German

Studying German at Marquette develops your ability to use German to immerse yourself in the dramatic story of German literature and history, culture and contemporary society. The multi-disciplinary German Studies concentration lets you combine intensive language training with courses from across the college that engage German history and politics, intellectual heritage and culture. Recent courses in the traditional concentration in German Language, Literature and Culture have explored the topic of witness and resistance in German literature, the works of Franz Kafka, and the revolutionary aspects of art and music in the Romantic era. As a second major, German offers a unique way of enlarging pre-professional or scientific studies, especially for those who plan careers in law, medicine, business, government and education.

In addition to offering the German major, the faculty also support students preparing for secondary teaching, as well as a popular minor in German which consists of eighteen credit hours beyond the intermediate language level.

Major in German

The major in German consists of ten or eleven courses with a minimum of 30-33 credit hours: six required courses (18 credit hours) and an additional four courses (12 credit hours) in Concentration 1 or Concentration 2 and five courses (15 credit hours) in Concentration 3, as listed below.

Note:

Curricular Requirements

Seminar Series  
3  
HOPR 2954H  Introduction to Honors in the Humanities  
HOPR 3954H  Developing a Humanities Honors Project and Writing a Research Proposal  
HOPR 4954H  Humanities Honors Project Seminar  
One upper-division German course thematically paired by the student with:  3  
One upper-division course in another department  3  
GRMN 4999H  Honors Senior Thesis  2  

Total Credit Hours  12

1  The seminar series prepares students to write a Humanities Disciplinary Honors project and helps to mentor them during the writing of the project. While enrolled in HOPR 3954H students also secure individual faculty mentors for their Humanities Disciplinary Honors project.  
2  The instructor is the student's faculty mentor for their Humanities Disciplinary Honors project.  

Notes:

• Two upper-level departmental courses, one in the student’s major and one that must be in another department are required. Each must be a 3-credit, graded course and must have the approval of the HiH director. These courses are normally taken during student’s junior year. The courses in the student’s major count toward total major credits and toward other major requirements where applicable. The course in another department does not count toward major requirements.  
• These two thematically paired courses are carefully chosen by the individual student to help them set a foundation for their independent research project. Ideally these offer background, help the student develop new questions and allow for new perspectives on these questions.  
• Students may take these upper-level thematically paired courses concurrently or in different terms; they should have finished at least one before beginning their independent projects.  

Academic Standards

Students must have a 3.200 cumulative overall grade point average for entry into the Humanities Disciplinary Honors Program. Students must achieve a 3.200 cumulative grade point average in the above 12 credit hours required in order to graduate with Humanities Disciplinary Honors. Students who complete both Core Honors and Humanities Disciplinary Honors earn a Comprehensive Honors degree. Students must have a 3.200 cumulative GPA to graduate with this degree. Students admitted to Humanities Disciplinary Honors become part of the University Honors Program and are eligible for Honors research fellowships and Honors study-abroad scholarships. If an Honors student drops below a 3.200 in any given term during the junior year or any subsequent year, the student receives a letter of warning from the director. If a student drops below a 3.200 cumulative GPA, they are placed on University Honors Program academic probation; if they do not achieve a 3.200 cumulative GPA by the end of the following term, they are removed from the program. Students must earn a grade of C or better in all courses required for Humanities Disciplinary Honors and the Comprehensive Honors degree.  

Additional Requirements:

• The student must submit a written application to the program after HOPR 2954H but before HOPR 3954H that includes a description of the project they would like to pursue, a brief list of potential faculty mentors and another brief list of possible course pairings with explanations of how each might further develop the research plan. This application is be read by both the director and the appropriate disciplinary committee member.  
• A research proposal is produced in HOPR 3954H, for the GRMN 4999H thesis project that contains a reflection on the paired courses and how they have shaped the project— including the research questions, methodology and literature review. The student also has a mentor in place for the GRMN 4999H by the end of HOPR 3954H.  
• The final GRMN 4999H thesis project is graded by the disciplinary faculty mentor, but is also assessed by the appropriate HiH board member (eg: a thesis in History would be graded by the thesis director and then assessed by the History HiH board member on a S/U basis).  
• Presentation is an important component of research and as such students are required to present their work either at the end of the HOPR 4954H term or the following term. Ideally, the student presents their work at the Marquette University Undergraduate Humanities Conference if it is held in the spring term following the HOPR 4954H.
Eligibility

Humanities Disciplinary Honors is designed to be completed during students’ junior and senior years. Sophomores interested in pursuing Humanities Disciplinary Honors should enroll in HOPR 2954H during their sophomore year. Sophomores are eligible to apply to the program near the end of the spring term as long as they meet the 3.200 minimum cumulative GPA requirement.

Application

Students are encouraged to apply following successful completion of HOPR 2954H, but applications are also accepted in the fall term of the junior year. Students apply for admission to the Honors in the Humanities director. Application materials may be obtained by contacting kristen.foster@marquette.edu.
