceptualization and counseling practice.

COUN 6040. Multicultural Counseling. 3 cr. hrs.
Covers current theory, research and practice approaches within the field of multicultural counseling. Explores the topic of cultural diversity across multiple aspects of identity, with a focus on implications for professional practice, including advocacy work. Concurrent field experiences and/or small group experiences may be required. Prereq: COUN 6000 and COUN 6030.
COUN 6051. Research Methods in Counseling. 3 cr. hrs.
Reviews theories underlying various research methodologies and the research process. Methods for needs assessment and program evaluation are considered. Includes development of a research proposal including the identification of a research problem and preparation of a research plan. Prereq: COUN 6000, COUN 6030 and COUN 6070.

COUN 6060. Psychopathology and Diagnosis. 3 cr. hrs.
Covers concepts of psychopathology and introduces methods of assessment and diagnosis for children, adolescents and adults with major mental disorders and personality disorders. Multiple perspectives of clients’ emotional and psychological distress, disturbances and behaviors are considered. Focuses on the development of students’ knowledge and skills to use the DSM diagnostic system while including acknowledgement of client strengths and resilience and the social and cultural context.

COUN 6070. Assessment in Counseling. 3 cr. hrs.
Introduction to the basic concepts and methods for the psychological assessment of individuals in school, work and mental health settings. Testing and assessment is presented within an ethical, social and cultural context. Students’ knowledge and skills to select, use and interpret selected standardized tests, checklists and rating forms are developed. Measures for assessing intelligence, achievement, personality, vocational interests and mental health issues are covered as is the use of clinical interviews to identify client issues. Prereq: COUN 6000.

COUN 6080. Career Development and Counseling. 3 cr. hrs.
Reviews theoretical approaches of career counseling and programming, as well as psychological, social and cultural factors that influence life-long career/vocational development. Components of career development programs and services are considered, as well as sources and uses of occupational and educational information. Prereq: COUN 6000, COUN 6020, COUN 6030 and COUN 6070.

COUN 6110. Individual Counseling. 3 cr. hrs.
Examines the theory and research on individual counseling. Emphasizes skill development in the techniques and methods of counseling. Concurrent field experiences may be required. Prereq: COUN 6000 or COUN 6003 and cons. of instr.; or COPS 8000, COUN 6020 and cons. of instr.; admission to degree program.

COUN 6120. Group Counseling. 3 cr. hrs.
Purposes, functions, types, and principles of group counseling. Dynamics of group interaction. Leadership of groups. Understanding of and ability to engage in and evaluate small group processes and relationships. Students experience group processes and the therapeutic value of groups by participating as members of an in-class group or facilitating a group off-campus. Prereq: COUN 6000 and COUN 6030; concurrent field experiences may be required.

COUN 6130. Family Counseling. 3 cr. hrs.
Introduction to theoretical approaches and methods of family counseling. Overview of the history and current issues in family counseling. Prereq: COUN 6000 and concurrent or previous enrollment in COUN 6030.

COUN 6140. Leadership and Administration of Mental Health Counseling Services. 3 cr. hrs.
Introduction to the knowledge and skills for counselor leadership roles in clinical mental health counseling services. Focuses on leading a community counseling agency with consideration to: effective administrative and business operational aspects of mental health services, the role of state regulations in the operation of mental health services, clinical supervision, licensure, finance, disaster and crisis planning and creating an effective work environment. Prereq: Concurrent enrollment in COUN 6986.

COUN 6400. Leadership and Educational Administration for School Counseling. 3 cr. hrs.
Focuses on leadership and educational administration practices essential to the development of a comprehensive school counseling program within K-12 educational settings. Examines contemporary educational leadership practices and educational policy, principles of collaboration and teamwork in schools, organizational structure of schools, school emergency management policies and practices, school-community relations and the importance of these topics to school counseling practice and comprehensive school counseling program development. Prereq: Concurrent enrollment in COUN 6986.

COUN 6931. Topics in Counseling. 2-3 cr. hrs.
In-depth study of theories and concepts in counseling which, because of their topicality, are not the subject of a regular course. Specific topics will be designated in the Schedule of Classes. Prereq: Cons. of instr.
COUN 6965. Counseling Practicum. 1-3 cr. hrs.
A supervised practicum experience that requires a minimum of 100 clock hours (including 40 direct hours) and leads to the development of counseling skills. Students engage in their practicum activities at approved sites in the greater Milwaukee area and meet on-campus weekly for a didactic seminar that furthers counseling skills and provides group supervision. Prereq: COUN 6000; COUN 6001 or COUN 6003 which may be taken concurrently.

COUN 6970. School Counseling Practicum. 1-3 cr. hrs.
A supervised practicum experience that requires a minimum of 100 clock hours (including 40 direct hours) and leads to the development of counseling skills. Students engage in their practicum activities at approved sites in the greater Milwaukee area and meet on-campus weekly for a didactic seminar that furthers counseling skills and provides group supervision. Prereq: COUN 6000; COUN 6001 which may be taken concurrently.

COUN 6986. Internship in Counseling. 1-3 cr. hrs.
Supervised counseling experiences in assessment, diagnosis, intervention, prevention and consultation. Students engage in the internship activities at approved sites in the greater Milwaukee area and meet on-campus weekly for a didactic seminar and group supervision. Three credits of internship require a minimum of 300 clock hours of practicum activities. Prereq: COUN 6000; COUN 6001 or COUN 6003; COUN 6020, COUN 6030, COUN 6060, COUN 6070 and COUN 6965 or COUN 6970; COUN 6040, COUN 6120 and COUN 6130 must be taken concurrently with COUN 6986; additional prerequisites may be required within each area of specialization.

COUN 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

COUN 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

COUN 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Clinical Mental Health Counseling (CMHC)

Chairperson: Alan W. Burkard, Ph.D.

Degree Offered
Master of Science

Specializations
Addiction Counseling, Child and Adolescent Counseling

Program Description
Our master of science in clinical mental health counseling is dedicated to training professional counselors in evidence-based and emerging best practices and prepares students to practice as a professional counselor. Course work focuses on human development, psychopathology, assessment, theories of counseling, consultation, crisis and disaster response, ethical and legal issues, multicultural issues and counseling research, as well as individual, group, family and counseling interventions. Field experiences, small group experiences and practicum and internship are required and lead to the development of science-practice integration in all of our graduates.

Clinical Mental Health Counseling Master’s Requirements
The master of science degree program in clinical mental health counseling, with specialization options in addiction counseling or in child and adolescent counseling, requires 60 credit hours and successful completion of a comprehensive examination. The following courses are required:

Optional specialization courses listed below

As part of their course work, students must also complete a practicum and an internship in an approved clinical mental health counseling setting. More detailed requirements can be obtained from the department office. The master of science degree can be completed under Plan A, which requires a thesis, or Plan B, which does not require a thesis.

Addiction Counseling
The optional specialization in addiction counseling provides students with additional training concentrated on clinical services to clients experiencing difficulties with addictions and co-occurring disorders. In addition to the core requirements for the clinical mental health counseling program, students are required to take the following courses:

<table>
<thead>
<tr>

Counseling Psychology Courses

COPS 6010. Professional Ethics and Legal Issues. 3 cr. hrs.
Examines the ethical foundations and current ethical and legal guidelines for professionals in the behavioral health field. Prereq: Cons. of instr.

COPS 6410. Psychopharmacology. 3 cr. hrs.
Introduction to psychopharmacology including central nervous system, basic drug mechanisms, modes of drug action, medication treatment for psychological/psychiatric disorders and efficiency of drugs. Prereq: COUN 6060.

COPS 8000. Introduction to Counseling Psychology. 3 cr. hrs.
Introduction to the specialization of counseling psychology, including the history, philosophical bases and current and emerging directions. Emphasis on critically reviewing literature in the field and examining psychologist roles and functions. Prereq: Cons. of instr.; admission to counseling psychology program.

COPS 8010. Behavior Disorders in Children and Youth. 3 cr. hrs.
Advanced study of emotional, cognitive, behavioral and social problems of childhood and adolescence. Major topics include: (a) nature, etiology and incidence within a developmental/interactionist framework; (b) diagnostic and classification systems; (c) psychological, educational and medical intervention-management approaches and (d) research and program evaluation methods. Prereq: COUN 6020 or equiv.

COPS 8030. Theories of Learning. 3 cr. hrs.
Systematic survey of theories, methods, and research findings in learning. Advanced treatment of selected topics.

COPS 8031. The Development of Memory and Cognition. 3 cr. hrs.
Advanced study of normal development of memory and cognition and instructional strategies useful for improving memory abilities in learning disabled children and young adults. Prereq: COUN 6020 or equiv. and COPS 8030 or equiv.

COPS 8032. Theories of Motivation. 3 cr. hrs.
Classical and contemporary theory and practices. Motivation in complex situations, including set, level of aspiration, frustration and consumer motivation.

COPS 8040. Social Basis of Behavior. 3 cr. hrs.
Advanced study of the problems and paradigms of social psychologists and how they are used by the practitioner. Major topics include: socialization, value and attitudes, social comparison, conformity and group dynamics.

COPS 8100. Neuropsychology. 3 cr. hrs.
Introduction to discipline of neuropsychology, brain-behavior relationships, neuropsychological mechanisms in neuropathological conditions, neuropsychological assessment and treatment. Prereq: COPS 8210 and cons. of instr.

COPS 8210. Cognitive Assessment. 3 cr. hrs.
Introduction to the theory and practice of cognitive assessment. Development of skills in administration and interpretation of intelligence and achievement tests and writing testing reports; introduction to special topics of testing children and neuropsychological assessment. Prereq: Cons. of instr.

COPS 8220. Personality Assessment. 3 cr. hrs.
Extension of assessment skills developed in COPS 8210. Development of skills in selection and interpretation of objective personality assessments and self-report inventories, integration of results in testing reports and an introduction to projective personality assessment. Prereq: COPS 8210 and cons. of instr.

COPS 8230. Projective Assessment. 3 cr. hrs.
Supervised study in administration, interpretation, and application of projective techniques. Prereq: COPS 8220 and cons. of instr.

COPS 8240. Advanced Assessment. 3 cr. hrs.

COPS 8310. Intermediate Research and Statistics. 3 cr. hrs.
Advanced topics in univariate and bivariate statistical analyses and related methodological issues. Covers analysis of variance, correlation, nonparametric statistics and multiple regression. Includes use of statistical software. Prereq: COUN 6051 or equiv. and EDPS 6050 or equiv.
COPS 8311. Advanced Statistics and Research. 3 cr. hrs.
A comprehensive survey of multivariate data analysis. Reviews multiple regression and proceeds through an introduction to structural equation modeling. Includes use of statistical software. Prereq: COPS 8310 or equiv.

COPS 8320. Measurement and Evaluation. 3 cr. hrs.
Psychometric theory, test construction and evaluation procedures. Includes use of statistical software for investigating the reliability and validity of educational and psychological instruments. Prereq: COPS 8310 or equiv.

COPS 8330. Qualitative Research Methods in Psychology. 3 cr. hrs.
Survey of qualitative research methods used in psychology. Includes discussion of the evolution of qualitative research in counseling psychology, as well as other related fields and the controversies therein. Prereq: COPS 8311.

COPS 8391. Topics in Counseling Psychology. 2-3 cr. hrs.
In-depth study of theories and concepts in counseling psychology which, because of their topicality, are not the subject of a regular course. The special topics will be designated in the Schedule of Classes. Prereq: Cons. of instr.

COPS 8953. Seminar in Counseling Psychology. 1 cr. hr.
Examines trends in the field with emphasis on current practices in professional psychology. Prereq: COPS 8965; and cons. of instr.

COPS 8954. Seminar and Practicum in Supervision. 1-3 cr. hrs.
Examines theory, research and the practice of supervision in counseling psychology. Reviews ethical and professional guidelines for the training and supervision of counselors and psychologists. Includes practicum experiences supervising master’s and/or doctoral students. Continues over two consecutive terms for a total of 3 credits, and includes weekly seminar and group supervision meetings. Two credits are taken in the fall term and one credit is taken in the spring term. Prereq: COPS 8965 and cons. of instr.

COPS 8955. Internship Preparation Seminar. 0 cr. hrs.
Assists advanced students in making appropriate plans and developing strong applications for their predoctoral psychology internships. Monthly meetings are required of all students in the year prior to applying for internship. SNC/UNC grade assessment. Prereq: Cons. of dir. of training.

COPS 8965. Counseling Psychology Practicum. 1-4 cr. hrs.
S/U grade assessment. Prereq: COUN 6965 or equiv. and cons. of dir. of training.

COPS 8986. Internship in Counseling Psychology. 1 cr. hr.
Supervised experiences in professional psychology. Internships must be planned in accordance with the departmental Counseling Psychology Internship handbook. A minimum of 2000 hours over one calendar year required. S/U grade assessment. Prereq: Cons. of dept. ch.; cons. of dir. of training.

COUN 6000. Introduction to Counseling. 3 cr. hrs.
Introduction to the philosophical bases, history and development of counseling as a profession. Includes an emphasis on ethical and legal issues, as well as a focus on counselor roles and functions in various settings and current issues in professional practice. Addresses active listening and provides training in entry-level counseling skills through a laboratory experience. Prereq: Enrolled in the Clinical Mental Health or School Counseling program or cons. of dept. ch.

COUN 6001. Foundations of School Counseling. 3 cr. hrs.
Focuses on the principles and techniques of school counseling, as outlined by the American School Counselor Association National Model for School Counseling Programs. Covers consultation with parents and school personnel, program planning and curriculum intervention, roles and functions of counselors and other school personnel and contemporary school counseling issues. Prereq: COUN 6000 and COUN 6020.

COUN 6002. Addictions Counseling. 3 cr. hrs.
Introduction to theory and research about the prevention and treatment of substance abuse disorders. Emphasizes research-supported strategies and counseling skills designed to meet individual client needs. Prereq: COUN 6000.

COUN 6003. Foundations of Clinical Mental Health Counseling. 3 cr. hrs.
Introduces the roles and perspectives of clinical mental health counselors. Focuses on the professional knowledge base, skills and practices that are essential for counseling in a wide variety of clinical mental health settings. Introduces mental health delivery models and concepts, prevention strategies, interventions with target populations, crisis intervention, disaster responses and interventions for clients with mental disorders and their families. Prereq: COUN 6000.

COUN 6010. Professional Ethics and Legal Issues. 3 cr. hrs.
Covers the ethical foundations and standards of the counseling profession. Focuses on how to apply ethical standards and legal and professional guidelines to situations faced by counselors in educational and clinical mental health counseling settings. Issues relevant to training, credentialing and professional issues in the field of counseling are discussed. Prereq: COUN 6000.
COUN 6020. Life-Span Human Development. 3 cr. hrs.
An examination of the interaction among biological, psychological, social and cultural factors that influence human development over the life-span. Reviews theoretical frameworks describing optimal human development, as well as the developmental etiology of problematic behaviors. Discusses educational and counseling implications of these issues.

COUN 6030. Theories of Counseling. 3 cr. hrs.
Reviews and critically analyzes the major theoretical systems of counseling, as well as current research about counseling and therapy. Focuses on applying theoretical approaches and techniques to client conceptualization and counseling practice.

COUN 6040. Multicultural Counseling. 3 cr. hrs.
Covers current theory, research and practice approaches within the field of multicultural counseling. Explores the topic of cultural diversity across multiple aspects of identity, with a focus on implications for professional practice, including advocacy work. Concurrent field experiences and/or small group experiences may be required. Prereq: COUN 6000 and COUN 6030.

COUN 6051. Research Methods in Counseling. 3 cr. hrs.
Reviews theories underlying various research methodologies and the research process. Methods for needs assessment and program evaluation are considered. Includes development of a research proposal including the identification of a research problem and preparation of a research plan. Prereq: COUN 6000, COUN 6030 and COUN 6070.

COUN 6060. Psychopathology and Diagnosis. 3 cr. hrs.
Covers concepts of psychopathology and introduces methods of assessment and diagnosis for children, adolescents and adults with major mental disorders and personality disorders. Multiple perspectives of clients' emotional and psychological distress, disturbances and behaviors are considered. Focuses on the development of students' knowledge and skills to use the DSM diagnostic system while including acknowledgement of client strengths and resilience and the social and cultural context.

COUN 6070. Assessment in Counseling. 3 cr. hrs.
Introduction to the basic concepts and methods for the psychological assessment of individuals in school, work and mental health settings. Testing and assessment is presented within an ethical, social and cultural context. Students' knowledge and skills to select, use and interpret selected standardized tests, checklists and rating forms are developed. Measures for assessing intelligence, achievement, personality, vocational interests and mental health issues are covered as is the use of clinical interviews to identify client issues. Prereq: COUN 6000.

COUN 6080. Career Development and Counseling. 3 cr. hrs.
Reviews theoretical approaches of career counseling and programming, as well as psychological, social and cultural factors that influence life-long career/vocational development. Components of career development programs and services are considered, as well as sources and uses of occupational and educational information. Prereq: COUN 6000, COUN 6020, COUN 6030 and COUN 6070.

COUN 6110. Individual Counseling. 3 cr. hrs.
Examines the theory and research on individual counseling. Emphasizes skill development in the techniques and methods of counseling. Concurrent field experiences may be required. Prereq: COUN 6000 or COUN 6003 and cons. of instr.; or COPS 8000, COUN 6020 and cons. of instr.; admission to degree program.

COUN 6120. Group Counseling. 3 cr. hrs.
Purposes, functions, types, and principles of group counseling. Dynamics of group interaction. Leadership of groups. Understanding of and ability to engage in and evaluate small group processes and relationships. Students experience group processes and the therapeutic value of groups by participating as members of an in-class group or facilitating a group off-campus. Prereq: COUN 6000 and COUN 6030; concurrent field experiences may be required.

COUN 6130. Family Counseling. 3 cr. hrs.
Introduction to theoretical approaches and methods of family counseling. Overview of the history and current issues in family counseling. Prereq: COUN 6000 and concurrent or previous enrollment in COUN 6030.

COUN 6210. Behavior Therapy. 3 cr. hrs.
Learning theory applied in home, school, and other settings. Includes behavioral assessment (interviewing, checklists, observation) and intervention procedures (reinforcement, token economies), maintenance and generalization issues, single subject research design, self-control.

COUN 6220. Consultation Strategies. 3 cr. hrs.
Analysis of consultation models, designing and implementing intervention strategies and evaluation of the total process. Introduction to the role and functions of a consultant. Analysis of current conceptual models, overview of design and implementation of intervention strategies and evaluation methods. Prereq: COUN 6000.

COUN 6300. Counseling with Children and Adolescents. 3 cr. hrs.
Developmental stages and tasks of children and adolescents; theories and techniques of developmental and remedial counseling with children and adolescents; warning signs, possible causes and prevention and intervention strategies of behavior problems. Focuses on the assessment and integration of strength-based counseling approaches in counseling children and adolescents and addresses collaboration and consultation with families, schools and communities. Prereq: COUN 6000; COUN 6001 or COUN 6003; and COUN 6030.
COUN 6400. Leadership and Administration of Mental Health Counseling Services. 3 cr. hrs.
Introduction to the knowledge and skills for counselor leadership roles in clinical mental health counseling services. Focuses on leading a community counseling agency with consideration to: effective administrative and business operational aspects of mental health services, the role of state regulations in the operation of mental health services, clinical supervision, licensure, finance, disaster and crisis planning and creating an effective work environment. Prereq: Concurrent enrollment in COUN 6986.

COUN 6410. Leadership and Educational Administration for School Counseling. 3 cr. hrs.
Focuses on leadership and educational administration practices essential to the development of a comprehensive school counseling program within K-12 educational settings. Examines contemporary educational leadership practices and educational policy, principles of collaboration and teamwork in schools, organizational structure of schools, school emergency management policies and practices, school-community relations and the importance of these topics to school counseling practice and comprehensive school counseling program development. Prereq: Concurrent enrollment in COUN 6986.

COUN 6931. Topics in Counseling. 2-3 cr. hrs.
In-depth study of theories and concepts in counseling which, because of their topicality, are not the subject of a regular course. Specific topics will be designated in the Schedule of Classes. Prereq: Cons. of instr.

COUN 6965. Counseling Practicum. 1-3 cr. hrs.
A supervised practicum experience that requires a minimum of 100 clock hours (including 40 direct hours) and leads to the development of counseling skills. Students engage in their practicum activities at approved sites in the greater Milwaukee area and meet on-campus weekly for a didactic seminar that furthers counseling skills and provides group supervision. Prereq: COUN 6000; COUN 6001 or COUN 6003 which may be taken concurrently.

COUN 6970. School Counseling Practicum. 1-3 cr. hrs.
A supervised practicum experience that requires a minimum of 100 clock hours (including 40 direct hours) and leads to the development of counseling skills. Students engage in their practicum activities at approved sites in the greater Milwaukee area and meet on-campus weekly for a didactic seminar that furthers counseling skills and provides group supervision. Prereq: COUN 6000; COUN 6001 which may be taken concurrently.

COUN 6986. Internship in Counseling. 1-3 cr. hrs.
Supervised counseling experiences in assessment, diagnosis, intervention, prevention and consultation. Students engage in the internship activities at approved sites in the greater Milwaukee area and meet on-campus weekly for a didactic seminar and group supervision. Three credits of internship require a minimum of 300 clock hours of practicum activities. Prereq: COUN 6000; COUN 6001 or COUN 6003; COUN 6020, COUN 6030, COUN 6060, COUN 6070 and COUN 6965 or COUN 6970;COUN 6040, COUN 6120 and COUN 6130 must be taken concurrently with COUN 6986; additional prerequisites may be required within each area of specialization.

COUN 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

COUN 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

COUN 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Counseling (COUN)

Chairperson: Alan W. Burkard, Ph.D.
marquette.edu/education/grad/cecp_masters_counseling.shtml

Degree Offered
Master of Arts

Specialization
School Counseling

Program Description
Our master of arts in counseling program includes a variety of courses, practica, internship and other training experiences which offer comprehensive preparation for professional practice as a school counselor. Course work focuses on human development, psychopathology, research, assessment, theories of counseling, ethical and legal issues as well as individual, group and other school counseling interventions. Training in counseling skills begins in the first semester and an internship usually begins in the second year. This training prepares students to develop and deliver a Comprehensive School Counseling Program, which is aligned with the principles outlined by the American School Counselor Association National Model for School Counseling Programs.

Counseling Master’s Requirements
School Counseling

School counseling requires a minimum of 48 credit hours and successful completion of a comprehensive examination. Students must complete the following core courses, as part of the total credits for the degree:

<table>
<thead>
<tr>
<th>Course</th>

</tbody>
</table>

As part of their course work, students must also complete a practicum and an internship in a program approved PK-12 school setting. More detailed requirements for this specialization can be obtained from the department office. The master of arts degree can be completed under Plan A, which requires a thesis, or Plan B, which does not require a thesis.

Courses

COUN 6000. Introduction to Counseling. 3 cr. hrs.
Introduction to the philosophical bases, history and development of counseling as a profession. Includes an emphasis on ethical and legal issues, as well as a focus on counselor roles and functions in various settings and current issues in professional practice. Addresses active listening and provides training in entry-level counseling skills through a laboratory experience. Prereq: Enrolled in the Clinical Mental Health or School Counseling program or cons. of dept. ch.

COUN 6001. Foundations of School Counseling. 3 cr. hrs.
Focuses on the principles and techniques of school counseling, as outlined by the American School Counselor Association National Model for School Counseling Programs. Covers consultation with parents and school personnel, program planning and curriculum intervention, roles and functions of counselors and other school personnel and contemporary school counseling issues. Prereq: COUN 6000 and COUN 6020.
COUN 6002. Addictions Counseling. 3 cr. hrs.
Introduction to theory and research about the prevention and treatment of substance abuse disorders. Emphasizes research-supported strategies and counseling skills designed to meet individual client needs. Prereq: COUN 6000.

COUN 6003. Foundations of Clinical Mental Health Counseling. 3 cr. hrs.
Introduces the roles and perspectives of clinical mental health counselors. Focuses on the professional knowledge base, skills and practices that are essential for counseling in a wide variety of clinical mental health settings. Introduces mental health delivery models and concepts, prevention strategies, interventions with target populations, crisis intervention, disaster responses and interventions for clients with mental disorders and their families. Prereq: COUN 6000.

COUN 6010. Professional Ethics and Legal Issues. 3 cr. hrs.
Covers the ethical foundations and standards of the counseling profession. Focuses on how to apply ethical standards and legal and professional guidelines to situations faced by counselors in educational and clinical mental health counseling settings. Issues relevant to training, credentialing and professional issues in the field of counseling are discussed. Prereq: COUN 6000.

COUN 6020. Life-Span Human Development. 3 cr. hrs.
An examination of the interaction among biological, psychological, social and cultural factors that influence human development over the life-span. Reviews theoretical frameworks describing optimal human development, as well as the developmental etiology of problematic behaviors. Discusses educational and counseling implications of these issues.

COUN 6030. Theories of Counseling. 3 cr. hrs.
Reviews and critically analyzes the major theoretical systems of counseling, as well as current research about counseling and therapy. Focuses on applying theoretical approaches and techniques to client conceptualization and counseling practice.

COUN 6040. Multicultural Counseling. 3 cr. hrs.
Covers current theory, research and practice approaches within the field of multicultural counseling. Explores the topic of cultural diversity across multiple aspects of identity, with a focus on implications for professional practice, including advocacy work. Concurrent field experiences and/or small group experiences may be required. Prereq: COUN 6000 and COUN 6030.

COUN 6050. Assessment in Counseling. 3 cr. hrs.
Introduction to the basic concepts and methods for the psychological assessment of individuals in school, work and mental health settings. Testing and assessment is presented within an ethical, social and cultural context. Students' knowledge and skills to select, use and interpret selected standardized tests, checklists and rating forms are developed. Measures for assessing intelligence, achievement, personality, vocational interests and mental health issues are covered as is the use of clinical interviews to identify client issues. Prereq: COUN 6000.

COUN 6060. Psychopathology and Diagnosis. 3 cr. hrs.
Covers concepts of psychopathology and introduces methods of assessment and diagnosis for children, adolescents and adults with major mental disorders and personality disorders. Multiple perspectives of clients' emotional and psychological distress, disturbances and behaviors are considered. Focuses on the development of students' knowledge and skills to use the DSM diagnostic system while including acknowledgement of client strengths and resilience and the social and cultural context.

COUN 6070. Research Methods in Counseling. 3 cr. hrs.
Reviews theories underlying various research methodologies and the research process. Methods for needs assessment and program evaluation are considered. Includes development of a research proposal including the identification of a research problem and preparation of a research plan. Prereq: COUN 6000, COUN 6030 and COUN 6070.

COUN 6080. Career Development and Counseling. 3 cr. hrs.
Reviews theoretical approaches of career counseling and programming, as well as psychological, social and cultural factors that influence life-long career/vocational development. Components of career development programs and services are considered, as well as sources and uses of occupational and educational information. Prereq: COUN 6000.

COUN 6090. Counselor Education and Supervision. 3 cr. hrs.
Reviews guidelines to situations faced by counselors in educational and clinical mental health counseling settings. Issues relevant to training, credentialing and professional issues in the field of counseling are discussed. Prereq: COUN 6000.

COUN 6100. Individual Counseling. 3 cr. hrs.
Examines the theory and research on individual counseling. Emphasizes skill development in the techniques and methods of counseling. Concurrent field experiences may be required. Prereq: COUN 6000 or COUN 6003 and cons. of instr.; or COPS 8000, COUN 6020 and cons. of instr.; admission to degree program.

COUN 6110. Group Counseling. 3 cr. hrs.
Purposes, functions, types, and principles of group counseling. Dynamics of group interaction. Leadership of groups. Understanding of and ability to engage in and evaluate small group processes and relationships. Students experience group processes and the therapeutic value of groups by participating as members of an in-class group or facilitating a group off-campus. Prereq: COUN 6000 and COUN 6030; concurrent field experiences may be required.

COUN 6120. Family Counseling. 3 cr. hrs.
Introduction to theoretical approaches and methods of family counseling. Overview of the history and current issues in family counseling. Prereq: COUN 6000 and concurrent or previous enrollment in COUN 6030.

COUN 6210. Behavior Therapy. 3 cr. hrs.
Learning theory applied in home, school, and other settings. Includes behavioral assessment (interviewing, checklists, observation) and intervention procedures (reinforcement, token economies), maintenance and generalization issues, single subject research design, self-control.
COUN 6220. Consultation Strategies. 3 cr. hrs.
Analysis of consultation models, designing and implementing intervention strategies and evaluation of the total process. Introduction to the role and functions of a consultant. Analysis of current conceptual models, overview of design and implementation of intervention strategies and evaluation methods. Prereq: COUN 6000.

COUN 6300. Counseling with Children and Adolescents. 3 cr. hrs.
Developmental stages and tasks of children and adolescents; theories and techniques of developmental and remedial counseling with children and adolescents; warning signs, possible causes and prevention and intervention strategies of behavior problems. Focuses on the assessment and integration of strength-based counseling approaches in counseling children and adolescents and addresses collaboration and consultation with families, schools and communities. Prereq: COUN 6000; COUN 6001 or COUN 6003; and COUN 6030.

COUN 6400. Leadership and Administration of Mental Health Counseling Services. 3 cr. hrs.
Introduction to the knowledge and skills for counselor leadership roles in clinical mental health counseling services. Focuses on leading a community counseling agency with consideration to: effective administrative and business operational aspects of mental health services, the role of state regulations in the operation of mental health services, clinical supervision, licensure, finance, disaster and crisis planning and creating an effective work environment. Prereq: Concurrent enrollment in COUN 6986.

COUN 6410. Leadership and Educational Administration for School Counseling. 3 cr. hrs.
Focuses on leadership and educational administration practices essential to the development of a comprehensive school counseling program within K-12 educational settings. Examines contemporary educational leadership practices and educational policy, principles of collaboration and teamwork in schools, organizational structure of schools, school emergency management policies and practices, school-community relations and the importance of these topics to school counseling practice and comprehensive school counseling program development. Prereq: Concurrent enrollment in COUN 6986.

COUN 6931. Topics in Counseling. 2-3 cr. hrs.
In-depth study of theories and concepts in counseling which, because of their topicality, are not the subject of a regular course. Specific topics will be designated in the Schedule of Classes. Prereq: Cons. of instr.

COUN 6965. Counseling Practicum. 1-3 cr. hrs.
A supervised practicum experience that requires a minimum of 100 clock hours (including 40 direct hours) and leads to the development of counseling skills. Students engage in their practicum activities at approved sites in the greater Milwaukee area and meet on-campus weekly for a didactic seminar that furthers counseling skills and provides group supervision. Prereq; COUN 6000; COUN 6001 or COUN 6003 which may be taken concurrently.

COUN 6970. School Counseling Practicum. 1-3 cr. hrs.
A supervised practicum experience that requires a minimum of 100 clock hours (including 40 direct hours) and leads to the development of counseling skills. Students engage in their practicum activities at approved sites in the greater Milwaukee area and meet on-campus weekly for a didactic seminar that furthers counseling skills and provides group supervision. Prereq: COUN 6000; COUN 6001 which may be taken concurrently.

COUN 6986. Internship in Counseling. 1-3 cr. hrs.
Supervised counseling experiences in assessment, diagnosis, intervention, prevention and consultation. Students engage in the internship activities at approved sites in the greater Milwaukee area and meet on-campus weekly for a didactic seminar and group supervision. Three credits of internship require a minimum of 300 clock hours of practicum activities. Prereq: COUN 6000; COUN 6001 or COUN 6003; COUN 6020, COUN 6030, COUN 6060, COUN 6070 and COUN 6965 or COUN 6970; COUN 6040, COUN 6120 and COUN 6130 must be taken concurrently with COUN 6986; additional prerequisites may be required within each area of specialization.

COUN 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

COUN 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

COUN 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Educational Psychology (EDPS)

Chairperson: Alan W. Burkard, Ph.D.
marquette.edu/education/grad/cecp.shtml

Degree Offered
Master of Arts

Program Description

Note: Moratorium on admissions to the Educational Psychology program.

The objectives of the master of arts program in educational psychology are to provide knowledge and skills in the principal content areas of basic and applied psychology as required for the preparation of researchers and consultants for work in diverse settings, such as private and public schools, colleges and universities, research centers, and business and industry.

Educational Psychology Master’s Requirements

The master of arts degree in educational psychology requires a minimum of 30 credit hours and successful completion of a comprehensive examination. The program requires 18 credits of core course work in human development; the theories, philosophies and psychology of learning; intermediate-level statistics and research methods; and measurement. The remaining elective course work allows students to tailor their program to be consistent with a variety of educational and career goals. The master of arts degree can be completed under Plan A, which requires a thesis, or Plan B, which does not require a thesis.

Courses

EDPS 6050. Introduction to Statistics. 3 cr. hrs.
Introduction to descriptive and inferential statistics including parametric, non-parametric techniques, correlation, etc. Use of computers to analyze statistical data.

EDPS 6961. Institutes:. 1-3 cr. hrs.
A series of institutes on various problems in educational psychology. Scheduled according to need and demand.

EDPS 8600. Psychology in Education. 3 cr. hrs.
Advanced survey of selected topics in educational psychology: measurement, personality, the school as a social system, learning, theories of instruction.

EDPS 8601. Psychology of Classroom Learning. 3 cr. hrs.
Consideration of classroom learning and instructional methods in the light of theories of learning and research findings concerning readiness, motivation, guidance and reinforcement, retention and transfer.

EDPS 8932. Advances in Educational Psychology. 3 cr. hrs.
Current topics, problems, research trends and methods in the field of educational psychology: measurement and evaluation of human abilities; the study and modification of cognitive, affective and psychomotor behaviors; and present and projected issues facing professional development in educational psychology.

EDPS 8961. Topics in Educational Psychology. 1-3 cr. hrs.
In-depth study of theories and concepts in educational psychology which, because of their topicality, are not the subject of a regular course. The special topics will be designated in the Schedule of Classes. Prereq: Cons. of instr.

EDPS 8986. Internship in Educational Psychology. 3-6 cr. hrs.
Supervised experiences in educational psychology. Internships must be identified and planned by the student with an appropriate faculty member. Supervision should normally be by a College of Education faculty member. Each individual internship plan must be approved by the dean or designee. S/U grade assessment. Prereq: Cons. of instr.; post-master’s stndg.; on program at Marquette.

EDPS 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

EDPS 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

EDPS 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Counseling Psychology (COPS)

Chairperson: Alan W. Burkard, Ph.D.
marquette.edu/education/grad/cecp_doctorate.shtml

Degree Offered
Doctor of Philosophy

Program Description
Our doctoral program in counseling psychology is based on a scientist-practitioner model for training professional psychologists and is fully accredited by the American Psychological Association. Students acquire a solid foundation of knowledge in the biological, cognitive, affective, individual and social bases of human behavior. Through course work in research design, measurement and statistics, students develop the skills needed to critically evaluate psychological research and to conduct their own independent research. Training in diagnosis, assessment, psychotherapy, consultation, practica, internship and ethics provides students with the necessary professional skills to practice as competent and ethical counseling psychologists. Supervised practica and internship experiences are available through the university’s Counseling Center and at a wide variety of community sites. Graduates are prepared to practice as psychologists, professors, consultants, administrators and researchers.

Counseling Psychology Doctoral Requirements
The counseling psychology program consists of 27 credits of course work in psychological foundations, 52 credits of course work in the counseling psychology professional core, a minimum of 1000 hours of doctoral practicum, a collaborative research project and a 12-credit dissertation and an approved 2000-hour pre-doctoral internship typically completed in one calendar year. Students are required to participate in faculty research teams throughout the program and are also required to participate in department seminars and colloquia. Specific course and other program requirements can be obtained from the department office. Students who have completed relevant graduate course work prior to entry into the program may have some of their requirements waived if the previous course work is equivalent to the courses currently required by the program.

Students must also pass a portfolio doctoral qualifying examination (DQE) which is evaluated near the end of their course work in the program. Students must pass the portfolio DQE and have their dissertation proposals accepted before they can apply for an internship. To be advanced to candidacy, students must pass the DQE, have their dissertation proposal accepted, complete all program course work and the Graduate School’s residency requirement.

Courses
COPS 6010. Professional Ethics and Legal Issues. 3 cr. hrs.
Examines the ethical foundations and current ethical and legal guidelines for professionals in the behavioral health field. Prereq: Cons. of instr.

COPS 6410. Psychopharmacology. 3 cr. hrs.
Introduction to psychopharmacology including central nervous system, basic drug mechanisms, modes of drug action, medication treatment for psychological/psychiatric disorders and efficiency of drugs. Prereq: COUN 6060.

COPS 8000. Introduction to Counseling Psychology. 3 cr. hrs.
Introduction to the specialization of counseling psychology, including the history, philosophical bases and current and emerging directions Emphasis on critically reviewing literature in the field and examining psychologist roles and functions. Prereq: Cons. of instr.; admission to counseling psychology program.

COPS 8010. Behavior Disorders in Children and Youth. 3 cr. hrs.
Advanced study of emotional, cognitive, behavioral and social problems of childhood and adolescence. Major topics include: (a) nature, etiology and incidence within a developmental/interactionist framework; (b) diagnostic and classification systems; (c) psychological, educational and medical intervention-management approaches and (d) research and program evaluation methods. Prereq: COUN 6020 or equiv.

COPS 8030. Theories of Learning. 3 cr. hrs.
Systematic survey of theories, methods, and research findings in learning. Advanced treatment of selected topics.

COPS 8031. The Development of Memory and Cognition. 3 cr. hrs.
Advanced study of normal development of memory and cognition and instructional strategies useful for importing memory abilities in learning disabled children and young adults. Prereq: COUN 6020 or equiv. and COPS 8030 or equiv.

COPS 8032. Theories of Motivation. 3 cr. hrs.
Classical and contemporary theory and practices. Motivation in complex situations, including set, level of aspiration, frustration and consumer motivation.

COPS 8040. Social Basis of Behavior. 3 cr. hrs.
Advanced study of the problems and paradigms of social psychologists and how they are used by the practitioner. Major topics include: socialization, value and attitudes, social comparison, conformity and group dynamics.
COPS 8100. Neuropsychology. 3 cr. hrs.
Introduction to discipline of neuropsychology, brain-behavior relationships, neuropsychological mechanisms in neuropathological conditions, neuropsychological assessment and treatment. Prereq: COPS 8210 and cons. of instr.

COPS 8210. Cognitive Assessment. 3 cr. hrs.
Introduction to the theory and practice of cognitive assessment. Development of skills in administration and interpretation of intelligence and achievement tests and writing testing reports; introduction to special topics of testing children and neuropsychological assessment. Prereq: Cons. of instr.

COPS 8220. Personality Assessment. 3 cr. hrs.
Extension of assessment skills developed in COPS 8210. Development of skills in selection and interpretation of objective personality assessments and self-report inventories, integration of results in testing reports and an introduction to projective personality assessment. Prereq: COPS 8210 and cons. of instr.

COPS 8230. Projective Assessment. 3 cr. hrs.
Supervised study in administration, interpretation, and application of projective techniques. Prereq: COPS 8220 and cons. of instr.

COPS 8240. Advanced Assessment. 3 cr. hrs.

COPS 8310. Intermediate Research and Statistics. 3 cr. hrs.
Advanced topics in univariate and bivariate statistical analyses and related methodological issues. Covers analysis of variance, correlation, nonparametric statistics and multiple regression. Includes use of statistical software. Prereq: COUN 6051 or equiv. and EDPS 6050 or equiv.

COPS 8311. Advanced Statistics and Research. 3 cr. hrs.
A comprehensive survey of multivariate data analysis. Reviews multiple regression and proceeds through an introduction to structural equation modeling. Includes use of statistical software. Prereq: COPS 8310 or equiv.

COPS 8320. Measurement and Evaluation. 3 cr. hrs.
Psychometric theory, test construction and evaluation procedures. Includes use of statistical software for investigating the reliability and validity of educational and psychological instruments. Prereq: COPS 8310 or equiv.

COPS 8330. Qualitative Research Methods in Psychology. 3 cr. hrs.
Survey of qualitative research methods used in psychology. Includes discussion of the evolution of qualitative research in counseling psychology, as well as other related fields and the controversies therein. Prereq: COPS 8311.

COPS 8931. Topics in Counseling Psychology. 2-3 cr. hrs.
In-depth study of theories and concepts in counseling psychology which, because of their topicality, are not the subject of a regular course. The special topics will be designated in the Schedule of Classes. Prereq: Cons. of instr.

COPS 8953. Seminar in Counseling Psychology. 1 cr. hr.
Examines trends in the field with emphasis on current practices in professional psychology. Prereq: COPS 8965; and cons. of instr.

COPS 8954. Seminar and Practicum in Supervision. 1-3 cr. hrs.
Examines theory, research and the practice of supervision in counseling psychology. Reviews ethical and professional guidelines for the training and supervision of counselors and psychologists. Includes practicum experiences supervising master's and/or doctoral students. Continues over two consecutive terms for a total of 3 credits, and includes weekly seminar and group supervision meetings. Two credits are taken in the fall term and one credit is taken in the spring term. Prereq: COPS 8965 and cons. of instr.

COPS 8955. Internship Preparation Seminar. 0 cr. hrs.
Assists advanced students in making appropriate plans and developing strong applications for their predoctoral psychology internships. Monthly meetings are required of all students in the year prior to applying for internship. SNC/UNC grade assessment. Prereq: Cons. of dir. of training.

COPS 8965. Counseling Psychology Practicum. 1-4 cr. hrs.
S/U grade assessment. Prereq: COUN 6965 or equiv. and cons. of dir. of training.

COPS 8986. Internship in Counseling Psychology. 1 cr. hr.
Supervised experiences in professional psychology. Internships must be planned in accordance with the departmental Counseling Psychology Internship handbook. A minimum of 2000 hours over one calendar year required. S/U grade assessment. Prereq: Cons. of dept. ch.; cons. of dir. of training.

COPS 9987. Doctoral Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

COPS 9988. Doctoral Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

COPS 9989. Doctoral Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Dentistry (DENT)

Administration
Dean: William K. Lobb, D.D.S., M.S., M.P.H.
Interim Associate Dean for Research and Graduate Studies: Thomas G. Bradley, B.D.S., M.S.

Program Directors
Dental Biomaterials: David Berzins, B.S., Ph.D.
Advanced Education in General Dentistry: Joseph M. Vitolo, D.M.D., M.S., Ph.D.
Endodontics: Sheila Stover, D.D.S., M.S., M.P.H.
Orthodontics: Jose Bosio, D.D.S., M.S.
Prosthodontics: Geoffrey Thompson, B.A., D.D.S., M.S.
marquette.edu/dentistry/

Degrees Offered
Master of Science, Plan A only, with two options (see the Master's Requirements section for details); Certificate

Specializations
Master's: Dental Biomaterials, Endodontics, Orthodontics, Prosthodontics
Certificate: Advanced Education in General Dentistry, Endodontics, Orthodontics, Prosthodontics

Graduate Program Overview
The School of Dentistry offers graduate programs in dental biomaterials, and the ADA-accredited programs in advanced education in general dentistry (AEGD), endodontics, orthodontics, and prosthodontics. These programs can be modified to allow conjoint interdisciplinary graduate work to be undertaken in any other unit of the university, and a master of science or doctoral degree can be obtained through an appropriate graduate degree-granting department of the university or through the interdisciplinary Ph.D. program. Faculty for each dental graduate program are drawn both from full-time Dental School faculty and from practicing specialists in the field who serve as adjunct faculty (part-time faculty).

The AEGD program is an ADA-accredited one-year clinical program. Upon successful completion of all clinical and didactic requirements, a certificate is issued. There is no tuition for the 1-year program and residents receive stipends. For candidates who have successfully completed the AEGD certificate program, an optional 1-year fellowship program is available. Fellows do not receive a stipend and do not pay tuition. Availability of fellowships is subject to approval.

The dental biomaterials program is a non-accredited 2-year program leading to a master's degree.

The specialty programs of endodontics, orthodontics and prosthodontics are clinically and research based, offering a specialty certificate and a master's degree. Graduates are prepared to handle complex clinical cases and to work effectively with both general dentists and other dental specialists. For all the specialty programs, the master’s degree is required (certificates will not be awarded without the master’s degree). The endodontics program is a 24-month program, the orthodontics program is a 26.5-month program, and the prosthodontics program is a 36-month program. Tuition for the specialty programs is charged at a flat rate (20% during the summer term, 40% during the fall term, and 40% during the spring term). Any applicable instrument or service fees are charged during the fall term each year.

Specialty Certificate Requirements
Course work requirements for each graduate specialty program (endodontics, orthodontics and prosthodontics) are determined by the director of the specific program in accordance with accreditation standards. Courses include study in basic health sciences, dental biomaterials, research methodology, clinical dental specialties and other related science disciplines, as appropriate. In addition to course work, students also must complete patient care requirements, pass a comprehensive clinical examination, and submit all required evaluation data to receive the certificate.

Prerequisites for Admission
Selection for admission is based upon the applicant’s academic standing and clinical abilities. Competitive applicants will rank high in their dental school classes, have strong clinical skills and experiences, and have some experience with research. In general, to be admitted to any of the graduate programs in clinical dentistry, the applicant must have graduated from an accredited dental school.

For the dental biomaterials program, the applicant may be either a dental school graduate or have a baccalaureate degree in science or engineering. In special cases, a student with a baccalaureate degree in another area, but who has an appropriate background, may be admitted to the dental biomaterials program.

Application Deadlines
July 15
For the advanced specialty program in endodontics starting in June of the following year.

Sept. 1
For orthodontics and prosthodontics programs starting in June of the following year.

Oct. 1
For first round interviews for the AEGD program starting in July of the following year. Applications will be accepted beyond this deadline until all available AEGD positions are filled. For information on position availability, applicants applying after Oct. 1 should call (414) 288-3323 or email jacqueline.webster@marquette.edu.

Note: Applicants to dental biomaterials are encouraged to have their complete application submitted by February 1 to be considered for the fall entry class. Spring semester entry is possible every other year (even years). The program director notifies admitted students regarding the starting date for their program.

Application Requirements

Applicants must submit, directly to the Graduate School:

1. A completed Marquette University application form and application fee online at marquette.edu/grad/future_apply.shtml. Applicants must apply through Marquette, or they will not be considered for admission. In addition, applicants may also apply through the Postdoctoral Application Support Service (PASS) operated by the American Dental Education Association (ADEA), but it is not required. The orthodontics program does not accept PASS.

2. Official transcripts from all current and previous colleges/universities except Marquette. International applicants must have course grades converted to numerical values of 4.000, 3.000, 2.000, and 1.000 or to corresponding letter grades of A, B, C, and D, respectively. Where such a conversion is not possible, an explanation of the grading system used in the foreign dental school and undergraduate institution should accompany the official English translation of the grade transcripts.

3. Undergraduate and dental school grade-point averages, and class rank in dental school.

4. Three letters of recommendation reflecting the applicant’s clinical and academic abilities.

5. Scores from the National Board Dental Examinations, Part I and Part II. Not required from dental biomaterials applicants or from graduates of non-U.S./non-Canadian dental schools, except for AEGD applicants (see information above regarding Advanced Education in General Dentistry).

6. (For dental biomaterials applicants only) GRE scores strongly recommended (General Test only).

7. (For dental biomaterials, endodontics, orthodontics and prosthodontics applicants) a curriculum vitae and a personal statement.

8. (For orthodontics applicants only) registration with National Matching Service. The orthodontics program is part of the Postdoctoral Dental Matching Program. Details of this program can be obtained through the orthodontics department.

9. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

General Information

Non-Degree Students in Dentistry Courses

Normally, students with non-degree status are not permitted to enroll in dentistry courses. Graduate students from approved dental residency programs may enroll in any dental graduate courses but need prior approval from the School of Dentistry’s associate dean for research and graduate studies.

D.D.S./Graduate Program

The School of Dentistry, in close cooperation with the Graduate School, offers a doctor of dental surgery/graduate program which allows qualified students to take selected graduate courses while still in dental school. Interested dental students must formally apply for entrance into the program. Information is available from the associate dean for research and graduate studies in the School of Dentistry.

Once accepted into the D.D.S./graduate program, students are eligible to register for graduate courses offered by the School of Dentistry and other units of the university. To enroll in graduate courses, D.D.S./graduate program students must have written consent from course directors, the associate dean for research and graduate studies in the School of Dentistry, and the vice provost for research and dean of the Graduate School. Students must also submit a request form (available in the Graduate School office). The amount of graduate work available to students is determined by ability and progress within the D.D.S. program.

D.D.S./graduate students may seek admission to the following certificate or graduate programs offered by the School of Dentistry: dental biomaterials, endodontics, orthodontics or prosthodontics. Applications are subject to specified deadlines, and students are required to follow the normal competitive admission process. D.D.S./graduate students also may seek admission to other master’s programs such as biological sciences, education, engineering, business administration, mathematics/statistics/computer sciences, clinical psychology or public service. Upon acceptance into a master’s program, D.D.S./graduate students may formally request a transfer of completed graduate credits into the master’s program. Normally, a maximum of 12 credits may be transferred. (Transfer of credit forms are available in the Graduate School office.)

Further information about the D.D.S./graduate program can be obtained from the School of Dentistry associate dean for research and graduate studies.
Dental Graduate Didactic Core Curriculum

The Dental Graduate Didactic Core Curriculum (DENT 6001-6003) is designed to cover all didactic content areas applicable to the advanced practice of general dentistry and to each of the specialty areas of dentistry. The content areas are sequenced to present:

1. material of interest for the general dentist seeking additional training beyond predoctoral dental education
2. material of interest for each of the dental specialty areas
3. advanced material of interest for those intending to pursue academic/research careers.

The presentations are organized to emphasize the overlapping nature of scientific foundational material and each of the dental specialties. Additionally, the presentations are designed to accommodate those students entering the program immediately after undergraduate education as well as those students returning from varying years of private dental practice. The course of study is comprised of yearly repeating content cycles (sections) within the summer session and fall/spring terms. The Dental Graduate Didactic Core Curriculum (DENT 6001-6003) is offered from 8-9 a.m. Monday–Friday. Beyond the required classes for their program, students may register for as many DENT 6001-6003 sections as they wish during their graduate education. The sections covered in DENT 6001-6003 are listed below and a detailed description of section content is maintained in the form of comprehensive section syllabi available in the School of Dentistry office of the associate dean for research and graduate studies. Students may register repeatedly for any grading period containing material of interest and are free to rotate in and out of the courses as desired to obtain sections containing such material. Repeated registration for DENT 6001-6003 is differentiated through the use of section numbers that appear on official transcripts. Examinations and credit hours are variable and are determined by selected course sections. Grades for each course section are submitted directly to the Graduate School by course instructors at the end of each term. Official transcripts will designate the specific sections completed and the credit hours associated with those sections.

The content area sections covered annually by the Graduate Didactic Core Curriculum are as follows:

1. Emergency Medicine – A comprehensive review of the pathophysiology and treatment of the most common medical emergency states. Emphasis is placed on prevention, diagnosis, and patient stabilization.
2. Dental Biomaterials – Physical, mechanical, chemical, biologic behavior, properties, characterization, and testing of dental biomaterials. Biocompatibility of dental materials as well as advanced clinical concepts for general dentistry.
3. Advanced Prosthodontic Biomaterials – Advanced biomaterials and clinical concepts specific for prosthodontics.
4. Advanced Endodontic Biomaterials – Advanced biomaterials and clinical concepts specific for endodontics.
5. Advanced Orthodontic Biomaterials – Advanced biomaterials and clinical concepts specific for orthodontics.
6. Interdisciplinary Periodontics – Structure/function of the periodontium. Periodontal disease and therapy as it relates to all other aspects of dentistry emphasizing surgical approaches, occlusion, splinting, and periodontic/endodontic pathosis.
7. Interdisciplinary Prosthodontics – A comprehensive discussion of prosthodontic procedures as they relate to other areas of dental practice emphasizing removable complete/partial dentures, fixed partial dentures, maxillofacial prosthetics and implants.
8. Interdisciplinary Endodontics – Endodontic techniques as they relate to other areas of dental practice.
9. Interdisciplinary Orthodontics – A comprehensive discussion of orthodontic techniques as they relate to other areas of dental practice emphasizing cephalometrics, biomechanics of tooth movement, and tissue response to orthodontic procedures.
10. Technology and Informatics – A review of the current computer-based technologies available for independent self-directed learning, research, teaching approaches, patient care and professional communication. Emphasis is placed on biomedical applications and laboratory exercises are included to reinforce didactic concepts.
11. Craniofacial Growth and Development – Dental and facial growth and development from the embryonic period through adult life.
12. Advanced Oral Pathology – Principles and concepts of histopathology presented through review and microscopic study of surgical material and biopsy specimens of craniofacial lesions emphasizing pathogenesis of disease and histologic diagnosis. Laboratory exercises are included to reinforce didactic concepts.
13. Head/Neck Anatomy and Osteology – Systemic and regional approaches to the study of head/neck anatomy. Emphasis is placed on vasculature, musculature, innervation, lymphatic drainage, and morphology/anatomical landmarks of the various bones of the head/neck. Laboratory dissection and demonstration reinforce didactic concepts.
14. Pharmacology and Pain/Anxiety Management – The pharmacology of drugs commonly used for treatment of non-dental conditions that may affect the delivery of dental care either through direct action or through interaction with drugs commonly used in dental care. Emphasizes the neurophysiology of pain, control of pain by various classes of pharmacologic agents, and the behavioral management of dental fears.
15. Research Methodology/Design – An introduction to the research process. The scientific method is discussed. Emphasis is placed on selection of a suitable research topic, research ethics, simple study designs, and thesis preparation.
16. Biostatistics – An introduction to the various aspects of biostatistics. Emphasis is placed on data display and summary, summary statistics, populations and samples, probability and confidence intervals, power, type I and II errors, diagnostic tests, correlation and regression, and various test statistics.
17. Oral Microbiology, Infection, and Immunology – Inflammation, immunity, and oral microbiology emphasizing the mechanisms of microbial colonization and invasion, host response and pathogenesis of dental diseases.
18. Biochemistry and Physiology of Mineralized Tissues – The chemical and cellular constituents of mineralized tissues and modern methods for their study. Emphasis is placed on bone physiology and metabolism.
Graduate Dentistry Master’s Requirements

Master of science degree applicants may only be admitted to the program under Plan A, which has two options: the traditional thesis option and the publication option. In partial fulfillment of the requirements to obtain the master of science degree, all candidates must complete the biostatistics and research design and methodology sections of the graduate core curriculum with a grade of BC or above, conduct a research project on an appropriate clinical or basic science topic, and successfully defend their research project. Format and content of the public defense is determined by the advisory committee.

Candidates are encouraged to pursue research that originates in their chosen dental specialty. Research projects are selected in consultation with the graduate program directors and the associate dean for research and graduate studies. Where possible, graduate students in advanced dental specialty programs are encouraged to do clinically relevant research. Graduate students in dental biomaterials pursue the application of scientific principles to the study of dental biomaterials including relationships among compositions, physical properties, and clinical properties for dental biomaterial systems.

Graduate students who choose the thesis option will have their research and thesis preparation supervised by a primary advisor and approved by a thesis advisory committee that consists of at least three members. The publication option, in addition, culminates in the acceptance of a first author, original, peer-reviewed publication based on a research project. Selection of the publication option requires completion of a traditional thesis in the event the submitted manuscript is not accepted by the submission deadline listed in this bulletin. All graduate students are required to present their research formally.

Advanced Education in General Dentistry

The School of Dentistry offers an Advanced Education in General Dentistry program that provides clinical experiences in all phases of general dentistry. The clinical training is complemented by a graduate didactic core curriculum that provides interdisciplinary education in the specialties of dentistry, and comprehensive diagnosis and treatment planning. The AEGD program is an intensive 12-month clinical care program. The program requires successful passing of the clinical and didactic course work resulting in a certificate from the Marquette University Graduate School. Completion of 30 credits is required for obtaining the AEGD certificate. No thesis is offered.

To qualify for an AEGD program stipend, applicants must be graduates of U.S. dental schools. Graduates of foreign dental schools must have the appropriate Visa/citizenship status (i.e. F-1, Permanent Resident or U.S. citizen) to qualify for a stipend.

Applicants must take and submit scores from Part I and Part II of the National Board Dental Examinations. Graduates of foreign dental schools must have taken and submitted their passing scores for Part I National Boards. While Part II Board scores are not an absolute requirement for foreign trained candidates, it is strongly advised to have taken the exam and submit scores to make the application more competitive.
Dental Biomaterials

A student in the dental biomaterials program must complete a minimum of 30 credit hours of course work, consisting of a curriculum of graduate dental biomaterials courses (24 credits) and six credit hours of thesis work. The dental biomaterials graduate program is an interdisciplinary program covering principles of materials science, engineering, chemistry, physics, biology, and dentistry. Satisfactory completion of the didactic and research components of the program results in a master’s degree through the Marquette University Graduate School. In addition to the courses offered by the School of Dentistry (described in detail under the Dental Biomaterials course description section of this bulletin), master’s candidates may be required by their program adviser to select courses offered through the Department of Mathematics, Statistics and Computer Science or other departments. Elective courses in appropriate areas such as the dental graduate core curriculum (from the School of Dentistry) or materials science (from the College of Engineering) may also be selected according to the backgrounds and interests of the individual students.

Endodontics

A student in the endodontics program must complete a minimum of 30 credit hours of course work, including four credit hours in clinical practice per academic year (a total of eight credit hours for each program) and six credit hours of thesis work. The remaining credits may be divided among courses specific to the specialty discipline and elective courses. The endodontics program requires two full years of patient care. Satisfactory completion of the research component of the programs results in a specialty certificate through the Marquette University Graduate School. Satisfactory completion of the research component of the programs results in a master’s degree through the Marquette University Graduate School. The master’s degree is required in order to receive the specialty certificate.

Orthodontics

A student in the orthodontics program must complete a minimum of 30 credit hours of course work, including four credit hours in clinical practice per academic year (a total of eight credit hours for each program) and six credit hours of thesis work. The remaining credits may be divided among courses specific to the specialty discipline and elective courses. The orthodontics program requires 26.5 months of patient care. Satisfactory completion of the research component of the programs results in a master’s degree through the Marquette University Graduate School. Satisfactory completion of the research component of the programs results in a master’s degree through the Marquette University Graduate School. The master’s degree is required in order to receive the specialty certificate.

Prosthodontics

The prosthodontic program is a three-year program. A student in the prosthodontic program must complete a minimum of 42 credit hours of course work, including 12 credit hours of clinical practice, and six credit hours of thesis work. The remaining credits will be from courses assigned by the program director. The prosthodontics program requires three full years of patient care. Satisfactory completion of the didactic and clinical components of the program results in a specialty certificate through the Marquette University Graduate School. Satisfactory completion of the research component of the program results in a master’s degree through the Marquette University Graduate School. The master’s degree is required in order to receive the specialty certificate.

Adv Education in General Dent Courses

AEGD 6001. Clinical Advanced General Dentistry 1. 4 cr. hrs.
Residents are assigned clinical cases that require treatment in two or more clinical disciplines. Trainees are responsible for accurate compilation and documentation of clinical findings essential for appropriate treatment planning and case completion. Residents provide comprehensive dental services to patients or make referrals to appropriate specialists. Trainees also engage in assessment, management, and treatment of dental emergencies. S/U grade assessment. Prereq: Admitted to AEGD program.

AEGD 6002. Clinical Advanced General Dentistry 2. 4 cr. hrs.
Residents continue cases begun earlier (see AEGD 6001) and begin treatment of additional cases. Increasingly difficult patients, including those with compromised medical histories, are introduced. Residents also respond to dental consults from medical disciplines in a hospital setting and learn hospital protocol. Emphasis on development of critical thinking skills and abilities to conduct individualized risk assessments and to design appropriate prevention measures while treating a diverse array of patients. S/U grade assessment. Prereq: Admitted to AEGD program.

AEGD 6003. Clinical Advanced General Dentistry 3. 4 cr. hrs.

AEGD 6004. Clinical Advanced General Dentistry 4. 4 cr. hrs.
Residents provide emergency and comprehensive care. The focus is on more complex cases that frequently involve substantial medical challenges. Prereq: Successfully completed AEGD training.

AEGD 6005. Clinical Advanced General Dentistry 5. 4 cr. hrs.

AEGD 6006. Clinical Advanced General Dentistry 6. 4 cr. hrs.

Residents develop and present cases evaluated on the quality of the documentation and treatment planning demonstrated. Emphasis placed on developing the ability to diagnose, treatment plan, and problem solve. S/U grade assessment. Prereq: Admitted to AEGD program.

Dental Biomaterials Courses

BIMA 6101. Mechanical Behavior of Dental Biomaterials. 3 cr. hrs.
Basic principles of mechanics, elastic deformation, plastic deformation and fracture. Comparison of mechanical behavior of metallic, ceramic and polymer dental biomaterial systems. Discussion of tension, compression, shear, bending, torsion, hardness and impact tests for dental biomaterials. Includes laboratory exercises.

BIMA 6102. Polymeric Dental Biomaterials. 2 cr. hrs.
Compositions and properties of polymers utilized in prosthetic, restorative, orthodontic, preventive, and implant dentistry. The materials include poly (methyl methacrylate), BIS-GMA, polyurethane and polyvinyl products in the form of resins, composites and microfills polymerized by heat, chemicals and ultraviolet or visible lights. Includes laboratory exercises.

BIMA 6151. Dental Cements. 2 cr. hrs.
Compositions, setting reactions and properties of zinc phosphate, zinc oxide-eugenol, polycarboxylate, glass ionomer and resin dental cements. Effects of clinical variables and the ADA specifications related to these materials will be included. May include laboratory exercises.

BIMA 6152. Dental Impression Materials. 2 cr. hrs.
Classification, composition and properties of the various impression materials used in restorative and prosthetic dentistry. The material systems to be discussed include impression compound, hydrocolloids, polysulfides, polyethers and silicones. May include laboratory exercises.

BIMA 6153. Dental Casting Procedures. 3 cr. hrs.

BIMA 6201. Dental Metallurgy 1. 3 cr. hrs.
Theory and application of metallurgical principles to the study of dental alloy systems. Dental amalgams, noble and base metal casting alloys, and wrought alloys. Area and extent of study determined by individual needs of student. Includes laboratory exercises.

BIMA 6202. Dental Metallurgy 2. 3 cr. hrs.
See BIMA 6201.

BIMA 6251. Dental Ceramics. 3 cr. hrs.
Basic principles of ceramic structures and properties. History, properties and technology of dental porcelains, gypsum products and dental casting investments. Includes laboratory exercises.

BIMA 6501. Advanced Experimental Techniques for Dental Biomaterials Research 1. 1 cr. hr.
Biomaterials Research 1 laboratory courses. Topics may vary, but will generally include scanning electron microscopy, mechanical testing procedures, and X-ray diffraction. Prereq: Admission to graduate program in dental biomaterials.

BIMA 6502. Advanced Experimental Techniques for Dental Biomaterials Research 2. 1 cr. hr.
Biomaterials Research 2 laboratory courses. Topics may vary, but will generally include scanning electron microscopy, mechanical testing procedures, and X-ray diffraction. Prereq: Admission to graduate program in dental biomaterials.

BIMA 6570. Biomaterials Science and Engineering. 3 cr. hrs.
Basic and advanced principles of dental biomaterials science. Fundamental scientific principles, and physical, mechanical, chemical and biological properties of restorative and preventive dental biomaterials. Relationships between properties and clinical performance of these materials and methods used for testing them.

BIMA 6601. Dental Biomaterials Literature Review 1. 1-3 cr. hrs.
Discussion of current and classic literature in dental biomaterials. Topics and journals discussed are rotated to provide an overview and range of different materials, properties, and applications. Emphasizes class discussion and presentations. Prereq: Grad. stndg. in BIMA graduate program or cons. of dept.

BIMA 6602. Dental Biomaterials Literature Review 2. 1-3 cr. hrs.
See BIMA 6601. Prereq: Grad. stndg. in BIMA graduate program or cons. of dept.

BIMA 6603. Dental Biomaterials Literature Review 3. 1-3 cr. hrs.
See BIMA 6601. Prereq: Grad. stndg. in BIMA graduate program or cons. of dept.

BIMA 6604. Dental Biomaterials Literature Review 4. 1-3 cr. hrs.
See BIMA 6601. Prereq: Grad. stndg. in BIMA graduate program or cons. of dept.

BIMA 6931. Topics in Dental Biomaterials. 1-3 cr. hrs.
Practical laboratory exercises designed to provide the student with specific skill sets and analytic approaches used in modern materials research.
BIMA 6970. Biomaterials Seminar. 1 cr. hr.
Current topics and concepts in materials science.

BIMA 6980. Teaching Experience in Dental Biomaterials. 1-2 cr. hrs.
Teaching and preclinical laboratory assignments in dental biomaterials for undergraduate dental students.

BIMA 6995. Independent Study in Dental Biomaterials. 1-3 cr. hrs.
Course work customized to meet specific student interests/needs. Prereq: Cons. of instr.

BIMA 6999. Master's Thesis. 1-6 cr. hrs.
Credit hours assigned to thesis preparation and scholarship. S/U grade assessment.

BIMA 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIMA 9994. Master's Thesis Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIMA 9995. Master's Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIMA 9996. Master's Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

Dentistry Courses

DENT 6000. Clinical Patient Care. 1-7 cr. hrs.
Designed to account for time dental graduate residents spend providing patient care. Ranges from 1-7 credit hours per term. S/U grade assessment.

DENT 6001. Dental Graduate Didactic Core Curriculum 1: 1-3 cr. hrs.
Section credit hours range from 1-3 for sections comprising 12-36 class hours.

DENT 6002. Dental Graduate Didactic Core Curriculum 2: 1-3 cr. hrs.
Section credit hours range from 1-3 for sections comprising 12-36 class hours.

DENT 6003. Dental Graduate Didactic Core Curriculum 3: 1-3 cr. hrs.
Section credit hours range from 1-3 for sections comprising 12-36 class hours.

DENT 6101. Clinical Orthodontics 1. 4 cr. hrs.
Lectures, laboratory and clinical treatment of patients with various types of malocclusion. Prereq: Admitted to Orthodontics program.

DENT 6102. Clinical Orthodontics 2. 4 cr. hrs.
Lectures, laboratory and clinical treatment of patients with various types of malocclusion. Prereq: Admitted to Orthodontics program.

DENT 6103. Clinical Orthodontics 3. 6 cr. hrs.
Lectures, laboratory and clinical treatment of patients with various types of malocclusion. Prereq: Admitted to Orthodontics program.

DENT 6104. Clinical Orthodontics 4. 6 cr. hrs.
Lectures, laboratory and clinical treatment of patients with various types of malocclusion. Prereq: Admitted to Orthodontics program.

DENT 6110. Histopathology of Tooth Movement. 1 cr. hr.
Histological and pathological aspects of tooth movement emphasizing tissue response to orthodontic forces. Prereq: Admitted to Orthodontics program.

DENT 6171. Orthodontics Seminar 1. 1 cr. hr.
Combines basic/applied techniques and maintenance of normal occlusal development. Students learn the fabrication and biomechanics of various appliances used in prevention and interception of malocclusions. Concurrently, students are taught in the theory of normal occlusal development, diagnosis, prevention, and interception of certain malocclusions. Prereq: Admitted to Orthodontics program.

DENT 6172. Orthodontics Seminar 2. 1 cr. hr.
A continuation of a series of courses beginning with DENT 6171. Prereq: Admitted to Orthodontics program.

DENT 6173. Orthodontics Seminar 3. 1 cr. hr.
A continuation of a series of courses beginning with DENT 6171. Prereq: Admitted to Orthodontics program.

DENT 6174. Orthodontics Seminar 4. 1 cr. hr.
A continuation of a series of courses beginning with DENT 6171. Prereq: Admitted to Orthodontics program.

DENT 6201. Clinical Prosthodontics 1. 4 cr. hrs.
Clinical treatment concepts in basic and advanced restorative procedures. Prereq: Admitted to Prosthodontics program.

DENT 6202. Clinical Prosthodontics 2. 4 cr. hrs.
See DENT 6201. Prereq: DENT 6201, and admitted to Prosthodontics program.

DENT 6203. Clinical Prosthodontics 3. 4 cr. hrs.
See DENT 6201. Prereq: DENT 6201, DENT 6202, and admitted to Prosthodontics program.
DENT 6204. Clinical Prosthodontics 4. 4 cr. hrs.
See DENT 6201. Prereq: DENT 6201, DENT 6202, DENT 6203, and admitted to Prosthodontics program.

DENT 6205. Clinical Prosthodontics 5. 6 cr. hrs.
Complete dentures, fixed and removable partial dentures, implant prosthodontics, maxillofacial prosthodontics and associated clinical disciplines of dentistry involved in comprehensive rehabilitation of the oral cavity. Prereq: DENT 6201, DENT 6202, DENT 6203, DENT 6204, and admitted to Prosthodontics program.

DENT 6206. Clinical Prosthodontics 6. 6 cr. hrs.
See DENT 6205. Prereq: DENT 6201, DENT 6202, DENT 6203, DENT 6204, DENT 6205, and admitted to Prosthodontics program.

DENT 6271. Seminar in Complete Denture Prosthodontics. 1 cr. hr.
In-depth review and discussion of complete denture literature and its theoretical, technical, and clinical application. Includes regularly-scheduled diagnosis and treatment planning sessions in all phases of prosthodontics. Prereq: Admitted to Prosthodontics program.

DENT 6272. Seminar in Removable Partial Denture Prosthodontics. 1 cr. hr.
In-depth review and discussion of removable partial dentures literature and its theoretical, technical, and clinical application. Includes regularly-scheduled diagnosis and treatment planning sessions in all phases of prosthodontics. Prereq: Admitted to Prosthodontics program.

DENT 6273. Seminar in Fixed Partial Denture Prosthodontics. 1 cr. hr.
In-depth review and discussion of fixed partial denture and rehabilitation literature, and its theoretical, technical, and clinical application. Includes regularly-scheduled diagnosis and treatment planning sessions in all phases of prosthodontics. Prereq: Admitted to Prosthodontics program.

DENT 6274. Seminar in Maxillofacial Prosthetics and Related Disciplines. 1 cr. hr.
In-depth literature review and discussion of theoretical, technical, and clinical application of maxillofacial prosthetics, surgical and radiation oncology, speech pathology, and other related disciplines. Includes regularly-scheduled diagnosis and treatment planning sessions in all phases of prosthodontics. Prereq: Admitted to Prosthodontics program.

DENT 6275. Seminar in Implant Prosthodontics. 1 cr. hr.
In-depth review and discussion of complete and partial fixed, single tooth and removable implant rehabilitation literature and its theoretical and clinical applications. Includes regularly-scheduled diagnosis and treatment sessions in all phases of prosthodontics. Prereq: Admitted to Prosthodontics program.

DENT 6276. Seminar in Occlusion/TMD. 1 cr. hr.
In-depth review and discussion of concepts of occlusion and articulation, occlusal analysis, diagnosis and treatment of facial pain and temporomandibular disorders. Includes regularly-scheduled diagnosis and treatment planning sessions in all phases of prosthodontics. Prereq: Admitted to Prosthodontics program.

DENT 6301. Endodontics Clinic and Case Review 1. 4 cr. hrs.
Complete diagnosis and treatment of clinic cases using all available diagnostic aids and treatment modalities. Endodontic surgical cases to be performed. Clinical cases to be presented for discussion. Prereq: Admitted to Endodontics program.

DENT 6302. Endodontics Clinic and Case Review 2. 4 cr. hrs.
See DENT 6301. Prereq: Admitted to Endodontics program.

DENT 6303. Endodontics Clinic and Case Review 3. 6 cr. hrs.
See DENT 6301. Prereq: Admitted to Endodontics program.

DENT 6304. Endodontics Clinic and Case Review 4. 6 cr. hrs.
See DENT 6301. Prereq: Admitted to Endodontics program.

DENT 6371. Endodontics Literature and Book Review 1. 1 cr. hr.
Discussion of current and classic literature, library research; review current textbooks, conventions and dental meetings. Some lectures by graduate students relating endodontics to the other disciplines, systemic health, and potential areas of research. Prereq: Admitted to Endodontics program.

DENT 6372. Endodontics Literature and Book Review 2. 1 cr. hr.
See DENT 6371. Prereq: Admitted to Endodontics program.

DENT 6373. Endodontics Literature and Book Review 3. 1 cr. hr.
See DENT 6371. Prereq: Admitted to Endodontics program.

DENT 6374. Endodontics Literature and Book Review 4. 1 cr. hr.
See DENT 6371. Prereq: Admitted to Endodontics program.

DENT 6501. Seminar in Geriatric Dentistry. 1 cr. hr.
Designed for dental residents. Emphasis is on patient assessment including social/psychological aspects, patient management including advocacy/referral, and the interdisciplinary-multidisciplinary aspects of patient care.

DENT 6980. Teaching Experience in Dentistry. 1 cr. hr.
Assigned teaching duties in the didactic, preclinical, and clinical dental sciences.

DENT 6995. Independent Study in Dentistry. 1-3 cr. hrs.
Customized to meet specific student interests/needs. Prereq: Cons. of instr.
DENT 6999. Master's Thesis. 1-6 cr. hrs.
Credit hours assigned to thesis preparation and scholarship. S/U grade assessment.

DENT 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

DENT 9994. Master's Thesis Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

DENT 9995. Master's Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

DENT 9996. Master's Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Education (EDUC)

Counselor Education and Counseling Psychology Chairperson: Alan W. Burkard, Ph.D.
Educational Policy and Leadership Chairperson: Ellen W. Eckman, Ph.D.
marquette.edu/education/grad/index.shtml

Degrees Offered

Master of Arts; Master of Education; Master of Science; Doctor of Philosophy; Certificate

Certificate programs prepare students to obtain state certification and licensure.

Program Overview

The College of Education prepares graduate students to assume leadership roles in the areas of study provided by its programs and specializations. The College of Education is made up of two departments: Counselor Education and Counseling Psychology (CECP) and Educational Policy and Leadership (EDPL).

While Marquette University is concerned about the professional advancement of its students, facilitates the process of certification and provides excellent educational opportunities, it cautions that professional success in a chosen field requires, above all else, constant development of individual abilities, personal initiative and a professional sense of responsibility for fulfilling all one's appropriate legal, ethical and other professional responsibilities. Hence, the university facilitates the licensure process for students pursuing careers in education and other human service fields, but students must also take responsibility for meeting all the requirements for licensure or certification in their chosen fields.

Counselor Education and Counseling Psychology

The following degrees are offered through Counselor Education and Counseling Psychology: doctoral degree in counseling psychology; master of science degree in clinical mental health counseling; master of arts degree in counseling (moratorium on admissions to master of arts degree in educational psychology).

Clinical Mental Health Counseling (CMHC): See Counselor Education and Counseling Psychology (p. 102) (CECP)
Counseling (COUN): See Counselor Education and Counseling Psychology (p. 102) (CECP)
Counseling Psychology (COPS): See Counselor Education and Counseling Psychology (p. 102) (CECP)

Educational Policy and Leadership

The following degrees and specializations are offered through Educational Policy and Leadership: doctoral degree; master of arts degree with specializations in curriculum and instruction, educational policy and foundations and literacy; master of education degree with specializations in college student personnel administration, educational administration, elementary education and secondary education.

Educational Policy and Leadership (p. 128) (EDPL)
Educational Policy and Leadership (EDPL)

Chairperson: Ellen W. Eckman, Ph.D.
Director of Graduate Studies: Sharon M. Chubbuck, Ph.D.
marquette.edu/education/grad/edpl.shtml

Degrees Offered
Master of Arts (M.A.), Plan B (non-thesis option, default) or Plan A (thesis option, by request), Master of Education (M.Ed.), Plan B (non-thesis option, default) or Plan A (thesis option, by request); Doctor of Philosophy; Certificate

Specializations
M.A.: Curriculum and Instruction, Educational Policy and Foundations, Literacy
M.Ed.: College Student Personnel Administration, Educational Administration, Elementary Education, Secondary Education
Certificate: Director of Instruction, Elementary Education, Principal, Reading Specialist, Reading Teacher, Secondary Education, Superintendent
Ph.D.: None

General Program Descriptions
The educational policy and leadership programs prepare graduate students to assume educational leadership roles in the areas of study provided by its programs and specializations. A distinctive characteristic of the programs are their commitment to the development of professionals as agents of critical inquiry and social justice. This is done through a systematic focus on the social, cultural, philosophical and historical contexts of education. The educational policy and leadership programs seek to apply the university goals of Christian commitment and scholarship to settings related to educational practice and policy, especially in public and private schools and institutions of higher education.

Master’s Programs
The goal of the master’s programs is to engage the professional educator in extended critical reflection on the principles, practices, and rationales of human-service leadership in contemporary society. Specifically, the programs seek to develop educational leaders in K-12 schools, colleges, universities and educational organizations with expertise in the historical, philosophical and sociological foundations of educational policy issues. The programs are designed to accommodate the working professional, and program content is composed to reflect student backgrounds, interests and professional objectives.

M.A. – Curriculum and Instruction
The master of arts with a specialization in curriculum and instruction invites students to pursue critical study of curriculum, teaching, and subject area knowledge. This program is designed for practicing teachers in K-12 schools or higher education. The program is grounded in the National Board of Professional Teaching Standards and is designed to help students become master teachers, conduct action research, and act as leaders and change agents in their schools, districts and communities.

M.A. – Educational Policy and Foundations
The master of arts with a specialization in educational policy and foundations is designed for teachers and educational leaders who wish to combine the study of foundations in education with research in an area of interest.

M.A. – Literacy
The master of arts with a specialization in literacy is designed for licensed teachers interested in obtaining reading licensure in the state of Wisconsin (DPI License 316 and 317) acquired in conjunction with a master's degree. General program goals for the master of arts in curriculum and instruction and the International Reading Association’s current Standards for Reading Professionals form the basis for the required courses in this specialization.

M.Ed. – College Student Personnel Administration
The master of education with a specialization in college student personnel administration prepares students for careers in student affairs settings in higher education such as: academic advising, career development centers, student unions, international student services, multicultural affairs, orientation programs, residential living programs, admissions and student organizations. The program includes course work in leadership, counseling, educational psychology and higher education.

M.Ed. – Educational Administration
The master of education with a specialization in educational administration invites students to pursue the critical study of organizational leadership in K-12 schools and to assume leadership roles in those settings. The program prepares students for either the Wisconsin Director of Instruction license or the Wisconsin Principal license.
M.Ed. – Elementary Education

The master of education with a specialization in elementary education is designed for students with a bachelor’s degree who wish to earn an initial Wisconsin elementary/middle (middle childhood/early adolescence — grades 1-8) teaching license. This licensure to master’s program is aligned with the knowledge, skills and dispositions related to effective teaching and articulated in the Wisconsin State Teaching Standards for Licensure and Professional Development. Like Marquette’s undergraduate teacher preparation program, this program prepares teachers to uphold the Jesuit traditions of care for the person, social justice, academic excellence, ethical behavior and service to the urban community.

M.Ed. – Secondary Education

The master of education with a specialization in secondary education is designed for students with a bachelor’s degree in biology, chemistry, economics, English, a foreign language, history, mathematics, physics, political science, psychology or sociology who wish to earn an initial Wisconsin middle/secondary (early adolescence/adolescence — grades 6-12) teaching license. This licensure to master’s program is aligned with the knowledge, skills and dispositions related to effective teaching and articulated in the Wisconsin State Teaching Standards for Licensure and Professional Development. Like Marquette’s undergraduate teacher preparation program, this program prepares teachers to uphold the Jesuit traditions of care for the person, social justice, academic excellence, ethical behavior and service to the urban community.

Teach For America

Marquette’s College of Education and Teach for America, an organization that recruits graduates from some of the country’s best colleges and universities to teach for two years in challenging urban or rural schools, partnered in 2009. Teach For America corps members who are assigned to teach in Milwaukee take courses toward elementary and secondary post-baccalaureate Wisconsin teacher licensure. Successful completion of the two-year program may also culminate with a master of education degree. For more information on how to apply to this program, visit the Teach for America website at www.teachforamerica.org/ (http://teachforamerica.org).

Certificate Programs

The College of Education offers a variety of certificate programs in alignment with requirements for educational licensure through the Wisconsin Department of Public Instruction. Certificates are granted by the Wisconsin Department of Public Instruction. The university’s decisions on recommendations for certification are made by its licensing officer after appropriate consultations and requirement reviews.

Administrative Licensure Certificates

Certification programs are available for the Wisconsin Director of Instruction, Principal, and Superintendent licenses. Licensed teachers who wish to acquire a principal or director of instruction license may also do so in conjunction with the master of education in educational administration.

Literacy Certificates

Certification programs are available for the Wisconsin Reading Teacher (316) and Reading Specialist (317) licenses. Licensed teachers who wish to complete the 316 license may do so separately or in conjunction with the master of arts in literacy. The additional requirements for the 317 license can also be fulfilled separately, or in addition to the 316 license with the master of arts.

Teaching Certificates

Certification programs are available for Wisconsin teaching licensure at the middle childhood/early adolescence level (elementary/middle, grades 1-8) or the early adolescence/adolescence level (middle/secondary, grades 6-12). Students can earn either license alone or in conjunction with a master of education degree.

Doctoral Program

The goal of the doctoral program in educational policy and leadership is to engage the professional educator in extended critical reflection on the principles, practices and rationales of human-service leadership in contemporary society. Specifically, the program seeks to develop educational leaders in K-12 schools, colleges, universities and educational organizations with expertise in the historical, philosophical and sociological foundations of educational policy issues. The program is designed to accommodate the working professional, and program content is composed to reflect student backgrounds, interests and professional objectives.

Master’s Programs

Application Deadlines

Since start terms for College of Education cohorts vary by program, students should seek advice from department personnel regarding specific application deadlines.

Application Requirements for Master’s Programs

Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation addressing the applicant’s ability to do graduate-level work.
4. A personal statement of purpose that includes professional and academic goals.
5. GRE scores (General Test only; scores must be received by application deadline).
6. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

An interview and/or writing test may be required of applicants following the initial screening.

Teacher certification applicants are required to submit Praxis I and II scores to the College of Education’s Office of Teacher Education. These applicants must also undergo a criminal background check, conducted by Marquette University. A second criminal background check is conducted at the state level when student teaching is completed, as part of the teacher license application.

Individuals submitting applications for administrative licenses must undergo a criminal background check, conducted by the state, when their administrative program is complete and they submit their administrative license application to the state.

Prerequisites for Admission to Master’s Programs
Applicants should have graduated with a minimum of a bachelor’s degree from an accredited institution appropriate to their chosen field of graduate study.

Teacher and Administrative Certification
All applicants seeking teacher certification or administrative certification must have transcripts evaluated by the College of Education BEFORE formally applying to the Graduate School for admission to any certificate program. Only upon approval of the department should students submit application materials to the Graduate School. Students seeking an advanced degree and certification must meet the criteria for both admission to the Office of Teacher Education and the Graduate School.

All inquiries concerning certification should be directed to the College of Education Graduate Office, located at Schroeder Health and Education Complex, 176, P.O. Box 1881, Milwaukee, WI 53201-1881, or via telephone at (414) 288-0659.

Application Requirements for Certification Applicants
After having transcripts evaluated by the College of Education, applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation addressing the applicant’s ability to do graduate-level work.
4. A personal statement of purpose that includes professional and academic goals.
5. (For administrative leadership certificate applicants only) proof of an earned master’s degree and teaching license.
6. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

An interview and/or writing test may be required of applicants following the initial screening.

Teacher certification applicants are required to submit Praxis I and II scores to the College of Education’s Office of Teacher Education. These applicants must also undergo a criminal background check, conducted by Marquette University. A second criminal background check is conducted at the state level when student teaching is completed, as part of the teacher license application.

Individuals submitting applications for administrative licenses must undergo a criminal background check, conducted by the state, when their administrative program is complete and they submit their administrative license application to the state.

Doctoral Program
The doctoral program is designed to foster the development of scholar-practitioners. It asks students not only to inquire deeply into the process of teaching and learning, but also how the organization of schooling shapes this process. In addition, the program asks students to acquire adjacent disciplinary strengths that provide contexts for considering what knowledge is of most worth, how forms of knowledge are socially distributed and what educational measures might help bring about a more just society. Students are expected to gain expertise in research that will enable them to contribute to the ways we think about education, and they are expected to develop technological and other practical skills that will enable them to implement strategies for change.

Prerequisites for Admission
Applicants should have graduated with, or be about to graduate with, a master’s degree or other professional degree such as J.D. or M.D. from an accredited institution appropriate to their chosen field of graduate study. The exceptional student applying to the doctoral program without a master’s degree must complete an appropriate master’s degree as part of his or her doctoral program requirements.
Application Deadline
Jan. 15 applicant files must be completed by this date for admission consideration to the doctoral program. Applicants will be notified by March 15.

Application Requirements for Doctoral Program
Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation addressing the applicant’s ability to do graduate-level work.
4. GRE scores (scores MUST be received by application deadline – Jan. 15).
5. A sample of scholarly writing, such as a master’s thesis or a published article.
6. A personal statement articulating research interests with professional aspirations.
7. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

An interview and/or writing test may be required of applicants following the initial screening.

Educational Policy and Leadership Master of Arts (M.A.) Requirements
A master’s program is arranged in consultation with the student’s assigned adviser. The program of study should be submitted for approval to the director of graduate studies no later than the end of the first term. Where licensure is involved, the program is designed to meet Wisconsin requirements.

Curriculum and Instruction
The master of arts degree in curriculum and instruction requires students to complete 30 credit hours of course work, complete research and leadership projects and compose a capstone essay.

Required Courses (21 credits)

* Required for Reading Specialist License (Wis. DPI 317).

**Required for Wisconsin State Licensure:**

- Wisconsin Teaching license
- Two years of teaching experience
- 12 hours of post-bachelor’s course work

**Educational Policy and Leadership Master of Education (M.Ed.) Requirements**

**College Student Personnel Administration**

The master of education degree in college student personnel administration requires students to complete 36 credits of course work and complete a professional capstone project.
Required Courses (33-36 credits)

EDPL 6000  Introduction to Educational Inquiry  3
EDPL 6100  Introduction to Student Affairs  3
EDPL 6130  Counseling Skills for Student Affairs Professionals  3
EDPL 6140  Diverse Students on the College Campus  3
EDPL 6200  Student Development in Higher Education  3
EDPL 6210  Environmental Theory Assessment in Higher Education  3
EDPL 6250  History of Higher Education in the United States  3
EDPL 6260  Organizational Theory and Administration in Higher Education  3
EDPL 6800  American Law and the Educational Organization  3
EDPL 6965  Practicum in Student Affairs Leadership 1  3
EDPL 6966  Practicum in Student Affairs Leadership 2 (unless waived)  3
EDPL 6997  Capstone in Educational Policy and Leadership  3

Total Credit Hours 36

Elective Course (3 credits)

Students who are waived from the second practicum course can choose one elective in an area of interest.

Educational Administration

The master of education degree in educational administration requires students to complete 33-36 credit hours of course work and complete a leadership portfolio and/or professional project.

Required Courses (15 credits)

EDPL 6000  Introduction to Educational Inquiry  3
EDPL 6700  Organizational Theory and Administration in K-12 Schools  3
EDPL 6730  History of Education in the United States  3
or EDPL 6707  Leadership Foundations of Private Education  3
EDPL 6800  American Law and the Educational Organization  3
EDPL 6997  Capstone in Educational Policy and Leadership  3

Total Credit Hours 15

Additional Graduate-Level Requirements for Principal License (18 credits)

EDPL 6440  Foundations of Curriculum Planning  3
or EDPL 6870  The Theory and Design of Curriculum  3
EDPL 6710  Politics and Community Relations in Educational Organizations  3
EDPL 6720  Business Administration of the Educational Organization  3
EDPL 6750  The Principalship  3
EDPL 6860  Supervision of Instruction  3
EDPL 6980  Practicum in the Principalship (consent required)  3

Total Credit Hours 18

Additional Graduate-Level Requirements for Director of Instruction License (21 credits)

EDPL 6440  Foundations of Curriculum Planning  3
EDPL 6710  Politics and Community Relations in Educational Organizations  3
EDPL 6720  Business Administration of the Educational Organization  3
EDPL 6860  Supervision of Instruction  3
EDPL 6870  The Theory and Design of Curriculum  3
Human development course  3
Practicum course  3

Total Credit Hours 21
**Elementary Education**

The master of education degree in elementary education requires students to complete 41 credit hours\(^*\) of course work. This includes one term of full-time student teaching.

**Undergraduate Prerequisites**

A literacy practicum (4 credits), math and math methods courses (6-9 credits), and a fine arts methods or elective course (3 credits).

**Graduate Courses**

**Total Credit Hours**

41

* A minimum of 33 credits must be completed at the graduate level for the master’s degree. Course work completed at the undergraduate level (either at Marquette or at another institution) may reduce course requirements in this program. If some or all of the undergraduate prerequisites need to be satisfied, students must complete up to 57 credits for this degree.

**Secondary Education**

The master of education degree in secondary education requires students to complete 37 credit hours\(^*\) of course work. This includes one term of full-time student teaching.

**Required Courses**

Additional GRADUATE COURSE requirements:
EDPL 6440  Foundations of Curriculum Planning  3
EDPL 6450  Theories of Learning Applied to Instruction  3
EDPL 6953  Seminar in Analysis of Teaching  3
Total Credit Hours  37

* Course work completed at the undergraduate level (either at Marquette or at another institution) may reduce course requirements in this program. A minimum of 33 credits must be completed at the graduate level for the master’s degree.

Prerequisite Course Work**
Graduate level course(s) in content area of specialization.

** Based on an analysis of the undergraduate transcript, students may be required to complete additional course work in their content area of certification to meet Wisconsin Department of Public Instruction certification requirements.

Director of Instruction Requirements
This certificate program is designed for licensed teachers interested in the Director of Instruction license in the state of Wisconsin and requires students to complete 30 credit hours of course work.

Prerequisites for Licensure:
• Wisconsin Teaching license
• Master’s degree
• Licensed teaching experience

Required Courses (30 credits)
EDPL 6000  Introduction to Educational Inquiry  3
EDPL 6440  Foundations of Curriculum Planning  3
EDPL 6700  Organizational Theory and Administration in K-12 Schools  3
EDPL 6710  Politics and Community Relations in Educational Organizations  3
EDPL 6720  Business Administration of the Educational Organization  3
EDPL 6800  American Law and the Educational Organization  3
EDPL 6860  Supervision of Instruction  3
EDPL 6870  The Theory and Design of Curriculum  3
Human development course  3
Practicum course  3
Total Credit Hours  30

Elementary Education
This certificate program is designed to meet the needs of adults with a bachelor’s degree who wish to earn an initial Wisconsin middle childhood/early adolescence (grades 1-8) teaching license and requires students to complete 31-33 credit hours* of course work.

Undergraduate Prerequisites:
• Literacy practicum (4 credits)
• Math and math methods courses (6-9 credits)
• Fine arts methods or elective course (3 credits)

Graduate Courses (31-33)
EDUC 6010  Introduction to Schooling in a Diverse Society  3
EDPL 6360  Lifespan Development  3
One foundations of education course:

* Wisconsin middle childhood/early adolescence (grades 1-8) teaching license requires students to complete 17-36 credit hours of course work, depending on background and/or equivalent course work completed (either at Marquette or at another institution).

**Principal Requirements**

This certificate program is designed for licensed teachers interested in the Principal license in the state of Wisconsin and requires students to complete 30 credit hours of course work.

**Prerequisites for Licensure:**
- Wisconsin Teaching license
- Master's degree
- Licensed teaching experience

**Required Courses (30 credits)**

Total Credit Hours 24

Elective Course (3 credits)
Students choose an elective in an area of interest and in consultation with their adviser.

Educational Policy and Leadership Doctoral Requirements
A Marquette doctoral student must complete a program of study prepared in consultation with his or her adviser and outlined on an approved Doctoral Program Planning Form. The program must include an earned master's degree of 30 credit hours, minimum, an additional 45 credit hours of course work (typically at least 30 of which must be in the College of Education), and 12 credit hours of dissertation work. A maximum of 15 credit credits (earned in the completion of the master's degree, possibly in combination with doctoral electives transferred in from other units/institutions) potentially may be applied to the doctoral program requirements. Acceptance of these credits, on a case by case basis, is contingent on the approval of the adviser and the director of graduate studies, based on the match with comparable Marquette courses, level of rigor, and benefit to the student's program.

A doctoral program must contain the following elements:

1. Doctoral Seminars (9 credits)

<table>

<td>Dissertation Proposal Seminar</td>
<td>3</td>
</tr>
</tbody>
</table>

Total Credit Hours 9
2. Foundation Courses (12 credits)

EDPL 8730  History of Education in the United States  3

One of the following:  3

- EDPL 8300  Classics in the Philosophy of Education
- EDPL 8330  Sociological Foundations of Education
- EDPL 8450  Theories of Learning Applied to Instruction

Additional 6000/8000-level foundation courses in curriculum, leadership, history, philosophy, sociology or psychology  6

Total Credit Hours  12

3. Research Courses (12 credits)

Three of the following:  9

- EDPL 8710  Multiple Paradigms in Educational Research
- EDPL 8715  Interpretive and Critical Research in Education 1
- COPS 8310  Intermediate Research and Statistics
- PSYC 8101  Advanced Statistics and Design 1
- COMM 6150  Quantitative Research Methods in Communication

One elective course  3

Total Credit Hours  12

4. A supportive elective sequence of courses, approved by the student’s adviser (at least 12 credits)

5. Dissertation Work (12 credits)

Students interested in obtaining principal or superintendent licensure with the doctoral program will be required to complete additional course work.

Normally, no foreign language is required, unless, at the discretion of the student’s adviser, proficiency in a foreign language is necessary in a student’s research.

A doctoral student must pass both the written and oral parts of a qualifying examination (DQE) prior to the advancement to candidacy. This is normally taken after the completion of a minimum of 33 credit hours. Program faculty determine the format for the examination. A student’s DQE committee and dissertation committee (although these do not need to have the same membership) should include at least two faculty from the EDPL Department. The remaining members may be from outside the department with no more than one coming from outside the university. Students should select all committee members in consultation with their adviser.

The doctoral dissertation must represent an original research contribution and show high attainment and clear ability to do independent research. Students must successfully defend both their dissertation proposal and the final dissertation.

Educational Policy and Leadership Courses

EDPL 6000. Introduction to Educational Inquiry. 3 cr. hrs.
Multiple approaches to educational research with emphasis on reading, critiquing and using research to inform educational practice. Introduction to the development of a research proposal.

EDPL 6100. Introduction to Student Affairs. 3 cr. hrs.
Historical, philosophical and theoretical foundations of the field of student affairs in higher education in the United States. Roles and functions of various student affairs divisions and how they contribute to purposes of post-secondary education. Current issues in the field.

EDPL 6130. Counseling Skills for Student Affairs Professionals. 3 cr. hrs.
An introduction to counseling theory and the role of counseling in student affairs emphasizing the development of basic counseling, helping and referral skills through readings, assignments and participation in role-plays. Students gain an appreciation for consultation between counselors and student affairs professionals and an understanding of the ethical and legal standards of the counseling profession.

EDPL 6140. Diverse Students on the College Campus. 3 cr. hrs.
Research and theoretical perspectives on multiculturalism and diversity issues in higher education. Focuses on how race, ethnicity, gender, age, sexual orientation, disability, religion, socioeconomic status, and national origin impact the college setting. Prereq: EDPL 6200.

EDPL 6200. Student Development in Higher Education. 3 cr. hrs.
Overview of major theories of college student development with emphasis on cognitive and psychosocial theories. Applications for work in student affairs and leadership in higher education.

EDPL 6210. Environmental Theory Assessment in Higher Education. 3 cr. hrs.
EDPL 6250. History of Higher Education in the United States. 3 cr. hrs.
Basic history of the American college and university. Colonial foundations, private and state-controlled institutions, professional, technical, and graduate studies. Recent trends and issues in higher education.

EDPL 6260. Organizational Theory and Administration in Higher Education. 3 cr. hrs.
Contemporary theories of organizational behavior and administration and their applications to institutions of higher education. Educational governance and leadership.

EDPL 6300. Classics in the Philosophy of Education. 3 cr. hrs.
Selected texts from a number of ancient and contemporary thinkers significant in the philosophical and educational tradition. Analysis of ramifications for current educational theory and practice.

EDPL 6310. Contemporary Philosophies of Education. 3 cr. hrs.
Contemporary philosophical approaches to educational problems and issues, including: pragmatist, analytic, existentialist, phenomenological, critical, hermeneutic, postmodern, and feminist.

EDPL 6330. Sociological Foundations of Education. 3 cr. hrs.
Examination of theories and research in sociology and social anthropology which focuses on the individual as a member of society and schools and education within broader social structures.

Examination of current issues in higher education and the assumptions underlying various positions on those issues.

EDPL 6360. Lifespan Development. 3 cr. hrs.
A survey of major theories of human development that describes interaction among biological, psychological, sociocultural, cognitive, and moral factors from birth to death. Implications for educational institutions and teaching across the lifespan.

EDPL 6370. Catholic Theology and Education. 3 cr. hrs.
History of philosophical theology in the Catholic tradition and its bearing upon educational theory and practice. Investigation into theological methods and principles and their implications for education through an examination of the thought of selected individuals representative of the Catholic heritage. Attention to such theologians as St. Augustine, St. Thomas Aquinas, St. Bonaventure, Duns Scotus, Newman, Rahner, and Lonergan. Specific problems confronting Catholic education today.

EDPL 6380. Motivation and Learning. 3 cr. hrs.
Major theories of motivation (socialization of achievement motivation, expectancy-value, attributions, self-efficacy) and their relationship to learning and self-regulation in schools, institutions of higher education, and workplaces. Implications for teaching practice and research.

Designing and conducting research for the purpose of improving educational practice. Emphasis on action research, qualitative and quantitative methods, conducting literature reviews, and proposal writing. Prereq: At least 12 graduate credits including EDPL 6000; cons. of dept.

EDPL 6410. Research Practicum. 3 cr. hrs.
Students design, conduct, write and present results of a practice-based research project. Addresses implications of practitioner research for curriculum, pedagogy, leadership and educational reform. Prereq: Cons. of dept.

EDPL 6420. Teacher as Leader. 3 cr. hrs.
Survey of leadership theories and roles for teachers in schools. Skill development in group dynamics, motivation, communication and human relations. The teacher leader in relation to organizational change, decision-making, team-building and moral leadership.

EDPL 6440. Foundations of Curriculum Planning. 3 cr. hrs.
Historical, philosophical, sociocultural, political, and economic forces which shape curriculum development and change. Theories of curriculum. Skill development in curricular planning and evaluation.

EDPL 6450. Theories of Learning Applied to Instruction. 3 cr. hrs.
Survey of major theories of learning. Use of learning theory to analyze and critique curriculum and design learner-centered instruction and assessments.

EDPL 6455. Sociocultural Perspectives on Learning. 3 cr. hrs.
Examination of Vygotsky and other sociocultural theorists who have studied learning and development in cultural, historical and institutional contexts. Use of sociocultural theory in research and practice.

EDPL 6460. Literacy and Children’s Literature for the Primary Grades. 3 cr. hrs.
Theory and practice in teaching reading, language arts, and children’s literature from a developmental perspective to diverse lower elementary learners.

EDPL 6470. Literacy and Children’s Literature for the Intermediate Grades. 3 cr. hrs.
Theory and practice in teaching reading, language arts, and children’s literature from a developmental perspective to diverse upper elementary learners.

EDPL 6480. Literature for Children and Adolescents. 3 cr. hrs.
History and survey of literature for children and adolescents. Theoretical study and practical application of reader response, literary analysis, and current topics in the field of literature for children and adolescents.

EDPL 6490. Writing for Children and Adolescents. 3 cr. hrs.
Theories and research on the writing process and current methods of teaching writing to elementary and secondary students.
EDPL 6500. Advanced Language Arts for Teachers. 3 cr. hrs.
Current research-based methods, materials, and assessment designed for practicing K-8 reading and language arts teachers in the primary and intermediate grades.

EDPL 6560. Literacy Assessment and Instruction. 3 cr. hrs.
Developmental theory of assessment and instruction with experience conducting assessment and planning of instruction and interventions to meet individual literacy needs of children and adolescents. Prereq: EDUC 6020 and EDPL 6470.

EDPL 6570. Literacy Leadership of Reading Programs. 3 cr. hrs.
Analysis and evaluation of instructional programs in reading. Emphasis on aiding teachers and administrators in planning, organizing and implementing effective reading programs. Methods for involving parents and the community in developing and implementing the reading program. Prereq: EDPL 6970.

EDPL 6580. Psychology of Reading. 3 cr. hrs.
Current theory and research on the psychological, neurophysiological, sociocultural, and educational factors that influence reading development and variation in reading development. Prereq: EDPL 6460 and EDPL 6470 or equiv.

EDPL 6670. Faculty Roles in Higher Education. 3 cr. hrs.
Seminar aimed at students planning academic careers in higher education. Focus on changes in traditional dimensions of teaching, research, and service in light of current research on teaching and learning; corporate influences on higher education; and current critiques of higher education.

EDPL 6680. Designing and Teaching Effective Courses in Higher Education. 3 cr. hrs.
Seminar aimed at students planning academic careers in higher education. Focus on planning, delivering, and evaluating courses in higher education that produce significant student learning in light of current advances in cognitive science relevant to teaching and learning.

EDPL 6700. Organizational Theory and Administration in K-12 Schools. 3 cr. hrs.
Contemporary theories of organizational behavior and administration and their applications to schools. Educational governance and leadership. To be taken toward the beginning of program.

EDPL 6707. Leadership Foundations of Private Education. 3 cr. hrs.
Historical, philosophical, sociological, political and theological foundations of education for both sectarian and non-sectarian schools. Implications for a variety of leadership models.

EDPL 6710. Politics and Community Relations in Educational Organizations. 3 cr. hrs.
Theoretical and practical dimensions of the sociocultural, economic and political forces affecting educational organizations and how educational leaders can respond and interact with them.

EDPL 6720. Business Administration of the Educational Organization. 3 cr. hrs.
The various business management support functions and their impact on the delivery of educational services. School finance, theories of taxation, legislative and judicial context for school business management, human resource management and employee contract administration, information management systems and technology, budget planning, facilities management, and related topics.

EDPL 6730. History of Education in the United States. 3 cr. hrs.
Examines the development of public education. Emphasizes contests over the proper role of schools in promoting equity, diversity, and democracy. Pays particular attention to how different groups experienced and shaped schools over time. Considers the relationship between the expansion of schooling and equal educational opportunity.

EDPL 6750. The Principalship. 3 cr. hrs.
Leadership of the individual school. Operational tasks of the principal including policy formation, implementation, coordination, and evaluation of the general and special instructional programs. Leadership roles of the principal in regard to faculty, students, parents, and community.

EDPL 6800. American Law and the Educational Organization. 3 cr. hrs.
The legal basis for American education; constitutional interpretations, court decisions and legislation affecting schools, school systems and institutions of higher education.

EDPL 6860. Supervision of Instruction. 3 cr. hrs.

EDPL 6870. The Theory and Design of Curriculum. 3 cr. hrs.
Exploration, applications, and critique of current models of curriculum design. Emphasis on curricular decision making and implementation at the school district level. Prereq: EDPL 6440 or EDPL 8440.

EDPL 6931. Topics in Educational Policy and Leadership. 1-3 cr. hrs.
In-depth study of educational concepts and theories in a broad area which, because of their topicality, are not the subject of a regular course. Specific topics will be designated in the Schedule of Classes.

EDPL 6953. Seminar in Analysis of Teaching. 3 cr. hrs.
Use of current theories and research on teaching to examine and assess teaching practice.

EDPL 6955. Seminar in Educational Policy and Leadership. 1-6 cr. hrs.
Graduate seminars on current topics in leadership and supervision of interest to the professional educator. S/U grade assessment.
EDPL 6965. Practicum in Student Affairs Leadership 1. 3 cr. hrs.
Field application relating to educational leadership theory to applied practice of higher education leadership in a university-approved setting. Requires participation in an on-campus seminar. S/U grade assessment. Prereq: Cons. of dept.

EDPL 6966. Practicum in Student Affairs Leadership 2. 3 cr. hrs.
Field application relating to educational leadership theory to applied practice of higher education leadership in a university-approved setting. Requires participation in an on-campus seminar. S/U grade assessment. Prereq: EDPL 6965 and cons. of dept.

EDPL 6970. Practicum: Literacy Assessment and Instruction. 3 cr. hrs.
A practicum involving assessment and instruction of K-12 students at varying stages of reading development. Prereq: EDPL 6560 and cons. of dept.

EDPL 6975. Practicum in K-12 Literacy Leadership. 1-3 cr. hrs.
A variety of school-based experiences in literacy leadership that can include the coaching of reading teachers, selection of curriculum and assessment materials, and development and delivery of in-service programs. S/U grade assessment. Prereq: EDPL 6570.

EDPL 6980. Practicum in the Principalship. 3 cr. hrs.
Field application relating to educational leadership theory to applied practice of the principalship in a university-approved setting. Requires participation in an on-campus seminar. S/U grade assessment. Prereq: Cons. of dept.; 18 hours of educational leadership courses.

EDPL 6985. Practicum in Curriculum Leadership. 3 cr. hrs.
Field application relating to educational leadership theory to applied practice of curriculum leadership in a university-approved setting. Requires participation in an on-campus seminar. S/U grade assessment. Prereq: Cons. of dept.

EDPL 6995. Independent Study in Education Policy and Leadership. 1-3 cr. hrs.
Provides opportunities to investigate and study areas of interest through readings, research, field experience, projects, and/or other educational activities under the direction of a faculty adviser. Prereq: Cons. of instr. and cons. of dept. ch. Graduate students must complete an approval form signed by the dept. ch. or designated representative.

EDPL 6997. Capstone in Educational Policy and Leadership. 3 cr. hrs.
Critical analysis and discussion of significant issues confronting the contemporary educational leader. Prereq: Cons. of dept.; at least 24 credits in educational leadership.

EDPL 6999. Master's Thesis. 1-6 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. and cons. of instr.

EDPL 8000. The Superintendency. 3 cr. hrs.
Leadership of the school district system. The roles played by the superintendent: board chief operating officer, visionary, motivator, risk-taker, communicator, lobbyist, etc. Prereq: Master's degree and principal's certification.

EDPL 8010. Advanced Personnel Leadership. 3 cr. hrs.
Comprehensive study of personnel services in the educational setting, including: recruitment, selection, compensation, staff development, collective bargaining, and employee contract administration. Prereq: Cons. of dept.

EDPL 8020. Advanced Politics and Community Relations in Educational Organizations. 3 cr. hrs.
Advanced study of theoretical and practical dimensions of the sociocultural, economic and political forces affecting educational organizations and how educational leaders can respond and interact with them.

EDPL 8030. Advanced Theory and Practice in Educational Finance. 3 cr. hrs.
Advanced study of school and school district finance from theoretical, research, legal, and political perspectives with emphasis on implications for school district leadership.

EDPL 8040. Advanced Program Planning and Evaluation in Educational Settings. 3 cr. hrs.
Exploration of theories, models, and current practices in leadership, planning, and assessment within educational organizations.

EDPL 8250. History of Higher Education in the United States. 3 cr. hrs.
Basic history of the American college and university. Colonial foundations, private and state-controlled institutions, professional, technical, and graduate studies. Recent trends and issues in higher education.

EDPL 8260. Organizational Theory and Administration in Higher Education. 3 cr. hrs.
Contemporary theories of organizational behavior and administration and their applications to institutions of higher education. Educational governance and leadership.

EDPL 8300. Classics in the Philosophy of Education. 3 cr. hrs.
Selected texts from a number of ancient and contemporary thinkers significant in the philosophical and educational tradition. Analysis of ramifications for current educational theory and practice.

EDPL 8310. Contemporary Philosophies of Education. 3 cr. hrs.
Contemporary philosophical approaches to educational problems and issues, including: pragmatist, analytic, existentialist, phenomenological, critical, hermeneutic, postmodern, and feminist.

EDPL 8330. Sociological Foundations of Education. 3 cr. hrs.
Examination of theories and research in sociology and social anthropology which focuses on the individual as a member of society and schools and education within broader social structures.
Examination of current issues in higher education and the assumptions underlying various positions on those issues.

EDPL 8370. Catholic Theology and Education. 3 cr. hrs.
History of philosophical theology in the Catholic tradition and its bearing upon educational theory and practice. Investigation into theological methods and principles and their implications for education through an examination of the thought of selected individuals representative of the Catholic heritage. Attention to such theologians as St. Augustine, St. Thomas Aquinas, St. Bonaventure, Duns Scotus, Newman, Rahner, and Lonergan. Specific problems confronting Catholic education today.

EDPL 8440. Foundations of Curriculum Planning. 3 cr. hrs.
Historical, philosophical, sociocultural, political, and economic forces which shape curriculum development and change. Theories of curriculum. Skill development in curricular planning and evaluation.

EDPL 8450. Theories of Learning Applied to Instruction. 3 cr. hrs.
Survey of major theories of learning. Use of learning theory to analyze and critique curriculum and design learner-centered instruction and assessments.

EDPL 8455. Sociocultural Perspectives on Learning. 3 cr. hrs.
Examination of Vygotsky and other sociocultural theorists who have studied learning and development in cultural, historical and institutional contexts. Use of sociocultural theory in research and practice. Prereq: EDPL 8450.

EDPL 8700. Organizational Theory and Administration in K-12 Schools. 3 cr. hrs.
Contemporary theories of organizational behavior and administration and their applications to schools. Educational governance and leadership.

EDPL 8707. Leadership Foundations of Private Education. 3 cr. hrs.
Historical, philosophical, sociological, political and theological foundations of education for both sectarian and non-sectarian schools. Implications for a variety of leadership models.

EDPL 8710. Multiple Paradigms in Educational Research. 3 cr. hrs.
Examination of educational research and knowledge within a philosophy of science framework. Study of competing epistemologies and how they shape and are shaped by the practice of education. Focus on use of empirical-analytic, interpretive and critical paradigms for critiquing, conceptualizing and conducting educational research.

EDPL 8715. Interpretive and Critical Research in Education 1. 3 cr. hrs.
Theory and rationale of qualitative research methods in the social sciences. Historical research, case studies, field studies, non-invasive approaches. Data gathering and analysis procedures. Prereq: EDPL 8710 or equiv.

EDPL 8720. Interpretive and Critical Research in Education 2. 3 cr. hrs.
Building on the understanding and skills developed in EDPL 8715, students conduct, interpret and present in written and oral form a course-long research project. Addresses a range of research issues and problems as they emerge in students' works-in-progress. Prereq: EDPL 8710 and EDPL 8715 or equiv.

EDPL 8730. History of Education in the United States. 3 cr. hrs.
Examines the development of public education. Emphasizes contests over the proper role of schools in promoting equity, diversity, and democracy. Pays particular attention to how different groups experienced and shaped schools over time. Considers the relationship between the expansion of schooling and equal educational opportunity.

EDPL 8800. American Law and the Educational Organization. 3 cr. hrs.
The legal basis for American education; constitutional interpretations, court decisions and legislation affecting schools, school systems and institutions of higher education.

EDPL 8870. The Theory and Design of Curriculum. 3 cr. hrs.
Exploration, applications and critique of current models of curriculum design. Emphasis on curricular decision-making and implementation at the school district level. Prereq: EDPL 6440 or EDPL 8440.

EDPL 8880. Current Issues in Educational Policy and Leadership for the District Administrator. 3 cr. hrs.
Guided research and discussion of significant issues confronting educational leaders.

EDPL 8953. Seminar in Analysis of Teaching. 3 cr. hrs.
Use of current theories and research on teaching to examine and assess teaching practice.

EDPL 8955. Seminar Social Contexts and Educational Policy 1. 3 cr. hrs.
Examines significant historical and sociological texts pertinent to understanding matters of race and education.

EDPL 8956. Seminar Social Contexts and Educational Policy 2. 3 cr. hrs.
Examines the claims of influential texts that promote various policies meant to expand equality of educational opportunity.

EDPL 8959. Seminar Research on Teacher Education. 3 cr. hrs.
Study and analysis of current research on preparation and professional development of teachers. Prereq: EDPL 6450 or EDPL 8450.

EDPL 8960. Dissertation Proposal Seminar. 3 cr. hrs.
Systematic exploration of the process and production of the dissertation proposal, including refinement of dissertation question(s), a focused literature review, and draft of a proposal text. S/U grade assessment. Prereq: Cons. of dept.; 33 credits in the doctoral program.
EDPL 8965. Advanced Practicum in Educational Leadership. 3 cr. hrs.
Field application relating educational administrative theory to the applied practice of educational administration at the system or college level. Participants must be in a university-approved setting and must participate in an on-campus seminar. S/U grade assessment. Prereq: Cons. of dept.

EDPL 8995. Independent Study in Education Policy and Leadership. 1-3 cr. hrs.
Provides opportunities to investigate and study areas of interest through readings, research, field experience, projects, and/or other educational activities under the direction of a faculty adviser. Offered every term. Prereq: Cons. of instr. and cons. of dept. ch. Graduate students must complete an approval form signed by the dept. ch. or designated representative.

EDPL 8999. Doctoral Dissertation. 1-12 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept.; cons. of instr.

EDPL 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9977. Field Placement Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9978. Field Placement Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9979. Field Placement Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9987. Doctoral Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9988. Doctoral Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9989. Doctoral Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9991. Professional Project Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9992. Professional Project Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9993. Professional Project Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9994. Master’s Thesis Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9995. Master’s Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9996. Master’s Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9997. Doctoral Dissertation Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

EDPL 9998. Doctoral Dissertation Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.
EDPL 9999. Doctoral Dissertation Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept.

Education Courses

EDUC 5007. Teaching Middle/Secondary Social Science. 3 cr. hrs.
Application of teaching methods to social studies in middle and high schools. Field experience required. Prereq: Admission to post-baccalaureate teaching licensure program.

EDUC 5017. Teaching Middle/Secondary Science. 3 cr. hrs.
Application of methods to teach inquiry-based science in the physical sciences, physics, biology, chemistry and environmental sciences at the middle/secondary level. Includes planning, preparation of materials, assessment, and use of technology aligned with National Science Education Standards and OSHA safety requirements. Field experience required. Prereq: Admission to post-baccalaureate teaching licensure program.

EDUC 5037. Literacy in the Content Areas. 3 cr. hrs.
Interrelationships of reading, writing, speaking, and listening as learning skills in the content areas. Included are methods and materials the teacher can use in the classroom setting to improve literacy skills in all content areas and integrate literature across the curriculum.

EDUC 5067. Strategies in Religious Education. 3 cr. hrs.
Application of current catechetical theory and educational strategies to the teaching of religion. Development of curriculum objectives and assessments. Analysis of instructional materials and other resources for teaching religion. Open to all upper division students in the university. Prereq: Admission to post-baccalaureate teaching licensure program.

EDUC 5217. Children and Youth with Exceptional Needs. 3 cr. hrs.
Introduction to children and adolescents with a wide range of exceptional needs. Addresses characteristics, causes, assessment, teaching strategies, and legal issues. Field experience required for certification students, optional for others.

EDUC 5230. Learning and Linguistic Diversity. 3 cr. hrs.
Covers three bodies of knowledge regarding language: basic principles of sociolinguistics, the nature of learning a second language or a second dialect, and theories of effective methods for teaching speakers of languages and dialects other than Standard English (e.g., bilingual education and/or English as a second language instruction). Each of these bodies of knowledge will be contextualized in students’ learning experiences and in teachers’ classroom practices.

EDUC 5277. Theory and Methods of Teaching Bilingual-Bicultural Learners. 3 cr. hrs.
Study, application, and practice of theories and methods of delivering bilingual/bicultural instruction. Focus on first and second language learning strategies and culturally responsive teaching methods that reflect the language and culture of students living in bilingual/bicultural contexts.

EDUC 5297. Teaching in the Middle School. 4 cr. hrs.
Foundations, methods, and strategies for teaching at the middle school level. Lab required. Field experience required.

EDUC 5317. Teaching Elementary-Level Science. 3 cr. hrs.
Curriculum development and instructional methods for teaching inquiry-based science at the primary and upper elementary level. Includes preparation of materials, assessment, use of technology and field experiences. Field experience required. Prereq: Admission to post-baccalaureate teaching licensure program.

EDUC 5337. Teaching Elementary Social Studies. 3 cr. hrs.
Curriculum development, instructional strategies and techniques for teaching elementary social studies with emphasis on primary research skills. Includes preparation of materials, assessment and micro-teaching.

EDUC 5357. Teaching Elementary Reading, Language Arts, and Children’s Literature. 4 cr. hrs.
Teaching reading, language arts, and children’s literature from a developmental perspective to diverse upper elementary learners. Emphasis on developing the relationship between the three literacy areas and how social factors influence students’ literacy learning. Field experience required.

EDUC 5540. Philosophy of Education. 3 cr. hrs.
Principles and methods of various classical and contemporary philosophies and their implications and applications in education. Attention to professional ethics and students’ development of their own philosophies of education.

EDUC 5931. Topics in Education. 1-4 cr. hrs.
Various topics in education as identified in the Schedule of Classes.

EDUC 5964. Practicum: Teaching Elementary-Level Reading. 4 cr. hrs.
Supervised experience in the teaching of reading to struggling readers. Emphasis on linking literacy assessment and instruction. Includes seminars and small group tutoring sessions.

EDUC 6010. Introduction to Schooling in a Diverse Society. 3 cr. hrs.
Critical and reflective examination of assumptions about schooling in the United States including the impacts of race, ethnicity, class, and gender; power and control in school and community contexts; and the concerns, demands, conditions, and rewards of the teaching profession.

EDUC 6020. Literacy in the Content Areas. 3 cr. hrs.
Interrelationships of reading, writing, speaking, and listening as learning skills in the content areas. Included are methods and materials the teacher can use in the classroom setting to improve literacy skills in all content areas and integrate literature across the curriculum.
EDUC 6040. Introduction to Learning and Assessment. 3 cr. hrs.
Application of major theories of learning to instructional planning and assessment. Use of technologies to enhance learning and assessment.

EDUC 6050. Foundations of Instructional Technology. 3 cr. hrs.
Historical and current theoretical perspectives on use of technologies in classrooms. Evaluation and use of various educational applications of technology in curricular design. Emerging technologies and current trends in online education. Ethical, legal, cultural and research issues in current uses of instructional technology.

EDUC 6060. Design Issues in Technology and Instructional Systems. 3 cr. hrs.
Explores application of concepts, issues, processes, theories, and techniques of instructional design in a variety of electronic learning contexts including instructional modules, Web-based courses, computer graphics, and educational software.

EDUC 6070. Facilitating a Web-Based Course. 3 cr. hrs.
Research-based methods and techniques for building effective online learning communities, including facilitation of structured dialogue and interaction, reflection, critical thinking, collaboration, and active engagement in the learning process.

EDUC 6080. Theories and Research in Instructional Technology. 3 cr. hrs.
Survey of recent research developments and theoretical frameworks in the field, focusing on current cognitive and social constructivist theories. Students design individual research projects in areas of interest.

EDUC 6090. Emerging Instructional Technologies in Education. 3 cr. hrs.
Critical study of research and instructional use of emerging Web technologies in K-12 schools, higher education, and other learning environments.

EDUC 6340. Child and Adolescent Development. 3 cr. hrs.
An examination of the interaction among biological, psychological, social, and cultural factors that influence human development. Educational implications of these issues.

EDUC 6350. Teach for America Reading Methods. 3 cr. hrs.
Teaching reading, language arts, and literature from a developmental perspective for the lower elementary levels. Emphasis on developing the relationship among the three areas as well as developing experience in administering reading tests, diagnosing, and remediating reading problems. Prereq: Only open to Teach for America corps members.

EDUC 6360. Teach for America Math Methods 1. 3 cr. hrs.
Mathematical content and processes for elementary teachers using a problem-solving approach. Integrates mathematics content with teaching methods and learning theory for the lower elementary/middle school levels. Prereq: Only open to Teach for America corps members.

EDUC 6365. Teach for America Math Methods 2. 3 cr. hrs.
Mathematical content and processes for elementary teachers using a problem-solving approach. Integrates mathematics content with teaching methods and learning theory for the upper elementary/middle school levels. Prereq: Only open to Teach for America corps members.

EDUC 6370. Teach for America Integrated Methods: Science, Social Studies, and Fine Arts. 3 cr. hrs.
Curriculum development, instructional strategies and the application of teaching methods in elementary science, social studies and fine arts. Prereq: Only open to Teach for America corps members.

EDUC 6930. Special Topics in Education.. 1-5 cr. hrs.
Offered as an experimental course to evaluate and determine if a course should be incorporated into the regular curriculum of a program, or courses in the approval process pipeline, but not yet officially approved. Once the same course has been offered twice as a Special Topic, it cannot be offered again until it moves through the curriculum approval process and is approved with a regular curriculum course number. Prereq: Admitted to the graduate EDUC program; or cons. of dept.

EDUC 6965. Middle/Secondary Education Practicum. 1-3 cr. hrs.
Full day, full term of public or private school teaching, Monday through Friday. Regular on-site visitation by university faculty. Weekly seminar required. S/U grade basis. Prereq: EDUC 5297 and cons. of dept.; admission to the College of Education.

EDUC 6966. Elementary/Middle Education Practicum. 1-3 cr. hrs.
Full day, full term of public or private school teaching, Monday through Friday. Regular on-site visitation by university faculty. Weekly seminar required. S/U grade basis. Prereq: EDUC 5297 and cons. of dept.; admission to the College of Education.
Engineering

**OPUS Dean: Robert H. Bishop, Ph.D.**
marquette.edu/engineering/grad.shtml

**Degrees Offered**

Master of Science, Master of Engineering; Doctor of Philosophy

**Programs Overview**

The College of Engineering offers four graduate engineering programs through which to pursue either a master of science or doctor of philosophy degree: biomedical engineering, civil engineering, electrical and computer engineering, and mechanical engineering. Details concerning each of the four programs can be found under the Engineering heading in the Programs section of this bulletin. The Departments of Biomedical and Mechanical Engineering also offer a master of engineering in addition to the master of science and the doctor of philosophy degrees.

An interdisciplinary program is offered, leading to the master of science degree. Healthcare technologies management is jointly offered and administered by the College of Engineering, the Graduate School of Management and the Medical College of Wisconsin. Details on this program can be found in the Healthcare Technologies Management (p. 173) section.

A final interdisciplinary doctoral program in functional imaging is jointly offered by the Department of Biomedical Engineering in the College of Engineering and the Medical College of Wisconsin. Details on this program can be found in the Biomedical Engineering (p. 148) section.

In addition to their graduate degree programs, the Departments of Civil, Construction and Environmental Engineering and Electrical and Computer Engineering offer graduate certificate programs in a variety of technical areas for qualified individuals with bachelor’s degrees. General information about these programs can be found in the program information sections for these departments. Detailed information is available from the individual department offices.
Biomedical Engineering (BIEN)

Chairperson: Kristina M. Ropella, Ph.D.
marquette.edu/engineering/biomedical/grad.shtml

 Degrees Offered
Master of Science, Master of Engineering; Doctor of Philosophy

Mission Statement
The Department of Biomedical Engineering is a dedicated team committed to the Jesuit tradition of the pursuit of truth. We develop leaders and problem solvers skilled at applying engineering, science and design principles to improve health in the service of humanity by:

• Discovering and disseminating new knowledge;
• Promoting critical thinking and lifelong learning;
• Guiding students to meaningful and ethical professional and personal lives;
• Fostering interdisciplinary and collaborative research and education through academic and industrial alliances;
• Continuing innovative leadership in education, research and industrial relationships; and
• Inspiring faculty and students to serve others.

Specializations
M.S.: Bioinstrumentation/Computers, Biomechanics/Biomaterials, Rehabilitation Bioengineering, Systems Physiology
M.E.: Biocomputing, Bioimaging, Bioinstrumentation, Biomechanics, Biorehabilitation
Ph.D.: Bioinstrumentation/Computers, Biomechanics/Biomaterials, Functional Imaging, Rehabilitation Bioengineering, Systems Physiology

Program Descriptions
The biomedical engineering program is interdisciplinary in nature, involving the application of engineering and mathematics to the solution of problems related to medicine and biology. The faculty reflect this interdisciplinary nature in their courses and research. Marquette faculty are synergistically complemented by adjunct faculty from the Medical College of Wisconsin. The MU/MCW Center for Biomedical Engineering and Biomathematics fosters collaborative interactions between the two institutions. Research can be characterized by the general areas of bioinstrumentation/computers, biomechanics/biomaterials, rehabilitation bioengineering and systems physiology. More specific areas of research include: artificial limbs/prostheses, biomaterials, biotelemetry, cell transport and metabolism, cardiac electrophysiology, computers in medicine, functional imaging (magnetic resonance, X-ray), head and spinal cord trauma, hemodynamics, human motion analysis, medical and biological image analysis, physiological signal processing, rehabilitation engineering, systems physiology (cardiovascular, gastrointestinal, musculoskeletal, neuroscience, pulmonary), telerehabilitation, tissue engineering, hard and soft tissue biomechanics and transcutaneous power transfer.

Functional Imaging Specialization — MU/MCW Joint program
Functional imaging is the simultaneous quantification of the structural and functional aspects of a biological system. Modern X-ray, nuclear magnetic resonance and other means of imaging in relatively noninvasive ways have made functional imaging increasingly practical. The doctoral program in functional imaging, a collaborative effort between Marquette University and the Medical College of Wisconsin, trains students in the use of these new technologies to obtain high-resolution structural, kinematic and kinetic data from intact organs, and in the use of mathematical modeling to understand the organ physiology.

Special registration for this program is required, as courses are taken at both institutions. Students must register for the course BIEN 6947 Medical College of Wisconsin/FUIM-Joint Degree through Marquette University and for the matching MCW course through Medical College of Wisconsin.

Prerequisites for Admission
Students with backgrounds in engineering, physical science and life science disciplines are eligible for admission to the master of science, master of engineering and doctoral programs in biomedical engineering. A baccalaureate degree in an appropriate area with a minimum grade point average of 3.00 is required. Applicants who do not have an engineering degree must complete prerequisite engineering requirements. The list of prerequisites can be obtained from the department office.

Application Requirements
Applicants must submit, directly to the Marquette University Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation.
4. GRE scores (General Test only).
5. A brief statement of purpose that includes the proposed area of research specialization.
6. (For master of engineering applicants only) an interview with the M.E. program director.
7. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

General Information

All admitted students are required to obtain and read the department’s Graduate Student Handbook (http://www.marquette.edu/engineering/biomedical/documents/GradHandbookfinaldraftNov_08.pdf), which contains complete details about the biomedical engineering programs and additional departmental degrees. This handbook is available through the Biomedical Engineering Office (414) 288-3375 and website at marquette.edu/engineering/biomedical/grad.shtml.

Accelerated Bachelor’s-Master’s Degree Program

This program allows Marquette University students to earn both their master of science degree in biomedical engineering and a bachelor of science degree in five years. Students currently enrolled in the undergraduate biomedical engineering program at Marquette University (with a GPA of 3.500 or above) may apply for admission to the five-year program during their junior year. Students must submit an application to the Graduate School, indicate their interest in the five-year program and meet all other admission criteria as stated in the Application Requirements section. (GRE test scores must be submitted before the start of the fifth year.)

Students may take master’s level courses in their senior undergraduate year. These graduate courses count toward both the undergraduate and graduate degrees. The remaining courses are taken during the students’ fifth year. Work on the students’ theses research begins the summer between the junior and senior years. Students will continue to gain research laboratory experience the summer between the senior and fifth year, continuing through the final year, culminating in preparation of a written thesis and defense. Upon completion of the first term as master’s candidates, students must petition the Graduate School to transfer courses taken as undergraduates to the master’s degree.

Biomedical Engineering Master of Science (M.S.) Requirements

Upon enrolling in the master of science program in biomedical engineering, a student selects one of four specializations. Faculty will design a curriculum and research program to address the specific goals of each student. Programs will include course work in engineering, biology, mathematics and medicine, all of which will be integrated with research laboratory experience.

A master of science student must complete 24 credit hours of course work (including three credit hours of physiology) and six credit hours of thesis work. The student also must pass a comprehensive examination and submit an approved thesis.

Biomedical Engineering Master of Engineering (M.E.) Requirements

Upon enrolling in the master of engineering program in biomedical engineering, a student selects one of five specializations and follows the curriculum designed for that specialization. The program includes course work in engineering, life sciences, mathematics, medicine and healthcare technologies management, all of which will be integrated in a capstone comprehensive written exam.

A master of engineering student must complete a total of 30 credit hours of course work, which includes three credits of independent readings and research. The student also must pass the capstone comprehensive examination.

Biomedical Engineering Doctoral Requirements

Upon enrolling in the doctoral program in biomedical engineering, a student selects his or her area of specialization. Faculty will design a curriculum and research program to address the specific goals of each student. Programs will include course work in engineering, biology, mathematics and medicine, all of which will be integrated with research laboratory experience.

The doctor of philosophy degree is conferred in recognition of marked ability and high attainment in the advancement of knowledge and pursuit of truth. The comprehensive knowledge expected of the student in his or her major field is such that the requirements for the degree usually take no less than four years of full-time work, or the equivalent, beyond the baccalaureate degree.

A doctoral student must complete a program of study prepared in consultation with his or her dissertation adviser and outlined on an approved Doctoral Program Planning Form. The program normally requires 36 credit hours of course work beyond the baccalaureate degree (a minimum of 18 credit hours beyond the master’s degree) plus 12 credit hours of dissertation work. Doctoral course work must include a minimum of three credit hours of graduate-level physiology. The student also must pass a doctoral qualifying examination (DQE) and submit and successfully defend a dissertation.

The Doctoral Candidacy Examination consists of both written and oral components. Students entering the doctoral program with a master’s degree are required to take the written portion within two terms after entering the program. Students entering the doctoral program with a bachelor’s degree are
required to take the written portion before or at completion of 30 graduate credit hours or completion of the master’s degree, whichever comes first. Each student is expected to complete the oral portion by the end of the third year.

The dissertation must represent an original research contribution showing high attainment and clear ability to do independent research. A public defense of the dissertation (the final oral examination) is conducted after the student has completed all other formal requirements for the doctoral degree and has submitted a completed doctoral dissertation to his or her doctoral committee. The dissertation defense is conducted in the form of a department seminar.

Courses

**BIEN 5220. Embedded Biomedical Instrumentation. 3 cr. hrs.**
Fundamentals of digital circuit design and analysis and the application to embedded biomedical instrumentation. Topics include microprocessor principles and programming and system design constraints for medical electronics. Laboratory provides applications of concepts introduced in class.

**BIEN 5230. Intelligent Biosystems. 3 cr. hrs.**
Use of emerging tools in systems biology and soft computing to explore how biosystems with highly distributed “intelligence” are designed to adapt to self- and environmentally-induced perturbations. Students obtain a basic understanding of key soft computing tools and use fuzzy expert system models. Applications to smart health monitoring and future product design will be explored. Prereq: BIEN 4700/5700.

**BIEN 5320. Biomedical Instrumentation Design. 3 cr. hrs.**
Problems in instrumentation relating to physiological measurements in the laboratory and clinic. Electronic devices for stimulus as well as measurement of physiological quantities. Design of actual instruments. Features include mechanical design, accessory design and safety requirements.

**BIEN 5400. Transport Phenomena. 3 cr. hrs.**
Applications of mass, momentum, and mechanical energy balances to biomedical fluid systems. Study of physiological phenomena with an emphasis on cardiovascular systems and blood rheology.

**BIEN 5410. Applied Finite Element Analysis. 3 cr. hrs.**
Introduces the finite element solution method for linear, static problems. Includes calculation of element stiffness matrices, assembly of global stiffness matrices, exposure to various finite element solution methods, and numerical integration. Emphasizes structural mechanics, and also discusses heat transfer and fluid mechanics applications in finite element analysis. Computer assignments include development of finite element code (FORTRAN or C) and also use of commercial finite element software (ANSYS and/or MARC).

**BIEN 5420. Introduction to Biomaterials Science and Engineering. 3 cr. hrs.**
Introduces the uses of materials in the human body for the purposes of healing, correcting deformities, and restoring lost function. Encompasses topics including characterization of material properties, biocompatibility, and past and current uses of materials for novel devices that are both biocompatible and functional for the life of the implanted device. Projects allow students to focus and gain knowledge in an area of interest in biomaterials engineering.

**BIEN 5500. Medical Imaging Physics. 3 cr. hrs.**
Examines how light, X-rays, radiopharmaceuticals, ultrasound, magnetic fields, and other energy probes are generated and how they interact with tissues and detectors to produce useful image contrast. Addresses practical issues such as beam generation, dose limitations, patient motion, spatial resolution and dynamic range limitations, and cost-effectiveness. Emphasizes diagnostic radiological imaging physics, including the planar X-ray, digital subtraction angiography mammography, computed tomography, nuclear medicine, ultrasound, and magnetic resonance imaging modalities.

**BIEN 5510. Image Processing for the Biomedical Sciences. 3 cr. hrs.**
Introduces biomedical image processing. Topics explored include: the human visual system, spatial sampling and digitization, image transforms, spatial filtering, Fourier analysis, image enhancement and restoration, nonlinear and adaptive filters, color image processing, geometrical operations and morphological filtering, image coding and compression image segmentation, feature extraction and object classification. Applications in diagnostic medicine, biology and biomedical research are emphasized and presented as illustrative examples.

**BIEN 5560. Neural Engineering. 3 cr. hrs.**
Basic principles of neural engineering, properties of excitable tissues, quantitative models used to examine the mechanisms of natural and artificial stimulation. Basic concepts for the design of neuromorphic devices for sensory, motor and therapeutic applications. Design issues including electrode type, biomaterials, tissue response to stimulating electrodes and stimulus parameters for electrical stimulation and artificial control. Examples of how engineering interfaces with neural tissue show increasing promise in the rehabilitation of individuals of neural impairment.

**BIEN 5610. Introduction to Rehabilitation Robotics. 3 cr. hrs.**
Presents the fundamentals of robotics as it is applied to rehabilitation engineering. Specific topics include: the fundamentals of analysis and design of robot manipulators with examples and mini-projects taken from rehabilitation applications pertaining to robotic therapy devices and personal assistants. Additional topics include: overview of rehabilitation robotics field, human-centered design of rehabilitation robots issues and challenges, robot configurations, rigid motions and homogeneous transformations, Denavit-Hartenberg representation, robot kinematics, and inverse kinematics, Euler-Lagrange equations, trajectory generation, sensors, actuators, independent joint control, force control and safety.

**BIEN 5620. Rehabilitation Engineering: Telehabilitation Research Tools. 3 cr. hrs.**
Introduces rehabilitation science as the study of tissue and functional change, including: overview of key human sensory modalities and neuromotor systems in the context of functional capabilities and human performance metrics; review of spontaneous recovery mechanisms in response to various types of tissue trauma; review of roles of genetics and gene transcription networks in pathology and functional recovery prognosis; and the concept of rehabilitative assessment and therapeutic interventions as an optimization problem. Also focuses on the use of assistive technology to enhance access to independent living and to optimize the delivery of rehabilitative healthcare services. Includes rehabilitation biomechanics of physical interfaces, use of access and usability engineering in product design and innovative assessment and intervention strategies for neurorehabilitation.
BIEN 5630. Rehabilitation Engineering: Prosthetics, Orthotics, Seating and Positioning. 3 cr. hrs.
Presents an overview of biomedical engineering as it applies to rehabilitation engineering, specifically, the design and prescription of prosthetic limbs, orthotic devices, and seating and positioning systems. Topics include: medical terminology, musculoskeletal anatomy, muscle mechanics, soft tissue mechanics, gait/locomotion, amputation surgery, lower extremity prosthetics, lower extremity orthotics, hand function, electromyography, upper extremity prosthetics, upper extremity orthotics, seating and positioning, and assistive devices.

BIEN 5640. Bioengineering of Living Actuators. 3 cr. hrs.
Overview of muscle tissue as a living actuator from the perspective of engineering design, systems biology, muscle modeling and adaptive control. Prereq: BIEN 4700/5700.

BIEN 5700. Systems Physiology. 3 cr. hrs.
Analyses of the underlying physiologic and bioengineering aspects of the major cell and organ systems of the human from an engineer’s point of view. Classic physiologic approaches used to introduce topics including: cell functions, nervous system, nerve, muscle, heart, circulation, respiratory system, kidney, reproduction and biomechanics. Design problems including models of cell-organ-system function and problems in biomechanics illuminate topics covered. Incorporates computer techniques and relevant instrumentation. Experts on related topics are invited to speak as they are available.

BIEN 5710. Analysis of Physiological Models. 3 cr. hrs.
Development of continuous (compartmental) and distributed-in-space-and-time mathematical models of physiological systems and molecular events. Analytical and numerical methods for solving differential equations of the initial and boundary value types. Simulation of model response, and estimation of model parameters using linear and nonlinear regression analysis.

BIEN 5720. Cardiopulmonary Mechanics. 3 cr. hrs.
Examination of the physiological behavior of the cardiovascular and pulmonary systems from an engineering perspective. Emphasis is on understanding the mechanical basis of physiologic phenomena via experimental models.

BIEN 5931. Topics in Biomedical Engineering. 1-3 cr. hrs.
Course content announced prior to each term. Students may enroll in the course more than once as subject matter changes. Possible topics include biomechanics, experimental methods, neuroanatomy, telemetry, etc.

BIEN 6120. Introduction to the Finite Element Method. 3 cr. hrs.
Introduces finite element analysis as applied to linear, static problems. Application to problems in plane strain, plane stress, and axisymmetry. Development of shape functions and element stiffness matrices. Although primarily structural analysis, also considers problems in heat transfer and fluid mechanics. Use of user-written and packaged software. Prereq: CEEN 2130 or MEEN 2130; and matrix/linear algebra or equiv.

BIEN 6121. Applied Finite Element Analysis and Modeling. 3 cr. hrs.
Advanced finite element analysis as applied to nonlinear (both material and geometric nonlinearities), dynamic problems. Use of penalty methods and perturbed Lagrangian methods. Use of user-written and packaged software. Critical reviews of finite element analysis in biomechanical research. Prereq: BIEN 6120; or CEEN 6120 or equiv.

BIEN 6200. Biomedical Signal Processing. 3 cr. hrs.
Introduces students to statistical processing of biomedical data. Topics include: data acquisition, probability and estimation, signal averaging, power spectrum analysis, windowing, digital filters and data compression. Students complete several computer projects which apply these processing methods to physiologic signals. Prereq: MATH 2451; and proficiency in C or FORTRAN.

BIEN 6210. Advanced Biomedical Signal Processing. 3 cr. hrs.
Covers modern methods of signal processing encountered in the bio-medical field including parametric modeling, modern spectral estimation, multivariate analysis, adaptive signal processing, decimation/interpolation, and two-dimensional signal analysis. Students complete several computer projects which apply these modern techniques to physiologic data. Prereq: BIEN 6200 or equiv.; knowledge of C or FORTRAN.

BIEN 6220. Multidimensional Biomedical Time Series Analysis. 3 cr. hrs.
Theory and implementation of methods used to collect, model and analyze multidimensional time series encountered in biomedical applications such as functional imaging, electrophysiologic mapping and the study of physiologic control systems. Prereq: BIEN 6200; proficiency in C or FORTRAN.

BIEN 6300. Biomedical Instrumentation. 3 cr. hrs.
Explores relationships between instruments for physiologic measurement and monitoring with living systems. Physiologic signals, noise, and available sensors and transducers and their characteristics are discussed from time and frequency domain points of view. Systems topics include various new and conventional medical instrumentation. Other topics include clinical and new clinical laboratory instrumentation, instrumentation for research, artificial organs and prostheses. Includes the use of scientific literature, literature searches, design projects, computer projects. Prereq: BIEN 5700; or BIEN 5320; and high level computer language or equiv.

BIEN 6310. Microprocessor Based Biomedical Instrumentation. 3 cr. hrs.
Discusses the application of microprocessors, microcontrollers, and digital signal processors to biomedical instrumentation. Complements BIEN 6300, which covers transducers, sensors, analog signal conditioning, and analog to digital conversion. Emphasizes evaluating the memory, power, resolution, cost, and computational requirements of a particular application, and then selecting a type (microprocessor, microcontroller, or digital signal processor) and particular model of processor to satisfy the system requirements. Students design at least two complete processor based systems. Prereq: Knowledge of digital electronics and microprocessors.
BIEN 6320. Radio Frequency Applications in Biomedical Engineering. 3 cr. hrs.
Radio frequency design and applications for biomedical engineering and medicine. Circuit elements, equivalent circuits, impedance transformations, Smith Chart, two ports, scattering parameters, amplifiers, resonant circuits, mixers, receivers. Applications include telemetry, transcutaneous power transfer, hyperthermia, rf ablation, magnetic resonance imaging; HP-EESOF LIBRA and Ascent CAD are introduced as analysis and design tools. Guest speakers. Written and oral design reports. Prereq: Undergraduate background in circuit theory and analog electronics.

BIEN 6400. Biofluid Mechanics. 3 cr. hrs.
Development of the theory of fluid mechanics as applied to living systems. Considers both steady and unsteady flows of Newtonian and non-Newtonian fluids. Topics include: viscometry, blood flow, gas and aerosol flows, pulsatile flow and wave propagation and applications to the understanding of flows in organs and to the measurement of blood pressure and flow. Prereq: BIEN 4400 or equiv.; or MEEN 3320 or CEEN 3150.

BIEN 6410. Biological Mass Transfer. 3 cr. hrs.
Development of the theory of mass transfer. Fick’s law and free diffusion. Osmosis, facilitated diffusion, active transport, transport across cell membranes and applications to cell biology and organ physiology.

BIEN 6420. Biomechanical and Biomaterial Systems Analysis. 3 cr. hrs.
Using fundamentals of biomaterials engineering and biocompatibility, analyzes the functions that organs serve and to analyze the efficacy and safety of artificial organs systems. Some organs/tissues discussed include the kidneys, liver, skeleton, skin, heart, muscles, eyes, and ears. Critically examines the suitability of state-of-the-art artificial organ systems, including artificial hearts, orthopaedic prostheses, kidney dialyzers, and cochlear devices to fulfill the functions of the replaced organs/tissues. Prereq: BIEN 5420.

BIEN 6440. Biomedical Engineering Analysis of Trauma. 3 cr. hrs.
An engineering analysis of the physiological changes following impact to the head, spinal cord, and limbs, and electrical events and effects on tissues are treated.

BIEN 6450. Musculoskeletal Biomechanics 1. 3 cr. hrs.
Emphasizes the interrelationship of force and motion as related to anatomic structure and function. Examines the forces and motions acting in the skeletal system and the various techniques used to describe them. Highlights current concepts as revealed in the recent scientific and engineering literature. Topics include: bone mechanics, joint mechanics, gait kinematics, instrumentation and measurement of biomechanical phenomena, and computer modeling of the musculoskeletal system. Prereq: MEEN 2120 or CEEN 2120 and MEEN 2130 or CEEN 2130.

BIEN 6451. Musculoskeletal Biomechanics 2. 3 cr. hrs.
Advanced concepts of kinematics and mechanics as they apply to the fields of biomechanics and rehabilitation. Covers aspects of gait, bone and joint surgery, and soft tissue surgery. Detailed study of joint mechanics, implant applications and mobility device function is performed. Includes advanced analysis and modeling as well as laboratory-based final project. Prereq: BIEN 6450.

BIEN 6470. Biomechanics of the Spine. 3 cr. hrs.
Analyzes anatomical and functional relationships among the hard and soft tissue structures of the spine as a function of vertebral column development, aging, disease and trauma. Emphasis given to the mechanisms of external and internal load transfer. Imaging (e.g. CT), experimental and finite element methods are used to study the effects of physiologic/traumatic loading, surgery and spinal disorders. Discusses current advancements in biomechanical/clinical literature.

BIEN 6500. Mathematics of Medical Imaging. 3 cr. hrs.
 Begins with an overview of the application of linear systems theory to radiographic imaging (pinhole imaging, transmission and emission tomography), and covers the mathematics of computed tomography including the analytic theory of reconstructing from projections and extensions to emission computed tomography and magnetic resonance imaging. Topics may also include three-dimensional imaging, noise analysis and image quality, and optimization. Contains advanced mathematical content.

BIEN 6600. Neuromotor Control. 3 cr. hrs.
Overview of current issues in neuromotor control and movement biomechanics. Special emphasis on the study of normal and impaired human movement. Topics include: muscle mechanics, biomechanics of movement, neural circuitry, strategies for the neural control of movement (including a discussion of adaptation and motor learning) and potential applications of biomedical engineering techniques to the study and improvement of impaired motor function. Prereq: BIEN 3300 which may be taken concurrently or equiv.; or cons. of instr.

BIEN 6610. Rehabilitative Biosystems. 3 cr. hrs.
Examines the plastic changes in biological systems that occur in response to targeted stimuli. These processes involve responses by cells to chemical, mechanical, or electrical stimuli (which may be related), which may be influenced or directed using engineering techniques. Examines the homeostasis of physiologic systems and their response to pathologic and rehabilitative stimuli. Examines engineering applications involving the diagnosis and rehabilitation of musculoskeletal, neurologic and cardiopulmonary biosystems in the context of the underlying cellular mechanisms. Prereq: BIEN 5700 which may be taken concurrently; and PHYS 1004.

BIEN 6620. Modeling Rehabilitative Biosystems. 3 cr. hrs.
Introduction to large-scale mathematical models of various physiological systems of interest in rehabilitation (e.g., cardiovascular, pulmonary, musculoskeletal, etc.). Discusses mathematical modeling, a widely used tool for testing hypotheses regarding the underlying mechanisms of complex systems such as physiological systems in health, disease and recovery. For each, simulation is used to further our understanding of the adaptive processes of these systems in response to physiological/pathophysiological stresses and rehabilitative interventions. Prereq: BIEN 5710 and BIEN 5700.
BIEN 6700. Analysis of Physiological Systems. 3 cr. hrs.

BIEN 6710. Cellular and Molecular Bioengineering. 3 cr. hrs.
Main topics include: cellular biomechanics with an emphasis on the cardiovascular system, molecular bioengineering, biotransport phenomena, and tissue engineering with focus on artificial internal organs. Cellular biomechanics topics covered are biomechanics of the endothelium, endothelial-immune cell interactions, and blood cell structural biomechanics. Topics in molecular bioengineering include chemotaxis and chemokinesis, and modeling of receptor-mediated endocytosis. Biotransport and tissue engineering topics include bioreactor design and the analysis and development of artificial internal organs like the liver and pancreas.

BIEN 6931. Topics in Biomedical Engineering. 3 cr. hrs.
Subject matter variable as determined by needs of biomedical graduate students. Students may enroll more than once as the subject matter changes. Possible topics: biostatistics, experimental methods, neuro-anatomy, etc.

BIEN 6932. Advanced Topics in Biomedical Engineering. 3 cr. hrs.
Advanced topics in design and analysis of biomedical instruments, devices and interfaces. Project approach drawing from current literature and current projects of laboratories of affiliated institutions. Topics include bioelectronics, biomechanics, biomaterials, and rehabilitation engineering.

BIEN 6947. Medical College of Wisconsin/FUIM-Joint Degree. 1-8 cr. hrs.
Graduate-level course in selected areas of the life sciences offered at the Medical College of Wisconsin. May be taken by doctorate BIEN students at Marquette University. Prereq: Cons. of dept. ch.

BIEN 6953. Seminar in Biomedical Engineering. 0 cr. hrs.
Scholarly presentations on current topics in biomedical engineering and related areas by visiting professors, resident faculty and graduate students. Attendance is required of all full-time graduate students. SNC/UNC grade assessment. Mandatory for all full-time BIEN graduate students.

BIEN 6954. Seminar in Biomedical Computing. 0 cr. hrs.
Scholarly presentations on current topics in biomedical engineering and related areas by visiting professors, resident faculty and graduate students. Attendance is required of all full-time graduate students. SNC/UNC grade assessment. Mandatory for all full-time BIEN graduate students.

BIEN 6960. Seminar: Journal Club. 0-3 cr. hrs.
0 credit will be SNC/UNC grade assessment; 1-3 credits will be graded.

BIEN 6995. Independent Study in Biomedical Engineering. 1-3 cr. hrs.
Prereq: Cons. of instr. and cons. of dept. ch.

BIEN 6999. Master’s Thesis. 1-6 cr. hrs.
S/U grade assessment. Prereq: Cons. of instr.

BIEN 8110. Research Methodologies 1. 3 cr. hrs.
Development of research aims and hypotheses, identification of relevant scientific literature, experimental approaches, statistical design, and pilot work to obtain preliminary results. Emphasizes written communication of research theme. The course project consists of the development of a research proposal including research aims, background, pilot experiments, and experimental design and methodology. Prereq: Accepted Ph.D. student in biomedical engineering.

BIEN 8120. Research Methodologies 2. 3 cr. hrs.
Oral and written communication of research results including graphics and text. Addresses graphical presentation of data and conceptual development of a scientific presentation and a manuscript. Emphasizes the basics of clear and effective scientific communication. Work culminates in the development of a scientific manuscript for peer review. Prereq: Accepted Ph.D. student in biomedical engineering.

BIEN 8210. Teaching Methodologies. 3 cr. hrs.
Seminar aimed at issues important for teaching in a university setting. Topics include: development of teaching philosophy, planning a class, designing a syllabus, assessing student learning and using technology in the classroom. Taught in conjunction with the Preparing Future Faculty (PFF) program. Prereq: Accepted Ph.D. student in biomedical engineering.

BIEN 8995. Independent Study in Biomedical Engineering. 1-3 cr. hrs.
In-depth research on a topic or subject matter usually not offered in the established curriculum with faculty and independent of the classroom setting. Prereq: Cons. of instr. and cons. of dept. ch.

BIEN 8999. Doctoral Dissertation. 1-12 cr. hrs.
S/U grade assessment. Prereq: Cons. of instr.

BIEN 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
BIEN 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9987. Doctoral Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9988. Doctoral Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9989. Doctoral Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9991. Professional Project Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9992. Professional Project Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9993. Professional Project Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9994. Master’s Thesis Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9995. Master’s Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9996. Master’s Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9997. Doctoral Dissertation Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9998. Doctoral Dissertation Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

BIEN 9999. Doctoral Dissertation Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Civil Engineering (CIEN)

Chairperson: Christopher M. Foley, Ph.D., P.E.
marquette.edu/engineering/civil_environmental/grad.shtml

Degrees Offered
Master of Science; Doctor of Philosophy; Certificate

Mission Statement
The mission of the Department of Civil, Construction and Environmental Engineering is to educate students in the Catholic, Jesuit tradition. These students will be competent in their technical fields, appreciate the moral and ethical impact of their professional work, and continue their professional development throughout their careers. They will advance the state of technical and scientific knowledge through research and provide service to civic and professional communities.

Specializations
M.S., Ph.D.: Construction Engineering and Management, Environmental Engineering, Structural Engineering and Structural Mechanics, Transportation Engineering and Materials

Program Descriptions
Certificate Programs
The Department of Civil, Construction and Environmental Engineering offers five non-degree graduate certificate programs. The certificate programs are designed for practicing engineers and other qualified individuals with bachelor's degrees, who wish to update and/or expand their knowledge in specific technical areas, but do not necessarily wish to pursue master's or doctoral degrees.

Degree Programs
The master of science and doctor of philosophy degree programs are designed to provide graduate students with both broad fundamental knowledge and up-to-date information on current and emerging technologies. Students may enroll on either a full-time or part-time basis. Doctoral students and research-oriented master's students (e.g., Plan A) engage in research activities under the close supervision of their advisers, gradually learning to become independent researchers. Their projects are often supported by government and industry grants. Courses and research projects make significant use of the department's extensive laboratory and computational facilities. Graduates find employment in industry, government, academia and research laboratories.

Prerequisites for Admission
Applicants should have graduated with, or be about to graduate with, a baccalaureate degree in an appropriate area of study from an accredited institution. In addition, doctoral applicants are required to have earned a master's degree in a related field. (In some instances, exceptional applicants may be considered for entry into the doctoral program without a master's degree.)

Application Requirements
Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation.
4. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.
5. (For doctoral and all international applicants) GRE scores (General Test only).
6. The GRE is recommended for, and may be requested of, master’s applicants with undergraduate grade point averages less than 3.000 out of 4.000.
7. (For doctoral applicants only) a brief statement of purpose.
8. (For doctoral applicants only) submission of any English-language publications authored by the applicant is optional, but strongly recommended; this includes any master's thesis or essay that the applicant may have written.
Research Activities

The Department of Civil, Construction and Environmental Engineering maintains laboratories related to studies in hydraulics, environmental engineering, engineering materials and structural testing, geotechnical engineering, and asphalt, as well as computational facilities. The Water Quality Center and the Transportation Research Center are associated with the department.

Research interests of the faculty include: retrofit and repair of structures using fiber-reinforced polymers, prestressed concrete, steel building systems, application of evolutionary computation and optimization algorithms in structural engineering, reliability-based performance assessment of civil infrastructure, microcantilever-based sensors, computer applications in construction, accident experience with ice control operations, work-zone safety, impacts of pavement surface textures, effects of grinding on PCC pavements, pavement performance inputs for life-cycle cost analysis, driver understanding of traffic signals, traffic accident relations with roadway geometry, finite element analysis of pavement structures, anaerobic digestion of waste, wastewater treatment, micropollutant treatment and fate transport, analytical chemistry, physical/chemical water treatment, sustainability and life-cycle cost analysis, and water treatment/supply.

Accelerated Bachelor’s-Master’s Degree Program

The department offers a five-year combined bachelor’s-master’s program available to outstanding Marquette University undergraduate students. This program enables students to earn both their bachelor of science and master of science degrees in civil engineering in just five years. Students currently enrolled in the undergraduate program in civil and environmental engineering at Marquette University (with a GPA of 3.500 or above) may apply for admission to the five-year program during their junior year. Students must submit an application to the Graduate School, indicate their interest in the five-year program and meet all other admission criteria as stated in the Application Requirements section.

In addition to completing their undergraduate degree requirements, students will take master’s level courses in their senior year. (Note: No course is permitted to satisfy both the undergraduate and graduate degree requirements in the accelerated B.S.-M.S. program of the Department of Civil, Construction and Environmental Engineering.) The remaining master’s level course work is taken during the student’s fifth year. If students pursue Plan A (thesis option), work on the thesis research should begin the summer between the junior and senior years. Students will continue to gain research experience during the summer between the senior and fifth years, continuing throughout the fifth year and culminating in preparation of a written thesis and defense. Students are also permitted to follow Plan B (course work option), which may also be designed so that the combined bachelor’s-master’s program may be completed in five years.

Civil Engineering Certificate Requirements

Each graduate certificate program requires completion of four courses (12 credits) selected from a prescribed list of courses pertinent to the area of study. All courses taken must be approved for graduate credit, and at least two of the courses must be strictly graduate level (courses numbered 6000 or above). Students must complete all courses within a three-year time period and must earn a grade point average of at least 3.000 with no grade below a C.

### Civil Engineering Master’s Requirements

Students may earn a master’s degree under either Plan A (thesis) or Plan B (non-thesis). Regardless of the option chosen, at least one-half of the total course work requirement must be taken at the 6000-level. In most cases, master’s students are admitted to the program under Plan B but may transfer...
to Plan A with permission from their adviser. **Note:** Recipients of teaching or research assistantships are strongly encouraged to pursue Plan A (thesis option).

Plan A requires the student to complete 30 credit hours (24 hours of course work, 6 hours of thesis work), submit an approved thesis, and pass a final oral comprehensive examination (thesis defense). The comprehensive exam for Plan A is focused mainly on the student's thesis topic.

Under the Plan B option, students must complete 30 credit hours of course work and pass a final comprehensive examination. The comprehensive exam for Plan B is usually an oral exam, administered by the student's three-person master's committee. The scope of the Plan B comprehensive exam may span the student's entire body of course work.

Both Plans A and B require that at least 18 credit hours be from the Department of Civil, Construction and Environmental Engineering course offerings.

### Civil Engineering Doctoral Requirements

A doctoral student must complete a program of study prepared in consultation with his or her doctoral adviser and outlined on an approved Doctoral Program Planning Form. This form must be submitted within the first year of the student's doctoral studies. The program normally requires a minimum of 45 credit hours of course work beyond the baccalaureate degree plus 12 credit hours of dissertation work. In cases in which the student enters the program with a master's degree in civil engineering or a closely related field, the student may request that the department and the Graduate School allow credits from the master's degree to satisfy up to 21 credit hours of the required course work. Thus, a minimum of 24 credit hours of course work exclusive of the dissertation must be taken at Marquette University while the student is in the doctoral program. The student must also pass a doctoral qualifying examination (DQE) and submit and successfully defend a dissertation.

The DQE normally consists of both written and oral tests and is administered after the student has completed 30 to 36 credit hours of graduate study (inclusive of any approved credit hours from a previous master's degree). Each faculty member on a doctoral candidate's committee may submit questions for the written examination. The doctoral committee, as a whole, gives the oral examination.

The dissertation must represent an original research contribution showing high attainment and clear ability to do independent research. A public defense of the dissertation (the final oral examination) is administered after the student has completed all other formal requirements for the doctoral degree.

### Courses

**CEEN 5145. Advanced Strength and Applied Stress Analysis. 3 cr. hrs.**

**CEEN 5230. Urban Hydrology and Stormwater Management. 3 cr. hrs.**
Distribution and properties of waters on the earth. Concept of the hydrologic cycle, and basic principles of meteorology, precipitation, streamflow, evapotranspiration, and groundwater flow. Erosion and urban stormwater pollution. Design of urban flood protection and stormwater pollution abatement systems.

**CEEN 5310. Geographical Information Systems in Engineering and Planning. 3 cr. hrs.**
Fundamentals of GIS, databases, data management, map projections, representations of spatial attributes, GIS analysis and GIS software systems such as ARC Info, ARC View, Grass. GIS use and expanded capabilities are taught. Case studies including environmental, transportation and economic applications are discussed.

**CEEN 5320. Engineering Decisions Under Uncertainty. 3 cr. hrs.**
Application of probability and statistics to modeling, analysis and design of civil engineering systems. Topics include: probability theory, decision theory, utility theory and simulation.

**CEEN 5340. Urban Planning for Civil Engineers. 3 cr. hrs.**
Concepts and principles underlying urban planning and development. Land use, transportation, utility, community facility planning problems, procedures, and techniques. The master plan and implementation devices such as zoning, subdivision control, official mapping, capital budgeting, and urban renewal.

**CEEN 5350. Law for Engineers. 3 cr. hrs.**
Basic legal principles and awareness of typical legal questions that arise when engineers and law interact. Topics include: American judicial system, law of contracts, forms of association, construction contracts, professional liabilities of engineers and torts.

**CEEN 5411. Matrix Structural Analysis. 3 cr. hrs.**
CEEN 5431. Advanced Structural Steel Design. 3 cr. hrs.
Continuation of CEEN 3430. Design of plate girders, composite beam and slab systems, composite columns and composite beam-columns, simple connections, moment connections, hollow structural shape (HSS) connections, bracing systems and single and multi-story steel framed building systems. Emphasis on AISC Specifications.

CEEN 5441. Advanced Reinforced Concrete Design. 3 cr. hrs.
Continuation of CEEN 3440. Presenting advanced concrete design applications to reinforced concrete statically indeterminate systems, two-way slabs and columns. Introduction to the philosophy and concepts of prestressed concrete design. Basic principles and procedures for the design and analysis of prestressed members including calculation of pre-stress loss, flexural analysis and design, shear, bond and anchorage requirements, member deflections and cable layouts. Emphasis on ACI code requirements.

CEEN 5450. Bridge Design. 3 cr. hrs.
Introduction to bridge engineering and construction including: an abbreviated history of bridge construction; bridge types; bridge nomenclature; lessons from failures; design philosophies; and the construction process. Analysis of single- and multi-span bridge superstructures using classical techniques and commercial software. Design of single-span reinforced concrete slab bridges; reinforced concrete bridge decks; and single-span slab-bridges in prestressed concrete.

CEEN 5460. Foundation Engineering. 3 cr. hrs.
Design of earth retention systems, earth dams, shallow and deep foundation members subjected to vertical and eccentric loadings. The effects of solid origin and deposition are analyzed in relation to bearing and capacity and settlement of structures. Prereq: CEEN 3160.

CEEN 5515. Environmental Chemistry. 3 cr. hrs.
Chemical stoichiometry, equilibrium, and kinetics relating to natural and engineered environmental systems. Basic concepts from organic and inorganic chemistry including oxidation-reduction reactions, acid-base chemistry, the carbonate system, alkalinity and acidity. Equilibrium and kinetic theories of chemical partitioning among gas, liquid and solid phases governing chemical fate and transport in the environment. Coordination chemistry describing metal-ligand interactions, precipitation and bioavailability of materials.

CEEN 5520. Industrial Wastewater Management. 3 cr. hrs.
Review of federal legislation and state regulations with regard to industrial wastewater management practices. Consideration of industrial process modifications and wastewater treatment options with respect to their effect on industrial user fees. Pretreatment standards and discharge permit requirements. Case studies of specific industrial applications.

CEEN 5525. Treatment Plant Design and Operation. 3 cr. hrs.
Review of water and wastewater characteristics, drinking water, receiving water and effluent standards. Basic design methodology and operational features of common physical, chemical and biological processes for the treatment of waters and wastewaters. Introduction to the processing and disposal of sludges and other treatment plant residuals.

CEEN 5530. Hazardous and Industrial Waste Management. 3 cr. hrs.

CEEN 5535. Environmental Engineering Microbiology. 3 cr. hrs.
Includes microbiological and biochemical properties of microorganisms important in environmental engineering practice. General fundamentals of environmental microbiology and their application to drinking water treatment and distribution, water pollution control and natural systems.

CEEN 5515. Environmental Chemistry. 3 cr. hrs.
CEEN 5615. Highway Planning and Design. 3 cr. hrs.
Emphasis on highway planning, alternate highway alignments and alternate evaluation. Also geometric design of highways including horizontal and vertical alignment, cross-section design. Projects on detailed design of reverse curves (plan and profile views); intersection design; cross-section and earthwork quantities. Legal aspects of engineering. Use of American Association of State Highway and Transportation Officials design guidelines. 2 hrs. lec., 2 hrs. lab.

CEEN 5630. Airport Planning and Design. 3 cr. hrs.
Introduction to airport planning and design parameters, aircraft characteristics, payload versus range, runway length requirements, air traffic control, wind analysis, airside capacity and delay, airside separation criteria, terminal analysis and delay, airport access flow and capacity, ramp charts. Economic analysis of facility improvements.

CEEN 5640. Traffic Characteristics and Design. 3 cr. hrs.
Components of the traffic system: vehicle and road user characteristics, geometric design and traffic controls. Intersection types, cross-section design elements and typical dimensions. Basic variables of traffic flow, observed traffic flow values. Freeway operations. Signalized intersections: flow, capacity, level of service. Projects addressing: intersection existing conditions (traffic, geometry, signalization); approach delay; safety performance; capacity; suggestions for improvements. Use of the Highway Capacity Manual and the Highway Capacity Software. Emphasis on technical report-writing and presentation.
CEEN 5650. Pavement Design. 3 cr. hrs.
Study of the behavior and properties of highway pavements with emphasis on hot mix asphalt and jointed Portland cement concrete pavement. Pavement thickness designs are developed using current design methods and incorporating subgrade soil properties, traffic forecasts and pavement performance expectations. Use of spreadsheets and computer programs are required. Prereq: CEEN 3160 and CEEN 3610; or equiv.

CEEN 5660. Pavement Management. 3 cr. hrs.
Study of the performance of pavement systems based on design, traffic and maintenance activities. Methods for evaluating in-service pavements including distress surveys and nondestructive testing are examined. Maintenance strategies are developed and life-cycle cost analysis of these strategies are studied. Prereq: CEEN 3610 or equiv.

CEEN 5715. Sustainable Engineering. 3 cr. hrs.
Overview of sustainable engineering principles including environmental, economic and social equity issues. Covers tools, such as mass and energy balances and life cycle assessment. Other topics include: global warming, green house gases, green engineering, clean manufacturing, and sustainable management of energy and natural resources.

CEEN 5815. Mechanical and Electrical Systems for Buildings. 3 cr. hrs.
Provides basic knowledge of electrical, plumbing and HVAC systems used in residential, commercial and industrial buildings. Studies the advantages and disadvantages of various systems, and how their design and installation integrates into the management of the building process. Particular attention is given to soliciting and managing mechanical and electrical subcontractors.

CEEN 5820. Construction Operations and Productivity. 3 cr. hrs.
Study of construction operations with emphasis on productivity measurement and enhancement. Application of an integrated approach to planning, analysis and design of construction operations. Application of simulation models and other analytical tools for modeling construction operations. Study of productivity improvement strategies, including lean construction principles.

CEEN 5825. e-Business in the Construction Industry. 3 cr. hrs.
Explores the ways in which information technology and its Internet components help to provide competitive advantage for construction companies. Selection/implementation of Web-based project management tools. An investigation of digital technologies in construction industry. Wire/wireless communication, online plan/bid rooms, mobile computing, and video conferencing.

CEEN 5830. Construction Planning, Scheduling, and Control. 3 cr. hrs.
A study of principles and techniques used to plan, schedule and control costs on building construction projects. Network and linear scheduling models, resource allocation and time-cost analysis. Develops an appreciation of the resources required in a project and their limitations and introduces the techniques for analyzing and improving their use. Develops an understanding of the correlation between project planning and control and cost estimating and scheduling.

Study of various cost estimating methods and their applications. Topics include: labor, material, equipment and indirect costs; quantity takeoff; analysis of historical cost data; forecasting and computerized estimating methods.

CEEN 5845. Construction Equipment and Methods. 3 cr. hrs.
Construction equipment and productivity analysis. Design of equipment fleet operations. Design of temporary structures used during construction such as earth retaining structures and concrete formwork systems. Construction equipment safety and safety standards related to earthwork and concrete forming operations.

CEEN 5850. FRP in Civil Engineering Infrastructure. 3 cr. hrs.
Introduces Fiber Reinforced Polymer (FRP) material properties, FRP reinforced concrete, FRP prestressed concrete, FRP repaired and retrofitted structures and pure FRP structures.

CEEN 5931. Topics in Civil Engineering. 1-3 cr. hrs.
Course content announced each term. Prereq: Cons. of instr.

CEEN 6110. Theory of Elasticity. 3 cr. hrs.
Mathematical preliminaries (indicical notation, vectors, Cartesian tensors, coordinate transformations, eigenvalue problems, divergence theorem); kinematic relations (strain-displacement and compatibility); stress tensor and traction vector; differential and virtual work expressions of equilibrium; constitutive relations; stored energy functions; formulation of elastostatics boundary value problems; uniqueness theorems; theorem of minimum potential energy; Saint-Venant’s principle; Saint-Venant beam theory; plane stress and plane strain.

CEEN 6120. Introduction to the Finite Element Method. 3 cr. hrs.
Theoretical development of the finite element method (FEM) of analysis, with particular emphasis on problems of solid mechanics; development of element stiffness matrices for axial, beam, plane stress, plane strain, plate, shell, and solid elements; synthesis of global stiffness matrix, solution of the finite element equations; introduction to numerical implementation of FEM and general purpose FEM software.

CEEN 6121. Applied Finite Element Analysis and Modeling. 3 cr. hrs.
Review of linear elastic finite element analysis (FEA) theory in solid/structural mechanics; review of commercial FEA code use (ANSYS®) in linear elastic applications; introduction to advanced theories, including theories of vibration, material nonlinearities, geometric nonlinearities, structural instabilities, and/or time-dependent deformations (creep); use of ANSYS® to simulate complex structural behavior; model development, verification, and improvement. Prereq: CEEN 6120 or equiv.
CEEN 6210. River Engineering. 3 cr. hrs.
Offers a solid background in the basic principles of open-channel hydraulics, gradually-varied flow, rapidly-varied flow, hydrologic and hydraulic flood routing, and river restoration/naturalization. Hand calculations of numerous open-channel flow problems, and application of the HEC-RAS program for backwater analysis and for flood routing in combination with HEC-1. Includes concepts for stream restoration/naturalization.

CEEN 6240. Water Quality Modeling and Management. 3 cr. hrs.

CEEN 6410. Numerical Analysis with Structural Application. 3 cr. hrs.
Interpolation polynomials; numerical integration and differentiation; Taylor series, Fourier, cubic spline, and least-squares polynomial approximations; numerical solution of initial-value problems by Prediction-Correction and Runge-Kutta methods; numerical solution of boundary-value problems by finite difference method; numerical solution of integral equations; approximate solution of ordinary differential equations by weighted residuals and Galerkin methods; approximate solution of variational problems by Rayleigh-Ritz method.

CEEN 6420. Nonlinear Structural Analysis. 3 cr. hrs.
Application of the principle of virtual displacements in the formulation of element stiffness equations that include geometric and material nonlinearity. Determination of critical (buckling) loads of structural systems using eigenvalue analysis. Formulation and application of algorithms for nonlinear structural analysis. Application of commercial software in geometrically nonlinear analysis, materially nonlinear analysis, and critical load (buckling) analysis. Prereq: CEEN 5411.

CEEN 6425. Earthquake Engineering. 3 cr. hrs.
Introduction to the mechanics of ground motion (earthquake) and its effects on building and bridge structures. Application of structural dynamics principles in relation to structural analysis for earthquake-generated forces. Response to simulation of single degree of freedom and multi-degree of freedom linear structural systems to earthquake-induced ground accelerations using Newmark response history analysis (RHA), modal response history analysis (mRHA) and response spectrum analysis (RSA). Discussion of philosophies upon which building-code IBC, NEHRP) mandated earthquake analysis and design procedures are based. Prereq: CEEN 3430, CEEN 3440, CEEN 5411, CEEN 6435.

CEEN 6435. Structural Dynamics. 3 cr. hrs.
Formulation of single-degree-of-freedom (SDOF) equation of motion; generalized SDOF systems; free-vibration response; harmonic excitation; periodic loading and Fourier series; impulsive loads; response (shock) spectra; general response by Duhamel and Fourier integrals; non-linear dynamic analysis; Rayleigh's method; formulation of multiple-degree-of-freedom (MDOF) equations of motion; structural property matrices and load vectors; eigenvalue problem for natural frequencies and mode shapes; orthogonality of mode shapes; mode superposition.

CEEN 6510. Biochemical Transformations in the Environment. 3 cr. hrs.

CEEN 6520. Environmental Laboratory 1 - Analyses. 3 cr. hrs.
Physical, chemical and biological analyses for the characterization of waters, wastewaters, solid wastes, sludges and leachates. Use of modern instrumentation in laboratory analysis. Applicability of analytical results to the environmental field. Prereq: CEEN 3510 and CEEN 5515.

CEEN 6521. Environmental Laboratory 2 - Processes. 3 cr. hrs.
Theoretical principles and laboratory experimentation governing the processes of settling, coagulation, adsorption, flotation, disinfection, oxygen transfer, biological treatment and sludge conditioning, thickening and dewatering. Prereq: CEEN 5525 and CEEN 6520.

CEEN 6530. Hazardous Waste Remediation Technologies. 3 cr. hrs.
Hazardous waste remediation technology selection. Chemical kinetics, equilibria and mass transfer. Aqueous phase treatment and solid/liquid separation processes. Physical, chemical and biological interactions under environmental conditions. Specific technologies will include: physical barriers, bioremediation and soil vapor extraction, soil flushing and chemical extraction, immobilization and chemical and thermal destruction technologies. Multi-media, multi-contaminant treatment approaches. Computer model simulations and case studies. Prereq: CEEN 5515 and CEEN 5525.

CEEN 6540. Physical and Chemical Processes of Environmental Engineering. 3 cr. hrs.
Theory and design of unit operations and processes utilized for the treatment of water and wastewater, including coagulation, flocculation, sedimentation, filtration, adsorption, ion exchange and aeration. Prereq: CEEN 5515 and CEEN 5525.

CEEN 6932. Advanced Topics in Civil Engineering:. 1-3 cr. hrs.
Course content announced each term. Topics may include: structural optimization, design of structures for random loads, transportation systems analysis and design, water and wastewater systems analysis and design, and soil-structure interaction.

CEEN 6953. Graduate Seminar in Civil Engineering. 0-3 cr. hrs.
Review of current literature. Group discussion of recent work and current research by students and staff. 0 credit will be SNC/UNC grade assessment; 1-3 credits will be graded.

CEEN 6995. Independent Study in Civil Engineering. 1-3 cr. hrs.
Prereq: Cons. of instr. and cons. of dept. ch.
CEEN 6999. Master's Thesis. 1-6 cr. hrs.  
S/U grade assessment. Prereq: Cons. of dept. ch.

CEEN 8953. Doctoral Seminar in Civil Engineering. 0-3 cr. hrs.  
0 credit will be SNC/UNC grade assessment; 1-3 credits will be graded.

CEEN 8995. Independent Study in Civil Engineering. 1-3 cr. hrs.

CEEN 8999. Doctoral Dissertation. 1-12 cr. hrs.  
S/U grade assessment. Prereq: Cons. of dept. ch.

CEEN 970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CEEN 974. Graduate Fellowship: Full-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CEEN 975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CEEN 976. Graduate Assistant Research: Full-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CEEN 984. Master's Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CEEN 985. Master's Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CEEN 986. Master's Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CEEN 987. Doctoral Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CEEN 988. Doctoral Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CEEN 989. Doctoral Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CEEN 994. Master's Thesis Continuation: Less than Half-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CEEN 996. Master's Thesis Continuation: Full-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CEEN 997. Doctoral Dissertation Continuation: Less than Half-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CEEN 998. Doctoral Dissertation Continuation: Half-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

CEEN 999. Doctoral Dissertation Continuation: Full-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Electrical and Computer Engineering (EECE)

Chairperson: Edwin E. Yaz, Ph.D., P.E.
marquette.edu/engineering/electrical_computer/grad.shtml

 Degrees Offered
Master of Science; Doctor of Philosophy; Certificate

 Mission Statement
The Department of Electrical and Computer Engineering embraces the missions of Marquette University and its College of Engineering. The mission of the Department of Electrical and Computer Engineering is to offer its students high quality, up-to-date, nationally-recognized programs in electrical and computer engineering that prepare them for successful careers. This success is marked by a commitment to lifelong learning and a deep concern for the impact of their work on others, research that advances the frontiers of technical and scientific knowledge and service to professional and civic communities.

 Specializations
M.S., Ph.D.: No formal specializations offered; however, students may focus their course work in one or more of the following areas: Signal Processing, Control Theory, Electromagnetic Fields and Waves, Power and Energy Systems, Solid State Devices and Sensor Systems, or Algorithms and Machine Learning.

 Certificate: Digital Signal Processing; Electric Machines, Drives and Controls; Microwaves and Antennas; Sensors and Smart Sensor Systems

 Program Descriptions

 Certificate Programs
The department offers several 12-credit non-degree graduate certificate programs. The certificate program is designed for practicing engineers and other qualified individuals with bachelor’s degrees, who wish to update and/or expand their knowledge in specific areas, but do not necessarily wish to pursue a master’s or doctoral degree. A student may complete more than one certificate program; however, credits used toward one certificate may not be used to meet the requirements of another. Up to a total of 12 credits earned in all certificate programs completed may also be used to meet master’s or doctoral degree requirements.

Graduate certificates are offered in the following four areas: digital signal processing; sensors and smart sensor systems; electric machines, drives and controls; and microwaves and antennas. Detailed requirements for these certificates are available from the department chairperson. In addition, certificates can be individually tailored to the needs of the student with the aid of an adviser and approval of the EECE graduate committee.

 Degree Programs
The master of science and doctor of philosophy degree programs are designed to provide graduate students with both broad fundamental knowledge and up-to-date information on current and emerging technologies. Students may enroll on either a full-time or part-time basis (with the exception of the one-year residency requirement for doctoral students). Doctoral students and research-oriented master’s students engage in research activities under the close supervision of their advisers, gradually learning to become independent researchers. Their projects often are supported by government and industry grants. Courses and research activities make significant use of the department’s extensive laboratory and computer facilities. Graduates find employment in industry, research facilities, government and academia.

 Prerequisites for Admission
Graduates of accredited colleges or universities with bachelor’s degree in electrical engineering, computer engineering or equivalent are eligible for admission. Only those applicants whose undergraduate records show promise of success in graduate study are admitted. To qualify for admission, applicants must have, as a minimum, approximately a B average in their total post-secondary school education.

A master of science degree or equivalent in an appropriate field of study is required for admission to the doctoral program. Applicants with bachelor’s degrees must first be admitted to and successfully complete the master of science degree program and may then continue into the doctoral program.

 Application Requirements
Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation.
5. GRE test scores (General Test only).
6. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.
7. (For non-degree certificate applicants only) a certificate course work planning form, prepared in consultation with an adviser from the department.

General Information

All admitted students are required to obtain and read the department’s Graduate Student Handbook (http://www.marquette.edu/engineering/electrical_computer/documents/gradhandbook2010.pdf), which contains complete details about the electrical and computer engineering programs and additional departmental degrees. This handbook is available through the Electrical and Computer Engineering Office, (414) 288-6820 and on the department’s graduate programs Web page at marquette.edu/engineering/electrical_computer/grad.shtml.

Accelerated Bachelor’s–Master’s Degree Program

The EECE Department offers an accelerated degree program where eligible students may obtain both a bachelor’s degree and an M.S.E.E. degree in five years. Students with a GPA of 3.500 or better in their mathematics, science and engineering courses are eligible to apply to this program in their junior year. This program is available to undergraduate students in electrical and computer engineering or in physics. Students wishing to participate in the five-year program must apply and be admitted to the program before their senior year.

General Certificate Requirements

Each graduate certificate program requires completion of four courses (12 credits) selected from a prescribed list of courses pertinent to the area of study, as indicated below. All courses taken must be approved for graduate credit and at least two of the courses must be strictly graduate level (6000 or 8000-level courses). Students must complete all courses within a three-year time period and must earn a grade point average of at least 3.000 with no grade below a C. Specific requirements are listed below.

Electrical and Computer Engineering Master’s Requirements

The EECE department offers two options for earning a master’s degree, a thesis option (Plan A) and a non-thesis option (Plan B). By the end of the first semester of full-time studies, all master’s students must select and meet with the academic adviser and together complete a Master’s Program Planning Form, including identifying whether they wish to pursue the thesis or non-thesis option as well as listing a proposed set of courses for their program of study. This program of study must be approved by the adviser and the EECE director of graduate studies, as well as the Graduate School. Courses must form a cohesive overall plan of study as determined mutually by each student and his or her adviser.

In the thesis option, 30 credit hours are required: 24 credit hours of course work plus 6 credit hours of EECE 6999 Master’s Thesis. At least 18 of the 24 credits of course work must be taken in EECE. At least one half of the minimum total course program (i.e., 12 hours exclusive of thesis) and of the EECE course program (i.e., 9 hours exclusive of thesis but including the required courses EECE 6010 Advanced Engineering Mathematics and EECE 6020 Probability and Random Processes in Engineering) must be taken at the strictly graduate level (6000 or 8000-level). Students in the master’s thesis option must also successfully complete and defend a research thesis under the guidance of their faculty advisers and thesis committees.

In the non-thesis option, 30 credit hours, at least 21 of which must be in EECE, are required. At least 18 credits of the total program course work and at least 12 credits of the EECE course work (including EECE 6010 Advanced Engineering Mathematics and EECE 6020 Probability and Random Processes in Engineering) must be taken at the strictly graduate level (6000 or 8000-level). In addition, independent study and research seminar credits are not permitted in this program option. Students in the master’s non-thesis option must also successfully pass a written comprehensive examination prior to graduation. The exam covers material from the two required core courses EECE 6010 Advanced Engineering Mathematics and EECE 6020 Probability and Random Processes in Engineering, plus one additional focus area identified by students and their advisers.

Full details of the master’s degree programs can be found in the EECE Graduate Student Handbook (http://www.marquette.edu/engineering/electrical_computer/documents/gradhandbook2010.pdf).

Electrical and Computer Engineering Doctoral Requirements

The doctoral program requires a total of 24 post-master’s credit hours of course work, plus an additional 12 dissertation credits. (A master’s degree is considered to be the equivalent of 24 course work credits, so that this course work requirement is the equivalent of 48 credits beyond the bachelor’s degree, exclusive of dissertation credits.)

The only required courses for the doctoral program are EECE 6010 Advanced Engineering Mathematics and EECE 6020 Probability and Random Processes in Engineering typically taken in the first year of study. Courses must form a cohesive overall plan of study as determined mutually by each student and their adviser.

Doctoral students are required to take the doctoral written qualifying examination by the beginning of their fourth semester of study. The WQE is a written exam, administered twice a year. Following successful completion of the WQE, students become doctoral candidates and move forward
with pursuing their dissertation research. This process includes formation of a faculty dissertation committee, presentation of an oral proposal and dissertation outline and finally a public dissertation defense of their work.

Full details of the doctoral program can be found in the EECE Graduate Student Handbook (http://www.marquette.edu/engineering/electrical_computer/documents/gradhandbook2010.pdf).

Courses

EECE 5015. Advanced Electrical Engineering Laboratory. 3 cr. hrs.
Project-based laboratory experience in the design, assembly and testing of advanced electronic and electrical systems. Course content announced prior to each term. Students may enroll in the course more than once as the content of the course changes. Possible topics for the advanced laboratory experience include, but are not limited to: advanced electromagnetic system design, optical and high frequency electronics, nonlinear control systems, motor control circuits and systems, power electronics, communications circuits, integrated microelectronic circuit design and fabrication (VLSI), advanced analog system design, advanced digital system design, microprocessor system-level design. Instruction and use of the appropriate test and measurement tools for design, assembly and testing of systems. Two hrs. lec., 2 hrs. lab. Prereq: Cons. of instr.

EECE 5090. Developments in Electronics. 1-3 cr. hrs.
Course content announced prior to each term. Students may enroll in the course more than once as subject matter changes. May be taught in traditional lecture format or as a seminar which focuses on readings from current literature. Possible topics include laser electronics, optoelectronics and photonics, RF circuit design, SOC design. Prereq: Cons. of instr. or grad. stndg.

EECE 5130. Antenna Theory and Design. 3 cr. hrs.
Design and use of antennas of varying types, including wire, broadbands, horn, and reflector antennas in transmitting and receiving applications. The application and design of antenna arrays, and an introduction to diffraction theory.

EECE 5150. Applied Finite Elements in Electromagnetics. 3 cr. hrs.
Introduction to finite element (FE) analysis as applied to linear and static electromagnetic field problems. Review of basic field formulations using Maxwell’s electromagnetic field equations, solution of boundary value problems using the finite difference methods, FE formulations, assembly of elemental and global matrices, pre-processing, post-processing. Application of the FE method using one-dimensional and two-dimensional elements, magnetostatic and electrostatic analysis, and the use of commercially available software packages.

EECE 5190. Developments in Electromagnetics. 1-3 cr. hrs.
Course content announced prior to each term. Students may enroll in the course more than once as subject matter changes. May be taught in traditional lecture format or as a seminar which focuses on readings from current literature. Possible topics include wireless and microwave components and systems, electromagnetic compatibility, radio wave propagation. Prereq: Cons. of instr. or grad. stndg.

EECE 5210. Design and Analysis of Electric Motor-Drive Systems. 3 cr. hrs.
Principles of design of AC and DC electric machines, in particular design of electric motors in power electronically controlled adjustable speed drives, torque and power to volume analysis under constant volts per hertz torque-speed control. Covers design of AC induction, synchronous, universal and DC conventional as well as brushless DC motors, and low horsepower motors in adjustable speed drives. Covers effects of space and time harmonics on motor design and performance are covered including harmonic abatement for control of torque pulsation. Use of modern modeling techniques throughout.

EECE 5230. Renewable and Legacy Electric Energy Systems Analysis. 3 cr. hrs.
Elements of renewable and legacy electric power systems; fundamental concepts and techniques for design and analysis; per unit system; load flow; economic dispatch; smart grids and load management; steady state and transient power system stability.

EECE 5240. Protection and Monitoring of Electric Energy Systems. 3 cr. hrs.
Principles of design of relay and sensor systems for detection of faulty operating conditions in electric generators, transformers, power transmission lines, motors and other loads in power systems. Symmetrical components, balanced and unbalanced faults including single and multiple unbalances. Design and hierarchical coordination of protection systems for interconnected generation, transmission and distribution facilities in power systems, which includes integrated generator-transformer-busbar-transmission line-load protection and analysis of operation under fault conditions.

EECE 5250. Transients in Electric Energy Systems and Devices. 3 cr. hrs.
Covers microsecond fast transients in power systems and devices resulting from lightning strokes, switching surges in power systems and devices, as well as impulse surges resulting from pulse width modulation in modern adjustable speed drives, using distributed parameter models and analysis of transmission lines and windings of transformers, generators and motors. Also covers successive reflections, transition points, wavefront flattening techniques and surge arrester design applications for voltage buildup reduction and control are studied. Includes polyphase multi-velocity multi-conductor system transients.
EECE 5290. Developments in Energy and Power. 1-3 cr. hrs.
Course content is announced prior to each term. Students may enroll in the course more than once as subject matter changes. May be taught in traditional lecture format or as a seminar which focuses on readings from current literature. Topics may include: electronics for machine and drive systems, electrical transients, faults and diagnostics and protection in power devices and systems, renewable energy systems, smart grids and advanced topics in the electric energy engineering area.

EECE 5310. Control Systems. 3 cr. hrs.
Review of continuous-time linear systems. Time-domain system analysis. Time-domain design of lead/lag and PID controllers. Root-Locus technique. Frequency-domain system analysis including Nyquist, Bode, and Nichols analysis and relative stability. Frequency-domain design/lead and PID controllers.

EECE 5320. Digital Control Systems. 3 cr. hrs.
Review of sampling processes, discrete time linear systems analysis and z-transform. Discrete time and sampled data state-variable analysis. Stability analysis, time domain and frequency-domain analysis and design. Analysis, design and computer implementation of digital algorithms and control systems.

EECE 5390. Developments in Control. 1-3 cr. hrs.
Course content announced prior to each term. Students may enroll in the course more than once as subject matter changes. May be taught in traditional lecture format or as a seminar which focuses on readings from current literature. Possible topics include optimal, adaptive and robust control methods, digital control and nonlinear systems.

EECE 5410. Integrated Microelectronic Circuits. 3 cr. hrs.
Basic processing technology of integrated circuits, passive components and their parasitic effects, MOS transistors, bipolar transistors and diodes, design of silicon integrated circuits. Emphasizes the design of circuits to meet given requirements.

EECE 5450. Surface Acoustic Wave Devices. 3 cr. hrs.
Studies the theory and applications of surface acoustic wave devices. Major topics covered include: theory of surface and other acoustic wave modes; design, analysis, and performance of interdigital devices; SAW bandpass filters; oscillators and sensors; and applications of SAW devices in wireless communications.

Sensor classification and transduction principles. Fundamental principles and theory of operation of various types of sensors, based on various technologies which include: optical, electrical, acoustical, thermal, magnetic, mechanical and chemical. Analysis of sensor signals. Study of sensor characteristics which include hysteresis, non-linearity, saturation, repeatability, sensitivity, selectivity and resolution. Design and practical implementations of various sensors for scientific, industrial and consumer applications.

EECE 5490. Developments in Devices. 1-3 cr. hrs.
Course content announced prior to each term. Students may enroll in the course more than once as subject matter changes. May be taught in traditional lecture format or as a seminar which focuses on readings from current literature. Possible topics include: optoelectronic devices, nano-scale devices, solid-state devices, integrated electronic devices, power devices, electro-mechanical devices, quantum devices.

EECE 5510. Digital Signal Processing. 3 cr. hrs.
Introduction to the theory and practice of discrete-time signals and systems. Concepts covered include: Fourier Transforms, Z-transforms, linear time invariant system analysis in the time and frequency domains, sampling theory and Discrete Fourier Transforms. Application of these concepts includes: digital filter design techniques and the use of Fast Fourier Transforms for efficient frequency domain analysis. Labs and design projects related to specific signal processing applications are used to illustrate the material, including topics such as audio and image processing.

Course content announced prior to each term. Students may enroll in the course more than once as subject matter changes. May be taught in traditional lecture format or as a seminar which focuses on readings from current literature. Possible topics include: filter design, DSP hardware, nonlinear signal processing and multi-dimensional signal processing.

EECE 5560. Introduction to Communication Systems. 3 cr. hrs.
Survey of digital and analog communication systems including signal representation, modulation techniques, transmit and receive network design considerations. Prereq: ELEN 3020 or equiv.

EECE 5565. Optical Fiber Communications. 3 cr. hrs.

EECE 5570. Wireless Communications. 3 cr. hrs.
Fundamentals, analysis and design of cell systems, including trunking theory and grade of service. Large scale and small scale path loss analysis and modeling. Overview of modulation techniques, including amplitude and frequency modulating, and digital modulation techniques.

EECE 5590. Developments in Communications. 1-3 cr. hrs.
Course content announced prior to each term. Students may enroll in the course more than once as subject matter changes. May be taught in traditional lecture format or as a seminar which focuses on readings from current literature. Possible topics include digital modulation and detection, coding theory, information theory.
EECE 5610. Object-Oriented Software Engineering. 3 cr. hrs.

Presents advanced software engineering concepts in the context of object-oriented analysis and design. Topics include: concept of object-orientation, UML modeling techniques, use of CASE tools, use-case requirement analysis, modeling with classes, object-oriented design, design patterns, software quality, testing and correctness, software reuse and aspect-oriented software engineering. Prereq: COSC 2610 or equiv.

EECE 5620. Modern Programming Practices. 3 cr. hrs.

Explores advanced topics in computer programming. Topics may include: design patterns, advanced graphical components, software component models such as Java Beans, the Java Security model, Java and databases, servers, Java Server Pages, and Enterprise Java Beans.

EECE 5630. Software Testing. 3 cr. hrs.

Examines the relationship of software testing to quality, emphasizing testing techniques and the role of testing in the validation of system requirements. Topics include: module and unit testing, integration, walkthroughs and inspections, verification and validation, preventing and detecting errors, selecting and implementing project metrics, and defining test plans and strategies traced from system requirements.

EECE 5650. Introduction to Algorithms. 3 cr. hrs.

Introduction to the algorithms analysis. Topics to be covered include: the concepts of time and space complexity, advanced data structures, general issues in problem solving methodologies, greedy algorithms, dynamic programming, graph algorithms, AI-related algorithms, and an introduction to NP-completeness theory. Prereq: COSC 2610 or equiv.

EECE 5660. Developments in Computer Software. 3 cr. hrs.

Course content announced prior to each term. Students may enroll in the course more than once as subject matter changes. Prereq: Cons. of instr.

EECE 5710. Computer Architecture. 3 cr. hrs.

Overview of computer system design. Cost and performance specification. Design of arithmetic and logic units. Fundamentals of central processor architecture and a comparative study of computer instruction set architectures. Detailed study of microprocessors, including instruction execution timing and other timing considerations. Discussions of memory and I/O devices, including the interfaces to the CPU and I/O transfer techniques. Study of common bus standards.

EECE 5730. Computer Architecture. 3 cr. hrs.

EECE 5760. Developments in Computer Hardware. 3 cr. hrs.

Course content announced prior to each term. Students may enroll in the course more than once as subject matter changes. Prereq: Cons. of instr.

EECE 5810. Database Applications. 3 cr. hrs.

Presents the design and application of databases. Topics include: models for databases, database query languages, database design methods, methods for storing and retrieving information from a database, database optimizations, transaction processing, and a brief examination of some advanced concepts, including object databases, distributed databases and database security.

EECE 5820. Operating Systems and Networking. 3 cr. hrs.

Introduces the fundamental concepts of operating systems together with the basics of networking and communications including: memory management, scheduling, concurrent processing, device management, file systems, networking, security, and system performance. Examples are drawn from legacy and modern operating systems.

EECE 5830. Introduction to Computer Graphics. 3 cr. hrs.

Introduction to computer graphics algorithm design and implementation; includes considerable actual computer graphics experience. Topics include: point-plotting and line-drawing techniques, two-dimensional curve fitting, two- and three-dimensional graphics, clipping, windowing, hidden line removal, modeling, input-output devices, and other topics as future trends dictate. Prereq: Proficiency in at least one high-level computing language.

EECE 5840. Computer Security. 3 cr. hrs.

Introduction to the important issues in computer security, including cryptography, program security, operating system security, database security, and network security. Also discusses the legal, ethical and privacy issues that arise in computer security. Programming projects enable the student to practice implementing many of the security measures discussed in class.

EECE 5850. Introduction to Intelligent Systems. 3 cr. hrs.

Provides a broad exposure to intelligent systems, including related fields such as artificial and computational intelligence. Topics include: intelligent agents, search, game playing, propositional logic and first-order predicate calculus, uncertainty, learning, communication and perception, and philosophical foundations of intelligent systems. Prereq: COSC 2610, MATH 1450, MATH 2105 or equiv.

EECE 5860. Introduction to Neural Networks and Fuzzy Systems. 3 cr. hrs.

Concepts of artificial neural network architectures and training algorithms, supervised and unsupervised learning, linear and non-linear neural networks, feedback neural networks, applications in scientific and engineering areas, fundamentals of fuzzy sets and fuzzy logic, fuzzy rules and inference systems, fuzzy pattern classification and clustering analysis and fuzzy control systems. Prereq: COSC 2610 and MATH 1451 or equiv.
EECE 6570. Evolutionary Computation. 3 cr. hrs.
Covers a set of search methods based on the Darwinian principle of survival of the fittest. The methods include genetic algorithms, evolutionary strategies and evolutionary and genetic programming, which have been successfully applied to many different problem domains including optimization, learning, control, and scheduling. Provides students with the background and knowledge to implement various evolutionary computation algorithms, discusses trade-offs between different evolutionary algorithms and other search methods, and discusses issues related to the application and performance evaluation of evolutionary algorithms. Prereq: COSC 2010, MATH 1450, MATH 2105 or equiv.

EECE 5890. Developments in Computing. 1-3 cr. hrs.
Course content announced prior to each term. Students may enroll in the course more than once as subject matter changes. May be taught in traditional lecture format or as a seminar which focuses on readings from current literature. Possible topics include: advanced hardware (MPP, EPIC, VLIW), advanced software (enterprise systems, embedded software, real-time software) and advanced intelligent systems.

EECE 6010. Advanced Engineering Mathematics. 3 cr. hrs.
Linear algebra and matrix theory, ordinary differential equations and complex variables emphasizing both theoretical and numerical aspects as well as engineering applications. Prereq: MATH 2451 or equiv.

EECE 6020. Probability and Random Processes in Engineering. 3 cr. hrs.
Probability, random variables, statistics, and random processes, emphasizing both theoretical and numerical aspects as well as engineering applications. Prereq: MATH 2451 or equiv.

EECE 6090. Advanced Engineering 1. 3 cr. hrs.
Mathematics, image processing, signal processing, image reconstruction, and imaging systems in medical imaging applications. Offered fall term at the General Electric Medical Systems facility. This course extends beyond the Marquette term; students receive an IC grade initially. The IC will be changed to an A-F grade at the end of the course. Prereq: Cons. of instr.; GE employee.

EECE 6092. Advanced Engineering 2. 3 cr. hrs.
Problem solving methodology, software engineering tools and environment (typical topics: UNIX, C, data structures, object oriented paradigm, programming strategies), and hardware engineering tools (typical topics: analog and digital CAD, PALs, VME, applications). EECE 6092 and EECE 6810 may not both be used to meet degree requirements. Offered spring term at the General Electric Medical Systems facility. This course extends beyond the Marquette term; students receive an IC grade initially. The IC will be changed to an A-F grade at the end of the course. Prereq: Cons. of instr.; GE employee.

EECE 6094. Advanced Engineering 3. 3 cr. hrs.
Covers advanced concepts in medical imaging and systems. Offered spring term at the General Electric Medical Systems facility. This course extends beyond the Marquette term; students receive an IC grade initially. The IC will be changed to an A-F grade at the end of the course. Prereq: Cons. of instr.; GE employee.

EECE 6110. Advanced Electromagnetic Fields. 3 cr. hrs.
Solutions of Laplace and Poisson equations arising from electro and magneto static field configurations. Separation of variables, numerical relaxation, and conformal mapping techniques. Prereq: EECE 3110 or equiv.

EECE 6120. Electromagnetic Theory. 3 cr. hrs.
Review of Maxwell's equations and waves in dielectric and lossy media; image theory, induction theorem and Green's function. Plane, cylindrical and spherical wave functions; radiation and antennas; rectangular, cylindrical waveguides and cavities; spherical cavities. Perturbation and variation techniques and moment techniques. Prereq: EECE 3120 or equiv.

EECE 6130. Numerical Techniques in Electromagnetics. 3 cr. hrs.
Introduction and overview of numerical methods in electromagnetics, focusing on high frequency methods. Topics covered include: a review of analytic methods and the generalized multipole technique, finite difference methods, variational techniques, and the solution to integral equations via the method of moments. Prereq: ELEN 3120 and MATH 2451 or equiv.

EECE 6210. Advanced Electric Machines and Drives. 3 cr. hrs.
Machine characterization. Development and application of transformation theory to synchronous and induction machines to predict machine performance under steady state and abnormal conditions. Modeling of permanent magnet and switched reluctance machines, as well as other advanced machine systems. Dynamic performance prediction of electric machines and associated power electronics using equivalent network models and computer simulations. Prereq: ELEN 3210 and MATH 2451 or equiv.

Presents advanced concepts and methodologies in designing and modeling modern electric machines controlled and operated from electronically switched electric drives. Involves methods of analysis and computation of the adverse synergistic effects which occur between the space harmonics generated in electric machinery due to magnetic circuit topologies, time harmonics generated by electronic switching in the controllers/drives, and the impact of this synergism on losses, efficiency, torque quality and other performance issues. Includes full and rigorous analysis and inclusion of such space harmonics, and time harmonics. Studies, in detail, methods of mitigation or elimination of these effects using advance modeling concepts and tools. Prereq: ELEN 3210 or equiv.
EECE 6230. Finite Element Analysis. 3 cr. hrs.
Basic field formulations using Maxwell's electromagnetic field equations. General definitions and formulations of finite element discretization. Consideration of applications and method implementation. Application of the finite element method to engineering and design problems. Post processing, practical aspects and other considerations. Application of method involves the use of commercially available software packages as well as computer code developed during this course. Prereq: MATH 2451 or equiv.; and proficiency in computer programming.

EECE 6310. Modern Control Theory. 3 cr. hrs.
Review of linear algebra and matrices. State variable analysis of continuous-time and discrete-time systems. Controllability and observability of linear systems. Stability of linear and nonlinear systems. Design of feedback control systems. Introduction to optimal control theory. Prereq: EECE 6010 which may be taken concurrently; or MEEN 6101 which may be taken concurrently.

EECE 6320. Optimal Control. 3 cr. hrs.
Presents an in-depth understanding of the problems in optimal control theory and their applications. Presents calculus of variations, linear quadratic regulator design, dynamic programming, time-optimal, and output feedback regulating and tracking optimal control techniques for continuous-time systems. Presents discrete-time techniques for calculus of variations, linear quadratic tracking, output feedback optimal control, and time-optimal control. Also presents optimal observers. Prereq: EECE 6010 and EECE 6310 or equiv.

EECE 6330. Nonlinear and Adaptive Control. 3 cr. hrs.

EECE 6340. Stochastic Systems Estimation and Control. 3 cr. hrs.
Modeling probabilistic dynamical behavior with stochastic systems. Analysis of behavior of linear continuous and discrete time systems via simulation and analytical methods. Filter construction for state and parameter estimation using noisy and incomplete measurements for linear and nonlinear systems and measurements models. Design of optimal controllers based on quadratic criteria for linear stochastic systems.

EECE 6430. Microelectromechanical Systems and Sensors. 3 cr. hrs.
Overview of microelectromechanical-MEMS-transducers and sensors. Basic engineering sciences and fundamental principles relevant to mechanical sensors and micromachined mechanical transducers. Mathematical models and design of microelectromechanical systems. Microfabrication techniques, materials and processes. Mechanical transduction techniques, pressure sensors, force and torque sensors, inertial sensors, flow sensors, micromachined resonant sensors, micromachined chemical sensors. Prereq: ELEN 3110 or equiv.

EECE 6450. Surface-Acoustic-Wave Devices. 3 cr. hrs.
Theory of surface and other acoustic modes; design, analysis, and performance of interdigital devices; multistrip couplers; SAW resonators; dispersive delay lines; system applications; current research areas. Prereq: ELEN 3020 and ELEN 3110 or equiv.

EECE 6510. Optimal and Adaptive Digital Signal Processing. 3 cr. hrs.
Introduction to optimal and adaptive signal processing theory and applications. Topics include: statistically optimal gradient descent methods, such as least-mean-squares and minimal error methods, least squares and recursive least squares, Wiener filters, linear prediction, Kalman filters and performance and convergence analysis techniques. Prereq: EECE 5510 and EECE 6020 or equiv.

EECE 6520. Digital Processing of Speech Signals. 3 cr. hrs.
Introduction to the fundamentals of speech processing, including speech production and perception models and frequency-domain analysis methods such as, linear predictive coding and cepstral analysis. Applications studied include: speech coding, enhancement, recognition and synthesis. Prereq: EECE 5510 or equiv.

EECE 6530. Chaos and Nonlinear Signal Processing. 3 cr. hrs.
Introduces the theory and practice for analyzing chaotic and nonlinear signals. Examines methods for finding hidden structures in signals and time series, using techniques such as phase space reconstruction. Discusses topics previously mentioned along with machine learning, time series analysis, adaptive signal processing, wavelets and nonlinear dynamics. Prereq: EECE 5510 or equiv.

EECE 6540. Digital Image Processing. 3 cr. hrs.

EECE 6560. Information and Coding Theory. 3 cr. hrs.
Introduction to information measure, mutual information, self-information, entropy, encoding of information, discrete and continuous channels, channel capacity, error detection, error correcting codes, group codes, cyclic codes, BCH codes, convolution codes, and advanced codes.
EECE 6710. Computer Architecture. 3 cr. hrs.

EECE 6810. Algorithm Analysis and Applications. 3 cr. hrs.
Introduction to the analysis of algorithms. Topics include: asymptotic complexity notation, recursion analysis, basic and advanced data structures, sorting methodologies, dynamic programming, and graph algorithms, including heuristic search techniques such as best-first and A-star algorithms. Advanced topics include NP-completeness theory and linear programming. Prereq: EECE 2710 and MATH 1451 or equiv.

EECE 6820. Artificial Intelligence. 3 cr. hrs.
Provides a comprehensive survey of artificial intelligence. Topics include: search, logic, planning, uncertainty, learning, communication and perception, robotics and philosophical foundations of artificial intelligence. Prereq: COSC 2010, MATH 1450, MATH 2105 or equiv.

EECE 6822. Machine Learning. 3 cr. hrs.
An introduction to a range of adaptive computer algorithms that learn models from data. Explores the theoretical foundations of machine learning, including computational learning theory and PAC learnability. Examples of machine learning algorithms studied include: decision trees, artificial neural networks, Bayesian learners, evolutionary algorithms and ensemble techniques. Prereq: EECE 6820 or equiv.

EECE 6830. Pattern Recognition. 3 cr. hrs.
Theory and application of statistical pattern recognition, hypothesis testing and parameter estimation. Topics include: probability distribution models, Bayesian decision theory and hypothesis testing, classical and modern approaches to parameter estimation, parametric and non-parametric classifiers. Also, covered are feature selection and transformation techniques such as Principal Components Analysis, a wide range of classifier models and supervised and unsupervised clustering. Prereq: EECE 6020 or equiv.

EECE 6840. Neural Networks and Neural Computing. 3 cr. hrs.

EECE 6932. Advanced Topics in Electrical and Computer Engineering. 3 cr. hrs.
Course content announced prior to each offering. Students may enroll more than once as subject matter changes. Possible topics include: computer operating systems, multiprogramming and multi-processing systems, computer architecture, optimal and adaptive control, stochastic control, estimation theory, and nonlinear analysis.

EECE 6952. Department Colloquium. 0 cr. hrs.
Scholarly presentations on current topics in electrical engineering and computer engineering and related areas by visiting and resident investigators. Required of all full-time graduate students each term. Required of all full-time EECE graduate students. SNC/UNC grade assessment.

EECE 6953. Seminar in Electrical and Computer Engineering. 0-3 cr. hrs.
0 credit will be SNC/UNC grade assessment; 1-3 credits will be graded. Prereq: Cons. of instr.

EECE 6964. Practicum for Research and Development in Computing. 3 cr. hrs.
Provides students, who are enrolled in the M.S. in computing program, an opportunity to participate in the practice of research and/or development in the area of computing. Course Guidelines are available from EECE and MSCS Departments. Available only to full-time students. At most, six credits of EECE 6964 OR MSCS 6964 may be counted toward graduation. S/U grade assessment. Prereq: 3.00 MU GPA; must be enrolled in Plan B option of the M.S. in computing program and have completed at least 21 credit hours of course work, with 15 credit hours earned in graduate (6000-level) courses.

EECE 6995. Independent Study in Electrical and Computer Engineering. 1-5 cr. hrs.
Graduate independent study project of either a theoretical or experimental nature. Prereq: Cons. of instr. and cons. of dept. ch.

EECE 6999. Master’s Thesis. 1-6 cr. hrs.
S/U grade assessment. Prereq: Cons. of instr.

EECE 8932. Advanced Topics in Electrical and Computer Engineering. 3 cr. hrs.
Course content announced prior to each offering. Students may enroll more than once as subject matter changes. Possible topics include: computer operating systems, multiprogramming and multi-processing systems, computer architecture, optimal and adaptive control, stochastic control, estimation theory, and nonlinear analysis. Prereq: Cons. of instr.

EECE 8995. Independent Study in Electrical and Computer Engineering. 0 cr. hrs.
Prereq: Cons. of instr. and cons. of dept. ch.

EECE 8999. Doctoral Dissertation. 1-12 cr. hrs.
S/U grade assessment. Prereq: Cons. of instr.

EECE 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

EECE 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
EECE 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

EECE 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

EECE 9983. Graduate Research: Full Time. 0 cr. hrs.
Zero credit, full-time equivalency course for Graduate Research.

EECE 9987. Doctoral Comprehensive Exam Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

EECE 9988. Doctoral Comprehensive Exam Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

EECE 9989. Doctoral Comprehensive Exam Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

EECE 9994. Master's Thesis Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

EECE 9995. Master's Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

EECE 9996. Master's Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

EECE 9997. Doctoral Dissertation Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

EECE 9998. Doctoral Dissertation Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

EECE 9999. Doctoral Dissertation Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Healthcare Technologies Management (HCTM)

Chairperson: Kristina M. Ropella, Ph.D.
Director of Graduate Studies: Jay R. Goldberg, Ph.D., P.E.
marquette.edu/engineering/hctm/

Degree Offered
Master of Science, Plan B only

Program Description
The healthcare technologies management program is a collaborative effort between Marquette University and the Medical College of Wisconsin that combines management, technology and health care. The objective of the program is to educate professionals capable of managing the design, development, commercialization and regulatory compliance of diagnostic and therapeutic medical devices, and the implementation, utilization and assessment of hospital-based healthcare technologies.

Healthcare institutions, medical device companies, and healthcare consulting firms have a growing need for skilled professionals with technical and managerial skills, and an understanding of healthcare delivery and regulatory environments. Graduates of the program will have the education and skills needed to pursue career opportunities in clinical, industrial, and consulting environments. The program meets the needs of recent undergraduates seeking an advanced degree as well as employed engineers interested in opportunities to prepare for career advancement.

Elective courses, professional projects and internship opportunities enable students to customize their training to meet individual needs, interests and career goals. With the assistance of a faculty and industry/clinical adviser, students are required to design and complete a professional project in healthcare technologies management. This project will help develop skills that will be useful in the clinical or industrial environment.

The course offerings and schedules are designed to allow working students to pursue this master of science degree on a part-time basis. Full-time students can complete the program in three terms (12 months). Course topics include: technology assessment, ethics of technology utilization, standards and regulations, product development and the environment of healthcare delivery.

Students who do not have an adequate undergraduate background in business may also be required to complete one or more of the following graduate business foundation courses in preparation for the core business courses.

Also see the Graduate School of Management Bulletin’s transfer of credit policy (p. 24) regarding maximum business course transfer limits and requirements.

Prerequisites for Admission
Applications are accepted from students who have already completed a bachelor’s degree in engineering, physics or a related field from an accredited institution with a minimum GPA of 3.000 (on a 4.000 scale).

Application Requirements
Applicants must submit, directly to the Marquette University Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation.
4. A statement of purpose stating career goals and how the program will help in reaching those goals.
5. GRE (General Test only) average score of 60% minimum, GMAT, or Medical College Admission Test (MCAT), average of 9 on the individual scores. (Waived for individuals with a doctoral degree.)
6. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency. A minimum score of 580 on the paper-based version or 237 on the computer-based version is required. Minimum scoring for the Internet-based version is still being established for this program.
General Information

All admitted students are required to obtain and follow the department’s Graduate Student Handbook (http://www.marquette.edu/engineering/biomedical/documents/GradHandbookfinaldraftNov_08.pdf), which contains complete details about the program and degree requirements. This handbook is available through the Biomedical Engineering Office (414) 288-3375 and website at marquette.edu/engineering/hctm/.

Healthcare Technologies Management Master’s Requirements

The program consists of 37.5 credit hours. All students are required to take the following courses.

Total Credit Hours 6.5

Courses

HCTM 6200. Health Care Technology Assessment. 3 cr. hrs.

Introduction to health care technology assessment methods for hospital systems and medical businesses encompassing technical, clinical, and business elements. Topics include: clinical results analysis, gold standard comparison, Bland-Altman analysis, sensitivity/specificity analysis, and business trade-off analysis. Extensively uses case studies of present and developing medical technologies as examples of applied assessment methodologies.

HCTM 6500. Product Development of Medical Devices. 2 cr. hrs.

Presents requirements for the design, development, and commercialization of new medical devices as well as management of the product development process. Presents design, testing, regulatory, and legal requirements, along with project evaluation and management methods. Also discusses issues involving management of the product development process (such as providing and environment conducive to creativity and innovation, managing the R&D/Marketing interface, and motivation of technical personnel).

HCTM 6931. Topics in Health Care Technologies Management. 0.5 cr. hrs.

HCTM 6946. Medical College of Wisconsin/HCTM-Joint Degree. 1.5-3 cr. hrs.

Registration for this course allows students in the joint Marquette University/Medical College of Wisconsin health care technologies management program to take courses at the Medical College of Wisconsin to fulfill the elective requirements of the program.
HCTM 6995. Independent Study in Health Care Technologies Management. 1-3 cr. hrs.
Prereq: Cons. of prog. dir.

HCTM 6998. Professional Project in Health Care Technologies Management. 1-3 cr. hrs.
During the first term, students identify a project or internship involving the management of health care technologies, and present it to the faculty for approval. Project selection based on the career goals and interests of the student. Faculty and industry/hospital advisers assist students. Project completed during the third term and a final report presented to the faculty.
Mechanical Engineering (MEEN)

Chairperson: Kyuill Kim, Ph.D., P.E.
marquette.edu/engineering/mechanical/grad.shtml

Degrees Offered
Master of Science, Master of Engineering; Doctor of Philosophy

Mission Statement
We immerse individuals in an active environment to cultivate broadly educated mechanical engineers who balance theory with practice for advancing knowledge, solving problems and serving society.

Specializations
Energy Systems, Manufacturing and Materials Systems, Mechanical Systems

Program Descriptions
The Department of Mechanical Engineering offers two master’s programs and a doctoral program. Course work and research in the department’s programs may involve the broad fundamentals of mechanical engineering or may concentrate on one or more of the following fields: energy systems, manufacturing and materials systems, and mechanical systems. In these fields, engineering principles are applied not only to traditional equipment and methods but also to modern and emerging technologies. Typically, the engineering course work and research are augmented by laboratory studies. Although the study of advanced engineering mathematics and, often, basic science is necessary in all programs of study, the selection of subjects may vary depending upon the field of specialization and the student’s professional objectives.

Energy Systems
A concentration in energy systems typically entails advanced study of a) thermodynamics, fluid mechanics, heat and mass transfer and combustion; b) the application of these principles to phenomena and devices which constitute energy-conversion systems; and c) the analysis, simulation and design of such systems as well as plants; e.g., chemical, metallurgical, food, etc., which are energy-intensive. Current research topics include: plant optimization, fuel cells, cogeneration systems, fluid mechanics and heat transfer in surface mount technology, engine emissions/process effluents and jet engine propulsion systems.

Manufacturing and Materials Systems
A concentration in manufacturing and materials systems engineering allows students to focus on a broad range of topics. These topics range from micro issues, such as material-related issues and cutting mechanisms in material removal processes, to macro analysis of complex manufacturing systems from either a process or ergonomics perspective. The focus of this concentration may be computer integrated manufacturing, material processing, mechanical behavior of materials, manufacturing processes, quality systems or ergonomics within manufacturing. Normally, each of these multi-disciplinary areas requires certain core courses along with specialized studies, which may include advanced courses in other engineering disciplines, courses in mathematics and statistics and/or courses in business administration. Current research topics include: cellular manufacturing, polishing and mass finishing processes, rapid prototyping, robotic systems, production integration (JIT, TQC, CIM), ergonomics of assembly operations, reliability/quality estimation, human performance and safety evaluation and materials forming and joining processes.

Mechanical Systems
A concentration in mechanical systems typically entails advanced study of a) mechanical system design and analysis and b) modeling, simulation, and control. Mechanical design and analysis focuses on the use of physical and mathematical principles to understand the behavior of mechanical systems. It includes computer-aided optimal design, such as the design of multi-body, multi-degree-of-freedom mechanical systems. Modeling, simulation and control involve the study of theoretical mechanics in conjunction with computational applications including advanced dynamics, kinematics and stress analysis. Other applications include the modeling and control of manufacturing processes, including robotics and automated deformation processing. Current research areas include: surface mount technology, composite and polymeric materials, control in automated assembly, surface finishing processes, design of compliant machine tools, metal cutting/forming mechanics, finite element methods and pressure vessels comprised of multi-layered composites.

Prerequisites for Admission
Adequate preparation in engineering, mathematics and science is required. If an applicant does not have an adequate undergraduate background, some remedial studies may be necessary, depending upon the graduate field of specialization the applicant selects.

Application Requirements
Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation.
4. (For doctoral applicants only) a brief statement of purpose and copies of any published work, including master’s thesis and essays.
5. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.
6. GRE scores (General Test only). Scores from the GRE exam are a requirement of admission for all students in the master’s, doctoral, and accelerated degree programs.

Accelerated Bachelor’s–Master’s Degree Program

The accelerated program enables students to earn both a master’s degree and a bachelor of science degree from the College of Engineering in the span of five years. Only the thesis option is available with this program. Qualified students (3.500/4.000 GPA) who are enrolled in the Mechanical Engineering Department at Marquette University may apply for admission to this program during their undergraduate junior year. Students must submit an application to the Graduate School, indicate their interest in the five year program, and meet all other admission criteria as stated in the Application Requirements section.

Students select graduate-level courses in their senior undergraduate year as their electives; these elective courses double-count toward the undergraduate and graduate degrees. However, only a maximum of 6 credit hours will apply toward the graduate degree. Upon completion of the first term as a master’s candidate, the student must petition the Graduate School to transfer courses taken as an undergraduate to the master’s degree.

Students begin their research for the thesis the summer between their junior and senior years. Their research is continued the summer between their senior and fifth years and throughout their fifth year, culminating in the preparation of a written thesis and defense.

Master of Science in Mechanical Engineering

Upon enrolling in the master of science in mechanical engineering program, a student selects one of three areas of specialization: energy systems, manufacturing and materials systems, or mechanical systems. Upon selection of a faculty adviser, a curriculum is designed along with a research program to address the specific goals of the student. Programs will include course work in engineering, mathematics and science with the following requirements:

- A minimum of 24 credit hours of course work.
- A minimum of 3 credit hours of an approved math course (MEEN 6101, MEEN 6102, or MEEN 6103).
- A minimum of one half of the total course work must be at the 6000 level.
- A minimum of one half of the total course work must be taken from the Department of Mechanical Engineering.
- At most, a maximum of 3 credit hours of an Independent Study course may be included in the course work total.
- Six (6) credit hours of thesis work, completion of a comprehensive exam and submission of an approved thesis.
- The student must attend and participate in the departmental graduate seminar series (MEEN 6960).

A maximum of 6 credit hours of graduate-level credit from other approved institutions may be accepted toward the requirement of the degree.

Master’s Learning Outcomes

1. Apply knowledge of specialized mechanical engineering concepts in engineering analysis and design in a chosen area of specialization.
2. Effectively communicate ideas on design and analysis to peers, clients and customers.
3. Conduct guided research in a chosen area of specialization.

Master of Engineering in Mechanical Engineering

Upon enrolling in the master of engineering program in mechanical engineering, a student selects one of three areas of specialization: energy systems, manufacturing and materials systems, or mechanical systems. A curriculum is designed along with an academic adviser which is specific to the goals of the individual student. The program includes course work in engineering, mathematics, and science with the following requirements:

- 30 credit hours of course work.
- A minimum of 3 credit hours of an approved math course (MEEN 6101, MEEN 6102, or MEEN 6103).
- A minimum of one half of the total course work must be at the 6000 level.
- A minimum of one half of the total course work must be taken from the Department of Mechanical Engineering.
- At most, a maximum of 3 credit hours of an Independent Study course may be included in the course work total.
- Completion of a capstone comprehensive examination consisting of two parts:
1. A mathematics portion drawn from material presented in MEEN 6101.

2. An area of specialization portion drawn from material presented from the area of specialization selected:

   - Energy Systems: MEEN 5350 Transport Phenomena and MEEN 5360 Intermediate Thermodynamics
   - Manufacturing and Materials Systems: MEEN 5410 Experimental Design and MEEN 5440 Processing and Forming of Materials

A maximum of 6 credit hours of graduate-level credit from other approved institutions may be accepted toward the requirement of the degree.

**Master’s Learning Outcomes**

1. Apply knowledge of specialized mechanical engineering concepts in engineering analysis and design in a chosen area of specialization.

2. Effectively communicate ideas on design and analysis to peers, clients and customers.

**Mechanical Engineering Doctoral Requirements**

A doctoral student must complete a program of study prepared in collaboration with their permanent adviser and outlined on an approved Doctoral Program Planning Form. This form must be submitted within the first year of the student’s doctoral studies. The program normally requires 48 credit hours of course work beyond the baccalaureate degree, plus 12 credit hours of dissertation work. In cases in which the student enters the program with a master’s degree in mechanical engineering or a closely related field, the student may request that the department and the Graduate School allow credits from the master’s degree to satisfy up to 24 credit hours of the required course work. At least one-half of the total course work requirement must be from designated graduate-level courses. Students are required to take at least one-half of their total course work from the Department of Mechanical Engineering course offerings. A maximum of 6 credit hours of graduate-level credit from other accredited institutions may be accepted toward the requirements of the degree. Independent study course work can account for a maximum of 3 credit hours. All doctoral students are required to participate in the department graduate seminar activities and complete all university Graduate School requirements.

A doctoral student must complete a departmental written proficiency exam prior to completion of the Marquette University doctoral residency requirement. This exam will be comprised of two components, one component being engineering mathematics and the other representing the student’s declared area of specialization: energy systems, manufacturing and materials systems, or mechanical systems. This examination is based upon material presented in the advanced undergraduate and master’s degree level course work (approved math courses are MEEN 6101 Advanced Engineering Analysis 1, MEEN 6102 Advanced Engineering Analysis 2 and MEEN 6103 Approximate Methods in Engineering Analysis).

A student must pass a doctoral qualifying examination (DQE) administered by their doctoral committee within one academic year after completing course work requirements. This exam must be passed at least one year prior to the submission and successful public defense of the dissertation. The dissertation must represent an original research contribution and demonstrate both high scholarly achievement and the ability to conduct independent research.

**Doctoral Learning Outcomes**

1. Apply knowledge of advanced concepts (i.e., concepts beyond those learned during the master of science program) in engineering mathematics and two out of three areas of specializations offered in the department (mechanical systems, energy systems, manufacturing and materials systems).

2. Communicate ideas (specific to an area of specialization) via peer reviewed published and/or presented materials.

3. Conduct original research in a chosen area of specialization.

**Courses**

**MEEN 5220. Intermediate Dynamics. 3 cr. hrs.**

Develop an understanding of the principles of 3D rigid body kinematics (motion) and kinetics (forces and accelerations). Use these principles to analyze the dynamic behavior of mechanical systems. Learn to use analytical mechanics tools including virtual work and Lagrange's method. Develop a systematic approach for solving engineering problems.

**MEEN 5230. Intermediate Mechanics of Materials. 3 cr. hrs.**

Review of beam theory; asymmetric bending, shear center, thin-walled sections; torsion of non-circular sections, open and closed thin-walled sections; energy methods, Castigliano's second theorem, statically indeterminate structures, internal static indeterminacy; curved beams.

**MEEN 5240. Polymers and Polymer Composites. 3 cr. hrs.**

Introduction to physical/chemical structure of polymers, polymer characterization, polymer material properties and mechanical testing methods, elastic and viscoelastic polymer response, processing methods, composite materials, and the selection of polymers in design applications.

**MEEN 5245. Fatigue and Fracture Mechanics. 3 cr. hrs.**

Application of fatigue and fracture models to engineering design. Stress-life (high cycle), strain-life (low cycle), and fatigue crack growth models for fatigue. Introduction to linear elastic fracture mechanics. Statistical considerations in failure. Fail safe design practices. Includes illustrative case studies.
MEEN 5250. Design of Machine Elements 2. 3 cr. hrs.
Detailed design of gears and cams. Emphasizes integration of dynamics into design of machinery. Topics include balancing of machinery, selection of motors and critical frequency analysis, and miscellaneous power transmission components. Use of spreadsheets and computer programs to assist in the design of various components.

MEEN 5265. Intermediate Finite Element Method. 3 cr. hrs.
Introduces the finite element solution method for linear, static problems. Includes calculation of element stiffness matrices, assembly of global stiffness matrices, exposure to various finite element solution methods, and numerical integration. Emphasizes structural mechanics, and also discusses heat transfer and fluid mechanics applications in finite element analysis. Computer assignments include development of finite element code (FORTRAN or C) and also use of commercial finite element software (ANSYS and/or MARC). Prereq: MEEN 3260 or equiv.

MEEN 5270. Physical Systems Modeling. 3 cr. hrs.

MEEN 5275. Mechatronics. 3 cr. hrs.
Mechatronics, as an engineering discipline, is the synergistic combination of mechanical engineering, electronics, control engineering, and computer science, all integrated through the design process. This course covers mechatronic system design, modeling and analysis of dynamic systems, control sensors and actuators, analog and digital control electronics, interfacing sensors and actuators to a microcomputer/microcontroller, discrete and continuous controller design, and real-time programming for control.

MEEN 5310. Combustion: Thermochemistry, Kinetics and Applications. 3 cr. hrs.
Fundamentals of combustion and chemical kinetics, with applications to engines and combustion devices. Study of fluid flow, thermodynamics, combustion, heat transfer and friction phenomena, and fuel properties relevant to engine power, efficiency and emissions. Examination of spark-ignition, diesel, stratified charge, HCCI, mixed-cycle and gas turbine engines.

MEEN 5330. Optics, Lasers and Spectroscopy in Engineering. 3 cr. hrs.
Topical overview on the uses of optics, lasers, and spectroscopic measurement techniques in engineering and scientific disciplines. Technical content includes basic principles of geometric optics, principles behind and characteristics of laser operation, and linear spectroscopy. Emphasis on absorption and emission techniques for sensor development.

MEEN 5350. Transport Phenomena. 3 cr. hrs.
Includes three closely related topics: fluid dynamics, mass transfer, and heat transfer. Fluid dynamics involves the transport of momentum, mass transfer is concerned with the transport of mass of various chemical species, and heat transfer deals with the transport of energy. In practice, rarely are these phenomena acting alone. Develops a more cohesive understanding of these interrelated processes.

MEEN 5360. Intermediate Thermodynamics. 3 cr. hrs.
Covers fundamentals of thermodynamics, including classical and statistical approaches with application to equilibrium and non-equilibrium, non-reactive and reactive systems. May cover topics relevant to micro/nanoscale and biological systems.

MEEN 5410. Experimental Design. 3 cr. hrs.
Application of statistical concepts to design engineering experiments to improve quality, production techniques, and reliability. Use and advantages of various models; factorial, fractional factorial, orthogonal arrays and fractional designs.

MEEN 5420. Failure Analysis. 3 cr. hrs.
Methodology of failure analysis. Studies of brittle fracture, ductile fracture, fatigue, stress corrosion and electro-chemical corrosion as applied to the failure of metals. Involves some laboratory work and analyses of a variety of metallurgical failures.

MEEN 5430. Powder Metallurgy. 3 cr. hrs.
Introduces a modern technology with growing importance. Covers the basics of powder metallurgy with main emphasis on sintered steel. The primary topics covered are powder production, die compacting, sintering theory and practice, full density processing, properties under static and dynamic loading conditions.

MEEN 5440. Processing and Forming of Materials. 3 cr. hrs.
Solidification and microstructural development in metal casting with an overview of selected melting processes. Overview of primary and secondary working principles involved in ferrous materials processing. Stress based and finite element analyses are applied to both sheet and bulk forming to develop a fundamental understanding of deformation processing principles and technology associated with processes such as drawing, open and closed die forging and rolling.

MEEN 5450. Mechanical Behavior of Materials. 3 cr. hrs.

MEEN 5475. Ergonomics. 3 cr. hrs.
Covers biomechanical and physiologic aspects of workplace design, such as engineering anthropometry, cumulative trauma disorders, (including carpal tunnel syndrome), low back injuries, hand tool design and evaluation, methods of surveillance in industrial environments, modeling, and ergonomics guidelines. Laboratory sessions are offered to demonstrate ergonomic principles and also provide students with hands-on experience in collecting data and conducting experiments. Two hrs. lec., 2 hrs. lab.
MEEN 5485. Welding Engineering. 3 cr. hrs.
Arc welding physics, fundamentals of power supplies and welding circuits, fusion and solid-state welding processes, weld testing, analysis of welded joints, demonstrations using various processes.

MEEN 5570. Introduction to Biomaterials Science and Engineering. 3 cr. hrs.
Introduction to the principal areas in materials science. Structure and bonding, crystallography and mechanical properties of materials. Techniques to study structure and properties of materials, structure and mechanical properties of bone and various implant materials and their mode of failures.

MEEN 5931. Topics in Mechanical Engineering. 3 cr. hrs.
Topics may include energy conversion, mechanical analysis and design, and manufacturing systems.

MEEN 6101. Advanced Engineering Analysis 1. 3 cr. hrs.

MEEN 6102. Advanced Engineering Analysis 2. 3 cr. hrs.

MEEN 6103. Approximate Methods in Engineering Analysis. 3 cr. hrs.
Treatment of approximate methods for solving various problems in engineering. Matrix methods, variational methods (e.g., Ritz, Galerkin, etc.), finite difference methods, finite element method.

MEEN 6220. Advanced Dynamics. 3 cr. hrs.
Kinematics of particles and rigid bodies. Basic principles of vector mechanics. Variational principles. Basic principles of analytical mechanics. Prereq: MEEN 4220/5220 or equiv.

MEEN 6225. Advanced Vibrations. 3 cr. hrs.
Theory of vibration with applications. Natural modes of vibration for lumped parameter systems. Response of lumped systems with damping. Response of distributed parameter system including bars, beams, etc.

MEEN 6230. Advanced Mechanics of Materials. 3 cr. hrs.
Thick wall cylinders, rotating disks, initial stresses; stress concentration factors, cracks, discontinuity stresses; autofrettage, residual stresses; beams on elastic foundation, introduction to plates and shells, pressure vessel analysis. Prereq: MEEN 5230; or MEEN 5250.

MEEN 6240. Composite Materials. 3 cr. hrs.
Introduction to fiber/matrix materials systems with emphasis on continuous fiber-reinforced composites. Principles of anisotropic elasticity, classical lamination theory, and viscoelasticity. Analysis of mechanical, thermal, hygroscopic and combination loading of laminated composites. Review of manufacture/fabrication methods for advanced composites, consolidation techniques, and basic issues in the design of advanced composites. Prereq: MEEN 5240; or cons. of instr.

MEEN 6310. Advanced Fluid Mechanics. 3 cr. hrs.
Further development of fluid flow theory starting with classic potential flow solutions. Numerical and analytical techniques for both inviscid and viscous fluid flows, including boundary layer theory and stability. Transition routes and chaos with an introduction to turbulence. Prereq: MEEN 5350 or equiv.; computer programming experience recommended.

MEEN 6320. Turbulence. 3 cr. hrs.
Advanced physical and mathematical description of fluid flow systems, including the fundamentals of turbulence motion. The development of the Reynolds stress equations, processes that govern dissipation and statistical description of scales. Includes the modeling techniques associated with turbulent velocity profiles as well as the development of zero, one and two equation closure models. Prereq: MEEN 5350 or equiv.; computer programming experience recommended.

MEEN 6330. Statistical Thermodynamics. 3 cr. hrs.

MEEN 6340. Thermal Radiation Heat Transfer. 3 cr. hrs.

MEEN 6350. Convective Heat and Mass Transfer. 3 cr. hrs.
Principles and mechanisms of convective transports of energy and of chemical species associated with laminar and turbulent flows, including condensation and boiling. Calculation of heat and mass transport coefficients. Mathematical modeling, with applications to engineering devices involving several of these processes, with and without phenomenological coupling. Prereq: MEEN 6310.
MEEN 6360. Computational Fluid Mechanics. 3 cr. hrs.
Review of the fundamental thermofluids science, mathematical and computational principles underlying modern CFD software. Utilization of software for representative applications. Individual student project devoted to a new application. Prereq: MEEN 6101 and MEEN 6320; or cons. of instr.

MEEN 6370. Fundamentals of Combustion. 3 cr. hrs.
An introduction to thermochemistry, fundamentals of chemical kinetics, mechanisms of hydrocarbon oxidation, the governing equations for reacting flow, laminar and turbulent flames, droplet combustion and pollutant emissions. Prereq: MEEN 3340.

MEEN 6450. Plastic Deformation and Strengthening Mechanisms in Materials. 3 cr. hrs.
Theory of elasticity for isotropic solids. Theory of dislocations to include elastic models of dislocations and interactions between dislocations. Strengthening mechanisms in solids including work hardening, solid solution strengthening and precipitation hardening. Prereq: MEEN 5450; or cons. of instr.

MEEN 6460. Creep, Fracture and Fatigue in Materials. 3 cr. hrs.

MEEN 6470. Statistical Methods in Engineering. 3 cr. hrs.

MEEN 6473. Computer Integrated Manufacturing. 3 cr. hrs.
Primary objectives include the validation of the underlying philosophy behind computer integrated manufacturing and the definition of characteristics of various components which constitute a C.I.M. environment. Describes the benefits of C.I.M. and how to upgrade conventional plants to a C.I.M. operation.

MEEN 6475. Advanced Ergonomics/Human Factors Engineering. 3 cr. hrs.
Fundamentals of ergonomics/human factors engineering (HFE) with emphasis on the application of basic principles to advances in engineering applications, research, and development. Topics include: engineering anthropometry, cumulative trauma disorders, low back disorders, electromyography, biomechanical modeling, and ergonomic guidelines. Requires research papers in the above areas or in a related ergonomics/HFE field. Prereq: Cons. of instr.

MEEN 6480. Metal Forming. 3 cr. hrs.
Elements of von Mises plasticity theory-stress and deformation states, constitutive equations, and flow rules; plane and axisymmetric behavior. Solution techniques - exact, slipline theory, upper and lower bounds, finite bending, deep drawing. Prereq: MEEN 5440 or equiv.; or cons. of instr.

MEEN 6931. Topics in Mechanical Engineering. 3 cr. hrs.
Topics may include thermofluid science, mechanical analysis and design, and manufacturing systems.

MEEN 6960. Seminar in Mechanical Engineering. 0 cr. hrs.
Scholarly presentations on current topics in mechanical engineering and related areas by visiting and resident investigators. Required of all full-time graduate students. SNC/UNC grade assessment.

MEEN 6995. Independent Study in Mechanical Engineering. 1-3 cr. hrs.
Prereq: Cons. of instr. and cons. of dept. ch.

MEEN 6999. Master’s Thesis. 1-6 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.

MEEN 8999. Doctoral Dissertation. 1-12 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.

MEEN 9995. Master’s Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MEEN 9996. Master’s Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
MEEN 9997. **Doctoral Dissertation Continuation: Less than Half-Time.** 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MEEN 9998. **Doctoral Dissertation Continuation: Half-Time.** 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MEEN 9999. **Doctoral Dissertation Continuation: Full-Time.** 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Engineering Management Courses

Courses

ENMA 6010. System Modeling, Simulation and Analysis. 3 cr. hrs.
Prepares students to fill the fuzzy front end of the new product/service pipeline with innovative and commercially-viable concepts. Includes voice-of-the-customer and ideation processes and techniques. Students facilitate "live" ideation sessions held with industry and university partners to generate a portfolio of innovative new product/process/service/technology opportunities.

ENMA 6020. Engineering Innovation and Entrepreneurship. 3 cr. hrs.
Focuses on designing and developing high-performance, high reliability technology-based products, processes, and services through the application of six-sigma principles, tools, and processes. Student teams apply six-sigma approaches to real-world projects in preparation for six-sigma green belt certification. Prereq: MATH 5720 or equiv.

ENMA 6030. Engineering Six-Sigma Design and Development. 3 cr. hrs.
Focuses on designing and developing high-performance, high reliability technology-based products, processes, and services through the application of six-sigma principles, tools, and processes. Student teams apply six-sigma approaches to real-world projects in preparation for six-sigma green belt certification. Prereq: MATH 5720 or equiv.

ENMA 6040. Lean Manufacturing Systems. 3 cr. hrs.
Focuses on designing, implementing, and optimizing high-performance cost-effective manufacturing systems. Compares lean, mass, and craft production paradigms, with emphasis placed on the benefits and implementation of the lean principles of value stream, flow, pull, and waste. Student teams prepare, analyze, and propose optimized value streams for real-world manufacturing systems.

ENMA 6050. Reliability, Failure Analysis and Risk Assessment. 3 cr. hrs.
Provides current and perspective engineering managers with an overview of topics critical to providing products and services which meet cost and reliability requirements, including: qualitative and quantitative modeling of reliability, failure, and risk for hardware, software, and large complex systems. Student team projects provide an opportunity to apply these models to real-world systems. Prereq: MATH 5720 or equiv.

ENMA 6060. Innovation and Technology. 3 cr. hrs.
Provides current and perspective engineering managers with an overview of topics critical to providing products and services which meet cost and reliability requirements, including: qualitative and quantitative modeling of reliability, failure, and risk for hardware, software, and large complex systems. Student team projects provide an opportunity to apply these models to real-world systems. Prereq: MATH 5720 or equiv.

ENMA 6070. Engineering Project Management. 3 cr. hrs.
Applies collaboration tools such as MS Project to organize and direct global virtual teams developing technology-based products and services. Focus is on optimizing projects under the triple constraints of time, resources, and quality. Student projects provide hands-on experience in applying tools and methods to balance multiple and varying constraints in a real-world environment.

ENMA 6080. Front-End Engineering Product Development. 3 cr. hrs.
Prepares students to fill the fuzzy front end of the new product/service pipeline with innovative and commercially-viable concepts. Includes voice-of-the-customer and ideation processes and techniques. Students facilitate "live" ideation sessions held with industry and university partners to generate a portfolio of innovative new product/process/service/technology opportunities.

ENMA 6090. New Product and Process Portfolio Management. 3 cr. hrs.
Models technology-based product and process development life cycles, including: valuation and prioritization of projects, pursuit of government contracts, outsourcing/offshoring criteria, and the challenges of R&D in a global environment. Student teams analyze and apply best practices from industry to the management of a portfolio of projects from sources such as the projects generated and executed by student teams in other ENMA courses.

ENMA 6095. Independent Study in Engineering Project Management. 1-4 cr. hrs.
Prereq: Cons. of instr. and cons. of dept. ch.
ENMA 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of adviser.

ENMA 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of adviser.

ENMA 9977. Field Placement Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of adviser.

ENMA 9978. Field Placement Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of adviser.

ENMA 9979. Field Placement Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of adviser.

ENMA 9991. Professional Project Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of adviser.

ENMA 9992. Professional Project Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of adviser.

ENMA 9993. Professional Project Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of adviser.
English (ENGL)

Chairperson: Krista L. Ratcliffe, Ph.D.
marquette.edu/english/graduate/index.shtml

Degrees Offered
Master of Arts, Plan B (non-thesis option) only; Doctor of Philosophy

Specializations

Master’s: British and American Literature

Doctoral: American Literature, British Literature

Program Descriptions
The master of arts program in English provides broad coverage of the texts of English and American literature. Through seminar courses, students develop extensive knowledge of literature and demonstrate skill in writing. Students who complete the master’s program at Marquette normally find themselves well prepared for doctoral studies.

The doctorate in English is directed toward comprehensive and intensive knowledge of: literature and language with specialization in one area of British or American literature; the textual, editorial and critical problems and backgrounds of major texts and authors; the principles of literary criticism; the basic tools, methods and application of literary and linguistic research; and pedagogical problems. The program provides practical experience in the teaching of literature, rhetoric and composition to meet the needs of contemporary college education for creative scholars to teach and do research in English.

Teaching and research assistantships are available to candidates for both degrees on a competitive basis. Teaching assistants must successfully complete ENGL 6840 Studies in Rhetoric and Composition Theory: (or equivalent), an orientation program and a weekly practicum. ENGL 6840 Studies in Rhetoric and Composition Theory: will count toward the total degree requirements of both the master of arts and the doctorate.

Prerequisites for Admission
Applicants are expected to have adequate preparation in English and related subjects. A well-rounded program of undergraduate English courses (26 to 30 semester hours) is required. An applicant for the doctoral program must have a master of arts in English.

Application Deadline
All application files must be complete by Jan. 15, including all supporting documents, for fall admission and financial aid consideration.

Application Requirements
Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation.
5. One or two writing samples.
6. GRE scores (General Test only).
7. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

English Master’s Requirements
A master’s student is admitted to the Plan B (non-thesis) program which requires 30 credit hours of course work beyond the bachelor’s degree. At least 24 credits must be taken in English Department courses, and at least 24 credits in graduate courses at the 6000-level.

All master’s students must pass a written comprehensive examination to complete the program.

Scope of Knowledge
The department awards a master of arts degree after a student has demonstrated the ability to perform well in the prescribed courses and has passed a comprehensive examination. While we expect our students to distinguish themselves in both areas, we also see these as distinct fields. Achievement in one area does not preclude the need to establish the ability to succeed in the other, nor does achievement in one area guarantee success in the other.
## Program Details

A master's student is required to complete a combined undergraduate and graduate program that includes at least one upper-division or graduate course in each of the following groups. The Marquette courses listed form the models for courses taken elsewhere that will satisfy the program requirements. Students are expected to take 6000-level courses wherever possible, and should consult the rotation of graduate courses schedule on the English graduate Web page at marquette.edu/english/graduate/index.shtml.

English Doctoral Requirements

A doctoral student will follow a program of study defined, in conjunction with an adviser, on an approved Doctoral Program Planning Form. A minimum of 54 credit hours of course work is required beyond the bachelor’s degree (24 credit hours beyond the master’s degree) plus 12 hours of dissertation credit. A doctoral student must show competence in one foreign language in which there is significant scholarly literature in his or her program field. The choice of language must be approved by the director of graduate studies. The student must complete all requirements listed on the Doctoral Program Planning Form, pass a qualifying examination and successfully defend a dissertation to complete the program.

Program Details

A doctoral student is expected to complete the requirements defined for the master’s program, but must include ENGL 8282 Studies in Modern Critical Theory and Practice: and ENGL 8830 Dissertation Tutorial. Additional course work for the doctorate will be recommended or required according to the needs of the student and will be defined on the Doctoral Program Planning Form. Students are individually advised at each registration.

Courses

ENGL 5027. Teaching English in the Secondary School. 3 cr. hrs.
An investigation of the role of the teacher, the student, and the curricular methods, procedures, and materials used in the teaching of language, literature, and composition in the secondary school. A 40-hour field experience in selected area schools is required.

ENGL 5110. English Linguistics. 3 cr. hrs.
An introduction to linguistics that concentrates on English. Topics include: language acquisition, grammatical structure, social and regional variation, historical change, and pragmatics.

ENGL 5120. Structure of the English Language. 3 cr. hrs.
A study of the structure of the English language with emphasis on parts of speech; the phoneme and morpheme as structural units; and analysis of modern English syntax by traditional, structural, immediate constituent, and generative-transformational methods.

ENGL 5130. History of the English Language. 3 cr. hrs.
A study of the history of the English language with emphasis on elementary phonology, morphology, and syntax through the stages of Old, Middle, and Modern English. Dialectology, sources of vocabulary, and characteristics of contemporary American English are also considered.

ENGL 5170. Studies in Language. 3 cr. hrs.
A detailed study of some aspect of language or language study, including stylistics, sociolinguistics, introductory linguistics, Old English, or semiotics. Consult Schedule of Classes, the dept. Web site or its course descriptions booklet for specific topic.

ENGL 5220. The Art of Rhetoric: Theory and Application. 3 cr. hrs.
A study of definitions of rhetoric; rhetorical analysis of texts and culture; critique of classical and contemporary theories of rhetoric; consideration of invention, arrangement, style, ethos, audience, and evidence.

ENGL 5230. Writing Center Theory, Research and Practice. 4 cr. hrs.
A study of the theoretical and practical aspects of peer tutoring of writing. Topics include: the complex processes involved in written, oral, and multimodal composition; the exploration of the different genres and contexts of writing; the theory and practice of providing feedback on work in progress; and writing center scholarship more broadly. A quarter of course work is devoted to experience of peer tutoring in the Writing Center. Students who take this course can apply to be tutors in the Ott Memorial Writing Center.

ENGL 5250. Creative Writing: Fiction. 3 cr. hrs.
A study in the composition of fiction with an emphasis on the analysis of craft and technique in student and published writing.

ENGL 5260. Creative Writing: Poetry. 3 cr. hrs.
A study in the composition of poetry with an emphasis on the analysis of craft and technique in student and published writing.

ENGL 5310. Studies in Global Literature. 3 cr. hrs.
An in-depth exploration of selected works in English or in translation from non-Anglo-American cultural traditions. Texts can be drawn from African, Asian, European, Latin American and Middle Eastern literatures with an emphasis on historical, intellectual and/or cultural contexts. Consult the dept. Web site or its course descriptions booklet for specific topic.

ENGL 5410. British Literature to 1500. 3 cr. hrs.
A reading of medieval works from the Old and Middle English periods, with emphasis on both literary and cultural issues. Typical readings include: lyrics, romances, The Pearl, Sir Gawain, and Piers Plowman, and works by Gower, Kempe, and Malory.

ENGL 5420. Renaissance Literature: The 16th Century. 3 cr. hrs.
A study of Tudor poetry, drama, and prose, with emphasis on literary and cultural issues of the Elizabethan period. Writers considered might include: Lodge and More (prose); Shakespeare, Philip and Mary Sidney, Spenser, and Wyatt (lyric and narrative poetry); and Carey, Kyd, and Marlowe (drama).

ENGL 5430. Renaissance Literature: The 17th Century. 3 cr. hrs.
A study of English poetry, drama and prose from 1603 to the beginnings of the neoclassical period. Writers considered might include: Donne, Herbert, Herrick, Jonson, and Marvell (lyric); Bacon and Wroth (prose); and Jonson, Middleton, and Webster (drama).
ENGL 5440. The Ages of Dryden and Pope: 1660-1744. 3 cr. hrs.
A study of the prose, poetry, and drama of the Restoration to early 18th century, featuring such writers as: Behn, Dryden, Pope, and Swift within the historical, literary, and intellectual contexts of the era.

ENGL 5450. The Age of Johnson: 1744-1790. 3 cr. hrs.
A study of the prose, poetry, and drama of the later 18th century, featuring such writers as: Boswell, Burney, Fielding, Johnson, and Sterne within the historical, literary, and intellectual contexts of the era.

ENGL 5460. The Romantic Period: 1790-1837. 3 cr. hrs.
A study of the poetry, drama, and fiction of the period with emphasis on the works of: Austen, Blake, Byron, Coleridge, Keats, the Shelleys, Smith, and Wordsworth.

ENGL 5470. Victorian Literature. 3 cr. hrs.
A study of the major poets and prose writers between 1837 and 1900, including such authors as: Arnold, the Brontes, the Brownings, Carlyle, Dickens, G. Eliot, Hardy, Newman, Ruskin, and Tennyson.

ENGL 5480. The Modernist Period in British Literature. 3 cr. hrs.
A study of selected works from authors whose writings exemplify the Modernist Movement in British literature such as: Compton-Burnett, Eliot, Ford, Forster, Joyce, D.H. Lawrence, Mansfield, Rhys, Sackville-West, Sitwell, Wilde, Woolf, and Yeats.

ENGL 5490. The Postmodernist Period in British Literature. 3 cr. hrs.
A study of selected works from authors whose writings exemplify the Postmodernist Movement in British literature such as: Adcock, Auden, Beckett, Desai, Drabble, Gordimer, Heaney, Joyce, Lessing, O’Brien, Pinter, Stoppard, and Woolf.

ENGL 5510. Colonial and American Literature from the Beginnings to 1798. 3 cr. hrs.
A study of the forms of colonial and indigenous cultural expression, the literature of the Revolutionary War and the early republic, and the emergence of a national literature. Writers studied may include: Bradstreet, Edwards, Equiano, Franklin, Irving, Mather, Rowson, Taylor, and Wheatley.

ENGL 5520. American Literature from 1798 to 1865. 3 cr. hrs.
A study of the literature and culture of the early-to-mid 19th century, including the periods of the American Renaissance and the Civil War. Writers studied may include: Alcott, Child, Cooper, Dickinson, Douglass, Emerson, Fuller, Hawthorne, Melville, Poe, Stowe, Thoreau, and Whitman.

ENGL 5530. American Literature from 1865 to 1914. 3 cr. hrs.
A study of late 19th century literature and culture with emphasis on the rise of realism to the beginnings of modernism. Writers studied generally include: Chesnutt, Chopin, Crane, Dickinson, Dreiser, Harper, James, Twain, and Wharton.

ENGL 5550. Twentieth Century American Literature: The Modern Period. 3 cr. hrs.
A study of American literature of the early 20th century with particular attention to the formal experiments of modernism. Writers studied generally include: Cather, T.S. Eliot, Faulkner, Fitzgerald, Frost, Hemingway, Hurston, Larsen, Stein, Stevens, Williams, and Wright.

ENGL 5560. The Contemporary Period in American Literature: 1945 to Present. 3 cr. hrs.
A study of fiction, poetry, and/or drama written since WWII, with attention to the shift from modernism to postmodernism. Authors studied are likely to include: Albee, Barth, Bellow, Bishop, Carver, DeLillo, Didion, Erdrich, Graham, Heller, Kingston, Levine, Morrison, O’Connor, Ozick, Pynchon, Roth, Stone, Walker, and White.

ENGL 5570. Individual Authors. 3 cr. hrs.
Studies of the works of selected individual authors, usually within biographical, historical, intellectual, and/or cultural contexts. Authors studied have included: Austen, the Brontes, the Brownings, Cheever and Carver, Conrad, Frost, Hardy and Hopkins, Heaney, Melville, Morrison, Wharton and Stein, and Yeats. Consult Schedule of Classes, the dept. Web site or its course descriptions booklet for specific author(s).

ENGL 5580. Chaucer. 3 cr. hrs.
A study of Chaucer’s works with focus on his techniques, thematic concerns, cultural contexts, and place in literary history.

ENGL 5590. Shakespeare’s Major Plays. 3 cr. hrs.
A detailed analysis of a selection of Shakespearean drama with emphasis given to Shakespeare’s development as a dramatist within his historical and intellectual context.

ENGL 5610. Individual Authors. 3 cr. hrs.
A study of Milton’s major poetry and prose in the context of his place in 17th century England.

ENGL 5620. Studies in Genre. 3 cr. hrs.
Advanced study of a particular genre and its ability to articulate meaning in historical, social, and/or literary contexts. Past offerings have included: romance and epic in early modern England, the family novel, the novella, the Epic, the court romance, and the American western. Consult Schedule of Classes, the dept. Web site or its course descriptions booklet for specific genre.

ENGL 5640. British Drama. 3 cr. hrs.
A study of British drama with emphasis on form and function of the genre. Consult Schedule of Classes, the dept. Web site or its course descriptions booklet for specific topic.

ENGL 5650. British Drama. 3 cr. hrs.
A study of British drama with emphasis on form and function of the genre. Consult Schedule of Classes, the dept. Web site or its course descriptions booklet for specific topic.
ENGL 5780. Literature in Film. 3 cr. hrs.
Past offerings have included: contemporary Irish literature and film, Shakespeare and film, ethnic literature and the movies, postmodern literature and film, film noir and the detective novel. Consult Schedule of Classes, the dept. Web site or its course descriptions booklet for specific topic.

ENGL 5800. Studies in Literature and Culture. 3 cr. hrs.
An investigation of the relation between literature and its culture from a variety of perspectives that might include the historical, political, or anthropological. Past offerings have included: the English urban novel; Catholicism and literature; and texts, audiences, and social change. Consult Schedule of Classes, the dept. Web site or its course descriptions booklet for specific topic.

ENGL 5810. Race, Ethnicity and Identity in American Literature and Culture. 3 cr. hrs.
A study of literary works by authors who identify with a range of different ethnic groups (e.g. African American, Asian American, Chicano/a, Jewish, Native American) in conjunction with application of classic and contemporary ethnicity theory. Writers studied generally include Cahan, Ellison, Inada, Kingston, Larsen, Momaday, Morrison, Rodriguez, Roth, Silko, Toomer, and Yamamoto.

ENGL 5820. Studies in Race and/or Ethnic Literature. 3 cr. hrs.
Topics may include: ethnic autobiography, African American narrative, the Harlem Renaissance, Native American oral tradition, Asian American literature, etc. Consult Schedule of Classes, the dept. Web site or its course descriptions booklet for specific topic.

ENGL 5830. African-American Literature. 3 cr. hrs.
A study of major works of fiction, poetry, autobiography, and drama by African American authors writing from slavery thorough the present day. Works are usually situated within their historical, biographical, intellectual and cultural contexts. Authors studied generally include: Baldwin, Douglass, DuBois, Dunbar, Ellison, Hansberry, Hurston, Jacobs, Kincaid, Morrison, Walker, Washington, Wideman, Wilson and Wright.

ENGL 5840. Post-Colonial Literature. 3 cr. hrs.
Study of developing national literatures in Africa, Australia, the Caribbean, and Southeast Asia after the collapse of the British Empire in the 1950s. Writers studied may include: Achebe, Aidoo, Coetzee, Harris, Ishiguro, Kincaid, Lamming, Mudrooroo, Ngugi, Rushdie, and Walcott.

ENGL 5860. Survey of Women's Literature. 3 cr. hrs.
Study of selected female authors that addresses their distinctive social and aesthetic concerns, with emphasis on the range of critical methods instrumental to feminist literary criticism (e.g., historicism, archetypal criticism, psychoanalysis). Authors may include: Austen, the Brontes, Burney, G. Eliot, Julien of Norwich, Kempe, Morrison, O'Connor, Shelley, Silko, Woolf, and Wroth.

ENGL 5870. Studies in Women and Literature. 3 cr. hrs.
Past offerings have included: multicultural women's autobiography, the sentimental novel, fictions of domesticity, women's writing in the Renaissance, romanticism and gender, the female gothic, and black women's writing. Consult Schedule of Classes, the dept. Web site or its course descriptions booklet for specific topic.

ENGL 5931. Topics in Literature or Writing. 3 cr. hrs.
Past offerings have included: the Bible as literature, literary responses to the Viet Nam War, literature and the environment, literature of the Holocaust, the Vikings, and meaning and identity. Consult Schedule of Classes, the dept. Web site or its course descriptions booklet for specific topic. If topic is in writing, may not be counted toward the credits required for an M.A. or Ph.D. degree in English.

ENGL 5953. Seminar in Literature. 3 cr. hrs.
Advanced practice in the techniques and discipline of intensive literary study. Consult Schedule of Classes, the dept. Web site or its course descriptions booklet for specific topic.

ENGL 5954. Seminar in Writing. 3 cr. hrs.
Advanced practice in the techniques and discipline of writing. Offered in fiction, in poetry and in nonfiction. Consult Schedule of Classes, the dept. Web site or its course descriptions booklet for specific genre.

ENGL 6200. Old English. 3 cr. hrs.
The grammar and syntax of Anglo-Saxon. Selected readings from the prose and poetry in the corpus of Anglo-Saxon literature.

ENGL 6205. Studies in Language and Linguistics:. 3 cr. hrs.

ENGL 6210. Studies in English Literature, the Beginnings to 1500. 3 cr. hrs.

ENGL 6215. Studies in Renaissance Literature. 3 cr. hrs.

ENGL 6220. Studies in Shakespeare:. 3 cr. hrs.

ENGL 6300. Studies in Restoration and Eighteenth Century Literature:. 3 cr. hrs.

ENGL 6400. Studies in Nineteenth-Century British Literature. 3 cr. hrs.

ENGL 6600. Studies in American Literature from the Beginnings to 1900. 3 cr. hrs.

ENGL 6800. Studies in Genre:. 3 cr. hrs.

ENGL 6810. Study in History of Literary Criticism. 3 cr. hrs.
Study of the major critics and texts in literary criticism and critical theory from the classical period to 20th century New Criticism.
ENGL 6820. Studies in Modern Critical Theory and Practice:. 3 cr. hrs.
Presents a survey of approaches commonly used in a range of modern literary studies. The scope of epistemologies that currently shape interpretations in the discipline. Methods of archival and bibliographic research, and new research technologies.

ENGL 6830. Studies in Literary Criticism. 3 cr. hrs.

ENGL 6840. Studies in Rhetoric and Composition Theory:. 3 cr. hrs.
Philosophy and theory of rhetoric, with emphasis on primary classical sources and the relationship of contemporary to classical theory. Provides theoretical background for the teaching of writing at the college level.

ENGL 6850. Studies in the Teaching of Literature:. 1 cr. hr.

ENGL 6931. Topics in English. 3 cr. hrs.
Topics vary by section to offer a variety of methodological, thematic, or generic approaches to bodies of literature. See Schedule of Classes or dept. Web site for specific topic.

ENGL 6995. Independent Study in English. 1-3 cr. hrs.
Prereq: Cons. of dept. ch.

ENGL 8282. Studies in Modern Critical Theory and Practice:. 3 cr. hrs.
Examines in detail a range of modern literary theories and their textual applications. Consists of writings from a selection of different critical movements, which may include: Formalism, Semiotics, Structuralism, Rhetorical Studies, Narrative Theory, Psychological Criticism, Feminist Inquiry, Deconstruction, Marxism, New Historicism and Cultural Studies, and Postcolonial Discourse. In addition to studying the central tenets of each theory, students also practice its application to a variety of literary texts, preferably ones relevant to their dissertations. Prereq: ENGL 6820 or equiv.

ENGL 8310. Advanced Studies in British Literature:. 3 cr. hrs.
Focuses attention on issues that inform readings across the spectrum of British literature. Provides a forum where students can share research on topics of mutual interest. Prereq: Completion of M.A.; enrollment is limited to Ph.D. students.

ENGL 8350. Advanced Studies in American Literature:. 3 cr. hrs.
Focuses attention on issues that inform readings across the spectrum of American literature. Provides a forum where students can share research on topics of mutual interest. Prereq: Completion of M.A.; enrollment is limited to Ph.D. students.

ENGL 8370. Advanced Studies in Genre:. 3 cr. hrs.
Examines theoretical issues that inform the construction and comprehension of specific literary genres. Takes interest both in traditional conceptions of that genre and in efforts to redefine those traditional conceptions. Prereq: Completion of M.A.; enrollment is limited to Ph.D. students.

ENGL 8830. Dissertation Tutorial. 3 cr. hrs.

ENGL 8932. Advanced Studies in Selected Topics:. 3 cr. hrs.
Various issues covering genres, literary periods, criticism, or language will be examined in a fashion that emphasizes reading from particular critical perspectives while recognizing options for interpretation. Prereq: Completion of M.A.; enrollment is limited to Ph.D. students.

ENGL 8995. Independent Study in English. 1-3 cr. hrs.
A course whose mode of instruction offers a student the opportunity to study or do in-depth research on a topic or subject matter not usually offered in the established curriculum, with a current Marquette faculty of his/her choice and independent of the classroom setting. Prereq: Cons. of dept. ch.

ENGL 8999. Doctoral Dissertation. 1-12 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.

ENGL 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

ENGL 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

ENGL 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

ENGL 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

ENGL 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

ENGL 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

ENGL 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
ENGL 9987. Doctoral Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

ENGL 9988. Doctoral Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

ENGL 9989. Doctoral Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

ENGL 9997. Doctoral Dissertation Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

ENGL 9998. Doctoral Dissertation Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

ENGL 9999. Doctoral Dissertation Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Foreign Languages and Literatures (FOLL)

Chairperson: Anne M. Pasero, Ph.D.
marquette.edu/fola/grad_director_intro.shtml

Degrees Offered
Master of Arts, Plan B only

Specialization
Spanish

Program Description
The Department of Foreign Languages and Literatures’ graduate program in Spanish is designed to provide students with a broad background in Spanish language, literature, culture and language teaching methodology. The majority of the department’s graduates have entered teaching careers, continued on to doctoral studies or secured a position in business or government. Students in the program form a small and relatively intimate group. Graduate seminars are kept small, averaging ten students, and students are given individual guidance throughout their course of study.

Teaching assistantships in Spanish are available to candidates on a competitive basis. Teaching assistants are required to take SPAN 6000, Teaching College Spanish (3 sem. hrs.), their first fall semester in the program.

Prerequisites for Admission
Applicants for the master of arts program must have a bachelor’s degree, or the equivalent foreign degree, from an accredited institution.

Applicants with an undergraduate major in Spanish are expected to have completed 24 credit hours of course work beyond the intermediate level, including work in composition, conversation and advanced work in literature. Applicants with an undergraduate minor in Spanish are expected to have completed 15 credit hours of course work beyond the intermediate level, including a survey course in literature and a course in composition and conversation. Applicants must have an undergraduate grade point average equivalent of B or above (3.000 on a 4.000 scale). Native speakers of the language, who have an undergraduate degree in the humanities, are also eligible.

Application Deadline
To be considered for admission, all application requirements must be completed and received in the Graduate School by Dec. 15.

Application Requirements
Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation.
4. A writing sample in Spanish. This can be a term paper from one of the applicant’s undergraduate Spanish courses.
5. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.
6. (For teaching assistantships in Spanish) a tape recording (no longer than 5 minutes) of their foreign speaking voice. The tape should include a reading from a prose passage and some free conversation. Foreign applicants should make a similar recording in English. The recording should be submitted directly to the director of graduate studies or the chair of the department.

Foreign Languages and Literatures Master’s Requirements
Students must pursue the Plan B course of study. Plan B students are required to complete 30 credit hours of course work. A thesis is not required.

Course Work
At least half of the student’s work as a graduate student must be in courses numbered 6000 and above. Students are required to complete a total of 30 credit hours with one 5000-level or 6000-level course in each of the six areas listed below. The remaining 12 credits are to be chosen from the courses offered in each area and subfield on which the student decides to be tested for the master of arts comprehensive examination.

1. Early Hispanic Literature
   Subfields:
   • Medieval Spanish Literature
   • Golden Age Spanish Literature
2. Early Spanish-American Literature
   Subfields:
   - 15th to 17th Centuries: Pre-Columbian to Baroque Period
   - 18th and 19th Century Spanish-America

3. Modern and Contemporary Peninsular Spanish Literature
   Subfields:
   - 18th and 19th Century Spanish Literature
   - 20th and 21st Century Spanish Literature

4. Modern and Contemporary Spanish-American Literature
   Subfields:
   - *Modernismo* and *Vanguardismo* (1886-1940)
   - Boom to 21st Century (1940-today)

5. Language and Linguistics
   Subfields:
   - Second Language Acquisition and Pedagogy
   - Synchronic Linguistics
   - Diachronic Linguistics

6. Hispanic Cultural Studies
   Subfields:
   - Peninsular Spanish Culture and Cinematography
   - Spanish-American Culture and Cinematography
   - U.S. Latino(a) Literature, Culture and Cinematography

**Note:** A course may not be used to fulfill more than one area of study. Depending on the topic, SPAN 6931 Topics in Spanish Language, Culture and Literature may be repeated, and can be used to fulfill the appropriate area of study. All 5000-level courses will require additional work at the graduate level, such as readings, writing assignments and oral presentations.

**Comprehensive Examinations**

Candidates for the master of arts degree must pass written and oral comprehensive examinations based on the material covered in the student’s course work and the master’s reading list to complete the program. Examinations are normally given in November and March. Exceptions must be approved by the director of graduate studies and the department chair.

Candidates will select, in advance, a total of five subfields from three of the six areas listed above upon which to be tested. The exam must be written in Spanish.

The oral portion of the comprehensive examination will take place approximately one week following the written exam. The student will be asked to elaborate upon, clarify and/or correct information given in the written exam. No new material will be introduced during this session. The student’s overall performance will not be evaluated until after this session.

The examining committee will be composed of three to five faculty members chosen by the director of graduate studies in consultation with the student and the department chair. Details on examinations, the master’s reading list, and sample questions are available from the department office.

**Reading Knowledge Courses**

Reading Knowledge Courses, preparatory to doctoral language examinations, are offered in the following languages:

<table>
<thead>
<tr>
<th>Course</th>
<th>Description</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>FREN 6204</td>
<td>French for Reading Knowledge</td>
<td>3</td>
</tr>
<tr>

<tr>
<td>SPAN 6204</td>
<td>Spanish for Reading Knowledge</td>
<td>3</td>
</tr>
</tbody>
</table>

Students registered for 6204 Reading Knowledge Courses and wishing to withdraw must do so formally in the Graduate School office.

**Graduate Foreign Language Proficiency Exam**

Students taking the Foreign Language Proficiency Exam outside of the 6204 courses offered must register for the Graduate Foreign Language Proficiency Exam for the specific language (FREN 9831, GRMN 9831, etc.) through CheckMarq. Upon prior approval from the Department of Foreign Languages and Literatures, students must register for FOLA 9830 for languages other than Arabic, Chinese, French, German, Greek, Italian, Japanese, Latin or Spanish. Exams will be offered once per term. A $100 processing fee will be charged per exam.
Foreign Language Courses

FOLA 5000. Teaching World Languages and Cultures. 3 cr. hrs.
Study and application of the fundamental principles of effective second language instruction through the exploration of second language acquisition theory, the development of skills for selecting, organizing, providing, and assessing effective second language learning opportunities; practice of instructional technique within clinical contexts; and reflection on teaching performance. Clinical experience requirement: 3 hours per week for a total of 40 hours. Required of all education majors. Offered fall term. Prereq: SPAN 6000 and intermediate high performance on an official Oral Proficiency Interview.

French Courses

FREN 5110. Advanced Grammar and Syntax in French. 3 cr. hrs.
Examines advanced structures, forms, and style of the French language through contextual practice.

FREN 5500. The Middle Ages in France: 1050-1450. 3 cr. hrs.
Major aspects of the period through literature, the arts, and film (in modern French). Prereq: FREN 3500 or cons. of dept. ch.

FREN 5510. Sixteenth Century French Literature. 3 cr. hrs.
Major aspects of the Renaissance in France through literature, the arts, and film.

FREN 5520. Seventeenth Century French Literature. 3 cr. hrs.
Major aspects of French Classicism through literature, the arts, and film.

FREN 5530. Eighteenth Century French Literature. 3 cr. hrs.
Major aspects of the Enlightenment through literature, the arts, and film.

FREN 5540. Nineteenth Century French Literature. 3 cr. hrs.
Major aspects of the 19th century in France through literature, the arts, and film.

FREN 5550. Twentieth and Twenty-First Century French Literature. 3 cr. hrs.
Provides an overview of French grammar, reading comprehension of basic texts and translation practice for graduate students who plan to use French in their field of research. May only be taken for credit and may not be audited. Prereq: Enrolled in the Graduate School.

German Courses

GRMN 5110. Advanced German Grammar. 3 cr. hrs.
Grammatical structure of the German language in context with other linguistic areas.

GRMN 5505. German Drama. 3 cr. hrs.
Significant German drama from Lessing to the present.

GRMN 5515. The German Novelle. 3 cr. hrs.
Novelle: the genre and representative works.

GRMN 5525. German Literature: Twelfth to the Eighteenth Century. 3 cr. hrs.
Principal works of the Medieval, Renaissance, and Baroque periods in German literature.

GRMN 5530. Eighteenth Century German Literature. 3 cr. hrs.
Authors and works of the Enlightenment, Storm and Stress, and Classicism, including Goethe’s late works.

GRMN 5540. Nineteenth Century German Literature. 3 cr. hrs.
Romanticism and Realism in German literature.

GRMN 5550. Twentieth and Twenty-First Century German Literature. 3 cr. hrs.
Study of German authors and works of such periods as Naturalism, Neo-Romanticism, Expressionism through the most current literary trends.

GRMN 6204. German for Reading Knowledge. 3 cr. hrs.
Provides an overview of German grammar, reading comprehension of basic texts and translation practice for graduate students who plan to use German in their field of research. May only be taken for credit and may not be audited. Prereq: Enrolled in the Graduate School.

Greek Courses

GREK 5931. Topics in Greek Language, Culture and Literature. 1-3 cr. hrs.
Topics vary. Subject to be announced.

GREK 6204. Greek for Reading Knowledge. 3 cr. hrs.
Provides an overview of Classical and New Testament Greek grammar, reading comprehension of basic texts and translation practice for graduate students who plan to use Greek in their field of research. May only be taken for credit and may not be audited. Prereq: Enrolled in the Graduate School.
Italian Courses

ITAL 5931. Topics in Italian Language, Culture and Literature. 3 cr. hrs.
Topics vary. Subject to be announced. Prereq: Cons. of dept. ch.

Latin Courses

LATN 5100. Latin Prose Composition. 3 cr. hrs.

LATN 5115. Medieval Latin. 3 cr. hrs.
Reading, translation, and analysis of a wide selection of Medieval Latin texts in prose and verse.

LATN 5505. Vergil: Aeneid. 3 cr. hrs.
Translation of selections from Books 1-12 of Vergil’s great national epic, the Aeneid, telling of the journey of Aeneas from fallen Troy to the shores of Italy. Background readings and discussions on Vergil’s literary debt to Homer, The Aeneid as a national epic, and the Roman view of the Trojan legacy.

LATN 5510. Horace: Odes. 3 cr. hrs.
Reading, translation, and analysis of selected lyric poems of Horace.

LATN 5515. Roman Elegiac Poetry. 3 cr. hrs.
Translations of selections from the love poems of Tibullus, Propertius, and Ovid. Background readings and discussions on the origin and conventions of Roman elegiac poetry. Study of the elegiac couplet.

LATN 5520. Roman Comedy: Plautus and Terence. 3 cr. hrs.
Reading in Latin of several comedies from the works of Plautus and Terence, Rome’s surviving comic playwrights. Comedies translated may include Plautus’ Miles Gloriosus, Menaechmi, and Mostellaria; and Terence’s Adelphi and Woman of Andros. Background readings and discussion on the origin and conventions of Roman comedy and the technicalities of staging a Roman comedy.

LATN 5525. Tacitus: Germania and Agricola. 3 cr. hrs.
Reading, translation, and analysis of selections from the shorter works of Tacitus, with additional selections from the Annales.

LATN 5530. Cicero: Political and Philosophical Writings. 3 cr. hrs.
Reading, translation, and analysis of selections from the speeches and dialogues of Cicero.

LATN 5550. Advanced Studies in Latin Poetry. 3 cr. hrs.
Reading, translation and analysis of a major Latin poet such as Catullus, Ovid or Juvenal.

LATN 5560. Advanced Studies in Latin Prose. 3 cr. hrs.
Readings translation and interpretation of a major Latin prose author such as Sallust, Livy, Seneca, Quintilian or St. Augustine.

LATN 5931. Topics in Latin Language, Culture and Literature. 1-3 cr. hrs.
Topics vary. Subject to be announced. Prereq: Cons. of dept. ch.

LATN 6204. Latin for Reading Knowledge. 3 cr. hrs.
Provides an overview of Latin grammar, reading comprehension of basic texts and translation practice for graduate students who plan to use Latin in their field of research. May only be taken for credit and may not be audited. Prereq: Enrolled in the Graduate School.

Spanish Courses

SPAN 5110. Advanced Spanish Grammar and Syntax. 3 cr. hrs.
Theoretical and practical study of selected major syntactic structures of Spanish. Emphasis on the development of advanced-level language functions, dialect variation, contrastive analysis, and pedagogical implications.

SPAN 5120. Spanish Phonetics and Applied Linguistics. 3 cr. hrs.
Study of Spanish phonetics, phonological and orthographic systems, morphological and syntactic structures, and pragmatics. Emphasis on articulation, conditioned and dialectal variation, acquisition of Spanish by English-speaking learners, and pedagogical implications.

SPAN 5140. Spanish Second Language Acquisition. 3 cr. hrs.
Introduction to theories and approaches in second language acquisition. Examination of issues such as the similarities and differences between first and second language acquisition, theories of second language acquisition, factors that influence the language learning process, cognitive and sociocultural perspectives, the effect of study abroad on the development of second language acquisition, the testing of Spanish and the role of instruction in Spanish second language learning. Prereq: Cons. of dept. ch.

SPAN 5150. Spanish as a World Language. 3 cr. hrs.
Study of the status of Spanish in the world with reference to areas such as standardization, language history and variation, linguistic unification and fragmentation, discourse analysis, pragmatics and contact with other world languages. Prereq: Cons. of dept. ch.

SPAN 5310. Spanish Film and Society. 3 cr. hrs.
A comprehensive study of Spanish film. Special attention to the representation of key elements of the Spanish identity, such as family relations, culture, sex, gender, class, politics, and power. Includes materials on films and readings in film theory.
SPAN 5315. Spanish-American and Latino Film and Society. 3 cr. hrs.
Study of Spanish-American and Latino film in accordance with contemporary cultural and film theory. Special attention to the representation of key elements of the Hispanic identity through culture, class, gender, sexuality, religion, politics and/or power. Viewings may include documentaries, feature length films, short films or films based on literature in and outside of class. Prereq: Cons. of dept. ch.

SPAN 5320. Contemporary Issues in the Hispanic World. 3 cr. hrs.
Focuses on the study and discussion of current topics, preoccupations, trends and issues pertaining to various Hispanic societies of today in areas such as religion, educational reforms, ethnicity, race, identity, social stratification, and economic development.

SPAN 5350. Nobel Prize Winners of the Hispanic World. 3 cr. hrs.
Study of the literary achievements and representative works of such Hispanic Nobel Prize recipients as Aleixandre, Asturias, Benavente, Cela, Echegaray, García Márquez, Jiménez, Mistral, Neruda and Paz.

SPAN 5400. U.S. Latino/a Literature. 3 cr. hrs.
A comprehensive study of U.S. Latinos/as’ struggle for identity based on the ethnic, economic, historical, and cultural position of the Spanish-speaking population in the United States. Readings generally include Anaya, Castillo, Chavez, Cisneros, Diaz, and Rodriguez, among others.

SPAN 5450. Afro-Hispanic Caribbean Literature and Culture. 3 cr. hrs.
Exploration of the relationship between literature and culture in the Afro-Hispanic Caribbean by focusing on themes of slavery, race, class, identity, religion, immigration and politics through the works of such writers as Manzano, Gómez de Avellaneda, Villaverde, Barnet, Rodríguez Juliá, Palés Matos, Guillén and Morejón.

SPAN 5500. Race, Culture and Religion in Early Spanish Literature. 3 cr. hrs.
A study of representative literary texts from the Spanish Middle Ages to the 16th century with emphasis on both literary and cultural issues. Works studied generally include Poema del Mío Cid, Libro de Buen Amor, La Celestina and lyrical poetry.

SPAN 5505. The Spanish Renaissance. 3 cr. hrs.
Readings and analysis in literary historical context of selected, significant works from representative authors such as Lope de Vega, Calderon de la Barca, Tirso de Molina, Fray Luis de Leon, San Juan de la Cruz, Santa Teresa de Jesus, and Gongora.

SPAN 5510. Cervantes’ Don Quijote. 3 cr. hrs.
In-depth study and analysis of Cervantes’ masterpiece Don Quijote within the historical, political, and cultural context of the Spanish Golden Age. Special attention to his life, his novelistic theories, his literary works and importance in the creation of the modern novel.

SPAN 5525. Spanish Literature: Eighteenth and Nineteenth Centuries. 3 cr. hrs.
The major figures of the Enlightenment, Neoclassic, Romantic, Realist and Naturalist movements in Spain. Readings include Cadalso, Larra, Pardo Bazan, Clarian, and Galdós.

SPAN 5550. Spanish Literature: Twentieth and Twenty-First Centuries. 3 cr. hrs.
Non-dramatic literature after 1898 with emphasis on the social significance of literary production in contemporary Spain. Readings include Unamuno, Lafont, Matute, Delibes, Goytisolo, and Vázquez Montalbán.

SPAN 5560. Contemporary Spanish Theater. 3 cr. hrs.
A study of the major formal and thematic developments in contemporary formal and thematic developments in contemporary peninsular Spanish theater with emphasis on the works of such dramatists as Valle Inclán, Mihura, Casona, Sastre, Buero Vallejo, García Lorca, Nieva, and Pedrero.

SPAN 5600. Spanish-American Literature: Pre-Columbian to Baroque. 3 cr. hrs.
Presents a panoramic overview of the major writers and relevant literary manifestations present in the Hispanic World from the pre-Columbian days (e.g. Aztecs, Mayans and Incas) to the Baroque. Writers studied generally include: Colon, Cortes, Las Casas, Inca Garcilaso de la Vega, Sor Juana, among others.

SPAN 5610. Spanish-American Literature: Eighteenth and Nineteenth Centuries. 3 cr. hrs.
Overview of the development of literature in Spanish-America during the 18th and 19th centuries. Major movements studied include Romanticism, Realism, and Naturalism. Topics of particular interest include the promotion of independence, the search for national identity, and efforts to reform colonial practices such as slavery. Writers studied generally include: Fernandez de Lizardi, Bello, Bolivar, Echeverria, Isaacs, Gomez de Avellaneda, Sarmiento, and Marti, among others.

SPAN 5615. Spanish-American Literature: Modernismo and Vanguardismo. 3 cr. hrs.
Study of Modernismo and the avant-garde movements in Spanish-America. Writers studied include: Darío, Rodó, Huidoboro, Storni, Vallejo and Borges among others. Prereq: Cons. of dept. ch.

SPAN 5620. Spanish-American Literature: The Boom to the Twenty-First Century. 3 cr. hrs.
Study of various literary modes of thought and tendencies present in Spanish-America throughout the 20th century to the present in areas such as poetry, the short story, the short novel and the essay. Emphasis on the Boom and post-Boom tendencies. Writers studied generally include: Paz, Borges, Fuentes, García Márquez, Allende, Poniatowska and Menchú, among others. Prereq: Cons. of dept. ch.

SPAN 5640. Novels and Novelists in Spanish-America. 3 cr. hrs.
Focuses on the different trends, forms, and contents of the Spanish-American novel as a genre, with emphasis on the works of such modern and cosmopolitan writers as Sabato, Fuentes, Carpentier, Ferré, Allende, Esquivel, Vargas Lllosa and García Márquez.
SPAN 5660. Spanish-American Theatre. 3 cr. hrs.
Study of Spanish-American theatre from Colonial times to present. Writers studied include Sor Juana, Díaz, Gambaro, Marqués, Sánchez, Usigli and Wolf, among others. Prereq: Cons. of dept. ch.

SPAN 5670. Spanish-American Short Story. 3 cr. hrs.
Study of the evolution of the Spanish-American short story. Writers studied include Borges, Cortázar, Donoso, Ferré, Fuentes, García, Marquéz, Quiroga, Rulfo and Valenzuela, among others. Prereq: Cons. of dept. ch.

SPAN 5931. Topics in Spanish Language, Culture and Literature. 1-3 cr. hrs.
Topics vary. Subject to be announced. Prereq: Cons. of dept. ch.

SPAN 5951. MU Led Travel/Study Abroad. 3 cr. hrs.
Course taught in an international setting by Marquette professors and where students earn Marquette credit. Study Abroad expenses apply.

SPAN 6000. Teaching College Spanish. 3 cr. hrs.
Introduction to the principles of effective foreign language teaching. Readings in theories of second language learning and current pedagogical practices. Objectives include designing activities for the communicative classroom, as well as appropriate assessment techniques. Prereq: Required of all Spanish teaching assistants their first fall term.

SPAN 6100. History of the Spanish Language. 3 cr. hrs.
Historical development of the Spanish language from its origins to the present in Spain and Spanish-America.

SPAN 6110. Applied Linguistics. 3 cr. hrs.
Systematic study of language aimed at the application of descriptive, comparative, and historical linguistics to the language teaching situation. Applied linguistics in phonology, morphology, syntax, and contrastive analysis.

SPAN 6150. Strategies and Techniques of Written and Oral Communication. 3 cr. hrs.
Spanish syntactical and stylistic problems, plus advanced oral-aural work based on topical material of a literary, artistic, or cultural nature.

SPAN 6204. Spanish for Reading Knowledge. 3 cr. hrs.
Provides an overview of Spanish grammar, reading comprehension of basic texts and translation practice for graduate students who plan to use Spanish in their field of research. May only be taken for credit and may not be audited. Prereq: Enrolled in the Graduate School.

SPAN 6300. Hispanic Cultural Studies. 3 cr. hrs.
Study of a given topic in Hispanic Cultural Studies, such as film, Spanish culture, Spanish-America culture, or U.S. Latino literature and culture. Topics to be announced.

SPAN 6391. Topics in Spanish Language, Culture and Literature. 3 cr. hrs.
Topics vary.

SPAN 6500. Medieval Spanish Literature. 3 cr. hrs.
Literary texts of Spain prior to the 16th century.

SPAN 6505. Studies in Spanish Renaissance Literature. 3 cr. hrs.
The major trends in Spanish literature during the 15th and 16th centuries.

SPAN 6525. Studies in Spanish Literature: Eighteenth and Nineteenth Centuries. 3 cr. hrs.
Significant trends and authors of the 18th and 19th centuries in Spain.

SPAN 6550. Studies in Spanish Literature: Twentieth and Twenty-First Centuries. 3 cr. hrs.
Contemporary Spanish literature from the Generation of 98 to the present.

SPAN 6575. Studies in Spanish Literature: Genre Study. 3 cr. hrs.
In-depth study of the development of a major genre in Spanish literature, such as theatre, short story, poetry or essay. The particular genre will vary.

SPAN 6600. Studies in Spanish-American Literature: Pre-Columbian to Baroque Period. 3 cr. hrs.
Study of major trends in Spanish-American literature since the Pre-Columbian period, with particular emphasis on the Cronicas and baroque poetry.

Study of major trends and genres in Spanish-America during the 18th and 19th centuries, with particular emphasis on Romanticism, Realism, Naturalism and Modernismo. Writers studied generally include: Fernández de Lizardi, Bello, Bolívar, Echeverría, Isaacs, Gómez de Avellaneda, Sarmiento, Martí and Darío, among others.

SPAN 6650. Studies in Spanish-American Literature: Twentieth and Twenty-First Centuries. 3 cr. hrs.
Study of major trends in Spanish-American literature in the 20th and 21st centuries. Particular emphasis on the representative poets, dramatists and prose writers of the modern period.

SPAN 6675. Studies in Spanish-American Literature: Genre Study. 3 cr. hrs.
Study of the development of a major genre in Spanish-American literature, such as theatre, short study, poetry or essay. The particular genre will vary.

SPAN 6931. Topics in Spanish. 3 cr. hrs.

SPAN 6995. Independent Study in Spanish. 1-3 cr. hrs.
Prereq: Cons. of dept. ch.
SPAN 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

SPAN 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

SPAN 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

SPAN 9984. Master's Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

SPAN 9985. Master's Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

SPAN 9986. Master's Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.  
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Graduate Professional Studies

Programs Director: Jay L. Caulfield, Ph.D.
marquette.edu/cps/graduate_programs_index.shtml

Marquette’s graduate professional studies programs prepare professionals for positions of leadership in public, not-for-profit and for-profit organizations — locally, nationally and globally. The rigorous curriculum and unique, interdisciplinary approach prepare students to meet society’s ever-changing challenges. The College of Professional Studies offers degrees and/or certificates in: criminal justice administration, dispute resolution, leadership studies, nonprofit sector administration, public service and sports leadership.

Criminal Justice Administration Courses

CJAD 6400. Critical Issues in Criminal Justice. 3 cr. hrs.
A comprehensive overview of the American criminal justice system, including the functions of its components, the role of the various participants and the effectiveness of crime control. Examines crime statistics, the causes of crime and current issues impacting the system as a whole. Highlights the role of the courts and the legal constraints derived from the Constitution on arrest, prosecution and conviction. Examines the procedural processes beginning with the trial process, culminating in sentencing and appeals. Topics may include: current Supreme Court issues, hate crime, domestic violence, gun control, the death penalty, police civil liability, privacy rights, wrongful conviction and public policy, plea bargaining and reforms to the justice system.

CJAD 6405. Criminological Theory in Public Service and Social Policy. 3 cr. hrs.
The study of criminological theories which inform the construction and operation of criminal justice administration and policy.

CJAD 6410. Juvenile Justice. 3 cr. hrs.
Provides students with a practical understanding of juvenile justice through an in-depth analysis of the components of the current system, the perspectives of the participants and the successes and failures of the process. Examines the theory and practice of juvenile law, constitutional and national trends and current legislative efforts in the juvenile justice arena.

CJAD 6415. Victims and Victims Policy. 3 cr. hrs.
Overview of issues facing victims in modern society and society’s efforts to make the victim whole.

Critical study of selected areas of correctional management such as organization theory, management philosophy and leadership, human resource management, labor relations, and current issues in the administration of institutional and community corrections.

CJAD 6425. Females: Offenders, Victims and Workers in the Criminal Justice System. 3 cr. hrs.
Focuses on current status of women and girls in both the study of crime and the process of decision-making about women victims and offenders in the criminal justice system. Examines status of women workers and their access to employment within the criminal justice system.

CJAD 6430. Clinical Issues in Criminal Justice. 3 cr. hrs.
Investigation of the clinical issues impacting criminal justice policy, including mental illness and criminal behavior, legal insanity, post-traumatic stress disorder and crime, civic and criminal commitment, prisoner’s rights, and the treatment of juveniles and adult offenders.

CJAD 6435. Forensic Psychology in Criminal Justice. 3 cr. hrs.
Explores the interface between psychology and the legal process. Examines the role of psychology in addressing a wide range of legal issues, including: evaluations regarding competency to stand trial, criminal responsibility, risk of dangerousness, child custody and placement, fitness for duty, etc. Looks at issues associated with providing psychological service.

Analysis of key issues affecting the complex processes of criminal justice at every stage of the criminal justice system.

CJAD 6445. Race, Gender and Ethnicity in Criminal Justice. 3 cr. hrs.
A critical examination of the interplay between race, gender, crime and the administration of justice in America. Focuses on the social, economic and political aspects of women, minorities and crime. Includes the examination of both the real and perceived relationship between race/gender/ethnicity and generalized criminal conduct. Topics for discussion include: racial profiling, disproportionate minority representation, police conduct, arrest rates and the death penalty.

CJAD 6510. Policies in Policing. 3 cr. hrs.
Examines contemporary policy making processes adopted by federal, state, and local police agencies. In-depth analysis of the most critical policies police administrators must consider. Policies include: recruitment, selection, and promotion of personnel, use of force, emergency vehicle operation, accreditation, discretion and training.

CJAD 6511. Legal Issues in Law Enforcement. 3 cr. hrs.
Focuses on risk management principles and legal responsibilities of law enforcement administrators with the intent of minimizing civil liabilities. Examines constitutional issues, Supreme Court case decisions, Fair Labor Standards Act, Family Leave and Medical Act, workplace harassment issues, management rights, contracts, internal investigations and the disciplinary process. Prereq: Acceptance to the graduate certificate program for law enforcement leadership and management.

CJAD 6931. Topics in Criminal Justice. 1-3 cr. hrs.
Examination of topics related to contemporary issues in criminal justice.
Dispute Resolution Courses

DIRS 6600. Mediation. 3 cr. hrs.
Mediation as facilitated negotiation, three-party processes vs. two-party processes, interest-based bargaining vs. positional or adversarial bargaining. Concepts will be explored through the use of class role plays, which are videotaped and critiqued as a part of mediation training.

DIRS 6605. Advanced Mediation. 3 cr. hrs.
An exploration of more advanced issues in the practice of mediation, including brokering, emotions in mediation, agenda, joint session, caucuses, agreements and multi-party/multi issue cases. Prereq: DIRS 6600.

DIRS 6610. Dispute Resolution Theory. 3 cr. hrs.
The development of conflict between and among individuals, organizations, and governmental units; various models for conflict and types of conflict resolution will also be surveyed. Prereq: DIRS 6600.

DIRS 6615. Advanced Issues in Dispute Resolution. 3 cr. hrs.
Explores current theoretical and applied issues in mediation. These issues may include: communication theories and models, legislative enactments, dispute resolution systems design, and court-connected dispute resolution systems. Case studies provide an opportunity to examine the theory through an applied approach. Prereq: DIRS 6600.

DIRS 6705. Dispute Resolution and the Family. 3 cr. hrs.
Explores the many ways that dispute resolution processes are used in the family dynamic, including the division of marital property, the resolution of child custody issues, the resolution of parent-child behavioral issues, the resolution of contested adult guardianships, the resolution of issues involving the termination of parental rights, and the placement of adult family members in institutional settings. Includes an analysis of the roles of unique stakeholders, such as guardian ad litem, medical personnel, and extended family members. Uses a significant number of role plays to allow students to apply and refine their skills. Prereq: DIRS 6600.

DIRS 6710. Dispute Resolution and Education. 3 cr. hrs.
Explores the many ways dispute resolution processes are used in the educational context, including: collective bargaining agreements, student peer mediation programs, student-teacher disputes, ombuds programs in higher education, and the mediation of special education disputes. Addresses problem solving skills helpful to any teacher or school administrator in dealing with parents, students, and colleagues. Uses a significant number of role plays to allow students to apply and refine their skills. Prereq: DIRS 6600.

DIRS 6715. Dispute Resolution and the Workplace. 3 cr. hrs.
Explores the many ways dispute resolution processes are used in the workplace, including: interest arbitration, grievance arbitration, the negotiation of collective bargaining agreements, ombuds systems, peer review panels, mediation systems in unionized and non-unionized environments, and the use of processes to address issues of sexual discrimination, sexual harassment, and the lack of retention and promotion of minority workers. Uses a significant number of role plays to allow students to apply and refine their skills. Prereq: DIRS 6600.

DIRS 6720. Arbitration. 3 cr. hrs.
Explores the adjudicative process of arbitration or private-judging in commonly used contexts, such as labor, construction, securities, and consumer disputes. Examines the United States Supreme Court’s line of precedent regarding the enforceability of arbitration clauses in contracts. Addresses common techniques used in the arbitration process. Prereq: DIRS 6600.

DIRS 6725. Negotiation. 3 cr. hrs.
Explores a variety of styles of negotiation, focusing primarily on interest-based bargaining. Addresses criticisms of the efficacy of interest-based bargaining in some depth. Uses a significant number of role plays for instructional purposes, utilizing scenarios from two-party single issue negotiations to multi-party multi-issue negotiations. Prereq: DIRS 6600.

DIRS 6730. Dispute Resolution Systems Design. 3 cr. hrs.
Explores the process by which you design, implement, and administer a dispute resolution system. Analyzes methods of stakeholder investment, intake, screening, referral, recordkeeping, data collection and evaluation. Compares methods used in a variety of dispute resolution systems, including internal and external mediation systems, arbitration, and ombuds programs. Emphasizes ethical standards applicable to system administration. Students are required to design and document a system. Prereq: DIRS 6600.

DIRS 6735. Dispute Resolution and Health Care. 3 cr. hrs.
Explores the many ways dispute resolution processes are used in health care, including the resolution of: patient payment disputes with hospitals, health care providers, and health maintenance organizations (HMOs); disputes regarding treatment options; disputes among professionals treating the same patient; lifestyle issues (smoking and alcoholic beverages) in long term care facilities; health care provider malpractice; and end-of-life issues among providers, family members, and hospital ethics committees. Prereq: DIRS 6600.

DIRS 6931. Topics in Dispute Resolution. 1-3 cr. hrs.
Examination of selected issues in dispute resolution that go beyond the scope of regular course offerings.
DIRS 6964. Practicum in Dispute Resolution. 1-3 cr. hrs.
Required of all students; for example, an internship may be established with a community mediation center, a court system, a hospital peer review committee, or a public school teachers’ collective bargaining unit. Placements will be arranged on an individual basis. S/U grade assessment. Prereq: DIRS 6600 and DIRS 6605.

DIRS 6995. Independent Study in Dispute Resolution. 1-3 cr. hrs.

DIRS 6998. Professional Project in Dispute Resolution. 3 cr. hrs.
Required course for the professional project. Students are required to enroll in this course twice, over the course of two terms, for a total of 6 credits. Includes facilitated research meetings to explore research topics and methods, individual research and the completion of the written project. S/U grade assessment.

DIRS 6999. Master’s Thesis. 1-6 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.

DIRS 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

DIRS 9984. Master’s Comprehensive Exam Preparation Less-than-Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

DIRS 9985. Master’s Comprehensive Exam Preparation Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

DIRS 9986. Master’s Comprehensive Exam Preparation Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

DIRS 9991. Professional Project Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

DIRS 9992. Professional Project Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

DIRS 9993. Professional Project Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

DIRS 9994. Master’s Thesis Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

DIRS 9995. Master’s Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

DIRS 9996. Master’s Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

Leadership Studies Courses

LEDR 6000. History and Theory of Leadership and Ethics. 3 cr. hrs.
Presents analysis of historical concepts regarding leadership with a special focus on leadership ethics. Developmental processes related to ethical leadership will be studied. Introduces quantitative and qualitative research methodologies appropriate for leadership issues.

LEDR 6005. Self-Leadership. 3 cr. hrs.
Studies aspects of the self that directly impact leadership. Includes the study of intellectual, emotional, spiritual, and physical aspects. Arenas of self-leadership include: time and money usage, attitude and mood management, daily routines and stress management. Explores the ethics of self-leadership. Highly applications-focused. Includes qualitative and quantitative methodologies appropriate for measuring the self. Prereq: LEDR 6000.

LEDR 6010. Conflict Resolution, Negotiation and Team Leadership. 3 cr. hrs.
Examines the theory and process of negotiation from a variety of vantage points. Focuses primarily on group dynamics and the tools and techniques needed to understand the process. Exposes students to various team-building, conflict resolution and problem-solving strategies. Emphasizes the steps and practices critical for the negotiation process to work effectively and the strategies and tactics necessary for successful team building. Provides students with an opportunity to develop their negotiation and team building skills through the case study method, hybrid assignments and in-class negotiation exercises. Prereq: LEDR 6000.

LEDR 6015. Influence of Leadership on Behavior in Organizations. 3 cr. hrs.
Studies the influence of leadership on the behavior within and toward an organization, especially as related to organizational culture, governing bodies, strategic planning, succession planning, diversity and globalization. Prereq: LEDR 6000.

LEDR 6020. Leaders as Worldly Citizens. 3 cr. hrs.
Studies leadership and organizational leadership behavior in the context of the external culture within which the organization is embedded. Studies the intersection of world religions, world history, world monetary systems, with leadership and ethics. Issues include: nationalism, education, democracy, economic development, distribution of resources, trade vs. aid, the plight of vulnerable peoples of the world, information technology issues. Simple analyses of databases with worldwide data will be conducted. Prereq: LEDR 6000.
LEDR 6025. Research Methods in Social Sciences. 3 cr. hrs.
Interpretation and evaluation of empirical research studies. Explores how to write research questions and hypotheses. Studies methods of measuring and interpreting validity and reliability, as well as, common research methods and designs for quantitative and qualitative social science studies. Requires the successful completion of the Office of Research Compliance (ORC) tutorial. The culminating assignment includes constructing a research proposal ready to submit to ORC. Prereq: LEDR 6000.

LEDR 6030. Qualitative Research In Leadership Studies. 3 cr. hrs.
Applies qualitative research methods relating to leadership practice. Through readings, exercises and a research project, students learn to conduct a qualitative study from question through findings/conclusions. Students learn to become ethical producers and consumers of qualitative research. Prereq: LEDR 6000.

LEDR 6035. Applied Quantitative Methods in Leadership Studies. 3 cr. hrs.
Statistical methods applied and interpreted include: Chi-Square, t-tests, ANOVA, ANCOVA and regression. Methods studied in the context of leadership studies. Access to SPSS required. Undergraduate course in basic statistics recommended. Prereq: Score of 50th percentile or above in the quantitative reasoning portion of the GRE or a statistics course with a grade of B or better within the past five years. Students who do not meet one of these two conditions are required to complete a foundational statistics course prior to registration.

LEDR 6040. Introduction to Business Processes. 3 cr. hrs.
Presents an overview of fundamental business processes that will benefit leaders in multiple environments.

LEDR 6045. Communication Styles and Strategies for Leaders. 3 cr. hrs.
Examines the relationship between communication behaviors and leadership effectiveness. Topics include: power, decision making, ethics, team and interpersonal relationships and creative thinking. Through practical application and case studies, students practice and reflect on their use of these communication behaviors in their roles as leaders. Prereq: LEDR 6000.

LEDR 6051. Contemporary Leadership: Theory, Research and Application. 3 cr. hrs.
In-depth study of the transformational and transactional leadership model of Bass and Riggio and a review of emerging thought on authentic leadership. Learning activities include an in-depth review of the literature on transformational and transactional leadership theory; in-class and online discussion and design and presentation of either a qualitative or quantitative study in contemporary leadership, inclusive of drafting an actual research proposal. Prereq: LEDR 6000, MLS students only.

LEDR 6931. Topics in Leadership Studies. 1-3 cr. hrs.
Examination of topics related to contemporary issues in leadership studies. Prereq: LEDR 6000, 6005, and 6010 or 6030.

LEDR 6964. Practicum in Leadership Studies. 3 cr. hrs.
Prereq: LEDR 6000, 6005, and 6010 or 6030.

LEDR 6995. Independent Study in Leadership Studies. 1-3 cr. hrs.
Prereq: Cons. of dept. ch.; cons. of prog. dir.

LEDR 6998. Professional Project in Leadership Studies. 3 cr. hrs.
Required course for the integrative learning experience. Must be taken twice, over two terms, for a total of 6 credits. Two options: 1) complete a professional project or 2) complete a research article of publishable quality. S/U grade assessment. Prereq: Fifteen core credits and 9 specialization credits completed. For the general track in leadership studies, 24 credits completed.

LEDR 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

LEDR 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

LEDR 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

LEDR 9977. Field Placement Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

LEDR 9978. Field Placement Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

LEDR 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

LEDR 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

LEDR 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

LEDR 9991. Professional Project Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
LEDR 9992. Professional Project Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

LEDR 9993. Professional Project Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

Nonprofit Sector Courses

NPSE 6521. Social Entrepreneurship: Leadership and Management Issues for the Third Sector. 3 cr. hrs.
Introduction to critical issues in non-profit organizations and movements, including the dynamics of system changes, business practices, organizational structures and assessment and accountability.

NPSE 6525. Financial Matters in the Non-Profit Sector. 3 cr. hrs.
Examination of various financial issues affecting the non-profit sector including: fund-raising from donors and foundations, grant proposals, budgeting, and personnel/program costs. Prereq: NPSE 6520.

NPSE 6530. Social Justice and Social Activism. 3 cr. hrs.
Examines the meaning and implications of social justice; considers the history of social activism from both religious and non-sectarian traditions. Prereq: NPSE 6520.

NPSE 6535. Legal Aspects of the Non-Profit Sector. 3 cr. hrs.
Examines a range of legal issues that confront non-profits including: articles and by-laws, fiduciary obligations, governance and boards of directors, charitable solicitations, and for-profit ventures. Prereq: NPSE 6520.

NPSE 6540. Restorative Justice. 3 cr. hrs.
Examines the complex, dynamic relationship between traditional justice system approaches and emerging policy, theory and research in restorative and community justice. Emphasis on the challenges of administering transformative justice within a diverse, multicultural population and the roles played by the three key stakeholder groups: victims, offenders, and community. Explores the vision associated with this unconventional paradigm, along with a range of issues related to its operational implementation. Contrasts restorative justice with the dominant retributive/punitive model of justice and provides an introduction to a variety of both established and emerging applications including victim/offender reconciliation programs and family/group conferencing.

NPSE 6931. Topics in Non-Profit Sector. 1-3 cr. hrs.
Examination of topics related to contemporary issues in the non-profit sector.

Public Service Courses

PUBS 6000. History and Theory of Leadership and Ethics. 3 cr. hrs.
Presents analysis of historical concepts regarding leadership with a special focus on leadership ethics. Developmental processes related to ethical leadership will be studied. Introduces quantitative and qualitative research methodologies appropriate for leadership issues.

PUBS 6025. Research Methods in Social Sciences. 3 cr. hrs.
Students read empirical research studies for the purposes of interpretation and evaluation. Students learn how to write research questions and hypotheses. Methods of estimating and interpreting validity and reliability are studied as well as common research methods and designs for quantitative and qualitative social science studies. The culminating assignment includes constructing a research proposal ready to submit to the Office of Research Compliance(ORC). Prereq: LEDR 6000.

PUBS 6051. Contemporary Leadership: Theory, Research and Application. 3 cr. hrs.
In-depth study of the transformational and transactional leadership model of Bass and Riggio and a review of emerging thought on authentic leadership. Learning activities include an in-depth review of the literature on transformational and transactional leadership theory; in-class and online discussion and design and presentation of either a qualitative or quantitative study in contemporary leadership, inclusive of drafting an actual research proposal. Prereq: LEDR 6000.

PUBS 6200. Leadership in Public Service. 3 cr. hrs.
Focuses on the importance of applied ethical frameworks and on contemporary leadership practice and civic engagement in the public service and non-profit environments. Learning activities include: case studies of current events, online and in-class discussion and discussions with a number of guests who are in leadership positions in public and non-profit organizations.

PUBS 6205. Urban Policy and Public Service Administration. 3 cr. hrs.
Examination of the role of governmental and nongovernmental agencies in the development and application of public policy. Special attention devoted to the interplay between the government and everyday society.

PUBS 6210. Ethics in Public Service. 3 cr. hrs.
Examines ethical dilemmas and the implications of behaviors, decisions and policies made by those whose actions affect the public good. Examines public, non-profit and private sector ethics in relation to contemporary literature and classical theory. Studies the unique ethical dilemmas that face those employed in the public sector. Assesses how administrative work is influenced by culture, religion, agency dynamics, formal rules, professional standards, bureaucratic restraints and democratic norms. Examines the role of legislation in its attempt to limit unethical behavior. Emphasizes the ethical consequences of policy making decisions and the ethical responsibility that those in public service must recognize while serving as stewards of the public trust.
PUBS 6215. Nature of Cities. 3 cr. hrs.
An interdisciplinary examination of the individual, group, and institutional aspects of everyday life in urban America. Addresses both historical and contemporary contexts.

PUBS 6220. Organizational Behavior in Public Service. 3 cr. hrs.
Application of organizational behavior theory, concepts and models in public service and non-profit environments. Studies socially responsible behavior as related to global issues. Learning activities include: in-class and online discussion, case analysis, group work and a final project.

PUBS 6225. Urban Research Methods. 3 cr. hrs.
Strategies for conducting research in urban settings. Includes the conceptualization, execution, evaluation, and presentation of research projects.

PUBS 6230. Legal Issues in Public Service. 3 cr. hrs.
Reviews and assesses the legal framework which forms the foundation for public service administration in the United States today. Examines how the American legal system represents one of the externalities which public administrators must deal with daily in their efforts to develop and carry out public policy and manage programs. Enables students to analyze significant issues in public service as they deal with the impact the legal process has on their administrative decisions.

Communication challenges in the public service sector whether in institutional or community settings. Explores the communication process, including perception, attribution, and verbal and nonverbal communication. Additional considerations will be given to cross-cultural decision-making, and conflict resolution in both interpersonal and group settings.

PUBS 6240. Urban Public Sector Economics. 3 cr. hrs.
Examination of municipal finance and budgetary concerns, economics of land development, and fiscal oversight in the public sector.

PUBS 6571. Economics and Budgeting of Policing. 3 cr. hrs.
Examination of finance and budgeting concerns, economics and fiscal oversight in a law enforcement agency. Great emphasis on the role of a chief executive of a law enforcement agency as related to budget preparation, submission, operation and tracking. Prereq: Acceptance to the graduate certificate in law enforcement leadership and management.

PUBS 6581. Police Leadership and Ethics. 3 cr. hrs.
Analyzes contemporary theories of law enforcement leadership with an emphasis on the application of those leadership concepts through the use of case studies and by the analysis of current leadership situations in a law enforcement agency. Strongly focuses on ethics, as the ethical conduct of police leaders greatly determines the ethical conduct of the agency as a whole. Prereq: Acceptance to the graduate certificate in law enforcement leadership and management.

PUBS 6964. Practicum in Public Service. 3 cr. hrs.
Offers the opportunity to gain experience in community organizations. Must be directed by a faculty member.

PUBS 6995. Independent Study in Public Service. 1-3 cr. hrs.
Prereq: Cons. of dept. ch. and cons. of prog. dir.

PUBS 6998. Professional Project in Public Service. 3 cr. hrs.
Required for the integrative learning experience. Must be taken twice, over two terms, for a total of 6 credits. Two options: 1) complete a professional project or 2) complete a research article of publishable quality. S/U grade assessment.

PUBS 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PUBS 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PUBS 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PUBS 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PUBS 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PUBS 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PUBS 9991. Professional Project Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PUBS 9992. Professional Project Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PUBS 9993. Professional Project Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Criminal Justice Administration (CJAD)

Program Director: Jay L. Caulfield, Ph.D.
www.marquette.edu/cps/graduate_programs_index.shtml

Degree Offered
Certificate

Program Description
The College of Professional Studies offers an online, non-degree graduate program leading to a certificate in criminal justice administration. This program offers law enforcement officers an opportunity to strengthen their leadership and management skills in order to better serve their departments and their communities while putting themselves in a good position for promotion.

Several objectives underlie the scope and content of the program:

1. Apply ethical frameworks to the frequently experienced ethical dilemmas, which will result in socially responsible policing.
2. Collaborate with communities in solving socially complex problems that are frequently linked to criminal behavior.
3. Achieve understanding of resource management and resource allocation in law enforcement in order to operate and evaluate the efficiency and effectiveness of a law enforcement agency.
4. Practice risk management principles to minimize civil liabilities by knowing the current legal responsibilities of law enforcement administrators.

Prerequisites for Admission
Applicants must have a baccalaureate degree from a college or university of recognized standing and must be an active law enforcement officer.

Application Requirements
Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation.
4. Official test scores from the GRE (preferred), GMAT or LSAT. Waived if the applicant has completed any advanced degree from any school - M.A., M.S., M.B.A., Ph.D., J.D., or M.D.
5. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

Criminal Justice Administration Certificate Requirements
The certificate program requires completion of 15 credit hours online. Students typically complete the program in one to two years. To demonstrate achievement of the certificate learning outcomes, students are required to write a reflective paper during their final enrollment term for the certificate.

Total Credit Hours 15
Dispute Resolution (DIRS)

Program Director: Eva M. Soeka, J.D.
marquette.edu/cps/disputeresolution/grad.shtml

Degrees Offered

Master in Dispute Resolution; Graduate Certificate in Dispute Resolution

Program Descriptions

Dispute resolution is an interdisciplinary, graduate program leading to either a master’s degree or graduate certificate in dispute resolution. The program combines the fields of law, business, psychology, sociology, political science, health sciences, education and communication in dealing with today’s multi-faceted issues in resolving disputes. The program seeks to train professionals, primarily those in the fields of law, health care, education and business, to practice as third party neutrals in the field of dispute resolution, or to be knowledgeable participants in the dispute resolution process.

Master’s Degree Program

The College of Professional Studies offers a professional degree program leading to a master in dispute resolution (M.D.R.). With an emphasis on mediation and its applications, the primary program objective is to increase the knowledge and skill competency of working professionals across all disciplines. Students are expected to demonstrate their competency in dispute resolution theory and practice by employing critical thinking and the tools of research when completing either a master’s thesis or an integrative capstone project.

Certificate Program

The College of Professional Studies offers a 15 credit graduate certificate in dispute resolution. (For information on a master in leadership studies or a master of arts in public service with a specialization in dispute resolution, see Leadership Studies (p. 209) or Public Service (p. 215).) DIRS also offers a joint certificate program with the Law School.

Prerequisites for Admission

Applicants must have a baccalaureate degree from a college or university of recognized standing and minimally two years of work experience preferred.

Application Requirements

Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation. Waived if M.D.R. or C.D.R. applicants are currently attending or have graduated from Marquette’s Law School. Waived if M.D.R. applicants graduated from the DIRS certificate program. Waived if M.D.R. or C.D.R. applicants have completed any advanced degree – M.A., M.S., M.B.A., Ph.D., J.D., or M.D.
4. GRE, GMAT, LSAT (applicants must score at the 50th or higher percentile), or MAT scores. Waived if the applicant has completed any advanced degree from any school – M.A., M.S., M.B.A., Ph.D., J.D., or M.D.
5. Applicants are expected to have a baccalaureate degree or its academic equivalent from a college or university of recognized standing, a grade point average of B (3.000 on a 4.000 scale) or above in undergraduate course work and background in an appropriate undergraduate major.
6. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

Dispute Resolution Master’s Requirements

The master’s degree requires completion of 33 credits. The degree requirements are as follows:

<table>

Dispute Resolution Certificate Requirements

The certificate program requires completion of five courses (15 credits) selected from a prescribed list of DIRS courses. These five courses are required:

- DIRS 6600  Mediation (prerequisite)  
- DIRS 6605  Advanced Mediation  
- DIRS 6610  Dispute Resolution Theory  
- DIRS 6615  Advanced Issues in Dispute Resolution  
- DIRS 6964  Practicum in Dispute Resolution

Total Credit Hours: 15

Students must complete the certificate program within three years. Students are expected to earn a B or above in all courses and must maintain a 3.000 cumulative grade point average to earn the certificate in dispute resolution.

Dispute Resolution-Law Joint Program of Study

Certificate – J.D. Degree

The Center for Dispute Resolution Education, in conjunction with the Law School, offers a program of joint study leading to a certificate in dispute resolution (C.D.R.) and a juris doctor degree. Students seeking admission to the program must apply to the Law School and meet the Law School’s admission requirements. Students must simultaneously apply to the Graduate School, meeting the application requirements listed above. Students start this program as a law student. Upon completion of the law program, students will be officially admitted to the dispute resolution certificate program for completion of the remainder of the program.

Joint program students must have completed 27 credit hours at the Law School with a cumulative average of 2.00 before entering the graduate program in dispute resolution (DIRS). Students will be able to apply the nine credits taken in DIRS toward their juris doctor degree. Law students may take any of the certificate courses offered by DIRS for up to nine law school credits. A total of 15 credits are required for the C.D.R.

Law students must complete 9 DIRS credits to earn the certificate; of these 9 credits, six must be DIRS 6600 Mediation and DIRS 6605 Advanced Mediation.

To earn the joint C.D.R., a law student will be required to take the following courses:

<table>

<td>Supervised Fieldwork</td>
<td></td>
</tr>
</tbody>
</table>

1 of the following

- LAW 7982  Mediation Clinic  
- LAW 7987  Supervised Fieldwork

Students must complete the joint C.D.R. within six years. Students are expected to earn a B or above in all courses and must maintain a 3.000 cumulative grade point average to earn the joint C.D.R.
A law student must complete 6 LAW credits and 9 DIRS credits to earn the joint certificate. There is no early or late date for pursuing the C.D.R. Some law students may come to the Law School having already decided to pursue the certificate. A student might wait until some Law School courses are completed and then decide to seek admission to the Graduate School in order to earn the certificate. The only requirement in this respect is that the student cannot wait so long that it becomes mathematically impossible to complete the requirements of both programs in four years (six years for part-time students). Law students must complete a Graduate School application; they do not need to submit test scores, transcripts or letters of recommendation.

In general, joint program students will pay tuition at the full-time (flat tuition) Law School rate while a full-time law student, regardless of whether or not they are taking additional graduate courses. Upon receiving the juris doctor degree, joint program students will pay Graduate School tuition at the per credit rate for graduate courses. Part-time law students will pay the per credit Law School rate for all courses.

Additional details about the C.D.R.–J.D. program are available from the Center for Dispute Resolution Education office or from the Law School Admissions office.
Leadership Studies (LEDR)

Program Director: Jay L. Caulfield, Ph.D.
www.marquette.edu/cps/graduate_programs_index.shtml

Degrees Offered
Master in Leadership Studies, Plan B only; Certificate

Specializations
Master’s: Criminal Justice Administration, Dispute Resolution, Health Care Administration, Nonprofit Sector, Public Service, Sports Leadership
A general plan, requiring no specialization, is also available.

Certificate: None

Program Descriptions

Master’s Degree Program
The College of Professional Studies offers a professional degree program leading to the master in leadership studies (M.L.S.), where students may choose either a general plan or one of six specializations.

Criminal Justice Administration
The criminal justice administration specialization seeks to produce broadly-educated, highly-motivated, thoroughly-trained professionals and scholars to meet the challenges of urban society. Several objectives underlie the scope and content of the program: 1) to provide urban stewards with an ethical and scholarly understanding of the issues and ramifications of current and anticipated policies in criminal justice; 2) to develop persons capable of exercising independent, analytical thought consistent with the needs of a democratic society; and 3) to provide a core of leaders familiar with the issues of criminal justice management and policy analysis.

Dispute Resolution
The dispute resolution specialization attempts to combine the fields of law, business, psychology, sociology, political science, health sciences, education, and communication in dealing with today’s multi-faceted issues in resolving disputes. The program seeks to train professionals, primarily those in the fields of law, health care, education, and business, to practice as third party neutrals in the field of dispute resolution, or to be knowledgeable participants in dispute resolution processes.

Marquette University also offers master’s and certificate programs in dispute resolution. (See the Program section of Dispute Resolution (p. 206) for description and details.)

Health Care Administration
The health care administration specialization seeks to prepare working professionals to meet the leadership challenges of today’s health care system. As managed care and the integration of health care delivery continue to evolve, new skills and knowledge are needed to keep pace with current health care demands. The program provides a foundation in finance, economics, policy, leadership, systems, and outcome planning and evaluation, specifically related to the changing health care system. Through the many elective offerings (informatics, case management, marketing, program development, administrative practicum, conflict resolution, long-term care and more), students may explore a wide range of special interests.

Nonprofit Sector
The nonprofit sector specialization seeks to provide training for individuals who plan a career in the third sector. Administrative and leadership preparation are particularly central to this training as executives handle budgets, board memberships, personnel oversight, corporate statutes, and program development.

Public Service
The public service specialization prepares students to apply public service principals that encourage community engagement in urban environments and to apply frameworks to ethical dilemmas resulting in socially responsible public policy. Several objectives underlie the scope and content of this specialization: 1) to develop persons who can demonstrate the cultural and communication skills necessary to interact in a reciprocal exchange that honors the human dignity of all persons; 2) to develop persons who can apply theory and principals of group dynamics when assuming multiple group roles and responsibilities; and 3) to provide urban stewards with the necessary skills to collaborate with community leaders in solving complex urban problems.

Marquette University also offers a master’s program in public service. (See the Program section of Public Service (p. 215) for description and details.)
Sports Leadership

The sports leadership specialization seeks to provide training and an understanding of the depth and unique character of the sports industry. With a heavy emphasis on the application of leadership principles and practices to the business of athletics, the specialization objective is to increase the competency of sports leadership professionals.

Marquette University also offers a stand-alone certificate program in sports leadership. (See the Program section of Sports Leadership (p. 219) for description and details.)

Certificate Program

The College of Professional Studies offers a 15 credit non-degree graduate program leading to the certificate in leadership studies. With a heavy emphasis on ethics and leadership, the program objective is to increase the leadership competency of working professionals in our community.

Prerequisites for Admission

Applicants to leadership studies must hold a baccalaureate degree, or its academic equivalent, from a college or university of recognized standing. The undergraduate background must be appropriate to the chosen course of study. Generally, applicants should have a minimum cumulative grade point average of 3.000 (on a scale of 4.000) in their undergraduate course work. Minimally two years of work experience is preferred.

Application Requirements

Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation.
4. (For master’s applicants only) a statement of purpose.
5. Official test scores from the GRE (preferred), GMAT or LSAT. Waived if the applicant has completed any advanced degree from any school – M.A., M.S., M.B.A., Ph.D., J.D., or M.D.
6. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

Additional application requirements may be required for particular specializations. Students should contact the program adviser for details.

Leadership Studies Master’s Requirements

Students must complete a total of thirty-six (36) credit hours of course work for the master in leadership studies. Either the general curriculum or one of the six specializations (criminal justice administration, dispute resolution, health care administration, nonprofit sector, public service, sports leadership) must be chosen.

Students must complete prescribed combinations of core leadership studies (LEDR) courses, plus specialization credits or elective credits for the general curriculum. Students must also choose one of three integrative learning options:

1. 6 credits of a professional project (LEDR 6998 Professional Project in Leadership Studies),
2. 6 credits of a research article of publishable quality (LEDR 6998 Professional Project in Leadership Studies), or
3. 6 credits of additional course work followed by a comprehensive examination.

For options 1 and 2 above, students must submit the project outline to be approved by their program adviser and by the Graduate School.

Students must complete the program within six years. Students are expected to earn a grade of B or above in all courses and must maintain a 3.000 cumulative grade point average to earn the degree of master in leadership studies.

General Curriculum

Students that choose the leadership studies general curriculum must complete 36 graduate-level credits:

Leadership Studies Certificate Requirements

The certificate program requires completion of five courses (15 credits) selected from a prescribed list of LEDR courses. Of these five courses, four are required. The remaining course is an elective course that may be selected from the LEDR course listings. To demonstrate achievement of the certificate learning outcomes, students are required to write a reflective paper during the final enrollment term for the certificate.

LEDR 6000 History and Theory of Leadership and Ethics 3
LEDR 6005 Self-Leadership 3
LEDR 6010 Conflict Resolution, Negotiation and Team Leadership 3
LEDR 6015 Influence of Leadership on Behavior in Organizations 3
or LEDR 6020 Leaders as Worldly Citizens
3 credits of elective course work selected from the LEDR course listings 3
Total Credit Hours 15

Students must complete the certificate program within three years. Students are expected to earn a grade of B or above in all courses and must maintain a 3.000 cumulative grade point average to earn the certificate in leadership studies.
Nonprofit Sector Administration (NPSA)

Program Director: Jay L. Caulfield, Ph.D.
marquette.edu/cps/GraduateCertificateNonprofitSector.shtml

Degree Offered
Certificate

Program Description
The College of Professional Studies offers a graduate program leading to a certificate in nonprofit sector administration. The certificate is designed for working professionals who want to advance their nonprofit career or prepare for a career in the nonprofit sector. Courses are held on weeknights with a blended online learning format.

Students completing the certificate in nonprofit sector administration will demonstrate:
1. A commitment to act in a manner that enhances the public good.
2. The ability to apply legal and regulatory standards in a nonprofit environment.
3. Competency in financial matters specific to nonprofit environments.

Prerequisites for Admission
Applicants must have a baccalaureate degree from a college or university of recognized standing.

Application Requirements
Applicants must submit, directly to the Graduate School:
1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation.
5. Official test scores from the GRE (preferred), GMAT or LSAT. Waived if the applicant has completed any advanced degree from any school - M.A., M.S., M.B.A., Ph.D., J.D., or M.D.
6. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

Public Service (PUBS)

Program Director: Jay L. Caulfield, Ph.D.
marquette.edu/cps/graduate_programs_public_service_index.shtml

Degree Offered
Master of Arts in Public Service, Plan B only

Specializations
Criminal Justice Administration, Dispute Resolution, Health Care Administration, Leadership Studies, Nonprofit Sector

Program Description
Public Service is an interdisciplinary program administered by Marquette University's College of Professional Studies. Within the program, students may pursue focused study in one of the five specializations described below.

Criminal Justice Administration
The criminal justice administration specialization seeks to produce broadly-educated, highly-motivated, thoroughly-trained professionals and scholars to meet the challenges of urban society. Several objectives underlie the scope and content of the program: 1) to provide urban stewards with an ethical and scholarly understanding of the issues and ramifications of current and anticipated policies in criminal justice; 2) to develop persons capable of exercising independent, analytical thought consistent with the needs of a democratic society; 3) to provide a core of leaders familiar with the issues of criminal justice management and policy analysis.

Dispute Resolution
The dispute resolution specialization attempts to combine the fields of law, business, psychology, sociology, political science, health sciences, education, and communication in dealing with today's multi-faceted issues in resolving disputes. The program seeks to train professionals, primarily those in the fields of law, health care, education and business, to practice as third party neutrals in the field of dispute resolution or to be knowledgeable participants in dispute resolution processes.

Marquette University also offers master's and certificate programs in dispute resolution. (See the Program section of Dispute Resolution (p. 206) for description and details.)

Health Care Administration
The health care administration specialization seeks to prepare working professionals to meet the leadership challenges of today's health care system. As managed care and the integration of health care delivery continue to evolve, new skills and knowledge are needed to keep pace with current health care demands. The program provides a foundation in finance, economics, policy, leadership, systems and outcome planning and evaluation, specifically related to the changing health care system. Through the many elective offerings (informatics, case management, marketing, program development, administrative practicum, conflict resolution, long-term care and more), students may explore a wide range of special interests.

Leadership Studies
The leadership studies specialization prepares students to meet the challenges of leadership on multiple levels, including self-leadership, leadership in the context of interpersonal relationships, leadership where diversity is the norm and leadership in organizations. This specialization prepares students to be ethical leaders who are skilled at: leading themselves, leading and managing relationships, leading in organizations, leading and managing change and leading within a variety of contexts.

Marquette University also offers master's and certificate programs in leadership studies. (See the Program section of Leadership Studies (p. 209) for description and details.)

Nonprofit Sector
The nonprofit sector specialization seeks to provide training for individuals who plan a career in the third sector. Administrative and leadership preparation are particularly central to this training as executives handle budgets, board memberships, personnel oversight, corporate statutes and program development.

Prerequisites for Admission
Applicants to the public service specializations must hold a baccalaureate degree, or its academic equivalent, from a college or university of recognized standing. The undergraduate background must be appropriate to the chosen course of study. Generally, applicants should have a minimum cumulative grade point average of 3.000 (on a scale of 4.0 0) in their undergraduate course work. Previous professional experience will be a serious consideration in the admission decision.
Application Requirements

Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation from academic or professional sources.
4. Official test scores from the GRE (preferred), GMAT, or LSAT. Waived if the applicant has completed any advanced degree from any school – M.A., M.S., M.B.A., Ph.D., J.D., or M.D.
5. A statement of purpose.
6. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

Public Service Master’s Requirements

Students must complete a total of thirty-six (36) credit hours of course work for the master of arts in public service. One of the five specializations (criminal justice administration, dispute resolution, health care administration, leadership studies, nonprofit sector) must be chosen.

Students must complete 12 credits of required core course work, 3 credits of constrained elective core course work, plus 15 specialization credits of course work. Students must also choose one of three integrative learning options:

1. 6 credits of a professional project (PUBS 6998 Professional Project in Public Service),
2. 6 credits of a research article of publishable quality (PUBS 6998 Professional Project in Public Service), or
3. 6 credits of additional course work followed by a comprehensive examination.

For options 1 and 2 above, students must submit the project outline to be approved by their program adviser and by the Graduate School.

Students must complete the program within six years. Students are expected to earn a B or above in all courses and must maintain a 3.000 cumulative grade point average to earn the degree of master of arts in public service.

Criminal Justice Administration

Students must complete a total of 36 credit hours of course work:

<table>

Total Credit Hours 36
Sports Leadership (SPLE)

Program Director: Jay L. Caulfield, Ph.D.
marquette.edu/cps/Sports_Leadership_Certificate.shtml

Degree Offered
Certificate

Program Description
The College of Professional Studies offers a 15-credit, non-degree graduate program leading to a certificate in sports leadership. This certificate is designed for professionals who would like to strengthen their leadership skills and advance their career within the athletics industry. This graduate certificate studies critical topics within the industry including leadership, sports communication, ethics, sports law, media events and historical events that help set the context for where the industry is today.

Students completing the certificate in sports leadership will:

1. Learn how to apply leadership principles and practices to the business of athletics.
2. Understand the depth and unique character of the business of athletics.
3. Gain the ability to identify trends, current events, and innovations within the world of athletics and recognize how they impact managerial decisions.
4. Develop the insight to understand the inter-relationships of athletics to the larger institution in which it belongs.

Prerequisites for Admission
Applicants must have a baccalaureate degree from a college or university of recognized standing.

Application Requirements
Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation.
5. Official test scores from the GRE (preferred), GMAT or LSAT. Waived if the applicant has completed any advanced degree from any school - M.A., M.S., M.B.A., Ph.D., J.D., or M.D.
6. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

Sports Leadership Certificate Requirements
The certificate program requires completion of 15 credits from the following list of courses:

<table>

Students must complete the certificate program within three years. To demonstrate achievement of the certificate learning outcomes, students are required to write a reflective paper during the final enrollment term for the certificate. Students are expected to earn a grade of B or above in all courses and must maintain a 3.000 cumulative grade point average to earn the certificate in sports leadership.

Courses

SPLE 6001. Introduction to Sports Leadership. 3 cr. hrs.
Overview of the diverse leadership opportunities within the sports industry. Discussion of current athletic issues and challenges from a leadership and managerial perspective.
SPLE 6100. Legal and Ethical Athletic Leadership. 3 cr. hrs.
An introduction to the basic legal system’s terminology and principles as applied to amateur and professional sports, as well as the ethical and moral issues involved. Examines risk management, legal status and rights, compliance issues, crisis management, liability, gender equity and other current issues.

SPLE 6200. Sports Communication. 3 cr. hrs.
A study of the various components of communication skills within the industry including: special events, research, corporate sponsorship, media, media events, computer systems and constituent relations through technological and traditional means.

SPLE 6300. Social-Historical Foundations of Sports. 3 cr. hrs.
Examination of the historical and sociological foundations of athletics in the U.S. Important areas of emphasis include: historical development of athletics, sport as a cultural product, social relations, organizational structures, and contemporary issues.

SPLE 6400. Strategic Governance in the Sports Industry. 3 cr. hrs.
Analysis of the foundations of the sport industry including amateur and professional organizations. Statistically analyzes and evaluates the multifaceted elements of a successful athletic operation, including: consumer psychology, discretionary-spending patterns, and other contributing critical ingredients.

SPLE 6931. Topics in Athletic Leadership. 3 cr. hrs.
Examination of topics related to contemporary issues in athletic leadership.

SPLE 6964. Practicum in Sports Leadership. 3-6 cr. hrs.
Supervised experiences in sports leadership. Each student must negotiate an appropriate practicum plan and location with the graduate sports leadership faculty and the sports leadership practicum coordinator. Prereq: Cons. of dept. ch.; cons. of prog. dir.

SPLE 6995. Independent Study in Sports Leadership. 1-3 cr. hrs.
Prereq: Cons. of dept. ch.; cons. of prog. dir.
Graduate School (Grad)

The courses listed in this section of the bulletin do not constitute a program or degree offering, but are placed under the Graduate School heading for convenience and because they do not belong to any one graduate program.

Students interested in taking any of the following courses must contact the the Graduate School in order to register.

Courses

GRAD 6933. Exchange/University of Wisconsin-Milwaukee. 1-5 cr. hrs.
In conjunction with the exchange program established between Marquette University and the University of Wisconsin-Milwaukee, students may enroll in a graduate-level course at the University of Wisconsin-Milwaukee while enrolled in the master’s or doctoral program at Marquette. The UWM course title and credits are identified by this GRAD exchange course. A maximum of two of these GRAD exchange courses may be included in the required minimum course work for the student’s program of study at Marquette. This course extends beyond the Marquette term; students receive an IC grade initially. The IC will be changed to an A-F grade at the end of the course. Prereq: Cons. of dept. ch.; written cons. of the dept. and the Graduate School.

GRAD 6934. Exchange/University of Notre Dame. 1-5 cr. hrs.
As part of the consortium of Midwest Catholic Graduate Schools, students may enroll in a graduate-level course at the University of Notre Dame while enrolled in the master’s or doctoral program at Marquette. The Notre Dame course title and credits are identified by this GRAD exchange course. A maximum of two of these GRAD exchange courses may be included in the required minimum course work for the student’s program of study at Marquette. This course extends beyond the Marquette term; students receive an IC grade initially. The IC will be changed to an A-F grade at the end of the course. Prereq: Cons. of dept. ch.; written cons. of the dept. and the Graduate School.

GRAD 6935. Exchange/Loyola University Chicago. 1-5 cr. hrs.
As part of the consortium of Midwest Catholic Graduate Schools, students may enroll in a graduate-level course at Loyola University Chicago while enrolled in the master’s or doctoral program at Marquette. The Loyola course title and credits are identified by this GRAD exchange course. A maximum of two of these GRAD exchange courses may be included in the required minimum course work for the student’s program of study at Marquette. This course extends beyond the Marquette term; students receive an IC grade initially. The IC will be changed to an A-F grade at the end of the course. Prereq: Cons. of dept. ch.; written cons. of the dept. and the Graduate School.

GRAD 6936. Exchange/Saint Louis University. 1-5 cr. hrs.
As part of the consortium of Midwest Catholic Graduate Schools, students may enroll in a graduate-level course at Saint Louis University while enrolled in the master’s or doctoral program at Marquette. The Saint Louis course title and credits are identified by this GRAD exchange course. A maximum of two of these GRAD exchange courses may be included in the required minimum course work for the student’s program of study at Marquette. This course extends beyond the Marquette term; students receive an IC grade initially. The IC will be changed to an A-F grade at the end of the course. Prereq: Cons. of dept ch.; written cons. of the dept. and the Graduate School.

GRAD 6945. Exchange/Medical College of Wisconsin. 1-5 cr. hrs.
In conjunction with the exchange program established between Marquette University and the Medical College of Wisconsin, students may enroll in a graduate-level course at the Medical College of Wisconsin while enrolled in the master’s or doctoral program at Marquette. The Medical College course title and credits are identified by this GRAD exchange course. A maximum of two of these GRAD exchange courses may be included in the required minimum course work for the student’s program of study at Marquette. This course extends beyond the Marquette term; students receive an IC grade initially. The IC will be changed to an A-F grade at the end of the course. Prereq: Cons. of dept ch.; written cons. of the dept. and the Graduate School.
History (HIST)

Chairperson: James A. Marten, Ph.D.
marquette.edu/history/grad.shtml

Degrees Offered
Master of Arts, Plan B only; Doctor of Philosophy

Specializations
Master’s: European History, United States History, Global Studies
Doctoral: European History, United States History

Program Description
History includes politics, economics, and aesthetics, as well as social, spiritual and cultural relations—our past, our present and our potential as human beings. The history graduate program, mindful of the discipline’s manifold importance and application, offers master of arts and doctoral degree programs in breadth and depth.

Graduate study in history permits students to increase their knowledge of the past and the processes that have shaped the human experience. Such study may prepare students for careers in scholarship, teaching or certain public service fields.

Prerequisites for Admission
For admission to the master of arts program, an applicant must have an undergraduate major in history or its equivalent. An applicant for the doctoral program must possess a master of arts in history.

Application Deadline
To be considered for admission, all application requirements must be completed and received in the Graduate School by Dec. 31.

Application Requirements
Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. A one-page statement of purpose specifying proposed areas of study and activities, along with employment, since graduation.
4. Three letters of recommendation from former teachers.
5. GRE scores (General Test only).
6. (For doctoral applicants only) a writing sample. Ideally, the sample should be the master’s thesis, but, for graduates of non-thesis programs, it may consist of a formal seminar paper.
7. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

General Information

Direction and Advising
The director of graduate studies is charged with directing the department’s graduate programs and with the general advising of all graduate students in matters of course selection, financial aid and placement. In addition, each student chooses, in consultation with the director of graduate studies, a field adviser who will direct the student’s field-specific work, including: the master’s essay, the selection of post-master’s course work, completion of the Doctoral Program Planning Form and the doctoral dissertation.

Degrees Overview
Students begin with the course HIST 6100 The Art and Craft of History, which provides not only methodological and epistemological approaches, but also introduces students to professors who discuss their specific interests and fields. Master of arts candidates concentrate major/minor fields in American, European (including medieval), or world histories in their 30 hours of course work. They must also pass comprehensive examinations and submit a master’s essay to fulfill degree requirements. The doctoral program offers degrees with a focus in European or United States histories. Doctoral candidates must have a master’s degree and normally complete 60 hours of course work beyond the bachelor’s. They must also pass a foreign language examination and written and oral doctoral qualifying exams in major and minor fields. Candidates attain the doctorate with the composition and defense of a book-length dissertation.
History Master’s Requirements

The three major areas in the master of arts program with their fields are:

1. European History
   • Medieval
   • Early Modern
   • Modern

2. United States History
   • Early U.S.
   • Modern U.S.

3. Global Studies

A master’s student must complete 30 credit hours of course work, a master’s essay and a comprehensive examination. At least 18 credit hours of course work must be in history courses numbered 6000 or above, and at least six of those credits must be in research seminars. With the consent of the department chairperson, six hours of graduate work outside the department may be included in the master of arts program. Students in Medieval history will be examined only in that field but must take at least six credit hours of graduate work in another field. No foreign language is required for the master’s degree.

Comprehensive Examination

The comprehensive written examination lasts eight hours. A committee of two examiners will assess the master of arts candidate’s command of the fields of study and knowledge of historical literature. Students in U.S. and European history will be examined in one major field and one minor field chosen from within the three major areas of study according to their regional and chronological emphases. Students in Medieval history will be examined in the Medieval field alone. Students in Global Studies will be examined in this broadly-focused major field. They must also select a minor field from among four options: Latin America, Asia, Africa or Atlantic World.

History Doctoral Requirements

The two major areas in the doctoral program with their fields are:

1. European History
   • Early Modern
   • Modern

2. United States History
   • Early U.S.
   • Modern U.S.

Possible examination fields also include medieval Europe, Asian, Latin American or African history.

A doctoral student must complete a program of study defined on an approved Doctoral Program Planning Form. The program includes course work, a reading knowledge of at least one foreign language, the qualifying examination and a dissertation.

Course Work

The department’s normal course work requirement for the doctoral program is 60 credit hours beyond the bachelor’s degree, including course work for the master of arts but not including the 12 credit hours required for the doctoral dissertation. In the 60 credits required, a student with a master of arts must include six credit hours of research seminar courses (HIST 6954, 6956, 6958, 6960) and a three-hour dissertation seminar. The academic progress of all students who hold non-Marquette master’s degrees will be evaluated at the end of the first year of doctoral study. The programs of students making unsatisfactory progress may be terminated at that time.

Foreign Language Requirement

The student must have knowledge of at least one foreign language pertinent to their area of research. Reading skills in foreign languages are assessed by the department. Students may also satisfy their foreign language competency requirement by achieving at least a B in a 6204 course offered by the Department of Foreign Languages and Literatures. Satisfactory competence in the foreign language must be demonstrated prior to the qualifying examinations, and students in continental European history must demonstrate command of the language appropriate to their research goals no later than the end of their first term of doctoral study. Failure to do so will preclude further course work until the student demonstrates the appropriate language competency. The dissertation director may require a doctoral student to show competence in a second foreign language or in statistical methods when the dissertation topic requires it.
Qualifying Examination

After completing all formal course work and language study, the doctoral student must take the doctoral qualifying examinations (DOEs), written and oral. Written qualifying examinations are twelve hours in duration. Oral qualifying examinations, three hours in duration, are held about ten days after the written examinations.

The qualifying examinations will cover four fields: two major fields and two minor fields. Europeanists will be examined in two major fields in European history and in two minor fields in United States, Latin American, African, Asian or European history. Students in United States history will be examined in both American fields, in a minor field in European history and in a minor field in Latin American, African, Asian or European history. Students may choose a minor in a topical field drawn from a list approved by the History Department faculty.

A committee of four department members assesses examination performance.

Courses

HIST 5100. Public History. 3 cr. hrs.
An examination of the means by which the skills and methods of history are applied by professionals outside the classroom. Topics include public history as a sub-discipline of history, historic preservation, and the emergence of history museums and historical societies.

HIST 5101. Applied History. 3 cr. hrs.
An examination of technologies for researching, presenting and preserving of historical materials. How to apply historic methods through digital media technologies. Topics will include systems and tools for: researching and collecting documents and materials; digitizing, editing and manipulating materials; presenting content to local and distant audiences; and preserving materials in appropriate formats. Investigates digital imaging, multimedia and Web page creation, streaming technologies, presentations systems and CD/DVD production. Also explores the unique capabilities of collaboration and distribution over high-speed networks (Internet2). Requirements include a final project on a historical topic that incorporates some or all of the technologies introduced, demonstrating mastery of content as well as technology.

HIST 5113. American Foreign Relations 1. 3 cr. hrs.
American foreign relations from the American Revolution to the emergence of the United States as a world power. Gives equal emphasis to the conduct of American diplomacy by agents of the U.S. government and the social, economic, and cultural forces that shape foreign policies.

HIST 5114. American Foreign Relations 2. 3 cr. hrs.
American foreign relations from the American Revolution to the emergence of the United States as a world power. Gives equal emphasis to the conduct of American diplomacy by agents of the U.S. government and the social, economic, and cultural forces that shape foreign policies. Begins with World War I.

HIST 5115. The American West. 3 cr. hrs.
American westward expansion from colonial days to the 20th century, emphasizing the impact of the frontier on the development of American culture and institutions.

HIST 5120. American Immigration. 3 cr. hrs.
A survey of migration to the United States (and Britain’s North American colonies) that explores how immigrants have built communities, sought economic security and experienced cultural change. Addresses anti-immigrant sentiment, race construction and notions of cultural pluralism. Contextualizes immigration—an issue central to American identity—within a transnational framework of global labor markets, American incursions overseas and the worldwide movement of peoples.

HIST 5130. Religion and American Life. 3 cr. hrs.
Survey the historical impact of religious belief and institutions on the intellectual, cultural, and public life of the United States.

HIST 5135. African-American History. 3 cr. hrs.

HIST 5140. American Urban History. 3 cr. hrs.
History of the American city from the colonial era to the present. Topics include the economic, political, and cultural effects of cities on American society, as well as America’s philosophical and moral response to urbanization.

HIST 5145. A History of Women in America. 3 cr. hrs.
Survey of the history of women and the variety of women’s experiences in America from pre-European contact to the present. The historical construction of gender and the ways that diverse women have shaped and contested their various experiences as mothers, daughters, wives, and partners; as farmers and workers; as slaves and conquered peoples; as reformers and political activists; and as immigrants and citizens are analyzed.

HIST 5150. Childhood in America. 3 cr. hrs.
The history of children and childhood in the United States from colonial times to the present, with an emphasis on child rearing, race, gender, class and popular culture.

HIST 5160. Cultural and Intellectual History of the United States. 3 cr. hrs.
A survey of American thought and culture from the first contacts between indigenous peoples and Europeans, through the development of the United States to the present. Particular attention paid to those moments of intellectual and cultural conflict that illuminate and define the process by which a variety of Americans have shaped a distinct but malleable American culture.
HIST 5170. Constitutional History of the United States. 3 cr. hrs.

HIST 5212. The Crusades. 3 cr. hrs.
Western European and Middle Eastern relations from the 11th through the 13th centuries; includes Arabic, Byzantine, Turkish, and Mongol areas.

HIST 5213. Medieval England. 3 cr. hrs.
A social, political, and military history of England from the Roman Empire to the rise of the Tudor Dynasty.

HIST 5245. Women in Western Civilization. 3 cr. hrs.
Survey of women’s experiences in western civilization from prehistory to the present. Focusing primarily on Europe, analyzes the changing roles and responsibilities of women in the family, in the work force, and in the community and highlights the impact of phenomena such as religion, science, technology, and democracy on the shifting perceptions and definitions of gender in western civilization.

HIST 5247. Comparative Home Fronts during the Second World War. 3 cr. hrs.
Explores state policies, gender ideologies, daily realities and the role(s) of civilians, particularly women, on select home fronts of World War II. The conflict was a "watershed" in the use of violence aimed at civilians, who were targeted via air raids, food blockades, deportation, rape and mass murder. Using comparative framework, examines Germany, Italy, France, the concentration camps and the United States.

HIST 5249. Intellectual History of Modern Europe. 3 cr. hrs.
The lives and works of prominent European scientists, philosophers and artists from the Enlightenment to the present.

HIST 5250. Tudor England: 1485 to 1603. 3 cr. hrs.
The political, socio-economic, religious and cultural developments in Renaissance and Reformation England with particular attention to the personalities who dominate the Tudor court; the effects of the establishment of Caesaro-Papism by Henry VIII upon the art, architecture, literature and social life of the country.

HIST 5251. War and Revolution in Britain: 1603-1815. 3 cr. hrs.
Focuses on Britain’s development as a constitutional monarchy and a commercial and imperial power. Particular attention is given to the Civil War, Glorious Revolution, American Revolution, and escalating rivalry with France climaxing in the Napoleonic Wars.

HIST 5252. Modern Britain. 3 cr. hrs.
Focuses on the democratization of Britain, the creation of the welfare state, and erosion of Victorian Britain’s commercial and political global primacy reflected in the disintegration of the British Empire and fragmentation of the United Kingdom.

HIST 5255. The British Empire. 3 cr. hrs.
Survey of the creation, expansion and dismantling of the world’s largest empire from the 16th century to the present. Exploration of political, social, economic and cultural factors. Emphasis on contrasting the views and experiences of Britons and of natives of various colonized areas.

HIST 5260. Modern Ireland. 3 cr. hrs.
A survey of the political and cultural history of Ireland since the Gratton Parliament, focusing upon the dual legacy of constitutional and revolutionary nationalism in Irish life.

HIST 5262. Modern France. 3 cr. hrs.
France from the fall of Napoleon to the present, especially emphasizing the development of French democracy and the nation’s enduring impact on world affairs.

HIST 5264. Modern Germany. 3 cr. hrs.
Survey of the major political, cultural, social and intellectual developments in modern Germany history since the Napoleonic period. Topics include: nationalism, unification, the German (Wilhelmine) Empire, the Weimar Republic, the rise of the Nazi Party, the Third Reich, the two World Wars, division, reunification and Germany’s post-reunification role in Europe.

HIST 5266. Nazi Germany and the Holocaust. 3 cr. hrs.
Overview of the history of Nazi Germany between 1933 and 1945. Primarily focuses on the origins and development of the Holocaust and the attempted genocide of the Jews of Europe. Concentrates on the conception and implementation of Nazi extermination policies in German-occupied Europe during World War II, paying attention to both ideological and practical aspects of the “Final Solution.”

HIST 5270. Russia to 1861. 3 cr. hrs.
The Slavs, the Kievan Rus Empire, the Mongol invasion, the rise of Muscovy, and the Russian empire of Peter the Great and his successors down to the emancipation of the serfs in 1861.

HIST 5271. The Russian Revolution and the Soviet Union. 3 cr. hrs.
Pre-revolutionary Russia from 1861, the Revolution of 1917, Soviet economic growth and totalitarianism, and the emergence of the USSR as a world power and its subsequent collapse.

HIST 5290. The French Revolution and Napoleon: 1787 to 1815. 3 cr. hrs.
A survey of Revolutionary Europe with emphasis on the causes and consequences of the Revolution, the Reign of Terror, the counter-revolutionary movements, the conquest of Europe, and the relation between revolution and religion.
HIST 5298. The Cold War. 3 cr. hrs.
The origins, nature and consequences of the Cold War, with emphasis on the 1945-1970 period. Topics include the continuing effects of the Cold War, prospects for new international rivalries, and the domestic consequences of the Cold War.

HIST 5310. Colonial Latin America. 3 cr. hrs.
Examines the creation of “Latin America” as a result of Spanish and Portuguese colonialism in the Americas, from the late fifteenth through the eighteenth century. Focuses on the meeting points of distinctly different cultures (primarily Amerindian, European and African); the often violent insertion of the Americas into the early modern global economy; and some of the legacies of Latin America’s colonial experience in the modern world.

HIST 5320. United States-Latin American Relations. 3 cr. hrs.
Analyzes the symbiotic relationship between the United States and Latin America from 1776 to the present, focusing on the key themes of race, colonialism, resistance, transculturation, dependency, revolution, the drug trade and immigration. Examines how the United States’ changing global status has affected its political, economic and cultural relationship with other countries in the Americas.

HIST 5350. The Caribbean. 3 cr. hrs.
Focuses on the contours of Caribbean history, 1400 to present. Examines Native American culture, colonialism, slavery, international trade, the politics of independence, economic development, national identity, and ethnicity.

HIST 5355. History of Mexico. 3 cr. hrs.
Mexico from pre-Columbian times to the present, with emphasis on ancient civilizations, the conquest, colonial society, independence, nineteenth-century development, Porfirián dictatorship, the Revolution of 1910, and modern society since 1920.

HIST 5450. North Africa. 3 cr. hrs.
Survey of the major political, economic and social developments in modern South African history since the Dutch settlement to the present. Topics include: European settlement and colonization, mineral discoveries and their impact, industrialization and social change, the establishment of the apartheid system, African resistance and post-apartheid South African society. Particular attention is given to how the state-dictated system of racial segregation and discrimination affected the lived experience of South Africa’s diverse population.

HIST 5500. Modern Japan. 3 cr. hrs.
Major events, people and debates in Japanese history from 1800 to the present. Includes examinations of the “margins” of Japanese history: the countryside, the common people, ethnic minorities, marginal identities, etc., in order to understand how individuals dealt with changes in Japan from its early modernity to the present day.

HIST 5525. Age of the Samurai. 3 cr. hrs.
Examines the basic themes in pre-1900 Japanese history, in particular, the time when Japan was ruled by samurai. Topics include: the rise of the military government, regional and global interaction, as well as changes in culture, economy and society throughout ancient, medieval and early modern Japan. Also examines modern-day issues.

HIST 5550. Medieval East Asia. 3 cr. hrs.
Examines the tremendous flourishing of Chinese and Japanese cultures between the 7th and 14th centuries and the influence Mongol conquests played on the diffusion of these cultures to the west.

HIST 5555. Modern China. 3 cr. hrs.
The history of China from 1800-1976, emphasizing national responses to imperial decline, western intervention, civil wars, foreign occupation and political turmoil.

HIST 5600. Comparative Twentieth-Century Genocides. 3 cr. hrs.
Examines the emergence, development, underlying causes and uses of genocide, ethnic cleansing and the other crimes against humanity in the twentieth century. Case studies include colonial genocides; the Armenian genocide; the Holocaust; the Cambodian genocide; the Rwandan genocide; and the ethnic cleansings in the former Yugoslavia. Explores responses to these crimes, denial and memory, justice and redress and strategies of prevention and intervention.

HIST 5931. Topics in History. 3 cr. hrs.
Topics vary. Subjects to be announced.

HIST 5953. Readings in History. 3 cr. hrs.
Readings and discussion designed to introduce a small group to topics, problems and methodologies in history which are not taught in the regular lecture courses. Subjects to be announced.

HIST 5986. Internship in Public and Applied History. 3 cr. hrs.
Offers an opportunity to have a work experience outside of the classroom in such venues as archives, art museums, historical societies, and museums. Students must arrange the internship in consultation with the public history adviser and complete an internship agreement. Undergraduate students work 8-10 hours per week and graduate students work 10-12 hours per week during the term. Students complete a written assignment in conjunction with the work experience. Completion or concurrent enrollment in HIST 4100 is strongly recommended. S/U grade assessment.

HIST 6100. The Art and Craft of History. 3 cr. hrs.
The nature and theories of history, principles and methodologies of historical research, specializations within the discipline, and the professional applications of history. Required of all entering M.A. and Ph.D. students.
HIST 6110. The British Atlantic World to the American Revolution. 3 cr. hrs.
An examination of the expansion of the English empire to North America. Topics include: exploration; colony founding; the political, social and economic maturation of the colonies; the imperial system including resistance to Parliamentary laws; relations with native populations; the development of slavery; changing roles for women; and the inter-colonial wars between the English and French Empires.

HIST 6115. The American Revolution and the New Nation. 3 cr. hrs.
An examination of the creation and development of the United States to the beginnings of the sectional conflict. Topics include: the causes of the rebellion; conflicts between Americans; the war for independence; constitution making; foreign relations including the War of 1812; the roles of and the relations between the executive, legislative, and judicial branches under the constitution of 1787; westward expansion and Indian removal; the problem of slavery in national politics; and the political, social, and economic maturation of the new nation.

HIST 6120. The Sectional Conflict, Civil War Era and Gilded Age. 3 cr. hrs.
An examination of the origins and conduct of the Civil War, Reconstruction, and the political, economic, and social transformation of the United States in the late 19th century. Topics include: the political, constitutional, economic, and moral contexts of the institution of slavery; slave life and race relations; territorial expansion, the development of the West, and Native American policy; the political, social, and economic impact of the Civil War and reconstruction; the development of an American foreign policy; the evolution of political parties; industrialization, urbanization, and immigration.

HIST 6125. United States in the Twentieth Century. 3 cr. hrs.
An examination of the political, economic, and social history of the 20th century. Topics include: the United States’ rise to global power; the Progressive Era; the Great Depression; the Cold War and its related conflicts; cultural, social, and intellectual currents; the expansion of the federal government; and the evolution of political parties.

HIST 6235. Renaissance and Reformation. 3 cr. hrs.
A guided reading program on the major issues and historiography of Europe from the demise of the institutions and culture of the Medieval period through the end of the religious wars marked by the Peace of Westphalia of 1648.

HIST 6240. Europe: 1648-1815. 3 cr. hrs.
A guided reading program on the major issues and historiography of Europe from the Peace of Westphalia to that of Vienna.

HIST 6245. Europe: 1815-1919. 3 cr. hrs.
A guided reading program on the major issues and historiography of Europe from the Treaty of Vienna through the Paris peace treaties of 1919.

HIST 6250. Europe: 1919-Present. 3 cr. hrs.
A guided reading program on the major issues and historiography of 20th century Europe.

HIST 6300. Global History. 3 cr. hrs.
A guided reading program on the major issues, methodologies, and historiography in global history.

HIST 6500. Studies in United States History:. 3 cr. hrs.

HIST 6510. Studies in Medieval History. 3 cr. hrs.

HIST 6520. Studies in Renaissance and Reformation History. 3 cr. hrs.

HIST 6525. Studies in European History. 3 cr. hrs.

HIST 6540. Studies in Asian History:. 3 cr. hrs.

HIST 6545. Studies in Global History:. 3 cr. hrs.

HIST 6954. Seminar in United States History. 3 cr. hrs.
Offered every term.

HIST 6956. Seminar in Medieval History. 3 cr. hrs.

HIST 6958. Seminar in European History. 3 cr. hrs.
Offered every term.

HIST 6960. Seminar in Global History:. 3 cr. hrs.

HIST 6995. Independent Study in History. 1-3 cr. hrs.
Prereq: Cons. of instr. and cons. of graduate prog. dir.

HIST 6999. Master’s Thesis. 1-6 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.

HIST 8960. Dissertation Seminar. 3 cr. hrs.
Prereq: Doctoral stndg.

HIST 8995. Independent Study in History. 1-3 cr. hrs.
A course whose mode of instruction offers a student the opportunity to study or do in-depth research on a topic or subject matter not usually offered in the established curriculum, with a current Marquette faculty of his/her choice and independent of the classroom setting. Prereq: Cons. of dept. ch.
HIST 8999. Doctoral Dissertation. 1-12 cr. hrs.
S/U grade assessment.

HIST 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

HIST 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

HIST 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

HIST 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

HIST 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

HIST 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

HIST 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

HIST 9987. Doctoral Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

HIST 9988. Doctoral Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

HIST 9989. Doctoral Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

HIST 9994. Master’s Thesis Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

HIST 9995. Master’s Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

HIST 9996. Master’s Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

HIST 9997. Doctoral Dissertation Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

HIST 9998. Doctoral Dissertation Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

HIST 9999. Doctoral Dissertation Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Interdisciplinary Ph.D. (INPR)

marquette.edu/grad/programs_interdis.shtml

Degree Offered
Doctor of Philosophy

Program Description
This doctoral program provides students and faculty with opportunities for creative academic programming and research that cross the boundaries of traditional disciplines. Instead of being supported by an individual department, school or college, each student’s program is administered by an interdisciplinary faculty committee. The faculty committee shall be approved by the Graduate School. The interdisciplinary program itself shall be approved by, and under the oversight of, the University Board of Graduate Studies.

Each INPR program must combine the academic and intellectual assets, in terms of course work and faculty expertise, of two or more academic departments at Marquette. Faculty may serve on an INPR committee whether or not their departments offer doctoral degrees. The University Board of Graduate Studies serves to a great extent as a quasi department. Every program is unique in terms of course work, methodology and research.

To gain admission into the interdisciplinary Ph.D. program, the student must:

1. Satisfy demanding academic entrance requirements.
2. Propose a faculty adviser/dissertation committee chair.
3. Propose an advisory committee.
4. Propose a dissertation research topic.
5. Present and defend a formal admission proposal to the University Board of Graduate Studies.

Prerequisites for Admission
Due to the unique nature of the interdisciplinary program, only students who demonstrate a high degree of self-reliance and responsibility will be considered for admission. In addition, applicants must meet the following criteria:

1. The student must have completed a master’s degree or its equivalent at an accredited university.*
2. The student normally must have a graduate GPA of 3.500 or above, on a 4.000 scale, in their master’s degree (or equivalent graduate work). If the student has less than a 3.500 cumulative GPA, the results of a current (within five years) standardized examination such as the GRE, GMAT or LSAT, will be required.*

* Students currently enrolled in professional programs who desire to enter an INPR Ph.D. program should consult with their adviser and read the addendum relating to integrating professional programs with an INPR program.

Application Process
A student interested in gaining admission to the INPR program must submit a formal written proposal to the University Board of Graduate Studies (UBGS), and must appear before the UBGS with his/her adviser/committee chair to defend that proposal. A detailed listing of the steps involved in this formal application process is found below in the paragraph titled Formal Admission Process.

Because the formal admission process can be quite lengthy, it is possible for students who would like to begin course work in advance of gaining formal admission to obtain admission in non-degree status. The non-degree application process is described below in the paragraph titled Non-Degree Admission Process.

Students may apply for formal admission to degree status without going through the non-degree admission process. However, many students find it to their benefit to first apply as a non-degree student.

Formal Admission Process
The University Board of Graduate Studies (UBGS) oversees all INPR programs, and is the body that will grant formal admission in degree-status to any student that meets UBGS approval. All applicants must submit a formal written proposal to the UBGS and must appear before the UBGS with his/her adviser/committee chair to defend that proposal.

The formal admission process for entry into the INPR degree program begins with discussions with faculty in expectation of identifying those who will serve as the dissertation committee, including an adviser/committee chair with whom the student sketches out a tentative plan for earning a doctoral degree. Development of the plan will involve interaction with all committee members. The student should incorporate feedback received from committee members and produce a detailed proposal as described below.
Prior to scheduling the proposal defense before the University Board of Graduate Studies and prior to finalizing the formal written proposal, the student must request from the Graduate School approval for all dissertation committee members, including the chair of the committee. The INPR Dissertation Committee Form must be completed by each prospective member of the committee. His/her signature on the form attests to his/her commitment to be a fully-engaged member of the committee until the student has completed his/her INPR doctoral degree and also certifies that the faculty member meets the requirements for participation on the committee.

Once the committee chair and members are identified and approved, the remainder of the formal admission process consists of the following:

1. A detailed proposal must be submitted to the Graduate School.
2. The written proposal must be reviewed by a sub-committee of the University Board of Graduate Studies before the student and adviser will be invited to defend the proposal before the full Board.
3. A 30 minute presentation (with questions and answers) must be presented to the University Board of Graduate Studies.
4. The student and his or her committee must address any written comments that result from the presentation to the University Board of Graduate Studies.
5. Once completed satisfactorily, the University Board of Graduate Studies will provide formal admission into the INPR program.

The proposal must detail the entire doctoral program, including courses, satisfaction of residency requirements, qualifying examination and detailed plans for the dissertation. The proposal document must be prepared in consultation with the applicant’s adviser/dissertation chair and the other members of the dissertation committee.

In addition to the above, application for admission to degree status in the INPR program requires that the student submit the following:

1. A completed application form and application fee.
2. Official transcripts from all colleges/universities except Marquette.
3. Proof of an earned master’s degree.
4. Three letters of recommendation.
5. The results of a standardized test (GRE, GMAT, LSAT, MCAT, etc., as appropriate) if required due to a graduate GPA of less than 3.500.
6. (For international students only) the results of the TOEFL exam or other acceptable proof of English proficiency (waived if the student’s undergraduate or prior graduate academic work was done at an English-speaking college or university).

If the student began his/her INPR studies in a non-degree status, any documents that were submitted in support of non-degree admission need not be resubmitted.

The University Board of Graduate Studies will accept proposals as they are completed, and will schedule the applicant to appear before the UBGS as soon as possible.

**Non-Degree Admission Process**

As noted above, formal admission to the INPR program requires that a student’s dissertation committee chair and membership be identified and secured, that the course work and research be refined, that a formal written proposal be developed and submitted to the UBGS and that the student and the committee chair defend the proposal before the UBGS. This process can take up to nine months to complete.

In order to allow students to begin taking course work prior to completion of the formal admission process, students may apply for admission in a non-degree status. Admission in a non-degree status requires the following:

1. Submit a completed application form and application fee.
2. Secure written support from a Marquette faculty member, with whom the applicant has discussed his/her INPR ideas, that the proposal is viable. It is not required that the faculty member that submits this support ultimately become the chair or even a member of the committee, but it is expected that in most cases the faculty will be on the student’s dissertation committee. Furthermore, the student should select non-degree course work in consultation with the dissertation chair (if identified) or the faculty member providing written verification.
3. Submit official transcripts from all current and previous colleges/universities except Marquette.
4. Submit proof of an earned master’s degree with a minimum GPA of 3.500.
5. If the applicant has a cumulative GPA of less than 3.500 in his/her master’s degree (or equivalent post-baccalaureate work), the results of a current (within five years) standardized test (GRE, GMAT, MAT, LSAT, MCAT, as appropriate) must be submitted.
6. (For international students only) submit a TOEFL score or other acceptable proof of English proficiency (waived if the student’s undergraduate or graduate education was conducted in an English-speaking college or university).
7. Applicants in non-degree status must submit the formal proposal to the UBGS prior to completing nine credits, and must receive UBGS approval for admission in degree status before completion of twelve credits.

**Non-Degree Course Work**

Once the Graduate School has approved the student’s admission in a non-degree status, he/she may begin taking course work. Students who have taken doctoral courses under non-degree status at Marquette may request that a maximum of twelve credits be accepted by the Interdisciplinary
Interdisciplinary Program

An interdisciplinary doctoral student completes a minimum of 30 credit hours of course work beyond the master’s degree and meets all other requirements as stated in the section on doctoral study. Because no individual department administers an interdisciplinary doctorate, certain understandings, commitments and restrictions beyond those required in regular degree programs are necessary. Additional details can be obtained from the vice provost for research and dean of the Graduate School or at the Graduate School’s website marquette.edu/grad/programs_interdis.shtml.

Courses

INPR 8995. Independent Study in Interdisciplinary Ph.D. Program. 1-3 cr. hrs.
Prereq: Cons. of dept. ch.; cons. of graduate prog. dir.

INPR 8999. Doctoral Dissertation. 1-12 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.; cons. of prog. dir. and admitted to INPR program; Ph.D. candidates pursuing an approved interdisciplinary Ph.D. program.

INPR 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of prog. dir. and admitted to INPR program.

INPR 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of prog. dir. and admitted to INPR program.

INPR 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of prog. dir. and admitted to INPR program.

INPR 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of prog. dir. and admitted to INPR program.

INPR 9987. Doctoral Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of prog. dir. and admitted to INPR program.

INPR 9988. Doctoral Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of prog. dir. and admitted to INPR program.

INPR 9989. Doctoral Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of prog. dir. and admitted to INPR program.

INPR 9997. Doctoral Dissertation Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of prog. dir. and admitted to INPR program.

INPR 9998. Doctoral Dissertation Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of prog. dir. and admitted to INPR program.

INPR 9999. Doctoral Dissertation Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; cons. of prog. dir. and admitted to INPR program.
Mathematics, Statistics and Computer Science (MSCS)

Chairperson: Gary S. Krenz, Ph.D.
marquette.edu/mscs/grad.shtml

Program Overview
The Department of Mathematics, Statistics and Computer Science offers a range of master's and doctoral programs in accord with the breadth of the disciplines it encompasses. Bulletin entries for each of the programs described below may be found by exploring the options provided on this page. Further information about the programs can be found on the departmental website at marquette.edu/mscs/grad.shtml.

Degrees Offered

M.S. in Bioinformatics (p. 238)
A joint program between Marquette University and Medical College of Wisconsin, the bioinformatics specialization is geared toward creating computing applications for the biological sciences.

M.S. and Ph.D. in Computational Sciences (p. 240)
Our computational sciences program is designed to equip graduates with a distinctive blend of theoretical and computational skills, for employment in industry, research laboratories and institutions of higher education. A distinctive feature of our program is that all core aspects of a student's program of study, constituting in general the first two years of study, are undertaken within our one interdisciplinary department. While the bulk of their course work will be undertaken in this department, their research topics may range across the computational aspects of a broad spectrum of disciplines.

M.S. in Computing (p. 242)
The computing program is a professional (terminal) master's degree that spans the study of computer science, computer engineering, software engineering, information technology and information systems. It is designed for individuals who wish to enhance their computing skill set whether they are current practitioners or interested in moving into the computing field.

M.S. in Mathematics Education: Mathematics for Secondary School Teachers (MSST) (p. 244)
The mathematics for secondary school teachers specialization provides a master of science degree for mathematics teachers who wish to enhance their practice by deepening their understanding of mathematics and mathematics education beyond the bachelor's level.

Courses

MSCS 5020. The Teaching of Mathematics. 3 cr. hrs.
Historical background, problems, curricular materials, and teaching procedures in the various areas of mathematics pertinent to the needs of a secondary school mathematics teacher. In addition, a three-hour time block on one day each week between 8 a.m. and 3 p.m. must be kept free for clinical experience.

MSCS 5030. Concepts in Geometry and Calculus from an Advanced Standpoint. 3 cr. hrs.
Topics chosen primarily from geometry and calculus, taught from an advanced standpoint to enrich and deepen the student's understanding. Emphasis on alternative approaches, generalizations, historical contexts and connections with prior mathematical studies.

MSCS 5040. Concepts in High School Algebra and Number Theory from an Advanced Standpoint. 3 cr. hrs.
Topics closely related to the high school mathematics curriculum, chosen primarily from algebra and number theory, taught from an advanced standpoint to enrich and deepen the student's understanding. Emphasis on alternative approaches, generalizations, historical contexts and connections with prior mathematical studies.

MSCS 5110. Formal Languages and Computability. 3 cr. hrs.
Regular languages, finite state automata, and lexical analysis; context free languages, push-down automata, parsing, and the rudiments of LL and LR parsers; general phrase-structure languages, Turing machines, the Chuch-Turing thesis, the halting problem, universal programming languages.

MSCS 5120. Abstract Algebra 1. 3 cr. hrs.
Sets, mappings, operations on sets, relations and partitions. A postulational approach to algebraic systems including semigroups, groups, rings and fields. Homomorphisms of groups and rings, number systems, polynomial rings.

MSCS 5121. Abstract Algebra 2. 3 cr. hrs.
A continuation of MSCS 5120 with emphasis on groups, rings, fields, and modules.

MSCS 5200. Intermediate Analysis 1. 3 cr. hrs.
Limits and continuity, differentiability, Riemann integration. Topology of N-dimensional spaces.

MSCS 5201. Intermediate Analysis 2. 3 cr. hrs.
Transformations of N-spaces, line and surface integrals, sequences and series, uniform convergence.
MSCS 5210. Complex Variables. 3 cr. hrs.
Complex numbers, analytic functions, differentiation, series expansion, line integrals, singularities, and residues.

MSCS 5300. History of Mathematical Ideas. 3 cr. hrs.
Topics include: development of the number system (need for irrational and complex numbers); development of geometry including the effects of the discovery of non-Euclidean geometry; limit concept; need for axiomatic structures; 20th century problems. Current mathematics research and place of mathematics in today's world.

MSCS 5320. Theory of Numbers. 3 cr. hrs.
Integers, unique factorization theorems, arithmetic functions, theory of congruences, quadratic residues, partition theory.

MSCS 5400. Compiler Construction. 3 cr. hrs.
Lexical analysis, parsing, code generation, and optimization. Includes theoretical foundations and the practical concerns of implementation.

MSCS 5420. Foundations of Geometry. 3 cr. hrs.
Modern postulational development of Euclidean and non-Euclidean geometries.

MSCS 5430. Geometric Transformations. 3 cr. hrs.
Overview of transformation geometry including a study of congruence, similarity, affine, projective and topological transformation groups.

MSCS 5450. Topology. 3 cr. hrs.
Topological spaces, mappings, metric spaces, product and quotient spaces. Separation axioms, compactness, local compactness and connectedness.

MSCS 5500. Theory of Differential Equations. 3 cr. hrs.
Existence and uniqueness theorems, linear and non-linear systems, numerical techniques, stability.

MSCS 5510. Elementary Partial Differential Equations. 3 cr. hrs.
Fourier series, method of separation of variables, eigenfunction expansions, application of eigenfunctions to partial differential equations, Green's functions and transform methods.

MSCS 5540. Numerical Analysis. 3 cr. hrs.
Numerical solution of algebraic and transcendental equations, linear systems and the algebraic eigenvalue problem, interpolation and approximation, numerical integration, difference equations, numerical solution of differential equations, and finite difference methods.

MSCS 5600. Fundamentals of Artificial Intelligence. 3 cr. hrs.
An introduction to the broad field of artificial intelligence. Topics include: problem solving by searching, knowledge representation, reasoning, planning, decision-making, learning, perception, and language processing.

MSCS 5610. Data Mining. 3 cr. hrs.
Techniques for extracting and evaluating patterns from large databases. Introduction to knowledge discovery process. Fundamental tasks including classification, prediction, clustering, association analysis, summarization, and discrimination. Basic techniques including decision trees, neural networks, statistics, partitional clustering, and hierarchical clustering.

MSCS 5630. Mathematical Modeling and Analysis. 3 cr. hrs.
Construction and analysis of mathematical models from biological, behavioral, and physical sciences.

MSCS 5650. Theory of Optimization. 3 cr. hrs.
Fundamental theorems describing the solution of linear programs and matrix games. Minimax, duality, saddle point property, simplex and specialized algorithms. Zero sum games, transportation and assignment problems, applications to economics.

MSCS 5670. Applied Combinatorial Mathematics. 3 cr. hrs.
Permutations and combinations, recurrence relations, inclusions and exclusion, Polya's theory of counting, graph theory, transport networks, matching theory.

MSCS 5700. Theory of Probability. 3 cr. hrs.
Random variables, distributions, moment generating functions of random variables, various derived probabilistic models and applications.

MSCS 5710. Mathematical Statistics. 3 cr. hrs.
Sampling theory and distributions, estimation and hypothesis testing, regression, correlation, analysis of variance, non-parametric methods, Bayesian statistics.

MSCS 5715. Computational Statistics. 3 cr. hrs.
Analysis of raw data and selection of appropriate estimation and hypothesis testing techniques. Emphasis on exploratory analysis, model building, data transformations, multivariate and stepwise techniques, error analysis. Extensive use of statistical computer packages.

MSCS 5720. Statistical Methods. 3 cr. hrs.
Probability, discrete and continuous distributions. Treatment of data, point and interval estimation, hypothesis testing, Large and small sample method, regression, non-parametric methods. An introduction to the basic understanding of statistical methods. Applications-oriented.

MSCS 5740. Biostatistical Methods and Models. 3 cr. hrs.
Introduction to the statistics of life science and the use of mathematical models in biology. Data analysis and presentation, regression, analysis of variance, correlation, parameter estimation and curve fitting. Biological sequence analysis, discrete and continuous mathematical models and simulation.
MSCS 5760. Time Series Analysis. 3 cr. hrs.

MSCS 5780. Regression Analysis. 3 cr. hrs.
Basic concepts of statistical inference, simple linear regression, multiple linear regression, diagnostic analysis, selecting the best equation, stepwise methods, nonlinear regression, use of statistical software.

Topics include: database concepts and architecture, data modeling, formal query languages such as relational algebra, commercial query language SQL, database access from application programs and a brief examination of advanced concepts including transactions, distributed databases, security and XML.

MSCS 5860. Component-Based Software Construction. 3 cr. hrs.
Introduction to software components in the context of the object-oriented paradigm. Component development, component selection and adaptation/customization, component deployment and assembly/integration, and system architecture. Industry standards such as JavaBeans, CORBA Component Model, and Microsoft COM/DOM/COM+.

MSCS 5931. Topics in Mathematics, Statistics and Computer Science. 1-3 cr. hrs.
Topics selected from one of the various branches of mathematics, statistics or computer science. Specific topics to be announced in the Schedule of Classes.

MSCS 6010. Probability. 3 cr. hrs.
Foundations of probability for modeling random processes and Bayesian approaches, including: counting techniques, probability of events, random variables, distribution functions, probability functions, probability density functions, expectation, moments, moment generating functions, special discrete and continuous distributions, sampling distributions, prior and posterior distributions, Law of Large Numbers, Central Limit Theorem, Bayesian paradigm. Prereq: Three semesters of mathematics beyond calculus.

MSCS 6020. Simulation. 3 cr. hrs.

MSCS 6030. Applied Mathematical Analysis. 3 cr. hrs.
Foundational topics in analysis considered from a modeling and numerical viewpoint. Emphasizes techniques of proof and approximation, and their role in the solution of problems arising in applications. Prereq: Multivariable calculus and linear algebra.

MSCS 6040. Applied Linear Algebra. 3 cr. hrs.
Foundational linear algebra considered from a numerical viewpoint. Focus is on solutions of linear systems of equations, eigenvalues and eigenvectors, and transformations. Emphasizes and illustrates proof and numerical implementation using problems arising in applications. Prereq: Multivariable calculus and linear algebra.

MSCS 6050. Elements of Software Development. 3 cr. hrs.
Students explore the software design and development processes through a term project. Concepts covered include: requirements gathering and analysis, mapping requirements to a design, sound coding and documentation practices, configuration management, testing and quality assurance, system deployment and maintenance. Prereq: Programming in a high-level language, knowledge in data structures such as stacks, recursion, queues, trees and graphs.

MSCS 6051. Professional Software Engineering 1. 3 cr. hrs.
Covers Software Engineering topics typically including the Software Development Lifecycle (SDLC), Development Methodologies, Software Quality Overview, Configuration Management, Designing for Risks & Fault Tolerance, Languages & Design, Object-Oriented Programming, Observational Research and Prototyping, Requirements, Software Architectures, Operating Systems Design, and Real Time Systems. Offered at General Electric facilities. This course extends beyond the Marquette term; student receive the grade of IC initially. The IC grade will be converted to an A-F grade at the end of the course. Prereq: Cons. of instr. and GE Employee in the Software Edison program.

MSCS 6052. Professional Software Engineering 2. 3 cr. hrs.
Covers Software Engineering topics typically including Systems and Communication Networks, Security & Distributed Systems, Interoperability and Standards, Design for "ility" (e.g., usability and reliability) & Performance, Design for parallel Processing, Embedded Systems Hardware for Software Developers, Embedded Systems Software, Software Design Patterns and Algorithms. Offered at General Electric facilities. This course extends beyond the Marquette term; students receive the grade of IC initially. The IC will be converted to an A-F grade at the end of the course. Prereq: Cons. of instr. and GE Employee in the Software Edison program.

MSCS 6053. Professional Software Engineering 3. 3 cr. hrs.
Covers Software Engineering topics typically including Database Systems, Decision Science, Data Quality and Analytics, User Interface Design, Design for Globalization, Debugging and Trouble shooting, Approach, Method, Implementation and Emerging Software Technologies. Offered at General Electric facilities. This course extends beyond the Marquette term; student receive the grade of IC initially. The IC will be converted to an A-F grade at the end of the course. Prereq: Cons. of instr. and GE Employee in the Software Edison program.
MSCS 6054. Professional Software Engineering 4. 3 cr. hrs.
Covers design topics related to system design with embedded computing. Topics typically include design of controls, design for low cost, design for serviceability, design for usability, design for reliability, program management, innovation, requirements management and design thinking. Offered at General Electric facilities. This course extends beyond the Marquette term; students receive the grade of IC initially. The IC will be converted to an A-F at the end of the course.

MSCS 6055. Software Quality Assurance. 3 cr. hrs.
Provides a perspective on people, organizations, controls, processes, and tools that collectively influence the success of a Software Quality Assurance (SQA) strategy. Discussion topics include quality approaches as they apply to requirements, design, release, configuration management, testing, defect management, operations and support. Topics are discussed in the context of a traditional development approach (waterfall, CMMI) and more contemporary models driven by lean and agile practices. Covers considerations specific to implementing an SQA approach within a regulated setting. The approach emphasizes a hands-on view of SQA, thereby providing realistic takeaways to practice in a professional career.

MSCS 6060. Parallel and Distributed Systems. 3 cr. hrs.
Students use and develop software for parallel and distributed computing systems. Topics include: job submission and management, tools for parallel and distributed software development, approaches for implementing parallel and distributed computation, parallel and distributed system architectures, and essential evaluation techniques. Prereq: Data Structures and Algorithms 2 or equiv.

MSCS 6090. Research Methods/Professional Development. 1 cr. hr.
Designed to introduce the process of research and communication of research in the computational sciences, including presentation and publication of research, preparation of grant proposals, and ethical considerations. May be repeated.

MSCS 6110. Applied Discrete Mathematics. 3 cr. hrs.
Applied discrete mathematics for the mathematics, engineering and computer science graduate student. Emphasis on graph theory and counting problems that serve as a foundation for research areas in the second term. Theory and applications are covered for topics including trees, graph coloring, chromatic polynomials, generating functions, recurrence relations, distinct colorings and Polya’s Theorem. Prereq: COSC 1020 and MATH 1450 or equiv.; MATH 1451 and MATH 2100 or equiv.

MSCS 6120. Optimization. 3 cr. hrs.

MSCS 6130. Dynamical Systems. 3 cr. hrs.
Theory of discrete and continuous dynamical systems. Periodic solutions, bifurcations, chaotic systems, attractors, fractal dimension, and simulation of these systems. Prereq: MATH 5200 or equiv.

MSCS 6210. Theory of Statistics. 3 cr. hrs.
Brief review of sampling distributions, Central Limit Theorem and Law of Large Numbers. Estimation, testing hypotheses, regression and correlation analysis, non-parametric methods.

MSCS 6220. Analysis of Variance and Covariance. 3 cr. hrs.

MSCS 6230. Multivariate Statistical Analysis. 3 cr. hrs.
Basic properties of random vectors, multivariate normal distribution, estimations of mean vector and covariance matrix, Wishart distribution, hypothesis testing, Hotelling’s T2, multivariate analysis of variance, principal component analysis, factor analysis, canonical correlation analysis, classification and discriminant analysis. Prereq: MATH 3100 and MATH 5710.

MSCS 6310. Computer Networks 1. 3 cr. hrs.
An intensive study of computer networking and networking standards with hands-on experience. Following the ISO-OSI model, the first term concentrates on the lower four layers (physical, datalink, networking, and transport) and the second on the upper four (transport, session, presentation, and application). Offered regularly. Prereq: COSC 3250.

MSCS 6320. Computer Networks 2. 3 cr. hrs.
See MSCS 6310. Prereq: COSC 3250.

MSCS 6330. Data Mining. 3 cr. hrs.
Techniques for extracting "interesting" relationships and knowledge hidden in data, such as decision trees, association rules, clustering, neural networks, Bayesian classifiers, feature selection, pattern assessment, inductive logic programming, outlier analysis, data imputation, and data integration. Prereq: COSC 2100 and COSC 5600; or COSC 2100 and COSC 5800; or COSC 2100 and MATH 5720; or equiv.

MSCS 6340. Component Architecture. 3 cr. hrs.
Focuses on designing and implementing software components, and ways of specifying their interconnection and interaction. The primary technology is Java Beans, although other approaches such as ActiveX are also considered. Examines general notions relating to specifying and identifying components and the general distribution of resources.
MSCS 6350. Distributed Computing. 3 cr. hrs.
Focuses primarily on the interconnection of software components, both in the way they communicate with one another, and in the way they are themselves distributed. The concentration is not as much on the technical detail of standards such as Corba, Java RMI, and Distributed Network Architecture, but on the ways these technologies can be used to construct dynamic infrastructures for welding diverse local environments into one community of cooperating parts. The emphasis is very much upon allowing heterogeneity, and on solving business problems related to distributed concentrations of data.

MSCS 6355. Mobile Computing. 3 cr. hrs.
Focuses on the fundamentals of mobile computing, challenges in mobile computing, mobility management, mobile data management, context awareness and wireless communications, ubiquity of wireless communication technologies and standards, seamless access network services and resources from anywhere, at anytime, middleware for mobile computing, operation systems, programming languages, network protocols and security aspects of mobile computing, concepts in sensor networks, including operating systems, programming languages, network protocols, and programming models. Prereq: COSC 2100 or equiv.

MSCS 6360. Enterprise Architecture. 3 cr. hrs.
Focuses totally on the server side of communications, and on the ways of using software components as wrappers of all kinds of objects, so they can participate in highly distributed environments involving security and transactions. Attention is paid to establishing universal environments for naming resources and finding them, and to ways of managing the life cycle of both data and program components. The main technology considered is Enterprise Java Beans.

MSCS 6370. Information Representation. 3 cr. hrs.
Focuses on using special grammars and their associated language for communicating business information universally amongst very diverse systems. The attention is not on the formalities of the grammars, but on the ways one can take advantage of knowing that documents are valid with respect to those grammars. The particular technology primarily considered is XML, and considers and uses many current standards from the XML community.

MSCS 6380. Advanced Database Systems. 3 cr. hrs.
Accessing databases from Web, JavaScript, JDBC, Java Servlets, database technology to Web related areas such as semi-structured databases and data integration, XML, XQuery, XPath, XML Schemas, distributed database design, distributed database transactions, and distributed query processing. Prereq: Database Systems or equiv.

MSCS 6390. Professional Seminar in Computing. 1 cr. hr.
Topic to be chosen each term from among issues important to all professionals in computing. All students in the computing program are expected to participate for the fall and spring terms, and one of the two summer terms. S/U grade assessment. Prereq: Enrolled in M.S. in computing program.

MSCS 6410. Real Analysis. 3 cr. hrs.
Involves study of algebraic structures of real analysis, function spaces, introduction to linear operators, measure and integration theory, convergence theorems, limits, continuity, derivatives. Prereq: MATH 5200.

MSCS 6420. Algebra. 3 cr. hrs.
Studies groups, rings, fields and vector spaces including Sylow’s theorems, field of quotients of an integral domain, structure of finitely generated modules over a principal ideal domain, Galois theory of equations, ordered fields, classical groups. Prereq: MATH 5120 or equiv.

MSCS 6430. Logic and Set Theory. 3 cr. hrs.
Naive set theory, first-order logic, elementary model theory, non-standard analysis, Godel’s incompleteness theorems for elementary arithmetic, axioms for set theory, ordinal and cardinal arithmetic, the continuum hypothesis, methods of inner models and forcing for proving consistency and independence results. Prereq: MATH 5120 or equiv.

MSCS 6440. Topology. 3 cr. hrs.
Metric spaces, fundamental topology notions, subspace topology, product spaces, quotient spaces, separation axioms, Tietze’s theorem, compactness, metrization, uniform spaces, function spaces, homotopy relation, fundamental group, computing manifold groups. Prereq: MATH 5200 or equiv.

MSCS 6670. Innovations in Secondary Mathematics: Meeting the NCTM Standards. 3 cr. hrs.
Online course designed for teachers of secondary mathematics. Emphasizes relevant NCTM standards through discussion, projects, and implementation in a secondary mathematics classroom. Mathematics content amplifies and extends selected topics of secondary mathematics. Title and content vary. Credit may be earned multiple times-once for each title. Prereq: Cons. of dept. ch.; one term of calculus and access to an algebra or geometry class of secondary students; or cons. of course coordinator. For students in MSST or College of Education.

MSCS 6931. Topics in Mathematics, Statistics and Computer Science. 3 cr. hrs.

MSCS 6953. Seminar in Mathematics Curriculum Development and Material 1. 3 cr. hrs.
The historical evolution of mathematics learning theories and research-generated conceptions of mathematics learning; comparisons of various learning theories and their impact on research in mathematics learning; implications of research and learning theories on curriculum development; implications of mathematics learning research/theories on the teaching and learning of mathematics. Prereq: Teaching experience in secondary mathematics. For students in MSST or College of Education.

MSCS 6954. Seminar in Mathematics Curriculum Development and Material 2. 3 cr. hrs.
Philosophy of education with particular attention to mathematics education; development by students of useful curricula in the form of teaching units, evaluation materials, and student and teacher bibliographies for specific topics, grade levels, and ability groups; aspects of supervision as related to the role of department chairperson. Prereq: MSCS 6953. For students in MSST or College of Education.

MSCS 6964. Practicum for Research and Development in Computing. 3-6 cr. hrs.
S/U grade assessment. Prereq: 3.00 MU GPA; must be enrolled in Plan B option of the M.S. in computing program and have completed at least 15 credit hours earned in graduate (6000-level) courses. Available only to full-time students. Cons. of Director of Graduate Studies for the Computing Program or cons. of dept. ch.

MSCS 6974. Practicum for Research in Computational Sciences. 1-3 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.

MSCS 6995. Independent Study in Mathematics, Statistics and Computer Science. 1-5 cr. hrs.
Prereq: Cons. of dept. ch.

MSCS 6998. Professional Project in Mathematics, Statistics and Computer Science. 0 cr. hrs.
SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 6999. Master’s Thesis. 1-6 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.

MSCS 8995. Independent Study in Math, Statistics and Computer Science. 1-3 cr. hrs.
In-depth research on a topic or subject matter usually not offered in the established curriculum with faculty and independent of the classroom setting. Prereq: Cons. of dept. ch.

MSCS 8999. Doctoral Dissertation. 1-12 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.

MSCS 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 9987. Doctoral Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 9988. Doctoral Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 9989. Doctoral Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 9991. Professional Project Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 9992. Professional Project Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 9993. Professional Project Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 9994. Master’s Thesis Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 9995. Master’s Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 9996. Master’s Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 9997. Doctoral Dissertation Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 9998. Doctoral Dissertation Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

MSCS 9999. Doctoral Dissertation Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Bioinfomatics (BIIN)

Chairperson: Gary S. Krenz, Ph.D.
Program Director: Daniel B. Rowe, Ph.D.
mcw.edu/bioinformatics.htm (http://www.mcw.edu/bioinformatics.htm)

Degree Offered

Master of Science, students are admitted under Plan B (non-thesis option) but Plan A (thesis option) is also offered

Program Description

This interdisciplinary program is jointly offered by Marquette University and Medical College of Wisconsin. The program prepares students for a multidisciplinary career in the biomedical sciences using mathematics, statistics and computer science. It is designed to provide students quantitative tools for analyzing data and problems associated with molecular, cellular, physiological and particularly, genetic systems. Students may select courses from a list of approved courses offered by the following departments at Marquette: Mathematics, Statistics and Computer Science; Biology; Biomedical Engineering; and Electrical and Computer Engineering. In addition, courses are offered by the Department of Physiology and the Division of Biostatistics at Medical College of Wisconsin. The program meets the needs of recent undergraduates seeking an advanced degree as well as employed professionals interested in opportunities for career advancement. Students may pursue the degree on a full-time or part-time basis. Many courses are offered evenings.

Prerequisites for Admission

Applicants must have completed or be in the process of completing a bachelor's degree from an accredited college or university. Applicants with degrees in a wide range of scientific areas will be considered. These areas include: biological and medical science, computer science, mathematics, statistics, engineering and physical sciences. Students may be admitted on a probationary basis if they are not fully prepared to take courses carrying graduate credit in both computer science and biology.

Application Deadline

To be considered for fall admission, all application requirements must be completed and received in the Graduate School. The priority deadline for review of applications is Jan. 15 for both the master's and doctoral programs. After the priority admission deadline, applications will reviewed on a rolling basis.

Application Requirements

Applicants must submit, directly to the Marquette University Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. An essay outlining relevant work experience or education, career goals, possible areas of interest, and reasons for seeking admission to this program.
4. Three letters of reference from professors or professionals familiar with the applicant's abilities, academic work, and/or professional background.
5. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency. A recent GRE score is strongly recommended.

General Information

Students interested in applying to the program should consult the program website http://www.mcw.edu/graduateschool/Academic-Bulletin-2010-2012/Masters-Degree-Granting-Programs/Bioinformatics.htm for a list of currently approved courses and scheduled course offerings for the next term.

Special registration for this program is required, as courses are taken at both institutions. Students must register for BIIN 6947 Medical College of Wisconsin/BIIN-Joint Degree through Marquette University and for the matching MCW course through Medical College of Wisconsin.

Bioinformatics Master’s Requirements

Students are admitted to the program under Plan B (non-thesis option), although with the co-directors’ approval, students may elect to transfer to Plan A (thesis option). In both options below, courses taken for credit in this program must be from the list of courses approved by the Steering Committee. Exceptions must be approved by the Steering Committee.

Plan B Option (36 credits)

Students must complete 36 credit hours of course work, of which at least 24 hours must be earned in graduate-level courses (6000-level and above). Plan B Option students must take at least 18 credits at Marquette University.
Plan A Option (30 credits)

Students must complete 24 credit hours of course work, of which at least 18 credit hours must be earned in graduate-level courses (6000-level and above). Plan A Option students must take at least 15 credits at Marquette University. Students must also complete a master’s thesis for 6 credit hours and pass an oral examination concentrated on the thesis.

Required Courses

For both options (Plans A and B), the following courses are required:

- **BIIN 6000. Introduction to Bioinformatics. 3 cr. hrs.**
  The application of knowledge gained through previous course work in informatics, information systems, mathematics, medical and/or biological research to the design, development, implementation and evaluation of information systems and analysis methods applied to biomedical data. Prereq: BIOL 1004 and CHEM 2112 which may be taken concurrently; and COSC 2100; and cons. of dept. ch.

- **BIIN 6931. Topics in Bioinformatics. 3 cr. hrs.**
  Prereq: Cons. of dept. ch.

- **BIIN 6947. Medical College of Wisconsin/BIIN-Joint Degree. 1-8 cr. hrs.**
  Graduate-level course in selected areas of the life sciences offered at Medical College of Wisconsin. Prereq: Cons. of dept. ch.

- **BIIN 6960. Seminar in Bioinformatics. 1-3 cr. hrs.**
  Seminars in research and development tools and applications designed for M.S. in bioinformatics program.

- **BIIN 6980. Practicum in Bioinformatics. 3 cr. hrs.**
  An opportunity to participate in the practice of research and/or development in the area of bioinformatics. Prereq: Admitted to BIIN program; BIIN 6000; and cons. of dept. ch.

- **BIIN 6995. Independent Study in Bioinformatics. 1-3 cr. hrs.**
  Prereq: Admitted to BIIN program; cons. of dept. ch.

- **BIIN 6999. Master’s Thesis. 1-6 cr. hrs.**
  S/U grade assessment. Prereq: Cons. of dept. ch.
**Computational Sciences (CMPS)**

*Chairperson: Gary S. Krenz, Ph.D.*  
*Program Director: Daniel B. Rowe, Ph.D.*

marquette.edu/mscs/grad-computational.shtml

**Degrees Offered**

Master of Science, students are admitted under Plan B (non-thesis option) but Plan A (thesis option) is also offered; Doctor of Philosophy

**Program Description**

Computational science is the discovery, implementation, simulation and application of models to solve scientific and engineering problems. The master’s degree program accommodates students whose objectives are either the master’s degree or preparation for doctoral study in some aspect of the computational sciences. The doctoral program is designed for individuals of outstanding ability who show promise as researchers in an interdisciplinary environment.

The diverse research opportunities in our naturally interdisciplinary department are enhanced by the research programs of associated faculty on the Marquette campus in the sciences and engineering and Milwaukee area research laboratories and clinics. Consult the department website for the most current information.

**Prerequisites for Admission**

Admission to the master’s program in computational sciences requires an undergraduate degree in mathematics, statistics, computer science or a related field such as engineering or an area of science, with at least a minor (3 courses beyond a full calculus sequence) in mathematics and proficiency in a high-level computer language.

Admission to the doctoral program in computational sciences requires (in addition to the prerequisites for master’s admission) demonstrated promise for original research.

**Application Deadline**

To be considered for fall admission, all application requirements must be completed and received in the Graduate School. The priority deadline for review of applications is **Jan. 15** for both the master’s and doctoral programs. After the priority admission deadline, applications will reviewed on a rolling basis.

**Application Requirements**

Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation addressing the applicant’s academic qualifications for graduate study in the intended program.
4. (For doctoral and all international applicants) GRE scores (General Test only).
5. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.
6. (For doctoral applicants only) English-language publications authored by the applicant, including a master’s thesis or essay, if applicable (optional, but strongly recommended).

**Computational Sciences Master’s Requirements**

A master’s student must complete a plan of study prepared in cooperation with an adviser and approved by the Graduate Committee of the Department of Mathematics, Statistics and Computer Science.

A master’s student is admitted to the non-thesis program (Plan B) which requires at least 30 credit hours of course work and a non-credit essay that reflects the student’s ability to synthesize source materials relating to a particular area of research or professional practice. An oral presentation of the essay is required.

A formal request to pursue a thesis (Plan A) must be approved by the department’s Graduate Committee and the Graduate School. The Plan A student must complete a minimum of 30 credit hours, including six hours of thesis credits, and submit a thesis that must be an original contribution to the student’s field of study. A public defense of the thesis is required.

All master’s students in computational sciences must complete the 18-credit core:
Computational Sciences Doctoral Requirements

A doctoral student in computational sciences must first complete a plan of study, designed to see the student through completion of the comprehensive examination. This plan of study should be prepared in cooperation with an adviser and approved by the Graduate Committee of the Department of Mathematics, Statistics and Computer Science.

Upon completion of the comprehensive examination, a doctoral student must then complete a program of study designed to see the student through completion of the program. This program of study should be defined, in cooperation with an adviser, on a Doctoral Program Planning Form and approved by the department’s Graduate Committee.

The total program, exclusive of dissertation, will contain a minimum of 45 credit hours of approved course work beyond the bachelor’s degree. Students must complete the 18-credit computational sciences core:

Total Credit Hours 18

Students must also complete at least 2 credits of MSCS 6090 Research Methods/Professional Development and twelve credit hours of MSCS 8999 Doctoral Dissertation. Approved programs of study will normally include 6 credits of courses outside the department and no more than 12 credits in undergraduate courses.

Advancement to candidacy for the doctoral degree is considered after successful completion of the comprehensive examination, completion of all course work specified in the Doctoral Program Planning Form and successful completion of the qualifying examination, conducted by the student’s doctoral committee. Typically, the doctoral committee also serves as the dissertation committee.

A doctoral student is expected to complete the core courses within the first two years of study, and to take the comprehensive examination at the first opportunity after their completion. A student who enters the program with the necessary core courses is expected to take the comprehensive exam at the first available time it is offered. No foreign language is required.
Computation (COMP)

Chairperson: Gary S. Krenz, Ph.D.
Program Director: Thomas Kaczmarek, Ph.D.
http://www.marquette.edu/mscs/grad-computing.shtml

Degree Offered
Master of Science in Computing students are admitted under Plan B (non-thesis option) but Plan A (thesis option) is also offered.

Program Description
Computing is a broad-based family of disciplines that includes computer science, computer engineering, software engineering, information systems and information technology. The computing program has been designed to allow the student to pursue studies in any combination of these disciplines.

This program is designed to meet the educational needs of present and future computing professionals interested in starting a career or updating their skills. Careers are in areas such as business and systems analysis, software engineering, project management, enterprise architecture, business process modeling and management, IT security, database design and administration, network design and administration, technology management and service management.

Students may select courses from a large number of approved courses offered by the Department of Mathematics, Statistics and Computer Science, the Department of Electrical and Computer Engineering, the Graduate School of Management and other units on campus.

Students may pursue the degree on a full-time or part-time basis. Many courses are offered in the evenings and online classes are available.

Prerequisites for Admission
Applicants must have completed or be in the process of completing a bachelor's degree from an accredited college or university. Applicants should also have taken at least two terms of computer programming courses in a modern computer programming language with knowledge of algorithms and data structures (or equivalent work experience).

Application Requirements
Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. An essay outlining relevant work experience or education, career goals, possible areas of interest and reasons for seeking admission to this program.
4. Three letters of reference from professors or professionals familiar with the applicant’s abilities, academic work and/or professional background.
5. (For students applying for merit-based financial aid) GRE scores (General Test only).
6. (For international applicants who have not attended an English-speaking university only) a minimum TOEFL score of 80 on the Internet-based version or other acceptable proof of English proficiency.

Application Deadline
The master of science program in computing follows the Graduate School deadlines for the submission of applications: August 1 for fall admission, December 15 for spring admission, and May 1 for summer admission. However, to be considered for financial aid, applications for fall must be submitted by January 15. Decisions about acceptance into the program are made when all required documents for the application are received. Admission decisions are made independently of decisions to offer financial aid.

General Information
Students interested in applying to the program should consult the program website at mu.edu/mscs/graduate/comp/ (http://www.mscs.mu.edu/mscs/graduate/comp) for additional information, including a list of currently approved courses for the degree.

A complete list and short description of the courses offered by the Mathematics, Statistics and Computer Science Department (MSCS) is available on the MSCS Department page of the bulletin (p. 232).

Computing Master’s Requirements
Students are admitted to the program under the non-thesis option (Plan B), and most students graduate under this plan. Students may apply for the thesis option (Plan A) on approval of a thesis outline by their adviser and the computing program’s Graduate Committee.
The course of study is very flexible. Students complete a breadth requirement, primary and secondary concentrations and additional courses suited to their backgrounds and career goals. The program director and faculty advisers work very closely with students to ensure that they achieve their educational goals through appropriate course selection.

Computing students gain both breadth and an in-depth knowledge of their field.

**Breadth Requirement (12 credits)**

Computing students experience the breadth of the field by completing (or having completed before entering the program) at least three credits in four of the following five areas:

1. Information Management
2. Hardware and Software Architecture and Organization
3. Operating Systems
4. Programming Concepts and Skills
5. Software Engineering.

Classes at the 5000-level and the 6000-level have been designated by the program in each area, but satisfaction of the breadth requirement does not rely on any specific course selection. An individual plan is developed by the student and approved by the computing program’s Graduate Committee.

**Concentrations (18 credits)**

Concentrations provide in-depth knowledge areas and often reflect possible long-term career objectives. Primary and secondary concentrations are driven by students’ interests working with an adviser. Each student must have one primary concentration of at least 12 credits, and a different secondary concentration of at least six credits. For students in the thesis option (Plan A), the six thesis credits are considered the secondary concentration.

Courses taken to satisfy the breadth requirement also count toward primary and secondary concentrations. No course may be counted toward satisfying both a primary and a secondary concentration. The breadth and concentration requirements may be satisfied with any combination of approved 5000- and 6000-level classes, subject to the overall Plan A or Plan B requirements for 6000-level credits.

Primary or secondary concentrations include, but are not limited to, the following:

- Foundations of Computation
- Distributed Computing
- Intelligent Systems and Information Management
- Hardware and Software Architecture and Organization.

Specific courses in each concentration are designated by the computing program. The final course selections are determined on an individual basis with approval by an adviser. Consult the program website at marquette.edu/mscs/grad-computing.shtml for a list of the currently approved courses.

**Additional Course Work**

Courses beyond the breadth and concentration requirements are taken from a list of computer science, information technology and computer engineering courses approved by the computing program. Six out-of-program elective credits may be selected from other Marquette graduate courses germane to computing or its applications.

**Plan B Option (36 credits)**

Students must complete 36 credit hours of course work, of which at least 18 hours must be earned in graduate-level courses (6000-level and above).

**Plan A Option (30 credits)**

Students must complete 24 credit hours of course work, of which at least 12 hours must be earned in graduate-level courses (6000-level and above). Students must also complete a master’s thesis for 6 credit hours and pass the oral examination concentrated on the thesis. The six thesis credits are considered the secondary concentration.
Mathematics for Secondary School Teachers (MSST)

Chairperson: Gary S. Krenz, Ph.D.
Program Director: Daniel B. Rowe, Ph.D.
marquette.edu/mscs/grad-msst.shtml

Degree Offered

Master of Science, students are admitted under Plan B (non-thesis option) but Plan A (thesis option) is also offered

Program Description

Although the mathematics for secondary school teachers (MSST) program is designed for teachers, it is also open to others who want to deepen their understanding of post-baccalaureate mathematics and mathematics education. Students may also choose core courses from the computational sciences program. This program does not prepare students for doctoral studies in pure mathematics.

Prerequisites for Admission

Applicants should have an undergraduate degree. Students whose previous mathematics course work was not at least equivalent to a minor in mathematics may be required to complete some prerequisite undergraduate courses before beginning master’s courses.

Application Deadline

Applications are accepted on an ongoing basis. However, applicants should allow at least a month for the application process to be completed once all application materials have been submitted.

Application Requirements

Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation addressing the applicant’s academic qualifications for graduate study in the intended program.
4. (For international applicants only) GRE scores (General Test only).
5. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

Mathematics for Secondary School Teachers Master’s Requirements

A master’s student must complete a plan of study prepared in cooperation with an adviser and approved by the Graduate Committee of the Department of Mathematics, Statistics and Computer Science.

A master’s student is admitted to the non-thesis program (Plan B) which requires at least 30 credit hours of course work and a non-credit essay that reflects the student’s ability to synthesize source materials relating to a particular area of research or professional practice. An oral presentation of the essay is required.

A formal request to pursue a thesis (Plan A) must be approved by the department’s Graduate Committee and the Graduate School. The Plan A student must complete a minimum of 30 credit hours, including six credit hours of MSCS 6999 Master’s Thesis and submit a thesis that must be an original contribution to the student’s field of study. A public defense of the thesis is required.

The mathematics for secondary school teachers specialization requires successful completion of the following:

Nursing (NURS)

Administration
Dean: Margaret Faut-Callahan, C.R.N.A., Ph.D., F.A.A.N.
Associate Dean for Graduate Programs: Maureen E. O'Brien, Ph.D., R.N., P.C.N.S.-B.C.
Director of the Ph.D. Program: Margaret J. Bull, Ph.D., R.N., F.A.A.N.
marquette.edu/nursing/academicprograms-graduate.shtml

Degrees Offered
Master of Science in Nursing, students are admitted under Plan B (non-thesis option) but Plan A (thesis option) is also offered; Post-master's Certificate; Doctor of Nursing Practice, Doctor of Philosophy

Specializations
M.S.N.:
Advanced Practice Nursing: Adult-Older Adult Acute Care Nurse Practitioner
Advanced Practice Nursing: Adult-Older Adult Primary Care Nurse Practitioner
Advanced Practice Nursing: Adult-Older Adult Primary Care Clinical Nurse Specialist
Advanced Practice Nursing: Nurse-Midwifery
Advanced Practice Nursing: Pediatric Primary Care Nurse Practitioner/Clinical Nurse Specialist
Advanced Practice Nursing: Pediatric Acute Care Nurse Practitioner
Clinical Nurse Leader
Systems Leadership and Healthcare Quality

Post-master's Certificate:
Adult-Older Adult Acute Care Nurse Practitioner
Adult-Older Adult Clinical Nurse Specialist
Adult-Older Adult Primary Care Nurse Practitioner
Family Nurse Practitioner
Nurse-Midwifery
Pediatric Primary Care Nurse Practitioner
Pediatric Acute Care Nurse Practitioner
Systems Leadership and Healthcare Quality

D.N.P.:
Advanced Practice Nursing: Adult-Older Adult Acute Care Nurse Practitioner
Advanced Practice Nursing: Adult-Older Adult Primary Care Nurse Practitioner
Advanced Practice Nursing: Nurse-Midwifery
Advanced Practice Nursing: Pediatric Primary Care Nurse Practitioner/Clinical Nurse Specialist
Advanced Practice Nursing: Pediatric Acute Care Nurse Practitioner
Systems Leadership and Healthcare Quality

Ph.D.: No specializations offered

Program Descriptions
Master of Science in Nursing
The master of science in nursing program prepares nurses for roles in advanced nursing practice. Graduates are academically eligible to seek formal professional certification in such areas as: nurse practitioner, clinical nurse specialist, nurse-midwife, nurse administrator or clinical nurse leader.

Advanced Practice Nursing: Adult-Older Adult Acute Care Nurse Practitioner
This specialization prepares the student to apply advanced clinical assessment skills to complex health problems commonly encountered by acutely ill adults across the health care continuum. Graduates will be academically eligible to take the national certification examination for the Acute Care Nurse Practitioner.

Advanced Practice Nursing: Adult-Older Adult - Primary Care Nurse Practitioner or Clinical Nurse Specialist
This specialization prepares the student for the care of adults, including knowledge of human responses, health promotion and disease prevention, advanced physical assessment, diagnosis and management of health problems. Graduates will be academically eligible to take the national certification exam for either Clinical Nurse Specialist or Primary Care Nurse Practitioner.
Advanced Practice Nursing: Nurse-Midwifery
This specialization prepares the student for independent management of essentially normal newborns and women during the antepartum, intrapartum and postpartum periods and for gynecologic care throughout the life-span. Graduates will be academically eligible to take the national certification examination of the American Midwifery Certification Board, Inc.

Advanced Practice Nursing: Pediatrics
This specialization prepares the student for independent management of children and families seeking health care for simple to complex health problems (primary care) and acute to critically ill problems (acute care pediatric nurse practitioner). Graduates will be academically eligible to take the national certification examination for Primary Care Pediatric Nurse Practitioner/Clinical Nurse Specialist or Acute Care Pediatric Nurse Practitioner.

Clinical Nurse Leader
This specialization prepares the student to have competence in clinical outcomes management and health care environment management. Students complete core M.S.N. courses and a combination of illness management and health care systems leadership courses. These graduates remain at the point of care and assure patients receive health care in a safe, cost effective, timely manner by implementing lateral integration of care services. Graduates are academically eligible to take the AACN CNL® Certification Examination.

Systems Leadership and Healthcare Quality
This specialization prepares the student for the administration of nursing services in a variety of health care organizations. Graduates will be academically eligible to take the national certification examination for Nursing Administration.

Post-Master’s Graduate Certificate
This program prepares the nurse who already has a master of science in nursing to become academically eligible for certification as an Advanced Practice Nurse.

Doctor of Nursing Practice
The doctor of nursing practice will emphasize development of nursing practice expertise at the highest level. The curriculum includes translational research, epidemiology, informatics, statistics, advanced clinical practice, health policy and professional issues. Specializations include: systems leadership and healthcare quality and advanced practice in acute care adult-older adult, primary care adult-older adult, nurse-midwifery or pediatrics (primary care or acute care). B.S.N. to D.N.P. and post-M.S.N. to D.N.P. options are available. Marquette University M.S.N. Second Degree Direct Entry for Non-Nurses students may apply after successful completion of NCLEX and submission of Wisconsin Registered Nurse License.

Doctor of Philosophy
The doctor of philosophy program in nursing prepares teacher-scholars. The curriculum focuses on vulnerable populations, which include persons at high risk for adverse health outcomes. Persons who are vulnerable may include such groups as the unborn, chronically ill, frail elders, impoverished children and the marginalized. The graduate of this doctoral program will have the ability to advance health care through teaching, research and health care leadership.

Doctoral education in nursing is built on the master’s level nursing foundation. It is characterized by the acquisition of research skills necessary for the discovery and use of new nursing knowledge and for preparation for teaching roles.

Master of Science in Nursing — Second Degree Direct Entry for Non-Nurses
The master’s program for non-nursing graduates is designed for those individuals who hold baccalaureate degrees in fields other than nursing and who wish to become nurses. The program builds upon the student’s broad educational preparation and provides an intense, accelerated nursing curriculum to meet the student’s career goals.

Master of Science in Nursing — Second Degree Direct Entry for A.D.N. Nurses
This program facilitates students who have an associate’s degree in nursing and also have a bachelor’s degree in a discipline other than nursing to complete a master of science in nursing degree.

Prerequisites for Admission
Applicants to the master of science in nursing (M.S.N.) program or the doctor of nursing practice (D.N.P.) program should have graduated with, or be about to graduate with, a bachelor’s degree in nursing from a nationally accredited program with an upper division major in nursing. A cumulative undergraduate GPA of 3.000 on a 4.000 scale is required.

Prior to or during the first term of study, all master of science in nursing and doctor of nursing practice applicants must have taken undergraduate nursing research and a statistics course which included inferential analysis (must be completed within 5 years of program start date). Applicants that select an advanced practice nursing specialization must have taken an undergraduate course in health assessment.

Applicants to the doctor of philosophy (Ph.D.) program in nursing should have graduated with, or be about to graduate with, a bachelor’s degree in nursing from a nationally accredited program or a master’s degree in nursing from a nationally accredited program. For a bachelor’s applicant, the requirements are: RN licensure, a GPA of 3.000 on a 4.000 scale, a statistics course within the last 5 years, acceptable GRE scores, three letters of
reference, a goal statement and a personal interview. Generally, for a master’s applicant, a cumulative graduate GPA of 3.300 on a 4.000 scale is recommended. A graduate level research course is a required prerequisite.

Familiarity with computers and the web (e.g., electronic retrieval of data, word processing) is required for all applicants. Some courses use online, web-enhanced and/or hybrid teaching.

Application Deadlines and Start Terms

Nov. 15 For spring admission: M.S.N., post-master’s certificates, and Ph.D. programs
Dec. 31 For summer admission: direct entry program for non-nurses
Feb. 15 For fall admission: M.S.N., post-master’s certificates, Ph.D., and D.N.P. programs

Ph.D. and D.N.P. applicants who apply after the Feb. 15 deadline will be considered on a space-available basis for fall admission, provided their application is complete by June 1.

M.S.N. and post-master’s certificate applicants are not eligible for summer admission, and D.N.P. applicants must begin their program in fall.

Application Requirements

Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. (For master’s and D.N.P. applicants only) three completed recommendation forms prepared by previous or present employers and teachers familiar with graduate education in nursing.
4. (For Ph.D. applicants only) three Ph.D. letters of recommendation.
5. (For master’s and D.N.P. applicants only) GRE scores (General Test only). Waived if undergraduate GPA is 3.200 or above. Waived for applicants who have a master’s degree and the master’s GPA is 3.200 or above.
6. (For Ph.D. applicants only) GRE scores (General Test only). Waived if applicant is Marquette M.S.N. graduate with GPA of 3.700 or above.
7. (For post-master’s D.N.P. applicants only) evidence of certification in a specialty, if applicable.
8. A resume and written statement of professional goals, including reasons for pursuing graduate study. For Ph.D. applicants, a curriculum vitae and objectives/career intentions, including research interests.
9. (For Ph.D. applicants only) sample of scholarly writing.
10. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

An interview is required for applicants to the advanced practice nursing specializations in acute care nurse practitioner, nurse-midwifery and pediatrics.

With the exception of Second Degree Direct Entry M.S.N. applicants, an applicant must be registered in the United States as a professional nurse. Graduates of nursing schools in foreign countries must successfully complete the examination administered by the Commission on Graduates of Foreign Nursing Schools and must be licensed in Wisconsin.

Upon acceptance to the graduate program, students must complete and submit the Graduate Student Health Status Report form. Information on CPR requirements, physical examination and immunization status, including results of a T.B. skin test and proof of Wisconsin R.N. licensure and a criminal background check must be submitted to a program on the website www.certifiedbackground.com/ (http://www.certifiedbackground.com/). Results of a T.B. skin test must be provided annually, and a drug screen must be completed three months prior to beginning clinical practicum courses. Students are responsible for the cost of these services. The information is required for progression within the program.

Acute care nurse practitioner students must demonstrate evidence of current Advanced Cardiac Life Support certification and have experience working with acutely ill adults. Pediatric acute care nurse practitioner students need to be PALS certified and have experience working with acutely ill children. One year of practice in an acute care setting is required for acute care and pediatric acute care students prior to beginning clinical practicum course work.

Direct Entry Programs

Master of Science in Nursing — Second Degree Direct Entry for Non-Nurses

The master’s program for non-nursing graduates is designed for those individuals who hold baccalaureate degrees in fields other than nursing and who wish to become nurses. The program builds upon the student’s broad educational preparation and provides an intense, accelerated nursing curriculum to meet the student’s career goals.

The generalist master of science program for non-nursing graduates is designed for individuals who hold baccalaureate degrees in fields other than nursing. The 75-credit program builds upon previous, broad educational preparation and provides an intense, accelerated and specialized nursing
curriculum preparing students to take the NCLEX examination upon completion of 63 credits and to earn an generalist master of science degree in nursing upon completion of the total 75 credits.

The additional leadership competencies achieved during the last semester of the program positions students to seek employment in many health care settings. Students have the competencies necessary to practice at the microsystem level, providing point-of-care delivery with a focus on safety, quality and improved outcomes.

Graduates are eligible to take the National Certification Examination to be certified as a clinical nurse leader. Graduates are also eligible to apply for a post-master’s certificate in one of the many specialties that Marquette offers.

Students must complete:

Admission Requirements for M.S.N. – Second Degree Direct Entry for Non-Nurses
1. Baccalaureate degree in a discipline other than nursing with a GPA of 3.00 or above, using a 4.00 system.
2. GRE scores (General Test only). Waived if applicant already has a master’s degree or if undergraduate GPA is 3.200 or above.
3. Completion of three recommendation forms.
4. Maintain an average of B or above each term, and completion of the following prerequisite courses with grade of C or above:
   - Human anatomy and physiology: 5-6 credits (preferably within the last 5 years)
   - Chemistry or biochemistry or biology or microbiology: 5-6 credits total (preferably within the last 5 years)
   - Nutrition: 3 credits
   - Behavioral sciences, e.g., psychology, sociology: 3 credits
   - Statistics (including inferential): 3 credits to be completed within the last 5 years of program start date.
5. Maintenance of 3.00 GPA each term and every summer session.
6. Full-time status is required.

Master of Science in Nursing — Second Degree Direct Entry for A.D.N. Nurses
This program facilitates students who have an associate’s degree in nursing and also have a bachelor’s degree in a discipline other than nursing to complete a master of science in nursing degree. Prior to completing courses in the option of choice, students must complete:

6. Official transcripts from all current and previous colleges/universities except Marquette.
7. Completion of the following prerequisite courses with grade of C or above:
• Anatomy and physiology: 5-6 credits
• Chemistry or biochemistry or biology or microbiology: 5-6 credits total
• Behavioral sciences (e.g. psychology, sociology): 3 credits
• Statistics (including inferential): 3 credits to be completed within 5 years of program start date.

8. Wisconsin R.N. Licensure.

**Joint Program of Study**

**M.S.N.-M.B.A. Degree**

The College of Nursing, in conjunction with the Graduate School of Management, offers a program of joint study leading to a master of science in nursing (M.S.N.) degree with a specialization in systems leadership and healthcare quality and a master of business administration (M.B.A.). Students seeking admission to the joint program apply to the Graduate School and must meet the admission requirements for both the M.S.N. and M.B.A. programs. However, official test scores from the Graduate Management Admission Test (GMAT) may substitute for the GRE admission requirement in the College of Nursing. Because students are officially admitted into only one Marquette University graduate program at a time, applicants must indicate which program they intend to pursue and complete first, although once accepted for admission to both programs, students may take courses from both departments. Upon completion of the first program, the student will be officially admitted to the second program for completion of the remainder of the joint program.

Joint program students complete a total of 60 credits:

A comprehensive examination in the nursing content area is required, serves as the final integrating experience for the business content area. MANA 6240 Strategic Management in a Global Economy may be taken only after completing all other core course requirements.

**General Information**

Clinical courses in the College of Nursing are restricted to students in the degree program. Various clinical facilities in the greater Milwaukee area, throughout Wisconsin and in northern Illinois are utilized for practica.

While Marquette University is concerned about the professional advancement of its students, facilitates the process of certification, and provides excellent educational opportunities, it cautions that professional success in a chosen field requires, above all else, constant development of individual abilities, personal initiative, and a professional sense of commitment to fulfill all appropriate legal and technical responsibilities. Hence, the university assumes no responsibility for the success of the students in obtaining educational certification or other types of professional licensure.

Licensure in Wisconsin is mandatory for employment with compensation.
Progression Policy

The College of Nursing Academic Progression Policy for Graduate Students applies to all course work taken during the academic year and summer sessions. The policies of the Graduate School on academic performance, professional integrity, professional performance, academic dishonesty, and student conduct are all followed by the College of Nursing. A variety of responses to problems in any of these areas may be implemented, depending on the nature of the problems encountered. Warnings, remediation plans, probation, immediate withdrawal from clinical or laboratory activities, suspension and dismissal are all possible actions under these policies. The College of Nursing considers any of the following as possible grounds for dismissal:

- Lack of satisfactory academic progress as evidenced by a failure to achieve a minimum cumulative GPA of 3.000 while on academic probation.
- Serious or repeated problems with academic, laboratory or clinical performance.
- Serious or repeated problems with professional integrity and professionalism.
- Serious or repeated problems with academic honesty.
- A lack of substantial and visible progress toward completion of program requirements, including failure to complete the comprehensive or qualifying examination, thesis or dissertation or capstone project.

Special Fees

1. $50 – Cardiopulmonary Resuscitation (CPR) Certification (approximate fee). (This certification must be maintained throughout the student’s program through biannual recertification.)

2. $117 – Health requirements and criminal background check initial fee (approximate fee) and drug test. No further charges will be incurred unless additional background checks or drug tests are required. Visit www.certifiedbackground.com for more information.

3. $350 – Assessment Tests, predictor examination, and NCLEX review course for the M.S.N. program for Non-Nursing Graduates. (Approximate fee. Exact amount based upon vendor costs in effect at time of registration.)

4. $300 – Uniforms for the M.S.N. program for Non-Nursing Graduates. (Approx. fee. Must be purchased through a private vendor. Vendor list available from the College of Nursing.)

5. $175 – Assessment Equipment for the M.S.N. program for Non-Nursing Graduates. (Stethoscope $70. Sphygmomanometer $60. Approx. fee. Exact amt. based upon vendor costs in effect at time of registration. Must be purchased through a private vendor.)

Accreditation

Marquette University College of Nursing is accredited by the Commission on Collegiate Nursing Education, One Dupont Circle, NW, Suite 530, Washington, D.C. 20036-1120; (202) 877-6791, and the Accreditation Commission for Midwifery Education (ACME) of the American College of Nurse-Midwives (ACNM), 8403 Colesville Road, Suite 1550, Silver Spring, MD 20910-6374; (240) 485-1800.

Nursing Master’s Requirements

The following requirements are in effect for academic year 2013-2014. Requirements may change due to changes in national standards.

Nursing students are admitted to the Graduate School under Plan B (non-thesis option). Plan B students are not required to write a thesis but must take a comprehensive written or oral examination. Students may change to the Plan A (thesis) option if an official Change of Plan Form is submitted to the Office for Graduate Nursing Programs and is approved by the Graduate School. A comprehensive exam is not required under the Plan A option.

The number of credits required to complete a degree is based on the area of specialization. Students completing a thesis must enroll for six additional thesis credits.

Post-Master’s Requirements for Certification

This program prepares the nurse who already has a master of science in nursing to become academically eligible for certification as an Advanced Practice Nurse. Programs are offered in the following specialties: adult-older adult acute care nurse practitioner, adult-older adult primary care nurse practitioner or clinical nurse specialist, nurse-midwifery, pediatric primary care nurse practitioner, pediatric acute care nurse practitioner, family nurse practitioner, and systems leadership and healthcare quality.

Specific information regarding application and course requirements may be obtained from the College of Nursing, Clark Hall, P.O. Box 1881, Milwaukee, WI 53201-1881, (414) 288-3810.

Nursing Doctor of Philosophy

The doctor of philosophy (Ph.D.) program in nursing is designed to prepare teachers of nursing and scholars who will contribute to the body of knowledge related to vulnerable populations. Graduates of the program will be prepared to:

1. Teach students to be nurses and advanced practitioners to be able to improve the health status of vulnerable populations.
2. Design and conduct independent research that will impact the health of vulnerable populations.
3. Develop, test and refine theories as a basis for nursing science.
4. Analyze patterns of health and illness among vulnerable populations.
5. Synthesize research findings to provide leadership in health care.

Curriculum

The doctoral program is a 51 credit post-master of science in nursing program with course work in the following five categories:

Nursing Science (12 credits)

Cognates (6 credits)

Six credits supportive of dissertation.

Dissertation (12 credits)

A doctoral student will follow a program of study defined, in conjunction with an adviser, on an approved Doctoral Program Planning Form. The student must complete all requirements listed on the Doctoral Program Planning Form, pass a qualifying examination and successfully defend a dissertation.
to complete the program. The doctoral dissertation must represent an original research contribution and show high attainment and clear ability to do independent research.

**Doctor of Nursing Practice**

The doctor of nursing practice (D.N.P.) program is designed to prepare advanced practice nurses and nurse administrators at the highest level. Graduates of the program will be prepared to:

1. Provide evidence-based advanced nursing care to individuals, families, communities and/or clinical populations.
2. Apply analytical methodologies to evaluate and monitor patient, population and care system outcomes.
3. Analyze and apply models, theories, and scientific evidence to improve health care of diverse populations.
4. Demonstrate advanced levels of scholarship, clinical judgment, systems thinking and accountability in nursing practice.
5. Employ consultative and leadership skills within nursing and interdisciplinary health care teams to transform health care and complex health care delivery systems to improve health.

**Curriculum**

The doctor of nursing practice (D.N.P.) is a post baccalaureate degree requiring 69 credits for the advanced practice options and 63 credits for the Systems Leadership and Health Care Quality option to be completed in three years by full-time students. In addition, a post-MSN/DNP program was created for nurses already holding a master’s degree or equivalent who want to pursue the D.N.P. The 33-credit post-M.S.N./D.N.P. builds on the Marquette’s existing master’s program. Transcripts of students whose master’s degrees are from nursing master’s programs other than Marquette University are evaluated on a case-by-case basis to assure attainment of prerequisite knowledge and clinical experience; additional course work beyond the 33 credit requirement may be necessary to meet all of the Essentials of Doctoral Education for Advanced Nursing Practice.

Courses required in addition to the 12 core credits and 27-30 APN specialty credits required for the master’s program requirements:

Health Courses

HEAL 5152. Death and Dying. 3 cr. hrs.
Multidisciplinary perspective on death and dying. Includes historical, sociocultural, legal, and ethical dimensions, the dying process, grief and bereavement, and communities of care.

HEAL 5200. Natural Family Planning. 3 cr. hrs.
Physiological, behavioral, and spiritual aspects important to teaching and using natural family planning.

HEAL 5201. Natural Family Planning Practicum. 3 cr. hrs.
Practical application of theory and skills for teaching natural family planning.

HEAL 5901. Interdisciplinary Palliative Care. 3 cr. hrs.
Provides an understanding of the breadth and depth of palliative care practices and services available to caregivers, patients and their families.

HEAL 5931. Topics in Health. 3 cr. hrs.
Selected topics in Health. The topics will be designated in the Schedule of Classes.

HEAL 6010. Translational Research. 3 cr. hrs.
Evaluation, translation, and integration of published research for clinical practice. Prereq: NURS 6010, HEAL 8015 or equiv.

HEAL 6012. Epidemiology. 3 cr. hrs.
Study of patterns of health/illness in specific populations and analysis of risk. Application of epidemiology methods, including biostatistics.

HEAL 6049. Outcomes Management. 3 cr. hrs.
Evolution of outcomes management. Exploration of methodologies, assessment instruments and issues that guide outcomes research. Prereq: NURS 6010 or cons. of instr.

HEAL 6152. Death and Dying. 3 cr. hrs.
Multidisciplinary perspective on death and dying. Includes historical, sociocultural, legal, and ethical dimensions, the dying process, grief and bereavement, and communities of care.

HEAL 6814. Seminar in Moral and Legal Implications of Health Care. 3 cr. hrs.
The field of moral decision-making in health care and the legal implications. Open to all graduate students.

HEAL 6820. Health Care Program Development. 3 cr. hrs.
Principles of population assessment, critical analysis of data, program development, implementation and evaluation. Includes one credit of practicum. Prereq: NURS 6009; or cons. of instr.

HEAL 6822. Health Care Quality Improvement. 3 cr. hrs.
Explores health care applications of quality improvement, including government and regulatory influences, standards and guidelines, quality programs and methods, and process redesign.

HEAL 6825. Quality & Patient Safety in Health Care. 3 cr. hrs.
Theories and principles of leadership and organizational change applied to quality and patient safety in health care. Strategies for developing the culture and infrastructure needed to support patient safety and quality improvement initiatives.

HEAL 6830. Quality Improvement Science in Health Care. 3 cr. hrs.
Explores improvement science including quality and patient safety theories, models, methods and tools. Application of measurement, data management and analysis to quality improvement and patient safety challenges.

HEAL 6835. Health Care Informatics, Technology and Professional Issues. 3 cr. hrs.
Examines current health care realities, with an emphasis on the use of technology for policy, regulation, collaboration and interdisciplinary practice issues. Includes information technology applications in healthcare administration, clinical practice and education.

HEAL 6840. The Environment of Health Care Delivery. 2-3 cr. hrs.
Overview of U.S. health care system, environmental influences, and current models for health care delivery (e.g., fee for service, modified fee for service, managed care, capitated care, IPOs, HMOs), and the ascendancy/descendency of various models in different geographic regions and in response to economic incentives. Prereq: Enrolled in Graduate School.

HEAL 6841. Health Care Finance. 3 cr. hrs.
Examination of financial principles, budgeting and reimbursement issues in health care. Prereq: NURS 6009; or cons. of instr.
HEAL 6845. Case Management. 3 cr. hrs.
Care services coordination of individuals and families to maximize resources for optimal health outcomes. Emphasis on integration of clinical and management processes. Includes one credit of practicum. Prereq: Health profession experience or cons. of instr.

HEAL 6846. Health Care Informatics. 3 cr. hrs.
Study of informatics in health care with emphasis in information systems and use of communication technology. Includes evaluation of actual and potential applications of informatics in health care administration, clinical practice, research and education.

HEAL 6848. Health Care Policy. 3 cr. hrs.
Concepts of public policy including the political process. Analysis of health care issues using a variety of policy models.

HEAL 6931. Topics in Health Care. 1-4 cr. hrs.
In-depth study of current issues in health care. Course content will be announced each term.

HEAL 6963. Individual Study and Practice. 1-3 cr. hrs.
Individual study and development of in-depth knowledge and skill in a selected area of health care. Experience and activities planned in an area for specialization, based on aptitude and interests of the student. May be repeated for credit. Prereq: Cons. of instr.

HEAL 6995. Independent Study in Health Care. 1-3 cr. hrs.
Prereq: Cons. of instr.

HEAL 7010. Translational Research. 3 cr. hrs.
Evaluation, translation, and integration of published research for clinical practice. Prereq: NURS 6010, HEAL 8015 or equiv.

HEAL 7012. Epidemiology. 3 cr. hrs.
Study of patterns of health/illness in specific populations and analysis of risk. Application of epidemiology methods, including biostatistics.

HEAL 7049. Outcomes Management. 3 cr. hrs.
Evolution of outcomes management. Exploration of methodologies, assessment instruments and issues that guide outcomes research. Prereq: NURS 6010 or cons. of instr.

HEAL 7825. Quality and Patient Safety in Health Care. 3 cr. hrs.
Theories and principles of leadership and organizational change applied to quality and patient safety in health care. Strategies for developing the culture and infrastructure needed to support patient safety and quality improvement initiatives.

HEAL 7830. Quality Improvement Science in Health Care. 3 cr. hrs.
Explores improvement science including quality and patient safety theories, models, methods and tools. Application of measurement, data management and analysis to quality improvement and patient safety challenges.

HEAL 7835. Health Care Informatics, Technology and Professional Issues. 3 cr. hrs.
Examines current health care realities, with an emphasis on the use of technology for policy, regulation, collaboration and interdisciplinary practice issues. Includes information technology applications in health care administration, clinical practice and education.

HEAL 8002. Qualitative Research. 3 cr. hrs.
Analysis of key qualitative research methods, issues related to these approaches, and the nature of knowledge generated.

HEAL 8003. Quantitative Research. 3 cr. hrs.
Explores and analyzes advanced quantitative methodologies and issues related to these approaches. Prereq: HEAL 8015, which may be taken concurrently and HEAL 8016, which may be taken concurrently.

HEAL 8015. Applied Statistics for Health Sciences. 3 cr. hrs.
Overview of applied statistics, including descriptive statistics, probability, sampling, power calculations, bivariate parametric and non-parametric analysis, and introduction to multivariate analysis. Emphasis on appropriate statistics for study design, level of measurement, and interpretation of results.

HEAL 8016. Advanced Applied Statistics. 3 cr. hrs.
An overview of advanced applied statistics focusing on multivariate analysis, including multivariate normal distribution, principle components analysis, factor analysis and cluster analysis. Emphasizes appropriate statistics for study design, level of measurement and interpretation of results. Prereq: HEAL 8015 or equiv., or cons. of instr.

HEAL 8018. Advanced Measurement in Health Care. 3 cr. hrs.
Theory and science of measurement commonly used in health care. Analytic procedures for addressing measurement issues. Prereq: HEAL 8015 or PSYC 8101; HEAL 8016 or PSYC 8102, which may be taken concurrently; or cons. of instr.

Nursing Courses

NURS 5930. Special Topics in Nursing. 1-3 cr. hrs.
In consultation with the Office of the Registrar, may be offered as an experimental course to students, in order to evaluate and determine if a course should be incorporated into the regular curriculum of a program, or can also be used for courses that are in the curriculum approval process pipeline; however, are not yet officially approved; therefore cannot appear in the Bulletin. Once the same course has been offered twice as a Special Topic, it cannot be offered again until it moves through the curriculum approval process and is approved with a regular curriculum course number or one of the standard numbers below. This course number may not be used for a single student studying a particular subject matter.
NURS 5931. Topics in Nursing. 3 cr. hrs.
Selected topics in Nursing. The topics will be designated in the Schedule of Classes.

NURS 6000. Theoretical Foundations of Nursing. 3 cr. hrs.
Exploration of the theoretical basis of nursing practice. Includes nursing, teaching-learning, cultural, organizational/leadership, developmental and communication theories. Prereq: Admitted to NURS program.

NURS 6007. Ethics, Policy, and Health Care Advocacy. 3 cr. hrs.
Impact of ethics and policy on nursing practice, advocacy and social justice in healthcare.

NURS 6009. Organizational and Systems Leadership. 3 cr. hrs.
Study of organizations and systems to impact patient outcomes. Concepts of nursing leadership, quality and safety, and health care technology will be examined. Prereq: Admitted to NURS program.

NURS 6010. Research & Evidence as a Foundation for Nursing. 3 cr. hrs.
Develop knowledge of research and evidence-based practice processes. Analyze and translate evidence for practice to improve individual, family, and community health outcomes. Prereq: Statistics.

NURS 6012. Advanced Clinical Nursing Research. 3 cr. hrs.
Development of research designs and statistical evaluation appropriate for advanced clinical nursing. Includes instrumentation, measurement issues, multivariate designs, evaluation research, and qualitative methods. Prereq: Admitted to NURS program; and NURS 6010.

NURS 6020. Curriculum and Instructional Strategies for Nursing. 3 cr. hrs.
Provides knowledge base in curriculum development, including philosophical foundations and educational theories. Examines teaching/learning strategies specific to implementation of the instructional process; design and use of evaluation tools for classroom and clinical education. Prereq: Admitted to NURS program.

NURS 6021. Curriculum and Instruction in Associate Degree Nursing. 2 cr. hrs.
Designed for faculty in associate degree nursing program. Exploration of associate degree curriculum development including conceptual framework and competencies; related concepts of instruction including organization of learning opportunities, teaching strategies and performance evaluation. Prereq: Admitted to NURS program.

NURS 6030. Pathophysiological Concepts for Advanced Nursing Practice. 3 cr. hrs.
Investigation of normal physiologic and pathologic mechanisms of disease as a foundation for clinical assessment, decision-making and management. Establishment of knowledge base necessary for the provision of health care in an advanced nursing specialty. Prereq: Admitted to NURS program.

NURS 6032. Pharmacology for Advanced Nursing Practice. 3 cr. hrs.
Pharmacodynamics, major drug categories, and prescribing responsibilities. Prereq: Admitted to NURS program.

NURS 6035. Advanced Health Assessment. 3 cr. hrs.
Develop advanced assessment skills to systematically collect, analyze, and interpret data to make sound clinical judgments related to a client’s health status. Includes appropriate diagnostics and their interpretation. Includes 1 lab credit. Prereq: Admitted to NURS program.

NURS 6037. Management of Episodic Health Problems. 3 cr. hrs.
Assessment, differential diagnoses, interventions and evaluation of adults and older adults with acute, episodic, self-limiting conditions. Prereq: NURS 6032 and 6035 which may be taken concurrently.

NURS 6240. Complex Health Problems. 3 cr. hrs.
Analysis of patterns of common health problems and select treatment modalities common to adults and older adults. Prereq: Admitted to NURS program; and NURS 6032.

NURS 6242. Concepts and Interventions for Health Problems Across the Life-Span. 3 cr. hrs.

NURS 6244. Health Promotion Across the Life-Span. 3 cr. hrs.
Theories and models of health promotion, wellness, and risk reduction. Designing therapeutic interventions to promote the health of individuals and aggregates across the life-span.

NURS 6251. Advanced Nursing of Adults-Older Adults 1-Practicum. 3 cr. hrs.
Application of the clinical judgment process to advanced nursing of adults-older adults. Emphasis on systematic data gathering, documentation, health promotion, and risk assessment of adults-older adults across the life cycle. Prereq: NURS 6037; NURS 6240 and NURS 6244 which may be taken concurrently.

NURS 6252. Advanced Nursing of Adults-Older Adults 2-Practicum. 3 cr. hrs.
Illness management in adults-older adults in the context of the family and environment. Emphasis on diagnosis and therapeutic interventions. Prereq: NURS 6251; NURS 6242 which may be taken concurrently.

NURS 6257. Advanced Nursing of Adults-Older Adults 3-Practicum. 3 cr. hrs.
Care of select populations of adults-older adults with emphasis on management of complex illness processes. Focuses on care coordination and aggregate interventions. Prereq: NURS 6252.
NURS 6258. Adult-Older Adult Clinical Nurse Specialist Practicum 1. 3 cr. hrs.
Development of the clinical nurse specialist role through integration of nursing science to improve health care outcomes of adults and older adults. Focus on the direct care competencies of the role such as advanced assessment of individuals, families and groups and application of evidence based interventions, as well as consultation and education roles. Prereq: NURS 6032 and NURS 6035; NURS 6244 which may be taken concurrently.

NURS 6259. Adult-Older Adult Clinical Nurse Specialist Practicum 2. 3 cr. hrs.
Development of the Clinical nurse specialist role competencies of systems leadership, coaching, participation in research and evaluation of clinical practice. Continues development of direct care competency skills. Prereq: NURS 6258 and NURS 6242 which may be taken concurrently.

NURS 6335. Differential Diagnosis and Advanced Skills for the Acutely Ill Adult. 3 cr. hrs.
Advanced nursing knowledge and skills for assessment of acutely ill adults using technology. Differential diagnoses, selection and interpretation of appropriate diagnostic tests. Includes 40 hours of clinical practice. Prereq: NURS 6032 NURS 6035, NURS 6037, all of which may be taken concurrently.

NURS 6340. Complex Acute Care Problems. 3 cr. hrs.
Analysis of complex pathophysiological conditions commonly encountered among acutely ill adults with selection of appropriate treatment modalities. Emphasis on recognizing patterns of acute illness and on developing clinical reasoning. Prereq: NURS 6030, NURS 6032, NURS 6037, NURS 6240 all of which may be taken concurrently.

NURS 6351. Advanced Nursing Care of the Acutely Ill Adult-Older Adult 1-Practicum. 3 cr. hrs.
Development of the clinical judgment process and advanced skills for collaborative care of adult-older adults experiencing acute illness in the hospital-based/tertiary care environment. Emphasis on systematic data gathering, documentation, health promotion, and primary, secondary, and tertiary risk reduction strategies. Prereq: NURS 6030, NURS 6032, NURS 6037, NURS 6240, NURS 6335, NURS 6340 all of which may be taken concurrently.

NURS 6352. Advanced Nursing Care of the Acutely Ill Adult-Older Adult 2-Practicum. 3 cr. hrs.
Application of clinical judgment to advanced nursing care of complex adult-older adults and families experiencing acute illness in the hospital-based/tertiary care environment. Focuses on diagnosis and treatment of complex health problems. Prereq: NURS 6351 which may be taken concurrently.

NURS 6353. Advanced Nursing Care of the Acutely Ill Adult-Older Adult 3-Practicum. 3 cr. hrs.
Implementation of the acute care advanced practice role in providing nursing care to complex acutely ill adults-older adults. Emphasis on case management and coordination within and between systems. Prereq: NURS 6352.

NURS 6440. Theoretical Constructs: Dimensions of Aging. 3 cr. hrs.
Theory development in advanced gerontological nursing with emphasis on age-related changes, cultural dimensions, socioeconomic stressors, vulnerability, maturational crises and care at the end of life.

NURS 6442. Illness Management and Nursing Therapeutics of Older Adults-Theory. 3 cr. hrs.
Advanced study of hardy and frail elders experiencing health deviations with emphasis on prevention, restoration, palliation, and related interventions. Prereq: Admitted to NURS program; and NURS 6032 and NURS 6037 and NURS 6240 which may be taken concurrently and NURS 6440 which may be taken concurrently.

NURS 6444. Issues in Long Term Care Administration. 3 cr. hrs.
Focuses on long term care quality outcome management, rules and regulations, and reimbursement issues in a changing health care environment.

NURS 6451. Health Promotion and Illness Prevention of Older Adults-Practicum. 3 cr. hrs.
Analysis of factors to promote optimal functioning in the elderly and research based health promotion strategies. Advanced assessment and differential diagnosis. Implementation of nursing strategies for salutogenesis. Prereq: NURS 6037; NURS 6240 and NURS 6244 which may be taken concurrently.

NURS 6452. Illness Management and Nursing Therapeutics of Older Adults-Practicum. 3 cr. hrs.

NURS 6453. Advanced Practicum: Care of Older Adults. 3 cr. hrs.
Case management of aggregates of older adults with complex needs. Implementation of specialized knowledge and skills. Prereq: NURS 6452.

NURS 6535. Advanced Assessment in Parent/Child Nursing. 3 cr. hrs.
Comprehensive health assessment of infants, children, and adolescents. Includes 1 credit practicum. Prereq: Admitted to NURS program.

NURS 6536. Complex/Chronic Pediatric Health Conditions. 3 cr. hrs.
Study of the theoretical and empirical bases for management of children and adolescents with complex and chronic health conditions across the health care continuum. Prereq: Admitted to the NURS program; NURS 6542; NURS 6030, which may be taken concurrently; or cons. of instr.

NURS 6540. Seminar in Child and Family Health. 3 cr. hrs.
Exploration of advanced concepts related to the physical, psychosocial and developmental dimensions of child and adolescent health. Analysis of family theories and models relevant to advanced practice nursing of children. Prereq: Admitted to NURS program.

NURS 6542. Nursing Therapeutics for Acute/Epidemic Illnesses in Children and Adolescents. 3 cr. hrs.
Study of the theoretical basis for the diagnosis and case management of children and adolescents with common age-related acute or epidemic illness. Focuses on differential diagnosis and nursing therapeutics. Prereq: Admitted to NURS program.
NURS 651. Advanced Nursing Care of Children and Families 1-Practicum. 3 cr. hrs.
Assessment and intervention for children and families regarding common health concerns, with an emphasis on well child care. Prereq: NURS 6030 which may be taken concurrently and NURS 6032 and NURS 6540 which may be taken concurrently and NURS 6535.

NURS 652. Advanced Nursing Care of Children and Families 2-Practicum. 3 cr. hrs.
Assessment and intervention for children and families with common to complex health concerns. Beginning development of indirect care skills. Prereq: NURS 651.

NURS 653. Advanced Nursing Care of Children and Families 3-Practicum. 3 cr. hrs.
Assessment and intervention for children and families regarding common acute health concerns. Refinement of direct and indirect care skills. Prereq: NURS 6009 and NURS 6552.

NURS 6640. Nursing Therapeutics for Acute/Critical Illnesses in Children and Adolescents. 3 cr. hrs.
Focuses on differential diagnosis, clinical management, and nursing therapeutics for hospitalized children and adolescents with acute or critical illness. Prereq: NURS 6032 and NURS 6535 and NURS 6030.

NURS 6651. Acutely Ill Children Practicum. 3 cr. hrs.
Assessment and intervention for children and families regarding common acute health concerns. Includes clinical hours that focus on the health care needs of the well child/child with illness not requiring hospitalization, as well as clinical practice with acutely ill hospitalized children. Prereq: NURS 6032, NURS 6535; NURS 6030 and NURS 6540 which may be taken concurrently.

NURS 6652. Acutely/Chronically Ill Children Practicum. 3 cr. hrs.
Assessment, intervention, and clinical management of acute/chronic illness in children. Collaboration with physicians and other health care providers and agencies to provide and coordinate services. Prereq: NURS 6651.

NURS 6653. Critically Ill Children Practicum. 3 cr. hrs.

NURS 6740. Advanced Concepts in Women’s Health Care Management Across the Life-Span. 2-3 cr. hrs.
Strategies to promote health and wellness across the life-span in the provision of primary care for women, emphasizing nurse-midwifery management. Examines sociocultural implications in the environment impacting upon clients and providers. Prereq: Admitted to NURS program; and NURS 6032 which may be taken concurrently; or cons. of instr. Non-nurse-midwifery students take theory-only portion for 2 credits; student nurse-midwives must enroll for 3 credits, including practicum.

Study and application of nurse-midwifery process strategies to promote biopsychosocial and spiritual health in women and families experiencing pregnancy. Includes families with potential health deviations. Prereq: NURS 6740; or cons. of instr. Non-nurse-midwifery students take theory-only portion for 2 credits; student nurse-midwives must enroll for 3 credits including practicum.

NURS 6744. Advanced Concepts in Postpartum and Newborn Management. 2-3 cr. hrs.
Postpartum nurse-midwifery management of mothers, neonates, and families, including those with potential health deviations. Prereq: NURS 6740; or cons. of instr. Non-nurse-midwifery students take theory-only portion for 2 credits; student nurse-midwives must enroll for 3 credits, including practicum.

NURS 6746. Professional Issues in APN/D.N.P. Practice. 3 cr. hrs.
Overview of history, trends and dynamic social forces affecting education, regulation, growth and development of APN/D.N.P. professional practice. Examination of legislation, policy, practice issues and leadership in providing quality care for diverse populations. Prereq: NURS 7997 which may be taken concurrently, or admitted to master’s nurse-midwifery program.

NURS 6752. Nurse-Midwifery Care During Labor and Birth. 5 cr. hrs.
Nurse-midwifery management of women during the intrapartal period. Assessment of maternal-fetal status, with appropriate interventions and non-technologic approaches, in the context of family-centered care. Includes theory and practicum. Prereq: Admitted to NURS program; and NURS 6037 and NURS 6037 and NURS 6740 and NURS 6744; or cons. of instr.

NURS 6753. Advanced Practicum in Nurse-Midwifery. 8 cr. hrs.
Development of nurse-midwifery practice role through intensive clinical experience. Strengthening clinical practice and leadership for professional challenges in nurse-midwifery. Practicum hours to be determined by individual student’s progression through program experience requirements. Prereq: Admitted to NURS program; and NURS 6752.

NURS 6811. Health Care Systems Leadership 1. 3 cr. hrs.
Evolution and application of concepts and systems related to organizations, management and nursing. Prereq: Admitted to NURS program; and NURS 6009.

NURS 6852. Health Care Systems Leadership 2. 2-3 cr. hrs.
Human resource management and development. Focuses on system interactions and interrelationships. Includes legal and ethical dimensions, quality improvement, and risk management. Includes 1 credit of practicum. Prereq: Admitted to NURS program; and NURS 6851.

NURS 6853. Health Care Systems Leadership-Practicum. 3 cr. hrs.
Advanced practicum in a selected administrative role and setting. Includes one credit of seminar, two credits practicum. Prereq: Admitted to NURS program; and NURS 6852 which may be taken concurrently.
**NURS 6931. Topics in Nursing. 1-4 cr. hrs.**
In-depth study of current trends in nursing. Subject to be announced each term. Prereq: Admitted to NURS program.

**NURS 6963. Individual Study and Practice. 1-3 cr. hrs.**
Individual study and development of in-depth knowledge and skill in a selected area of nursing. Experience and activities planned in an area for specialization, based on aptitude and interests of the student. May be repeated for credit. Prereq: Admitted to NURS program; and cons. of instr.

**NURS 6964. Clinical Nurse Leader Practicum. 3-6 cr. hrs.**
Clinical immersion to implement the role components of the clinical nurse leader including clinical outcomes and care environment management. Prereq: NURS 6000, NURS 6007, NURS 6009, NURS 6010, NURS 6030, NURS 6032, NURS 6035 or NURS 6535, HEAL 6825, HEAL 6835, and HEAL 6049, which may be taken concurrently.

**NURS 6975. Family Nurse Practitioner Practicum. 3 cr. hrs.**
Assessment and intervention in primary care for clients across the lifespan with emphasis on management of common and complex health concerns. Refinement of direct and indirect care skills. Prereq: Admitted to Post-master's FNP program and cons. of dept. ch.

**NURS 6995. Independent Study in Nursing. 1-3 cr. hrs.**
Prereq: Admitted to NURS program; and cons. of instr.

**NURS 6999. Master's Thesis. 1-6 cr. hrs.**
S/U grade assessment. Prereq: Admitted to NURS program; approved thesis proposal; cons. of associate dean.

**NURS 7980. Residency for D.N.P. with Adults. 3 cr. hrs.**

**NURS 7981. Residency for D.N.P. with Acutely Ill Adults. 3 cr. hrs.**

**NURS 7982. Residency for D.N.P. with Older Adults. 3 cr. hrs.**

**NURS 7983. Residency for D.N.P. with Children and Families. 3 cr. hrs.**

**NURS 7984. Residency for D.N.P. with Ill Children/Adolescents. 3 cr. hrs.**
Clinical immersion in practice with children and/or adolescents with acute/chronic illness. Emphasis on advanced, evidence-based care management in the context of family, community, and culture. Prereq: NURS 6653.

**NURS 7985. Residency for D.N.P. in Nurse-Midwifery. 3-8 cr. hrs.**

**NURS 7986. Residency for D.N.P. in Health Care Systems Leadership. 3 cr. hrs.**

**NURS 7996. Doctor of Nursing Practice Capstone 1. 3 cr. hrs.**
Identification and development of an evidence-based capstone project that focuses on the scholarship of practice. Integration of knowledge obtained in prior D.N.P. course work. Prereq: HEAL 7010 or concurrent; final year of program.

**NURS 7997. Doctor of Nursing Practice Capstone 2. 3 cr. hrs.**
Implementation, evaluation and dissemination of an evidence-based capstone project that focuses on the scholarship of practice. Prereq: NURS 7996.

**NURS 8000. Nursing Knowledge Development. 3 cr. hrs.**
Examination of paradigmatic, theoretical, and conceptual dimensions of the nursing discipline with an emphasis on strategies for knowledge generation. Prereq: PHIL 6430 which may be taken concurrently.

**NURS 8010. Vulnerable Populations. 3 cr. hrs.**
Concepts, theories, and research relevant to vulnerable populations, with emphasis on the multiple contextual influences on health and illness.

**NURS 8020. Nursing Education Research, Policy, and Leadership. 3 cr. hrs.**
Philosophical foundations, theories, nursing education research and policy. Strategies to improve nursing education for the care of vulnerable populations.

**NURS 8890. Nursing Research Seminar and Practicum. 1-3 cr. hrs.**
Guided individual research experience. Develops skills related to grant writing, dissertation, and the conduct of research projects. Prereq: HEAL 8002 or HEAL 8003 or concurrent.

**NURS 8891. Residency in Nursing Education. 1-3 cr. hrs.**
Application of knowledge, theories, and skills to academic teaching in nursing. Prereq: Cons. of associate dean for graduate programs and research.
NURS 8982. Nursing Research and Practicum II. 1-3 cr. hrs.
Advanced work in guided individual research experience. Students develop advanced skills related to grant writing, dissertation and conduct of research projects. Prereq: NURS 8980.

NURS 8995. Independent Study in Nursing. 1-3 cr. hrs.
Investigations in selected areas of Nursing. Prereq: Cons. of instr. and cons. of dept. ch.

NURS 8999. Doctoral Dissertation. 1-12 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.

NURS 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Admitted to NURS program; and cons. of dept. ch.

NURS 9972. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9977. Field Placement Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9978. Field Placement Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9979. Field Placement Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9987. Doctoral Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9988. Doctoral Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9989. Doctoral Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9994. Master’s Thesis Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9995. Master’s Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9996. Master’s Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9997. Doctoral Dissertation Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9998. Doctoral Dissertation Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.

NURS 9999. Doctoral Dissertation Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.; and admitted to NURS program.
Philosophy (PHIL)

Chairperson: Michael J. Monahan, Ph.D.
marquette.edu/phil/grad.shtml

Degrees Offered

Master of Arts, students are admitted under Plan B (non-thesis option) but Plan A (thesis option) is also offered; Doctor of Philosophy

Note: Students in the social and applied philosophy specialization are admitted under Plan B only.

Specializations

Master’s: History of Philosophy, Social and Applied Philosophy

Doctoral: Ancient Philosophy, British Empiricism/Analytical Philosophy, Christian Philosophy, Early Modern European Philosophy, Ethics, German Philosophy, Medieval Philosophy, Phenomenology-Existentialism, Philosophy of Religion

Program Descriptions

The Philosophy Department’s master’s program in the history of philosophy and the doctoral program are based on the history of philosophy, ancient through contemporary, as the necessary experience for a mind critically able to face contemporary philosophical issues. The master’s program in social and applied philosophy provides rigorous philosophical training for individuals who are interested in working in a variety of non-academic contexts or for pursuing further graduate studies.

Prerequisites for Admission

Applicants are expected to have 18 semester hours of undergraduate philosophy course work, six hours of which should be in survey courses (history of philosophy) for admission to the doctoral program or the master of arts program with a specialization in history of philosophy.

Application Deadline

Applicant files must be completed by Feb. 15 for admission consideration. Applications for admission received after this date will be considered as space permits.

Application Requirements

Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. A statement of purpose outlining applicant’s achievements and intentions in philosophy.
4. Letters of recommendation from at least three professors or professionals familiar with applicant’s academic work and/or academic background.
5. GRE scores (General Test only).
6. A sample of philosophical writing.
7. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

Joint Program of Study

M.A.-J.D. Degree

The Department of Philosophy, in conjunction with the Law School, offers a program of joint study leading to a master’s degree in philosophy and a juris doctor degree. Students seeking admission to the joint program must apply to both the Graduate School and the Law School and must meet the admission requirements for each. Students start this joint program as a law student. Upon completion of the law program, students will be officially admitted to the philosophy program for completion of the remainder of the joint program.

Joint program students complete 81 credit hours in the Law School, 21 credit hours in philosophy and nine credit hours in joint program courses.

To participate in the M.A.-J.D. program in social and applied philosophy or in history of philosophy, the law student must receive the prior written approval of the associate dean for academic affairs in the Law School and must comply with the regulations of the Graduate School. The student must have completed 27 credit hours at the Law School with a cumulative average of 3.000 before entering either master of arts program in philosophy. Students may seek admission to the joint program at any time, but must complete both programs in four years (six years for part-time students), in accord with Law School academic regulations.
In general, joint program students will pay tuition at the full-time (flat tuition) Law School rate while a full-time law student, regardless of whether or not they are taking additional graduate courses. Upon receiving the juris doctor degree, joint program students will pay Graduate School tuition at the per credit rate for graduate courses. Part-time law students will pay the per credit Law School rate for all courses.

Additional details about the M.A.-J.D. program are available on the Philosophy Department website at marquette.edu/phil/grad.shtml, at the Philosophy Department office or from the Law School Admissions office.

### Philosophy Master’s Requirements

The Department of Philosophy offers two master of arts specializations in the philosophy program: history of philosophy and social and applied philosophy.

#### History of Philosophy

(Plan A or Plan B master’s)

Course work in either Plan A or B must include:

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credit Hours</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHIL 6605</td>
<td>Plato</td>

One course in the history of philosophy to be approved by the director of graduate studies

3

A master’s student may choose to be in either Plan A (thesis option) or Plan B (course option). Students are assumed to be in Plan B unless a formal request is made to and approved by the Graduate School.

In Plan A, the student must complete 24 credit hours of graduate-level course work and six credit hours of thesis work, pass a comprehensive examination and submit an approved thesis. Also, the student must have reading knowledge of French or German, or another foreign language approved by the department. At least 18 credits of the course work requirement must be in philosophy and must include the four core courses as outlined above. The comprehensive examination requires a critical knowledge of the philosophical classics and of contemporary philosophical literature.

In Plan B, the student must complete 30 credit hours of graduate-level course work and pass a comprehensive examination. No essay or foreign language is required for the Plan B master’s program. At least 18 credits of the course work requirement must be in graduate-level philosophy courses, including one course in ethics and the four core courses as outlined above. Up to six credit hours of upper division undergraduate courses approved for graduate credit may be counted toward this degree. Courses must be individually approved by the director of the graduate program. Plan B master’s degrees are considered terminal degrees by the Department of Philosophy.

#### Social and Applied Philosophy

(Plan B master’s only)

<table>
<thead>

<td>6</td>
</tr>
</tbody>
</table>
Two electives from the graduate philosophy course offerings 6
Two graduate level cognate courses from an outside philosophy 6
Total Credit Hours 30

The cognate courses are to be approved by the student's adviser and the coordinator of the master of arts social and applied philosophy specialization. No comprehensive exam or foreign language is required for the Plan B master's program. Plan B master's degrees are considered terminal degrees by the Philosophy Department.

**Philosophy Doctoral Requirements**

A doctoral student in the philosophy program must complete a program of study defined on an approved Doctoral Program Planning Form. Normally, the student must complete 48 credit hours of graduate-level course work beyond the baccalaureate degree. At least 30 of these must be completed after admission to the doctoral program. In addition, students must complete 12 credit hours of dissertation work. The student also must complete the foreign language requirements, display an understanding of the fundamentals of predicate logic demonstrated either by course work or by a department exam, a qualifying paper with an oral defense, and submit and successfully defend a dissertation.

Course work must include seven courses: Five courses in history of philosophy and two in systematic philosophy as listed below:

Two courses in the history of philosophy to be approved by the director of graduate studies. 6
One course in metaphysics or epistemology, or philosophy of science to be approved by the director of graduate studies. 3
One course in ethics or social/political philosophy or aesthetics to be approved by the director of graduate studies. 3

- With written approval from the department chair, up to 12 credit hours of required course work may be taken in other fields.
- Students must demonstrate competence in two foreign languages. This may be completed by passing an appropriate foreign language course, a departmental exam, or within departmental course work.
- Students must demonstrate competence in symbolic logic, either through course work, acceptable undergraduate courses or a departmental exam.
- Students must submit one qualifying paper. This paper will be assessed by a committee of three faculty. Generally, these will be a minimum of 5000 words.

**Courses**

**PHIL 5000. Modern Logic. 3 cr. hrs.**
Introduction to modern symbolic logic, with primary emphasis on translation into symbolic form and natural deduction. Propositional logic and predicate logic with identity are covered.

**PHIL 5931. Topics in Philosophy. 1-3 cr. hrs.**
Concentrated work in a restricted field. Specific subjects to be determined.

**PHIL 5953. Undergraduate Seminar:. 3 cr. hrs.**
Designed to initiate a selected group of qualified undergraduates in the technique and discipline of scholarly research by concentrated work in a restricted field. Critical reading and analysis of sources. Specific subjects of seminars to be announced in the Schedule of Classes.

**PHIL 6120. Problems in Logic. 3 cr. hrs.**
An investigation into logical and meta-logical problems of perennial and contemporary relevance. Prereq: Cons. of dept. ch.

**PHIL 6310. History and Theory of Ethics. 3 cr. hrs.**
A theoretical investigation into the moral dimensions of human life. Covers the principal traditions in Western moral philosophy as well as significant work in contemporary moral philosophy. Prereq: Cons. of dept. ch.

**PHIL 6320. Natural-Law Ethics. 3 cr. hrs.**
Classical and/or contemporary theories of natural law. Prereq: Cons. of dept. ch.

**PHIL 6330. Problems in Ethics. 3 cr. hrs.**
Considers various metaethical and normative problems, such as: values; the justification and nature of ethical norms; moral responsibility; moral failure; the relation of morality to religion, law, and aesthetics. Prereq: Cons. of dept. ch.
PHIL 6340. Aesthetics. 3 cr. hrs.
Considers one or more of the following problems in aesthetic theory: expression, representation, art and knowledge, aesthetics and society, method. Prereq: Cons. of dept. ch.

PHIL 6410. Philosophy of Process. 3 cr. hrs.
An introduction to the metaphysical thought process of philosophers such as Bergson and Whitehead. Prereq: Cons. of dept. ch.

PHIL 6420. Philosophy of Language. 3 cr. hrs.
Studies topics such as the structure and function of language, philosophy and linguistics, and language and mind. Considers philosophers such as Austin, Morris and Chomsky. Prereq: Cons. of dept. ch.

PHIL 6430. Philosophy of Knowledge. 3 cr. hrs.
A study of major epistemological problems and theories of knowledge. Prereq: Cons. of dept. ch.

PHIL 6440. Philosophy of Science. 3 cr. hrs.
A survey of basic problems and methods in contemporary philosophy of science. Emphasizes problems arising from current space-time theory, quantum mechanics, and the use of variant models and methodologies in the exact sciences. Prereq: Cons. of dept. ch.

PHIL 6450. Philosophy of Mind. 3 cr. hrs.
A study of what mind is and its relation to the body; various concepts related to the mental and to human action. Prereq: Cons. of dept. ch.

PHIL 6460. Philosophy of Freedom. 3 cr. hrs.
A systematic investigation of problems involved in the assertion of human freedom. Prereq: Cons. of dept. ch.

PHIL 6470. Problems in Metaphysics. 3 cr. hrs.
Studies doctrines on the nature of ultimate reality; associated topics such as substance, relation, process or change, causality, universals, particulars, space, time, eternity, freedom, necessity; and the meaning of metaphysics as a philosophical discipline. Prereq: Cons. of dept. ch.

PHIL 6480. Recent Christian Metaphysics. 3 cr. hrs.
A study of recent Christian metaphysical thought through one or more major figures, such as Marechal, Lonergan, Gilson, Tillich, or through thematic problems. Prereq: Cons. of dept. ch.

PHIL 6510. Philosophy of Religion. 3 cr. hrs.
Inquiry into the religious dimensions of human existence and into divine reality. Topics include: religion as a cultural institution, religious experience, the existence and nature of God, the problem of evil, faith and reason, religious language, and the rationality of religious belief. Prereq: Cons. of dept. ch.

PHIL 6530. Philosophy of History. 3 cr. hrs.
Study of both critical and speculative philosophy of history. Problems such as the nature of the historian’s inquiry, types of historical understanding, theories of historical explanation, the possibility of pattern and purpose or value in history. Prereq: Cons. of dept. ch.

PHIL 6605. Plato. 3 cr. hrs.
A study of Plato’s thought, especially his ethics, epistemology, psychology and metaphysics. Prereq: Cons. of dept. ch.

PHIL 6610. Aristotle. 3 cr. hrs.
A study of Aristotle’s thought, especially his metaphysics, epistemology and psychology. Prereq: Cons. of dept. ch.

PHIL 6620. Augustine. 3 cr. hrs.
The early philosophical dialogues and The Confessions, The City of God, and The Trinity, considered in their significance as sources of Christian thought. Prereq: Cons. of dept. ch.

PHIL 6630. Plotinus and Early Christian Neo-Platonists. 3 cr. hrs.
A study of the origin and character of neoplatonic thought, especially its metaphysics, epistemology and psychology, and its appropriation by Christian thinkers. Concentration on writers such as Plotinus, Proclus, Boethius and Pseudo-Dionysius. Prereq: Cons. of dept. ch.

PHIL 6635. Medieval Islamic Thought. 3 cr. hrs.
Islamic philosophical thought of the medieval period. Possible figures covered: al-Kindi, al-Farabi Ibn Sina (Avicenna), al-Ghazali, Ibn Rushd (Averroes) including Greek philosophical and Islamic theological foundations, as well as the influence of Islamic philosophy on Christian and Jewish thought in the Middle Ages. Prereq: Cons. of dept. ch.

PHIL 6640. St. Thomas Aquinas. 3 cr. hrs.
A study of St. Thomas Aquinas’ philosophy, especially his metaphysics, epistemology, and psychology. Prereq: Cons. of dept. ch.

PHIL 6650. Descartes. 3 cr. hrs.
A study of some principal works of Descartes. Prereq: Cons. of dept. ch.

PHIL 6652. Post-Cartesian Rationalism. 3 cr. hrs.
A study of major works of the post-Cartesian rationalists: Spinoza and Leibniz. Prereq: Cons. of dept. ch.

PHIL 6654. Locke/ Berkeley. 3 cr. hrs.
A study of the major works of Locke and Berkeley, including Locke’s An Essay Concerning Human Understanding, and Berkeley’s Principles of Human Knowledge and Three Dialogues Between Hylas and Philonous. Prereq: Cons. of dept. ch.
PHIL 6655. Hume. 3 cr. hrs.
A study of some of Hume's major works, including either A Treatise of Human Nature or Enquiry Concerning Human Understanding, Enquiry Concerning the Principles of Morals and/or Dialogues Concerning Natural Religion. Prereq: Cons. of dept. ch.

PHIL 6660. Kant. 3 cr. hrs.
A study of some principal works of Kant including the Critique of Pure Reason. Prereq: Cons. of dept. ch.

PHIL 6662. Hegel. 3 cr. hrs.
Hegel’s system as found in the Phenomenology of Spirit or the Logic. Prereq: Cons. of dept. ch.

PHIL 6664. Husserl. 3 cr. hrs.
A textual study of some principal works. Prereq: Cons. of dept. ch.

PHIL 6670. Classical American Philosophy. 3 cr. hrs.
A textual study of the principal works of American philosophers, such as Peirce, James, Dewey. Prereq: Cons. of dept. ch.

PHIL 6680. Early Analytic Philosophy. 3 cr. hrs.
A study of the early development of the Vienna Circle and of the principal works of Moore, Russell and Austin. Prereq: Cons. of dept. ch.

PHIL 6685. Contemporary Analytic Philosophy. 3 cr. hrs.
A study of major post-positivist developments in the analytic tradition including the thought of figures such as Quine and Sellars. Prereq: Cons. of dept. ch.

PHIL 6690. German Phenomenology-Existentialism. 3 cr. hrs.
Reading and discussion of the works of such thinkers as Kierkegaard, Nietzsche, Heidegger, Jaspers and Scheler. Prereq: Cons. of dept. ch.

PHIL 6695. French Phenomenology-Existentialism. 3 cr. hrs.
A study of problems, such as meaning vs. absurdity, theism vs. atheism, and intersubjectivity vs. solipsism, in such thinkers as Sartre, Marcel, Camus and Merleau-Ponty. Prereq: Cons. of dept. ch.

PHIL 6710. Political Philosophy. 3 cr. hrs.
Consideration of the genesis and justification of the state; questions concerning the best form of government; problems especially germane to democracy, such as the nature and justification of equality and liberty, and of the balance of power and the majority rule. Prereq: Cons. of dept. ch.

PHIL 6750. Philosophy of Law. 3 cr. hrs.
A study of the various philosophical approaches to the basic problems and values in law. Prereq: Cons. of dept. ch.

PHIL 6953. Text/Seminar on Ancient Philosophy. 3 cr. hrs.
Either the study of a specific period within Ancient Philosophy, such as Pre-Socratic thought or Roman moral philosophy; or the intensive reading of a major work such as Plato’s Sophist or Theaetetus or Aristotle’s Metaphysics or Nicomachean Ethics; or the investigation of a theme running through Ancient Philosophy such as problems with the veracity of perception, the ontological status of ideas, or Aristotle and the Peripatetics. Prereq: Cons. of dept. ch.

PHIL 6954. Text/Seminar on Early or High Medieval Philosophy: 3 cr. hrs.
Either the study of individual thinkers, such as St. Anselm, St. Bonaventure, St. Albert the Great; or on specific texts, such as St. Thomas’ Treatise On Spiritual Substances; or on problems, such as the nature of man according to St. Bonaventure or doctrines on Divine Illumination in the 13th century. Prereq: Cons. of dept. ch.

PHIL 6955. Text/Seminar on Later Medieval or Renaissance Philosophy: 3 cr. hrs.
Either the study of individual thinkers, such as William of Ockham, Duns Scotus, Nicholas of Cusa, Giordano Bruno, Niccolo Machiavelli; or on themes running through these periods, such as the nature of man, or theories of knowledge, or the Platonism of the 15th and 16th centuries. Prereq: Cons. of dept. ch.

PHIL 6957. Text/Seminar on Nineteenth-Century Philosophy: 3 cr. hrs.
Either the study of major philosophers, such as Marx, Fichte, or Peirce; or on major texts, such as Hegel’s Logic, or Kierkegaard’s Concluding Unscientific Postscript; or on philosophical problems, such as the individual and the social order, or pragmatic views of knowledge and truth. Prereq: Cons. of dept. ch.

PHIL 6958. Text/Seminar on Twentieth-Century Philosophy: 3 cr. hrs.
Either the study of philosophical movements, such as existentialism, phenomenology, analysis, or pragmatism; or of specific philosophers, such as Sartre or Russell; or of major philosophical works, such as Philosophical Investigations, or Being and Time. Prereq: Cons. of dept. ch.

PHIL 6959. Seminar in Philosophy. 1-3 cr. hrs.
Subjects and credits according to arrangement. Prereq: Cons. of dept. ch.

PHIL 6960. Seminar in Applied/Professional Philosophy. 3 cr. hrs.
Study of ethical issues which cut across professions and disciplines. Consideration given to issues such as human rights, allocation of social resources, confidentiality, informed ethics, truth telling, etc. Prereq: PHIL 6310 and cons. of dept. ch.

PHIL 6965. Practicum in Philosophy. 3-6 cr. hrs.
Internship designed to develop a student's ability to use philosophical thinking and concepts in dealing with problems which arise in the context of a specific job, vocation, or institutional setting. Students arrange placement on an individual basis. S/U grade assessment. Prereq: Cons. of dept. ch.
PHIL 6995. Independent Study in Philosophy. 1-3 cr. hrs.
Prereq: Cons. of dept. ch.

PHIL 6998. Professional Project in Philosophy. 1-12 cr. hrs.

PHIL 6999. Master’s Thesis. 1-6 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.

PHIL 8995. Independent Study in Philosophy. 1-3 cr. hrs.
A course whose mode of instruction offers a student the opportunity to study or do in-depth research on a topic or subject matter not usually offered in
the established curriculum, with a current Marquette faculty of his/her choice and independent of the classroom setting. Prereq: Cons. of dept. ch.; cons.
of graduate prog. dir.

PHIL 8999. Doctoral Dissertation. 1-12 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.

PHIL 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9979. Field Placement Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9987. Doctoral Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9988. Doctoral Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9989. Doctoral Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9993. Professional Project Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9994. Master’s Thesis Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9995. Master’s Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9996. Master’s Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9997. Doctoral Dissertation Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9998. Doctoral Dissertation Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

PHIL 9999. Doctoral Dissertation Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Physical Therapy

The College of Health Sciences offers a three-year professional program that leads to a doctor of physical therapy degree. Both current Marquette undergraduate students and transfer students with undergraduate degrees from other institutions are encouraged to apply for 10 to 20 spaces in the program.

Current Marquette students should contact the Department of Physical Therapy and complete an application through the Registrar. Deadline is Feb. 1.

The Department of Physical Therapy will also admit a number of new-to-Marquette individuals to the fourth year (external transfers to the first professional year) of the program. The minimal requirements are as follows:

1. Candidates must possess a bachelor’s degree.
2. Candidates must have completed the 22 credits of prerequisite course work. No applicant will be accepted with a GPA below 2.400 and depending on the applicant pool, a higher GPA may be required to successfully gain entry into the program. All prerequisite course work must have been taken at an accredited four-year institution.
3. Twelve credits of social sciences and/or humanities must have been completed as a liberal arts core.
4. Candidates must have completed a minimum of 80 hours of validated experience in a physical therapy clinic as a volunteer or as an employee under the supervision of a physical therapist.
5. Official transcripts.
6. Official Graduate Record Examination (GRE) scores.

An application may be obtained from the Department of Physical Therapy or the physical therapy program's website at marquette.edu/chs/pt/apply.shtml. The deadline for submitting a complete application is Feb. 1. The best candidates will be selected from the pool of applicants.

For more information about the doctor of physical therapy, contact the Department of Physical Therapy by phone at (414) 288-7161 or by mail at Marquette University, Department of Physical Therapy, P.O. Box 1881, Milwaukee, WI 53201-1881.

Clinical Laboratory Science Courses

CLLS 5931. Topics in Clinical Laboratory Science. 1-4 cr. hrs.
Selected topics in clinical laboratory science. Specific topics determined each term. Offered annually.

Exercise Physiology Courses

EXPH 5187. Exercise Physiology for Special Populations. 3 cr. hrs.
Lecture. A study of program modifications and techniques for various populations; which may include for example exercise prescription throughout the life span. Prereq: Cons. of dept. ch.

EXPH 5192. Advanced Exercise Physiology. 3 cr. hrs.
Advanced course in the study of the body’s response to physical activity. Focus is on standard techniques utilized in exercise physiology research.

EXPH 5195. Advanced Exercise Physiology Laboratory. 1 cr. hr.
Presents advanced techniques used in exercise physiology to study the human body’s response and adaptations to exercise. Focuses on laboratory techniques and skills that are standard, but cutting edge in exercise physiology research and form the basis of knowledge in exercise physiology. Laboratory techniques include those used to study and quantify neuromuscular function, metabolic responses and cardiovascular adjustments to acute and chronic exercise. Students gain practical experience in the scientific process and come to understand and perform these techniques.

Physical Therapy Courses

PHTH 6515. Pathophysiology and Aging. 4 cr. hrs.
Lecture/clinical observations. Presents the pathophysiology of cardiovascular, respiratory, renal, endocrine and immune system disorders. Details background information on the aging process. Compares and contrasts age-related and pathological changes which occur in the major physiological systems over time. Explores modes of providing service to aged clients. Prereq: Dept. cons.

PHTH 6518. Physiology of Activity. 3 cr. hrs.
Lecture/laboratory. Concentrates on the assessment of activity tolerance in, and basic principles of, exercise prescriptions for normal healthy individuals through the life-span who are either trained or untrained. Emphasizes functional approach and examines factors that enhance or impede performance. Introduces various training strategies. Prereq: Dept. cons.

PHTH 6525. Kinesiology 1: The Upper Extremity. 3 cr. hrs.
Anatomy of the muscular and joint systems in normal and abnormal conditions in the upper extremities. Includes surface anatomy, the biomechanics of normal and abnormal muscle and joint action. Lecture, demonstration and laboratory practice. Prereq: Dept. cons.

PHTH 6526. Kinesiology 2: The Spine and Lower Extremity. 3 cr. hrs.
Continuation of PHTH 6525 with emphasis on head, trunk and lower extremities, including an introduction to normal gait, posture, and surface anatomy. Lecture, demonstration and laboratory practice. Prereq: PHTH 6525 and dept. cons.
PHTH 6570. Advanced Biomechanics and Kinesiology. 4 cr. hrs.
Advanced analysis of human movement including gait, orthotics and prosthetics. Rehabilitation focuses on physical therapy interventions for patient/clients with chronic diseases and other conditions necessitating long-term therapeutic intervention. Prereq: Dept. cons.

PHTH 6667. Neurological Rehabilitation 1. 2 cr. hrs.
Lecture and discussion-based. Covers the pathology, etiology, and epidemiology of common neurological diseases. Clinical presentation, differential diagnosis, evaluation, and medical/surgical interventions for the diseases are the focus of the first of a 2 part course series. Prereq: Dept. cons.

PHTH 6668. Neurological Rehabilitation 2. 4 cr. hrs.
Continuation of Neurological Rehabilitation 1. Lectures and labs focus on physical therapy interventions for specific impairments, disease-specific conditions, and overall function. Evidence-based practice guidelines are utilized when available, objective tests and measures are emphasized, and case studies are utilized to integrate and apply information. Prereq: Successful completion of PHTH 6667 and dept. cons.
Physician Assistant Studies

The College of Health Sciences offers a professional curriculum that leads to a master of physician assistant studies.

Entrance into the program is highly competitive. Applicants complete a series of prerequisites and are required to have completed either the GRE or ACT/SAT examinations. Prior health care experience is not required; however, applicants must have a minimum of 200 hours of direct patient contact experience to apply. The curriculum consists of 21 consecutive months of didactic medical course work followed by a consecutive 12-month period of clinical clerkships. Successful completion of the curriculum qualifies graduates to sit for the National Certifying exam, which leads to licensure in most states. All components of the master’s program including application materials and curriculum requirements are administered by the Department of Physician Assistant Studies. Additional information is available in Marquette University’s Undergraduate Bulletin and at the physician assistant program’s website at marquette.edu/chs/pa.
Physics (PHYS)

Interim Chairperson: Rev. John D. Jones, Ph.D.
marquette.edu/physics

Marquette University currently does not offer a graduate degree program in physics. However, certain upper division undergraduate courses in the Department of Physics have been approved for graduate credit and may be taken, as appropriate, by graduate students in other graduate programs. To earn graduate credit for an upper division course, students must have the approval of their major departments and must complete extra work in the course beyond that required for undergraduate credit.

Courses

PHYS 5012. Quantum Mechanics. 3 cr. hrs.

PHYS 5024. Modern Optics. 3 cr. hrs.
Geometric optics, classical wave theory of optics, interference, diffraction, polarization, electromagnetic theory of light, interaction of light and matter, lasers and coherence.

PHYS 5031. Electricity and Magnetism 1. 3 cr. hrs.

PHYS 5032. Electricity and Magnetism 2. 3 cr. hrs.

PHYS 5046. The Physical Basis of the Biological Environment. 3 cr. hrs.
The molecular processes of life occur in a complex aqueous environment. Biological molecules and their environments are governed by the principles of physics. Goes beyond introductory physics and chemistry to present the mechanics of non-rigid bodies, the theory of multipolar electric and magnetic fields, and thermal and quantum physics, which are brought to bear on interpretation of the optical spectra and calorimetric analysis of complex molecules and structures.

PHYS 5048. Mathematical Methods for Physicists. 3 cr. hrs.
Presents mathematical methods applied to physical problems including Fourier Analysis, special functions, eigenvalue problems, the calculus of variations, probability and statistics.

PHYS 5049. Computational Physics. 3 cr. hrs.
Computational techniques applied to problems in the physical sciences. Construction of models of physical systems. Generation and analysis of data. The role of models in developing physical theories. Assignments will use a variety of programming environments and commercial software.

PHYS 5062. Introduction to Thermodynamics. 3 cr. hrs.
Fundamental concepts of thermodynamics: temperature, internal energy, entropy and thermodynamic potentials. Laws of thermodynamics, their consequences and applications. Introduction to statistical thermodynamics.

PHYS 5065. Introduction to Molecular Biophysics. 3 cr. hrs.
An introduction to the field of biological physics which develops the science and illustrates the applications of the techniques of X-ray diffraction and spin resonance to problems of biological interest: protein structural dynamics, ion channels, and transport through cell membranes.

PHYS 5071. Atomic Physics. 3 cr. hrs.

PHYS 5072. Introduction to Nuclear and Elementary Particle Physics. 3 cr. hrs.
Experimental methods in nuclear and particle physics. Theories of nuclear structure, radioactivity, decay schemes, fission and fusion models, conservation laws. Elementary particle classifications and the Standard Model.

PHYS 5075. Introduction to Solid-State Physics. 3 cr. hrs.
Crystal structure of solids, the reciprocal lattice and diffraction. Lattice vibrations and thermal properties. Electrons in metals, band structure and semiconductors. The Fermi surface. Dielectric and magnetic properties of solids. Superconductivity.

PHYS 5931. Topics in Contemporary Physics. 3 cr. hrs.
Topics drawn from areas of current interest, such as: astrophysics, atmospheric physics, condensed matter physics or particle physics.
Political Science (POSC)/International Affairs (INAF)

Chairperson: Lowell W. Barrington, Ph.D.
marquette.edu/polisci/grad.shtml

Degrees Offered

Political Science
Master of Arts, students are admitted under Plan B (non-thesis option) but may request Plan A (thesis option)

International Affairs
Master of Arts, students are admitted under Plan B (non-thesis option) but may request Plan A (thesis option)

Program Description

The Department of Political Science at Marquette University offers master's programs aimed at preparing students for doctoral study in political science and international affairs and for careers in related fields. Programs are offered in the following two specialties: political science and international affairs. The department offers a joint bachelor's and master's degree program that enables Marquette University students to earn a bachelor's and a master's degree in five years. In conjunction with the Law School, students also can pursue a joint master of arts-juris doctor (M.A.-J.D.) program in political science or international affairs. Through the combined program, full-time students can complete the juris doctor and master of arts degrees in only four years. Furthermore, law school graduates can pursue an accelerated master of arts degree through awards of transfer credit for work completed as part of the juris doctor degree. Joint degree programs are also available in conjunction with the communication and the business administration graduate programs.

Prerequisites for Admission

An applicant to the Department of Political Science should have graduated with, or be about to graduate with, a bachelor's degree from an accredited institution in an undergraduate program sufficient in quality and scope to prepare the individual for specialized work in his or her chosen field.

Application Deadline

No official deadline exists for the political science or international affairs master's programs. However, applications submitted after the Graduate School's official financial aid deadlines will be considered only as space permits, even if the applicant is not requesting financial aid. The deadlines for financial aid consideration are Feb. 15 for the following fall term and Nov. 15 for the following spring term.

Application Requirements

Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation.
4. GRE scores (General Test only). Not required for accelerated B.A.-M.A. degree program applicants; M.A.-J.D. applicants may substitute LSAT scores for GRE scores; M.A.-M.B.A. applicants may substitute GMAT scores for GRE scores.
5. A statement of purpose.
6. (For international applicants only) an overall minimum TOEFL score of 100 or other acceptable proof of English proficiency.

Accelerated Bachelor’s-Master’s Degree Program

The joint bachelor’s and master’s program allows Marquette University students to earn both a bachelor’s degree with a major in political science or international affairs and a master’s degree in political science or international affairs in five years.

Students will complete 9-12 hours of graduate credit in political science or international affairs during their senior undergraduate year. These graduate courses double-count toward the undergraduate and graduate degrees. Should a student be denied admission to the master’s program of choice (political science or international affairs), the courses will be counted toward the undergraduate degree. Upon completion of the first term as a master’s candidate, the student must petition the Graduate School to transfer the courses taken as an undergraduate to the master’s degree. All remaining master’s degree requirements may be completed during the subsequent summer, fall and spring terms.

Candidates for admission should have undergraduate junior status, have completed at least 3 upper division political science courses and should have a political science GPA of at least 3.500. Candidates for admission should submit transcripts and three letters of recommendation, but need not submit GRE scores. Candidates for admission to this program should notify the assistant chair of their intentions.
Joint Programs of Study

M.A.-J.D. Degree

The Department of Political Science, in conjunction with the Law School, offers a program of joint study leading to a master’s degree in political science or international affairs and a juris doctor degree.

Students seeking admission to the joint program must apply to both the Graduate School and the Law School and must meet the admission requirements for each, but their application to the Graduate School may include LSAT scores in lieu of GRE scores. Students start this joint program as a law student. Upon completion of the law program, students will be officially admitted to the political science or the international affairs program for completion of the remainder of the joint program.

Joint program students complete 81 credit hours in the Law School, 21 credit hours in political science, and 9 credit hours in joint program courses. In addition, applicants for the political science or international affairs master of arts program who already hold a J.D. degree may request that a maximum of 9 credits from their previous law studies be counted toward the fulfillment of their master of arts degree requirements.

In general, joint program students will pay tuition at the full-time (flat tuition) Law School rate while a full-time law student, regardless of whether or not they are taking additional graduate courses. Upon receiving the juris doctor degree, joint program students will pay Graduate School tuition at the per credit rate for graduate courses. Part-time law students will pay the per credit Law School rate for all courses.

Additional details about the M.A.-J.D. program are available from the Political Science Department office or from the Law School Admissions office.

M.A.-M.B.A. Degree

The Department of Political Science, in conjunction with the Graduate School of Management, offers a program of joint study leading to a master of arts (M.A.) degree in political science or international affairs and a master of business administration (M.B.A.) degree. The program is designed for students whose interests overlap business and politics or business and international affairs. Joint degree students are able to complete both degree programs in less time than if both degrees were pursued separately.

Students seeking admission into the joint degree program must submit to the graduate school separate applications for admission to both programs, including two sets of required documentation and must meet the admission requirements of each program. However, applicants may submit GMAT scores in lieu of GRE scores. Acceptance into one program does not guarantee acceptance into the other. If a student is accepted into one program and not the other, the student can still choose to accept the admission offer from the first program but would not be considered a joint degree student. Because students are officially admitted into only one Marquette University graduate program at a time, applicants must indicate which program they intend to pursue and complete first, although once accepted for admission to both programs, students may take courses from both departments. Upon completion of the first program, the student will be officially admitted to the second program for completion of the remainder of the joint program.

Joint degree students count 9 credits of course work in each program toward the required course work credits of the other program. Thus, 9 of the 40 credits required for the master of business administration degree beyond foundations, if required, will come from POSC courses, and 9 of the 30 credits required for the master of arts degree in political science or international affairs will come from GSM courses.

M.A. in Political Science or International Affairs and in Communication

The Department of Political Science, in conjunction with the J. William and Mary Diederich College of Communication, offers a program of joint study leading to a master of arts degree in political science or international affairs and a master of arts degree in communication. Joint degree students are able to complete both degree programs in less time than if both degrees were pursued separately.

Students seeking admission into the joint degree program must submit to the graduate school separate applications for admission to both programs, including two sets of required documentation and must meet the admission requirements of each program. Acceptance into one program does not guarantee acceptance into the other. If a student is accepted into one program and not the other, the student can still choose to accept the admission offer from the first program but would not be considered a joint degree student. Because students are officially admitted into only one Marquette University graduate program at a time, applicants must indicate which program they intend to pursue and complete first, although once accepted for admission to both programs, students may take courses from both departments. Upon completion of the first program, the student will be officially admitted to the second program for completion of the remainder of the joint program.

Joint degree students count 9 credits of course work in each program toward the required course work credits of the other program. Thus, 9 of the 36 credits required for the master of arts degree in communication will come from POSC courses, and 9 of the 30 credits required for the master of arts degree in political science or international affairs will come from COMM courses.

Master’s Requirements

A student in either political science or international affairs is admitted to a non-thesis program (Plan B) which requires 30 credit hours of course and seminar work. The Plan B student must pass written and oral comprehensive examinations to complete the program.
Students are presumed to be in Plan B unless a formal request to transfer to a thesis program (Plan A) is approved by the department chairperson and the Graduate School. Plan A requires 24 credit hours of course and seminar work and six credit hours of thesis work. The Plan A student must pass written and oral comprehensive examinations and submit an approved thesis to complete the program.

At least 18 credits of the 30 credit hour requirement for Plan B students (15 credits of the 24 credit hour requirement for Plan A students) must be fulfilled in strictly graduate level course work (courses numbered 6000 or above). Up to 12 credit hours of 5000-level courses may be approved for graduate credit for Plan B students (9 credit hours for Plan A students). With the approval of the department chairperson, a student may receive up to 9 credit hours toward the master of arts degree in cognate courses taken outside the department. Cognate fields for the international affairs program include other areas of political science.

**Political Science**

**Core Seminars**

Students in the political science program must complete:

<table>
<thead>
<tr>
<th>Course</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>POSC 6101</td>
<td>Contemporary Political Research</td>
<td>3</td>
</tr>
<tr>
<td>3 of the following:</td>
<td></td>
<td>9</td>
</tr>
<tr>

<tr>
<td>POSC 6601</td>
<td>International Politics</td>
<td></td>
</tr>
<tr>
<td>POSC 6801</td>
<td>Political Philosophy</td>
<td></td>
</tr>
</tbody>
</table>

Total Credit Hours 12

**Research Papers**

Students must complete at least two conference-quality research papers. These papers must deal with significant questions and demonstrate rigorous analytical and, as appropriate, methodological skills. The instructors in whose courses the papers are written must certify that the student has fulfilled this requirement. Specific details and certification forms are available from the department office.

**Comprehensive Examinations**

A candidate for the master of arts degree in political science must pass written and oral comprehensive examinations covering two of the following fields: political philosophy, American politics, comparative politics, international politics.

The written examination is based on comprehensive reading lists for each subfield, the student’s course work, and sample questions provided in advance. The oral examination supplements the written examination and is based on the comprehensive reading lists and the student’s course work. The examining committee is normally composed of three faculty members chosen by the department assistant chairperson in consultation with the student and his or her adviser. Details on the examinations, the reading lists and the sample questions are available from the department office.

**International Affairs**

**Core Seminars**

Students in the international affairs program must complete:

<table>

Total Credit Hours 12

**Research Papers**

Students must complete at least two conference-quality research papers. These papers must deal with significant questions and demonstrate rigorous analytical and, as appropriate, methodological skills. The instructors in whose courses the papers are written must certify that the student has fulfilled this requirement. Specific details and certification forms are available from the department office.

**Comprehensive Examinations**

A candidate for the master of arts degree in international affairs must pass written and oral comprehensive examinations in the fields of comparative politics and international politics. The examinations normally are taken after the student has completed 24 credit hours of course work.
The written examination is based on comprehensive reading lists for each subfield, the student’s course work, and sample questions provided in advance. The oral examination supplements the written examination and is based on the comprehensive reading lists and the student’s course work. The examining committee is normally composed of three faculty members chosen by the department assistant chairperson in consultation with the student and his or her adviser. Details on the examinations, the reading lists and the sample questions are available from the department office.

Courses

POSC 5191. The Logic of Social Inquiry: The Kennedy Assassination. 3 cr. hrs.
The question of who killed President John F. Kennedy, and whether there was a conspiracy. The physical evidence; eyewitness testimony; Lee Harvey Oswald, Jack Ruby, and suspected conspirators. The logic of social inquiry, and how we can approach “conspiracy” as a hypothesis to be tested.

POSC 5193. Environmental Politics and Policy. 3 cr. hrs.
Tackles the key political and policy debates surrounding the many dimensions of environmental issues, to include global human security to local pollution controls. Focuses on a core set of debates that frame intellectual and practical approaches to solving environmental challenges.

POSC 5195. Politics of the Internet. 3 cr. hrs.
The origins and growth of the Internet. Legal and regulatory dilemmas posed by the Internet. The impact of the Internet on politics, society and economics.

POSC 5201. The United States Congress. 3 cr. hrs.
Membership, legislative process, and internal distribution of power in the U.S. Congress. Congressional relationships with the presidency, executive bureaucracy, interest groups, and public.

POSC 5211. The American Presidency. 3 cr. hrs.
The evolution and contemporary status of the American presidency. Presidential elections, policy-making, advisory systems, and relationships with Congress, the bureaucracy, and the courts. Problems and techniques of decision-making.

POSC 5212. American Political Parties. 3 cr. hrs.
Examines the nature and development of American political parties. Traces continuity and change in the American party system beginning in the early Republic, assessing the rise and fall of the Whigs, the dynamic between machine politics and progressive reform, and the shifts in party ideas and policy stances that inform contemporary political debates. The question of ideological change in American political parties is further explored by contemporary work on factions, polarization, and culture war. Assesses changes to the parties as organizations in the wake of reforms to the candidate selection process from an institutional perspective. Explores the question of how American political parties compare to their counterparts in other advanced industrial democracies.

POSC 5213. Elections, Parties, and Political Opinion. 3 cr. hrs.
The development, functions, and membership of political parties in the United States. The opinions Americans hold on various issues, and how these opinions are influenced by institutions, including the family, schools, and the media. Why Americans vote as they do, including the effect of political parties and issues. Voter apathy and alienation and their sources.

POSC 5216. American Public Policy. 3 cr. hrs.
U.S. domestic policy with special attention to the politics of national policy in the areas of the economy, social welfare, and the environment. The stages of the policy process: agenda-building, formation, budgeting, implementation, and evaluation.

POSC 5221. Interest Group Politics. 3 cr. hrs.
How groups are organized around particular economic interests and political preferences in order to influence policy-making institutions. The internal incentive structure of political organizations, including business, professional, trade union, and “public interest” groups. Functions of, and biases inherent in, the group process.

POSC 5231. Political Organizations. 3 cr. hrs.
Political parties, social movements, interest groups, and civic associations. How citizens organize themselves to participate in the political process. How democratic institutions resolve the tension between individual citizenship and collective action. Explores theories of mobilization, questions of influence, and explanations of success.

POSC 5241. American Constitutional Law and Development. 3 cr. hrs.
An examination of the historical development of American constitutional law and politics, including the areas of judicial review, separation of powers, federalism, the powers of Congress and the presidency, and the rise and decline of due process property rights. Explores the judiciary’s role in constructing constitutional law and how this role has been contested over time. Considers how political institutions and forces, in addition to the judiciary, have shaped American constitutionalism.

POSC 5251. The Politics of Civil Rights and Liberties. 3 cr. hrs.
An examination of civil rights and liberties policies in the United States, with an emphasis on the development of these policies over the course of American political history. Explores how the Supreme Court’s contribution to this development is connected with the broader historical and political context in which it sits. The Court does not play an exclusive role in this process. Expanding, contracting, or otherwise altering the meaning of a right or a liberty involves a range of political actors in a variety of venues. Coverage includes free speech, religious freedom, political participation, privacy, criminal procedures and the rights of minority groups and women.

POSC 5261. Problems in Civil Liberties: Free Speech. 3 cr. hrs.
Examines the constitutional principle of free speech through a close study of the major Supreme Court precedents and traces the foundations of competing legal positions to their roots in varying works of political philosophy.
**POSC 5271. Problems in Civil Liberties: Privacy. 3 cr. hrs.**
Examines the constitutional principle of privacy through a close study of the major Supreme Court precedents and traces the foundations of competing legal positions to their roots in varying works of political philosophy.

**POSC 5276. Courts and Public Policy. 3 cr. hrs.**
An examination of the role and influence of courts in shaping American public policy, particularly from the 1950s to the present. Includes consideration of key institutional characteristics of the judiciary, the influence of law and politics on judicial decisionmaking, the interaction between the courts and other political branches, the reasons for the courts’ emergence as battlegrounds in public policy problems.

**POSC 5281. Urban Public Policy. 3 cr. hrs.**
Conditions in American cities and the extent to which they can be improved by political activity. Race relations, ethnicity and class and their effects on housing, education and income.

**POSC 5291. Urban Politics. 3 cr. hrs.**
Urban governmental structures and techniques of gaining power in urban areas. The role of elected and appointed officials, political parties, economic elites, neighborhood organizations, and ethnic groups in urban politics.

**POSC 5321. Business and Politics. 3 cr. hrs.**

**POSC 5331. Politics and Regulation. 3 cr. hrs.**
Economic and social regulation in America. Why we have regulations. Who is regulated. Who does the regulating. What the consequences of regulation are. Primary focus on business regulation and related topics.

**POSC 5341. Politics of American Capitalism. 3 cr. hrs.**
Political economy of U.S. history. Individuals, firms, and business associations and their role in politics. Economic development and conflict as sources of political change.

**POSC 5346. Politics of the American Civil War. 3 cr. hrs.**
Examines the American Civil War (1861-1865) as a crisis provoked by unresolved constitutional issues concerning nullification and secession, tariffs and the status of slavery. Readings include primary source material, select documents and speeches composed by leading statesmen from the time of the founding until 1866.

**POSC 5361. Politics of Race, Ethnicity, and Gender. 3 cr. hrs.**
The role of African-Americans, Asian-Americans, Hispanics, white ethnics, American Indians, and women in shaping American politics through elections, political parties, and public office. The nature and impact of political organizations representing these groups.

**POSC 5366. Religion and Politics. 3 cr. hrs.**
Religion and politics in contemporary America. The historic patterns and current interactions of religious movements, denominations, and individuals involved in American politics. Specific attention given to the rationales used for religious involvement in politics, the types of political behavior employed, and the consequences of that behavior.

**POSC 5371. Media and Politics in the United States. 3 cr. hrs.**
Explores role and power of media in American political systems; history and development of national press, including court interpretations of freedom of the press; quality and impact of political reporting, with emphasis on election coverage; and media’s relationships with other political actors.

**POSC 5376. American National Security Policy. 3 cr. hrs.**
Defense policy processes in the United States; issues in defense decision-making, including the roles of the public, interest groups, Congress, the President, and executive agencies, with emphasis on the defense establishment; U.S. strategic doctrines since World War II; budgeting; civil-military relations.

**POSC 5406. Public Policy in Industrial Democracies. 3 cr. hrs.**
Politics of public policies in democratic political systems, with special attention to North America, Western Europe, and Japan. Alternative theoretical perspectives on the problem of social choice in democracies. Problems and policies in the areas of the economy, education, health, welfare, and the environment.

**POSC 5411. Politics, Economics, and Democracy. 3 cr. hrs.**
The relationship between capitalism and democracy. The impact of economic factors on politics. The political consequences of the organization and power of private business. The impact of democratic politics and political institutions on economic actors and performance in capitalist democracies.

**POSC 5421. Democracy, Authoritarianism, and Totalitarianism. 3 cr. hrs.**
Three "ideal types" of political systems, and their manifestations in countries at different points in time. Topics include: power, legitimacy, ruling elites, institution, and economics. Examination of political system change through coup, revolution, and peaceful transition.

**POSC 5431. Modern Revolutions. 3 cr. hrs.**
Types and causes of revolutions. Modern case studies. The American, French, Russian, German and selected "Third World" revolutions, with attention to ideas, institutions, socio-economic conditions, and the nature of actual changes.
POSC 5441. Designing Liberal Democracy. 3 cr. hrs.
Exploring liberal democracy in theory and practice, especially as concerns emerging democracies in the developing world. Includes consideration of the impact of economic development, ethnicity, language, legacies of colonialism and/or indigenous political organization, internal democracy, corruption, strategic location and institutional design.

POSC 5451. Comparative Judicial Politics. 3 cr. hrs.
Provides a detailed introduction to the empirical and normative debates surrounding judicial power including origins of judicial review, courts as strategic actors and the development of stronger courts over time in American and comparative context. Focuses on the development of rule of law, and in particular, how the court as a governing institution interacts with legislative and executive powers. POSC 4241 or equiv. recommended.

POSC 5501. European Politics. 3 cr. hrs.
Nationalism and European identity; evolution of executive and legislative institutions; political parties; ongoing changes in the welfare state and state socialism; transformation of class structure; the challenge of post-industrial society. Includes both Eastern and Western Europe.

POSC 5511. Russian and Post-Soviet Politics. 3 cr. hrs.
Developments in Russia and the other countries which emerge from the collapse of the Soviet Union. Brief coverage of tsarist and Soviet politics, with a particular emphasis on reasons for the USSR's collapse and Soviet legacies, followed by an overview of domestic and international politics in the region.

POSC 5521. Chinese Politics. 3 cr. hrs.
Origins of the Chinese Revolution, political change and conflict in post-1949 China, and the contemporary political system and political developments.

POSC 5531. Japanese and Korean Politics. 3 cr. hrs.
Political culture, unique patterns of modernization, and the contemporary political system in Japan and the two Koreas.

POSC 5541. Latin American Politics. 3 cr. hrs.
Government and politics in major Latin American countries. The politics of social change and development, seizures of power and rule by the military, and the role of external factors.

POSC 5551. Politics of the Indian Subcontinent. 3 cr. hrs.
The British in India; the Indian nationalist movement and the Hindu-Muslim struggle; political systems in India and Pakistan; the creation of Bangladesh; linguistic, economic, and social issues in South Asia.

POSC 5561. Politics of the Developing World. 3 cr. hrs.
Politics of agricultural development, industrialization, military intervention, and social and cultural conflict in Third World countries.

POSC 5601. International Law. 3 cr. hrs.
Law among states in peace and war. Historical background and political foundations of international law. The influence of judicial decisions, international courts and organizations, treaties, and practices of states upon the growing body of international law.

POSC 5611. International Organization. 3 cr. hrs.
Development and characteristics of international organizations. Functions of the League of Nations, the United Nations, and other organizations. Major contributions to international peace. Main political and legal problems.

POSC 5621. Politics of the World Economy. 3 cr. hrs.
Political and economic dynamics of the world economy; historical and theoretical roots; international trade and monetary relations and the impact of hegemony, interdependence, regimes, and domestic politics; trade, debt, multinational corporations, and the dynamics of dependency and development; communism, capitalism, and change.

POSC 5631. World Conflict and Security. 3 cr. hrs.
Classical and contemporary theories of war and peace; just and unjust wars; principles of strategic analysis, arms control, and security policy-making; the proliferation of nuclear, chemical, and biological weapons. The international trade in arms; nationalism, ethnic conflict, and wars of secession.

POSC 5641. Politics of the Illicit Global Economy. 3 cr. hrs.
Political and economic dynamics of the illicit dimension of the global economy; historical and theoretical roots; state efforts to control illicit flows of goods and services including drug trafficking, arms smuggling, illegal migration, traffic in women and children, money laundering; exploration of transnational organized crime as a challenge to state power.

POSC 5651. The Politics of Human Rights. 3 cr. hrs.
Introduces students to the theoretical frameworks, empirical cases, policy instruments and cutting-edge debates in the field of human rights. Examines different theoretical perspectives for understanding human rights, the philosophical foundations and historical origins of human rights, various mechanisms and actors for promoting and protecting human rights, the trajectory and effectiveness of humanitarian intervention and various forms of transitional justice.

POSC 5661. The Political Economy of Development. 3 cr. hrs.
Introduces interaction between politics and economics in developing countries by examining political and economic development (and underdevelopment) through the lenses of the principal theoretical debates and substantive issues. Areas of inquiry include the general theories that underpin the study of the processes of economic and political reform, the roles of international and domestic institutions, and the influence of private interests including business, labor and civil society organizations. Substantive issues include poverty, conflict, human rights, foreign aid, investment and the environment.
POSC 5701. United States Foreign Policy. 3 cr. hrs.
Objectives of American foreign policy. Problems facing the United States in its relations with other countries. Trade, aid, propaganda and alliances as instruments of foreign policy.

POSC 5711. International Politics of Europe. 3 cr. hrs.
Evolution of the post-war settlement in Europe. Western European and Eastern European integration, relations between Western and Eastern Europe, Europe and the superpowers, French-German and intra-German relations, Europe and the Third World, European security issues.

POSC 5721. International Politics of the Middle East. 3 cr. hrs.
Historical and religious background of Middle East politics; comparative ideologies and political systems in the Middle East; Arab-Israeli relations; Persian Gulf politics; politics in the Maghreb; great power interests in the region.

POSC 5731. International Politics of Asia. 3 cr. hrs.
Principal patterns and problems of international politics in Asia, including international political economy, development and security issues, and the impact of global trends. Regional focus varies.

POSC 5741. United States-Latin American Relations. 3 cr. hrs.
United States response to reform and revolutionary movements and governments in Latin America. The politics of trade, foreign investment, foreign assistance, and human rights.

POSC 5801. Citizens, Beasts, or Gods?. 3 cr. hrs.
Evaluates the comparative congeniality to mankind of pre-political ‘states of nature,’ political citizenship, and the life of philosophy; selections from the works of Rousseau, Nietzsche, Chesterton and Aristotle are read.

POSC 5811. The Best Constitution. 3 cr. hrs.
Examines the relationship between constitutional design and human flourishing; selections from the works of Plato and others are read.

POSC 5812. Ethics and Politics. 3 cr. hrs.
Examines whether the good life we seek by forming and abiding in political communities is to be found chiefly in enjoying pleasure, in winning honor, or in contemplating truth. Is moral virtue a necessary condition of living well, or can standards of justice sometimes be compromised for citizens to partake more fully in the good life? Just what is virtue and how might it be fostered? Readings include Aristotle's Nicomachean Ethics, as well as Machiavelli’s Prince and Plato’s Meno.

POSC 5813. Nietzsche and Christianity. 3 cr. hrs.
Examines Friedrich Nietzsche's penetrating analysis of the contemporary crisis of Western Civilization, as well as his more dubious first principles of the “will to Power” and the “eternal return,” in juxtaposition with G.K. Chesterton’s and Josef Pieper’s celebration of Christian orthodoxy. Readings include Nietzsche’s Beyond Good and Evil, Chesterton’s Orthodoxy and Pieper’s In Tune with the World.

POSC 5821. Democracy and Its Problems. 3 cr. hrs.
Diagnoses the instability of popular governments in antiquity and considers the remedy provided by the American constitutional republic; selections from the works of Thucydides, Publius, Tocqueville and others.

POSC 5841. Enlightenment Political Thought. 3 cr. hrs.
The Enlightenment’s contribution to modern doctrines of individual rights, representative government, popular sovereignty, free enterprise, religious toleration, and freedom of speech. Authors such as Locke, Voltaire, Hume, Publius, Rousseau and Burke.

POSC 5851. Karl Marx. 3 cr. hrs.
Primary works on freedom and alienation, history, capitalism, revolution, and socialism that have inspired Marxist movements.

POSC 5861. The Political Philosophy of Capitalism. 3 cr. hrs.
Is capitalist society just or unjust? Does capitalism promote or inhibit the realization of freedom? Does capitalism promote or inhibit the pursuit of human excellence? Authors such as Rousseau, Adam Smith, Marx, Weber.

POSC 5871. Politics and Literature. 3 cr. hrs.
Study of the central questions of political philosophy through the lens of literature, with special focus on how literature approaches the questions of the best regime and the best type of human life.

POSC 5881. Postmodern Politics. 3 cr. hrs.
Nietzsche and his successors on the insufficiency of modern ethics and modern politics since the Enlightenment. Focuses on the postmodern critique of modernity’s contributions to consumerism, globalization and technology.

POSC 5931. Topics in Political Science. 2-3 cr. hrs.
Lectures and discussion in a broad area which, because of its topicality, is not the subject of a regular course. May be taken a maximum of three times.

POSC 6101. Contemporary Political Research. 3 cr. hrs.
Approaches to the scientific study of politics; data-collection techniques; case studies, the comparative method, statistical analysis. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 6201. American Politics. 3 cr. hrs.
The development of the field of American politics. Currently used concepts and approaches. Extensive reading, short papers, and discussion. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.
POS 6211. Congress and the Presidency. 3 cr. hrs.
Examination of major literature, theories and concepts used to understand the relationship between the Congress and the presidency. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POS 6221. Interest Groups. 3 cr. hrs.
How various kinds of organizations attempt to exercise political influence, including the use of incentives to attract members, lobbying, attempts to influence public opinion, involvement in electoral politics, and litigation. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POS 6231. Elections and Voters. 3 cr. hrs.
Why voters vote the way they do, including policy preferences, partisanship, and retrospective assessments. The dynamics of elections including the role of media, other elites, money, and interest groups. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POS 6361. Women and Public Policy. 3 cr. hrs.
The development of public policies to advance the status of women throughout U.S. history, with an emphasis on 1961-date. The role of women's groups and social movements. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POS 6401. Comparative Politics. 3 cr. hrs.
The development of the field of comparative politics. Currently used concepts and approaches. Extensive reading, short papers, and discussion. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POS 6411. Comparative Political Economy of Advanced Industrial Societies. 3 cr. hrs.
The relationships between capitalism and democracy. The impact of economics on the development and operation of democratic institutions, political behavior, and public policy. The impact of politics on economic development, performance and policy. The political economy of the welfare state. The transition to post industrial society. Globalization and the democratic nation state. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POS 6421. Political Economy of East Asia. 3 cr. hrs.
Considers topics in the Political Economy of East Asia such as the rise of Japan and the Four Tigers, the Japanese economy in the 1990s, the East Asian Financial Crisis, the reform of the Chinese economy, economic relations among the East Asian Countries, and the relationship between East Asian economies and the world economy. These topics are considered in light of various theories of political economy, and theories of political economy are evaluated in light of developments in East Asia. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POS 6441. Comparative Nationalism. 3 cr. hrs.
Definitions of nation and nationalism; causes of nationalism; nationalism and democracy; modern nationalism in Europe, Asia and Africa. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POS 6446. Comparative Democratization. 3 cr. hrs.
Definitions of democracy and democratization; causes of regime transition and consolidation; market economics and democracy. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POS 6461. Politics of Development. 3 cr. hrs.
The interplay between economic growth and the development of political institutions and practices, looking at both the historical experiences of advanced industrial societies and those of developing countries currently attempting to expand the capabilities of both their economies and their political institutions. Emphasis on the political factors and conditions on which economic development depends, and on how such growth and expansion in turn affect the political order. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POS 6501. European Politics. 3 cr. hrs.
The evolution of the European nation-state system. The origins, evolution, and transformation of electoral and party systems, modes of interest representation, and national political institutions. The ascent and crisis of the Keynesian welfare state. Variations in national models of capitalism and their impacts on politics. The evolution and contemporary politics of European integration. Globalization and European political economies. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POS 6521. Chinese Politics. 3 cr. hrs.
China's problems and prospects. Economic and political reforms. International relations. An overview and history of relevant literature. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POS 6601. International Politics. 3 cr. hrs.
The development of the field of international politics. Currently used concepts and approaches. Extensive reading, short papers, discussion. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POS 6621. International Political Economy. 3 cr. hrs.
The development of the study of international political economy. Currently used concepts and approaches. Extensive reading, short papers, discussion, and a final research paper.

Covers the theories, concepts, and issues underlying conflict and security in the contemporary world. Includes classical and modern perspectives on war and peace, the sources and causes of civil wars and regional conflict, and the prospects for arms control and world peace-keeping operations. Students will be expected to write a research paper on a selected topic concerning contemporary international security. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.
POSC 6641. Globalism and Crime. 3 cr. hrs.
Theories of globalization, state sovereignty, and transnational organized crime; politics of gray and black markets; spatial dimensions of transshipment, global cities; organized crime and state power; intersection of public and private authority in managing transborder flows; drug trafficking, money laundering, and migrant smuggling and trafficking are among the subjects explored. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 6642. Nations, States and Nationalism. 3 cr. hrs.
Explores the origins and nature of nations, states, nationalism and violent secessionist movements. Addresses differing concepts of the ethnic and civic nations, the rationale for nation-states as against multiethnic states, and the sources of violent nationalisms. The core of this research seminar addresses the conflicting principles of the right of national self-determination as demanded by various ethnic groups, as against the territorial integrity and sovereignty of states as invoked by national governments. Requires a research paper on a selected topic that relates to the above issues. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 6651. International Human Rights. 3 cr. hrs.
The development of international human rights; measures to promote and protect human rights at the global and regional levels. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 6652. Nations, States and Nationalism. 3 cr. hrs.
Explores the origins and nature of nations, states, nationalism and violent secessionist movements. Addresses differing concepts of the ethnic and civic nations, the rationale for nation-states as against multiethnic states, and the sources of violent nationalisms. The core of this research seminar addresses the conflicting principles of the right of national self-determination as demanded by various ethnic groups, as against the territorial integrity and sovereignty of states as invoked by national governments. Requires a research paper on a selected topic that relates to the above issues. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 6701. United States Foreign Policy. 3 cr. hrs.
Policies of the United States toward other nations; policy formation. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 6731. International Politics of Asia. 3 cr. hrs.
Security issues among Asian states. The political economy of Asia. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 6801. Political Philosophy. 3 cr. hrs.
Explores the differentiation of justice and power with special reference to the authority of a higher law or principle of right; selections from the works of Thucydides, Plato, Aristotle, Machiavelli, and others. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 6931. Topics in Political Science. 1-3 cr. hrs.
Lectures and discussion in a broad area which, because of its topicality, is not the subject of a regular course.

POSC 6954. Research Seminar in American Politics:. 3 cr. hrs.
Research in a broad area of American politics. Potential topics include, but are not limited to: Metropolitan Politics, The American Political Economy in Comparative Perspective, Problems in Civil Liberties. May be taken more than once. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 6956. Research Seminar in Comparative Politics:. 3 cr. hrs.
Research in comparative politics. Focuses on traditional comparative politics or contemporary problems. May be taken more than once. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 6958. Research Seminar in International Politics:. 3 cr. hrs.
Research in international politics. Focuses on traditional international topics of international politics or contemporary problems. Topics may include Japanese and German foreign policy. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 6960. Research Seminar in Political Philosophy:. 3 cr. hrs.
Research in a broad area of political philosophy. Focuses on individual thinkers (e.g., Plato, Aristotle, Machiavelli, Rousseau) or on contemporary problems. May be taken more than once. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 6986. Internship in Political Science. 1-3 cr. hrs.
Practical learning experience in politics. Requires appropriate written work relating the experience to appropriately broad academic literature on the subject. Arrangements to be worked out by student, faculty member and agency concerned. Normally may be taken only once. S/U grade assessment. Prereq: Cons. of dir. of graduate studies; degree status in the POSC or INAF program; and at least one related course.

POSC 6995. Independent Study in Political Science. 1-4 cr. hrs.
Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 6998. Professional Project in Political Science. 1-12 cr. hrs.

POSC 6999. Master’s Thesis. 1-6 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.
POSC 9977. Field Placement Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 9978. Field Placement Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 9979. Field Placement Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 9985. Master’s Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 9986. Master’s Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 9991. Professional Project Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 9992. Professional Project Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 9993. Professional Project Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 9994. Master’s Thesis Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 9995. Master’s Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.

POSC 9996. Master’s Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch., cons. of graduate prog. dir., or cons. of adviser.
Social and Cultural Sciences (SOCS)

Chairperson: Jane D. Peterson, Ph.D.
marquette.edu/socs

The Department of Social and Cultural Sciences does not offer graduate degree programs. Faculty members do participate in some graduate degree programs offered under other administrative auspices. In addition, certain upper division undergraduate courses in the Department of Social and Cultural Sciences have been approved for graduate credit and may be taken, as appropriate, by graduate students in other graduate programs.

Anthropology Courses

ANTH 5144. The Rise of Agriculture. 3 cr. hrs.
Process and variation in the development of farming and herding societies. Archaeological record pertaining to domestication of plants and animals in North and South America, Near East, Africa, and East Asia.

ANTH 5245. Archaeology of Complex Societies. 3 cr. hrs.
Patterns of processes involved in the development of complex social systems. Archaeological records of state formation and urbanization in Egypt, Mesopotamia, and Mesoamerica.

ANTH 5247. Bioarchaeology: Linking Bones and Behavior. 3 cr. hrs.
Reconstructs patterns of human behavior from integrated biological data sets. Archaeological evidence is drawn from human skeletal, plant, and faunal remains. Addresses questions of nutrition, pathology, occupation, and mortuary ritual.

ANTH 5251. Human Osteology and Odontology. 3 cr. hrs.
The anatomy of the skeleton and teeth. Methods of analysis of biological dynamics of past populations including reconstruction of population structure and patterns of disease.

ANTH 5252. Origins of the Human Species. 3 cr. hrs.
The biological past of the species sapiens. The biological legacy of the non-human primate past and the fossils which exemplify the evolutionary trends of our species.

ANTH 5253. Forensic Anthropology. 3 cr. hrs.
Survey of the applications of human biology in criminalistics, including forensic applications of skeletal analysis, dermatoglyphics, DNA and hair. Studies methods of handling and analyzing these evidentiary materials, as well as the probative value each has in the criminal justice system. Special emphasis on the methods of personal identification. Reviews case studies of mass disasters, human rights abuses and homicides to demonstrate the utility of techniques taught in the course.

ANTH 5255. Sex and Evolution. 3 cr. hrs.
The evolutionary significance of sex. Mechanisms of reproduction and sexual reproduction as a source of variation. Reproductive anatomy, sexual strategies and adaptation as well as sexual selection in the order Primates.

ANTH 5316. Culture Change and Development. 3 cr. hrs.
Societal changes analyzed from holistic anthropological perspective. Recognizing factors of long-term cultural change; modernization of the West and Third World countries; ecological and social problems related to development in the contemporary world.

ANTH 5320. Culture, Law and Violence. 3 cr. hrs.
Explores domestic violence, sexual assault and the death penalty in different legal cultures across the globe. Focuses on how different cultures define and respond to violent crime as it relates to family, intimate partner violence and sexual assault. Includes discussion of cultural variations in the death penalty.

ANTH 5931. Topics in Anthropology. 3 cr. hrs.
Various topics are designated in the Schedule of Classes. May be taken a maximum of two times.

ANTH 5964. Archaeological Fieldwork. 3 cr. hrs.
An introduction to methods used in the excavation and analysis of prehistoric sites. Surveying techniques, stratigraphy, analyses of soils and landforms, analytical fundamentals of prehistoric material remains.

Criminology Law Studies Courses

CRLS 5100. Ultimate Penalties in the Criminal Justice System. 3 cr. hrs.
A critical look at the rationales and history of corporal punishment, capital punishment, and life imprisonment without possibility of parole in order to understand the endurance of these types of sanctions in modern society. The focus will be on the philosophical, legal, social, and political aspects of the punishments. Research on ultimate punishments, such as frequency of use, characteristics of offenses and offenders, will also be presented. In addition, the course will examine the experience of sentenced offenders and their families, and correctional staff in implementing the punishments.

CRLS 5110. Media Perspectives on Urban Crime. 3 cr. hrs.
Historical overview of how urban crime has been portrayed in the media. Analysis of contemporary media presentations of urban crime, criminals, and the criminal justice system (including police, courts, and the correctional system). Social scientific theory and analysis regarding media portrayals of crime, criminals, and the criminal justice system.
CRLS 5120. Comparative Justice Systems. 3 cr. hrs.
The nature and character of police, prosecutorial, court, and correctional activity and operations in world legal systems. An examination of common law, civil law, socialist, and Islamic systems of law and social control.

CRLS 5130. Women, Crime, and Criminal Justice. 3 cr. hrs.
Examination of the roles of women in the criminal justice system. Critical analysis of the relationship of women as offenders, as victims, and as agents of social control. Review of relevant theories and practices and both historical and contemporary issues.

CRLS 5150. White Collar Crime. 3 cr. hrs.
Survey of current theoretical, research and public policy issues regarding white-collar crime. Definitions of white-collar crime as well as various typologies of white-collar crime activity. The nature, extent, and consequences of white-collar crime in the U.S. strategies for combatting white-collar crime as well as prospects of alternative systems of control, such as civil litigation, will be assessed.

CRLS 5170. Organized Crime. 3 cr. hrs.
Examination of the political, social, and economic conditions involved in the appearance and expansion of organized crime in the United States. Descriptions of structures as well as internal and external dynamics, including incentives and penalties employed by criminal groups. Explanation of investigative techniques and impact of police, courts, and correctional agencies.

CRLS 5250. Clinical Criminology. 3 cr. hrs.
The theory, research and practice dimensions of clinical criminology, with a focus on sociological, psychiatric, biological, biosocial learning, cognitive, psychoanalytic theory. Examination of deviant and/or criminal interactions and their consequences. Topics for possible inclusion: substance abusers, psychopathic and violent offenders, spouse and child abusers, sex offenders, juvenile offenders, female offenders. Orientation to clinical techniques and therapy as they apply to intervention, decision-making, incarceration and sentencing, and modifications of behavior.

CRLS 5340. Financial Crime Investigation. 3 cr. hrs.
Introduces current perspectives and procedures used by the financial investigator in detecting and resolving financial crimes. Includes specific study of: methods of tracing funds, financial record keeping, accounting, interviewing techniques and law and evidence as they relate to financial investigations.

CRLS 5400. Criminal Law and Procedure. 3 cr. hrs.
Studies criminal substantive law; constitutional limits and principles of criminal law and liability; defenses to criminal liability; definitions and classification; criminal procedure of crimes; constitutional limits and protections of criminal procedure.

CRLS 5500. Criminal Investigation. 3 cr. hrs.

CRLS 5550. Crime Control. 3 cr. hrs.
Contemporary issues in criminal justice and social control. Evaluates the effectiveness of various crime control strategies and explore their social utility and implications for social stratification. Discusses crucial socio-legal questions and philosophical debates concerning crime control policies.

CRLS 5600. Evidence. 3 cr. hrs.
Basic principles of the law of evidence. Presentation of oral and demonstrative evidence in the trial process. The quantum of proof in criminal proceedings.

CRLS 5620. Victim Services and Policies. 3 cr. hrs.
Explores the history of victim services, the effects of victimization on individuals, families, and communities, and policy development. Also focuses on services available to victims both within the criminal justice system and externally. Specialized topics may include: family violence, workplace violence, public tragedy, violent crime, and white collar crime.

CRLS 5640. Family Violence and Public Intervention. 3 cr. hrs.
Analysis of maltreatment of children, youth, spouses, and seniors within the family. Examination of causes and intervention methods emphasizing the response of actors and government agencies.

CRLS 5660. Criminal Violence in America. 3 cr. hrs.
Analysis of violent crime in American society and ways in which the criminal justice system responds to it. Examination of the causes of violent crime, its prevention, treatment and public policy ramifications. Historical and contemporary understanding of the significance of violence in American culture. Critical evaluation of methods utilized to deal with violent offenders.

CRLS 5931. Topics in Criminology and Law. 3 cr. hrs.
Lectures and discussions in a broad area which, because of its topicality, is not the subject of a regular course. The special topics will be designated in the Schedule of Classes. May be taken a maximum of two times.

CRLS 5951. MU Led Travel/Study Abroad. 3 cr. hrs.
Course taught in an international setting by Marquette professors and where students earn Marquette credit. Study Abroad expenses apply.

Social Welfare and Justice Courses

SOWJ 5300. Advanced Practice in Social Welfare and Justice. 3 cr. hrs.
Students strengthen their skills in interviewing, data collection, problem appraisal, and the development of contracts for planned change. Competence is developed in carrying out contract plans, evaluating results, renegotiating contracts and terminating contracts. Working with families and groups is further examined.
SOWJ 5500. Ethics in Social Welfare and Justice. 3 cr. hrs.
An in-depth examination of ethical issues and special challenges that characterize the fields of social work, social welfare and social justice. Explores value dilemmas, stresses and frustrations that may confront professionals in these fields.

SOWJ 5600. Faith-based Activism. 3 cr. hrs.
Analyzes sociologically a range of historic and contemporary faith-based movements through the lens of social movement theory. Examines variations in goals, framing, strategies, mobilization, engagement of symbols and movement cultures as they are recorded in movement literature, oral histories, archives, films and scholarly studies. Prereq: SOWJ 1001 or cons. of instr.

SOWJ 5700. Global Aid and Humanitarianism. 3 cr. hrs.
Examines debate over what brings success and failure to global aid and humanitarian work. Begins with a focus on global poverty and debate between macro- and micro-economic solutions. Students then examine the development of the aid industry and international frameworks for humanitarian work, followed by exploration of various successful and failed attempts to deal with global issues, such as natural disasters, war, child welfare and human trafficking.

SOWJ 5931. Topics in Social Welfare and Justice. 3 cr. hrs.
Special areas and themes. Specific topics will be designated in the Schedule of Classes.

Sociology Courses

SOCI 5050. Urban Ethnography: The City as Laboratory. 3 cr. hrs.
Explores urban processes and institutions "from the inside." Initially focuses on the study of various ethnographies. Next, requires "hands-on" research, involving: observing human interaction, preparing field notes, conducting focused interviews, analyzing the collected data, and preparing a data-based research paper.

SOCI 5100. Urban Life. 3 cr. hrs.
Social psychological aspects of urban life and experience. Implications of urbanization for individuals and groups. Ecological, cultural, and institutional influences. Interpersonal and intergroup relations in urban settings. Topics may include conflict, alienation, diversity.

SOCI 5130. Sociology of Human Values. 3 cr. hrs.
Definitions of values in economics, linguistics, communication and sociology. The value system of selected sociologists. Values and sociocultural pluralism.

SOCI 5200. Personal Troubles and Public Issues. 3 cr. hrs.
Deals with the social realities of troubles, which range from circumstances that we treat as irksome to major traumas in our lives that become social problems. Focuses on the commonalities shared by these various social constructions. Draws from a variety of disciplines, notably sociology, social work, anthropology, history, psychology, linguistics and rhetorical studies. SOCI 1001 recommended.

SOCI 5250. African-American Social Thought. 3 cr. hrs.
Examination of historical and contemporary writings of Black social theorists. The impact of historical, social, economic, and cultural factors on Blacks in the United States and alternative strategies for change.

SOCI 5270. Urban Sociology. 3 cr. hrs.
Urban society with special consideration of the problems of dealing with the structures, institutions, agencies and decision-making units in a metropolitan area.

SOCI 5300. Sociology of Aging. 3 cr. hrs.
The place of the aged in contemporary society. Disengagement and the social integration of older persons. Roles linking older persons to society and roles in hospitals, nursing homes and homes for the aged.

SOCI 5400. Social Inequality. 3 cr. hrs.
Theories and systems of social class in modern society. Societal structures and processes resulting from stratification phenomena.

SOCI 5420. Sociology of Religion. 3 cr. hrs.
The sociological study of religious groups, institutions and behavior, including relationships between religion and other areas of social life.

SOCI 5440. Sociology of Education. 3 cr. hrs.
Sociological analysis of educational institutions with primary emphasis on contemporary U.S. urban education, student subcultures, school-community relations and innovations.

SOCI 5450. Sociology of Sex and Gender. 3 cr. hrs.
Biological and cultural bases of sex and gender patterns. Impact of major social institutions and processes on maintenance of gender patterns, with questions of power and dominance central to discussion. Benefits and costs of stereotypic gender patterns. Mechanisms and alternative directions for change. Includes historical and cross-cultural research.

SOCI 5460. Sociology of Work and Occupations. 3 cr. hrs.
The diverse ways in which human beings make their livings in both industrialized and nonindustrialized societies. Career patterns and work problems. Theories about work and workers. Proposals for improving the quality of modern work.

SOCI 5480. Complex Organizations. 3 cr. hrs.
Theories and research on the sociology of organization. The social functions, structures and processes of formal and informal organizational systems in modern society and their relationships to social behavior. The nature and place of bureaucracies in complex societies.
SOCI 5600. The Social Reality of Crime and Justice. 3 cr. hrs.
A critical examination of the ways in which crime is defined, how crime control policies are established, and how the criminal justice system responds to the problem of crime. Specific attention given to the social and political context in which crime is talked about and responded to. Examines alternative approaches to crime control, such as peacemaking criminology and restorative justice.

SOCI 5660. Law and Society. 3 cr. hrs.
The social components of legal organizations and procedural systems. The role of law as an instrument of social control and social change.

SOCI 5680. Sociology of Mental Illness. 3 cr. hrs.
Review of major sociological and social psychological models of madness. Analysis of definitions and responses to mental illness. Study of the social processing involved in the production, recognition and treatment of mental illness.

SOCI 5700. Political Sociology. 3 cr. hrs.
The interrelationship of politics and society. Special consideration of leadership analysis, party systems, public opinion, electoral behavior and conflict situations.

SOCI 5720. Sociology of Community. 3 cr. hrs.
Discussion of contemporary problems of rural, urban and suburban communities including ecological and communication patterns, problems of identity, organization and motivation.

SOCI 5740. Social Change. 3 cr. hrs.
Selected topics dealing with models and theories of innovation, diffusion, resistance to change and associated conflict in and between social systems. Contents vary; subtitles indicate precise contents.

SOCI 5931. Topics in Sociology. 3 cr. hrs.
Lectures and discussions in an area which, because of its topicality, is not the subject of a regular course. Specific topics will be designated in the Schedule of Classes.

SOCI 5951. MU Led Travel/Study Abroad. 3 cr. hrs.
Course taught in an international setting by Marquette professors and where students earn Marquette credit. Study Abroad expenses apply.
Speech-Language Pathology (SPLA)

Chairperson: Edward W. Korabic, Ph.D.
marquette.edu/chs/speech/graduate.shtml

Degrees Offered

Master of Science, students are admitted under Plan B (non-thesis option) but may request Plan A (thesis option); Certificate

Specializations

Master’s: None

Certificate: Bilingual English-Spanish

Program Descriptions

Master’s Degree Program

The speech-language pathology program, leading to the master of science degree, is offered through the Department of Speech Pathology and Audiology and is accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association (CAA-ASHA). The program is directed at preparing students for the Certificate of Clinical Competence in Speech-Language Pathology (CCC-SLP). For students interested in licensure as a public school speech-language clinician, the program meets the requirements of the Department of Public Instruction of the state of Wisconsin (DPI-Wis.) for licensure as a speech-language pathologist.

The graduate curriculum in speech-language pathology offers advanced course work in the prevention, identification, evaluation and treatment of speech, language and hearing disorders in both children and adults, meeting both the academic and clinical requirements of the American Speech-Language-Hearing Association and the licensure requirements of the state of Wisconsin.

The master of science program in speech-language pathology typically takes two years (four terms and one summer session) to complete; however, the time required to complete degree and certification/licensure requirements may be shorter or longer depending on the student’s academic/clinical background, needs and special interests.

Bilingual English-Spanish (BIES) Certificate Program

A bilingual English-Spanish certificate (BIES) is offered only through the master’s degree program. This certificate program prepares speech-language pathologists who are proficient in Spanish to evaluate and treat communication disorders in individuals who speak Spanish or are bilingual (Spanish-English). Candidates for the BIES must be accepted to the master of science program in speech-language pathology. Candidates also must complete an application to the BIES program and meet language proficiency requirements established by the American Council for the Teaching of Foreign Languages.

Graduate-level academic course work for the BIES may fulfill elective requirements for the master of science degree in speech-language pathology. Clinical practicum hours through the BIES program will apply toward a master of science degree, ASHA certification and DPI licensure requirements. All course work is based on guidelines suggested by the American Speech-Language-Hearing Association for speech-language pathologists providing bilingual assessment and intervention.

Prerequisites for Admission

Applicants should have graduated with, or are about to graduate with, a bachelor’s degree from an accredited institution with a major in communicative disorders, or its equivalent, and an undergraduate grade point average of B or above. Students who do not meet these standard requirements must be prepared to complete undergraduate background courses as advised by the program director.

Application Deadline

To be considered for admission, all application requirements must be completed and received in the Graduate School by Jan.15. Students admitted to the speech-language pathology program are not permitted to defer their admission.

Application Requirements

Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation from individuals familiar with the applicant’s academic and clinical work.
4. A personal statement of career interests and goals.
5. GRE scores (General Test only). Waived for applicants to the accelerated bachelor’s-master’s degree program.

6. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

7. (For BIES applicants only) a statement of purpose which must address Spanish proficiency, Spanish course work completed, any study abroad, and reasons for pursuing the BIES along with how it will influence the applicant’s future.

Students with Communicative Disorders

The Department of Speech Pathology and Audiology at Marquette University is dedicated to graduating students with optimum preparation for successful careers in the profession of communication disorders. Since voice, fluency, articulation, language or hearing impairments may interfere with a clinician’s ability to effectively treat persons with communication impairments, we encourage students in our program with such impairments to seek treatment.

English Proficiency

Our department supports the position of the American Speech-Language-Hearing Association in encouraging persons of diverse backgrounds to enter the field of communication disorders. All students in the Department of Speech Pathology and Audiology must provide evidence of adequate written and verbal communication skills in Standard American English necessary to meet academic and clinical requirements. Non-native speakers of English will work closely with their advisers throughout the course of their study toward establishing this proficiency prior to enrollment in clinical practicums. Students who speak with accents and/or dialects may seek assistance in improving these skills at the recommendation of department instructional staff.

Accelerated Bachelor’s-Master’s Degree Program

The Department of Speech Pathology and Audiology offers early admission into its master of science degree program in speech-language pathology to Marquette University students majoring in speech pathology and audiology. Students can apply for admission to this program in the second semester of their undergraduate junior year. Students accepted into the accelerated degree program are eligible to enroll in up to 12 credits of speech pathology and audiology (SPPA) course work that carry graduate credit during their senior year. Credits obtained for these courses can be used to fulfill both undergraduate and graduate degree requirements. Once students inform the Graduate School of their completion of their undergraduate degree requirements, their graduate admission as a regular degree status student is activated. Students interested in this program can obtain further information from the Speech Pathology and Audiology Department office.

Speech-Language Pathology Master’s Requirements

Students are admitted to the program in Plan B, but may transfer to Plan A with approval from the Graduate School and the SPLA program.

For both Plan A and Plan B, one half of the completed course work must be in 6000-level courses acceptable for graduate credit only.

Thesis Program (Plan A)

A student must complete a minimum of 40 credit hours of course work, plus six credit hours of thesis work, pass a written comprehensive examination and submit an approved thesis.

Non-Thesis Program (Plan B)

A student must complete a minimum of 46 credit hours of course work and pass a written comprehensive examination.

Undergraduate Prerequisites

A student seeking the master of science degree in speech-language pathology must have completed the following courses, or their equivalents per adviser approval, at either the graduate or undergraduate level prior to admission into the graduate program: anatomy and physiology of speech mechanism, phonetics and phonology, child language development, child speech sound disorders, speech science, introduction to audiology, intervention methods in speech-language pathology, stuttering and other fluency disorders, multicultural issues, diagnostic methods, and hearing disorders. Any courses that have not yet been taken will be included in the graduate plan of study.

Required Course Work

A master of science student must complete 46 credit hours at the graduate level. The program of course work will be determined in consultation with the student’s adviser and will be based on the academic background of the student. Course work includes regular courses, clinical practicum, independent studies and thesis work (for students following Plan A) numbered 5000 or above. Up to 12 credits of graduate-level course work completed prior to admission into our graduate program with a grade of B or better can be transferred and applied toward the 46 credit hour requirement.

Comprehensive Examination

The Praxis Series Specialty Area Test in Speech-Language Pathology, administered by the Educational Testing Service (ETS), is the master’s comprehensive examination used for students in the speech-language pathology program. The student must take the Praxis examination no earlier than 6 months prior to graduation and receive a passing score (600 out of 800). Results of the examination must be received in the Department of Speech Pathology and Audiology by the time final grades are due in the student’s final semester of study.
Bilingual English-Spanish (BIES) Certificate Requirements

The BIES program requires students to be enrolled in the master of science degree program in speech-language pathology and complete the following four (4) academic courses:

Graduate or Undergraduate Level

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>SPAN 4120/5120</td>
<td>Spanish Phonetics and Applied Linguistics</td>

Courses

SPPA 5230. Stuttering and Other Fluency Disorders. 3 cr. hrs.
Introduction to the symptomatology, phenomenology, etiology, assessment and management of stuttering and other fluency disorders in children and adults.

SPPA 5520. Hearing Disorders. 3 cr. hrs.

SPPA 5530. Audiological Rehabilitation. 3 cr. hrs.
An in-depth look at the process of adult aural rehabilitation and how amplification, assistive listening devices, sensory aids, visual communication training, auditory training and counseling contribute to that process.

SPPA 5610. Multicultural Issues for Speech-Language Pathologists. 3 cr. hrs.
The study of culture and communication in linguistically diverse populations [i.e., Non-Standard American English speakers, Native Americans, (with emphasis on Wisconsin Native tribes) Asians, and Latinos]. Includes L1 and L2 acquisition profiles and information pertaining to service delivery with non-native English speakers. Emphasizes the U.S. Latino population. Explores knowledge and understanding of racism. Meets the multicultural requirements for the Wisconsin Department of Public Instruction licensing in speech-language pathology.

SPPA 5720. Diagnostic Methods in Speech-Language Pathology. 3 cr. hrs.
Provides the students with an understanding of the components inherent in the diagnostic process. These include, but are not limited to: a) an overview of diagnostic models, b) sources of delays and disorders, c) purposes of assessment, d) interviewing techniques, e) testing and measurement caveats, f) framework for analysis of the data, g) interpretation of results to families or referral sources, and h) report writing.

SPPA 6160. Neurological Bases of Speech and Language Disorders. 3 cr. hrs.
Focuses on fundamentals of neuroscience as it relates to human behavior. Areas discussed include: clinical neurology, neuroanatomy and physiology, neuroembryology, neuroradiology, neurosurgical principles, sensorimotor systems and their applications in the assessment and management of neurogenic communicative disorders.

SPPA 6210. Child Language Intervention Issues. 3 cr. hrs.
Includes basic information pertaining to current theories of language impairment in children. A detailed examination of the linguistic characteristics typical of children with primary and secondary language impairments is provided along with issues concerning the differential diagnosis of children with language disorders. Provides information pertaining to both theoretical and applied aspects of language intervention from infancy through adolescence. Issues pertinent to assessment and intervention with multicultural populations are embedded in the lecture material throughout the term.

SPPA 6220. Child Speech Sound Intervention. 3 cr. hrs.
Advanced study of issues relevant to the assessment and treatment of children with speech sound disorders. Topics include: phonetic transcription of dialectal speech, measures of phonological development, analysis of speech error patterns, and methods for the remediation of speech delay and residual articulation errors. Prereq: SPPA 2220 or equiv.

SPPA 6320. Adult Language Disorders. 3 cr. hrs.
A comprehensive review of neurogenic disorders of adult language. Topics include: differential diagnosis of aphasia, linguistic analysis of different aphasic syndromes, clinical testing, and rehabilitation. Also discusses differential diagnosis of language disturbances associated with dementia and right/left hemispheric pathologies. Prereq: SPPA 6160, which can be taken concurrently.
SPPA 6330. Neuromuscular Disorders. 3 cr. hrs.
A survey of the etiology, symptomatology and clinical management of major neuromuscular and organic articulation disorders. Topics discussed include dysarthria and apraxia. Prereq: SPPA 6160.

SPPA 6340. Cognitive Disorders. 3 cr. hrs.
Provides a theoretical and clinical framework for understanding the neuropsychological-cognitive-communicative and psychosocial issues associated with neurologic brain injuries and for providing treatment of impaired cognitive-communicative processes. Incorporates knowledge of cortical functions and human cognition for evaluating the communicative-cognitive disorders. Students learn about treatment implementation and communicative counseling by actively solving clinical problems. Prereq: SPPA 6160 and SPPA 6320.

SPPA 6410. Voice Disorders. 3 cr. hrs.
An in-depth examination of normal and pathological voice. Topics include: forces producing phonation, measures of glottal function, and the effect of pitch, intensity and other variables on vocal function. Emphasis on the diagnosis and treatment of voice disorders using clinical instrumentation.

SPPA 6420. Swallowing Disorders. 3 cr. hrs.
Anatomy and physiology of the normal swallow in adults; anatomic and physiologic disorders affecting the process of swallowing (deglutition) with emphasis on radiographic and bedside diagnostic and treatment procedures. Includes a lab experience and analysis of videofluoroscopic studies of the swallowing process.

SPPA 6430. Craniofacial Disorders. 3 cr. hrs.
Intended to provide a background in craniofacial speech disorders. Begins with a review of embryological development of the head/face, craniofacial syndromes and their etiologies, and the anatomy and physiology of the velopharyngeal mechanism. Discusses the importance of "team care" and the role of the various disciplines on the craniofacial team. Presents both instrumental and non-instrumental assessment techniques. Intervention focuses primarily on adapting traditional and phonological approaches to the treatment of craniofacial speech disorders. Prereq: SPPA 2220 or equiv.

SPPA 6540. Child Audiological Habilitation. 3 cr. hrs.
An in-depth study of the assessment, psychosocial problems, and remediation/education of children with prelingual hearing impairments. Prereq: SPPA 5520 or cons. of instr.

SPPA 6620. Speech and Language Assessment in Bilingual Populations. 3 cr. hrs.
Study of the principles and techniques of assessing bilingual populations with an emphasis on the Spanish-English bilingual speaker. Instruction in formal and informal methods and strategies for assessing speech and language skills in children and adults. Prereq: SPPA 5720 or equiv.

SPPA 6630. Speech and Language Intervention in Bilingual Populations. 3 cr. hrs.
Study of intervention approaches and techniques in the remediation of communication disorders in bilingual populations, with an emphasis on the Spanish-English bilingual speaker. Includes speech and language intervention techniques which focus on facilitating language for learning, language for communication, and the remediation of speech and language impairments in adults and children.

SPPA 6640. Augmentative and Alternative Communication (AAC). 3 cr. hrs.
Deals with certain problems met when attempting to habilitate or rehabilitate children and adults who have essentially normal hearing, for whom speech is unlikely to be adequate for at least some communicative purposes (either temporarily or permanently). Gestural and instrumental augmentative communication strategies. Provides necessary information to both select the most advantageous strategy for clients and teach them how to use it.

SPPA 6650. Intervention Issues with the Birth-to-Three Child. 3 cr. hrs.
Screening, assessment and family-based intervention issues specific to the communicative aspects of the birth-to-three child. Emphasizes identification and treatment issues specific to P.L. development, multicultural considerations, case management, and interdisciplinary/transdisciplinary assessment and intervention.

SPPA 6730. Procedures in Medical and School Settings. 3 cr. hrs.
Introduces terminology, laws and procedural requirements for speech-language pathology programs in both school and medical settings. Presents documentation and professional interactions in a variety of work settings. Utilizes a combination of lecture and simulated activities to prepare students for functioning in off-campus medical and school placements. Addresses Wisconsin school and medical speech-language pathology licensing and national certification requirements.

SPPA 6740. Issues in Medical Speech-Language Pathology. 3 cr. hrs.
An examination of rehabilitative techniques for laryngectomized individuals including esophageal voice production, artificial laryngeal devices, surgical-prosthetic speech rehabilitation techniques, psychosocial intervention, surgical procedures for subtotal and total laryngectomy, and research in laryngeal communication. Includes clinical practicum experience with laryngectomy clients. In addition, addresses special topics related to laryngeal voice disorders via in-depth discussion of current research.

SPPA 6750. Clinical Research Methodology. 3 cr. hrs.
Overview of research design and its application to the field of speech-language pathology. Factors affecting validity of research. Different types of experimental and quasi-experimental designs. Analysis and presentation of research data. Ethical, financial, and practical factors that affect the conduct of research.

SPPA 6760. Professional Affairs in Speech Pathology. 3 cr. hrs.
Administrative organization, problems and practices in various settings in which speech and hearing clinicians function: school systems, community clinics, hospitals, universities, training centers, and in private practice.
SPPA 6790. Clinical Grand Rounds in Speech-Language Pathology. 1 cr. hr.
Presentation of challenging cases in communication/swallowing disorders. Prereq: Completion of at least 20 graduate credit hours in speech pathology and audiology.

SPPA 6961. Special Institute/Workshop/Project. 3 cr. hrs.

SPPA 6965. Practicum in Speech-Language Pathology: Campus Clinic. 1 cr. hr.

Participation in the campus Diagnostic Clinic in speech and language disorders. Additional credit (1 credit) available for students doing additional diagnostic work off-campus and on campus in the Speech and Hearing Clinic. S/U grade assessment. Prereq: SPPA 5720.

SPPA 6967. Practicum in Speech-Language Pathology: School Setting. 3 cr. hrs.
Fee. Speech pathology practicum in a school setting. S/U grade assessment. Prereq: SPPA 5720 and SPPA 6730. Use of private car possibly required for student teaching affiliations inaccessible to public transportation. Student is responsible for transportation costs.

SPPA 6968. Practicum in Speech-Language Pathology: Medical Setting. 3 cr. hrs.

SPPA 6995. Independent Study. 1-3 cr. hrs.
Prereq: Cons. of dept. ch. and cons. of SPPA M.S. dir.

SPPA 6999. Master's Thesis. 1-6 cr. hrs.

SPPA 9978. Field Placement Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch. and cons. of SPPA M.S. dir.

SPPA 9979. Field Placement Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch. and cons. of SPPA M.S. dir.

SPPA 9984. Master's Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch. and cons. of SPPA M.S. dir.

SPPA 9985. Master's Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch. and cons. of SPPA M.S. dir.

SPPA 9986. Master's Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch. and cons. of SPPA M.S. dir.

SPPA 9995. Master's Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch. and cons. of SPPA M.S. dir.

SPPA 9996. Master's Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch. and cons. of SPPA M.S. dir.
Theology (THEO)/Religious Studies (REST)

Chairperson: Susan K. Wood, SCL, Ph.D.
marquette.edu/theology/graduate.shtml

Degrees Offered

Theology

Master of Arts in Christian Doctrine (M.A.C.D.)

Master of Arts in Theology (M.A.), students are admitted under Plan B (non-thesis option) but Plan A (thesis option) is also offered

Religious Studies

Doctor of Philosophy

Specializations

M.A.C.D.: None

M.A.: Judaism and Christianity in Antiquity, Historical Theology, Systematic Theology/Theological Ethics

Ph.D.: Judaism and Christianity in Antiquity, Historical Theology, Systematic Theology, Theological Ethics, Theology and Society (includes Healthcare Mission and Ethics)

Program Descriptions

The Theology Department offers master’s and doctoral programs aimed at giving students an integrated approach to theological studies, emphasizing, within theological specialties, the interaction of Judaism and Christianity in antiquity, historical, systematic and ethical approaches to theology. The programs seek to develop scholars who can make significant contributions to theological research and writing and college and high school teachers who can teach a broad range of courses. This broad theological background has enabled program graduates to enjoy enviable success in securing teaching positions in over 200 colleges and universities, in church work and ministry and in a variety of other educationally related institutions.

The master of arts in Christian doctrine (M.A.C.D.) focuses on an ecumenical appropriation and communication of Christian doctrine for those teaching in Catholic high schools, for those interested in other religious education or formation programs and for persons interested in theological enrichment or in serving various other needs in religious communities.

The master of arts in theology (M.A.) is intended primarily, but not exclusively, for those who intend to pursue a doctoral degree in theology or religious studies. The degree provides professional competence in the field of theological studies.

The doctor of philosophy in religious studies (Ph.D.) is a terminal academic degree producing professional specialists in one of the following areas: Judaism and Christianity in antiquity, historical theology, systematics and theological ethics. The degree provides supporting competence in the other areas as well.

Prerequisites for Admission

Master of arts in Christian doctrine (M.A.C.D.) applicants should have an undergraduate degree with a major in theology (religion, religious studies) or some other appropriate background. Students should have some familiarity with Scripture and basic Christian doctrines. Opportunities to make up undergraduate deficiencies are available.

Master of arts in theology (M.A.) applicants should have an undergraduate major in theology (religion, religious studies) or other background (e.g., classics, philosophy) appropriate for graduate study in theology. A minor in philosophy is recommended for those planning to study systematic theology. Ideally, all applicants should have some familiarity with Scripture and basic Christian doctrine. The program offers ample opportunities for making up undergraduate deficiencies.

Doctorate in religious studies (Ph.D.) applicants should have a master’s degree or its equivalent in theology.

Application Deadlines

No official deadline exists for the master of arts in Christian doctrine (M.A.C.D.). Applications are reviewed on a rolling basis, and admitted students may begin their program in summer, fall or spring.

Master of arts (M.A.) application files must be complete by Dec. 15, including all supporting documents, for fall admission and financial aid consideration. Applicants not competing for financial aid may apply up to May 15. Master of arts students may only begin their program in fall or summer.
Doctoral (Ph.D.) application files must be complete by Dec. 15, including all supporting documents, for fall admission and financial aid consideration. Applicants will be notified of Marquette’s admission decision by March 31. Doctoral students may only begin their program in fall.

Application Requirements

Applicants to all graduate programs in the Department of Theology must submit an online application directly to the Graduate School via the link found at marquette.edu/grad.

Applicants to the M.A. and M.A.C.D. programs must submit the following materials:

1. A completed application form and fee.
2. Complete, official undergraduate and graduate transcripts from all current and previous colleges/universities except Marquette, sent by issuing institutions directly to the Graduate School.
3. Results of the Graduate Record Examination (General Test only).
4. A brief statement of purpose that includes: reasons for wanting to enter the program, vocational objectives, special areas of interest, and reasons for selecting Marquette’s program.
5. Three letters of recommendation.
6. (For applicants without an undergraduate degree in theology) a list of all college work in theology - course work, level and instructor, even though some of this also appears on official transcripts submitted.
7. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

Applicants to the Ph.D. program should submit the following materials:

1. A completed online application form and application fee.
2. Complete, official undergraduate and graduate transcripts from all current and previous colleges/universities except Marquette, sent by issuing institutions directly to the Marquette Graduate School.
3. Results of the Graduate Record Examination (General Test only).
4. A brief statement of purpose that includes: reasons for wanting to enter the program, vocational objectives, special areas of interest, and reasons for selecting Marquette’s program.
5. Three letters of recommendation. (Note: For applicants who are current Marquette students, and who plan to stay at Marquette for the doctorate, three new letters of recommendation are required.)
6. A statement of language proficiency: a list of formal course work, especially graduate reading courses, indicating when and where taken and grade earned; a description of private study, indicating when and where undertaken; and an estimate of present facility in reading, writing and speaking.
7. An academic writing sample of not more than 20 pages.
8. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

Master of Arts in Christine Doctrine (M.A.C.D.) Requirements

The M.A.C.D. degree requires 30 credit hours of course work. Up to 9 credit hours of 5000-level courses are acceptable for graduate credit if additional readings and writing assignments are arranged with the respective professor and completed satisfactorily. After successfully completing all course work, students will be required to write a comprehensive paper that integrates what they have learned in their courses and applies what they have learned to their career goals. M.A.C.D. candidates have no foreign language requirements. The M.A.C.D. is intended to be a terminal degree.

Core Courses and Electives

Of the 30 total credit hours of course work, 21 credit hours must be taken from the core courses:

<table>
<thead>
<tr>
<th>Course</th>

</tbody>
</table>

Total Credit Hours 21

In certain circumstances and in consultation with a student’s academic adviser, equivalent courses may be taken.
For the 9 credit hours of electives (three courses), the student must choose one course in each of the principal theological disciplines: Judaism and Christianity in antiquity, historical and systematics/ethics. In certain circumstances, and with the permission of the M.A.C.D. program adviser, the elective courses can be chosen from the following course ranges.

One from any of the following Judaism and Christianity in antiquity courses: THEO 5000 Digging the Bible: Archeology and Biblical Studies to THEO 5190 Studies in Biblical Theology;

One from any of the following historical courses: THEO 5200 Theology in the Early Church to THEO 5290 Studies in Historical Theology; and

One from any of the following systematics/ethics courses: THEO 5300 Contemplative Atheism and Theism to THEO 5540 Hinduism, Yoga, and Buddhism.

Master of Arts in Theology (M.A.) Requirements

A master’s student must complete 30 credit hours of course work, submit an approved research project, fulfill the department’s foreign language requirement and pass a comprehensive examination.

Core Courses and Electives

Master’s students may pursue either a Plan A or Plan B course of study. The student is assumed to be in Plan B unless a formal request to transfer to Plan A is approved by the department chairperson and the Graduate School.

The course work requirement for Plan A consists of 18 credit hours of core courses, six credit hours of electives, and six credit hours of work on the research project. Course work for Plan B consists of 18 credit hours of core courses and 12 credit hours of electives, in addition to completing a non-credit research project.

Master’s students in both Plans A and B must take 18 credit hours of required core courses:

</tbody>
</table>

In consultation with an adviser, and not later than the end of the first year of study, each student will choose a specialization (Judaism and Christianity in antiquity, historical or systematics/ethics). A student in Plan A must complete three credit hours of elective course work in each of the areas not chosen for specialization and six credit hours of work on a research project in the area of specialization. A student in Plan B must complete six credit hours of elective course work in the area of specialization and three credit hours in each of the other two areas.

Foreign Language Requirements

All students in the master of arts program in theology are required to pass a competency examination in German, French or another modern foreign language recognized as essential to the student’s research.

M.A. Comprehensive Examination

After all other requirements have been met, the comprehensive examination is administered by the Master of Arts Examination Committee. The exam is offered in April, July, and November. The examination is in three parts, each of which has two sections.

2. Historical: Origin to Late Medieval, Late Medieval to Early Modern
3. Systematics and Theological Ethics

The three parts, each two hours in duration, are taken at the same examination session. Each part of the comprehensive examination consists of six questions, from which the student must answer three, including at least one from each section. All questions are based on the current master’s bibliography and questions. The bibliography and questions are available through the departmental website at marquette.edu/theology/theologygraduateformsanddocuments.shtml. Additional information may be found in the department’s Procedures and Policies handbook.
Doctor of Philosophy in Religious Studies Requirements

All students entering the doctoral program are required to take the master’s proficiency exam, a minimum of 60 credit hours of graduate theology course work, plus 12 credit hours of dissertation work, fulfill the department’s foreign language requirement, pass qualifying examinations, and submit and successfully defend a dissertation.

M.A. Proficiency Examination

All students entering the doctoral program are required to take the master’s proficiency examination (equivalent to the master’s comprehensive examination described in the M.A. section above) approximately one week before beginning their program. Passing the examination demonstrates a broad, master’s level proficiency - the equivalent of material covered in Marquette’s core courses - in each of the three major theological disciplines: Judaism and Christianity in antiquity, historical theology and systematics/ethics. The examination helps students and advisers to identify those areas which require additional preparation before beginning doctoral-level course work. This is in keeping with the character of the Marquette doctoral program in which specialization builds upon a sound knowledge of the history of the theological tradition. The bibliography and questions for the exam are available through the departmental website at marquette.edu/theology/theologygraduateformsanddocuments.shtml. Additional information may be found in the department’s Procedures and Policies handbook. Any student who does not demonstrate proficiency in one or more of the sections on the examination, or after a second examination during the first term, is required to take the related master’s level course. These courses do not count toward the final 60 hours required for doctoral-level course work.

Core Courses and Electives

The doctoral program in religious studies offers six areas of specialization. The doctoral qualifying examination (DQE) will emphasize the student’s chosen area of specialization. A student specializing in Judaism and Christianity in antiquity, historical theology, systematic theology or theological ethics must complete 36 credit hours of course work in the area of specialization and approximately 12 credit hours of course work in each of the other two areas.

A student in the theology and society specialization must complete at least 30 credit hours of theology course work (primarily in one area of specialization: Judaism and Christianity in antiquity, historical or systematics/ethics) selected around the theology and society theme, at least 9 credit hours in each of the two other areas of theology (at least 18 total), and 12 credit hours in one or more human sciences (economics, education, English, history, philosophy, political science, psychology) related to the theology and society theme. Students pursuing the healthcare mission and ethics track within the theology and society specialization must complete the 12 credit hours in healthcare related courses (such as: NURS 6007 Ethics, Policy, and Health Care Advocacy, NURS 6009 Organizational and Systems Leadership, HEAL 6841 Health Care Finance, HEAL 6846 Health Care Informatics, HEAL 6848 Health Care Policy, LAW 7156 Current Issues in Health Law, LAW 7181 Elder Law and LAW 7221 Health Law). Students in this track may be required to take additional course work, beyond the 60-credit-hour requirement, to certify their qualifications in both theology and the allied discipline. Qualifying examinations and dissertation topics for doctoral students in the theology and society specialization are expected to reflect the cross-disciplinary nature of the course work.

All doctoral students must complete an approved Doctoral Program Planning Form by the end of their first year of course work.

Doctoral Qualifying Examination (DQE)

This examination may be taken once the student has fulfilled the language requirement and is in the final semester of course work. The student obtains a copy of the area topics from the Department of Theology Web page and then, working with his or her adviser, chooses three topics in the major area and one in each of the two minor areas for presentation in the examination. (Responsibility for preparing the lists of topics rests with the faculties of the separate areas of concentration with the approval of the Graduate Committee.) The student submits the application form with tentative examination dates, the list of topics and the names of eight regular faculty members who have agreed to serve on the board (including normally, that of the adviser) to the Graduate Committee. The student also submits a list of all graduate courses in theology, according to areas, whether taken at Marquette University or elsewhere. The Graduate Committee then approves an examination board of five members, three from the student’s major area and one from each of the two minor areas and approves a chair for this board. The chair is normally a faculty member in the student’s major area; the student’s adviser may not serve as chair.

Once the Graduate Committee’s approval is obtained, the student registers at least one month before the qualifying examination with the assistant to the chair for the examination. There are no scheduled dates for qualifying examinations in the department. A student is free to register for any date falling on a regular class day between Sept. 1 and May 10. Once a student registers, this date should not be changed except for serious reasons and with the approval of the departmental chair. Soon after the DQE has been registered with the assistant to the chair, the chair of the exam informs members of the board about the day on which the DQE questions are due to the assistant to the chair. The chair of the examination board is responsible, in consultation with the other members of the board, for preparing two questions for each of the four sections of the written examination.

The student has three hours in which to answer each of the questions given. The oral examination lasts approximately ninety minutes, unless the chair of the qualifying board wishes to extend this period. The examiners are free to question the student about the examination responses, the questions given in the written portion of the examination or any other aspects of the topic areas originally chosen by the student. Each examiner, after consultation with the other members of the board if he or she so wishes, provides the chair of the qualifying board with a written evaluation of the student’s performance in both the written and oral parts of the examination. The qualifying board chair then submits these reports and his/her own chair’s report to the departmental chair for a signature and forwarding to the Graduate School. While the board will normally give unofficial notification
of the results of the examination immediately after the oral portion, the Graduate School will officially notify the student of the results after one or two weeks. A student needs four out of five 'satisfactory' judgments to pass.

To summarize the process:

The student obtains a copy of the topic areas and the application form.

In consultation with the adviser, the student selects three (3) topics in the major area and one (1) topic in each of the minor areas. The topic areas on the application form must match exactly with those on the topics list.

The student solicits three (3) faculty members in the major topic area and one (1) in each of the minor areas to serve as the examining board. Three (3) alternate faculty names must be provided. Note: The student’s adviser may be on the DQE board but may not serve as the chair.

The student prepares the DQE application form and a list of courses that the student has taken both at Marquette and in the previous graduate institution. These are submitted to the Graduate Committee. Student and adviser are notified when the examination topics and board have been approved by the Graduate Committee and an exam registration form is provided.

The faculty member who chairs the DQE board is responsible for 1) contacting the other members of the examination board to solicit the examination questions, 2) arranging with the other members of the board the time of the oral examination, 3) communicating the time and place of the examination to the student and 4) preparing the examination questions. (The assistant to the chair schedules the exam on the departmental calendar.)

Faculty members who participate in DQE boards should clarify their expectations with the student. These include, at least, the list of required materials for preparation and the number of conversations the faculty member expects to have with the student prior to the examination.

Foreign Language Requirements

All doctoral students are required to pass a competency examination in two modern foreign languages (normally German and French; another language essential for the student’s research may be substituted for one of these two in consultation with the student’s adviser). Students with a master’s degree from an institution other than Marquette must pass their first foreign language examination by the end of their first year in the program. Students must pass both German and French or other accepted modern language by the end of their second year in the program. Students must pass all language requirements prior to sitting for their doctoral qualifying examinations.

Language competency examinations are administered, for a fee, by the Department of Foreign Languages and Literatures, which also offers courses in preparation for the examination.

Students who specialize in Old Testament/Hebrew Bible studies must also pass examinations in Hebrew at the advanced level and Greek at the intermediate level of competence. Students who specialize in New Testament studies must also pass examinations in Greek at the advanced level and Hebrew at the intermediate level of competence. Students in historical theology and in systematic/ethics within the Western theological traditions must also pass a competency examination in Latin; those studying within other theological traditions must pass a competency examination in Latin, Greek or another ancient language recognized as essential to the student’s research. Students in systematic theology and theological ethics must also pass a competency examination in Latin. Students in the theology and society track have no additional language requirements beyond the two modern foreign languages (normally German and French; another language essential for the student’s research may be substituted for one of these two in consultation with the student’s adviser). Students in the healthcare mission and ethics track are required to pass competency examinations in Latin and one other modern language (normally German or French; another language essential for the student’s research may be substituted for one of these two in consultation with the student’s adviser).

Doctoral Dissertation

The student chooses a topic that falls within the scope of the department’s understanding of religious studies and for which the student can locate a member of the department faculty with the competence and interest necessary for being the director. The student is encouraged to identify a topic and an available director toward the end of course work or while preparing for the qualifying examination. A dissertation outline may not be submitted to the Graduate School, however, until the qualifying examination has been completed. Once the student and the director are in agreement on the dissertation proposal, the student fills out the Doctoral Dissertation Outline. The student submits this (unsigned) outline to the Graduate Committee, with a cover letter from the director indicating his/her willingness to serve as director, together with the proposal of at least six names, exclusive of the director’s, of the full-time faculty of the department (who have also indicated their willingness to serve) for consideration as nominees to the four-person dissertation board. Outside the theology and society program, the members of a doctoral dissertation committee should be full-time members of the Theology Department unless a special request is made and approved. The departmental chair, after consultation with the departmental Graduate Committee, then nominates a board and notifies the director to convene a meeting within six weeks with the proposed board and the student to secure in writing the board’s approval of the outline or their suggested revisions. Once the board has approved the outline, it is returned to the departmental chair for a signature. It is then sent to the Graduate School. In consultation with other members of the board, the student then completes the dissertation to the satisfaction of the director.

Dissertation Defense

Once the director judges that the dissertation is ready for a public defense, and at least one month prior to the date of the defense and two months prior to the Graduate School deadline for submitting final copies of the dissertation (this is more time than the Graduate School requires), the assistant to the chair distributes the defense copies of the dissertation to the members of the board. Board members have at least one month in which to read the
dissertation by the last day of which they must inform the director whether they agree that the dissertation is ready for defense. If one or more members of the board determine that the dissertation is not ready for defense, the director, after informing the student of the situation, may reschedule it. Board members should feel free to communicate additional criticisms of the dissertation to the director before the defense. After the board members have read the dissertation, the final public defense is held. The date of the defense must be at least one month prior to the Graduate School deadline for submitting final copies of the dissertation (again, more time than the Graduate School requires). Furthermore, at least one month prior to the defense date the student must submit to the assistant to the chair an abstract (no longer than 350 words) and the announcement of public defense form. An electronic copy of the abstract should be emailed to the Graduate School. Additional copies of the program are made available to those attending the public defense. The entire board is present for the defense, with the dissertation director as chair. The candidate presents a brief summary of the work done. All the readers offer comments and question the student. Finally, the director offers comments and questions the student. Comments and questions from the floor may be invited by the director.

After the defense the student has at least three weeks to correct and revise the dissertation in light of the written and oral criticisms received. The final dissertation is submitted electronically to the Graduate School. Detailed instructions for electronic dissertation submission are available on the Graduate School’s Web page.

The following items are not part of the electronic submission, but they are still due in the Graduate School by the dissertation deadline. They will be collected/provided by the Department of Theology.

1. One paper copy of the signature page.
2. Dissertation Committee Approval form.
3. One hard copy of the dissertation for the Department of Theology library. (Your dissertation director may also ask you to provide a copy of the dissertation for his/her personal library.)

Courses

THEO 5000. Digging the Bible: Archeology and Biblical Studies. 3 cr. hrs.
An exploration of the uses and abuses of archeology relative to the field of biblical studies. Case studies in a historical approach to the intersection of archeology and biblical theology.

THEO 5010. The Bible in Its Interpretive Communities. 3 cr. hrs.
The ways in which the Bible was produced, and the ways in which it has been and is currently being used in various communities.

THEO 5020. The Bible in the Jewish Community. 3 cr. hrs.
The uses of the Bible in Jewish life and practice, in synagogue and in private use. Haggadah and Halakah.

THEO 5030. Women in the Bible. 3 cr. hrs.
Status and roles of women in selected biblical texts. Social and historical background with emphasis on narrative technique and theological themes.

THEO 5190. Studies in Biblical Theology. 3 cr. hrs.

THEO 5200. Theology in the Early Church. 3 cr. hrs.
Basic theological questions and developments during the era of the Church Fathers.

THEO 5210. History and Theology of the Christian East. 3 cr. hrs.
The Christian East from its origins, through the conversion of Constantine, to the present-day Eastern Orthodox and Oriental Orthodox Churches. Particular attention to the distinctive theological emphases of the East, as well as to the developments leading to the break in communion between Catholic (and Protestant) West and Orthodox East.

A study of Augustine’s life, writings and thought, with special attention to the Confessions, to his theology of the church and the sacraments, and to his teaching on grace and predestination, against the background of his early philosophical writings.

THEO 5230. Theology in the Middle Ages. 3 cr. hrs.
Basic theological questions and developments during the Middle Ages, from the Carolingians to the 14th century.

THEO 5240. Theology in the Reformation Era. 3 cr. hrs.
Basic theological questions and developments during the late Middle Ages and early Reformation. Also addresses current ecumenical issues.

THEO 5250. Martin Luther. 3 cr. hrs.
The thought and world of Luther, with emphasis on Luther in his Catholic context; Luther and the Bible, Augustine, the Radicals, the Pope; Luther’s theology of faith and freedom; contextual, theological and ethical.

THEO 5260. Theology in America. 3 cr. hrs.
Basic theological questions and developments from Puritanism to the present.

THEO 5270. American Catholic Life and Thought. 3 cr. hrs.
Analyzes the development of American Catholic life and thought from the colonial establishment to the present. Investigates in particular how clergymen, theologians, and laypersons came to terms with the difficulties and benefits of being Catholic in the United States.
THEO 5290. Studies in Historical Theology. 3 cr. hrs.
Significant figures and themes in the history of religious thought, examined in their historical context and contemporary significance. Topics and periods vary.

THEO 5300. Contemporary Atheism and Theism. 3 cr. hrs.
Origins and varieties of contemporary atheism. The existence of God and Christian theistic interpretations.

THEO 5310. Theology of the Holy Spirit. 3 cr. hrs.

THEO 5320. Jesus the Christ. 3 cr. hrs.

THEO 5330. Theology of the Church. 3 cr. hrs.
The Church in light of the documents, events, and charism of Vatican II. Contemporary understandings of the Church and its mission in the modern world. Special attention to post-conciliar “communion ecclesiology” and the relation of the local to the universal Church.

THEO 5340. Sacraments and Christian Life. 3 cr. hrs.
Theological overview of the major sacramental enactments of the church’s life in Christ. The witness of Scripture and Tradition, including the liturgy itself. Ethical and ecumenical dimensions.

THEO 5350. The Eucharist. 3 cr. hrs.
Biblical origins and historical evolution of the Eucharist in light of contemporary theology and ritual theory, with special focus on the Roman Rite Catholic post-Vatican II celebration.

THEO 5360. Christian Prayer and Mysticism. 3 cr. hrs.
Introduction to some of the main currents in the Christian tradition of prayer and mysticism. Origins in Scripture and the early church. Main lines of development in both Eastern and Western traditions, with a focus on the Catholic tradition.

THEO 5370. Protestant Thought and Practice. 3 cr. hrs.
Major perspectives within the broad spectrum of Protestantism. Examination of the thought of several Protestant theologians. A survey of the unity and diversity of several Protestant denominations and their respective forms of worship.

THEO 5390. Studies in Systematic Theology. 3 cr. hrs.
Significant movements and/or major figures in contemporary systematic theology. Their historical antecedents and cultural context. Specific topics to be specified in the Schedule of Classes.

THEO 5400. Christian Faith and Justice. 3 cr. hrs.
Classic and recent Christian understandings of justice as interpersonal and societal right-relations. Justice as constitutive aspect of the Gospel; love and justice; Christian responsibility in the face of injustice. Further issues, e.g. sexual and gender ethics, political and economic issues.

THEO 5405. Christian Theology in Global Contexts. 3 cr. hrs.
The reception of the Christian gospel in diverse cultures throughout the world. The challenge of inculturation and the requirements of the unity of Christian faith. The meaning of mission and evangelization outside the West. The encounter with indigenous religions.

THEO 5410. Family, Church, and Society. 3 cr. hrs.
The interaction of family, church, and society. Contemporary family patterns, their strengths and stresses; the teachings, reflection, and pastoral responses of the Church concerning marriage and family. Ecclesial and societal implications of family as “domestic church.”.

THEO 5420. Theology, Violence, and Nonviolence. 3 cr. hrs.
Non-violence as a creative solution to human oppression and violence. The relationship between non-violence and the lifestyle of such figures as Jesus, Gandhi, King. The implications of non-violence for social, political and cultural life.

THEO 5430. Theology and the Natural Sciences. 3 cr. hrs.
Theological analysis of the historical relationship between religion and the natural sciences; exploration of models for relating the two disciplines today; reflection on the theological implications of contemporary scientific discoveries and theories.

THEO 5440. Foundations of Ecological Ethics. 3 cr. hrs.
Exploration of religious foundations for ecological ethics, with a focus on the Catholic tradition and social teachings; application to contemporary ecological problems.

THEO 5450. Medical Ethics. 3 cr. hrs.
Health care practices under moral assessment from within the Christian tradition. Controversial topics facing medicine (issues of the beginning and end of life, assisted reproduction, etc.) as related to Christian moral principles.

THEO 5490. Studies in Moral Theology. 3 cr. hrs.
Selected issues in contemporary moral life; selected themes from classical and contemporary writings in moral theology and Christian ethics. Topics vary, as specified in the Schedule of Classes.
THEO 5500. Christ and World Religions: Theology of Interreligious Dialogue. 3 cr. hrs.
Global pluralism of religions considered from perspectives of Christian faith. Methods and case studies of theological dialogue with particular religious
traditions, e.g. Judaism, Islam, Hinduism, Buddhism.

THEO 5510. Survey of World Religions. 3 cr. hrs.
An overview of the major religious traditions of the world: Hinduism, Buddhism, religions of China and Japan, Judaism, Christianity and Islam.

THEO 5520. Jewish Thought and Practice. 3 cr. hrs.
Meaning of Jewish history. Philosophical and social understanding of the Jewish experience. Ruling ideas, myths, symbols, and rites. Partially funded by
the Jewish Chautauqua Society.

THEO 5530. Islam: Faith and Practice. 3 cr. hrs.
Major trends of Islamic religious thought, practice, and worship. Readings from the Qur’an and other Islamic writings. Historical approach. Current issues
and developments. Islam in the West.

THEO 5540. Hinduism, Yoga, and Buddhism. 3 cr. hrs.
Religious experience, cultic act, religious organization, theological formulation, as illustrated by two religions of India, Hinduism and Buddhism. Yoga as
spiritual discipline. Historical approach. Readings from sacred writings.

THEO 6110. Old Testament Method. 3 cr. hrs.
Introduction to the history, literature, and religion of ancient Israel. History and methods of interpretation. Prereq: Cons. of dept. ch.

Background, geography, text, language, versions, editions. Principal problems in individual books. Exegetical techniques. Hermeneutical principles.
Prereq: Cons. of dept. ch.

THEO 6130. The Gospels. 3 cr. hrs.
Formation, structure, and styles of the four canonical Gospels. Topics to be studied include: their sources, literary relationships, depictions of Jesus, role
of the Church, discipleship, and suffering. Each Gospel will be studied in terms of the communities that produced them and their relationship to other
texts. Exegesis of selected texts.

THEO 6210. Origen to Late Medieval. 3 cr. hrs.
A brief introduction to historiography and historical method with a more focused introduction to major theological issues and debates (e.g., scripture
and tradition; trinity; Christology; grace and sacraments; faith and reason; church and state) and to some of the key contributions of major eastern
and western theologians (e.g., Origen, Augustine, Pseudo-Dionysius, John of Damascus, Anselm, Abelard, Gregory Palamas, Aquinas, Bonaventure,
Scotus). Prereq: Cons. of dept. ch.; required for all master's candidates.

THEO 6220. Late Medieval to Early Modern. 3 cr. hrs.
A basic introduction to theological developments from 1350 to the end of the Enlightenment (1800). Examines major theological movements and the
thought of major thinkers (e.g., Ockham, Biel, Erasmus, Luther, Calvin, Bellarmine, Bossuet, Pascal, Spener, Edwards, Lessing, Kant) within their social,
historical, and philosophical contexts. Prereq: Cons. of dept. ch.; required for all master's candidates.

THEO 6310. Introduction to Systematic Theology. 3 cr. hrs.
Relation of systematic theology to faith, revelation (the Bible, Church creeds and doctrines), and the Church. The role of biblical exegesis, historical
scholarship, philosophy, natural and human sciences in systematic theology. Derivation of various categories, subdivisions, and methods of systematic
theology. The challenges and prospects of interconfessional and interreligious dialogue for systematic theology. Prereq: Cons. of dept. ch.

THEO 6320. Christian Doctrine 1. 3 cr. hrs.
A historical and theological introduction to the formation and development of the Christian doctrines of the Trinity, Christology, and Pneumatology.
Focuses on the interrelationships of these doctrines. Prereq: Cons. of dept. ch.

THEO 6321. Christian Doctrine 2. 3 cr. hrs.
A historical and theological introduction to the Christian doctrines of Church, sacraments, and eschatology. Focuses on the interrelationships of these
doctrines with one another and with those in Christian Doctrine 1. Prereq: THEO 6320 and cons. of dept. ch.

THEO 6410. Introduction to Theological Ethics. 3 cr. hrs.
Systematic survey of the fundamental categories, concepts and norms used in moral theology to analyze human moral experience. The role of
Scripture and tradition as foundational sources in moral theology. The church as the locus for Christian moral reflection. Pivotal issues in the historical

THEO 6415. Catholic Social Encyclical Tradition. 3 cr. hrs.
Explores the following principles of Catholic Social teaching: the dignity of persons in community and the common good; the duties of the state and the
principle of subsidiarity; kinds of justice and their application in social, political and economic life; the relationship between labor and capital; Church-
state relationships; war and peace; and environmental stewardship. The issues are traced through the documents of Vatican II and selected Apostolic
Exhortations. Prereq: Cons. of dept.

THEO 6995. Independent Study in Theology. 1-3 cr. hrs.
Prereq: Cons. of dept. ch.

THEO 6998. Professional Project in Theology. 0 cr. hrs.
SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
THEO 6999. Master’s Thesis. 1-6 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.

THEO 8010. Intensive Hebrew Grammar. 3 cr. hrs.
Introduction to Biblical Hebrew. Emphasis will be placed on grammar, verb syntax, and vocabulary acquisition. Prereq: Cons. of dept. ch.

THEO 8011. Advanced Hebrew. 3 cr. hrs.
Reading of selected narrative and poetic books. Advanced grammar. Prereq: Cons. of dept. ch.

THEO 8012. Aramaic Dialects. 3 cr. hrs.
Provides the student who already has a background in Biblical Hebrew with a survey of Aramaic dialects, ranging from Ancient Aramaic to Syriac. Includes biblical Aramaic and Qumran Aramaic. Emphasis on providing the student with the tools to use these dialects in other biblical courses. Prereq: Cons. of dept. ch.

THEO 8120. Sources of Pentateuchal Thought. 3 cr. hrs.
Detailed study of the first five books of the Old Testament. Exegesis of selected passages. Prereq: Cons. of dept. ch.

THEO 8121. Prophetic Books of Ancient Israel. 3 cr. hrs.
Key themes in the prophetic movement. Relation of the prophets to the cult, society, and history of ancient Israel. Prereq: Cons. of dept. ch.

THEO 8122. Psalms and Religion of Ancient Israel. 3 cr. hrs.
A study of the literary, theological, and historical dimensions of the book of Psalms. Relationship between the psalms and cultic life. Prereq: Cons. of dept. ch.

THEO 8123. Former Prophets: Historical Books. 3 cr. hrs.

THEO 8124. Wisdom Books of Ancient Israel. 3 cr. hrs.
Study of the place of Wisdom Literature in the development of Hebrew thought. Exegesis of selected passages. Prereq: Cons. of dept. ch.

THEO 8127. The Writings. 3 cr. hrs.

THEO 8210. Intensive Hellenistic Greek Grammar. 3 cr. hrs.

THEO 8211. Advanced Hellenistic Greek. 3 cr. hrs.
Advanced grammar; readings in texts from 300 B.C. to 300 A.D. Emphasis on the language of the New Testament as reflective of continuity and change in Greek vocabulary, morphology, syntax, style, and the historical context and theology of these texts. Prereq: Cons. of dept. ch.

THEO 8310. Hellenistic Backgrounds to the New Testament. 3 cr. hrs.
Introduction to various Graeco-Roman issues and movements which influenced the development of New Testament writings. Study of traditional religion, mystery cults, philosophical schools, astrology and magic, literary genres and tendencies, and other related topics. Prereq: Cons. of dept. ch.

THEO 8311. Apocalyptic Literature. 3 cr. hrs.
Origin and development of prophetic and apocalyptic eschatology. The social and religious phenomenon of apocalypticism. The genre "apocalypse" in Jewish and early Christian tradition. Prereq: Cons. of dept. ch.

THEO 8312. Formation of the Gospel Tradition. 3 cr. hrs.

THEO 8313. Matthew. 3 cr. hrs.
Formation, structure, and style of the Gospel of Matthew. Redactional and literary analysis of the Gospel to reconstruct the theology and the situation which produced it. Exegesis of selected passages. Greek text used. Prereq: Cons. of dept. ch.
THEO 8314. Mark. 3 cr. hrs.
Formation, structure, and style of the Gospel of Mark. Redactional and literary analysis of the Gospel to reconstruct the theology and the situation which produced it. Exegesis of selected passages. Greek text used. Prereq: Cons. of dept. ch.

THEO 8316. The Johannine Tradition. 3 cr. hrs.

THEO 8317. Letter to the Romans. 3 cr. hrs.
Background and purpose of this letter. Examination of important Pauline themes, issues, and methods of argumentation. Exegesis of selected passages. Greek text used. Prereq: Cons. of dept. ch.

THEO 8318. The Corinthian Correspondence. 3 cr. hrs.
Study of I and/or II Corinthians in the context of Paul’s pastoral relationship to Corinth. Integrity, background and purpose of the letters. Examination of important themes, issues, and methods of argumentation. Exegesis of selected passages. Greek text used. Prereq: Cons. of dept. ch.

THEO 8319. Shorter Pauline Letters. 3 cr. hrs.
Study of one or more of the following letters: Galatians, Philippians, I and II Thessalonians, and Philemon. Background and purpose of these writings. Examination of important Pauline themes, issues, and methods of argumentation. Exegesis of selected passages. Greek text used. Prereq: Cons. of dept. ch.

THEO 8320. Colossians and Ephesians. 3 cr. hrs.
Authorship, milieu, and purpose of these letters. Their relationship to one another and to other Pauline traditions. Review of critical issues and examination of theological themes and methods of argumentation. Exegesis of selected passages. Greek text used. Prereq: Cons. of dept. ch.

THEO 8321. Later New Testament Writings. 3 cr. hrs.
Study of one or more of the following New Testament texts: I and II Timothy; Titus; Hebrews; James; I and II Peter; I, II, and III John; Jude; and Revelation 1-3. Background, purpose, and theology of these writings. Exegesis of key passages. Relationship of these works to selected non-canonical writings. Greek text used. Prereq: Cons. of dept. ch.

Specialized research on topics or problems within and/or related to the New Testament writings. Greek text used. Prereq: THEO 6120 and cons. of dept. ch.

THEO 8410. Ecclesiastical Historiography. 3 cr. hrs.
The interpretation of the history of the Church and of doctrine as seen by ecclesiastical historians from Eusebius to Harnack; their characteristic approaches and concerns. Recent trends in historiography and historical theology. Prereq: Cons. of dept. ch.

THEO 8411. History of Christian Thought 1: The Age of the Fathers. 3 cr. hrs.
A study of the development of Christian beliefs and doctrines in the patristic age. The following themes are treated: the authority of Scripture and tradition; Father, Word, Spirit, and the divine Triad; the person of Jesus the Christ; sin, redemption and grace; the Church and the sacraments. Prereq: Cons. of dept. ch.

THEO 8412. History of Christian Thought 2: Byzantine Tradition. 3 cr. hrs.
Survey of Greek theology from Nicea (325 A.D.) to the fall of Constantinople (1453). Particular attention to the most important writers following the Council of Chalcedon, beginning with Dionysius Areopagita and concluding with Gregory Palamas and Nicholas Cabasilas. Focus on the abiding Greek preoccupation with salvation as deification and its contribution to the continuity of Eastern Christian thought. Prereq: Cons. of dept. ch.

THEO 8413. History of Christian Thought 3: The Middle Ages. 3 cr. hrs.
A study of the development of Christian theology from Augustine to Thomas Aquinas. Includes the following themes: the character and method of theology after Augustine; monastic theology; the early Eucharistic controversies; reason, logic, and the origins of Scholasticism; 12th century humanism and theology; Scholasticism; and Thomism. Prereq: Cons. of dept. ch.

THEO 8414. History of Christian Thought 4: The Later Middle Ages and the Reformation. 3 cr. hrs.

THEO 8415. History of Christian Thought 5: The Modern Era. 3 cr. hrs.
THEO 8416. History of Christian Thought 6: Theology in America. 3 cr. hrs.
An analysis of developments in American theology from Puritanism to the present. Examines representative theologians of Puritanism, revivalism, enlightenment, progressive orthodoxy, social gospel, modernism, Americanism, and neo-orthodoxy within the context of American political and social movements. Themes considered: the church, grace, religious liberty, church and state, voluntaryism, person of Jesus, tradition, adaptation. Prereq: Cons. of dept. ch.

THEO 8417. The Apostolic Fathers and the Apologists. 3 cr. hrs.
A study of the Christian writings of the 2nd century, especially Clement of Rome, Ignatius of Antioch, the Epistle of Barnabas, the Didache, the Greek apologists, and Irenaeus, with particular attention to their relation to the Old and New Testaments, the doctrine of the Logos, Church order, and the emerging understanding of orthodoxy and heresy. Prereq: Cons. of dept. ch.; may not be taken for credit by students who have taken the same course as THEO 8415.

THEO 8418. Clement, Origen and the Alexandrian Tradition. 3 cr. hrs.
Against the background of Clement's attempt to incorporate Greek modes of thought into Christianity, an extensive study of Origen as a biblical commentator and the first systematic theologian, with some consideration of the neoplatonic tradition in Christianity, Origen's influence on later theology, and the Origenist controversies. Prereq: Cons. of dept. ch.; may not be taken for credit by students who have taken the same course as THEO 8417.

THEO 8419. The Greek Fathers of the Fourth Century. 3 cr. hrs.
Reading and study of some of the writings of Athanasius, Basil the Great, Gregory of Nazianzus, Gregory of Nyssa and others, with attention given to the Trinitarian controversies of the 4th century, the councils of Nicea and Constantinople, and the rise and fall of Arianism. Prereq: Cons. of dept. ch.; may not be taken for credit by students who have taken the same course as THEO 8418.

THEO 8420. History and Theology of the New Testament Canon. 3 cr. hrs.
The Septuagint as the first Christian Bible; authority for religious truth in the Apostolic Fathers and the Apologists; evidence for the liturgical use of Christian writings; the apocryphal New Testament; the canon of four gospels; the collection of the Apostles' letters; lists of canonical books; the beginnings of exegesis; modern theological speculation on the canon. Prereq: Cons. of dept. ch.

THEO 8421. Augustine of Hippo. 3 cr. hrs.
An intensive study of Augustine's life, writings and thought. Topics include: the influence of neoplatonism on Augustine, the stages of his conversion, the implications of the Donatist controversy for his views on the Church and the sacraments, and the controversy with Pelagius on grace and predestination. Prereq: Cons. of dept. ch.

THEO 8422. Monastic Theology. 3 cr. hrs.
Proposes a reading of the classical "canon" of early monastic literature. Beginning with a few sessions devoted to sources, the course moves to the early Syrians, notably Aphrahat of Persia and Ephrem Syrus, and then to the better-known and enormously influential "Vita Antonii," the several "Vitae" of Pachomius, the "History of the Monks of Egypt," Basil the Great's "Longer and Shorter Rules," Gregory of Nyssa, Evagrius of Pontus, the "Macarian Homilies," such early 5th century works as Palladius of Hieropolis' "Lausiac History," John Cassian's "Institutes" and "Conferences," Theodoret of Cyrhhus' "Historia religiosa," and the "Sayings of the Desert Fathers." Concludes with an examination of Benedict of Nursia's "Life" (by Gregory the Great) and "Rule." Prereq: Cons. of dept. ch.

THEO 8423. Theology in the Twelfth Century. 3 cr. hrs.
Survey of theology in monasteries and cathedral schools, from the Gregorian Reform to Alan of Lille, including; e.g., Anselm of Canterbury, Peter Abelard, Bernard of Clairvaux, the Victorines, Peter Lombard. Prereq: Cons. of dept. ch.

THEO 8424. The Theology of Thomas Aquinas. 3 cr. hrs.
The critical reading of the texts of Aquinas in developmental sequence with emphasis on the character of the Summa theologiae. Prereq: Cons. of dept. ch.

THEO 8425. The Theology of Bonaventure. 3 cr. hrs.
Readings and study of both the academic and the mystical writings of Bonaventure, with special emphasis on the Breviloquium. Prereq: Cons. of dept. ch.

THEO 8426. The Study of the Bible in the Middle Ages. 3 cr. hrs.
Medieval exegesis from the Carolingian renaissance to the 13th century, with special attention to the relationship between scripture commentaries and systematic theologies; the multiple senses of Scripture in theory and practice; authors include; e.g., Rupert of Deutz, Bernard of Clairvaux, the Victorines, Aquinas and his teachers. Prereq: Cons. of dept. ch.

THEO 8427. Late Medieval Augustinianism. 3 cr. hrs.

THEO 8428. Interpretation of the Bible in the Renaissance and Reformation. 3 cr. hrs.
Hermeneutical developments from the Victorines. Sources and methods for interpreting historical exegesis. Humanist work on Scripture. The place of the Bible in theology. Luther as doctor of Scripture. Trent and Bible study. Prereq: Cons. of dept. ch.

THEO 8429. Erasmus. 3 cr. hrs.
THEO 8430. Luther. 3 cr. hrs.
Developments of Luther’s thought in relation to medieval theology. Influence of nominalism and mysticism on Luther. Origins of his hermeneutic and
discipline of justification. Importance of his theology of reformation, law/gospel, and man. Prereq: Cons. of dept. ch.

THEO 8431. Calvin. 3 cr. hrs.
Biography and development of his major writings. Systematic construction of the Institutes of the Christian Religion. Calvin on Scripture, sanctification
and predestination, and early results in Calvinism. Prereq: Cons. of dept. ch.

THEO 8432. Council of Trent. 3 cr. hrs.
The positive contribution of Trent to the history of Christian thought. The "medieval" and "modern" character of the council. Trent’s understanding of the
reformers, and the question of "Counter-Reformation." Trent’s position on Scripture and tradition, and its justification. Prereq: Cons. of dept. ch.

THEO 8433. Theological Thought of the Enlightenment and the Nineteenth Century. 3 cr. hrs.
Important theological developments, including movements and thinkers, in both the Catholic and Protestant traditions, in both Europe and America
from the beginning of the Modern Era. Possible movements to be covered in this order: Deism, Rational Supernaturalism, Pietism, Romanticism,
Speculative Idealism, French Catholic Thought (Traditionism, Fideism), Oxford Movement, Tubingen School, Protestant Liberalism, Biblical Criticism
and Darwinism, Ultramontanism and Neo-Thomism, Roman Catholic Thought and Modernism, Existentialism, and Atheism. Possible figures covered:
Herbert of Cherbury, Tillotson, Locke, Toland, Tindal, Voltaire, Wolff, Semler, Reimarus, Lessing, Rousseau, Butler, Hume, Kant, Jacobi, Hamann,
Herder, Coleridge, Schleiermacher, Busnell, Hegel, F. C. Baur, Biedermann, John and Edward Caird, Chateaubriand, Maistre, Lamennais, Bautain,
Keble, Newman, Williams, Pusey, Drey, Mohler, Strauss, Feuerbach, Marx, Williams, Goodwin, Jowett, Darwin, Moore, Hodge, Abbott, Ritschl,
Herrmann, Harnack, Rauschenbusch, Hodge, Warfield, Leo XIII, Mercier, Garrigou-Lagrange, Olle-Laprun, Blondel, Labertouhniere, Loisy, Le Roy,
Tyrell, Kierkegaard, Nietzsche. Not all significant movements and thinkers are covered in one term. Prereq: THEO 6210, THEO 6220, and THEO 6310,
or their equiv.’s (i.e., the master’s-level introductory courses), unless the student has passed out of this material on the M.A. Exam.

THEO 8434. Schleiermacher. 3 cr. hrs.
A close reading of the most important theological works of F.D.E. Schleiermacher (1768-1834), the "father of modern theology," with a view to
understanding the basic concepts and historical development of Schleiermacher’s thought within the context of post-Enlightenment European
philosophical-theological ideas and movements. Prereq: THEO 6210 and THEO 6220, or their equiv.’s (i.e., the master’s-level introductory courses on
the history of theology), unless the student has passed out of this material on the M.A. Exam.

THEO 8435. Images of the Church through the Ages. 3 cr. hrs.
Covers the historical journey of the Christian church as it began and developed through its leading images/symbols/models. Prereq: THEO 6210, THEO
6220, and THEO 6310, or equiv.’s (i.e., the master’s-level introductory courses), unless the student has passed out of this material on the M.A. Exam.

THEO 8436. The Roman Catholic Modernist Crisis. 3 cr. hrs.
Modernist controversies as the explosion of tensions long building between liberalism and orthodoxy, immanentist and extrinsecist religious thought, and
tradition and critical history before and after 1900. An interpretation of the episodes in Roman Catholic theology (concerning Loisy, Blondel, von Hugel,
Tyrell) that formed the backdrop to the generation of Vatican II. Prereq: THEO 6210, THEO 6220, and THEO 6310, or their equiv.’s (i.e., the master’s-level introductory courses), unless the student has passed out of this material on the M.A. Exam.

THEO 8437. Theology of Jonathan Edwards. 3 cr. hrs.
Examines Edwards’ major theological works and analyzes his chief contributions to American theology. Particular focus on Edwards’ understanding of
God, original sin, the atonement, freedom, religious experience, true virtue, providence, and the millennium. Prereq: Cons. of dept. ch.

THEO 8438. Theology in the American Enlightenment. 3 cr. hrs.
Examines how the Enlightenment influenced Christian thought in the United States between 1700 and 1830, paying special attention to the issues
raised by critical reason relative to the understanding of revelation, Christ, the supernatural, church and state, and Christians; e.g., the Unitarian W.E.
Channing, the Princetonian Presbyterian C. Hodge, and the Catholic J. England. Prereq: Cons. of dept. ch.

THEO 8439. Theology and Romanticism in the United States. 3 cr. hrs.
Examines representative American Protestant and Catholic theologies that were most directly influenced by Romanticism; e.g., the Transcendentalism
of R. W. Emerson and T. Parker, the Progressive Orthodoxy of H. Bushnell, the Mercersbury Theology of W. Nevin and P. Schaff, the Ontologism and
moderate traditionalism of O. Brownson and I. Hecker, the Confessionalism of C. P. Krauth. Concentration upon the roles these theologians assigned to
revelation, divine immanence in history, church and society, religious intuition, ecclesiastical and confessional authority. Prereq: Cons. of dept. ch.

THEO 8440. American Catholic Theology. 3 cr. hrs.
A historical examination of the theologies of American Catholics from John Carroll to John Courtney Murray. Analysis of major pastoral and systematic
theologians (e.g., John England, Francis P. Kenrick, Orestes Brownson, Isaac Hecker, John Ireland, John A. Ryan, Gustave Weigel) within the context of
American and European theological developments. Examination of American Catholic perceptions of Christology, grace, ecclesiology, church-state
relations, social thought, the Bible, and modern sciences with a focus upon the relationship of religion and republicanism. Prereq: Cons. of dept. ch.

THEO 8441. The Social Gospel in American Theologies. 3 cr. hrs.
Examines the various perceptions of Christianity’s relationship to the social and economic problems of the day. Analysis of the works of Washington Gladden,
depth ch.
THEO 8442. Dionysius the Areopagite: Father of Mysticism?. 3 cr. hrs.
Intended to be primarily a close reading of (Pseudo-) Dionysius the Areopagite (ca. 500), whose small corpus of works profoundly influenced subsequent Christian thought. Analyzes his background, his treatises and "epistles," noting his sources and parallels in preceding and contemporary Christian, pagan Neoplatonist, and Jewish mystical literature. Also traces out the Dionysian "trajectory" in selected later Eastern Christian writers. Prereq: THEO 6210 and cons. of dept. ch.; or a passing grade on the relevant section of the M.A. Exam.

THEO 8443. Symeon the New Theologian-Sources and Heirs. 3 cr. hrs.
Examines Symeon the New Theologian (949-1022), the most striking and attractive of the Byzantine spiritual writers, who too often is treated somewhat in isolation from the sources and currents which fed him. Begins with 5th century writers such as Diadochus of Photiki and Mark the Monk, runs through Dionysius, Maximus, and John of the Ladder in the 6th-7th centuries (possibly including the "Gaza School" and Palestinian monasticism), and continues through Symeon, to the Hesychasts of the 14th and 15th centuries, notably Gregory of Sinai and Gregory Palamas. Prereq: THEO 6210 and cons. of dept. ch.; or a passing grade on the relevant section of the M.A. Exam.

THEO 8444. PreNicene Ascetical and Mystical Literature. 3 cr. hrs.
A survey of Christian literature primarily from East of the Adriatic (at least as presently constituted), dealing with asceticism and the "visio Dei." Begins with Old Testament materials, looks at intertestamental literature including the Qumran Scrolls, and trajectories extending from the Second Temple to Rabbinic-era, Jewish mystical texts. Then moves to the New Testament, with special attention to Paul and Luke-Acts, and continues through the early martYROlogies and New Testament apocrypha, in particular the apocryphal acts of the Apostles, and early Manichean materials. Concludes with the Alexandrians, Clement and Origen, and possibly Methodius of Olympus at the turn of the 4th century. Prereq: THEO 6210 and cons. of dept. ch.; or a passing grade on the relevant section of the M.A. Exam.

THEO 8445. The Development of Roman Catholic Theology from the Enlightenment to the Present. 3 cr. hrs.
Focusses on the historical development of Roman Catholic theology from the Enlightenment to the present. Treats movements such as French Romanticism, Gallicanism, Ultramontanism, Newmanism, Modernism, New Theology and Transcendental Thomism, Vatican II and post-Vatican II developments. Treats the thought of selected Roman Catholic theologians. In the 19th century: French theologians Chateaubriand, de Maistre, Lamennais, Bautain; the Tubingen theologians (e.g., Drey, Mohler); Newman and the Oxford Movement; the New Apologetics (e.g., Blondel, Laborthonniera); the "Modernists" (e.g., Loisy, Tyrrell). In the 20th century: New Theology and Transcendental Thomism (e.g., Rousselot, Marechal, de Lubac, Karl Rahner, Lonergan, Schillebeeckx); Liturgical Movement (e.g., Jungmann, Casel, Dix); Vatican II and aggiornamento (e.g., Congar, Kung, Courtney Murray, Balthasar, Ratzinger); Political and Liberation Theologies (e.g., Metz, Gutierrez, Segundo, Leonard Boff); Feminist Theology (e.g., Schussler Fiorenza, Radford Ruether, Pilar Aquino). Prereq: THEO 6210, THEO 6220, and THEO 6310, or equiv.'s (i.e., the master's-level introductory courses), unless the student has passed out of this material on the M.A. Exam.

THEO 8446. History of Christian Theology in the Twentieth Century. 3 cr. hrs.
Possible schools/movements and figures to be covered: Eschatological school (J. Weiss, Schweitzer), Religionsgeschichtliche Schule (Troeltsch), American Empiricism and Naturalism (William James, D.C. Macinosh, Dewey, Wieman), Dialectical Theology (Barth, Brunner, Gogarten, Bonhoeffer), Christian Existentialism (Marcel, Tillich, Bultmann), Christian Realism (H.R. Niebuhr, Reinhold Niebuhr), the Nouvelle Theologie and Transcendental Thomism (Rousselot, Marechal, de Lubac, K. Rahner, Lonergan, Schillebeeckx), Vatican II and renewed Roman Catholic Theology (Congar, John XXIII, Kung, John Courtney Murray, Balthasar, Ratzinger), Political Theology and Liberation Theologies (Metz, Moltmann, Gutierrez, Segundo, L. Boff, Sobrino). Not all of these movements and figures are covered in one term. Prereq: THEO 6210, THEO 6220, and THEO 6310, or equiv.'s (i.e., the master's-level introductory courses), unless the student has passed out of this material on the M.A. Exam.

THEO 8450. Special Questions in the History of Christian Thought:. 3 cr. hrs.
Specialized research in one area or problem in the history of Christian thought. Specific topic(s) announced. Prereq: Cons. of dept. ch.

THEO 8510. Christian Anthropology. 3 cr. hrs.
Different concepts of anthropology today. The central interest in anthropology in different fields, including philosophy and theology, in the last 50 years. The relationship between anthropology, theology, Christology. Human existence according to the Old and New Testaments. The realities of history, world, and freedom as related to meaning in human existence. Prereq: Cons. of dept. ch.

THEO 8511. Atheism and Theism. 3 cr. hrs.
Exploration of the basic theistic and atheistic options regarding the ultimate meaning and value of human life. Socio-cultural and religious roots of these options. Criteria of truth for determining validity. Examination of representative writings, classical and modern, which discuss these options. Prereq: Cons. of dept. ch.

THEO 8512. God in Contemporary Theology. 3 cr. hrs.
Nineteenth and 20th century roots (philosophical, social, and religious) of present understandings of God. Classical and contemporary discussion of the nature and validity of theistic language. Prereq: Cons. of dept. ch.

THEO 8513. The Structure of Religious Experience. 3 cr. hrs.
Analysis of the structure of religious experience and related phenomena as explored through a variety of perspectives, such as philosophy, sociology, psychology, and theology. The nature and function of religion in human life in relation to the individual and social development of the human person. Prereq: Cons. of dept. ch.

THEO 8514. Hermeneutic Theory and Theological Method. 3 cr. hrs.
THEO 8515. Philosophy as Source and Resource for Theology. 3 cr. hrs.
Critical examination of philosophical texts which have played an important role in framing theological questions and discussions; of representative theological texts for how philosophical issues and presuppositions bear on their interpretation; of representative accounts (historical and contemporary) of the relationship between theology and philosophy. Prereq: Cons. of dept. ch.

THEO 8516. The Trinity. 3 cr. hrs.
Historical and systematic presentation of the doctrine of the Trinity. The development of this doctrine in early Christian history. The notions of substance, person, procession, relation, and communion as they occur in patristic tradition and in later Scholastic theology. Other approaches to this doctrine in the light of contemporary philosophy and theology. Role of this doctrine in contemporary Christian experience. Prereq: Cons. of dept. ch.

THEO 8517. Christology. 3 cr. hrs.
Historical and systematic presentation of the doctrine of the Incarnation. Christ, the Mediator between God and humanity, as the fullness of all revelation. Christology in the New Testament. The development of the doctrine of the Incarnation in the Christian church with special attention given to the councils of Ephesus and Chalcedon, Scholastic theology, and contemporary approaches to the mystery of Jesus. Prereq: Cons. of dept. ch.

THEO 8518. Soteriology. 3 cr. hrs.
Specific redemptive function of Jesus Christ and then of the Christian community, the sacraments and the world in which one lives. Grace and human development. Salvation as a personal and societal reality; redemption of the social order. Salvation of the nonbeliever, in particular the relationship between salvation and revelation. Prereq: Cons. of dept. ch.

THEO 8519. Ecclesiology. 3 cr. hrs.

THEO 8520. Theology of Christian Liturgy. 3 cr. hrs.
A systematic study of the Church at prayer in Trinitarian and ecumenical perspectives. The Church’s faith in God’s saving action through its own ritual self-offering seen in light of human sciences, phenomenology and Christian doctrine. Liturgy examined as symbolic communication, as actualization of Christian community, and in its relationship to the rest of Christian life and theology. Prereq: Cons. of dept. ch.

THEO 8521. Christian Eschatology. 3 cr. hrs.
Analysis of Biblical and historical forms of Christian eschatology. Comparison of Christian perspectives with cyclic approaches to history and apocalyptic approaches to the end of history. The centrality of eternal life to the Christian message of the Kingdom of God. Resurrection as the principal locus of Christian expectations. Prereq: Cons. of dept. ch.

THEO 8522. Major Figures in Modern Theology:. 3 cr. hrs.
Intensive examination of the writings of a thinker who has had a significant impact on theology within the last hundred years. Focuses on the primary texts of a particular theologian or school of thought. Also assesses their contribution to theology and the life of the Church and examines critical evaluations. Prereq: Cons. of dept. ch.

THEO 8523. Doctrinal Themes in Contemporary Protestant Systematic Theology. 3 cr. hrs.
Analysis and evaluation of important contemporary Protestant systematic theologians in terms of a single theme or related set of themes to be chosen by the instructor. Prereq: Cons. of dept. ch.

THEO 8524. Doctrinal Themes in Contemporary Roman Catholic Systematic Theology:. 3 cr. hrs.
Analysis and evaluation of important contemporary Roman Catholic systematic theologians in terms of a single theme or related set of themes to be chosen by the instructor. Prereq: Cons. of dept. ch.

THEO 8525. Theological Method: Interdisciplinary Implications. 3 cr. hrs.
Exploration of methodological interrelations between theology and other academic disciplines in terms of a single theme or related set of themes to be chosen by the instructor. Prereq: Cons. of dept. ch.

THEO 8526. Fundamental Themes in the Theology of Bernard Lonergan. 3 cr. hrs.
Study of major texts of Bernard Lonergan. Themes vary: grace, Trinity, Christology, method. Also considers developments by other authors. Prereq: Cons. of dept. ch.

THEO 8527. Fundamental Themes in the Theology of Karl Rahner. 3 cr. hrs.
Intensive examination of major themes and texts in Karl Rahner’s writings. Focuses on the primary texts, assesses their contribution to theology and the life of the Church and examines critical evaluations. Prereq: Cons. of dept. ch.

THEO 8528. Theology of Karl Barth. 3 cr. hrs.
An examination of Karl Barth’s major texts, primarily, but not exclusively, his Church Dogmatics. Themes may include his Christology, method, moral theology and/or political theology. An examination of his relation to those who came before him, those against whom he reacted, as well as those who developed his thought in the 20th and 21st century. Prereq: Cons. of dept. ch.

THEO 8529. Nouvelle Theologie. 3 cr. hrs.
A study of the theological movement of the 20th century known as “la nouvelle théologie” or “ressourcement” that reacted to neo-scholasticism and sought to reunify theology through a reappraisal of the sources - the liturgy, Scriptures, and the Early Church Fathers. Representative figures include Henri de Lubac, Jean Daniélou, Henri Bouillard, Yves Congar, Louis Bouyer, Marie-Dominique Chenu, and Hans Urs von Balthasar. Prereq: Cons. of dept. ch.
THEO 8530. Theology of the Holy Spirit. 3 cr. hrs.
An examination of the biblical, historical and systematic aspects of pneumatology. Attention given to the Holy Spirit and the doctrine of the Trinity with consideration of the ecumenical implications of the Filioque, the Spirit in creation and redemption, the mission of the Holy Spirit relative to that of the Son, and the importance of pneumatology for the entire spectrum of Christian doctrine. Prereq: Cons. of dept. ch.

THEO 8531. Theology of Grace. 3 cr. hrs.
An examination of the doctrine of grace in its historical developments and in contemporary systematic theology. Attention given to the following: nature and grace, distinctions in the types and modalities of grace, grace and human freedom/predestination, justification and sanctification, grace in the church and the world. Also includes consideration of ecumenical convergences and/or divergences (Catholic and Protestant, Eastern and Western Churches). Prereq: Cons. of dept. ch.

THEO 8532. Ecumenism. 3 cr. hrs.
A study of ecumenism, the efforts of the Christian churches to restore unity, ecumenical principles, the nature, goal and reception of dialogues, major Catholic encyclicals and directives on ecumenism, and significant recent ecumenical agreements between churches. An assessment of the points of ecumenical convergence and remaining differences on select doctrinal topics involving the Catholic Church. Prereq: Cons. of dept. ch.

THEO 8533. Christians and Muslims in Dialogue. 3 cr. hrs.
A survey of the efforts made to advance Muslim-Christian relations. An examination of joint declarations issued by formal dialogues as well as select individual contributions of Muslim and Christian scholars. Primary attention to those dialogues sponsored by the sub-unit on Dialogue with Peoples of Living Faiths of the World Council of Churches, and the Pontifical Council of Interreligious Dialogue. Includes dialogues co-sponsored and/or organized by Muslim organizations. Prereq: Cons. of dept. ch.

THEO 8534. Fundamental Theology. 3 cr. hrs.
A historical and systematic study of the fundamentals of theology: faith, revelation, tradition, and Church. Attention given to: faith as the response to revelation, the connection between faith and reason, revelation as God’s self-communication, the relationship between scripture and tradition, and the role of the magisterium in preserving and interpreting sacred scripture and tradition. Prereq: Cons. of dept. ch.

THEO 8535. Public Theology in Postmodern Context. 3 cr. hrs.
The interpretation and application of the gospel to a given cultural context in the light of Scripture and Tradition. Not identical with the normative reflections of social ethics nor assuming the narratives of liberation and political theology, public theology focuses on public issues for the sake of the churches and on Christian meanings for the sake of the public square and the common good. Prereq: Cons. of dept. ch.

THEO 8536. Theology of Hans Urs von Balthasar. 3 cr. hrs.
Study of the major texts of Hans Urs von Balthasar, with special attention given to his trilogy. Possible themes include: Balthasar’s elucidation of beauty as essential to theological discourse, Balthasar’s efforts to reuniting theology and spirituality through the fundamental connection between holiness and the theological enterprise, and Balthasar’s Christological and Trinitarian theological method. A consideration of Balthasar’s contribution to theology today. Prereq: Cons. of dept. ch.

THEO 8537. Theology of Jürgen Moltmann. 3 cr. hrs.
An examination of the theology of Jürgen Moltmann, both in its development and in its major themes. An emphasis on the close connection between theology and practice in Moltmann and the way his work represents a specific understanding of the task of theology. Prereq: Cons. of dept. ch.

THEO 8540. Interfacing Theology and the Natural Sciences. 3 cr. hrs.
Ways in which theology and the natural sciences (e.g., physics, biology, and geology) have been related historically provide the perspective from which to examine current efforts to reflect on God, the world and humanity in a scientific age. Basic scientific facts and established theories inform theological discourse, and scientists are consulted for more in-depth understanding. Methods for teaching constructive relationship of the disciplines are explored and demonstrated by students. Prereq: Cons. of dept. ch.

THEO 8550. Special Questions in Systematic Theology:. 3 cr. hrs.
Specialized research in one area or problem in systematic theology. Specific topic(s) announced. Prereq: Cons. of dept. ch.

THEO 8610. Moral Theology: The Catholic Tradition. 3 cr. hrs.
General outlines of the development and exposition of Catholic moral theology through an examination of historical studies of Christian Ethics written in the 20th century and of selected original texts. Moral teaching in early Christianity; development of systems of moral teaching; the history of casuistry; moral theology as a separate theological discipline; the understanding of the love commandment as found in different periods. Prereq: Cons. of dept. ch.

THEO 8611. The Protestant Tradition in Christian Ethics. 3 cr. hrs.
Study of selected writings of the Reformers on ethical subjects and of selected ethical writings from important Protestant schools of theology. Representatives of sectarian Protestant thought on ethical topics. Contemporary developments in Christian ethics found in the writings of outstanding Protestant thinkers in this century. Prereq: Cons. of dept. ch.

THEO 8612. Basic Issues in Christian Social Ethics. 3 cr. hrs.
Social teaching of the Christian churches. A systematic treatment of issues such as the relation between love and justice. The teachings of the Christian churches on matters such as war and peace; the rights and duties of states and citizens; the rights, duties, and obligations of members of a family; the rights, duties, and obligations of parents with respect to their children. Prereq: Cons. of dept. ch.

THEO 8613. Method in Theological Ethics. 3 cr. hrs.
Exploration of contemporary developments in methodological approaches to theological ethics. Particular attention to the theological nature of methodology as well as the interrelationship between other academic disciplines and the formation of method in theological ethics. Prereq: Cons. of dept. ch.
THEO 8614. Health Care Ethics. 3 cr. hrs.
Exploration of theological perspectives on medicine. Particular attention to thinking on health care within the Catholic tradition, as well as developments across the Christian tradition. Emphasis on theological methodology as well as engagement with select ethical issues in medicine. Prereq: Cons. of dept. ch.

THEO 8615. Body, Gender and Sexuality. 3 cr. hrs.
Analysis of how the human person’s being a body directs our thinking in Christian theology. Human bodies as essential to what humans are, as both a possible limit on humans and an occasion of transcendence. The body as a source of thinking about persons and how they should act. The nature of sexual differentiation and of gender and implications for Christian anthropology and ethics. Human sexuality and its influence on individuals and communities. Prereq: Cons. of dept. ch.

THEO 8616. Theology and Economics. 3 cr. hrs.
A theological evaluation of economic theories and practices, particularly as they bear on the rise and ascendancy of the global market. Includes a history of economic thought with particular attention to moral theory. The tradition of economic thought within Christian theology. Prereq: Cons. of dept. ch.

THEO 8617. Catholic Social Thought. 3 cr. hrs.
A comprehensive examination of the engagement of Catholic faith with the public square. Detailed analysis of fundamental themes within the Catholic Social Teaching tradition through a study of the documents of the papal encyclical tradition, social thought originating from and upon the U.S. context, and the various interpretations of the Catholic Social Teaching tradition. Consideration of Catholic socio-ethical engagement with emerging concerns in public discourse. Prereq: Cons. of dept. ch.

THEO 8618. Liberation Ethics and the Option for the Poor. 3 cr. hrs.
An exploration of the ethical dimensions of liberationist theological reflection, addressing the contributions and challenges to Christian moral discourse, analysis, and reflection, which emerge from the theologies of liberation and their stance of solidarity with the victims of injustice. Attention given to both the commonality and diversity present in this theological movement. Consideration of the implications of the option for the poor for ethical reflection and action. Prereq: Cons. of dept. ch.

THEO 8619. Theology, Technology and Ethics. 3 cr. hrs.
Provides an historical overview of theological discourse on technology, considers effects of current technologies (e.g., biotechnology, social communications, artificial intelligence, energy and transportation), addresses ethical principles pertaining to their research, development, deployment and use from the perspective of Catholic and other Christian traditions, and explores and demonstrates effective methods for teaching this interdisciplinary subject. May include the views of other world religions.

THEO 8620. Ecological Degradation. 3 cr. hrs.
Explores how the theological traditions of Christianity, Judaism and Islam recognize as moral problems the loss of biological diversity, degradation of ecological systems and threats to the biosphere caused by human actions. Critically examines contemporary theological efforts (e.g., reconstructionist and eco-feminist) to address these problems. Develops effective approaches to teaching at the undergraduate level. The traditions and perspectives of other world religions (e.g., Hinduism, Jainism and Buddhism) may be included. Prereq: Cons. of dept. ch.

THEO 8650. Special Questions in Moral Theology:. 3 cr. hrs.
Specialized research in one area or problem in moral theology. Specific topic(s) announced. Prereq: Cons. of dept. ch.

THEO 8710. Special Questions in Interdisciplinary Studies:. 3 cr. hrs.
Specialized research in one area or problem in interdisciplinary studies. Specific topic(s) announced. Prereq: Cons. of dept. ch.

THEO 8711. Teaching Theology at the College Level. 1 cr. hr.
Explores effective means of teaching religious knowledge in the liberal arts setting and addresses teaching models and learning styles, design of lesson plans, syllabi, conducting student discussions, and testing methods. Provides opportunities to practice classroom techniques and receive student evaluation. S/U grade assessment. Prereq: Cons. of dept. ch. Students with M.A. may enroll after completing one year of graduate course work. Students without M.A. may enroll after two years of graduate course work.

THEO 8995. Independent Study in Theology. 1-3 cr. hrs.
Prereq: Cons. of dept. ch.; cons. of graduate prog. dir.

THEO 8999. Doctoral Dissertation. 1-12 cr. hrs.
S/U grade assessment. Prereq: Cons. of dept. ch.

THEO 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9974. Graduate Fellowship: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9975. Graduate Assistant Teaching: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9976. Graduate Assistant Research: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9984. Master’s Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
THEO 9985. Master's Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9986. Master's Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9987. Doctoral Comprehensive Examination Preparation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9988. Doctoral Comprehensive Examination Preparation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9989. Doctoral Comprehensive Examination Preparation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9991. Professional Project Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9992. Professional Project Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9993. Professional Project Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9994. Master's Thesis Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9995. Master's Thesis Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9996. Master's Thesis Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9997. Doctoral Dissertation Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9998. Doctoral Dissertation Continuation: Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.

THEO 9999. Doctoral Dissertation Continuation: Full-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of dept. ch.
Transfusion Medicine (TRME)

Program Director: Susan T. Johnson, M.S.T.M., M.T. (ASCP), S.B.B.

www.bcw.edu/bcw/education/sbbprogram/index.htm (http://www.bcw.edu/bcw/education/sbbprogram)

Degree Offered

Master of Science in Transfusion Medicine, students are admitted under Plan B (non-thesis option) but Plan A (thesis option) may be requested.

Specializations

Business Administration, Education, Science

Program Description

The Transfusion Medicine program is an ongoing collaboration between Marquette University and BloodCenter of Wisconsin. The first 18 credits must be completed at BloodCenter within two and a half years of starting the program. Additional credits are completed exclusively at Marquette University. Students have the option to enroll at Marquette if it does not interfere with course work at BloodCenter.

Application Requirements

Applicants must submit, directly to the Graduate School:

1. A completed application form and fee online at marquette.edu/grad/future_apply.shtml.
2. Official transcripts from all current and previous colleges/universities except Marquette.
3. Three letters of recommendation.
4. (For international applicants only) GRE scores.
5. (For international applicants only) a TOEFL score or other acceptable proof of English proficiency.

Note: Applicants must currently be enrolled in the BloodCenter’s independent course of study, the Specialist in Blood Banking program, in order to be eligible to apply for the master of science program in transfusion medicine at Marquette University.

Transfusion Medicine Master’s Requirements

For Plan B (non-thesis option – default), students must complete 39 or 40 total graduate-level credit hours depending on subspecialty. Students must complete 18 credit hours in transfusion medicine (TRME) courses, 18 or 19 credit hours in the subspecialty (19 credit hours in the business administration subspecialty, 18 or 19 credit hours in the science subspecialty, OR 18 credit hours in the education subspecialty), plus 3 capstone essay credit hours. When the 18 TRME credits are completed at BloodCenter, the student is required to take a national examination.

Students may request Plan A (thesis option) after admission and, if selected, should secure co-direction on their thesis from a member of their subspecialty faculty.

Core Courses

TRME students are required to take the following courses (18 credits), participate in the department colloquium (no credit), complete a capstone (3 credits), for a total of 21 TRME credits. Students must also fulfill the requirements for one of the three subspecialties of business administration, education or science.

Subspecialty Requirements

Business Administration

Students are required to take three core courses, four electives, and must meet all prerequisite requirements for the master of business administration classes. Students must also select an area of specialization from the following: organizational management, operations and supply chain management, accounting and finance, marketing, or management information systems. Those students who have academic backgrounds sufficient to waive any of the required courses will be allowed to complete additional elective course work.

The required courses ensure a fundamental understanding of the basics of accounting, human resources, and organizational issues in the work place. In addition, the environmental influences courses place a strong emphasis on Marquette’s traditional focus on societal concerns and the social responsibilities of today’s working professional.

Total Credit Hours: 18-19
Courses

TRME 6101. Introduction to Transfusion Medicine. 1 cr. hr.
An overview of transfusion medicine from basic science concepts to the regulations and quality systems required, along with research concepts and presentation skills. Principles of basic genetics, immunology and red blood cell biochemistry are investigated and applied to blood group serology. An in-depth look at the regulations and accreditations governing the field of transfusion medicine including FDA, CLIA and AABB. Includes an introduction to quality management systems and how they apply to blood collection, donor laboratory testing and patient laboratory testing. Provides an overview of principles of research and an introduction to preparing for oral and written presentation. Prereq: Cons. of prog. dir.

TRME 6201. Immunohematology 1. 2 cr. hrs.
An in-depth study of the human blood groups whose antigens are carbohydrate-based to include the ABO and P blood group systems and Lewis system. Discusses history, genetics and biochemistry of the carbohydrate-based antigens. Explores their relationship to transfusion therapy and disease epidemiology. Reviews principles of hemagglutination and complement system. Prereq: Cons. of prog. dir.

TRME 6202. Immunohematology 2. 2 cr. hrs.
An in-depth study of the human blood groups whose antigens are protein-based to include, but not limited to: Rh, LW, MNSs, Duffy, Kidd, Kell and Lutheran blood group systems. Discusses history, genetics and biochemistry of the protein-based antigens. Explores their relationship to transfusion therapy and disease epidemiology. Includes practical experience in problem solving patient or donor typing problems and identifying antibodies to blood group antigens. Prereq: Cons. of prog. dir.

TRME 6220. Essentials of Blood Collection and Testing. 3 cr. hrs.
A comprehensive investigation into the theoretical and practical basis involving the selection and processing of blood donors. Presents a thorough understanding of the physiological aspects of blood storage and transport. Emphasizes infectious disease testing as well as the FDA, AABB and CLIA regulations concerning testing. Prereq: Cons. of prog. dir.

TRME 6301. Management and Education in Transfusion Medicine. 3 cr. hrs.
A systematic approach in acquiring the fundamentals and principles of planning and implementing an educational program in the clinical setting. Offers practice of presentation skills in a classroom setting and state meeting. Also prepares the transfusion medicine practitioner to manage operational and fiscal affairs in a donor center or transfusion service. Prereq: Cons. of prog. dir.

TRME 6401. Anemias and Related Topics. 2 cr. hrs.
An advanced study in the pathological mechanisms underlying the production of human disease involving anemias and leukemias. Emphasizes autoimmune hemolytic anemias, drug-dependent immune hemolytic anemias and hemolytic disease of the fetus and newborn. Also discusses parentage testing requirements. Prereq: Cons. of prog. dir.

TRME 6402. Hemostasis and Transplantation. 2 cr. hrs.
A study of the procedures performed, as well as a complete understanding of disease process as it relates to serological and molecular detection of bleeding and clotting diseases. An in-depth look at the immune system as it relates to transplantation. A formal study of the aspects of histocompatibility, platelet and neutrophil immunology and bleeding and clotting disorders. Also discusses histocompatibility antigens and nomenclature in relation to transfusion and transplantation. Prereq: Cons. of prog. dir.

TRME 6501. Pathophysiology in Transfusion Medicine. 2 cr. hrs.
An advanced study in the pathophysiology of blood transfusion. Reviews indications for blood transfusion including blood component therapy. Also studies adverse events in transfusion medicine. Emphasizes practical aspects of blood management within a transfusion service. Prereq: Cons. of prog. dir.

TRME 6931. Topics in Transfusion Medicine. 1-3 cr. hrs.
In-depth study of concepts, theories, and laboratory techniques in the broad area of transfusion medicine which are not covered in regular courses. Prereq: Cons. of prog. dir.

TRME 6952. Colloquium in Transfusion Medicine. 0 cr. hrs.
Scholarly reports on selected topics in transfusion medicine/immunohematology. Attendance required of all full-time graduate students. SNC/UNC grade assessment. Prereq: Cons. of prog. dir.

TRME 6995. Independent Study in Transfusion Medicine. 1-3 cr. hrs.
Prereq: Cons. of prog. dir.

TRME 6997. Transfusion Medicine Capstone. 3 cr. hrs.
Project and concluding paper that integrates the subspecialty course work with transfusion medicine. Prereq: Cons. of prog. dir.

TRME 6998. Transfusion Medicine Project. 1 cr. hr.
Project and concluding paper on selected subject that integrates Specialist in Blood Banking course work. Prereq: Cons. of prog. dir.

TRME 6999. Master’s Thesis. 1-6 cr. hrs.

TRME 9970. Graduate Standing Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of prog. dir.

TRME 9991. Professional Project Continuation: Less than Half-Time. 0 cr. hrs.
Fee. SNC/UNC grade assessment. Prereq: Cons. of prog. dir.
**TRME 9992. Professional Project Continuation: Half-Time. 0 cr. hrs.**
Fee. SNC/UNC grade assessment. Prereq: Cons. of prog. dir.

**TRME 9993. Professional Project Continuation: Full-Time. 0 cr. hrs.**
Fee. SNC/UNC grade assessment. Prereq: Cons. of prog. dir.

**TRME 9994. Master’s Thesis Continuation: Less than Half-Time. 0 cr. hrs.**
Fee. SNC/UNC grade assessment. Prereq: Cons. of prog. dir.

**TRME 9995. Master’s Thesis Continuation: Half-Time. 0 cr. hrs.**
Fee. SNC/UNC grade assessment. Prereq: Cons. of prog. dir.

**TRME 9996. Master’s Thesis Continuation: Full-Time. 0 cr. hrs.**
Fee. SNC/UNC grade assessment. Prereq: Cons. of prog. dir.
Trustees of the University 2013-14

Charles M. Swoboda (Chair)
Eng ’89
Chairman and CEO, Cree, Inc.

John F. Ferraro (Vice-Chair)

Kevin W. Gibson
Associate Dean

Rev. Thaddeus J. Burch, S.J.
Director of Special Projects

Faculty and Administration 2013-14

Klingler College of Arts and Science

Administrators

Richard Holz, Ph.D.
Dean, Klingler College of Arts and Sciences
Professor of Chemistry

William A. Donaldson, Ph.D.
Associate Dean
Professor of Chemistry
Faculty and Department Administrators

Allison L. Abbott, Ph.D.
Tufts University
Associate Professor of Biological Sciences

Noel S. Adams, Ph.D.
University of Wisconsin-Madison
Associate Professor of Philosophy

Eugenia V. Afinoguenova, Ph.D.
Georgetown University
Associate Professor of Spanish

Raquel Aguilu de Murphy, Ph.D.
University of Wisconsin-Madison
Associate Professor Emerita of Spanish

Sheikh Ahamed, Ph.D.
Arizona State University
Professor of Mathematics, Statistics and Computer Science

Thomas C. Anderson, Ph.D.
Marquette University
Professor Emeritus of Philosophy

James T. Anderson, Ph.D.
University of Florida-Gainesville
Associate Professor of Biological Sciences

Rev. Thomas Anderson, S.J., Ph.D.
Marquette University
Professor Emeritus of Philosophy

Alexander Ashland, M.A.
Marquette University
Lecturer

Robert B. Ashmore, Ph.D.
University of Notre Dame
Professor Emeritus of Philosophy

Carolyn A. Asp, Ph.D.
University of Chicago
Professor Emerita of English

Jesse Augustine, B.A.
St. Norbert College
Assistant Professor of Military Science and Leadership

Vaughn S. Ausman, M.A.
Harvard University
Laboratory Supervisor, Chemistry

Rev. Steven M. Avella, Ph.D.
University of Notre Dame
Professor of History

Julia Azari, Ph.D.
Yale University
Assistant Professor of Political Science

Dmitri Babikov, Ph.D.
Moscow Institute of Physics and Technology
Associate Professor of Chemistry
Alan M. Ball, Ph.D.
University of North Carolina-Chapel Hill
Professor of History

Paul J. Bankston, Ph.D.
University of Wisconsin-Madison
Professor Emeritus of Mathematics, Statistics and Computer Science

Naveen K. Bansal, Ph.D.
University of Pittsburgh
Professor of Mathematics, Statistics and Computer Science

Sonia Barnes, Ph.D.
The Ohio State University
Assistant Professor of Spanish

Michel R. Barnes, Ph.D.
University of St. Michael's College-Toronto
Associate Professor of Theology

Lowell W. Barrington, Ph.D.
University of Michigan
Associate Professor of Political Science
Chair, Political Science

Susannah Bartlow, Ph.D.
University of Buffalo
Adjunct Assistant Professor

Milton J. Bates, Ph.D.
University of California-Berkeley
Professor Emeritus of English

Stephen Beall, Ph.D.
University of California-Berkeley
Associate Professor of Classics

Pilar Bellver, Ph.D.
University of Pittsburgh
Assistant Professor of Spanish

Karel D. Bicha, Ph.D.
University of Minnesota-Twin Cities
Professor Emeritus of History

Rev. Ronald Bieganowski, S.J., Ph.D.
Fordham University
Adjunct Associate Professor of English

Amy L. Blair, Ph.D.
Cornell University
Associate Professor of English
Sabbatical: Spring 2014

Corinne Bloch-Mullins, Ph.D.
Tel Aviv University
Assistant Professor of Philosophy

Edwin Block, Ph.D.
Stanford University
Professor Emeritus of English

Edward Blumenthal, Ph.D.
Yale University
Associate Professor of Biological Sciences
Mary-Catherine (M.C.) Bodden, Ph.D.
University of Toronto
Professor of English
Sabbatical: Fall 2013

Janet K. Boles, Ph.D.
University of Texas-Austin
Professor Emerita of Political Science

John R. Boly, Ph.D.
Yale University
Associate Professor of English
Sabbatical: Fall 2013

Sarah Bond, Ph.D.
University of North Carolina-Chapel Hill
Assistant Professor of History

Roswitha Both, M.A.
University of Wisconsin-Milwaukee
Lecturer

Serdar Bozdag, Ph.D.
University of California-Riverside
Assistant Professor of Mathematics, Statistics and Computer Science

Christian C. Braunschweiger, Ph.D.
University of Wisconsin-Madison
Professor Emeritus of Mathematics, Statistics and Computer Science

Charles H. Breeden, Ph.D.
Virginia Polytechnic Institute
Associate Professor of Economics

Risa Brooks, Ph.D.
University of California-San Diego
Associate Professor of Political Science

J. Glenn Brookshear, Ph.D.
New Mexico State University
Associate Professor Emeritus of Mathematics, Statistics and Computer Science

Benjamin L. Brown, Ph.D.
Brandeis University
Professor of Physics
Sabbatical: 2013-2014

Brian C. Brush, Ph.D.
University of North Carolina-Chapel Hill
Professor Emeritus of Economics

Dennis W. Brylow, Ph.D.
Purdue University
Associate Professor of Mathematics, Statistics and Computer Science
Sabbatical: Fall 2013

James Buchanan, Ph.D.
Washington University at St. Louis
Professor of Biological Sciences
Chair, Institutional Animal Care and Use Committee

David R. Buckholdt, Ph.D.
Washington University at St. Louis
Professor Emeritus of Sociology

Rev. Thaddeus J. Burch, S.J., S.T.L, Ph.D.
Fordham University
Director, Special Projects in the Graduate School

Omega Burckhardt, Ph.D.
University of Kansas
Visiting Assistant Professor of Spanish

Daniel Burke, M.A.
Marquette University
Lecturer

Joshua Ezra Burns, Ph.D.
Yale University
Assistant Professor of Theology

Karl E. Byleen, Ph.D.
University of Nebraska-Lincoln
Associate Professor Emeritus of Mathematics, Statistics and Computer Science
Assistant Chair, Mathematics, Statistics and Computer Science

Sheng Cai, Ph.D.
University of Arizona
NMR Laboratory Supervisor, Chemistry

Louise A. Cainkar, Ph.D.
Northwestern University
Associate Professor of Social Welfare and Justice

Gerard Canavan, Ph.D.
Duke University
Assistant Professor of English

Patrick W. Carey, Ph.D.
Fordham University
Professor of Theology
William J. Kelly, S.J. Chair in Catholic Theology

German D. Carrillo, Ph.D.
University of Illinois at Urbana-Champaign
Professor of Spanish

Thomas Carstens, Ph.D.
University of Wisconsin-Madison
Visiting Assistant Professor

Curtis L. Carter, Ph.D.
Boston University
Professor of Philosophy

Belen S. Castaneda, Ph.D.
University of Wisconsin-Madison
Associate Professor of Spanish

Virginia A. Chappell, Ph.D.
University of Washington
Associate Professor Emerita of English

Abdur R. Chowdhury, Ph.D.
University of Kentucky
Professor of Economics

David E. Clark, Ph.D.
Binghamton University
Professor of Economics

Anne V. Clough, Ph.D.
University of Arizona
Professor of Mathematics, Statistics and Computer Science

Rev. David M. Coffey, S.T.D.
Theological Faculty of Sydney
Professor Emeritus of Theology

Roberta L. Coles, Ph.D.
University of Wisconsin-Madison
Professor of Sociology
Sabbatical: Fall 2013

Joseph M. Collins, Ph.D.
Illinois Institute of Technology
Associate Professor of Physics

Lacey Conley, Ph.D.
Loyola University-Chicago
Visiting Assistant Professor of English

Dinorah Cortes-Velez, Ph.D.
University of Wisconsin-Madison
Associate Professor of Spanish

James B. Courtright, Ph.D.
Johns Hopkins University
Professor of Biological Sciences

Alexandra L. Crampton, Ph.D.
University of Michigan-Ann Arbor
Assistant Professor of Social Welfare and Justice

Deborah D. Crane, M.S.W.
University of Denver
Adjunct Associate Professor of Social Welfare and Justice

Steven E. Crane, Ph.D.
University of Colorado at Boulder
Associate Professor of Economics

Sheldon E. Cremer, Ph.D.
University of Rochester
Professor Emeritus of Chemistry

John E. Curran, Ph.D.
University of Virginia
Professor of English

Donald A. Czech, Ph.D.
Syracuse University
Associate Professor Emeritus of Psychology

D. Lyle Dabney, Dr. Theol.
Eberhard-Karls Universität-Tübingen
Associate Professor of Theology

Scott Dale, Ph.D.
University of Pennsylvania
Associate Professor of Spanish

Joseph P. Daniels, Ph.D.
Indiana University-Bloomington
Professor of Economics
Chair, Economics
Director, Center for Global Economic Studies
John D. Davis, Ph.D.
Michigan State University
Professor of Economics

Ed de St. Aubin, Ph.D.
Northwestern University
Associate Professor of Psychology
Assistant Chair, Psychology

Robert J. Deahl, Ph.D.
Gregorian University-Rome
Assistant Professor of Theology
Dean, College of Professional Studies

Joseph M. Defalco, Ph.D.
University of Florida
Professor Emeritus of English

Deirdre A. Dempsey, Ph.D.
The Catholic University of America
Associate Professor of Theology
Director, Undergraduate Studies

Boubakary Diakite, Ph.D.
Louisiana State University-Baton Rouge
Assistant Professor of French

Darrell D. Dobbs, Ph.D.
University of Rochester
Professor of Political Science

Christopher Dockendorff, Ph.D.
University of Toronto
Assistant Professor of Chemistry

William A. Donaldson, Ph.D.
Dartmouth College
Professor of Chemistry
Associate Dean

Rev. John P. Donnelly, S.J., Ph.D.
University of Wisconsin-Madison
Professor Emeritus of History

Michael E. Donoghue, Ph.D.
University of Connecticut
Associate Professor of History

Rev. Robert M. Doran, S.J., Ph.D.
Marquette University
Professor of Theology
Emmett Doerr Chair, Catholic Systematic Theology

Stephen M. Downs, Ph.D.
University of Iowa
Wehr Distinguished Professor of Biological Sciences

Michael K. Duffey, Ph.D.
University of Notre Dame
Associate Professor of Theology

Edward T. Duffy, Ph.D.
Columbia University
Professor Emeritus of English

Thomas J. Eddinger, Ph.D.
University of Wisconsin-Madison
Professor of Biological Sciences

Alison Clark Efford, Ph.D.
The Ohio State University
Assistant Professor of History

John Engbers, Ph.D.
University of Notre Dame
Assistant Professor of Mathematics, Statistics and Computer Science

Ana Escudero, M.A.
Marquette University
Instructor of Spanish

Kim A. S. Factor, Ph.D.
University of Colorado at Denver
Associate Professor of Mathematics, Statistics and Computer Science

Eberhard-Karls Universität-Tübingen
Professor Emeritus of Theology

Mary Ann Farkas, Ph.D.
Michigan State University
Professor of Criminology and Law Studies

Adam T. Fiedler, Ph.D.
University of Wisconsin-Madison
Assistant Professor of Chemistry

Bronwyn Finnigan, Ph.D.
University of Auckland-New Zealand
Assistant Professor of Philosophy

Jennifer Fishman, Ph.D.
Stanford University
Assistant Professor of English

Robert H. Fitts, Ph.D.
University of Wisconsin-Madison
Professor of Biological Sciences
Sabbatical: 2013-2014

Leah Flack, Ph.D.
Northwestern University
Assistant Professor of English

Rev. James Flaherty, S.J., Ph.D.
The New York School for Social Research
Lecturer

Michael H. Fleet, Ph.D.
University of California-Los Angeles
Professor Emeritus of Political Science

A. Kristen Foster, Ph.D.
University of Wisconsin-Madison
Associate Professor of History
Sabbatical: 2012-2013

Susanne E. Foster, Ph.D.
University of Notre Dame
Associate Professor of Philosophy
Associate Dean
Stephen L. Franzoi, Ph.D.
University of California-Davis
Professor of Psychology

H. Richard Friman, Ph.D.
Cornell University
Professor of Political Science
Eliot Fitch Chair, International Studies

Melissa Ganz, Ph.D.
Yale University
Assistant Professor of English

David E. Gardinier, Ph.D.
Yale University
Professor Emeritus of History

James R. Gardinier, Ph.D.
State University of New York at Buffalo
Associate Professor of Chemistry

Rong Ge, Ph.D.
Virginia Polytechnic Institute and State University
Assistant Professor of Mathematics, Statistics and Computer Science

Sarah E. Gendron, Ph.D.
University of Wisconsin-Madison
Associate Professor of French

Alyson C. Gerdes, Ph.D.
Purdue University
Associate Professor of Psychology

Susan M. Giaimo, Ph.D.
University of Wisconsin-Madison
Visiting Assistant Professor of Political Science

Kevin W. Gibson, Ph.D.
University of Colorado at Boulder
Associate Professor of Philosophy
Associate Dean, Graduate School

Beth Godbee, Ph.D.
University of Wisconsin-Madison
Assistant Professor of English

Owen M. Goldin, Ph.D.
University of Texas-Austin
Professor of Philosophy

Bishop Alexander Golitzin, D.Phil.
Oxford University
Professor Emeritus of Theology

Armando Gonzalez-Perez, Ph.D.
Michigan State University
Professor of Spanish
Sabbatical: Fall 2013

Nakia S. Gordon, Ph.D.
Bowling Green State University
Assistant Professor of Psychology

John H. Grych, Ph.D.
University of Illinois at Urbana-Champaign
Professor of Psychology
Chair, Psychology

Stephen J. Guastello, Ph.D.
Illinois Institute of Technology
Professor of Psychology
Sabbatical: Spring 2014

Kenneth G. Hagen, Ph.D.
Harvard University
Professor Emeritus of Theology

Brooke L. Haley, M.A.
University of Wisconsin-Milwaukee
Lecturer of English as a Second Language

Gholamhossein G. Hamedani, Ph.D.
Michigan State University
Professor of Mathematics, Statistics and Computer Science

Ryan P. Hanley, Ph.D.
University of Chicago
Associate Professor of Political Science

Clemens B. Hanneken, Ph.D.
University of Illinois at Urbana-Champaign
Professor Emeritus of Mathematics, Statistics and Computer Science

Andrew Hanson, Ph.D.
Syracuse University
Associate Professor of Economics

Angélique Harris, Ph.D.
Graduate Center, City University of New York
Assistant Professor of Sociology

J. Douglas Harris, Ph.D.
University of Kansas-Lawrence
Professor of Mathematics, Statistics and Computer Science

Stanley M. Harrison, Ph.D.
Fordham University
Associate Professor of Philosophy

Steven Hartman-Keiser, Ph.D.
The Ohio State University
Associate Professor of English

Heather A. Hathaway, Ph.D.
Harvard University
Associate Professor of English

Robert P. Hay, Ph.D.
University of Kentucky
Associate Professor Emeritus of History

Carla H. Hay, Ph.D.
University of Kentucky
Associate Professor of History

Todd A. Hernandez, Ph.D.
University of Kansas
Associate Professor of Spanish

Julian V. Hills, Th.D.
Harvard University
Associate Professor of Theology
Heather R. Hlavka, Ph.D.
University of Minnesota-Twin Cities
Assistant Professor of Criminology and Law Studies

James Hoelzle, Ph.D.
University of Toledo
Assistant Professor of Psychology

Diane L. Hoevele, Ph.D.
University of Illinois at Urbana-Champaign
Professor of English

Karen Hoffman, Ph.D.
University of Chicago
Visiting Assistant Professor of Political Science

Norman E. Hoffman, Ph.D.
Northwestern University
Professor Emeritus of Chemistry

James A. Holstein, Ph.D.
University of Michigan
Professor of Sociology
Assistant Chair, Social and Cultural Sciences

Jeanne M. Hossenlopp, Ph.D.
Syracuse University
Professor of Chemistry
Vice Provost for Research and Dean of the Graduate School

Claude J. (C.J.) Hribal, M.A. in Creative Writing
Syracuse University
Louise Edna Goeden Professor of English

Krassimira Hristova, Ph.D.
Sofia University, Bulgaria
Assistant Professor of Biological Sciences

Jier Huang, Ph.D.
Emory University
Assistant Professor Chemistry

Rev. D. Thomas Hughson, S.J., Ph.D.
University of St. Michael's College-Toronto
Associate Professor Emeritus of Theology

Javier A. Ibanez-Noe, Ph.D.
University of Toronto
Associate Professor of Philosophy

Thomas J. Jablonsky, Ph.D.
University of Southern California
Professor of History
Harry G. John Professor of Urban Studies

Robert L. Jamison, Ph.D.
University of Washington
Associate Professor of German

Mark F. Johnson, Ph.D.
University of Toronto
Associate Professor of Theology

Nicholas Jolly, Ph.D.
University of Connecticut
Assistant Professor of Economics

Richard S. Jones, Ph.D.
Iowa State University
Professor of Sociology

Rev. John D. Jones, Ph.D.
Boston College
Professor of Philosophy
Interim Chair, Physics

Peter R. Jones, Ph.D.
Monash University-Australia
Professor of Mathematics, Statistics and Computer Science

Thomas Kaczmarek, Ph.D.
University of Pennsylvania-Philadelphia
Adjunct Assistant Professor of Mathematics, Statistics and Computer Science
Director, MS in Computing

Andrew Kahr, Ph.D.
Indiana University
Assistant Professor of History

Howard P. Kainz, Ph.D.
Duquesne University
Professor Emeritus of Philosophy

John P. Karkheck, Ph.D.
State University of New York at Stony Brook
Professor Emeritus of Physics

Kathleen M. Karrer, Ph.D.
Yale University
Clare Boothe Luce Professor of Biological Sciences

Astrida S. Kaugars, Ph.D.
Case Western Reserve University
Associate Professor of Psychology

Mary Ann Kazmierzczak, M.L.I.S.
University of Wisconsin-Milwaukee
Visiting Instructor

Alice B. Kehoe, Ph.D.
Harvard University
Professor Emerita of Anthropology

Rev. William J. Kelly, S.J., S.T.D
Institut Catholique of Paris
Associate Professor Emeritus of Theology

Dong Wook Kim, Ph.D.
University of Wisconsin-Madison
Assistant Professor of Political Science

James R. Kincaid, Ph.D.
Marquette University
Professor of Chemistry
Sabbatical: Fall 2013

Lezlie S. Knox, Ph.D.
University of Notre Dame
Associate Professor of History
Heather H. Kohls, Ph.D.
University of Wisconsin-Milwaukee
Adjunct Associate Professor of Economics
Director, Global Business Learning
Chima Korieh, Ph.D.
University of Toronto
Associate Professor of History
Evgenii Kovriguine, Ph.D.
Engelhardt Institute of Molecular Biology-Moscow
Assistant Professor of Chemistry
Jeanette R. Kraemer, Ph.D.
University of Minnesota-Twin Cities
Associate Professor of French
Gary S. Krenz, Ph.D.
Iowa State University
Professor of Mathematics, Statistics and Computer Science
Chair, Mathematics, Statistics and Computer Science
Christine L. Krueger, Ph.D.
Princeton University
Professor of English
John D. Krugler, Ph.D.
University of Illinois at Urbana-Champaign
Professor Emeritus of History
Andrew B. Kunz, Ph.D.
University of Minnesota-Twin Cities
Associate Professor of Physics
Sabbatical: Fall 2013
Rev. William S. Kurz, S.J., Ph.D.
Yale University
Professor of Theology
Jean-Pierre Lafouge, Ph.D.
Indiana University
Associate Professor of French
Rev. John D. Laurance, S.J., Ph.D.
University of Notre Dame
Associate Professor of Theology
Willard E. Lawrence, Ph.D.
University of Wisconsin-Madison
Professor Emeritus of Mathematics, Statistics and Computer Science
Lawrence J. LeBlanc, Ph.D.
University of Iowa
Professor Emeritus of Political Science
Emily Lechtenberg, Ph.D.
University of Wisconsin-Madison
Instructor of Economics
Corinna Lee, Ph.D.
Cornell University
Assistant Professor of English
Ulrich L. Lehner, Ph.D.
University of Regensburg-Germany
Associate Professor of Theology
Sabbatical: 2013-2014

Noreen E. Lephardt, Ph.D.
University of Tennesee-Knoxville
Adjunct Associate Professor of Economics

Sergey V. Lindeman, Ph.D.
Russian Academy of Science-Moscow
Supervisor, X-ray Laboratory

D. Stephen Long, Ph.D.
Duke University
Professor of Theology

H. Sebastian Luft, Ph.D.
University of Wuppertal- Germany
Associate Professor of Philosophy

Sandra D. Lukaszewski-Rose, Ph.D.
University of Iowa
Lab Coordinator, Chemistry

Mehdi Maadooliat, Ph.D.
Texas AM University
Assistant Professor of Mathematics, Statistics and Computer Science

Praveen Madiraju, Ph.D.
Georgia State University
Associate Professor of Mathematics, Statistics and Computer Science

Marta Magiera, Ph.D.
Illinois Institute of Technology
Assistant Professor of Mathematics, Statistics and Computer Science

Daniel C. Maguire, S.T.D.
Gregorian University-Rome
Professor of Theology

James S. Maki, Ph.D.
University of Wisconsin-Milwaukee
Professor of Biological Sciences

Anita Manogaran, Ph.D.
Marquette University
Adjunct Assistant Professor of Biological Sciences

Patricia A. Marquardt, Ph.D.
University of Wisconsin-Madison
Associate Professor of Classics

James A. Marten, Ph.D.
University of Texas-Austin
Professor of History
Chair, History

Christopher Maslanka, Ph.D.
University of Wisconsin-Madison
Visiting Assistant Professor of English

Rev. Bryan N. Massingale, S.T.D.
Academia Alphonsianum-Rome
Professor of Theology
Robert L. Masson, Ph.D.
Fordham University
Associate Professor of Theology

Laura E. Matthew, Ph.D.
University of Pennsylvania
Associate Professor of History

Rev. Donald R. Matthys, S.J., Ph.D.
Washington University at St. Louis
Professor Emeritus of Physics

Mickey L. Mattox, Ph.D.
Duke University
Associate Professor of Theology

John C. McAdams, Ph.D.
Harvard University
Associate Professor of Political Science

Michael F. McCanles, Ph.D.
University of Kansas
Professor Emeritus of English

Barrett L. McCormick, Ph.D.
University of Wisconsin-Madison
Professor of Political Science

Rita T. McDonald, Ph.D.
Loyola University-Chicago
Associate Professor Emerita of Psychology

James M. McGibany, Ph.D.
Michigan State University
Associate Professor of Economics
Executive Associate Dean, Business Administration

Michael A. McKinney, Ph.D.
Illinois Institute of Technology
Professor Emeritus of Chemistry

Timothy G. McMahon, Ph.D.
University of Wisconsin-Madison
Associate Professor of History

Daniel J. Meissner, Ph.D.
University of Wisconsin-Madison
Associate Professor of History

Jodi L. Melamed, Ph.D.
Columbia University
Associate Professor of English

Kenneth A. Mendelson, Ph.D.
Purdue University
Professor Emeritus of Physics

Stephen J. Merrill, Ph.D.
University of Iowa
Professor of Mathematics, Statistics and Computer Science

Donald L. Metz, Ph.D.
University of California-Berkeley
Associate Professor Emeritus of Sociology

Jason B. Meyler, Ph.D.
Stony Brook University
Assistant Professor of Spanish

Gale E. Miller, Ph.D.
University of Kansas
Professor Emeritus of Social and Cultural Sciences

Paul Misner, Th.D.
University of Munich-Germany
Professor Emeritus of Theology

David O. Moberg, Ph.D.
University of Minnesota-Twin Cities
Professor Emeritus of Sociology

Michael J. Monahan, Ph.D.
University of Illinois at Urbana-Champaign
Associate Professor of Philosophy

Dawne Moon, Ph.D.
University of Chicago
Assistant Professor of Sociology

Ryan Mott, Ph.D.
University of Colorado at Boulder
Visiting Assistant Professor of Philosophy

John C. Moyer, Ph.D.
Northwestern University
Professor of Mathematics, Statistics and Computer Science

Centre Sèvres-Paris
Associate Professor of Theology
Director, Graduate Studies

Sameena A. Mulla, Ph.D.
Johns Hopkins University
Assistant Professor of Anthropology

Stephen H. Munroe, Ph.D.
Indiana University
Professor Emeritus of Biological Sciences

Michelle Mynlieff, Ph.D.
University of Colorado-Health Sciences Center
Professor of Biological Sciences

Phillip C. Naylor, Ph.D.
Marquette University
Professor of History
Sabbatical 2013-2014

Kristy A. Nielson, Ph.D.
Southern Illinois University-Carbondale
Professor of Psychology

K. Dale Noel, Ph.D.
University of California-Berkeley
Professor of Biological Sciences
Chair, Biological Sciences

Paul Nolette, Ph.D.
Boston College
Assistant Professor of Political Science
Kimberly Norden, Ph.D.
State University of New York at Stonybrook
Visiting Assistant Professor of Psychology

Farrokh Nourzad, Ph.D.
University of Kansas
Professor of Economics
Director, Graduate Studies

David Nowacek, Ph.D.
University of Wisconsin-Madison
Adjunct Assistant Professor

Rebecca S. Nowacek, Ph.D.
University of Wisconsin-Madison
Associate Professor of English
Director, Norman H. Ott Memorial Writing Center

Matthew Nowachek, B.Th.
Schloss Mittersill Study Centre
Lecturer

Danielle K. Nussberger, Ph.D.
University of Notre Dame
Assistant Professor of Theology

Rev. Timothy J. O'Brien, Ph.D.
The Catholic University of America
Adjunct Professor of American Government
Director, Les Aspin Center for Government

Joseph Ogbonnaya, Ph.D.
St. Michael's College at the University of Toronto
Assistant Professor of Theology

Irfan A. Omar, Ph.D.
Temple University
Associate Professor of Theology
Assistant Chair, Theology

Andrei A. Orlov, Ph.D.
Marquette University
Professor of Theology

Debra L. Oswald, Ph.D.
St. Louis University
Associate Professor of Psychology

Sharon P. Pace, Ph.D.
University of Notre Dame
Associate Professor of Theology
Sabbatical: Spring 2014

Anne M. Pasero, Ph.D.
University of Southern California
Professor of Spanish
Chair, Foreign Languages and Literatures

Francis J. Pastijn, Ph.D.
Rijksuniversiteit te Gent-Belgium
Professor of Mathematics, Statistics and Computer Science

Julia A. Paulk, Ph.D.
Indiana University-Bloomington
Assistant Professor of Spanish
Anthony F. Peressini, Ph.D.
University of Wisconsin-Madison
Associate Professor of Philosophy

Jane D. Peterson, Ph.D.
Arizona State University
Professor of Anthropology
Associate Chair, Social and Cultural Sciences

Lisa Petrella, Ph.D.
Yale University
Assistant Professor of Biological Sciences

J. Michael Phayer, Ph.D.
University of Munich-Germany
Professor Emeritus of History

Bela E. Piacsek, Ph.D.
Michigan State University
Professor Emeritus of Biological Sciences

Marcus Plested, D.Phil.
Merton College, University of Oxford
Associate Professor of Theology

Michael J. Politano, Ph.D.
University of Illinois at Urbana-Champaign
Associate Professor of Physics

Anthony Porcelli, Ph.D.
Rutgers University
Assistant Professor of Psychology

Thomas L. Prendergast, Ph.D.
St. Louis University
Associate Professor Emeritus of Philosophy

Rev. Francis Paul Prucha, S.J., Ph.D.
Harvard University
Professor Emeritus of History

John S. Pustejovsky, Ph.D.
University of Texas-Austin
Associate Professor of German
Sabbatical: Spring 2014

Prem Ranganath, M.B.A.
Marquette University
Lecturer

Krista L. Ratcliffe, Ph.D.
The Ohio State University
Professor of English
Chair, English
Sabbatical: Spring 2014

Rajendra Rathore, Ph.D.
University of Western Ontario
Professor of Chemistry
Sabbatical: Fall 2013

Pula Reddy, M.Eng.
Birla Institute of Technology and Science
Lecturer

Scott A. Reid, Ph.D.
University of Illinois at Urbana-Champaign
Professor of Chemistry
Chair, Chemistry
James M. Rhodes, Ph.D.
University of Notre Dame
Professor Emeritus of Political Science
Lee C. Rice, Ph.D.
St. Louis University
Associate Professor Emeritus of Philosophy
Jean M. Richie, M.A.
University of Illinois at Urbana-Champaign
Lecturer of English as a Second Language
Katherine Rickus, Ph.D.
Columbia University
Assistant Professor of Philosophy
Albert J. Rivero, Ph.D.
University of Virginia
Professor of English
Janell Romatowski, B.A.
University of Wisconsin-Green Bay
Laboratory Supervisor, Biological Sciences
Rev. Philip J. Rossi, S.J., Ph.D.
University of Texas-Austin
Professor of Theology
Sabbatical: 2013-2014
Daniel Rowe, Ph.D.
University of California-Riverside
Associate Professor of Mathematics, Statistics and Computer Science
Julius R. Ruff, Ph.D.
University of North Carolina-Chapel Hill
Professor of History
Wim B. Ruitenburig, Ph.D.
State University-Utrecht, Netherlands
Professor of Mathematics, Statistics and Computer Science
Sabbatical: 2013-2014
Michael D. Ryan, Ph.D.
University of Wisconsin-Madison
Professor Emeritus of Chemistry
Jeanne-Nicole Saint-Laurent, Ph.D.
Brown University
Assistant Professor of Theology
Rebecca L. Sanders, Ph.D.
Bowling Green State University
Associate Professor of Mathematics, Statistics and Computer Science
Stephen M. Saunders, Ph.D.
Northwestern University
Professor of Psychology
Jame E. Schaefer, Ph.D.
Marquette University
Associate Professor of Theology
Michael R. Schlappi, Ph.D.
University of Basel-Switzerland
Associate Professor of Biological Sciences

John J. Schmitt, Ph.D.
University of Chicago
Associate Professor Emeritus of Theology

David M. Schrader, Ph.D.
University of Minnesota-Twin Cities
Research Professor in Chemistry

Rev. David G. Schultenover, S.J., Ph.D.
St. Louis University
Professor of Theology

Olga B. Semukhina, Ph.D., J.D.
University of Central Florida, Tomsk State University, Russia
Assistant Professor of Criminology and Law Studies

Anees A. Sheikh, Ph.D.
University of Western Ontario
Professor of Psychology

Ruchi Shukla, Ph.D.
Indian Institute of Technology-Delhi (New Delhi, India)
Laboratory Coordinator, Chemistry

Mary Anne T. Siderits, Ph.D.
University of Michigan
Assistant Professor of Psychology

Grant Silva, Ph.D.
University of Oregon
Assistant Professor of Philosophy

Laura Singleton, Ph.D.
University of Wisconsin-Madison
Instructor

Michael C. Slattery, Ph.D.
University of Wisconsin-Madison
Associate Professor of Mathematics, Statistics and Computer Science

William G. Smiley, Ph.D.
University of Iowa
Professor Emeritus of Economics

Nancy E. Snow, Ph.D.
University of Notre Dame
Professor of Philosophy

Zbigniew Sorbian, Ph.D.
Warsaw Polytechnical University-Poland
Research Associate Professor of Physics

Angela F. Sorby, Ph.D.
University of Chicago
Associate Professor of English
Director, First-Year English Program

James B. South, Ph.D.
Duke University
Associate Professor of Philosophy
Chair, Philosophy
Elaine Spiller, Ph.D.
Northwestern University
Assistant Professor of Mathematics, Statistics and Computer Science

Martin R. St. Maurice, Ph.D.
Dalhousie University
Assistant Professor of Biological Sciences

William C. Starr, Ph.D.
University of Wisconsin-Madison
Associate Professor of Philosophy

Peter Staudenmaier, Ph.D.
Cornell University
Assistant Professor of History

Mark G. Steinmetz, Ph.D.
University of Wisconsin-Madison
Professor of Chemistry

Christopher J. Stockdale, Ph.D.
University of Oklahoma
Associate Professor of Physics

Christopher Stocker, Ph.D.
University of Illinois at Urbana-Champaign
Visiting Assistant Professor of Mathematics, Statistics and Computer Science

Meghan S. Stroshine, Ph.D.
Michigan State University
Associate Professor of Criminology and Law Studies

Rosemary Stuart, Ph.D.
University of Munich-Germany
Professor of Biological Sciences
Sabbatical: Spring 2013

John J. Su, Ph.D.
University of Michigan
Professor of English
Director, Core of Common Studies

Norman C. Sullivan, Ph.D.
University of Toronto
Associate Professor of Anthropology

Duane H. Swank, Ph.D.
Northwestern University
Professor of Political Science

Andrew F. Tallon, Ph.D.
Universite de Louvain
Professor of Philosophy
Director, Marquette University Press

Steven M. Taylor, Ph.D.
Wayne State University
Professor Emeritus of French

Richard C. Taylor, Ph.D.
University of Toronto
Professor of Philosophy

Rev. Roland J. Teske, S.J., Ph.D.
University of Toronto
Professor Emeritus of Philosophy
Athan G. Theoharis, Ph.D.
University of Chicago
Professor Emeritus of History

John Thiede, S.J., Ph.D.
University of Notre Dame
Assistant Professor of Theology

Raju G. C. Thomas, Ph.D.
University of California-Los Angeles
Professor Emeritus of Political Science

Robert G. Thomson, Ph.D.
Marquette University
Associate Professor Emeritus of Biological Sciences

Qadir Timerghazin, Ph.D.
Concordia University-Montreal
Assistant Professor of Chemistry

Theresa M. Tobin, Ph.D.
University of Colorado at Boulder
Associate Professor of Philosophy
Sabbatical: Fall 2013

Lucas Torres, Ph.D.
Purdue University
Associate Professor of Psychology

Ingvild Torsen, Ph.D.
Boston University
Visiting Assistant Professor of Philosophy

Peter G. Toumanoff, Ph.D.
University of Washington
Associate Professor of Economics
Director, Center for Global and Economic Studies

Chieu Tran, Ph.D.
Texas AM University
Habermann Distinguished Professor of Chemistry

Franco V. Trivigno, Ph.D.
Boston University
Associate Professor of Philosophy
Assistant Chair, Philosophy

David B. Twetten, Ph.D.
University of Toronto
Associate Professor of Philosophy

Brian R. Unsworth, Ph.D.
University College-London
Professor Emeritus of Biological Sciences

Mary P. Utzerath, Ph.D.
Marquette University
Adjunct Instructor of Mathematics, Statistics and Computer Science

Amy Vaughn Van Hecke, Ph.D.
University of Miami
Assistant Professor of Psychology

Jennifer Vanderheyden, Ph.D.
University of Washington
Assistant Professor of French

Pol G. Vandevelde, Ph.D.
Universite de Louvain-Belgium
Professor of Philosophy
Sabbatical: Spring 2014

Barry L. Velleman, Ph.D.
University of Wisconsin-Madison
Professor Emeritus of Spanish

Melissa Vigil, M.S.
DePaul University
Laboratory Supervisor, Physics

Christopher Wachal, Ph.D.
Loyola University-Chicago
Visiting Assistant Professor of English

Sarah Wadsworth, Ph.D.
University of Minnesota-Twin Cities
Associate Professor of English

Margaret Walker, Ph.D.
Northwestern University
Professor of Philosophy
Donald J. Schuenke Chair

Miao Grace Wang, Ph.D.
University of Oregon
Associate Professor of Economics

Gail L. Waring, Ph.D.
University of Oregon
Professor Emerita of Biological Sciences

Lawrence Watson, Ph.D.
University of Utah
Visiting Professor of English

Ralph A. Weber, Ph.D.
University of Notre Dame
Professor Emeritus of History

Michael Wert, Ph.D.
University of California-Irvine
Assistant Professor of History

Darren L. Wheelock, Ph.D.
University of Minnesota-Twin Cities
Associate Professor of Criminology and Law Studies

Amber Wichowsky, Ph.D.
University of Wisconsin-Madison
Assistant Professor of Political Science

Michael J. Wierzbicki, Ph.D.
Indiana University
Associate Professor of Psychology

Charles A. Wilkie, Ph.D.
Wayne State University
Professor Emeritus of Chemistry

Nathan Willowby, M.Div.
Duke University
Lecturer

Christopher Wolfe, Ph.D.
Boston College
Professor Emeritus of Political Science

Susan K. Wood, SCL, Ph.D.
Marquette University
Professor of Theology
Chair, Theology

Michael J. Wreen, Ph.D.
Temple University
Professor of Philosophy

Olga Yakusheva, Ph.D.
University of Illinois at Urbana-Champaign
Associate Professor of Economics

Pinfen Yang, Ph.D.
Case Western Reserve University
Associate Professor of Biological Sciences

Chae S. Yi, Ph.D.
University of Wisconsin-Madison
Professor of Chemistry

McGee W. Young, Ph.D.
Syracuse University
Associate Professor of Political Science
Sabbatical: Fall 2013

Wanda Zemler-Cizewski, Ph.D.
University of Toronto
Associate Professor of Theology

Rev. Michael J. Zeps, S.J., Ph.D.
Stanford University
Associate Professor of History

Richard G. Zevitz, D.Crim., J.D.
University of California-Berkeley
Associate Professor of Criminology and Law Studies

Jing Zhai, M.A.
University of Wisconsin-Milwaukee
Lecturer of Chinese

Ronald E. Zupko, Ph.D.
University of Wisconsin-Madison
Professor Emeritus of History

Amelia Zurcher, Ph.D.
Princeton University
Associate Professor of English
Director, Honors Program

Diederich College of Communication

Administrators

Lori Bergen, Ph.D.
Dean, Diederich College of Communication
William R. Burleigh and E.W. Scripps Professor
Professor of Journalism

Clinical Associate Professor of Higher Education
Leigh van den Kieboom, Ph.D.
Marquette University
Assistant Professor of Education

Steven vande Zande, M.S.
Bank Street College of Education and Parsons New School for Design
Adjunct Instructor

Doris Walker-Dalhouse, Ph.D.
The Ohio State University
Associate Professor of Education

Joan L. Whipp, Ph.D.
University of Wisconsin-Milwaukee
Associate Professor of Education

Terrence Young, Psy.D.
Illinois School of Professional Psychology
Adjunct Associate Professor

Angela Zapata, Ph.D.
Arizona State University
Adjunct Lecturer

College of Engineering

Administrators
Robert Bishop, Ph.D.
Opus Dean
Professor of Electrical and Computer Engineering
Professor of Mechanical Engineering

Kristina M. Ropella, Ph.D.
Executive Associate Dean
Professor of Biomedical Engineering

Mark O. Federle, Ph.D., P.E.
Associate Dean, Academic Affairs
Professor of Civil, Construction and Environmental Engineering
McShane Chair, Construction Engineering and Management

Jon K. Jensen, Ph.D.
Associate Dean, Enrollment Management
Associate Professor of Mechanical Engineering

Joseph M. Schimmels, Ph.D.
Associate Dean, Research
Professor of Mechanical Engineering

Faculty and Department Administrators
Cristenel Ababei, Ph.D.
University of Minnesota-Twin Cities
Assistant Professor of Electrical and Computer Engineering

A. Arkadan Abdul-Rahman, Ph.D., P.E.
Clarkson University
Research Professor of Electrical and Computer Engineering

Casey Allen, Ph.D.
Michigan State University
Assistant Professor of Mechanical Engineering

Said H. Audi, Ph.D.
Marquette University
Associate Professor of Biomedical Engineering

Scott A. Beardsley, Ph.D.
Boston University
Assistant Professor of Biomedical Engineering

Robert Bishop, Ph.D.
Rice University
Professor of Electrical and Computer Engineering
Professor of Mechanical Engineering
Opus Dean

Robert N. Blumenthal, Ph.D., P.E.
Northwestern University
Professor Emeritus of Mechanical Engineering

John Borg, Ph.D., P.E.
University of Massachusetts
Associate Professor of Mechanical Engineering

Anthony Bowman, Ph.D.
Marquette University
Research Assistant Professor of Mechanical Engineering

Robert F. Brebrick, Ph.D.
The Catholic University of America
Professor Emeritus of Mechanical Engineering

William E. Brower Jr., Ph.D., P.E.
Massachusetts Institute of Technology
Professor Emeritus of Mechanical Engineering

Ronald H. Brown, Ph.D.
University of Illinois at Urbana-Champaign
Associate Professor of Electrical and Computer Engineering
Director, GASDAY Center

Daniel Burazin, M.B.A.
Keller School of Management
Adjunct Instructor of Civil, Construction and Environmental Engineering

Vikram Cariapa, Ph.D., P.E.
University of Arkansas
Associate Professor of Mechanical Engineering
Sabbatical: Spring 2014

George F. Corliss, Ph.D.
Michigan State University
Professor Emeritus of Electrical and Computer Engineering

Kevin C. Craig, Ph.D.
Columbia University
Professor of Mechanical Engineering
Greenheck Chair, Engineering Design

Clifford J. Crandall, Ph.D., P.E.
Illinois Institute of Technology
Associate Professor of Civil, Construction and Environmental Engineering

James A. Crovetti, Ph.D.
University of Illinois at Urbana-Champaign
Associate Professor of Civil, Construction and Environmental Engineering
Associate Chair, Civil, Construction and Environmental Engineering
Director, Transportation Research Center
Nabeel A. O. Demerdash, Ph.D.
University of Pittsburgh
Professor of Electrical and Computer Engineering

Joseph P. Domblesky, Ph.D., P.E.
The Ohio State University
Associate Professor of Mechanical Engineering

Alex Drakopoulos, Ph.D.
Michigan State University
Associate Professor of Civil, Construction and Environmental Engineering

Keith F. Faherty, Ph.D., P.E.
University of Iowa
Professor Emeritus of Civil, Construction and Environmental Engineering

Mark O. Federle, Ph.D., P.E.
University of Michigan
Professor of Civil, Construction and Environmental Engineering
McShane Chair, Construction Engineering and Management
Associate Dean, Academic Affairs

Xin Feng, D.Sc.
Washington University at St. Louis
Associate Professor of Electrical and Computer Engineering

Christopher M. Foley, Ph.D., P.E.
Marquette University
Professor of Civil, Construction and Environmental Engineering
Chair, Civil, Construction and Environmental Engineering

Raymond A. Fournelle, Ph.D., P.E.
University of Missouri-Rolla
Professor of Mechanical Engineering
Associate Chair, Mechanical Engineering
Director, Undergraduate Studies in Mechanical Engineering

Richard A. Gaggioli, Ph.D., P.E.
University of Wisconsin-Madison
Professor Emeritus of Mechanical Engineering

Tal Gilat-Schmidt, Ph.D.
Stanford University
Assistant Professor of Biomedical Engineering

Jay R. Goldberg, Ph.D., P.E.
Northwestern University
Clinical Professor of Biomedical Engineering
Director, Health Care Technologies Management Program

Edward Hannan, J.D.
University of Wisconsin Law School
Adjunct Instructor of Civil, Construction and Environmental Engineering

Gerald F. Harris, Ph.D., P.E.
Marquette University
Professor of Biomedical and Mechanical Engineering
Director, Orthopedic Rehabilitation Engineering Center

James A. Heinen, Ph.D., P.E.
Marquette University
Professor Emeritus of Electrical and Computer Engineering

Stephen M. Heinrich, Ph.D.
University of Illinois at Urbana-Champaign
Professor of Civil, Construction and Environmental Engineering
Professor of Electrical and Computer Engineering
Professor of Mechanical Engineering
Director, Graduate Studies in Civil, Construction and Environmental Engineering

Jeffrey L. Hock, Ph.D., P.E.
University of Wisconsin-Milwaukee
Professor Emeritus of Electrical and Computer Engineering

Shuguang Huang, Ph.D.
Marquette University
Research Associate Professor of Mechanical Engineering

Thomas K. Ishii, Ph.D.
University of Wisconsin-Madison
Professor Emeritus of Electrical and Computer Engineering

Stanley V. Jaskolski, Ph.D.
Marquette University
Dean Emeritus

Jon K. Jensen, Ph.D.
Marquette University
Associate Professor of Mechanical Engineering
Associate Dean, Enrollment Management

Dean C. Jeutter, Ph.D., P.E.
Drexel University
Professor of Biomedical Engineering
Professor of Electrical and Computer Engineering

Michael T. Johnson, Ph.D.
Purdue University
Associate Professor of Electrical and Computer Engineering
Director, Graduate Studies in Electrical and Computer Engineering

Shrinivas G. Joshi, Ph.D.
University of California-Berkeley
Professor Emeritus of Electrical and Computer Engineering

Fabien Josse, Ph.D.
University of Maine at Orono
Professor of Electrical and Computer Engineering
Director, Center for Sensor Technology

Saeed Karshenas, Ph.D., P.E.
University of Illinois at Urbana-Champaign
Professor of Civil, Construction and Environmental Engineering

Kyuil Kim, Ph.D., P.E.
University of Wisconsin-Madison
Professor of Mechanical Engineering
Chair, Mechanical Engineering

John Koch, Ph.D.
Stanford University
Assistant Professor of Mechanical Engineering

John F. LaDisa Jr., Ph.D.
Marquette University
Associate Professor of Biomedical Engineering

Jintae Lee, Ph.D.
Adjunct Instructor of Civil, Construction and Environmental Engineering

Chung Hoon Lee, Ph.D.
University of Wisconsin-Madison
Assistant Professor of Electrical and Computer Engineering
Assistant Professor of Mechanical Engineering

Ting Lin, Ph.D.
Stanford University
Assistant Professor of Civil, Construction and Environmental Engineering

Richard W. Marklin, Ph.D.
The Ohio State University
Professor of Mechanical Engineering
Professor of Biomedical Engineering

Margaret Mathison, Ph.D.
Purdue University
Assistant Professor of Mechanical Engineering

Brooke K. Mayer, Ph.D., P.E.
Arizona State University
Assistant Professor of Civil, Construction and Environmental Engineering

Patrick J. McNamara, Ph.D.
University of Minnesota
Assistant Professor of Civil, Construction and Environmental Engineering

Jonathan A. Meus, M.S.
Marquette University
Adjunct Assistant Professor of Civil, Construction and Environmental Engineering

Mark L. Nagurka, Ph.D., P.E.
Massachusetts Institute of Technology
Associate Professor of Mechanical Engineering
Associate Professor of Biomedical Engineering

Nicholas J. Nigro, Ph.D.
Iowa State University
Professor Emeritus of Mechanical Engineering

Vladimir Novotny, Ph.D.
Vanderbilt University
Professor Emeritus of Civil, Construction and Environmental Engineering

Neal O'Reilly, Ph.D.
Marquette University
Adjunct Instructor of Civil, Construction and Environmental Engineering

Lars E. Olson, Ph.D.
Vanderbilt University
Associate Professor of Biomedical Engineering
Interim Chair Biomedical Engineering

Hyunjae Park, Ph.D.
University of California-Los Angeles
Research Professor of Mechanical Engineering
Director, Thermofluid Science and Energy Research Center

Mark Polczynski, Ph.D.
Marquette University
Adjunct Associate Professor of Engineering Management

Richard J. Povinelli, Ph.D.
Marquette University
Associate Professor of Electrical and Computer Engineering

James A. Rice, Ph.D.
University of Wisconsin-Madison
Associate Professor of Mechanical Engineering
Director, Graduate Studies in Mechanical Engineering

James E. Richie, Ph.D.
University of Pennsylvania
Associate Professor, Electrical and Computer Engineering
Associate Chair of Electrical and Computer Engineering

Susan A. Riedel, S.M., P.E.
Massachusetts Institute of Technology
Associate Professor Emeritus of Electrical and Computer Engineering

Kristina M. Ropella, Ph.D.
Northwestern University
Professor Biomedical Engineering
Executive Associate Dean

Robert A. Scheidt, Ph.D.
Northwestern University
Professor of Biomedical Engineering
Professor of Electrical and Computer Engineering

Joseph M. Schimmels, Ph.D.
Northwestern University
Professor of Mechanical Engineering
Associate Dean, Research
Sabbatical: Fall 2013

Brian D. Schmit, Ph.D.
Case Western Reserve University
Professor of Biomedical Engineering

Susan C. Schneider, Ph.D.
University of Wisconsin-Milwaukee
Associate Professor Electrical and Computer Engineering
Director, Undergraduate Studies in Electrical and Computer Engineering

Martin A. Seitz, Ph.D.
Northwestern University
Professor Emeritus of Electrical and Computer Engineering
Professor Emeritus of Mechanical Engineering
Professor Emeritus of Biomedical Engineering

Zack A. Shana, Ph.D.
Marquette University
Adjunct Associate Professor of Mechanical Engineering
Adjunct Associate Professor of Civil and Environmental Engineering

Barbara M. Silver-Thorn, Ph.D.
Northwestern University
Associate Professor of Biomedical Engineering
Associate Professor of Mechanical Engineering

Robert J. Stango, Ph.D., P.E.
University of Illinois at Urbana-Champaign
Professor of Mechanical Engineering

Alexey V. Sverdlin, Ph.D.
Institute of Aviation Materials, Moscow, Russia
Adjunct Professor of Mechanical Engineering

Michael S. Switzenbaum, Ph.D.
Cornell University
Professor Emeritus of Civil, Construction and Environmental Engineering

Robert Timberlake, M.Div.
Princeton Theological Seminary
Adjunct Instructor of Civil, Construction and Environmental Engineering

Jeffrey M. Toth, Ph.D.
Marquette University
Adjunct Professor of Mechanical Engineering
Adjunct Professor of Biomedical Engineering
Adjunct Professor of Biomaterials, School of Dentistry

Sriramulu Vinnakota, Ph.D., P.E.
Swiss Federal Institute-Lausanne
Professor Emeritus of Civil and Environmental Engineering

Phillip Voglewede, Ph.D.
Georgia Institute of Technology
Assistant Professor of Mechanical Engineering

Baolin Wan, Ph.D.
University of South Carolina
Associate Professor of Civil, Construction and Environmental Engineering

Robert C. Weber, Ph.D.
University of Missouri-Rolla
Adjunct Associate Professor of Mechanical Engineering

Thomas Wenzel, Ph.D., P.E.
Northwestern University
Associate Professor Emeritus of Civil, Construction and Environmental Engineering

G. E. Otto Widera, Ph.D.
University of Wisconsin-Madison
Professor of Mechanical Engineering

Andrew B. Williams, Ph.D
University of Kansas
Professor of Electrical and Computer Engineering
John P. Raynor, S.J., Distinguished Chair

John M. Winters, Ph.D.
University of California-Berkeley
Professor of Biomedical Engineering

Edwin E. Yaz, Ph.D., P.E.
Bosphorus University-Istanbul
Professor Electrical and Computer Engineering
Chair, Electrical and Computer Engineering

Daniel H. Zitomer, Ph.D., P.E.
Vanderbilt University
Professor of Civil, Construction and Environmental Engineering
Director, Water Quality Center

Alphonse E. Zononi, Ph.D., P.E.
University of Minnesota-Twin Cities
Professor Emeritus of Civil, Construction and Environmental Engineering

College of Health Sciences and Health Sciences Professional Administrators

William E. Cullinan, Ph.D.
Dean, College of Health Sciences
Professor of Biomedical Sciences

Kim L. Halula, Ph.D.
Associate Dean
Michelle G. Schuh, P.T., M.S.
Assistant Dean

Faculty and Department Administrators

Molly Agnew, P.T., D.P.T.
Marquette University
Adjunct Assistant Professor of Physical Therapy

Elizabeth Alfonsi, P.T., D.P.T.
Marquette University
Adjunct Assistant Professor of Physical Therapy

Alejandro Aranda, M.S., CCC-SLP
Marquette University
Clinical Instructor of Speech Pathology and Audiology

Emilie J. Aubert, P.T., D.P.T., M.A.
Simmons College
Adjunct Associate Professor of Physical Therapy

David A. Baker, Ph.D.
Arizona State University
Professor of Biomedical Sciences
Associate Chair, Biomedical Sciences

Ann Barry, M.S., CCC-SLP
Marquette University
Adjunct Instructor of Speech Pathology and Audiology

William A. Bell, D.D.S.
Washington University at St. Louis
Associate Professor of Biomedical Sciences

Marie Hoeger Bement, P.T., Ph.D.
University of Iowa
Associate Professor of Physical Therapy

Allison Bennett, P.T., D.P.T.
Marquette University
Adjunct Assistant Professor of Physical Therapy

Joseph Berman, P.T., M.S.
University of Indianapolis
Adjunct Instructor of Physical Therapy

Jeffrey Berry, Ph.D., CCC-SLP
University of Wisconsin-Madison
Assistant Professor of Speech Pathology and Audiology

Subhash C. Bhatnagar, Ph.D., CCC-SLP
University of Rochester
Associate Professor of Speech Pathology and Audiology

Teri Bielefeld, P.T.
Marquette University
Adjunct Instructor of Physical Therapy

William Boissonnault, P.T., D.P.T., D.H.Sc., FAAOMPT, FAPTA
University of Wisconsin-Madison
Adjunct Assistant Professor of Physical Therapy

Amanda Borneman, P.T., D.P.T.
Marquette University
Adjunct Assistant Professor of Physical Therapy
Anjanette Farrar Boyd, PA-C  
University of Kentucky  
Adjunct Instructor of Physician Assistant Studies

Cathy Bril, PA-C, M.P.A.S.  
Marquette University  
Clinical Assistant Professor of Physician Assistant Studies

Ann Brophy, B.S.  
Marquette University  
Adjunct Instructor of Biomedical Sciences

Mary Campbell, P.T., B.S.  
University of Wisconsin - Madison  
Adjunct Instructor of Physical Therapy

SuJean Choi, Ph.D.  
University of Rochester  
Associate Professor of Biomedical Sciences

Paul J. Coogan, M.D.  
Chicago Medical School  
Associate Clinical Professor of Physician Assistant Studies  
Medical Director, Physician Assistant Studies

Katherine Cording, M.S., CCC-SLP  
Marquette University  
Clinical Instructor of Speech Pathology and Audiology

Eileen Craighead, D.P.T.  
Marquette University  
Adjunct Assistant Professor of Physical Therapy

Caitlin Croegaert, M.S., CCC-SLP  
Marquette University  
Adjunct Instructor of Speech Pathology and Audiology

William E. Cullinan, Ph.D.  
University of Virginia  
Professor of Biomedical Sciences  
Dean, College of Health Sciences

Jeff Davis, P.T., O.C.S.  
Chicago Medical School  
Adjunct Instructor of Physical Therapy

Monica Diamond, P.T., M.S.  
University of Wisconsin-Madison  
Adjunct Instructor of Physical Therapy

Angela Domnitz, P.T., M.P.T., C.S.C.S.  
Marquette University  
Adjunct Instructor of Physical Therapy

Bruce E. Dunn, M.D.  
Medical University of South Carolina  
Medical Adviser, Clinical Laboratory Sciences

Lauren Elling, P.T., M.P.T., N.C.S.  
Marquette University  
Adjunct Instructor of Physical Therapy

Kathleen Erdman, M.S., CCC-SLP  
University of Wisconsin-Madison  
Clinical Instructor of Speech Pathology and Audiology
Valerie Everard-Gigot, Ph.D.
Marquette University
Adjunct Assistant Professor of Exercise Science

Griffin Ewald, M.P.T., O.C.S., C.F.M.T.
Marquette University
Adjunct Instructor of Physical Therapy

Jeanne A. Feldman, P.T., B.S.
Marquette University
Adjunct Assistant Professor of Biomedical Sciences

Heidi Feuling, P.T., D.P.T.
Simmons College
Adjunct Assistant Professor of Physical Therapy

Jean Fischer, PA-C
University of Wisconsin-Madison
Clinical Education Director, Physician Assistant Studies

Gregg Fuhrman, M.P.T., O.C.S., C.F.M.T.
Marquette University
Adjunct Instructor of Physical Therapy

Susan Gasparri, P.T., B.S.
Marquette University
Adjunct Instructor of Physical Therapy

Paul Gasser, Ph.D.
Arizona State University
Assistant Professor of Biomedical Sciences

Mary Beth Geiser, P.T.
Marquette University
Adjunct Instructor of Physical Therapy

Christopher F. Geiser, P.T., M.S.
University of Wisconsin-Milwaukee
Clinical Assistant Professor
Director, Athletic Training Program

M. Behnam Ghasemzadeh, Ph.D.
University of Kansas
Associate Professor of Biomedical Sciences

Donald C. Gibson, PA-C, M.P.A.S.
Marquette University
Adjunct Clinical Instructor of Physician Assistant Studies

Emily Wenninger Goral, PA-C
Marquette University
Adjunct Instructor of Physician Assistant Studies

Jill Hackney, D.P.T.
University of Wisconsin-Madison
Adjunct Assistant Professor of Physical Therapy

Kay Haddenham, P.T.
Marquette University
Adjunct Instructor of Physical Therapy

Sara Hankes, M.P.T.
Marquette University
Adjunct Instructor of Physical Therapy

April L. Harkins, Ph.D., MT (ASCP)
Medical University of South Carolina
Assistant Professor of Clinical Laboratory Science

Tony Hornung, P.T.
University of Wisconsin-Madison
Adjunct Instructor of Physical Therapy

Fang Yao Stephen Hou, Ph.D., CACLS
University of Wisconsin-Madison
Assistant Professor of Clinical Laboratory Science

Sandra K. Hunter, Ph.D.
University of Sydney-Australia
Associate Professor of Exercise Science

Allison S. Hyngstrom, M.S.P.T., Ph.D.
Northwestern University
Assistant Professor of Physical Therapy

Erin Jodie, M.S., CCC-SLP
University of Wisconsin-Madison
Clinical Instructor of Speech Pathology and Audiology

Virginia Jurken, B.S.
Marquette University
Adjunct Instructor of Biomedical Sciences

Jeremy Karman, P.T.
Marquette University
Adjunct Instructor of Physical Therapy

Joyce King-Mclver, M.S., CCC-SLP
Marquette University
Adjunct Instructor of Speech Pathology and Audiology

Matthew J. Klinker, P.T., D.P.T.
Marquette University
Adjunct Assistant Professor of Biomedical Sciences

Luther C. Kloth, P.T., M.S., FAPTA (CWS), FCCWS
Marquette University
Professor Emeritus of Physical Therapy

Ken Knetzger, M.S.
University of Arizona
Adjunct Instructor of Biomedical Sciences and Exercise Science

Joshua Knox, PA-C
University of Wisconsin-Madison
Clinical Assistant Professor of Physician Assistant Studies

Laurie B. Kontney, P.T., D.P.T., M.S.
Simmons College
Clinical Associate Professor of Physical Therapy
Director, Clinical Education, Physical Therapy

Edward W. Korabic, Ph.D., CCC-A
Syracuse University
Associate Professor Speech Pathology and Audiology
Chair, Speech Pathology and Audiology

Wendy Krueger, M.S., CCC-SLP
Marquette University
Clinical Instructor of Speech Pathology and Audiology

Linda J. Laatsch, Ph.D.,MT (ASCP),SM
Marquette University
Associate Professor of Clinical Laboratory Science
Chair, Clinical Laboratory Science

Cecelia Landin, Ed.D., MLS (ASCP)CM
Nova Southeastern
Clinical Assistant Professor of Clinical Laboratory Science

Michelle Lanouette, P.T., M.S.P.T., N.C.S.
University of Miami
Adjunct Instructor of Physical Therapy

Anne Lehman, M.P.T.
Marquette University
Adjunct Instructor of Physical Therapy

David Leigh, M.Ed.
University of Arizona
Clinical Assistant Professor of Exercise Science

Douglas C. Lobner, Ph.D.
University of Wisconsin-Madison
Professor of Biomedical Sciences

Patrick Loftis, PA-C, MPAS, RN
Marquette University
Clinical Assistant Professor of Physician Assistant Studies

Steven H. Long, Ph.D., CCC-SLP
Northwestern University
Associate Professor of Speech and Audiology
Director, M.S. Program in Speech Pathology and Audiology

Kathleen Lukaszewicz, P.T., Ph.D.
Medical College of Wisconsin
Clinical Assistant Professor of Physical Therapy

John Mantsch, Ph.D.
Louisiana State University
Professor of Biomedical Sciences
Chair, Biomedical Sciences

Michelle Marx, D.P.T.
Marquette University
Adjunct Assistant Professor of Physical Therapy

Miriam R. Moller, M.S., CCC-SLP
Marquette University
Associate Professor Emerita of Speech Pathology and Audiology

Bridget Morehouse, M.P.T., M.B.A.
Marquette University
Adjunct Instructor of Physical Therapy

Maura Jones Moyle, Ph.D., CCC-SLP
University of Wisconsin-Madison
Associate Professor of Speech Pathology and Audiology

Sarah Neller, P.T., M.P.T.
Boston University
Adjunct Instructor of Physical Therapy

Brenda Neumann, O.T.R., B.C.B.-P.M.D.
Mount Mary College
Adjunct Instructor of Physical Therapy
Donald A. Neumann, P.T., Ph.D.
University of Iowa
Professor of Physical Therapy

Alexander Ng, Ph.D.
University of Wisconsin-Madison
Associate Professor of Exercise Science

Matthew Nuciforo, D.P.T.
University of Indianapolis
Adjunct Assistant Professor of Physical Therapy

Ken Olson, P.T., D.H.Sc., FAAOMPT
University of St. Augustine
Adjunct Assistant Professor of Physical Therapy

Lawrence G. Pan, P.T., Ph.D., FAPTA
Medical College of Wisconsin
Professor of Physical Therapy and Exercise Science
Chair, Physical Therapy
Director, Health Careers Opportunity Program

Paula E. Papanek, P.T., ATC, Ph.D., FASCM
University of Florida
Associate Professor of Physical Therapy and Exercise Science
Director, Exercise Science Program
Director, Graduate Studies in Clinical and Translational Rehabilitation Health Sciences

Danielle Parker, P.T., D.P.T.
Loma Linda University
Clinical Assistant Professor
Director of Clinical Education, Physical Therapy

Robert L. Paxton, Jr., PA-C, M.P.A.S.
Marquette University
Clinical Assistant Professor of Physician Assistant Studies
Associate Chair, Physician Assistant Studies
Director, Didactic Education in Physician Assistant Studies

Robert (Bob) Peoples, Ph.D.
Purdue University
Professor of Biomedical Sciences

Laura Perlman, M.S., CCC-SLP
Marquette University
Adjunct Instructor of Speech Pathology and Audiology

Alma Peters, M.S., M.B.S., CCC-SLP
Marquette University
Clinical Instructor of Speech Pathology and Audiology

Anne Pleva, P.T.
Marquette University
Adjunct Instructor of Physical Therapy

Jacqueline Podewils, M.S., CCC-SLP
University of Wisconsin-Madison
Director, Clinical Services in Speech Pathology and Audiology

Santina Puglisi-Cregan, M.S., CCC-SLP
Marquette University
Clinical Instructor of Speech Pathology and Audiology

Gregory M. Rajala, Ph.D.
Medical College of Wisconsin
Associate Professor of Biomedical Sciences
Francisco Rivera, P.T., A.T.C., M.P.T.
Marquette University
Adjunct Instructor of Physical Therapy

Mara Robichard, P.T., M.P.T
Marquette University
Adjunct Instructor of Physical Therapy

Jason Roe, M.S.
University of Wisconsin-La Crosse
Adjunct Instructor of Exercise Science

Heidi Ruedinger, M.S., CCC-SLP
University of Wisconsin-Milwaukee
Clinical Instructor of Speech Pathology and Audiology

Polly Ryan, Ph.D., R.N., CNS-BS
University of Wisconsin-Milwaukee
Adjunct Professor of Exercise Science

Scheila Schindler-Ivens, P.T., Ph.D.
University of Iowa
Associate Professor of Physical Therapy

David Schweisberger, D.P.T.
Marquette University
Adjunct Assistant Professor of Physical Therapy

Elizabeth Scott, P.T., D.P.T.
Marquette University
Adjunct Assistant Professor of Physical Therapy

Elizabeth N. Shinners, Ph.D.
Medical College of Wisconsin
Adjunct Assistant Professor of Biomedical Sciences

Kevin R. Siebenlist, Ph.D.
Medical College of Wisconsin
Associate Professor of Biomedical Sciences

Christopher J. Simenz, Ph.D., CSCS
Marquette University
Clinical Associate Professor
Practicum Coordinator, Exercise Science

Guy G. Simoneau, Ph.D., P.T., A.T.C.
Penn State University
Professor of Physical Therapy

Diane Slaughter, P.T., M.S., ATC
University of Kentucky
Program Coordinator of Physical Therapy
Clinical Instructor of Athletic Training

Dawn Smith, PA-C, MPAS
University of Nebraska-Omaha
Clinical Assistant Professor of Physician Assistant Studies
Associate Chair, Physician Assistant Studies

Carolyn Smith, M.D.
University of Illinois-Chicago
Clinical Professor of Physical Therapy and Exercise Science

Dennis G. Sobush, P.T., D.P.T., M.A., C.C.S.
Simmons College
Associate Professor of Physical Therapy
Stacy Sondag, M.S., CCC-SLP
San Diego State University
Adjunct Instructor of Speech Pathology and Audiology
Andrew Starsky, M.P.T., Ph.D.
Marquette University
Clinical Assistant Professor of Physical Therapy
Lynn Steffes, P.T., D.P.T.
Northwestern University
Adjunct Assistant Professor of Physical Therapy
Tina Stoeckmann, P.T., D.Sc., M.A.
Rocky Mountain University
Clinical Associate Professor of Physical Therapy
Bethany Tabieros, D.P.T.
Marquette University
Adjunct Assistant Professor of Physical Therapy
Rachel Thiel, P.T., D.P.T.
Marquette University
Adjunct Assistant Professor of Physical Therapy
Barbara Troy, M.S., R.D., C.D.
Mount Mary College
Adjunct Assistant Professor of Biomedical Sciences
Bridget Valla, M.S., CCC-SLP
Marquette University
Clinical Instructor of Speech Pathology and Audiology
Linda K. Vaughn, Ph.D.
University of Michigan
Professor of Biomedical Sciences
Courtney Warren, PA-C
University of Wisconsin-Madison
Adjunct Instructor of Physician Assistant Studies
Kyle Weber, P.T., D.P.T., C.M.P.T
Marquette University
Adjunct Instructor of Physical Therapy
William Wenninger, M.S.
Marquette University
Adjunct Instructor of Biomedical Sciences
Kristin Wiedower, M.P.T.
Marquette University
Adjunct Instructor of Physical Therapy
Mary Jo Wiemiller, PA-C, M.S.
Rosiland Franklin University of Health Sciences
Clinical Assistant Professor of Physician Assistant Studies
Chair, Physician Assistant Studies
Kevin Wilk, P.T., D.P.T.
Massachusetts General Hospital: Institute of Health Care Professions
Adjunct Assistant Professor of Physical Therapy
Jeffery Wilkens, P.T., M.P.T.
Marquette University
Clinical Instructor of Physical Therapy
College of Nursing

Administrators
Margaret Faut Callahan, C.R.N.A., Ph.D., F.A.A.N.
Dean, College of Nursing
Professor of Nursing
Kerry Kosmoski-Goepfert, Ph.D., R.N.
Associate Dean, Undergraduate Programs
Clinical Associate Professor of Nursing
Maureen E. O’Brien, Ph.D., A.P.R.N.-B.C.
Associate Dean, Graduate Programs
Clinical Associate Professor of Nursing
Robert Topp, Ph.D., R.N.
Associate Dean, Research
Professor of Nursing

Faculty and Department Administrators
Marquette University
Clinical Instructor of Nursing
Cathy Beck, M.S.N., R.N., A.C.N.P.-B.C.
Marquette University
Clinical Instructor of Nursing
Abir Bekhet, Ph.D., R.N.
Case Western Reserve University
Assistant Professor of Nursing
Ruth Ann Belknap, Ph.D., R.N., P.M.H.C.N.S.-B.C.
Wayne State University
Associate Professor of Nursing
Ronald Benner, M.S.H.A., R.N.
Cardinal Stritch University
Instructor of Nursing

Faculty and Department Administrators
Lesley Boaz, Ph.D., A.P.N.P.
Marquette University
Clinical Assistant Professor of Nursing
Kathleen Bobay, Ph.D., R.N., N.E.A.-B.C.
University of Michigan
Associate Professor of Nursing
Marilyn Bratt, Ph.D., R.N.
University of Wisconsin-Milwaukee
Assistant Professor of Nursing
Susan Breakwell, D.N.P., A.P.H.N.-B.C.
Rush University
Clinical Associate Professor of Nursing
Margaret Bull, Ph.D., R.N.
University of Wisconsin-Milwaukee
Professor of Nursing
Sabbatical: Spring 2014
Margaret Faut Callahan, CRNA, Ph.D., F.A.A.N.
Rush University
Dean, College of Nursing
Professor of Nursing

Kelly Campbell, M.S.N., R.N.
Marquette University
Clinical Instructor of Nursing

Debra Casper, M.S.N., R.N., C.C.R.N., A.P.N.P.-B.C.
Marquette University
Clinical Instructor of Nursing

Linda Culhane, M.S., R.N., CS, G.N.P.
University of Wisconsin-Milwaukee
Clinical Instructor of Nursing

Claire Dohmen, M.S.N., R.N., A.N.P.-B.C.
Marquette University
Clinical Instructor of Nursing

Diane Dressler, M.S.N., C.C.R.N.
Marquette University
Clinical Assistant Professor of Nursing

Richard Fehring, Ph.D., R.N.
The Catholic University of America
Professor Emeritus of Nursing

Marilyn Frenn, Ph.D., R.N.
University of Wisconsin-Milwaukee
Professor of Nursing

Marquette University
Clinical Instructor of Nursing

Jill Guttormson, Ph.D., R.N.
University of Minnesota
Assistant Professor of Nursing

Kristin Haglund, Ph.D., R.N., B.C., F.N.P, P.N.P
University of Wisconsin-Milwaukee
Associate Professor of Nursing

Lisa Hanson, Ph.D., R.N., C.N.M., A.P.N.P., F.A.C.N.M.
Rush University
Associate Professor of Nursing

Kate Harrod, Ph.D., R.N., C.N.M., A.P.N.P.
Rush University
Clinical Assistant of Nursing

Lynn Heise, M.S.N., R.N., A.C.N.P.-B.C.
Marquette University
Clinical Instructor of Nursing

Lynn Hermanns, M.S.N., A.N.P.-B.C.
Marquette University
Clinical Instructor of Nursing

Ronda Hughes, Ph.D., R.N., F.A.A.N.
Johns Hopkins University
Associate Professor of Nursing

Teresa Jerolke, Ph.D., A.P.N.P.-B.C., R.N.
Norah Johnson, Ph.D., R.N., C.P.N.P.
Marquette University
Assistant Professor of Nursing

Tiffany Kathar, M.S., A.P.N.P.
University of Wisconsin-Milwaukee
Clinical Instructor of Nursing

Sr. Rosalie Klein, D.Sc., R.N.
Tulane University
Dean Emerita

Kerry Kosmoski-Goepfert, Ph.D., R.N.
University of Illinois-Chicago
Clinical Associate Professor of Nursing
Associate Dean, Undergraduate Programs

Anne Lakatos, M.S.N., A.N.P.-B.C., A.P.N.P.
Marquette University
Clinical Instructor of Nursing

Jennifer Lindstedt, M.S.N., R.N., ACNP
Marquette University
Clinical Instructor of Nursing

Beth Maki, M.S.N., R.N., C.P.N.P.
Marquette University
Clinical Instructor of Nursing

Donna McCarthy, Ph.D., R.N., F.A.A.N.
University of Michigan-Ann Arbor
Professor of Nursing

Kenneth Nelson, D.N.P., R.N., N.E.-B.C.
Vanderbilt University
Clinical Instructor of Nursing

Maureen O’Brien, Ph.D., R.N., P.C.N.S.-B.C.
The University of Texas at Austin
Clinical Associate Professor of Nursing
Associate Dean, Graduate Programs

Mallory O’Brien, Ph.D.
University of Wisconsin-Madison
Clinical Assistant Professor of Nursing

Linda Piacentine, Ph.D., A.C.N.P.-B.C., C.N.R.N.
Marquette University
Assistant Professor of Nursing

Michele Polfuss, Ph.D., R.N., C.P.N.P.-A.C./P.C.
Marquette University
Clinical Instructor of Nursing

Karen Robinson, Ph.D., R.N., C.N.M.
Marquette University
Assistant Professor of Nursing

Patricia Salentine, M.S.N., R.N., B.C., A.N.P.
Marquette University
Clinical Instructor of Nursing

Mary Jane Schank, Ph.D., R.N.
Marquette University
Professor Emerita of Nursing
Christine Schindler, PhD, R.N., C.P.N.P.-PC, AC
Marquette University
Clinical Instructor of Nursing
Kathryn Schroeter, Ph.D., R.N., C.N.O.R.
University of Wisconsin-Milwaukee
Clinical Assistant Professor of Nursing
Deborah Schwallie, Ph.D., A.P.N.P., B.C.
Marquette University
Clinical Instructor of Nursing
Margaret Sebern, Ph.D., R.N.
University of Illinois-Chicago
Associate Professor of Nursing
Christine Shaw, Ph.D., A.N.P.-B.C., F.N.P.-B.C.
University of Wisconsin-Milwaukee
Clinical Associate Professor of Nursing
Danielle Siclovan, M.S.N., R.N.
Marquette University
Clinical Instructor of Nursing
Mary Stauber, D.N.P., R.N., A.C.N.P.
Marquette University
Clinical Instructor of Nursing
Dawn Steinhoff, M.S.N., R.N., F.N.P.-B.C.
University of Wisconsin-Milwaukee
Clinical Instructor of Nursing
Bonnie Stojadinovic, D.N.P., R.N., C.P.N.P.
Rush University
Clinical Instructor of Nursing
Susan Stroupe, M.S.N., R.N.
Marquette University
Clinical Instructor of Nursing
Laura Tobon, M.S., A.P.R.N.-B.C.
University of Wyoming
Clinical Instructor of Nursing
Robert Topp, Ph.D., R.N.
Ohio State University
Professor of Nursing
Associate Dean, Research
Leona G. VandeVusse, Ph.D., R.N., C.N.M., F.A.C.N.M.
University of Wisconsin-Milwaukee
Associate Professor of Nursing
Madeline Wake, Ph.D., R.N., F.A.A.N.
University of Wisconsin-Milwaukee
Dean Emerita
Darlene Weis, Ph.D., R.N.
Marquette University
Associate Professor Emerita of Nursing
Marianne E. Weiss, D.N.Sc., R.N.
University of San Diego
Associate Professor of Nursing
Jennifer Wiggin, M.S.N., R.N., A.P.N.P.
Marquette University
Clinical Instructor of Nursing
Sarah A. Wilson, Ph.D., R.N.
University of Wisconsin-Milwaukee
Associate Professor Emerita of Nursing

College of Professional Studies

Administrators
Robert J. Deahl, Ph.D.
Dean, College of Professional Studies
Assistant Professor of Theology

Johnette L. (Jay) Caulfield, Ph.D.
Associate Dean, Graduate Programs
Associate Professor of Leadership Studies and Public Service

Sandra H. Cleveland, M.Ed.
Associate Dean, Undergraduate Degree Programs
Adjunct Instructor of Leadership and Organizations

Faculty and Department Administrators
Howard Bellman, J.D.
University of Cincinnati
Distinguished Adjunct Faculty, Dispute Resolution

Ronald C. Benner, M.B.H.A.
Cardinal Stritch University
Adjunct Instructor of Leadership

Jodi L. Blahnik, Ph.D.
Marquette University
Adjunct Instructor of Psychology

Patrick G. Callan, M.B.A.
University of Michigan
Adjunct Instructor of Computer Science

Johnette L. (Jay) Caulfield, Ph.D.
Marquette University
Associate Professor of Leadership Studies and Public Service
Associate Dean and Director, Graduate Programs

Michael D. Class, S.J., Ed.D.
University of Pennsylvania
Adjunct Assistant Professor of Leadership and Organization
Theology

Robert J. Deahl, Ph.D.
Gregorian University-Rome
Dean, College of Professional Studies
Assistant Professor of Theology

Janis K. Doleschal, M.A.
University of Wisconsin-Milwaukee
Adjunct Instructor of Sports Leadership

Linda K. Draft, M.S.
Michigan State University
Adjunct Instructor of Sports Leadership

Joe W. Essuman, Ph.D.
University of Wisconsin-Madison
Adjunct Professor of Economics

Paul C. France, Ph.D.
Northcentral Arizona University
Adjunct Instructor of Criminal Justice Administration

Craig D. Kammholz, M.P.A.
American University
Adjunct Instructor of Public Service

Moira J. Kelly, M.D.R.
Marquette University
Adjunct Instructor of Dispute Resolution

Margaret J. Kendrigan, Ph.D.
University of Wisconsin-Milwaukee
Adjunct Instructor of Public Service

Paula Lucey, M.S.N.
Marquette University
Adjunct Instructor of Public Service

Raymond McGury, M.P.A.
Northern Illinois University College of Law
Adjunct Instructor of Criminal Justice Administration

Paul McInerny, Ph.D.
Marquette University
Adjunct Instructor of Sports Leadership

Jamie McNeilly, M.L.S.
Marquette University
Adjunct Instructor of Sports Leadership

Randal Myles, M.A.P.S.
Marquette University
Adjunct Instructor of Criminal Justice Administration

Robert A. Pavlik, Ph.D.
University of Northern Colorado
Adjunct Instructor of Public Service

David H. Perlman, J.D.
Indiana University
Adjunct Instructor of Criminal Justice Administration

Richard Reider, M.A.
University of Southern California
Adjunct Instructor of Sports Leadership

Leslee Ruscitti, J.D.
Northern Illinois University College of Law
Adjunct Associate Professor of Leadership

Jeannine Smith, M.L.S.
Marquette University
Adjunct Instructor of Leadership and Organizations

Jeff M. Snell, Ph.D.
Marquette University
Adjunct Instructor of Leadership

Eva Soeka, J.D.
Marquette University
Professor, Dispute Resolution
Director, Center for Dispute Resolution Education

Christine Harris Taylor, J.D.
University of Missouri-Columbia
Adjunct Associate Professor and Assistant Director of Dispute Resolution

Brian L. Truka, M.S.
Marquette University
Adjunct Instructor of Mathematics and Philosophy

Mark Waters, M.A.
Marquette University
Adjunct Instructor of Criminology and Law
Criminal Justice Administration

School of Dentistry

Administrators

Dean, School of Dentistry
Professor of Orthodontics, Developmental Sciences

Timothy J. Creamer, B.S., D.D.S.
Senior Associate Dean, Operations and Clinical Affairs
Clinical Associate Professor, General Dental Sciences

Denis P. Lynch, D.D.S., Certificate, Ph.D.
Associate Dean, Academic Affairs
Professor of Oral and Maxillofacial Pathology, Surgical Sciences

David L. Dray, B.A., M.S.
Associate Dean, Finance and Administration

Thomas G. Bradley, B.D.S., M.S.
Interim Associate Dean, Research Graduate Studies
Chair, Developmental Sciences
Director, Professor of Orthodontics, Developmental Sciences

Faculty and Department Administrators

Albert Abena, B.S., D.D.S., J.D.
B.S. and D.D.S., University of California-San Francisco
J.D., Marquette University
Clinical Associate Professor, Clinical Services
Director, Community Dental Clinic-North

Harshit Aggarwal, B.D.S., M.S.
B.D.S., Mithibai College of Science-India
M.S., New Jersey Dental School
Clinical Assistant Professor, General Dental Sciences

Francisco G. Alencar, D.D.S., M.S., Certificate, M.S.
D.D.S and M.S., University of Sao Paulo
Certificate and M.S., University of Minnesota
Assistant Professor of Prosthodontics, General Dental Sciences

Patrick Annis, A.A.S.
Milwaukee Area Technical College
Head Laboratory Supervisor, General Dental Services
David Berzins, B.S., Ph.D.
B.S., Case Western Reserve University
Ph.D., Tulane University
Associate Professor of Dental Biomaterials
Director, Advanced Education in Biomaterials, General Dental Sciences

Pradeep Bhagavatula, B.D.S., M.P.H., M.S.
B.D.S., Bapuji Dental College-India
M.P.H., University of Alabama
M.S., University of Iowa
Assistant Professor, Clinical Services

Jose A. Bosio, D.D.S., Certificate, M.S.
D.D.S., Pontifical Catholic University of Parana-Brazil
Certificate, Eastman Dental Center
M.S., Ohio State University
Assistant Professor of Orthodontics, Developmental Sciences
Interim Director, Advanced Education Program in Orthodontics

Thomas G. Bradley, B.D.S., M.S.
B.D.S., University of College Cork-Ireland
M.S., Ohio State University
Interim Associate Dean, Research Graduate Studies
Chair, Developmental Sciences
Director, Professor of Orthodontics, Developmental Sciences

James W. Brozek, B.B.A.
B.B.A., University of Wisconsin - Milwaukee
Photographer, Dental Informatics

LynnAnn (Lynn) Bryan, B.S.D.H., M.Ed.
B.S.D.H. and M.Ed., Marquette University
Clinical Associate Professor of Periodontics, Surgical Sciences

Clarice Burrell, A.A.S., B.S.
A.A.S., Milwaukee Area Technical College
B.S., Marquette University
Executive Administrative Assistant, Office of the Dean

Sharon A. Crane, Certificate
Certificate, Milwaukee Area Technical College
Coordinator, Clinic Operations
Community Dental Clinic-North

Timothy J. Creamer, B.S., D.D.S.
B.S., State University of New York at Albany
D.D.S., University of Texas Health Science Center at Houston
Clinical Associate Professor, General Dental Sciences
Senior Associate Dean, Operations and Clinical Affairs

Rodney D. Daering, R.T.R.
A.R.R.T., School of Radiologic Technology
A.R.R.T., University of Minnesota
Clinical Supervisor, General Dental Services

Susan K. Dalsasso, A.A.S., Certificate
A.A.S., Gateway Technical College
Certificate, Marquette University
Director, Faculty and Administrative Services

Andrew R. Dentino, B.S., D.D.S., Certificate, Ph.D.
B.S., Allegheny College
D.D.S., Case Western Reserve University
Ph.D. and Certificate, SUNY at Buffalo
Professor of Periodontics, Surgical Sciences
Director, Predoctoral Program in Periodontics, Surgical Sciences

B.A., Alverno College
D.D.S., Loyola University
Certificate, Indiana University
M.S.D., Indiana University
Clinical Assistant Professor, General Dental Sciences and Clinical Services
Comprehensive Patient Management Group Leader

Christopher R. Dix, D.D.S.
D.D.S., Marquette University
Clinical Assistant Professor, General Dental Sciences and Clinical Services
Comprehensive Patient Management Group Leader

Agnieszka Domagala, D.D.S., Certificate
D.D.S., Medical University of Silesia-Poland
Certificate, Marquette University
Clinical Assistant Professor, Clinical Services
Assistant Director, Advanced Care Clinic

Evelyn L. Donate-Bartfield, B.S., M.S., Ph.D., M.A.
B.S., Brooklyn College-City University of New York
M.S. and Ph.D., University of Wisconsin-Milwaukee
M.A., Medical College of Wisconsin
Associate Professor of Behavioral Sciences and Director
Predoctoral Program in Behavioral Sciences, Development Sciences

David L. Dray, B.A., M.S.
B.A. and M.S., University of Wisconsin-Milwaukee
Associate Dean, Finance and Administration

Amanda Falkowski, B.S.
B.S., University of Wisconsin-Oshkosh
Coordinator, Practice Placement

Linda K. Gleason, B.S., M.S.
B.S., Viterbo College
M.S., University of Wisconsin-LaCrosse
Director, Student Services

James Glore, B.A., D.D.S., Certificate
B.A., Florida State University
D.D.S., Medical College of Virginia
Certificate, Wayne State University School of Medicine
Clinical Associate Professor of Oral and Maxillofacial Surgery, Surgical Sciences

Cesar D. Gonzalez, B.S., D.D.S., M.S.
B.S., Institute Potosino-Mexico
D.D.S., School of Stomatology-Mexico
M.S., University of Minnesota
Associate Professor, Developmental Sciences
Director, Predoctoral Program in Pediatric Dentistry

Michael E. Grady, B.S., D.D.S.
B.S. University of Wisconsin-Parkside
D.D.S., Marquette University
Clinical Assistant Professor, General Dental Sciences and Clinical Services
Comprehensive Patient Management Group Leader

Richard Hagner, B.S., D.D.S.
B.S. and D.D.S., Marquette University
Clinical Associate Professor, Clinic Director
Chair, Clinical Services
Lance K. Hashimoto, B.A., D.D.S., Certificate, M.S.
B.A., University of the Pacific
D.D.S., Certificate and M.S., Marquette University

Clinical Associate Professor of Endodontics, Surgical Sciences

Jadwiga Hjertstedt, D.D.S., M.S., Certificates
D.D.S., Karolinska Institute School of Dentistry-Sweden
M.S., Marquette University
Certificate, Warsaw University-Poland
Certificate, Linkoping University-Sweden
A.E.G.D. Certificate, Eastman Dental Center
Certificate, Medical College of Wisconsin
Assistant Professor, Clinical Services

Weiting Ho, D.D.S., Certificate, M.S.
D.D.S., China Medical University
Certificate and M.S., The Ohio State University
Clinical Assistant Professor of Periodontics, Surgical Sciences

Brian D. Hodgson, B.S., D.D.S., Certificate
B.S. and D.D.S., Marquette University
Certificate, Children’s Hospital-Milwaukee
Associate Professor of Pediatric Dentistry, Developmental Sciences

Jeanne A. Hoppe, Certificate
Certificate, Milwaukee Area Technical College
Clinical Supervisor, Clinical Services

Masaaki Izumi, Certificates
Certificate, Shiga Dental Technician School-Japan
Certificate, Osaka Dental College Postgraduate Course-Japan
Laboratory Supervisor, General Dental Sciences

Moawia Kassab, D.D.S., M.S.
D.D.S., Damascus University
M.S., SUNY at Buffalo
Clinical Associate Professor of Periodontics, Surgical Sciences

Patrick J. Knapp Jr., B.S., D.D.S., M.D.R.
B.S., Carroll College
D.D.S., University of Minnesota
M.D.R., Marquette University
Clinical Assistant Professor, Clinical Services
Director, Community Dental Clinic-South

Lisa J. Koenig, B.Ch.D., D.D.S., M.S.
B.Ch.D., Leeds University-England
D.D.S, Marquette University
M.S., Indiana University
Professor of Oral Medicine and Maxillofacial Radiology, General Dental Sciences
Director, Predoctoral Program in Oral Medicine and Maxillofacial Radiology

Dawei (David) Liu, D.D.S., M.S., Ph.D., Certificates
D.D.S. and M.S., China Medical University
Ph.D., Beijing Medical University-China
Certificate and M.S. Certificate, Marquette University
Associate Professor of Orthodontics, Developmental Sciences
Director, Predoctoral Program in Orthodontics and Dentofacial Orthopedics

D.D.S., University of Alberta-Canada
Certificate, University of Alberta Hospital-Canada
M.S., University of Michigan
M.P.H., Medical College of Wisconsin
Dean, School of Dentistry
Professor of Orthodontics, Developmental Sciences

Paul G. Luepke, B.A., D.D.S., M.S.
B.A., Monmouth College
D.D.S., University of Illinois-Chicago
M.S., University of Texas Health Science Center-San Antonio
Clinical Assistant Professor of Periodontics
Chair, Surgical Sciences

Denis P. Lynch, D.D.S., Certificate, Ph.D.
D.D.S., University of California-San Francisco
Certificate, University of Alabama Hospitals and Clinics
Ph.D., University of Alabama-Birmingham
Professor of Oral and Maxillofacial Pathology, Surgical Sciences
Associate Dean, Academic Affairs

Ximena Meza, D.D.S., Certificate
D.D.S., Universidad Autonomo de Monizales-Columbia
Certificate, Marquette University
Clinical Assistant Professor, Clinical Services

Hugh G. Murdoch, D.D.S.
D.D.S., Marquette University
Associate Professor, General Dental Sciences and Clinical Services
Comprehensive Patient Management Group Leader

Conrad A. Nenn, B.S., D.D.S.
B.S., Iowa State University
D.D.S., Marquette University
Clinical Assistant Professor, General Dental Sciences and Clinical Services
Comprehensive Patient Management Group Leader

Christopher Okunseri, B.D.S., M.Sc., Certificates
B.D.S., University of Benin-Nigeria
M.Sc., Eastman Dental Institute for Oral Health-England
Certificate, Royal College of Surgeons-England
Certificate, Royal College of Surgeons-Ireland
Certificate, Montefiore Medical Center
MLS, Marquette University
Professor, Clinical Services
Director, Predoctoral Program in Dental Public Health

F. Kris Olsen, B.S., D.D.S., Certificate, M.S.
Adjunct Assistant Professor of Endodontics, Surgical Sciences

Thomas S. Pilak, A.A.
A.A., Milwaukee Area Technical School
Coordinator, Dental Informatics

Soni Prasad, B.D.S., M.A., Certificate, M.S.
B.D.S., Vidharbha Youth Welfare Society Dental College-India
M.A., Boston University School of Dental Medicine
Certificate and M.S., SUNY at Buffalo
Assistant Professor of Prosthodontics, General Dental Sciences

Laurin G. Rackham, D.M.D., Certificate
D.M.D., University of Oregon
Certificate, University of Southern California
Clinical Assistant Professor of Pediatric Dentistry, Developmental Sciences

Thomas W. Radmer, B.S., D.D.S., M.S.
B.S., University of Wisconsin-Madison
D.D.S. and M.S., Marquette University
Adjunct Assistant Professor of Oral and Maxillofacial Surgery, Surgical Sciences

William Rieger, D.D.S., Certificates
D.D.S., Marquette University
Certificate, Naval Hospital in Oakland
Certificate, University of Texas Health Center
Clinical Assistant Professor of Oral and Maxillofacial Surgery, Department of Surgical Sciences

Yvonne L. Roland, B.S., M.A.
B.S., Tuskegee University
M.A., Webster University
Director, Office of Diversity

Victoria E. Romans, R.T.R.
R.T.R., St. Catherines School of Radiology Technology
Clinical Supervisor, General Dental Sciences

Kim M. Roth, B.A., M.S.
B.A., Concordia College
M.S., Marquette University
Director, Central Services

Ezedin M. Sadeghi, D.D.S, M.S., Certificate
D.D.S., Tehran University-Iran
M.S. and Certificate, University of Minnesota
Associate Professor of Oral and Maxillofacial Pathology, Surgical Sciences

Katherine Schrubbe, B.S.D.H., M.Ed., Ph.D.
Adjunct Associate Professor, Clinical Services

Joyce Schweitzer
Staff Supervisor, Office of Finance and Administration

Amir Seifi, D.D.S., M.S.D., Ph.D.
D.D.S., Tehran University of Medical Sciences
M.S.D., University of Washington
Ph.D., University of Washington
Assistant Professor of Oral Medicine and Oral Mxillofacial Radiology, General Dental Sciences

Mary S. Semanko, B.S., M.S.
B.S. and M.S., Marquette University
Manager, Faculty Practice

Thomas J. Smithy, B.A., D.M.D., Certificates, M.S.D.
B.A., Columbia University
D.M.D., Tufts University
Certificate, Tufts New England Medical Center
Certificate and M.S.D., Indiana University
Clinical Associate Professor, General Dental Sciences and Clinical Services
Comprehensive Patient Management Group Leader

Gary Stafford, B.S., D.M.D.
B.S., Eastern Illinois University
D.M.D., Southern Illinois University School of Dental Medicine
Assistant Professor, General Dental Sciences
Chair, General Dental Sciences

Cassie Stewart, B.S.
B.S., University of Wisconsin-Superior
Assistant Director, Admissions

Sheila Stover, B.S., D.D.S., Certificates, M.S., M.P.H.
B.S., University of Wisconsin-Milwaukee
D.D.S., M.S., Certificate and A.E.G.D. Certificate, Marquette University
M.P.H., Medical College of Wisconsin
Clinical Associate Professor of Endodontics, Surgical Sciences
Director, Advanced Education Program in Endodontics
Director, Outreach Programs

Susan M. Suchecki, A.A.S.
A.A.S., Milwaukee Area Technical College
Laboratory Supervisor, General Dental Services

Frederick J. Sutkiewicz, B.A., M.S., Certificate, Ph.D.
B.A., University of Wisconsin-Milwaukee
M.S. and Certificate, University of Wisconsin-Whitewater
Ph.D., Marquette University
Director, Assessment and Institutional Outcomes

Geoffrey Thompson, B.A., D.D.S, M.S.
B.A., University of South Florida
D.D.S., Emory University School of Dentistry
M.S., University of Alabama at Birmingham School of Dentistry
Assistant Professor of Prosthodontics, General Dental Sciences
Director, Advanced Education Program in Prosthodontics

Carol E. Trecek, B.A., M.B.A.
B.A. and M.B.A., Marquette University
Director, Continuing Education and Alumni Relations

Brian T. Trecek, B.A.
B.A., Marquette University
Director, Admissions

Joseph M. Vitolo, B.S., D.M.D., M.S., Ph.D.
B.S., Pace University
D.M.D., University of Pennsylvania
M.S. and Ph.D., University of Rochester
Clinical Associate Professor, Clinical Services
Director, Advanced Education Program in General Dentistry

Thomas S. Wirtz, B.A., M.S.
B.A., Marquette University
M.S., University of Wisconsin-Milwaukee
Director, Dental Informatics

**Transfusion Medicine Program**

Susan T. Johnson, M.S.T.M., M.T. (ASCP), S.B.B.
Marquette University
Clinical Associate Professor of Transfusion Medicine
